TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, January 5, 2021, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple
Absent: Lisa Braccio

I. Chairman Healey called the meeting to Open Session at 6:38 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

Chairman Healey apologized for the technical issue with the public link to enter the meeting. The Board waited to open the meeting until the issue was fixed.

II. Public Comment

Margarite Landry called the meeting of the Library Board of Trustees to order at 6:40 P.M. Chairman Healey stated the reading of the Governor's prologue covers the Trustees as well as the Board.

III. Scheduled Appointments

Volunteer interview: Katherine Harvey – Cultural Arts Council (term 1/5/23); Cable Committee (term 6/30/22); Historical Commission (term 6/30/22)

Ms. Harvey was not in attendance and no interview took place.

Library Trustees and Library Director – Update

Library Director, Ryan Donovan gave an overview of the Library services offered during the pandemic. He reviewed many additions to free online resources such as Creativebug, HelpNow, JobNow, SkillShare, Kanopy, Freegal Music, Ancestry Library Edition and LibGuides. He stated there is also a chat feature to assist those looking for help with any Library services. Chairman Healey asked about usage data collection for online resources. Mr. Donovan stated they receive annual statistics and they are working to break that information down by month. Ms. Malinowski

asked how much staff time is utilized to maintain the online resources versus the other functions. Mr. Donovan replied that he manages the online resources and the staff devotes their time to marketing and curbside pickup. Ms. Malinowski asked about the pay structure of the online resources and Mr. Donovan explained and added that all are within the Library budget and are budgeted for next year. Mr. Shea asked about the usage of curbside pickup. Mr. Donovan explained that print usage is down due to the pandemic but is higher than larger neighboring communities. Mr. Shea asked about the physical improvements to the Library. Mr. Donovan stated that the Library is getting a new roof, the front stairs are being rebuilt and the majority of work is over with the rest completed within two weeks. He reviewed delays due to weather and the pandemic.

Chairman Healey asked when he would fully open the Library. Mr. Donovan stated he would like to fully open with no restrictions and the timing is dependent on the vaccine distributions. He hoped for a July opening timeframe. Mr. Stivers asked for additional areas to expand online content. Mr. Donovan described the grant he has applied for from ALA to give residents free online access to Consumer Reports. Chairman Healey asked about a future two-five- and ten-year plan for the Library. Mr. Donovan replied that there is a strategic plan through 2024 on the website and describe the process for beginning the next plan in 2023. Ms. Maney, Mr. Ekberg and Ms. Regan gave accolades to Mr. Donovan and the Library staff for their work to make online resources and curbside pickup available during the pandemic and construction. Ms. Landry Made a motion to adjourn the Library Trustees meeting at 7:14 P.M. Ms. Maney seconded and the motion passed all in favor by roll call vote.

<u>Brian Ballantine, Finance Director – FY2022 Budget update</u>

Mr. Ballantine summarized the presentation depicting the current draft of the fiscal year 2022 budget. He said currently the elevated tax rate is at 9% and the discussion will focus on expenses and revenues will not be increasing enough to lower the rate. He asked the Board for suggestions regarding adjusting the budget for future presentations. He gave three goals for the meeting which included a goal rate the Board would like to see the tax rate come down to, an estimate of percentage to capital and any departments or areas the Board would like to reduce. He also urged the Board to meet with Advisory regarding the budget. Chairman Healey asked him to share his screen to show his draft scenario and Mr. Ballantine did. Chairman Healey asked for clarification on the numbers and Mr. Ballantine confirmed that the tax rate as it stands is 9.02% and a 1% reduction equating to approximately $400,000. Mr. Shea stated the tax rate needs to come down but he does not have a specific recommendation right now. He asked for the absolute end date where the budget needs to be submitted for the warrant and Mr. Purple replied the last meeting in February. Mr. Stivers agreed with Mr. Shea's comments and suggested investigating for possible grant funding on the capital planning side of the budget. Ms. Malinowski stated she would not want to reduce the budget without understanding what would be cut to reach a goal tax rate. She added that she does not want to remove any capital items. She asked if there is anything in the budget that could be bonded. Mr. Purple requested a goal tax rate to present options to the Board with details as to how they came to those numbers. Chairman Healey gave an overview of three options for recommendation. Ms. Malinowski asked for a list of any additions to the budget from last year minus the SAP 2.5%. Mr. Purple detailed two full time positions for the Board of Health and Town Clerk. Mr. Shea asked that the operation and capital budgets be kept separate when looking at percentages. Chairman Healey asked Mr. Purple and Mr. Ballantine to review higher funded departments and ask them to revise their budget at a 2%, 5% and 7% increase. Mr. Stivers stated he was in favor of this and asked the Board meet with Advisory soon.

IV. Reports

Chairman's Report

Chairman Healey confirmed that the Board read DPW Superintendent Galligan's email and asked to make the document part of the record for the meeting this evening. He summarized the update from Ms. Galligan and asked Mr. Purple to touch base with her to get an idea for a timeline for the January 19th meeting. Chairman Healey stated it was included in the email that CSX had reached out to the Police Department regarding people trespassing on their land. Mr. Purple stated he spoke with the Chief and he had no knowledge of this. Ms. Malinowski asked about next steps and Chairman Healey stated he will be reaching out to CSX to better understand the situation. The Board agreed.

CHA for CommCan, Inc.

Chairman Healey said he reviewed the Massachusetts General Law and contractual documents regarding the CHA with CommCan and found that the Town should be providing data of expenditures it has incurred resulting from the location of the marijuana dispensary in order to receive the 3% in gross revenues. Mr. Purple confirmed the Town has not been doing that. The Board discussed what avenues to take in order to locate the expenditures and agreed this should be done before pursuing any action regarding the contract and the provision of the $50,000 biannual payments.

BOS Office Hours

Chairman Healey asked the Board if they were interested in conducting Selectmen Office Hours over Zoom. Mr. Stivers stated he would like to and Ms. Malinowski volunteered. Mr. Shea asked if there were any open meeting law risks to holding office hours. Mr. Purple explained that there would be no deliberation or a quorum and therefore no risk of violating open meting law. The Board discussed the logistics and it was agreed it would not be recorded.

Chairman Healey gave an update on the hearing in Worcester Superior Court regarding a complaint relating to the December 18th meeting. He commended Mr. Davis for an excellent job representing the Board.

Members' Reports

Grant Funds Opportunities

Mr. Stivers described a missed grant opportunity and asked that the Board to highlight three-to-four areas where funding could be found for a part-time grant writing position. Chairman Healey stated that he agrees to identify funds for a 19.5-hour position. Mr. Purple stated that there is no money for the position but he could review the budget to attempt to find funding. He explained how other departments have identified and were awarded grants but added that there should be a bigger discussion to determine the value of spending potentially $25,000-$30,000 on this position. Ms. Malinowski stated she did not agree and said the need should be driven by the department heads and not the Board. She added that residents have volunteered to write grant applications that have not been utilized. Mr. Stivers agreed but felt the grant writer position would be a safety net as department heads have plenty of work already. Mr. Shea stated that if the funds could be found in the budget he would support a grant writer but added that the fiscal year 2022 budget requires limiting the addition of expenses. Mr. Purple stated that he will compile a list of grants the Town has been awarded over multiple years.

Ms. Malinowski stated that she was honored to speak about two resident veterans. She stated Arthur Holmes passed away on December 28th at 92 years old. She stated he was a World War II Army Veteran and served many decades in the Board of Assessor's Office for the Town of Southborough. She extended condolences to his family.

Ms. Malinowski stated that Arthur Butler, a World War II Army Veteran and a US Army Tech Four Sergeant will be celebrating his 100th birthday. She stated he participated in the invasion in Okinawa and received the Bronze Star and Purple Heart. She stated there will be a drive-through parade on Friday to wish him a happy birthday and recognize his service.

Town Administrator Report

Mr. Purple explained the clarifying opinion from Town Counsel and stated Mr. Pisinski resigned from his current position as Public Health Director and he will now work six hours a week at the discretion of the Board of Health. He added that an interim Public Health Director has been hired at 19.5 hours a week starting on January 19th subject to funding. He added this will be on the Advisory agenda for tomorrow. He explained that the Public Health Nurse is resigning in February and the Board of Health is discussing whether to replace that position at a full or part-time level. Mr. Purple explained that some of those hours may be eligible for CARES ACT reimbursement but Advisory is setting up the reserve fund if they are not covered. Ms. Malinowski asked if there were any current requests for reserve fund transfers. Mr. Purple explained the request from the Fire Department for radio systems.

Mr. Purple stated that a vaccination distribution plan is being applied to the State by the end of the week. Ms. Hale explained a meeting she had with the Manager-Director of AFC in Marlborough, Ms. Chamberlain, Chief Achilles and the Board of Health staff regarding logistics for providing a vaccination clinic in Southborough. She stated they are still waiting for final confirmation of when they can proceed.

Public Records Requests, RE: Recreation

Mr. Purple explained there were several public records requests regarding an incident with the Recreation Department and the Board decided to protect the confidentiality of a personnel matter when it had occurred. He stated that the remaining documents requested had been released. Chairman Healey stated he was not on the Board when the incident occurred but, in this instance, the process worked as it should. He explained what had transpired and stated the District Attorney made the decision that the Town could not seek criminal litigation because the Town was reimbursed. He reiterated this was not the decision of the Town and the Town had acted properly.

V. Consent Agenda

a. Chairman Healey made a motion to approve Open Session Minutes: December 15, 2020. Mr. Shea seconded. The motion passed all in favor (4-0-0) by roll call, Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Chairman Healey made a motion to accept a donation of $250.00 for the Fire Dept. Ambulance Fund. Mr. Shea seconded. The motion passed all in favor (4-0-0) by roll call, Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Chairman Healey made a motion to accept the Massachusetts Office on Disability grant in the amount of $32,100 for ADA Self-evaluation and Transition Plan. Mr. Shea seconded. The motion passed all in favor (4-0-0) by roll call, Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Other Matters Properly Before the Board

Approve draft zoning bylaw for Downtown Initiative

Chairman Healey explained that there are two documents included in the packet that have not been merged or presented to the Board or public. He suggested approving the draft as redlined and review the second document which includes Mr. Costa's comments. Chairman Healey made a motion for the Board to approve the redlined version provided by Ms. Braccio and with that approved redlined version with Mr. Costa's comments included for a presentation of a single document for the January 19th meeting for vetting. Mr. Shea seconded. Ms. Malinowski added that she would like floor area ratio included at .35 by right and .5 by special permit as agreed upon. Chairman Healey amended his motion for the redlined document to include a specific reference to floor area ratio as mentioned. The motion passed all in favor (4-0-0) by roll call, Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Discussion of policies and practices for boards & committees

i. Code of Conduct

Chairman Healey explained the current Code of Conduct adopted in 2016 and asked if there was an appetite for incorporating additional requirements. Ms. Malinowski stated that she compared Southborough's code to others and it is standard. She felt that decorum for virtual and remote meetings should be included. Mr. Shea suggested adding language to the first paragraph that states the code applies to meetings in-person and virtual. Mr. Stivers agreed. He added that it should include that the policy applies to volunteers as well. Chairman Healey volunteered to review the document and reinforced that the policy is not aspirational but what all should be adhering to. He added that other boards and committees not appointed by the Board could adopt their own as they are not appointed by the Board. Ms. Malinowski stated that she felt everyone should want to adhere to the same conduct as they are all working towards the same goal. Ms. Hale stated it would be advantageous to review the Remote Participation Policy as well. She said would send the policies to the Board. Ms. Malinowski stated there is confusion among boards and committees as to how to conduct their meetings and Ms. Hale stated she will research through the MMA website for a list of proper procedures for guidance.

ii. AG opinion – Sandisfield OML violations

Chairman Healey explained that the Attorney General's opinion states that boards and committees should no longer list chair or committee updates and leave out any topic known to be discussed prior to an agenda posting. He stated the Board has adjusted quickly and added that Mr. Hegarty has sent the update to all boards and committees. Mr. Stivers stated he has seen numerous agendas consistently listing updates without individual topics. Chairman Healey asked Mr. Purple or Ms. Hale to coordinate with Mr. Hegarty to follow up with a reference guide outlining this opinion. Mr. Purple agreed and stated that the Town Clerk has been very helpful reminding boards and committees of new policies applied to the Zoom environment.

iii. Identify and establish list of contracted services

Chairman Healey stated a goal of the Board is to create a list of contracted services and audit which the Board may want to consider going out to bid for. He added that his interest is in legal services for discussion. Mr. Purple stated the Town Accountant has prepared a list of contracted services for review that will be ready for the meeting on January 19th.

Discussion of Policy & Procedures for Building and Demolition permits

Chairman Healey stated this discussion is regarding whether the process is thorough enough to vet a potential demolition delay project. He added that he does not believe the demolition delay

bylaw is serving the Town well and feels that it should be amended or updated in order to avoid issues such as what occurred at 45 Highland Street and 18 Middle Road. Mr. Purple described the procedures put in place to avoid issues which include adding the Historical Commission to demolition permit applications for review, the Historical Commission drafting rules and regulations within the bylaw, notification to those applying for demolition permits of the bylaw and a link to the bylaw has been added to the Building Department website. Ms. Malinowski asked if the Historical Commission had to sign off on every building permit and Mr. Purple clarified that they would only do so on those assigned to them by the Building Commissioner. Ms. Malinowski asked if the Historical Commission would be prepared to meet when needed and Mr. Purple stated they would. Mr. Shea asked if any sign off from the Commission would require a meeting and Mr. Purple stated he believed so. Mr. Stivers described his concern for the process and urged all parties reviewing the permit and accompanying documents to look at all aspects of the application. He added that the bylaw is poorly drafted and is a liability waiting to happen for the Town. Chairman Healey asked Mr. Purple to share any drafts made by the Commission with the Board and he agreed to do so.

Capital Planning Policy discussion

Mr. Malinowski outlined how the policy was drafted and explained that the goal is to create consistency regarding funding sources and processes to follow in order to present articles at Town Meeting. He added that most of the document was created from similar communities who had received a grant to create a capital planning policy. He asked the Board for any feedback in order for the Board's support of the policy. Chairman Healey stated he had watched the Capital Planning Committee discussions regarding this policy and he is comfortable with the work that has been done. Ms. Malinowski asked if there where a mechanism for notification if a department is applying for a grant that may need a funding match. Mr. Malinowski described the Fire Department grant through the AFG as an example. Chairman Healey made a motion to approve the Capital Planning Policy as proposed by the Capital Planning Committee and to be endorsed and adopted by the Board. Mr. Shea seconded. The motion passed all in favor (4-0-0) by roll call vote, Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VII. Public Comment

Paul Cimino stated that Chairman Healey's microphone was poor and he had issues hearing him throughout the meeting. Mr. Cimino suggested that funding a grant writer could be contingent on the success of the grant application and payment could be taken from the funds awarded. He commented that Selectmen Office Hours should not be recorded. Mr. Cimino stated that Chairman Healey spoke eloquently to the public records request through the Recreation Department but felt that the releasing of the document redacted as it was, was probably ill-advised. He then asked about the status of March Town Meeting. Chairman Healey explained that the Board is going to move forward with the assumption that the March 20th Town Meeting will happen until guidance indicating otherwise is released. Chairman Healey asked Mr. Cimino to look into provisions from the State for postponing Town Meeting due to the pandemic and he said he would do the same.

VIII. At 9:29 PM. Chairman Healey made a motion for the Board to enter into Executive Session per M.G.L. Chapter 30A, Section 21, and not return to Open Session, to comply with, or act under the authority of, any general or special law (Exemption 7) to review and approve the Executive Session minutes of November 17, 2020. Mr. Shea seconded. The motion passed all in favor (4-0-0) by roll call vote, Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Upcoming Meetings

[redacted]

RE: Open Meeting Law Complaint

Dear Attorney Riley:

This office received three complaints from Alex Bowman on April 22 and June 1, 2020, alleging that the Sandisfield Board of Selectmen (the "Board") violated the Open Meeting Law, G.L. c. 30A, §§ 18-25. The complaints were originally filed with the Board on February 17, April 14, and April 21, and the Board responded by letters dated March 5, April 27 and May 26.[1] In his complaints, Mr. Bowman alleges that the Board 1) posted insufficiently detailed meeting notices, 2) failed to timely respond to a request for open and executive session minutes, and 3) created insufficiently detailed meeting minutes.[2]

Following our review, we find that the Board violated the Open Meeting Law as alleged. In reaching this determination, we reviewed the original complaints, the Board's response to the complaints, and the complainant's requests for further review. We also reviewed the Board's January 27 open and executive session minutes.

DISCUSSION

1. The notices for the Board's January 27 and April 21 meetings contained insufficient detail.

[1] Unless otherwise specified, all dates refer to 2020.
[2] In addition, we decline to review any additional allegations contained in the request for further review that were not included in the original complaints filed with the public body. Our office does not conduct broad audits of public bodies and will address only specific allegations made in an Open Meeting Law complaint. See OML 2020-2; OML Declination 4-22-15 (Natick Economic Development Committee).

A public body must post notice of every meeting at least 48 hours in advance, not including Saturdays, Sundays, and legal holidays. G.L. c. 30A, § 20(b). Notices must include the date, time and place of the meeting, as well as a "a listing of topics that the chair reasonably anticipates will be discussed at the meeting." Id. The list of topics shall have sufficient specificity to reasonably advise the public of the issues to be discussed at the meeting. 940 CMR 29.03(l)(b). We generally consider a topic to be sufficiently specific when a reasonable member of the public could read the topic and understand the anticipated nature of the public body's discussion. See OML 2015-35.[3] A public body may discuss a topic not listed on a meeting notice if the topic was not anticipated by the chair 48 hours in advance of the meeting. See OML 2017-2; OML 2013-87.

The complaint alleges that several of the Board's meeting notices were insufficiently detailed. We address each in turn. First, as the Board concedes, the topic "contract negotiations" as included on the notice for executive session at the Board's January 27 meeting was insufficiently detailed because the Board could have specified that the negotiations pertained to the "Town Manager" without compromising the purpose for the executive session. See OML 2019-118 ("When convening in executive session pursuant to Purpose 2 or Purpose 3, a public body must identify the collective bargaining unit or nonunion personnel with whom it will be negotiating, if doing so will not compromise the lawful purpose for secrecy."). Second, as the Board concedes, an item "Selectmen's updates and Town Manager updates" for the January 27 meeting was insufficiently detailed where the Chair failed to list specific anticipated updates from the Selectmen. See OML 2020-44 (Public body chair must list all topics the chair anticipates will be discussed and, as a best practice, should solicit from non-members detail regarding the precise matters to be discussed.). Third, we find no violation with respect to the item "FY2021 Budget" on the March 18 meeting notice, as the meeting was cancelled. See OML 2020-53 ("When a public body does not actually deliberate on a noticed topic, the public body cannot violate the Open Meeting Law with respect to that topic, even if it would have been insufficiently detailed had the public body proceeded with its deliberation."). Fourth, the Board was not required to list every department that could be affected by "Budget reductions" on the notice for the March 25 meeting as the Chair anticipated discussing almost all departments and was not required to anticipate the course of the discussion. See OML 2019-26 ("We find that this topic, although not specifically listed on the meeting notice, fit within the Board's larger budget discussion, listed on the notice as 'Budget Review.'"); OML 2014-44 (Public body not required to anticipate course of deliberation); OML 2012-83 ("Where a public body is reviewing all articles for a Town Meeting warrant, it is not required to list all of the warrant articles on its meeting notice."). Finally, the Board provided insufficient detail about known Chapter 90 projects on its meeting notice for April 21. See OML 2019-121. ("Where a public body anticipates discussing specific Town Meeting warrant articles, it must specifically list them in its meeting notice."). Therefore, we find that the Board's notices for its January 27 and April 21 meetings violated the Open Meeting Law by providing insufficient detail.

2. The Board failed to timely respond to a request for open and executive session minutes.

The Open Meeting Law requires that a public body "create and maintain accurate minutes of all meetings, including executive sessions, setting forth the date, time and place, the

[3] All previous determinations issued by the Division can be found on the Attorney General's website: https://www.mass.gov/the-open-meeting-law.

members present or absent, a summary of the discussions on each subject, a list of documents and other exhibits used at the meeting, the decisions made and the actions taken at each meeting, including the record of all votes." G.L. c. 30A, § 22(a). The "minutes of an open session, if they exist and whether approved or in draft form, shall be made available upon request by any person within 10 days." Id. Upon request by any person to inspect or copy the minutes of an executive session or any portion thereof, the body must respond to the request within 10 days following receipt and release any such minutes where publication would not defeat the lawful purposes of the executive session.[4] See G.L. c. 30A, § 22(g)(2). If the body has not performed a review, it must do so and then release any non-exempt minutes, or portions thereof, not later than the body's next meeting or in 30 days, whichever first occurs. See Id.; OML 2013-180.

Here, in response to Mr. Bowman's January 28 request for open and executive meeting minutes from the Board's January 27 meeting, the Board prepared a draft of the meeting minutes and sent them to Mr. Bowman within 10 business days. Under the Open Meeting Law, a public body has 10 calendar days from the date a request for meeting minutes is received to provide a response, unlike requests made under the Public Records Law for which a records custodian has 10 business days to respond. See OML 2019-125. The Board concedes that this response was late, due to a misunderstanding of the applicable timeframe for responding. We therefore find a violation as the Board's response was late.

However, we find that the Board permissibly withheld from release the January 27 executive session minutes. The Board asserts, and we have confirmed during an *in camera* review, that this executive session relates to ongoing negations with the Town Manager, and therefore the purpose is still ongoing. Therefore, the Board was not required to release these executive session minutes in response to Mr. Bowman's request and we find no violation of the Open Meeting Law in this respect.

3. The Board created and approved insufficiently detailed open session and work session meeting minutes for a January 27 meeting.[5]

The Open Meeting Law requires a public body to "create and maintain accurate minutes of all meetings, including executive sessions, setting forth the date, time and place, the members present or absent, a summary of the discussions on each subject, a list of documents and other exhibits used at the meeting, the decisions made and the actions taken at each meeting, including the record of all votes." G.L. c. 30A, § 22(a). When reviewing minutes for compliance with the Open Meeting Law, we look for substantial compliance with the accuracy requirement. See OML 2017-104; OML 2013-64. By substantial compliance, we mean that the minutes should contain enough detail and accuracy so that a member of the public who did not attend the meeting could read the minutes and have a clear understanding of what occurred. See OML 2019-145; OML 2012-106. Although a transcript of the discussions is not required, and the

[4] Executive session minutes may be withheld from disclosure to the public "as long as publication may defeat the lawful purposes of the executive session, but no longer." G.L. c. 30A, § 22(f). When the purpose for a valid executive session has been served, the minutes and any documents or exhibits used at the session must be disclosed unless the attorney-client privilege or an exemption to the Public Records Law applies to withhold them, in whole or in part, from disclosure. See id. Public bodies have an obligation to review the minutes of executive sessions at reasonable intervals to determine if continued non-disclosure of minutes is warranted, and to announce that determination at the next meeting following its review. G.L. c. 30A, § 22(g)(l); see OML 2015-94; OML 2013-56.

[5] The Board's "work sessions," which generally include longer discussions on single topics, are open to the public.

minutes need not include every remark or opinion presented, minutes must include a substantive summary of the discussion on each topic. See OML 2020-18; OML 2012-29; OML 2011-55. Minutes of executive sessions must include the same level of detail as is required for open sessions. See OML 2018-26; OML 2014-43.

Here, as the Board concedes, both the Board's open and work session minutes for its January 27 meeting do not provide sufficient detail regarding each topic discussed. In many places, the minutes note that a discussion was held, or a topic was addressed, without specifying what was said on each topic, leaving the reader without a clear understanding of what occurred. The Open Meeting Law requires that meeting minutes include more than a statement that a public body held a discussion about a specified topic; the Law requires that the minutes summarize the substance of the public body's discussion. See OML 2019-167; OML 2018-8. We therefore find that the Board violated the Open Meeting Law by failing to draft and approve accurate minutes for the January 27 open session and work session.

CONCLUSION

For the reasons stated above, we find that the Board violated the Open Meeting Law by 1) posting January 27 and April 21 meeting notices which contained insufficient detail; 2) failing to timely respond to a request for open and executive session minutes; and 3) creating and approving insufficiently detailed open session and work session meeting minutes for a January 27 meeting.

We order the Board's immediate and future compliance with the Open Meeting Law and caution the Board that a determination by our office of a similar violation in the future may be considered evidence of intent to violate the Open Meeting Law. In addition, we order the Board to create and approve sufficiently detailed meeting minutes for its January 27 open session and work session with **60 days** of the receipt of this order.

We now consider the complaints addressed by this determination to be resolved. This determination does not address any other complaints that may be pending with our office or the Board. Please feel free to contact the Division at (617) 963 - 2540 if you have any questions.

Sincerely,

Sarah Monahan
Assistant Attorney General
Division of Open Government

cc: Alexander Bowman (via e-mail: [redacted])
Sandisfield Board of Selectmen c/o Town Manager (via e-mail: [redacted])

This determination was issued pursuant to G.L. c. 30A, § 23(c). A public body or any member of a body aggrieved by a final order of the Attorney General may obtain judicial review through an action filed in Superior Court pursuant to G.L. c. 30A, § 23(d). The complaint must be filed in Superior Court within twenty-one days of receipt of a final order.

Good Government Starts with You

Date Submitted:	November 21, 2020
Name:	Katherine Harvey
Home Address:	9 Reservoir Dr Southborough MA 01772
Mailing Address:	9 Reservoir Dr Southborough
Phone Number(s):	[redacted]
Email Address:	[redacted]
Current Occupation/Employer:	Unit Leader at Metrowest YMCA
Narrative:	I have always had a love for making a difference. I went to school for Theatre and arts and believe that having a new young voice on the council could help to explore new ways to work the arts into the town of Southboro. I also am very interested in history and want to help preserve what we know about the town.

Capital Planning Policy

DRAFT

Purpose/Objective

To develop and maintain a 10-year capital plan for the Town of Southborough to be overseen by the Capital Planning Committee ("Committee").

Definition:

A capital item is a tangible asset or project estimated to cost over $10,000 ("capital threshold") and estimated to have, or to extend, three or more years of useful life.

Bulk purchases of similar items, like software or furniture, with expected useful lifespans of three or more years that, when aggregated, have total costs exceeding the capital threshold.

These include:

1. Real property acquisitions and construction equipment.
2. Planning feasibility studies, and designs for potential capital projects such as new buildings or major additions to existing buildings which would include equipment needs to furnish such building or addition.
3. Major renovations of existing capital items that extend their useful lifespans by at least 5 years, as distinguished from normal operating expenditures.
4. Major improvements to physical infrastructure, including streets, sidewalks, stormwater drains, and water distribution systems.
5. Land acquisition and/or improvement..
6. Equipment acquisition, replacement or refurbishment, including but not limited to vehicles, furnishings, and IT systems' hardware and software or other items that combined in purpose together make it a capital project.
7. Items obtained under long-term leases three years or greater.

Funding Source Guidelines:

Any item meeting the definition of capital item should be considered for the following process regardless of the proposed funding source.

The Committee should advise financing method recommendations in accordance with the following policies:

1. The Town should maintain its physical assets by providing consistent funding in the operating budget to protect its capital investments, minimize future maintenance, and thus mitigate the need for large capital replacement funding requests.
2. Special revenue sources (e.g. grants, revolving funds) should be evaluated first as funding options whenever possible.
3. Community Preservation Funds should be pursued if a capital project is eligible.
4. The annual operating costs of each proposed capital project, as well its debt service costs, should be identified before any long-term, bonded capital project is recommended.
5. If material one time Town revenues are recognized the Committee should consider recommending these be reserved or purposed for capital funding.
6. Major capital projects, such as new construction or major renovations to existing facilities exceeding $5,000,000, should be approved through capital or debt exclusions. This requires a 2/3 Town Meeting vote and a majority ballot exclusion vote. Exempted debt service is outside the normal tax levy once approved.
7. Infrastructure or facility maintenance budgets built into the general operating budget will not be used to fund other departmental budgets.

Process:

1. At the beginning of each Fiscal Year, Department Heads will be asked to re-assess their current capital plan items and make recommendations related to additions, subtractions, and cost adjustments based on current department needs related to capital items anticipated over the next ten years. This should also include a review of the recommended timing to bring the item forward to Town Meeting.
2. All adjustments or new capital items should be submitted in writing via the form adopted by the Committee in the ClearGov software.
3. The Committee will then vote on the addition, subtraction, cost, or timing adjustment in a public meeting.
4. Department Heads are expected to raise capital items as they arise and not wait for the formal fiscal year review.
5. Each year in the Fall, the Committee shall meet to prioritize and vote on capital items to be brought forward for consideration at the Annual Town Meeting.
6. These recommendations shall then be presented to the Board of Selectmen and Advisory Committee in public meetings.
7. For any Special Town Meeting, the Committee shall assess the current inventory of capital items to determine whether it is appropriate to recommend consideration of funding for specific capital item(s). Committee may, if applicable, suggest method of funding.
8. Upon request of the Board of Selectmen, the Committee shall make a presentation to Town Meeting regarding any capital items that are on the warrant for that Town Meeting.
9. Throughout the fiscal year, the Committee shall meet regularly to look at future capital items to ensure that the proper due diligence has been performed on upcoming items and to assess whether items should be accelerated or deferred. Any recommendation that deviates from that of the Department Head, shall specifically be communicated in a Board of Selectmen or Advisory Committee presentation.

Prioritization of Capital Items:

The following conditions will be considered when prioritizing items in the capital plan:

- Imminent threat to the health and safety of citizens/property
- Preservation of operations
- Legal requirement of Federal or State agencies

DRAFT

- Improvement to infrastructure
- Improvement in the efficiency and effectiveness of service delivery
- Alleviation of an overtaxing or burdened situation (i.e. insufficient instructional space in a school building)
- Supports community plan (i.e. Master Plan, Open Space and Recreation Plan)
- Results in lower energy consumption
- Results in lower operations and maintenance costs
- Continues the phased funding for a project included in a prior year's budget
- Scheduled replacement (i.e. motor vehicles, roofs, computers)

The full extent of project costs should be determined when developing the multi-year capital plan. Cost issues to consider include the following:

- The scope and timing of a planned project
- Identification of the most appropriate approaches, including outside assistance, when estimating project costs and potential revenues
- Adjustment of cost projections based on anticipated inflation
- Quantifying ongoing operating costs associated with each project, and identification of the sources of funding for those costs
- A clear estimate of all major components required to implement a project, including land acquisition needs, design, construction, contingency and post-construction costs
- Recognition of the non-financial impacts of the project (e.g., environmental) on the community

The Committee will be responsible for prioritizing capital requests. Prioritizing capital project requests is a critical step in the capital plan preparation process. When evaluating project submittals, the Committee should:

- Reflect the relationship of project submittals to financial and governing policies, plans, and studies
- Allow submitting agencies to provide an initial prioritization
- Incorporate input and participation from major stakeholders and the general public
- Adhere to legal requirements and/or mandates
- Anticipate the operating budget impacts resulting from capital projects
- Apply analytical techniques, as appropriate, for evaluating potential projects (e.g., net present value, payback period, cost-benefit analysis, life cycle costing, cash flow modeling)
- Re-evaluate capital projects approved in previous multi-year capital plans
- Use a rating system to facilitate decision-making

<u>Inventory</u>:

The Committee shall have access to a detailed list of capital assets that the town owns to help to anticipate and evaluate capital needs. The Committee should work collaboratively with the Town Accountant and Department Head responsible for the capital item to ensure the appropriate data is maintained on the asset.

<u>Capital Project Closeout</u>:

DRAFT

The Committee shall regularly review the account balance of any capital item approved at a prior Town Meeting. At the end of each fiscal year, a detailed review should occur on each remaining balance and a recommendation of what to do with the remaining balance should be made in conjunction with the Town Administrator, Finance Director, Town Accountant, and Department Head. It is the general expectation that funds will not carry into future fiscal years unless the nature of the capital item is such that expenditures happen across multiple fiscal years (e.g. building construction). Any balance that will carry over should have written documentation on the reason for such carry over and a vote of the Committee.

Adopted by Board of Selectmen on XX, XX, 2021

DRAFT

DOWNTOWN BUSINESS VILLAGE DISTRICT V.4 (FINAL)

December 4, 2020

Part I. Amend **§ 174-2** Definitions by adding the following new term and definition in appropriate alphabetical order.

BED AND BREAKFAST

Bed and breakfast is an establishment on owner-occupied property offering transient lodging accommodations to the general public, with not more than four guests rooms and food service limited to breakfast for guests.

CO-WORK CENTER

A building or portion thereof used for flexible work spaces offering short-term, monthly, or longer lease periods for self-employed people or people working for different employers, and typically providing shared furnishings, equipment, and business support services.

FAÇADE

The exterior side of a building.

MICROBREWERY

A microbrewery is a licensed establishment that produces and distributes beer, ale, or other malt beverages, and which may include accessory uses such as tours of the microbrewery, retail sales, and a taproom for on-site consumption. In addition to selling beer at retail on the premises, a microbrewery may act as wholesaler for beer of its own production for off-site consumption if it has a valid pub brewery license from the Commonwealth of Massachusetts.

MIXED-USE DEVELOPMENT

A development that includes both residential uses and nonresidential uses within a single structure. The ground floor facing the street shall be used only for permitted nonresidential uses, and the total gross floor area occupied by nonresidential uses shall be at least 10 percent of the gross floor area of the structure.

Part 2. Amend **§ 174-3 Districts enumerated** by adding the following new district:

K. Downtown Business Village District, referred to as DBV District.

Part 3. Amend **§ 174-8(C)(2)** as follows (amendment shown in italics)

Not more than one principal permitted use shall be located on any lot, provided that a multiple occupancy building used for the same category of use, such as retail sales and services, light manufacturing or offices in a business district or Industrial Park District, *or a mixed-use development in the Downtown Business Village District*, shall be deemed to be in a single principal permitted use. . . .

Part 4. Amend **Article III, Use Regulations**, by adding the following new section:

§ 174-8.4.1 Downtown Business Village District

A. Permitted uses are as follows:

(1) All uses permitted in the residential districts (RA and RB)

B. Permitted uses are as follows:

(1) Mixed-use development

(2) Professional or business office, or bank, but not including a medical or dental office

(3) Custom manufacturing of custom goods sold primarily on the premises, such as a woodworking shop, shop for artisan or craftsperson, or bakery

(4) Bed and breakfast

(5) Art gallery

(6) Child care center

(7) Co-work center

C. Permitted uses, up to a maximum of 3,000 square feet per establishment:

(1) Retail sales

(2) Ice cream shop, sandwich shop, candy shop, other specialty food service establishment serving walk-in customers (drive-through service is prohibited)

(3) Restaurant, with indoor seating and outdoor seating on an adjacent patio (drive-through service is prohibited)

(4) Personal services such as barber shop, beauty salon, tailor, or shoe repair

D. Permitted uses by special permit from the Planning Board are as follows:

(1) Any use listed in Subsection C exceeding 3,000 sq. ft. per establishment

(2) Microbrewery

(3) Veterinarian, animal hospital, dog kennel. [LD1]

(4) Medical or dental office[LD2]

(5) Multifamily housing, up to eight units[LD3].

(6) Private garage or parking for more than three cars or more than one truck or other commercial vehicle.

(7) Indoor recreation, athletic or exercise facility.

Multifamily at 8 units is OK and may lead to some downtown housing. Allowing up to 12 units by special permit would probably be more effective. We suggest discussing this further with a few local developers and property owners.

E. Uses by special permit from the Zoning Board of Appeals are as follows:

(1) Accessory apartment.

(2) Conversion of a one-family house in existence for two years or longer to a two-family dwelling, on a lot with a minimum of 15,000 square feet.

(3) A mobile home or travel trailer used as a dwelling or business quarters for more than 30 days in a year.

F. Prohibited uses. All uses which are not listed above, legally nonconforming or otherwise allowable by the provisions of the zoning regulations are prohibited.

G. Development standards (Note: Also refer to § **174-10.1**, Business Village District plan review) are as follows:

(1) Minimum lot area: 5,000 square feet.

(2) Minimum frontage: 60 feet.

(3) Minimum setbacks:

(a) Front: 10 feet.

(b) Rear: 35 feet.

(c) Side: 10 feet; 25 feet if adjacent to a residential district.

(d) Other street: 10 feet

(4) Maximum front setback: 20 feet unless waived by the Planning Board.

(5) Minimum landscaped open space: 20 percent. At least 50 percent of the landscaped open space shall be contiguous and located between the front building line and front lot line unless the Planning Board approves a different placement of the open space as part of Site Plan Review.

(6) Maximum floor area ratio: 0.45 as of right, or a maximum of 0.70 by special permit from the Planning Board. [LD4]

(7) Minimum Façade Buildout (% Lot Width) unless waived by the Planning Board.

(a) With less than 50 feet of frontage: N/A

(b) 50-80 feet of frontage: 60%

(c) Over 81-100 feet of frontage: 70%

(d) 100 feet or more of frontage: 75%

(8) Height regulations:

(a) Maximum building height: 40 feet and three stories, except by special permit from the Planning Board under Section H below

(b) Minimum ground floor height: 12 feet

(c) Maximum ground floor height: 18 feet

Instead of minimum and maximum front setbacks, you could establish a build-to line of 10 feet from the public ROW or front property line. If you want to take this approach, consider discussing it with police & fire first. There needs to be site planning flexibility to accommodate both the concept of a maximum front setback and the open space & landscaping people say they want.

The FAR seemed to generate great interest. We looked at this more after the 11/24 meeting and sketched a few hypothetical projects on some existing lots. It seems to us that you could take it up to 0.45 or even 0.50 as of right if you want, and give the Planning Board discretion to approve a higher FAR case by case. It's a policy issue for the Town to decide.

(9) Residential dwellings. Single-family or two-family dwellings in the Downtown Business Village District shall comply with RB District standards.

H. Special Permit for Height Increase. The Planning Board may grant a special permit to increase the maximum building height to 48 feet [LD5]and four stories, provided that the minimum rear setback shall be increased at a 1-to-1 ratio, e.g., an additional one foot of setback for every one additional foot in building height.

Note change in maximum height by special permit to 48 feet.

I. Additional Standards for Development in the DBV District.

(1) Building Regulations

(a) The principal entrance(s) to the building shall be on the front façade, which shall face the street.

(b) The maximum distance between street-level entrances shall be 35 feet unless waived by the Planning Board.

(c) The maximum depth of street-level commercial spaces shall be the lesser of 30 feet or 60 percent of the depth of the building unless waived by the Planning Board.

(d) The maximum front setback in Section G(4) may be increased for purposes of amenities such as landscaping, a plaza, square, courtyard, recessed entrance, sidewalk, multi-use path, raised terrace, façade offsets, or outdoor dining, but not for automobile use.

~~(d)~~(e) Affordable Housing. In any multifamily or mixed-use building with 8 units or more at least 12[LD6].5% of units shall be affordable.

These basic building regulations are design standards and should remain in the ZBL. Design guidelines to be used for Site Plan Review are a different matter and they should be handled outside the ZBL.

Keep (d) even if you adopt a fixed build-to line of 10 feet. Public amenities are important; they help to activate the street.

Affordable housing section removed; benefit if any would be de minimis, and requiring it could discourage development. You could revisit this another year.

J. The operation of any marijuana establishment as defined in MGL c. 94C, § 1, including without limitation a marijuana cultivator, marijuana testing facility, marijuana product manufacturer, marijuana retailer or any other type of licensed marijuana facility is prohibited in all zoning districts of the Town. This prohibition shall not apply to the sale, distribution or cultivation of marijuana for medical purposes, licensed under Chapter 369 of the Acts of 2012 and currently permitted in the Town of Southborough. **[Added 4-25-2017 ATM by Art. 32]**

Part V. Amend **Section 174-10.1, Village Business District plan review**, as follows (amendments in the first paragraph shown in italics).

§ 174-10.1 Village Business District plan review.

Except as provided below in Subsection D, within the Village Business District, major site plan approval shall be by special permit from the Planning Board, subject to the procedural requirements and decision criteria of § **174-9**, Special permit requirements, and § **174-10**, Site plan approval, and the following in addition to the above …

We have not changed this. The goal is to apply site plan review to permitted uses and leave the special permit process to reviewing plans for uses requiring a special permit.

D. In the Downtown Business Village District, major site plan approval shall be by special permit from the Planning Board for any use requiring a special permit. In such cases, the submission requirements, procedures, and decision criteria under Subsections A through C above shall apply. The Planning Board may adopt design guidelines and apply them to major site plan approval applications regardless of whether a special permit is required.

Guidelines can be adopted by Planning Board following adoption of the proposed amendments. (The language is may adopt, not shall.) To adopt design guidelines before this section has been adopted makes no sense.

Part VI. § 174-12 **Parking and loading regulations**. Amend the parking and loading regulations, as follows. Note that existing Section F should be renumbered to Section G.

F. Exceptions in the Downtown Business Village District. Off-street parking requirements for development in the Downtown Business Village District shall comply with Section E above except for the following uses:

We changed the parking regulations for dwellings. We were trying to stay reasonably close to your existing requirements, but some existing requirements are not appropriate for a town center.

(1) Dwellings: two spaces for each dwelling unit, plus one space for a customary home occupation or a professional use.

(2) Bed and breakfast: one space for each guest room plus two spaces for the owners and operators of the premises.

(3) Restaurants and other places serving food or beverages: one space for each four seats.

(4) Mixed-use development: one space per dwelling unit and one space per 300 square feet of nonresidential floor area.

(5) Professional or business office: one space per 300 square feet for ground floor offices and one space per 350 square feet for offices above the first floor.

The "BV Business Village District" now exists in Southborough, see Zoning Bylaw, § 174-8.4, and is comprised of three noncontiguous areas. One of these noncontiguous areas is downtown Southborough; and, although the Bylaw says nothing of the sort, I understand that said area is presently referred to, if only casually, as the "downtown" Business Village District.

Based on our December 9 conversation, and now verified with Judi Barrett, the District below is meant to be a new district entirely: a replacement for the portion of the Business Village District that currently encompasses the downtown area, not a subdistrict within the Business Village District.

That being so, and as is further elaborated upon below, I caution you that naming the new District the Downtown Business Village District is a potential, if not probable, source of confusion. Even I wondered whether the new District was meant to continue to be a part of the old (which raises all sorts of potential conflicts regarding applicable standards and processes). I'd recommend a renaming of the District, to the "Town Center District," for example. I believe that Judi agrees.

DOWNTOWN BUSINESS VILLAGE DISTRICT V.4 (FINAL)
December 4, 2020

Part I. Amend **§ 174-2** Definitions by adding the following new term and definition in appropriate alphabetical order.

BED AND BREAKFAST

Bed and breakfast is an establishment on owner-occupied property offering transient lodging accommodations to the general public, with not more than four guests rooms and food service limited to breakfast for guests.

CO-WORK CENTER

A building or portion thereof used for flexible work spaces offering short-term, monthly, or longer lease periods for self-employed people or people working for different employers, and typically providing shared furnishings, equipment, and business support services.

FAÇADE

The exterior side of a building.

MICROBREWERY

A microbrewery is a licensed establishment that produces and distributes beer, ale, or other malt beverages, and which may include accessory uses such as tours of the microbrewery, retail sales, and a taproom for on-site consumption. In addition to selling beer at retail on the premises, a microbrewery may act as wholesaler for beer of its own production for off-site consumption if it has a valid pub brewery license from the Commonwealth of Massachusetts.

MIXED-USE DEVELOPMENT

A development that includes both residential uses and nonresidential uses within a single structure. The ground floor facing the street shall be used only for permitted nonresidential uses, and the total gross floor area occupied by nonresidential uses shall be at least 10 percent of the gross floor area of the structure.

Section 174-5(D) of the Zoning Bylaw addresses so-called split lots, i.e. existing lots divided by the boundary of a zoning district subsequently adopted. During our December 9 conference call, it was suggested that the Town may wish to extend the new DBV District to the entirety of any lot included within its limits, even partially.

To accomplish the above, the following sentence might be added to the end of Section 174-5(D): "Notwithstanding the foregoing, where the boundary of the Downtown Business Village District divides a lot existing at the time said District was adopted, the regulations applicable in said District shall extend and be deemed to apply to the entirety of such lot."

And by relettering existing Sections K and L to Sections L and M, respectively.

Part 2. Amend **§ 174-3 Districts enumerated** by adding the following new district:

K. Downtown Business Village District, referred to as DBV District.

Part 3. Amend **§ 174-8(C)(2)** as follows (amendment shown in italics)

Not more than one principal permitted use shall be located on any lot, provided that a multiple occupancy building used for the same category of use, such as retail sales and services, light manufacturing or offices in a business district or Industrial Park District, *or a mixed-use development in the Downtown Business Village District*, shall be deemed to be in a single principal permitted use. . . .

Part 4. Amend **Article III, Use Regulations**, by adding the following new section:

§ 174-8.4.1 Downtown Business Village District

Both Sections A and B state: "Permitted uses are as follows..." They are repetitive; and the list of allowed uses under each of them can be combined under a single Section A (and subsequent Sections relettered accordingly).

A. Permitted uses are as follows:

(1) All uses permitted in the residential districts (RA and RB)

B. Permitted uses are as follows:

(1) Mixed-use development

(2) Professional or business office, or bank, but not including a medical or dental office

(3) Custom manufacturing of custom goods sold primarily on the premises, such as a woodworking shop, shop for artisan or craftsperson, or bakery

(4) Bed and breakfast

(5) Art gallery

(6) Child care center

(7) Co-work center

I interpret the allowance of "mixed-use development" to mean that nonresidental and residential uses may co-exist as-of-right in the same structure, per the definition above and consistent with the amendment to Section 174-8(C)(2), also above; but not to supersede the requirement of a special permit if one or more of the constituent use(s) requires it. For example, a mixed-use development comprised of professional offices and multifamily housing would require a special permit because, while the offices are by-right, the multifamily housing is not.

C. Permitted uses, up to a maximum of 3,000 square feet per establishment:

(1) Retail sales

(2) Ice cream shop, sandwich shop, candy shop, other specialty food service establishment serving walk-in customers (drive-through service is prohibited)

(3) Restaurant, with indoor seating and outdoor seating on an adjacent patio (drive-through service is prohibited)

The Section numbering is problematic, in my opinion. Southborough's zoning districts are individually addressed in Sections 174-8.1, 174-8.2, 174-8.3, etc. of the Zoning Bylaw. Section 174-8.4 is the "BV Business Village District." Adding the DBV District as Section 174-8.4.1, i.e. a Subsection of Section 174-8.4, suggests that the DBV District is a subdistrict and not a new district altogether.

I've discussed the above with Judi. She agrees, I believe, that the DBV District might instead be added as a new Section 174-8.12: not ideal placement as far as the sequential grouping of districts goes, but better than creating unnecessary confusion. (Alternatively, it could be added as Section 174-8.5 and existing Sections 174-8.5 through 174-8.11 could be renumbered as Sections 174-8.6 through 174-8.12, respectively.)

I defer to Judi concerning appropriate density for multifamliiy housing in the downtown area. But remember that such multifamily housing may be combined with nonresidential use(s) per the allowance of mixed-use development above.

(4) Personal services such as barber shop, beauty salon, tailor, or shoe repair

D. Permitted uses by special permit from the Planning Board are as follows:

(1) Any use listed in Subsection C exceeding 3,000 sq. ft. per establishment

(2) Microbrewery

(3) Veterinarian, animal hospital, dog kennel.

(4) Medical or dental office

(5) Multifamily housing, up to eight units.

Multifamily at 8 units is OK and may lead to some downtown housing. Allowing up to 12 units by special permit would probably be more effective. We suggest discussing this further with a few local developers and property owners.

(6) Private garage or parking for more than three cars or more than one truck or other commercial vehicle.

(7) Indoor recreation, athletic or exercise facility.

E. Uses by special permit from the Zoning Board of Appeals are as follows:

(1) Accessory apartment.

(2) Conversion of a one-family house in existence for two years or longer to a two-family dwelling, on a lot with a minimum of 15,000 square feet.

(3) A mobile home or travel trailer used as a dwelling or business quarters for more than 30 days in a year.

F. Prohibited uses. All uses which are not listed above, legally nonconforming or otherwise allowable by the provisions of the zoning regulations are prohibited.

G. Development standards (Note: Also refer to § **174-10.1**, Business Village District plan review) are as follows:

See my comment, below, concerning the applicability of Business Village District plan review to projects in what-is-supposed-to-be an entirely different, separate and distinct zoning district, the DBV District.

(1) Minimum lot area: 5,000 square feet.

(2) Minimum frontage: 60 feet.

(3) Minimum setbacks:

(a) Front: 10 feet.

(b) Rear: 35 feet.

(c) Side: 10 feet; 25 feet if adjacent to a residential district.

Consistent with Judi's commentary, I wonder about the relationship between "maximum" (versus minimum) front setback and the requirement that "[a]t least 50% of the landscaped open space shall be contiguous and located between the front building line and front lot line..." Is it reasonable to require compliance with both? I again defer to Judi's planning expertise.

(d) Other street: 10 feet

(4) Maximum front setback: 20 feet unless waived by the Planning Board.

(5) Minimum landscaped open space: 20 percent. At least 50 percent of the landscaped open space shall be contiguous and located between the front building line and front lot line unless the Planning Board approves a different placement of the open space as part of Site Plan Review.

(6) Maximum floor area ratio: 0.45 as of right, or a maximum of 0.70 by special permit from the Planning Board.

(7) Minimum Façade Buildout (% Lot Width) unless waived by the Planning Board.

(a) With less than 50 feet of frontage: N/A

(b) 50-80 feet of frontage: 60%

(c) Over 81-100 feet of frontage: 70%

(d) 100 feet or more of frontage: 75%

(8) Height regulations:

(a) Maximum building height: 40 feet and three stories, except by special permit from the Planning Board under Section H below

(b) Minimum ground floor height: 12 feet

(c) Maximum ground floor height: 18 feet

Instead of minimum and maximum front setbacks, you could establish a build-to line of 10 feet from the public ROW or front property line. If you want to take this approach, consider discussing it with police & fire first. There needs to be site planning flexibility to accommodate both the concept of a maximum front setback and the open space & landscaping people say they want.

The FAR seemed to generate great interest. We looked at this more after the 11/24 meeting and sketched a few hypothetical projects on some existing lots. It seems to us that you could take it up to 0.45 or even 0.50 as of right if you want, and give the Planning Board discretion to approve a higher FAR case by case. It's a policy issue for the Town to decide.

(9) Residential dwellings. Single-family or two-family dwellings in the Downtown Business Village District shall comply with RB District standards.

H. Special Permit for Height Increase. The Planning Board may grant a special permit to increase the maximum building height to 48 feet and four stories, provided that the minimum rear setback shall be increased at a 1-to-1 ratio, e.g., an additional one foot of setback for every one additional foot in building height.

Note change in maximum height by special permit to 48 feet.

Is Subsection "1" necessary, where there are no subsequent Subsections (or, if there were, they've been deleted from earlier draft(s))? Maybe replace (a) through (d) with (1) through (4)?

I. Additional Standards for Development in the DBV District.

(1) Building Regulations

(a) The principal entrance(s) to the building shall be on the front façade, which shall face the street.

(b) The maximum distance between street-level entrances shall be 35 feet unless waived by the Planning Board.

(c) The maximum depth of street-level commercial spaces shall be the lesser of 30 feet or 60 percent of the depth of the building unless waived by the Planning Board.

(d) The maximum front setback in Section G(4) may be increased for purposes of amenities such as landscaping, a plaza, square, courtyard, recessed entrance, sidewalk, multi-use path, raised terrace, façade offsets, or outdoor dining, but not for automobile use.

These basic building regulations are design standards and should remain in the ZBL. Design guidelines to be used for Site Plan Review are a different matter and they should be handled outside the ZBL.

Keep (d) even if you adopt a fixed build-to line of 10 feet. Public amenities are important; they help to activate the street.

Affordable housing section removed; benefit if any would be de minimis, and requiring it could discourage development. You could revisit this another year.

J. The operation of any marijuana establishment as defined in MGL c. 94C, § 1, including without limitation a marijuana cultivator, marijuana testing facility, marijuana product manufacturer, marijuana retailer or any other type of licensed marijuana facility is prohibited in all zoning districts of the Town. This prohibition shall not apply to the sale, distribution or cultivation of marijuana for medical purposes, licensed under Chapter 369 of the Acts of 2012 and currently permitted in the Town of Southborough. **[Added 4-25-2017 ATM by Art. 32]**

Consistent with my other comments above, if the DBV District is not a part of the Business Village District but rather is its own district, the proposed exception below is unnecessary; and, beyond that, should be eliminated, as its inclusion is misleading.

However, it should still be said somewhere, e.g. in a new Section 174-10.2, that, as in the Business Village District, major site plan approval in the DBV District shall be by special permit for uses requiring a special permit.

I note that, because the threshold differentiating major from minor site plan review, i.e. 2,000 square feet, is different than the threshold between certain by-right and special permit uses in the DBV District, i.e. 3,000 square feet, certain DBV District uses may still require major site plan approval (but not a special permit).

Part V. Amend **Section 174-10.1, Village Business District plan review**, as follows (amendments in the first paragraph shown in italics).

§ 174-10.1 Village Business District plan review.

Except as provided below in Subsection D, within the Village Business District, major site plan approval shall be by special permit from the Planning Board, subject to the procedural requirements and decision criteria of § **174-9**, Special permit requirements, and § **174-10**, Site plan approval, and the following in addition to the above …

We have not changed this. The goal is to apply site plan review to permitted uses and leave the special permit process to reviewing plans for uses requiring a special permit.

D. In the Downtown Business Village District, major site plan approval shall be by special permit from the Planning Board for any use requiring a special permit. In such cases, the submission requirements, procedures, and decision criteria under Subsections A through C above shall apply. The Planning Board may adopt design guidelines and apply them to major site plan approval applications regardless of whether a special permit is required.

Guidelines can be adopted by Planning Board following adoption of the proposed amendments. (The language is may adopt, not shall.) To adopt design guidelines before this section has been adopted makes no sense.

Part VI. § 174-12 **Parking and loading regulations**. Amend the parking and loading regulations, as follows. Note that existing Section F should be renumbered to Section G.

F. Exceptions in the Downtown Business Village District. Off-street parking requirements for development in the Downtown Business Village District shall comply with Section E above except for the following uses:

We changed the parking regulations for dwellings. We were trying to stay reasonably close to your existing requirements, but some existing requirements are not appropriate for a town center.

(1) Dwellings: two spaces for each dwelling unit, plus one space for a customary home occupation or a professional use.

(2) Bed and breakfast: one space for each guest room plus two spaces for the owners and operators of the premises.

(3) Restaurants and other places serving food or beverages: one space for each four seats.

(4) Mixed-use development: one space per dwelling unit and one space per 300 square feet of nonresidential floor area.

(5) Professional or business office: one space per 300 square feet for ground floor offices and one space per 350 square feet for offices above the first floor.

I concur with Judi; and, indeed, the suggestion that design guidelines be excluded from the Bylaw and separately adopted was among my recommendations months ago. The Bylaw operates as a framework for what will be permitted within the new District; and simplicity in that regard can help facilitate its passage at Town Meeting.

With that said, I also appreciate the interest in and desire for specifics, even early-on. It may be worthwhile for the Planning Board to report to Town Meeting that it has already given consideration to guidelines and is prepared to adopt them forthwith. (In other contexts, e.g. under Chapter 40R where development is by-right, draft guidelines have been presented at Town Meeting in an attempt to assuage fears.)

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, December 15, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to Open Session at 6:30 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Public Comment
None

III. Scheduled Appointments
State Delegation – Legislative update
Chairman Healey welcomed Senator Eldridge and Representative Dykema and invited them to speak. Senator Eldridge reviewed some of the initiatives he is working on at the State House which includes support of public health departments, food assistance in the fiscal year 2021 budget, the police reform bill, a clean energy bill, an economic development bill and the Community Mass Works grants. Senator Eldridge explained his work on inclusion housing, affordable housing and healthcare bills. He stated he has worked with Mr. Purple to inform him of upcoming grant opportunities and summarized some that the Town has been granted in the past. Senator Eldridge stated he set aside $250,000 for every Town in his district that has an MBTA station for improvements and asked the Town to inform him if they would like to move forward with this as it is possible to have the funds released from the Governor as a bond.

Representative Dykema explained the status of the budget which she described as behind schedule due to the pandemic. She stated that this year the State budget is based on estimates rather than a solid understanding of revenues and these numbers assume the success of a vaccine rollout program. She described the program and urged the public to look at the DPH website to find which phase they fall into. Representative Dykema stated that there will be more

DRAFT

funds from the federal government, more focus on support for unemployment, individuals and municipalities. She described multiple grants that could be applicable related to public health, technology assistance, main street economic recovery and small business and economic development. She urged those interested to look into more at the Mass Development website page. Representative Dykema described the Allston/Brighton Viaduct Project and her work to ensure lanes on the Mass Turnpike are not eliminated.

Ms. Braccio asked for more information on the Allston/Brighton Viaduct Project and how it could impact the Town. She asked for assistance with reaching the DCR regarding a resident's property on the reservoir. Senator Eldridge stated he can assist through his office. Representative Dykema stated she knew the person to contact at DCR and would be happy to assist Ms. Braccio with the matter. Ms. Braccio asked for their opinions on the Presidential Election. Senator Eldridge replied that changes were made to ensure it was easier for the public to vote and has not seen or heard evidence of voter fraud. Representative Dykema stated that Mr. Hegarty and the Town Clerk's Office is excellent at running an election and she also has not heard of any voter fraud which is a testament to the great work they do. Ms. Braccio asked for guidance on OPEB or unfunded pensions. Senator Eldridge stated that most towns are continuing to meet the guidelines. Representative Dykema stated the same concerns exist at the State House and they must fund this when possible.

Ms. Malinowski asked for more clarity on regionalization funding. Representative Dykema stated the guidelines should be coming when the application is released. She added that she will send a copy of the legislature to review the legal language. Ms. Malinowski asked about distribution of the COVID-19 vaccine outside of phase one. Representative Dykema replied that the majority of vaccinations will be distributed through a partnership with Walgreens and CVS.

Mr. Shea asked about the timing for the public health grants. Senator Eldridge stated that he hopes within the next month or two and they would have to see what the Legislature overrides. Mr. Stivers stated that the Town would be eligible for approximately $14,000 of the $10 million public health support funding based off of population. He asked for assistance in gaining access to more funding. Mr. Stivers requested assistance to accelerate the cooperation with DCR on the Town's public access plan. Mr. Stivers asked to follow up with them regarding a piece of property owned by MASSDOT near the Mass Turnpike and a possible easement to open space land. Senator Eldridge stated he would follow up with DCR on his request and Representative Dykema stated she was hopeful for more federal funding to help supplement public health resources.

Chairman Healey described the work done with Chief Paulhus and Chief Achilles regarding steps taken to improve recruitment and hiring in light of events taken place in 2020. He asked if there was much of a gap between the police reform bill passed by the Legislature and what the Governor sent back. Senator Eldridge gave a description of what was passed and what will be reconsidered. He added that the House does not have enough votes to override a veto and it will be challenging to do so. Chairman Healey asked about the safety of commuter rails with less frequent service due to the pandemic. Representative Dykema described another country where train cars were congested but not limited during the pandemic and was found to not be a significant spreader of COVID-19. She stated that the challenge is increasing the confidence of the public that public transportation is safe. She described measures the T has taken to enforce mask wearing, spot checking and ideas about future habits to gain more ridership. Chairman Healey stated affordable housing is challenging for a small Town like Southborough and stated he

may be reaching out for assistance. Senator Eldridge replied that most towns are focused on this and most have created an affordable housing trust. He described the work the Town of Acton is doing to increase affordable housing and what is being done at the State level. He stated he was happy to connect the Town with non-profit developers and he would like to discuss strategies at another time.

Frederica Gillespie, Chair of the Open Space Preservation Commission asked about next steps to move the fence at the Mass Turnpike and Halloran property for more access to the open space. Representative Dykema stated that the next step would be to work with the Board and get an endorsement to move forward for Senator Eldridge and Representative Dykema to connect with MASSDOT for this project. She asked for more information on the project to be forwarded as well. Mr. Stivers stated he had a map he could forward.

Kathryn McKee, Chair of the Trails Committee offered her assistance to send resources to Senator Eldridge and Representative Dykema for the conversation with DCR regarding the public access plan.

Karen Galligan – DPW Superintendent

a. Main Street update

Ms. Galligan stated the project is 99% done with a punch list of items to finish that are set for next spring. She listed these items to include the addition of a crosswalk, shrubs and trees and other small items. Chairman Healey asked about the placement of stop signs and Ms. Galligan replied that is decided federally through the MUTCD. She said some utility poles still need to be moved which is the responsibility of the utility company. She added that she believes the project will be complete by June. Mr. Shea asked if there were any outstanding issues the State needs to complete. Ms. Galligan replied there were and she is working with them. Mr. Stivers said he sees inconsistent behavior from the traffic light at the intersection and Ms. Galligan stated she would look into this. Ms. Braccio requested speed bump signs be added to the Town House as they are much bigger than she initially thought. Ms. Galligan stated Mr. Purple requested that and they will be installed. She also is having them reviewed as they were not built to design.

b. Proposal for intersection/pocket park at Cordaville/Common intersection

Ms. Galligan shared multiple plans depicting a proposed pocket park, additional parking and a fix to the intersection. She explained the results of her meeting with St. Mark's and an engineer regarding this project. She showed where the pocket park would be and the approach for fire trucks at this intersection. Ms. Galligan explained a proposed native species garden on Library property and trails for people to walk. Mr. Shea asked for clarity on the plan and a potential secondary outlet. Ms. Galligan explained this and the proposed drainage solution. Mr. Stivers stated he would be in support of access at both ends of the parking lot and asked about overflow parking. Ms. Galligan explained that the lot will be mostly St. Mark's with some shared spots.

Ms. Braccio asked who would be maintaining the parking lot and Ms. Galligan stated St. Mark's would as it is their lot. Ms. Braccio asked about funding and Ms. Galligan explained that the Shared Streets Winter Grant will be used for as much funding as possible but did not believe it would cover all the costs. She added there is a grant for the native species garden that could be used. Ms. Malinowski asked for clarity on where the parking is that will no longer exist and Ms. Galligan explained. Ms. Malinowski asked if St. Mark's was going to ask the Town to pay for the paving that is not covered by the grant. Ms. Galligan replied that they are working hard to get

the grant application in as soon as possible and there will be discussions and negotiations on this topic but the work will need to be done. Ms. Malinowski asked if this project was the best fit for the grant. Ms. Galligan stated she believed it integrates the most of what is being looked at for this grant. Ms. Malinowski asked Ms. Galligan to speak with Chief Achilles regarding the reconfiguration of the street and Ms. Galligan agreed. Chairman Healey stated that the sense of the Board is that St. Mark's is benefitting greatly from this project and they can cover the cost of paving the lot. Mr. Purple noted that the collaboration with St. Mark's is a great public/private partnership.

Kristin LaVault (12 Southwood Drive) asked if the primary driver for discussions to begin was St. Mark's request for an expanded and paved parking lot. Ms. Galligan stated that it was not and the Town started the discussion as there were complaints that on street parking was being eliminated during the Main Street project.

Frederica Gillespie (78 Southville Drive) stated that there is potential for OSPC to collaborate with St. Mark's for native plant programming with a biology connection. She added that green stormwater infrastructure is a great nature-based option and cost effective.

Mr. Donovan stated that he has conducted two strategic plans for the Library and parking is consistently an issue. He added that parking is not an issue only during high volume events but also throughout the summer season.

c. Review of CSX easement for Main Street project

Ms. Galligan gave the Board an update on the CSX easements with the landowners affected and stated the Knights of Columbus sent in their signed easement agreement and will be installing a fence, Mr. Lamy of Lamy Insurance will be entering into an easement agreement and Mauro's has not been in contact with CSX. She added that 2 East Main Street is a vacant lot and their easement will be dealt with when it is developed. Ms. Galligan shared her screen to show updated plans and explained where the easements and curbing would be placed and why. Chairman Healey asked Ms. Galligan to speak with CSX regarding not proceeding with this project and she agreed to do so. Chairman Healey asked CSX's position at Mauro's. Ms. Galligan explained that CSX needs to ensure the tracks are not accessible and the Town is obligated to fix the drainage. Eversource will be replacing the gas main located there at the same time. Mr. Stivers asked if CSX's primary interest is safety and Ms. Galligan replied in the affirmative. Ms. Malinowski asked what would happen if the Town does not move forward with the project. Ms. Galligan explained what work would be conducted and the relative challenges. She explained the advantages to moving forward with CSX to fix drainage and underground work to improve the crossing. Ms. Malinowski clarified that by doing the entire project the Town would be fixing approximately two to four issues and Ms. Galligan agreed with that assessment. Ms. Galligan stated she believes part of the issue with Mauro's is the potential to lose parking.

Mr. Shea asked for clarity on the plans and the easement agreement with the Knights of Columbus and Lamy Insurance. Ms. Galligan provided more information. Ms. Malinowski asked for timelines. Ms. Galligan stated she would like to be able to vet the project over January, February and March to bid and start work in the summer and fall. Chairman Healey outlined the three options for the Town to receive the easements and stated that a thorough discussion needs to be had with CSX and Mauro's. Ms. Braccio stated that the advantages of getting easements from CSX is to put additional curbing to protect the tracks and defray people from going on to the

tacks and the opportunity to fix drainage in the area. Ms. Galligan agreed with the statement and reminded the Board that CSX is getting value from the Town and the easements are not free of charge.

IV. Reports

Chairman's Report

a. FY22 Budget Update

Chairman Healey updated the Board that the schools, Advisory Committee, Mr. Ballantine, Mr. Purple and he has met about the budget and it is concluded that fiscal year 2022 will have a higher tax rate. He stated work is being done to lower the tax rate and they are waiting for final preliminary numbers from the school. Mr. Purple stated that the budget from the school is submitted to them around the second week of January. He outlined an enrollment shift in the regional school.

Members' Reports

a. Closeout on Rent & Mortgage program

Ms. Malinowski stated that the program has been closed out after receiving eight applications; seven of which qualified for rent or mortgage assistance. She stated Ms. McAuliffe and she reviewed every document to ensure they met all requirements for the program. Checks totaling $13,000 was released to Youth and Family Services to those families who applied. Ms. Malinowski stated Ms. McAuliffe worked hard with Youth and Family Services to ensure checks were timely cut in order for reimbursement from the CARES ACT.

b. Update on Senior Events

Ms. Malinowski stated she had the opportunity to touch base with Ms. LeFrancois and coordinated efforts for community outreach with seniors. She added she is excited to partner with the Senior Center staff to coordinate COVID-19 and post COVID-19 community connections with seniors.

Ms. Braccio stated she assisted with a Santa/Holiday drive through with the Seniors and it was a huge success.

c. Board of Health staffing

Mr. Stivers stated that the Board of Health is working to staff appropriately to keep up with contract tracing of COVID-19 and the upcoming vaccine distribution process. He added that Mr. Purple has organized a meeting with the Board of Health, Fire Department and Advisory Committee to collaborate resources and create a program to support the needs of the Town. Mr. Purple stated that during the meeting they were notified that the Public Health Nurse is resigning from her position in February and he was notified that Mr. Pisinski will be resigning as the Public Health Director. He explained that Mr. Pisinski has more of an expertise in environmental health and moving forward, the Town will be looking for someone who also has public health experience. He added that Ms. Woodford had outlined a plan moving forward that included assigning responsibilities for this process. Mr. Purple said that after Representative Dykema told the Board that vaccines will be given to the general public through Walgreens and CVS, the meeting members spoke about establishing relationships with one of these stores to inquire what could be done locally.

Town Administrator's Report

a. Update on CHA for CommCan, RE: Payments

Mr. Purple explained the terms of the community host agreement and payments required from CommCan, Inc. He stated the Town was issued a letter from their attorney stating that any payment above the 3% is no longer allowed for fees you can include in agreements. Ms. Esposito, Ms. Hale and he had inquired to other towns regarding their agreements and payments and most were not aggrieved that they were not getting their payments per their community host agreement. He gave Uxbridge as an example and stated most agreements focus on the 3% payment and the marijuana dispensary or growing facility tends to make a voluntary donation of $10,000 - $25,000 to a charity of the Town's choosing. Chairman Healey stated that contract law should apply unless negated by an act of legislature and he was unaware of any that did so. Mr. Shea stated that as a Board member who negotiated the agreement, CommCan provided example host agreements to reference and he did not recall the Board creating the $50,000 payment in addition to the 3%. He added that the agreement was signed by both parties and he is not willing to walk away from that based on CommCan's attorney opinion. Ms. Braccio agreed. Mr. Stivers suggested an informational session with a cannabis attorney. Chairman Healey stated he would like to find the correct path to proceed regarding this disagreement before investing resources.

b. Update on Arts Center notice for perc test

Mr. Purple stated that a notice was sent out to abutters within a three-hundred-foot radius and special notification was sent to the two departments residing in the Art Center. He added that Ms. Galligan is working to make the perc tests happen as soon as possible to complete before the ground begins to freeze.

c. Reminder on CARES ACT closeout on 12/30

Mr. Purple stated that reminders went sent out from the Town Accountant to explain that closeouts are on 12/30 for the CARES ACT. He added that responses were already submitted and will be included. He explained that reconciliation and checks for the appropriate funding will be done in January and if any submissions are not applicable to FEMA, then it will carry over to the CARES ACT as a funding request.

d. Update on Common flagpole

Mr. Purple stated the Board received plans from the Building Commissioner for a 110-foot flagpole. He stated one question was why the pole was moving fifteen feet from its current location and he explained it was because new footings were needed to support the pole. He added that all the landscaping and the wall around the pole will be moved or recreated.

Mr. Purple gave accolades to Mr. Davis as both lighting projects have been unanimously approved by the Planning Board and permitting is completed. He will now be focusing on bidding and construction pieces.

Consent Agenda

a. Ms. Malinowski asked to hold agenda item "a." Ms. Malinowski asked to reword the sentence on the November 24th minutes to read, "she asked Mr. Purple to revise the minutes to include the second agenda item and the motion, the second and unanimous vote affiliated with it." The Board agreed. Chairman Shea made a motion to approve Open Session Minutes: August 28, 2020; November 24, 2020; December 1, 2020 with the revision as amended for November 24,

2020. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Chairman Healey made a motion to approve 2021 Annual License Renewals (Detailed list attached). Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Chairman Healey made a motion to accept the donation of $24,354.00 from Harvard University Southborough Campus for the Police and Fire donation accounts. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

d. Chairman Healey made a motion to accept a donation in the amount of $100.00 for the Fire Dept. Ambulance Fund. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

e. Chairman Healey made a motion to extend the term for Capital Planning – School Research Subcommittee to February 28, 2021. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

f. Ms. Malinowski asked to hold agenda item "f." Ms. Malinowski informed the Board she would need to abstain to this vote and Chairman Healey stated he would need to recuse himself. Mr. Shea made a motion to approve Bond Anticipation Notes for Fire Truck and Finn Boiler. Mr. Stivers seconded. The motion passed (3-0-2) by roll call vote, Braccio, aye; Shea, aye; Stivers. Ms. Malinowski and Chairman Healey abstained.

V. Other Matters Properly Before the Board

Review of EDC Residential Info Packet

Ms. Braccio stated that the EDC created a package they intend to share with businesses and residents in the downtown area. She added the EDC approved the document and Ms. Connelly is asking for Board approval. She said that the document was to provide history and background to residents and businesses in the downtown area regarding the downtown initiative for transparency. Ms. Connelly elaborated that the document would educate those potentially affected by the zoning changes and the EDC would like to distribute it before the Planning Board hearings. Ms. Braccio listed her concerns which included the inclusion of an address not in the proposed Downtown Village District, including an image of a lot with a stream that runs through it which could lead to conservation concerns and item number seven which is part of a court case. She suggested item number seven be completely removed until a resolution has been reached. Ms. Connelly stated the items included were identified two years ago in the ULI report. Ms. Braccio suggested that item number three and seven be removed for transparency. Ms. Malinowski agreed. Mr. Shea suggested the entire page be removed and Mr. Stivers agreed. Ms. Braccio asked that the picture on page nine be removed as well and explained that she would not want the public to see this document and think the Downtown Initiative is motivated for a specific project which is not the case. Mr. Shea agreed and said the document should have a minimal number of renderings as what is depicted could be very different from what is built. Ms. Malinowski agreed and explained that the Town may not have control over the physical appearance of these projects and there should be no reference to anything pending a court hearing.

Chairman Healey stated he felt it was a sales document and understood taking the dryness of changing zoning and turning into more aesthetic renderings. He added that a lot of the renderings could be achieved without changing the zoning and the sales aspect feels unnecessary. Ms. Connelly stated the intention is not to be salesy but to show the potential of

what could happen if zoning was changed. Ms. Braccio reviewed more concerns regarding pictures referenced in the document and the statement that in 2018 the EDC supported 2 East Main Street as a mixed-use building. Chairman Healey stated that the reference to the 2018 EDC support could stay in as it is an accurate telling of history. Chairman Healey made a motion to give Ms. Braccio authority to sign off on any edits to the document before it is distributed. Ms. Malinowski seconded. Mr. Stivers stated that it is important to keep the process moving forward. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Ms. Luttrell stated she had an issue with the statement that the EDC supported mixed-use at 2 East Main Street as it is not allowed. Chairman Healey replied that he did not disagree with that statement and asked if in fact this happened. Ms. Luttrell replied that it was questionable. Ms. Connelly stated it was complicated and Chairman Healey asked that the statement be removed from the document.

Ms. LaVault stated as a member of the public she felt the renderings were important to gain interest from resident. She suggested adding what the zoning change will not allow as well.

Goal setting for the Town Administrator

Chairman Healey explained that Mr. Purple's next evaluation is February or March and the goals for this would be relatively modest due to timing. He listed his goals for Mr. Purple which included having more fulsome communication with the Board and using his authority as listed in the Town Administrator bylaw to take initiative on his own projects. Mr. Stivers stated that there could be a dozen worthwhile projects for Mr. Purple to initiate and coordinate. He asked Mr. Purple to suggest some items and listed the Board of Health, Personnel Board and coordination between the Building Inspector and Historical Commission as appropriate to focus on. Ms. Braccio added she would like to see formal reviews for other contracted employees and setting goals for department heads and contracted employees who fall under him. Ms. Malinowski asked for reviews and goals for contracted employees and tying those goals to their annual review. She asked that Mr. Purple hold evaluations for any employee that has not been reviewed in the last eighteen months by February or March. Ms. Malinowski asked Mr. Purple to work collaboratively with department heads and other elected boards to improve Town services and reduce costs. She highlighted his work with Ms. Galligan as a good example. Mr. Shea stated he agreed with the above but stated the goals for Mr. Purple should be manageable and a long list will set him up for failure. He asked Mr. Purple to create a list of long-term goals to present to the Board in February or March.

Mr. Purple stated he will include a goal chart that highlights progress into the Board agenda packet. He explained that the sidewalk access to the Public Safety Building will be reviewed during the transition plan being done by CMRPC. He further explained what would be done if it is something that needs to be done. Mr. Purple explained the reorganization of the Selectmen's Office including the transition of Ms. Barry to the Selectmen's Office and the plan to revise the job descriptions for Ms. Esposito and Ms. Hale to broaden the benefit of these positions to support other offices.

Board liaison for Finance Team, RE: Quarterly financial reports

Chairman Healey made a motion to designate Ms. Malinowski as the Board liaison for the Finance Team. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Approve draft zoning bylaw for Downtown Initiative

Ms. Braccio stated she had concerns approving the document this evening as she found inconsistencies from the consensus agreed upon at the last meeting. She explained the inconsistency of the documented floor area ratio and the feedback provided by Attorney Costa. Ms. Braccio suggested the Board not vote on this document and work with the EDC and Ms. Barrett to update the document to include what was agreed upon in their previous joint meetings. She stated she could work with the EDC and bring an updated document to the Board at the first meeting in January. The Board agreed.

Discussion of policies and practices for boards & committees

Chairman Healey asked to move this agenda item to the January 5, 2020 meeting. The Board agreed. Chairman Healey asked that the chairs of boards and committees be advised that the Board will be reviewing and updating these documents to reflect the virtual meeting environment.

Close warrant for March 20, 2021 Town Meeting

Chairman Healey made a motion to close the Town Warrant for March 20, 2021 Town Meeting. Mr. Shea seconded. Mr. Purple explained the additional warrant articles sponsored by the Community Preservation Commission. He added that there is a placeholder for the potential for another article from the CPC.

Ms. Malinowski asked about the process for potential changes to the Demolition Delay Bylaw from the Historical Commission. Mr. Purple explained and stated that no formal documentation for this has been submitted. He added that he will add a placeholder for a potential Historical Commission bylaw change in the warrant. Ms. Malinowski asked about the articles carried over from the previous Town Meeting. Mr. Shea explained that citizen petitions must be included in the warrant and cannot be pulled. Mr. Purple explained additional placeholders and stated with these there are forty-three articles. Chairman Healey made a motion to close the forty-three article warrant for the March 20, 2021 Town Meeting. Mr. Stivers seconded. Ms. Malinowski asked about a separate CPC article for SHOPC. Mr. Purple explained and stated it would fall under a current CPC article. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Public Comment

None

VII. Executive Session

At 10:24 P.M. Chairman Healey made a motion for the Board to enter into The Board will be entering into Executive Session per M.G.L. Chapter 30A, Section 21, and not returning to Open Session, for the following matters – to discuss the value of real property (Exemption 3) as it relates to tax foreclosure proceedings for 44 Bigelow Road; and to comply with, or act under the

authority of, any general or special law (Exemption 7) to review and approve the Executive Session minutes of November 17, 2020. Mr. Stivers seconded. The motion passed by roll call all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Subject: FW: CSX Update

Good morning.

Catching up on vacation emails. Below is an update from Karen on the CSX crossing and its impact on the Downtown portion of the Main Street project.

Thanks.

Mark

Subject: CSX Update

Mark,

I hope you had a good Christmas and you're enjoying your time off.

I just wanted to give you an update on CSX. I spoke to them today, so I want to get the information out while it is fresh.

At the BOS meeting Marty asked what would happen if we didn't do the project.

According to CSX, if we keep 100% off of their property, (no improvements at all i.e. no paving, no

sidewalks, and/or no pipe replacements), we would not have to do anything to the curb cuts or road edges within their property.

If we pave any of the road, within their property limits, or do any repairs or improvements, within their property limits, without an easement we are trespassing and we can't do the work.

However, if we get an easement, even if it is for just road paving work and not for piping or sidewalk, we have to put in curb along our right-of-way over their property as they directed in their letter.

The easement we are looking for replaces the piping under the tracks and will give us the ability to repair the road to within 2' of each rail. As part of this CSX will replace the timbers and rails at the Central Street and Main Street crossings.

If we choose to not do this work now, but, in the future, change our minds to do it, the same will apply.

My understanding from CSX is that a CSX representative met with the owners of the 4 properties and explained that vehicles on CSX's property should be towed and that the issue was put on the Police Department's radar.

Thx - *kg*

FY 2021 Goals - Boards and Committees.	In Progress	Recent Steps	Completed
OML training and support/training for running Open Meetings.	XX	XX	
Promote and enforce Town Email Use Policy.	XX	XX	
Update, consolidate and promote compliance with general policies.	XX	XX	
Encourage and provide support for televising meetings.	XX		
Encourage and provide support for composite agendas and packets.	XX	XX

FROM: Brian Ballantine, Finance Director BPB

RE: FY22 budget Update

Please see attached for a summary of our budget recap and the current status of requests. Please see the following summary of information:

- Estimated tax rate increase of 9.02%.
- Estimated excess levy capacity reduced by approximately $2.2 Million.
- All budgets have been received, several have already had hearings with the Advisory Committee – continued hearings throughout January.
- Some Departments have updated initial budgets or are still in discussions as to moving forward with a set budget request.
- For revenues estimates are being held at a reduction of 5% from current local aid amounts, and level funded for local revenue amounts. We will continue to monitor these as time goes on.
- Schools: Preliminary budget discussion have taken place – January and February will be ongoing reviews with the School Committee. Preliminary amounts for K-8 are placed in the recap summary sheets. Regional is an aggregate 4.5% preliminary budget request however a specific split has yet to be determined.

It is of course a very difficult budget year for communities across the Commonwealth. Once specific budget goals are established by Advisory and BOS, the Boards can begin their preparations in making recommendations to be made at Town Meeting, currently still set for March. Both Boards may want to consider a joint meeting later in the month or early February to consider specific strategies and options in reducing the current projected tax increase.

Should you have any questions, please do not hesitate to ask.

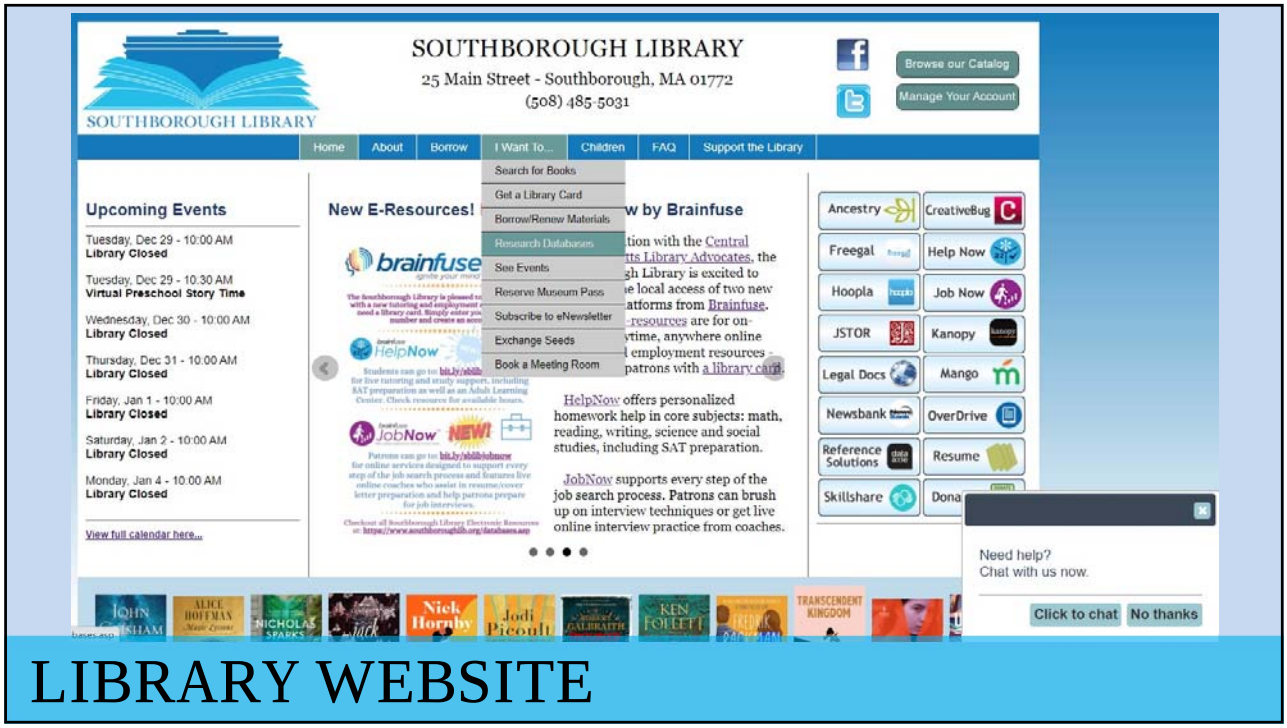
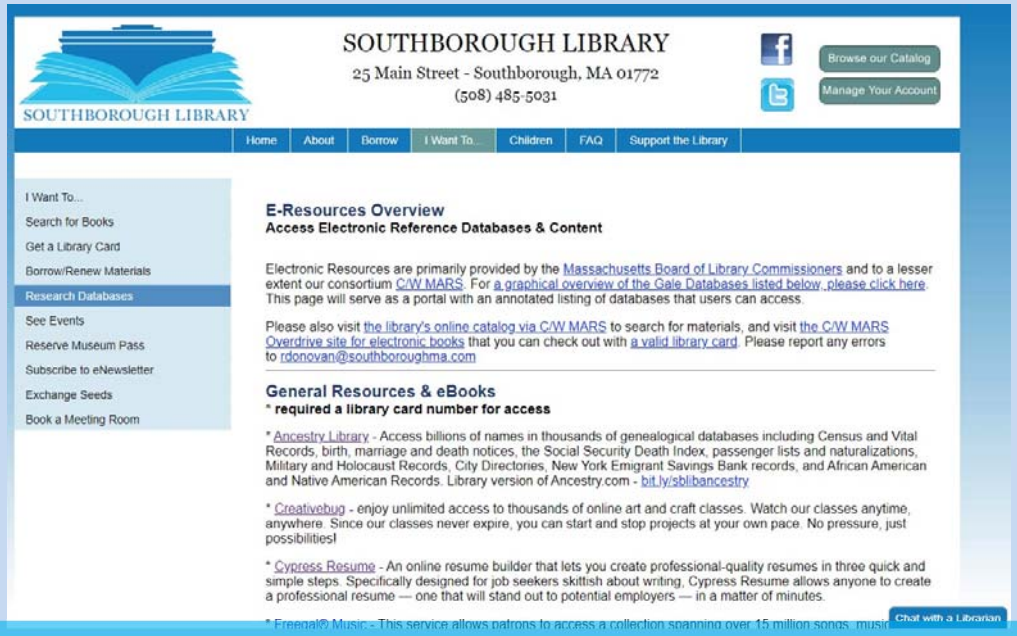
Subject: Southborough FY21 Municipal ADA Improvement Grant Award Notification

[EXTERNAL]



Greetings Town of Southborough,

The Massachusetts Office on Disability's ***Grant Application Review Committee*** has reviewed your Planning grant application for the ***FY21 Municipal ADA Improvement Grant Program***, and has **provisionally approved** a maximum grant of **$32,100**.



In order to receive the maximum grant amount listed above:

- The work must be completed after the contract execution date, but before June 30, 2021.
- The date that all forms are properly completed, signed, and returned to MOD by the municipality will be considered the contract execution date.
- MOD must receive and approve detailed, itemized invoices showing incurred expenses (between said dates); also, the invoices must represent approved expenditures as authorized in the attached *Grant Agreement* document, *Section 1: Project Scope*.
- Invoices should be sent to me as soon as they are available and prior to June 30, 2021, or shortly thereafter.
- **Any invoices dated prior to the contract execution date or later than June 30, 2021 are not eligible for grant funding; further, grant funds will not be released unless/until MOD receives and approves invoices for funding.**
- If you anticipate this being an issue, please let us know so other applications can be considered**.**

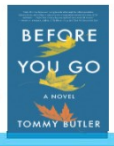
Suggestions from Southborough Library staff

Ask Again, Yes | by Mary Beth Keane| Audiobook

This is a story of love, tragedy, and the unlikely forgiveness between two families. Francis Gleeson and Brian Stanhope meet at the NYC police academy in 1973. Francis marries Lena and Brian marries Anne. They become neighbors in a suburb of NYC. Francis and Lena have 3 daughters and Brian and Anne have a son. While the parents are not friends, Kate and Peter become best friends. When tragedy strikes, families are torn apart.

Why Carol likes this book: While there is tragedy in this story, there is also family devotion, love and hope. Each family faces challenges, and each, in their own way, conquer those challenges. I enjoyed the love story between Peter and Kate that began as a childhood friendship. Anne struggles with mental illness but does her best to remain connected to her son. I marveled at the devotion within each family and the eventual forgiveness of mistakes made and also the acknowledgment and acceptance of the silent challenges others face. The author brings the characters full circle and paints a picture of the importance of empathy and forgiveness.



And Every Morning The Way Home Gets Longer and Longer | by Fredrik Backman

This novella examines the heartache of loving someone whose memory is fading. Beautiful conversations between Noah and his witty grandfather are tenderly examined through a generational lens of loss, love, adventures and forgiveness. The grandfather makes sense of the world through the language of mathematics, a trait his grandson also shares but not his own son. He wrestles with these differences as he begins to forget things and realizes it is time to say goodbye to what he knows.

Why Amy likes this book: Have tissues at the ready! Although this is a short read, each page carries so much love and grief. The author indicated he initially had no desire to publish this story, but I am so grateful he chose to share his work. Backman has stated that he realized the importance of writing this book because it captures how we can still miss someone who is still there in a way that can be explained to children. I am grateful that he beautifully shares stories of a grandparent and grandchild's bond, the trials of raising children son and the deep love that can be found in marriage.

Before You Go | by Tommy Butler

Elliot Chance is a boy who believes he does not belong in this world. He has an emptiness within that he wants to escape. While Elliot lives his life and experiences friendships and love, he still feels something is lacking in his life. As an adult, he attends a suicide support group where he meets Sasha and Bannor, who become dear friends. Sasha writes advertisements and leaves coded messages within the copy and Bannor believes he has seen and visited the future. Embedded in Elliot's story, there are chapters talking about "Before" during which time Merriam and Jollis are responsible for creating life. They converse about the grave mistake Merriam made when she created human life with a hole...an emptiness that cannot be filled. Jollis unsuccessfully tries to fill the void by adding many emotions but the void remains.

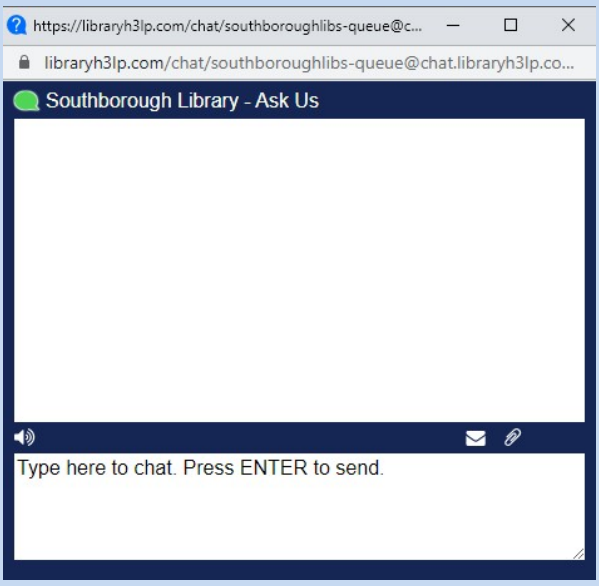
Series to Read Alone While You Stay at Home

Leah's Books that will get you "Hooked on Hoopla"

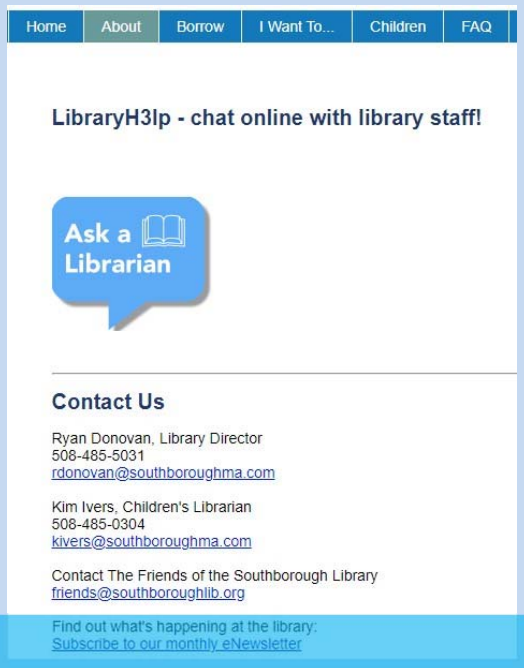
The Age of Legends Series

Gifted with the ability to communicate with the dead, twin sisters Ashyn and Moria protect the living from the spirits that inhabit the Forest of the Dead. The most deadly criminals in the kingdom are banished to this forest to die. Ashyn is the Seeker and can communicate with the spirits, helping them move on to a peaceful afterlife. Moria is the Keeper and she is trained to keep the tormented souls from leaving the Forest of the Dead if they cannot pass onto the next life. Once a year the Seeker enters the Forest of the Dead to perform a ritual and quiet the tortured spirits but the annual ceremony does not go as planned. Ashyn and Moria are ambushed and separated by supernatural forces. They journey across barren landscapes filled with peril to warn the emperor of the impending danger and to find their way back to each other.

I liked this series because it is a fantasy adventure with strong powerful female characters. The bond between twin sisters Ashyn and Moria is unbreakable and I identified with the theme of sisterhood that runs throughout the story line of all three books.This plot driven series is filled with action, intrigue and supernatural creatures but most of all sisterly love and loyalty.



The Artemis Fowl Series



An action packed story filled with humor about a 12- year-old boy genius who captures a fairy named Holly for ransom to restore his family's fortune and help his mother. Little does Artemis know that Holly and her supernatural allies from the LEPrecon (lower elements police) are a force to be reckoned with.

THANK YOU

TOWN OF SOUTHBOROUGH POLICIES AND PROCEDURES

Policy:	Code of Conduct Policy
Date Approved:	April 25, 2016
Board approval:	Board of Selectmen

1. Purpose and Scope

1.1 The purpose of this policy is to indicate conduct expected by employees and officials of the Town of Southborough when conducting business with other employees, customers, vendors, and visitors, who interact with the Town, either on a daily or more infrequent basis. This policy extends to private conduct, to the extent the law has additional requirements on public employees.

1.2 Nothing in this policy limits or replaces rules of conduct described in Massachusetts General Laws Chapter 268A, (Chapter 268A and Regulations are referred to in this policy as "State Public Employee Ethics Laws") regarding the conduct of a public employee, including Town employees as described in the law and regulations.

1.3 Nothing in this policy limits or replaces other Town policies that address employee conduct, such as the Town's Workplace Violence Prevention Policy, Policy Against Sexual and Discriminatory Harassment, and the Town's Alcohol & Drug Policy, and other policies applicable to employee conduct.

2. Applicability

2.1 This policy applies to all full and part-time compensated positions, excluding employees of the School Department. Employees whose positions are covered by collective bargaining agreement are subject only to those portions of the policy which are not separately regulated by a collective bargaining agreement. Persons employed under individual employment agreements shall follow all of the provisions of this policy.

2.2 This policy does not replace applicable law, including State Public Employee Ethics Laws, but instead applies in addition to applicable law. In the event this policy conflicts in any way with laws governing employee conduct, the law will apply over this policy, to the extent that it is stricter.

3. Policy

3.1 Employees and town officials must act with fundamental honesty and integrity in all Town dealings, comply with all by-laws/regulations that govern the Town, maintain an ethical and professional work environment and comply with all Town policies. Town employees and officials are required to consistently treat fellow employees, customers, vendors, and visitors with respect, dignity, honesty, fairness, and integrity.

3.2 As further described in State Public Employee Ethics Laws, and among other requirements set forth in the law, Employees and town officials may not, directly or indirectly, ask, demand, exact, solicit, seek, accept, receive or agree to receive anything of value for themselves or for any other person or entity for or because of any official act performed or to be performed by the employee, to influence any official act performed or to be performed, to influence or attempt to influence any official act performed or to be performed, or to act in a manner which would cause a reasonable person to conclude that the employee could be influenced in such a manner.

3.3 Examples of conduct that is considered inappropriate and/or unprofessional under this policy may be physical and/or verbal and include, but are not limited to, the following:

a) Asking or requiring another individual to act unethically or violate the Town's Professional Conduct Policy or the law;
b) Disparaging or misrepresenting the Town or any Town employee or official;
c) Engaging in gambling, such as sports' pools, card games, games of chance, and raffles while conducting Town business or representing the Town;
d) Discriminating against others on the basis of race, sex, sexual orientation, age, handicap, religion or national origin in the course of your employment;
e) Engaging in any behaviors that are harassing, including sexual harassment or offensive comments or jokes;
f) Consuming and/or using alcohol, non-prescribed narcotics or controlled substances during work time, or reporting to work under the influence of alcohol, intoxication, non-prescribed narcotics or controlled substances in any form. You should inform the Assistant Town Administrator or your supervisor at the start of the workday if you are taking medication that might impair your work performance, in order that proper accommodations can be considered and made where reasonable.

g) Unprofessional behaviors, commentary, written correspondence and/or gestures directed at another Town employee or official, supervisor, customer, visitor or resident that a reasonable person would find offensive, humiliating or intimidating or that adversely affect staff performance.

3.4 Employees and town officials shall obey the laws of the United States and the Commonwealth of Massachusetts. Any employee who is convicted of a crime relating to their employment or impacting their employment, or crimes which may disqualify them from holding necessary certifications or licenses, may be subject to disciplinary action, up to and including termination. Employees are, where applicable, subject to meeting CORI background screening requirements, subject to Town requirements and applicable law, including the law governing CORI.

3.5 Employees shall comply with all of the policies and operating procedures of the department in which they work and the Town of Southborough. Employees shall respond forthright to the work-related directives of their supervisor.

3.6 Employees and town officials are expected to conduct themselves in their official relations with the public and with their fellow employees in a manner which will enhance public respect for, and confidence in, the employee and the Town as a whole. Employees and town officials must not only perform their duties in a wholly impartial manner, but must avoid any conduct which gives a reasonable basis for the impression of acting otherwise. Specifically, all employees and town officials shall avoid any action which may result in or create a reasonable basis for the impression of:

a) Using public office for private gain;
b) Giving preferential treatment to any citizen;
c) Making work-related decisions contrary to departmental town policy; and,
d) Using one's official position to harass or intimidate any person or entity.
e) No municipal employee shall, otherwise than as provided by law for the proper discharge of his/her official duties, directly or indirectly receive or request compensation from anyone other than the town or municipal agency in relation to any particular matter in which the same Town is a party or has a direct and substantial interest.
f) No person shall knowingly, otherwise than as provided by law for the proper discharge of official duties, directly or indirectly give, promise or offer such compensation.
g) No municipal employee shall, otherwise than in the proper discharge of his/her official duties, act as agent or attorney for anyone other than the city or town or municipal agency in prosecuting any claim against the town, or as agent or attorney for anyone in connection with any particular matter in which the same town is a party or has a direct and substantial interest.

h) Employees and town officials shall not solicit or accept, directly or indirectly, any gift or benefit, including any gratuity, favor, entertainment, loan, or any other item of value, from a person who or entity which the employee knows or has a reason to know:

- Has, or is seeking to obtain, contractual or other business or financial relations with his/her department or the Town;
- Conducts business or other activities which are regulated or monitored by the department or the Town, except as permitted by statute or regulation;
- Has interests that may be substantially affected by the employee's performance or non-performance of his/her duties or has the appearance of being substantially affected; or
- Seeks to influence the employee in performance of his official acts or any act within their official responsibility.

Exceptions- the restrictions set forth in Section 3 do not apply to the following gifts provided that such gift or benefit has not been solicited by the public employee, and is not for any of the purposes identified as prohibited above, and/or in the State Public Employee Ethics Laws:

a) *De Minimis* Gifts. Anything with a value of less than $25, other than cash. *De minimis* gifts include multiple gifts or benefits given or offered to a public employee within a calendar year by

one person or by an organized group of persons having a common interest in a particular matter or legislation before that public employee, if the aggregated value is less than $25;

b) *Inheritance.* Anything received by inheritance;

c) *Gifts from Immediate Family and Relatives.* Anything received by a public employee from a member of the public employee's immediate family or from a great grandparent, great grandchild, grandparent, grandchild, uncle, aunt, niece, nephew, cousin, step-parent, stepchild of the public employee or of the employee's spouse and given for reasons unrelated to the public employee's official position or duties;

d) *Informational material.* Informational material relevant to a public employee's official functions and intended for use by the public employee in the exercise of official duties or solicited for the purpose of promulgating, administering and enforcing agency regulations, such as books, pamphlets, reports, documents, periodicals, or other information that is recorded in a written, audio, electronic, or visual format;

e) *Professional Organization Membership Fees.* Reduced or waived membership or other fees offered by a professional organization if the only requirements for membership relate to professional qualifications;

f) *General Discounts.* A rebate, discount or promotional item available to the general public or to a class consisting of all public employees from a city or town, county or state on the same terms as offered to the general public;

g) *Display Items for Meritorious Public Service.* An item intended for display and given by a civic, charitable, professional, religious, or fraternal organization in recognition of meritorious public service that has no or minimal resale value. Such items shall include but not be limited to trophies, plaques, bowls, and certificates;

Honoraria. Honoraria not exceeding $250.00 for participating in a legitimate speaking engagement provided that:

- Delivering the speech is not part of the public employee's official duties;
- Public resources are not used in the preparation of the speech;
- Public time is not taken for the preparation or delivery of the speech;
- Neither the sponsor of the address nor the source of the honorarium is a person or entity with whom the public employee has had or reasonably expects to have dealings in his official duties;
- The public employee makes a prior written disclosure.

4. **Actual or Potential Conflicts of Interest, Violations of this Policy, or Violations of the Law:** Employees and town officials should immediately report and make inquiry about questionable items, gifts, benefits, or matters. Inquiries can be made with the Town or employees may go directly to the Town Administrator or to the Ethics Commission at 1-888-485-4766 (Attorney of the Day).

5. Procedures / Investigations

5.1 A violation of any aspect of this policy can damage the integrity and harm the reputation of the Town of Southborough and all employees and town officials, and may additionally place the employee in violation of Massachusetts law. The Town is fully committed to reviewing and/or investigating, as necessary, any and all reported incidents. Employees who become aware of inappropriate conduct should report it to their Department Head or Town Administrator.

5 .2. When management becomes aware of an incident, they shall document the incident as soon as possible and forward said information to their supervisor.

5.3. A decision to deal administratively with the employee and/or to have the employee consult with EAP shall be made as promptly as possible by the Town Administrator or his/her designee, and management should continue an on-going review.

5.4 Employees may have separate reporting requirements under the Massachusetts Ethics Law, which are in addition to those described in this policy. Employees must be aware of these reporting requirements, and when and under what circumstances Massachusetts State Ethics law requires employees to make such Disclosures, including as directed by State law.

6. Applicable Statutes / Laws

A number of laws are implicated by this policy, which outline unacceptable or unethical conduct in the workplace. These include, but are not limited to, any number of criminal and civil laws prohibiting unethical conduct, such as Massachusetts General Laws Chapter 268A, and Massachusetts Regulations at 930 CMR 5.00 et. Seq. (Chapter 268A and Regulations are referred to in this policy as "State Public Employee Ethics Laws"), as well as any criminal or civil laws in the areas of anti-stalking laws, anti-bullying laws, OSHA, anti-discrimination, Civil Rights, etc.

ACKNOWLEDGEMENT

Note: Your signature below signifies that you have received this policy.

This policy is applicable to all employees of the Town of Southborough.
For those employees covered by Collective Bargaining Agreements, the provisions of the CBA, which are subject to negotiation prevail over the language in this policy (i.e. discipline).
Any changes made to this policy that apply to sections that are subject to collective bargaining, will be sent to the appropriate union prior to implementation.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, January 19, 2021, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Chelsea Malinowski, Lisa Braccio, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to Open Session at 6:31 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Public Comment

Town Moderator Cimino stated that the Governor's guidance regarding the timing of Town Meeting and quorum size from earlier in 2020 remains in place during the tenancy of the emergency order. He said he spoke with the Board and Town Clerk and all agreed a Town Meeting in March is not possible as COVID-19 vaccinations will not be completed for all by that time. A rescheduled date is required for which he did not have but wanted the Board, department heads and other boards and committees to be aware that the date will be moving closer to May or June. Chairman Healey asked about a process for informing the public and Mr. Cimino stated he is required to meet with public safety and the Board of Health before making an official postponement but he is comfortable informing the public that Town Meeting will not be held on March 20, 2021. He spoke about vaccination protocols in the State being an indicator of a safe time to hold Town Meeting. Mr. Purple agreed to work with Mr. Cimino to inform stakeholders and the public about the postponement. There was discussion regarding timing of budget and other board and committee obligations for Town Meeting.

Betsy Rosenbloom, Chair of the Personnel Board, asked how this would affect the work of the Personnel Board as they must conduct hearings for the SAP. Mr. Purple replied that the postponement opens the timeframe to continue to work on the budget and all articles.

III. Scheduled Appointments

<u>Conservation Commission – Update</u>

i. Breakneck Hill Farm

Melissa Danza, Conservation Agent, explained the work the Stewardship Committee has been doing at Breakneck Hill Farm and the challenges faced due to the uptick in trail users due to the pandemic. She gave a summary of the report from Mr. Pisinski regarding the site visit to the Breakneck Hill Farm dump from last year. She stated the Commission is waiting for a final decision from the Board of Health in order to move forward with the cleanup of the area. Chairman Healey asked for a timeframe and Ms. Danza stated it is dependent on the Board of Health. Ms. Malinowski asked about the increased budget for the Stewardship Committee. Ms. Danza explained where the additional funds would be allocated which included access to the Halloran property and various open space parcels under the direct care and control of the Commission. She added the increase for this year has been for maintenance. Ms. Malinowski asked for clarity regarding the reported public safety concern at the Breakneck Hill Farm dump and Ms. Danza explained that there is debris above the surface that could be a tripping or personal injury hazard. Mr. Shea asked about hiring an LSP to inspect the dump and encouraged all involved to move forward with this step as soon as possible. Mr. Stivers asked about the cost for an LSP and survey of work. Ms. Danza gave an estimate for the work and described the work that needed to be done. Ms. Braccio asked if there could be a safety fence or stakes put up around the hazardous area for safety. Ms. Danza explained that she would but the hazardous area is hard to get to. Ms. Braccio asked about funding the cleanup and Mr. Purple stated he would work with Ms. Danza on the budget and inform the Capital Planning Committee.

ii. <u>Bigelow Road</u>

Judith Watson stated that this is a larger scale Eagle Scout project under SOLF. She said the last hearing was October 1, 2020 and a certified survey was requested as is standard for an NOI. She added that the Conservation's jurisdiction lies in the wetland area. The next hearing with the Commission is January 28th. She described concerns from abutters and Ms. Danza stated that the project is so large the Eagle Scout may not have time to complete it. Mr. Shea stated that the Commission is working in the right direction and hopes for a positive resolution. Mr. Stivers agreed and stated it would be great to open this land for public access.

iii. Chestnut Hill Farm

Ms. Danza stated that the Commission and the Trustees will be looking into a resolution for the Trailhead Parking Lot in future meetings. Ms. Braccio asked about an updated management plan. Ms. Danza stated they will begin work on the plan this year and they will be working with the Trustees to review issues that have come up over the last eighteen months that need to be addressed. She hopes to have a draft document in July. Chairman Healey asked about the event applications applied for by the Trustees and where they would be categorized under the conservation restriction. He asked that definitions be clarified in the updated management plan. Ms. Danza agreed.

iv. Snow storage @ 22-24 Turnpike Road

Ms. Watson described the issues with snow storage at this address and the potential violations of the Wetlands and Stormwater Protection Acts. She stated they are waiting for guidance from the DEP ad are hoping for a response before the January 28th meeting. Chairman Healey asked about next steps if voluntary compliance was not made. Ms. Danza explained the process which included a letter to discuss the situation at an upcoming meeting and subsequent letters and fines. Ms. Braccio asked about the original permitting. Ms. Danza explained and stated the Commission's jurisdiction ends where the buffer zone ends. She added that this came to their attention through a complaint and they have been following up every year. Mr. Possemato

explained the issues with snow removal in Town. Mr. Stivers suggested the Commission work with the Planning Board and Building Inspector to resolve the issue.

v. 147, 149 & 151 Middle Road

Ms. Danza gave an update on the hearings and violations for this project. She stated that the hearing was continued from January 7th to January 28th and the applicant has agreed to work with abutters to come to an agreeable solution. Ms. Malinowski asked about the ramifications for clearcutting. Ms. Danza explained that exceeding the 50% threshold violates the stormwater management permit. Ms. Braccio asked if the applicant would have been allowed to clear-cut as they did if they had the current permits submitted prior to beginning the work. Ms. Danza stated they would if the application met the standards in the bylaw. Mr. Smith explained the discussion the Commission had regarding fines and explained that it is sometimes their view that a worthwhile mitigation may be to craft a solution that works for all parties instead of issuing fines. He gave an example of such which included additional landscaping to replace trees and add screening. Chairman Healey asked if there were a list of repeat offenders with past violations. Ms. Danza replied that there is an unofficial list and the Commission takes past violations in consideration for future projects.

vi. Deerfoot Road Ext. water issues

Ms. Watson gave an overview of the current water runoff in this location and the work done by the DPW. She explained that generally the catch basins are working as intended and there is minor work needed to be done in the spring. She added that they are working with homeowners and the builders to close out the permits and are anticipating that the final calculations submitted will be acceptable.

Mr. Shea stated he had multiple meeting with Ms. Danza and DPW Superintendent Karen Galligan and he praised Ms. Danza for her professionalism. Mr. Possemato and Ms. Watson did the same. Mr. Stivers agreed and asked if the concerns of the neighbors have been fully addressed. Ms. Danza replied that based on the calculations that have been submitted, they will have met the conditions of the bylaw and everything will be stabilized.

vii. Administrative staffing

Mr. Smith strongly requested a part-time administrative position for the Conservation Agent. He listed her current duties and tasks and described how some compromised her time while other more urgent or beneficial projects are ignored due to time constraints. He stated if Ms. Danza were freed of her more administrative tasks, she could perform more frequent site visits, meetings with applicants prior to hearings and managing the hundreds of acres of protected land. He added all of this would be a greater return on investment. Chairman Healey asked if they have met with the Advisory Committee and Ms. Danza said they have not. Mr. Stivers stated Town House staff is being restructured and suggested some resources could come from there. Mr. Purple described how the replacement of a retired position could provide support to other departments in the Town House. Chairman Healey stated the message has been heard.

<u>Fire Chief Achilles – Request to update Schedule D & E of SAP bylaw</u>

Chief Achilles stated that he would like the Board to consider a revised pay scale for call members and an update to the Emergency Management Coordinator stipend. He explained the duties of both and how each are currently compensated. Ms. Braccio asked what the Emergency Management Coordinator position entails outside of their current position. Chief Achilles explained that the position is held by a full-time firefighter and outlined how the position

supports the Chief from a logistical, planning and grant funding standpoint. He further explained how the position is the coordinator for CERT, MRC and ensures emergency plans. Ms. Malinowski raised concerns about a union employee also receiving a stipend through the SAP. She stated that she felt the stipend should be included in the union contract. Chief Achilles confirmed the decision for the position to be outside of the union contract was done before he was hired and it may be important to discuss during union negotiations with the firefighters and officers. Ms. Malinowski also stated she was concerned that the position was appointed by the Board. She asked to look into this and collaborate with the Chief regarding his needs and come to an agreement of how the position functions and is compensated.

Mr. Shea asked the dollar value of the increase in the Schedule D rates. Chief Achilles explained how the current call members are compensated and stated he is asking for a $5,000 increase in the part-time line of the budget. Mr. Stivers asked if the changes in rate were to help attract more to the position. Chief Achilles stated it would help with retention and the goal is to have ten members and they currently have seven. Chairman Healey asked if the Emergency Management Coordinator should be a firefighter and Chief Achilles explained the advantageous to having this position filled by a firefighter. Ms. Malinowski asked that the Board give Mr. Purple guidance to include the Cemetery Agent, Tree Warden and Emergency Management Coordinator stipend be done through union negotiations. Chairman Healey stated that because there is additional time for discussions due to the delay of Town Meeting, he was not comfortable making any decision this evening and will be seeking additional information regarding these topics.

IV. Reports

Chairman's Report

i. OML policies

Chairman Healey stated that he has been reviewing agendas and would not want any board or committee unknowingly open to an open meeting law complaint. He offered to revise the document and send it to the Board for review. Ms. Braccio agreed and Ms. Malinowski asked about guidance for members bringing up topics for their meetings within the 48-hour timeframe. She felt it should be allowed only if the topic does not require a vote or change in policy. Chairman Healey agreed and added that an update or "FYI" should be allowed. Mr. Shea requested language stating that any topic requiring a vote or results in a vote should be held until it is able to be included on a properly posted agenda. Mr. Stivers agreed and requested adding language that if the discussion is relative to a Board's policy and likely to result in changes, notice is required. Chairman Healey agreed to revise the document and present a draft for the February 2nd meeting.

ii. MSA Board appointment for District 5

Chairman Healey stated that Ms. Braccio has been appointed to the MSA Board as the District Five Representative. He stated this is a huge accomplishment as Ms. Braccio will represent all of Worcester County. The Board congratulated Ms. Braccio.

Members' Reports

i. Arthur Butler 100th Birthday parade

Ms. Braccio stated on January 8th Southborough participated in a car parade to New Horizons in Marlborough to honor Arthur Butler on his birthday for his service to Town and Country. She stated there were forty vehicles and he was presented the flag that flew over the Capital on

Veteran's Day. She thanked all who participated and organized the event. Mr. Stivers stated that Mr. Butler joined a Dull Men's Club meeting which was a pleasure.

ii. Recognition of DPW crew for response to water break

Mr. Shea recognized the DPW and their efforts to repair two water main breaks over the weekend. He added they went out in adverse conditions and thanked them for their efforts. Ms. Malinowski echoed his thanks.

iii. Office Hours

Ms. Malinowski gave a summary of the first Office Hours held over Zoom. She suggested that all participants be brought in together and muted until their turn as she saw people leave the waiting room before they were able to speak. Ms. Braccio agreed and compared Zoom Office Hours to regular in-person Office Hours. Mr. Stivers asked that Office Hours be advertised more broadly and suggested reaching out to MySouthborough.com.

Ms. Malinowski stated that Youth and Family Services is hiring a consultant to do a needs assessment. She added this was an eight-week process to see if they are properly staffed and the consultant will be giving recommendations. She stated that Youth and Family Services are looking for Board representation. There was discussion on how many Board members should participate and the possible perceptions from the public. Chairman Healey stated he designated the Board liaison, Ms. Malinowski, should be the Board representative on the assessment group.

<u>Town Administrator Report</u>

i. Annual Town Meeting date

Chairman Healey stated this was covered during public comment with Mr. Cimino.

ii. IT manager update

Mr. Purple stated that they are currently advertising for a new IT manager and Ms. Hale is conducting search committees. He gave an update on the current status of the IT Department including the assistance from Mr. Probst of the MTC and Mr. Davis from the Recreation Department.

iii. FY22 Budget update

Mr. Purple gave an update on the FY22 budget which included a current tax rate increase of 8.44%, a K-8 budget increase of 3.13% which is $171,000 less than estimated in the originally FY22 budget and an $80,000 carrying reduction in Worcester County retirement. He stated that they are waiting on final numbers from Assabet and Tufts. He said he will be gathering the information and looking at how the requests impact services.

iv. 2020 Trailblazer Award

Mr. Purple informed the Board that Ms. Hale was selected as the 2020 Trailblazer Award winner which is nationally recognized. He added that she was one of ten finalists in the country for promoting women in local government. Mr. Purple stated she has done a great job promoting women in our organization and working with the MMPA an Women Leading Government. He thanked he for all her work in this area.

V. Consent Agenda

a. Ms. Malinowski asked to hold agenda item "a." Ms. Malinowski asked to revise line 267 to read "AFG" instead of "CPA." The Board agreed. Chairman Healey made a motion to approve

Open Session Minutes: January 5, 2021 with the revision mentioned. Ms. Malinowski seconded. The motion passed (4-0-1) by roll call vote, Braccio, abstain; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Chairman Healey made a motion to approve Executive Session Minutes: November 10, 2020. Ms. Malinowski seconded. The motion passed (4-0-1) by roll call vote, Braccio, abstain; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Chairman Healey made a motion to approve Executive Session Minutes: December 15, 2020. Mr. Stivers stated he had one minor edit. The Board agreed to hold Executive Session at the next meeting to approve. Chairman Healey made a motion to approve and release Executive Session Minutes: January 5, 2021. Mr. Shea seconded. The motion passed (4-0-1) by roll call vote, Braccio, abstain; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Chairman Healey made a motion to appoint Tyler Lu as Student Police Officer effective 2/1/21, at Chief Paulhus' request. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

d. Chairman Healey mad a motion to accept the resignation from Probationary Police Officer Brandon Donahue, effective 1/6/21. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

e. Chairman Healey made a motion to appoint Daniel Moreira as Part-Time Telecommunications Officer, at Chief Paulhus' request; start date TBD. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Other Matters Properly Before the Board

Continued discussion of Downtown Initiative bylaw

Ms. Braccio shared her screen and walked the Board through the document included in the packet. The Board discussed the inconsistencies they found in the document after the consensus meeting and suggestions from Attorney Costa. The Board agree to change the district name to "Downtown District" and Ms. Connelly presented suggested changes from the EDC for the Board to consider. There was discussion whether to increase the maximum floor area ratio and the Board agreed to make no changes outside of the November consensus meeting. It was agreed that if the Board or any members felt strongly about making changes they could attend the Planning Board public hearings. There was discussion about holding a public forum with the Board and EDC prior to the Planning Board hearings. It was decided to hold an informational forum for educational purposes. Chairman Healey made a motion to recommend the document as a consensus document that grew out of the combined hearings in the fall and approve the revised zoning article as written with the amendments referenced by Ms. Braccio. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Chairman Healey made a motion that the Board commit to having a public forum giving the abutters opportunity to weigh in on downtown zoning changes. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Review of Town contracted services

Chairman Healey stated that the discussion this evening is regarding the process for soliciting bids for legal services and that the Board should look at the process for renewing all contracted services in the future. The Board agreed. Mr. Stivers stated that there should be an appropriate structure for renewing contracted services as some fall into a commodity every year, others over several years and the performance evaluation process is overlooked. Chairman Healey agreed. He asked if the Board would like to look into legal services beyond Town Counsel. Mr. Purple

explained that the appointment for Mead, Talerman and Costa has turned into an annual appointment along with Town Counsel and Labor Counsel. Ms. Malinowski stated she would like to see options and asked the Board their opinion on offerings from larger sized firms. Chairman Healey stated he would like to implement a process where the Town is receiving the best possible legal services for its money. He explained how a larger or medium size firm could work for the Town. Mr. Purple explained his experience implementing the process for an RFP for legal services and the results. He urged the Board to consider real interest in change or they may not receive adequate responses.

Mr. Shea stated that there is value to having the same firm for repeat work as they have knowledge of the municipality's systems and infrastructure. He also stated that if there are issues with the current services, it should be addressed and added that it will take time for a new firm to get up to speed on issues. He said that is no reason to stay but an approach needs to be decided upon. Chairman Healey asked Mr. Purple to research how other communities have bid for legal services and requested a range of examples from other like communities. Mr. Purple agreed.

VII. Discussion of process for personnel exit interviews

Ms. Braccio asked the Board to consider a process for exit interviews as employees leave to gain an opportunity to ask for suggestions and feedback. She suggested someone from the Personnel Board taking on this role. Mr. Stivers stated the role should not be someone in the direct chain of command and agreed that someone from the Personnel Board would be a good fit. Ms. Malinowski asked if a union employee could also be requested to have an exit interview. Ms. Hale stated that exit interviews have been done in the past but were never formalized or included in the SAP. Chairman Healey stated that some Selectmen Office employees are part of a union but because exit interviews are voluntary, it should be acceptable to ask to hold one with a union employee. Chairman Healey asked Mr. Purple to touch base with Ms. Rosenbloom. Mr. Purple agreed.

VIII. Public Comment

None

IX. On a motion made by Mr. Stivers, seconded by Mr. Shea and voted all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 10:23 P.M.

RE: BREAKNECK HILL CONSERVATION AREA/PRIVATE WELL SAMPLING

The Board of Health received a proposal from Denis D' Amore license site professional, to collect a sample, analyze the well water for a multiple of various organic and inorganic compounds and metals and provide the Town with a written report of well water collected at the Thomas and Elizabeth Carroll private well at 48 Breakneck Hill Rd.

The cost for doing this work is $1,600; please see the attached copy of the proposal. We are requesting that this amount be taken from the Engineering Account.

Should you have any questions, please give me a call.

Re: Breakneck Hill Conservation Area
Private Well Sampling

Dear Mr. Visinsky:

The following is a scope of work and associated costs to collect a water sample from the Carroll private well. The sample will be analyzed for total lead, nickel and zinc, volatile organic compounds and EPH/VPH compounds.

The cost to collect and analyze this sample and prepare a letter report for the Town and the homeowner is $1,600.

Please provide me with the contact information (name and telephone number). It is anticipated that it will take three weeks to complete this scope of work.

D'Amore Associates, Inc. appreciates having the opportunity to be of service to you and is prepared to begin work on this project immediately upon receiving notice to proceed. Meetings, if they are required, will be billed on a portal to portal basis at an hourly rate of $100.00 and are not included in these costs.

Invoicing will occur on a monthly basis for the work completed during the previous month. Payment of invoices is due upon receipt.

Please indicate your approval of this proposal by signing below, returning one signed original and retaining the second one for your records.

Sincerely,

HI Paul-
This is the text of the public records request we just spoke about. Aldo or Mark also need to look at anything you will be providing, so let us know what you find. The tenth day of this request is this Thursday, Oct 10. As I said, the period he is asking for is Dec 1 2005 - Dec 1 2006.

I would like to request historical documents from the Board of Selectmen, Board of Health and the Conservation Commission related to actions and decisions made regarding the commercial dump/landfill still in existence on the town own property referred to as the Breakneck Hill conservation land.

As a member of the Conservation Commission I am concerned this landfill may be in violation of Southborough's wetland protection by-laws, represent a physical hazard to public safety and possibly still be in need of proper disposition.

Re: Breakneck Hill Conservation Area
Leachate Sampling

Dear Ms. Rosenblum:

The following is a scope of work and associated costs to collect a sample of the leachate emanating from the toe of the farm dump on Breakneck Hill Road. The sample will be analyzed for Priority Pollutant 13 metals, iron, pesticides, volatile organic compounds, PCBs, base/neutral and acid extractable compounds, polyaromatic hydrocarbons, halogenated volatile organic compounds, EPH/VPH compounds, 2,3,7,8-TCDD (indicators for dioxins and furons).

The cost to collect and analyze this sample is $2,400.00.

Upon receipt and analysis of the results, an evaluation of the necessity to conduct additional field investigations can be made. That work would include:

1. Installing one monitoring well along the top of the embankment at the edge of the dump site to evaluate ground water conditions at the downgradient end of the dump site. Upon completion of the well, it would be purged and sampled for the constituents identified in the leachate sampling results; and
2. Collecting a sample of the sediment from this same area. The sample would be analyzed for the constituents identified in the leachate sampling results.

D'Amore Associates, Inc. appreciates having the opportunity to be of service to you and is prepared to begin work on this project immediately upon receiving notice to proceed. Meetings, if they are required, will be billed on a portal to portal basis at an hourly rate of $100.00 and are not included in these costs. It is anticipated that it will take three weeks to complete this scope of work.

Invoicing will occur on a monthly basis for the work completed during the previous month. Payment of invoices is due upon receipt.

Please indicate your approval of this proposal by signing below, returning one signed original and retaining the second one for your records.

Re: Breakneck Hill Conservation Area
Leachate Sampling Results

Dear Ms. Rosenblum:

The following is letter report summarizing the results of the leachate sample that was conducted at the dump site located on a portion of the Breakneck Hill Conservation Area.

Sampling Procedure

The sample was collected from the toe of the farm dump on January 5, 2006 immediately next to the overturned vehicle (see attached Photograph # 1). The procedure for collecting the sample was to excavate a shallow depression approximately eight inches deep within which the leachate accumulated (see attached Photograph # 2). As the depression filled with leachate, it was immediately transferred to the sampling containers. The sample was analyzed for Priority Pollutant 13 metals, iron, pesticides, volatile organic compounds, PCBs, base/neutral and acid extractable compounds, polyaromatic hydrocarbons, halogenated volatile organic compounds, EPH/VPH compounds, 2,3,7,8-TCDD (indicators for dioxins and furons). Phoenix Environmental Laboratory of Manchester, Connecticut analyzed the sample. The results are summarized in Table 1. The laboratory report is included as Attachment 1.

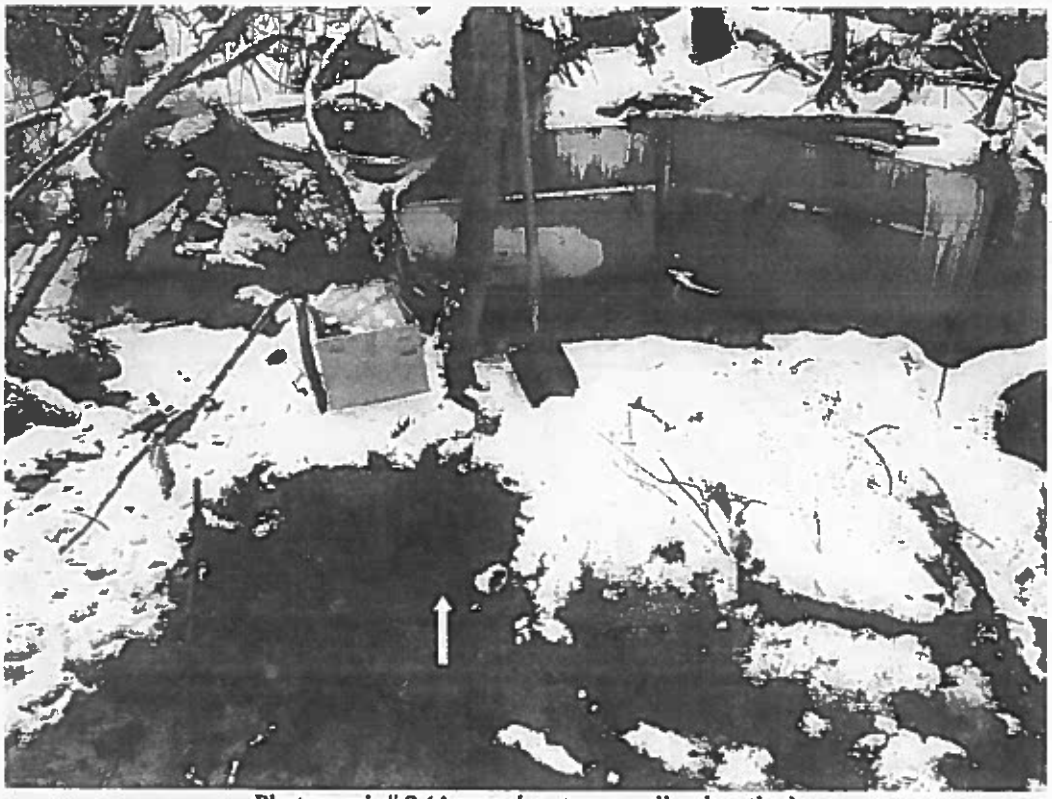
Discussion of Results and Conclusion

With the exception of four metals, no other compound or suite of chemicals were detected in the sample. The four metals and their respective concentrations that were present include; iron (14.3 mg/l), lead (0.007 mg/l), nickel (0.005 mg/l) and zinc (0.073 mg/l). Not surprisingly, these are metals commonly associated with automobiles and other fabricated metal parts. None of the detected levels exceed, or even approach, the Massachusetts Contingency Plan GW-1 standard, which applies to drinking water, or the GW-3 standard, which applies to surface water.

Based upon these results, it appears that aside from aesthetic and public safety concerns, the dump site poses no threat to the environment.

Pleas call me with any questions that you may have regarding this report.

Sincerely,



D'Amore Associates, Inc.

Denis D'Amore, Ph.D., P.E.

MEMORANDUM

To: Ms. Beth Rosenblum, Southborough Conservation Administrator

Cc: Susan Crane

From: Denis D'Amore

Date: August 16, 2005 (revised)

Re: Breakneck Hill Dump Site

The following is a summary of my initial field investigation and research regarding the Breakneck Hill Road farm dump site. I have prepared this memo for the Commission's review and discussion prior to crafting the scope of work so that the Commission can better decide how they would like to see this issue resolved once the initial investigation is completed.

I conducted a site visit on August 1, 2005 and walked the two stream channels that are located north and south of where dumping occurred. These two features represent the width of the filled area (approximately 450 feet). Because of the presence of dense undergrowth, I was unable to inspect much of the interior of the dump site. My observations are as follows:

- There is a significant quantity of various types of rusted metal debris strewn across the site (55-gallon drums in various stages of decay, large motor parts, rusty metal pieces, building materials (such as pallets, wood and concrete cinder blocks).
- At the upstream side (i.e., south end), the fill thickness appears to be approximately three feet thick.
- The stream along this side of the dump is ephemeral and was dry at the time of my inspection.
- At the downstream or north end of the site, the fill thickness is on the order of ten to twelve feet. For the purpose of orientation, this is where the overturned car is located at the toe of the slope right next to a second stream channel which appears to be perennial. There was observable iron staining between the debris and the stream in this location
- There was also significant iron staining on the west side of the outlet pipe of the pond (i.e., heading in the direction of Breakneck Hill Road (see attached photos). This staining appears not to be related to the dump site and is not located on Town property.
- The width of the filled area between the two streams (i.e., in a north-south direction) is approximately 450 feet. With the dense vegetation, it is difficult to estimate the east-west dimension of the fill.
- Because of the proximity of the fill to the perennial stream, capping the dump with clean fill may not be a viable alternative because of slope stability concerns.

To better understand the MADEP's policy regarding dump sites, I spoke, in a generic terms, with Dave Adams from the Northeast Regional Office Bureau of Solid Waste. Adams indicated that there are many such dumping grounds in the state and depending upon when the dumping occurred, oversight of the dump could either be the responsibility of the local Board of Health (BOH) or, if waste was placed after 1971, it could become the responsibility of the DEP Bureau of Solid Waste. Adams went on to say that there are two concerns with these dump sites; 1) physical hazard issues, and 2) hazardous waste issues.

I got the distinct impression from Adams that, because of the significant numbers of sites such as this one, if there were no hazardous waste issues then even if dumping occurred after 1971, the DEP would rather see the site managed by the local BOH. Adams indicated that although the DEP requires no formal notification to the Solid Waste Bureau, it would be prudent to do so in case they would like to have some input into the process.

In the absence of any hazardous waste issues, the DEP/BSW recommends removing the dumped material and restoring the site to natural conditions or at the very least, removing any physical hazards that exist.

If hazardous waste is present above reportable concentrations, then notification needs to be made to Bureau of Waste Site Cleanup (BWSC). The site would then matriculate through the standard MCP (Massachusetts Contingency Plan) process; Phase I Initial Site Investigation, Phase II Comprehensive Site Assessment, which includes an assessment of risk to human health, welfare, public safety and the environment, Phase Feasibility Study and Phase IV Remedy Implementation Plan (if necessary). The ultimate endpoint would be a Response Action Outcome (Class A, B or C). Again, because of the significant number of these sites across the State, my impression is that the solid waste group would prefer to see this managed by the hazardous waste group with informal notification to them.

Based upon the above, my recommendations for the scope of work tasks are as follows:

1. Collect a sediment sample from the iron stained area at the toe of slope of the dump site. The sample should be analyzed for Priority Pollutant 13 metals, pesticides, volatile organic compounds, PCBs, base/neutral and acid extractable compounds, polyaromatic hydrocarbons, halogenated volatile organic compounds, EPH/VPH compounds, 2,3,7,8-TCDD (indicators for dioxins and furons).
2. Clear and grub the entire fill area so that inspection of the interior parts of the dump site can be made. This would be best accomplished in leaf down conditions.
3. Concurrently with Task 2, remove and stockpile in 30 cubic yard dumpsters all surface metal debris and other C&D (construction and demolition) waste.
4. Excavate up to eight test pits across the dump site to determine the fill thickness as well as its composition.
5. Collect soil samples beneath the fill at the base of each test pit. The soil samples would be analyzed for the constituents identified in the sediment sampling results.
6. Collect a surface water sample from the watercourse on the north side of the dump site. The water sample would be analyzed for the constituents identified in the sediment sampling results.
7. Upon receipt and analysis of the laboratory results, determine if additional field investigations are warranted including but not limited to ground water monitoring wells.
8. Based upon the test pit results, estimate the fill volume and removal and disposal costs.
9. Prepare a site restoration plan once the fill has been removed.

Please contact me with any questions that you may have regarding this project.

Iron staining on left side of pond outlet

Iron staining on right side of pond outlet

Scope of Work
for
Breakneck Hill Road Farm Dump Site
Town of Southborough
September 7, 2005

The following is a Request for Qualifications (RFQ) and Request for Proposal (RFP) to conduct a preliminary investigation for the Town of Southborough at the Breakneck Hill Road Farm Dump Site. The objective of the assessment will be to:

1. Estimate the extent and types of solid waste that have been dumped at the site;
2. Ascertain whether there has been a release of oil and/or hazardous material to soil, groundwater or surface water at the site;
3. Estimate the per ton cost associated with removing the debris from the site vs. the cost to remove the surface debris and cap the dump site. Note that either option would have to be in compliance with DEP regulations (either BWSC or BSW); and
4. Based upon a cost benefit analysis of debris removal vs. capping, prepare a conceptual plan for the restoration of the site once the debris and any contaminated soil have been removed.

Background

2005
- 25
1980

The Southborough Conservation Commission has owned the Breakneck Hill Conservation Area for the past 25 years. The property consists of an 88-acre parcel of land that the Town purchased from a farmer, Ray Davis, who recently passed away. Until his death, Mr. Davis owned and operated a farm across the street from the property. Most of the parcel was formerly an apple orchard operated by Mr. Davis. His herd of Belted Galloway cows continues to graze on the property with permission from the Town during the warmer months.

In the course of various assessments of the property, it came to light that there is a large "farm dump" on the property, located directly behind Fallon's Pond. The pond is behind Harding Botanicals on Breakneck Road, adjacent to and just to the north of the conservation land parking lot on that road.

According to anecdotal reports, the farm dump was operated by Mr. Davis for decades, until as recently as five years ago. Mr. Davis is believed to have owned a farm equipment repair shop and it is reported that he dumped abandoned heavy equipment parts within the dump site limits. One neighbor, who observed crank cases, heavy motorized equipment and front end loader buckets at the dump, reported that he saw Mr. Davis covering waste with several feet of fill, using a bulldozer. Others have seen the remains of several cars there. It is reported that an old roof was dumped there, and it is suspected that cows were buried there. Mr. Davis was also known to have used and stored pesticides on the property for use on the apple orchard; a neighbor reported that he mixed them in or near Fallon's Pond.

Physical Setting

The following is a summary of the results of a recent inspection of the property that was conducted in August 2005:

- There are two stream channels that are located north and south of where dumping occurred. These two features represent the width of the filled area (approximately 450 feet). Because of the presence of dense undergrowth, the interior of the dump site cannot be inspected at this time.
- There is a significant quantity of various types of rusted metal debris strewn across the site (55-gallon drums in various stages of decay, large motor parts, rusty metal pieces) and building materials (such as pallets, wood and concrete cinder blocks).
- At the upstream side (i.e., south end), the fill thickness appears to be approximately three feet thick. The stream along this side of the dump is ephemeral and was dry at the time.
- At the downstream or north end of the site, the fill thickness is on the order of ten to twelve feet. The toe of the slope is immediately next to a stream channel which appears to be perennial. There was observable iron staining between the debris and the stream in this location.
- The width of the filled area between the two streams (i.e., in a north-south direction) is approximately 450 feet. With the dense vegetation, it is difficult to estimate the east-west dimension of the fill.

Site Visit

There will be a mandatory site visit of the dump site that will be held on SPECIFY DATE and TIME for any firm wishing to submit a bid on the following scope of work

Scope of Work

Based upon the above observations, the scope of work (SOW) tasks are as follows:

1. Collect a sediment sample from the iron stained area at the toe of slope of the dump site. The sample should be analyzed for Priority Pollutant 13 metals, iron, pesticides, volatile organic compounds, PCBs, base/neutral and acid extractable compounds, polyaromatic hydrocarbons, halogenated volatile organic compounds, EPH/VPH compounds, 2,3,7,8-TCDD (indicators for dioxins and furons).
2. Clear and grub the entire fill area so that inspection of the interior parts of the dump site can be made. This would be best accomplished in leaf down conditions.
3. Concurrently with Task 2, remove and stockpile in 30 cubic yard dumpsters all surface metal debris and other C&D (construction and demolition) waste. Any drums or pails containing liquids that are identified during this task should be isolated accordingly (i.e., either in 55-gallon drums with sealed tops or in overpack containers as warranted).
4. Excavate up to eight test pits across the dump site to determine the fill thickness as well as its composition.
5. Collect soil samples beneath the fill at the base of each test pit. The soil samples would be analyzed for the constituents identified in the sediment sampling results as well as other constituents not identified in the sediment sample based upon visual and olfactory field observations made at each test pit location.
6. Collect a surface water sample from the watercourse on the north side of the dump site. The water sample would be analyzed for the constituents identified in the sediment

sampling results as well as other constituents not identified in the sediment sample based upon visual and olfactory field observations of the surface water.

7. Upon receipt and analysis of the laboratory results, determine if additional field investigations are warranted including but not limited to ground water monitoring wells.
8. Based upon the test pit results, estimate the fill volume and removal and disposal costs on a per ton basis and compare it with an estimated cost to remove any remaining surface debris and cap the dump site. Note that either option would have to be in compliance with DEP regulations (either BWSC or BSW).
9. Based upon the results of Task 8, prepare a conceptual site restoration plan.

Additions or deletions to this scope of work may be made in responding to the RFP, however, clear justification for doing so must be provided. The cost for completing the nine tasks specified in the SOW must be included.

Requirements for Respondents to this RFP

1. Statement of Qualifications

    - Provide a qualifications package that describes the company's qualifications in completing this scope of work as well as implementing any future response actions at the site. Note that it is uncertain whether the site will be managed under the Bureau of Waste Site Cleanup Massachusetts Contingency Plan or the Bureau of Solid Waste. Consequently, experience with both sets of regulations is essential.
    - Provide a list of personnel including their resumes and a description of their tasks on this project for individuals who will be directly involved with the project.

2. Summary of Costs

Along with a total cost to complete this work, provide line item costs for each of the nine tasks specified in the SOW. Include unit costs for each laboratory parameter as well as all subcontracted services (i.e., drill rig, weekly/monthly rental rates for any storage containers, etc.).

If optional tasks are proposed, they should be kept separate from the specified SOW.

3. Schedule for Implementation

Provide a schedule for implementing the SOW. Consideration should be given to conducting the work in late fall when the interior parts of the dump site will be more visible.

Please note...

The Board of Health Davis Farm Dump file also contains several redundant memos, letters and is available for anyone to view. Several of these are copies, the originals of which are addressed to the Southborough Conservation Commission.

There is also a large manila envelope of letters, memos and reports the contents of which are marked in large bold letters **PRIVATE FOR TOWN COUNSEL – ATTORNEY/CLIET ONLY**.

DOWNTOWN BUSINESS VILLAGE DISTRICT V2 (LB)

Town Center District – rename as this is a new district and or could lead to confusion

December 4, 2020

Part I. Amend **§ 174-2** Definitions by adding the following new term and definition in appropriate alphabetical order.

BED AND BREAKFAST

Bed and breakfast is an establishment on owner-occupied property offering transient lodging accommodations to the general public, with not more than four guests rooms and food service limited to breakfast for guests.

CO-WORK CENTER

A building or portion thereof used for flexible work spaces offering short-term, monthly, or longer lease periods for self-employed people or people working for different employers, and typically providing shared furnishings, equipment, and business support services.

FAÇADE

The exterior side of a building.

MICROBREWERY

A microbrewery is a licensed establishment that produces and distributes beer, ale, or other malt beverages, and which may include accessory uses such as tours of the microbrewery, retail sales, and a taproom for on-site consumption. In addition to selling beer at retail on the premises, a microbrewery may act as wholesaler for beer of its own production for off-site consumption if it has a valid pub brewery license from the Commonwealth of Massachusetts.

MIXED-USE DEVELOPMENT

A development that includes both residential uses and nonresidential uses within a single structure. The ground floor facing the street shall be used only for permitted nonresidential uses, and the total gross floor area occupied by nonresidential uses shall be at least 10 percent of the gross floor area of the structure.

Part 2. Amend **§ 174-3 Districts enumerated** by adding the following new district:

K. Downtown Business Village District, referred to as DBV District. (need name)

Part 3. Amend **§ 174-8(C)(2)** as follows (amendment shown in italics)

Not more than one principal permitted use shall be located on any lot, provided that a multiple occupancy building used for the same category of use, such as retail sales and services, light manufacturing or offices in a business district or Industrial Park District, *or a mixed-use development in the Downtown Business Village District*, shall be deemed to be in a single principal permitted use. . . .

Part 4. Amend **Article III, Use Regulations**, by adding the following new section:

§ 174-8.4.1 Downtown Business Village District

A. Permitted uses are as follows:

(1) All uses permitted in the residential districts (RA and RB)

~~B. Permitted uses as follows:~~

(2) Mixed-use development, provided that each use in the development is a permitted use under this Section 174-8.12(A) or Section 174-8.12(B)

(3) Professional or business office, or bank, but not including a medical or dental office

(4) Custom manufacturing of custom goods sold primarily on the premises, such as a woodworking shop, shop for artisan or craftsperson, or bakery

(5) Bed and breakfast

(6) Art gallery

(7) Child care center

(8) Co-work center

B. Permitted uses, up to a maximum of 3,000 square feet per establishment:

(1) Retail sales

(2) Ice cream shop, sandwich shop, candy shop, other specialty food service establishment serving walk-in customers (drive-through service is prohibited)

(3) Restaurant, with indoor seating and outdoor seating on an adjacent patio (drive-through

service is prohibited)

(4) Personal services such as barber shop, beauty salon, tailor, or shoe repair

C. Permitted uses by special permit from the Planning Board are as follows:

(1) Any use listed in Subsection C exceeding 3,000 sq. ft. per establishment

(2) Microbrewery

(3) Veterinarian, animal hospital, ~~dog kennel.~~

(4) Medical or dental office

(5) Multifamily housing, up to twelve ~~eight~~ units.

(6) Private garage or parking for more than three cars or more than one truck or other commercial vehicle.

(7) Indoor recreation, athletic or exercise facility.

D. Uses by special permit from the Zoning Board of Appeals are as follows:

(1) Accessory apartment.

(2) Conversion of a one-family house in existence for two years or longer to a two-family dwelling, on a lot with a minimum of 15,000 square feet.

(3) A mobile home or travel trailer used as a dwelling or business quarters for more than 30 days in a year.

E. Prohibited uses. All uses which are not listed above, legally nonconforming or otherwise allowable by the provisions of the zoning regulations are prohibited.

F. Development standards (Note: Also refer to § **174-10.2**, Town Center District plan review) are as follows:

(1) Minimum lot area: 5,000 square feet.

(2) Minimum frontage: 60 feet.

(3) Minimum setbacks:

1) Front: 10 feet.

2) Rear: 35 feet.

3) Side: 10 feet; 25 feet if adjacent to a residential district.

4) Other street: 10 feet

(4) Maximum front setback: 20 feet unless waived by the Planning Board.

(5) Minimum landscaped open space: 20 percent. At least 50 percent of the landscaped open space shall be contiguous and located between the front building line and front lot line unless the Planning Board approves a different placement of the open space as part of Site Plan Review.

(6) Maximum floor area ratio: 0.35 ~~0.45~~ as of right, or a maximum of 0.50 ~~0.70~~ by special permit from the Planning Board.

(7) Minimum Façade Buildout (% Lot Width) unless waived by the Planning Board.

1) With less than 50 feet of frontage: N/A

2) 50-80 feet of frontage: 60%

3) Over 81-100 feet of frontage: 70%

4) 100 feet or more of frontage: 75%

(8) Height regulations:

1) Maximum building height: 40 feet and three stories, except by special permit from the Planning Board under Section H below

2) Minimum ground floor height: 12 feet

3) Maximum ground floor height: 18 feet

(9) Residential dwellings. Single-family or two-family dwellings in the Downtown Business Village District shall comply with RB District standards.

G. Special Permit for Height Increase. The Planning Board may grant a special permit to increase the maximum building height to 48 feet and four stories, provided that the minimum rear setback shall be increased at a 1-to-1 ratio, e.g., an additional one foot of setback for every one additional foot in building height.

H. Additional Standards for Development in the DBV District.

Building Regulations

1) The principal entrance(s) to the building shall be on the front façade, which shall face the street.

2) The maximum distance between street-level entrances shall be 35 feet unless waived by the Planning Board.

3) The maximum depth of street-level commercial spaces shall be the lesser of 30 feet or 60 percent of the depth of the building unless waived by the Planning Board.

4) The maximum front setback in Section G(4) may be increased for purposes of amenities such as landscaping, a plaza, square, courtyard, recessed entrance, sidewalk, multi-use path, raised terrace, façade offsets, or outdoor dining, but not for automobile use.

5) Affordable Housing. In any multi-family or mixed-use building with 8 units or more at least 12.5 percent of units shall be affordable.

I. The operation of any marijuana establishment as defined in MGL c. 94C, § 1, including without limitation a marijuana cultivator, marijuana testing facility, marijuana product manufacturer, marijuana retailer or any other type of licensed marijuana facility is prohibited in all zoning districts of the Town. This prohibition shall not apply to the sale, distribution or cultivation of marijuana for medical purposes, licensed under Chapter 369 of the Acts of 2012 and currently permitted in the Town of Southborough. **[Added 4-25-2017 ATM by Art. 32]**

Part 5. § 174-10.2 **Town Center plan approval**

In the Town Center District, major site plan approval shall be by special permit from the Planning Board for any use requiring a special permit. In such cases, the procedural requirements and decision criteria of § 174-9, § 174-10, and 174-10.1(A) through (C) shall apply. The Planning Board may adopt design guidelines and apply them to major site plan approval applications regardless of whether a special permit is required.

Part VI. § 174-12 **Parking and loading regulations**. Amend the parking and loading regulations, as follows. Note that existing Section F should be renumbered to Section G.

F. Exceptions in the Downtown Business Village District. Off-street parking requirements for development in the Downtown Business Village District shall comply with Section E above except for the following uses:

(1) Dwellings: two spaces for each dwelling unit, plus one space for a customary home occupation or a professional use.

(2) Bed and breakfast: one space for each guest room plus two spaces for the owners and operators of the premises.

(3) Restaurants and other places serving food or beverages: one space for each four seats.

(4) Mixed-use development: one space per dwelling unit and one space per 300 square feet of nonresidential floor area.

(5) Professional or business office: one space per 300 square feet for ground floor offices and one space per 350 square feet for offices above the first floor.

Chapter 174. Zoning

Article II. Establishment of Districts

§ 174-3. Districts enumerated.

For the purpose of this chapter, the Town of Southborough is hereby divided into the following classes of districts:
A. Residence A Districts, which may be referred to as RA Districts.

B. Residence B Districts, referred to as RB Districts.

C. (Reserved)[1]Editor's Note: Former Subsection C, Business Districts, was repealed 4-14-1986 ATM by Art. 49.

D. Industrial Districts, referred to as ID Districts.

E. Industrial Park Districts, referred to as IP Districts.

F. Conservation Districts, referred to as C Districts.

G. Wetland and Floodplain Districts, referred to as WFP Districts.

H. Research, Scientific and Professional Districts, referred to as SP Districts.

I. Critical Resource Districts, referred to as CR Districts.
[Added 4-14-1986 ATM by Art. 38]

J. Village Business Districts, referred to as BV Districts.
[Added 4-14-1986 ATM by Art. 49]

K. Town Center District

L. ~~K.~~ Highway Business Districts, referred to as BH Districts.
[Added 4-14-1986 ATM by Art. 49]

M. ~~L.~~ Wireless Communication Service Districts, referred to as WCS Districts.
[Added 4-15-1997 ATM by Art. 52]

Chapter 174. Zoning

Article III. Use Regulations

§ 174-8. Schedule of Use Regulations.

[Amended 4-8-1985 ATM by Art. 37; 4-14-1986 ATM by Arts. 5, 25, 36, 37, 38, 40, 46 and 49; 4-30-1990 ATM by Arts. 48 and 50; 4-8-1991 ATM by Art. 52; 4-12-1993 ATM by Art. 43]

A. No building or structure shall be constructed and no building, structure or land or part thereof shall be used for any purpose or in any manner other than for one or more of the uses hereinafter set forth as permitted in the district in which such building, structure or land is located or set forth as permissible by special permit in said district and so authorized.

B. Further, no building shall be constructed and no building, structure or land or any part thereof shall be used and no lot shall be changed in size or shape unless in conformity with the dimensional regulations set forth for each district.

C. The following notes apply to all districts:

(1) All uses and buildings for which off-street parking is required, other than one- and two-family dwellings, shall be subject to the site plan review and approval by the Planning Board, as provided in § 174-10.

(2) Not more than one principal permitted use shall be located on any lot, provided that a multiple occupancy building used for the same category of use, such as retail sales and services, light manufacturing or offices in a business district or Industrial Park District or a mixed-use development in the Town Center District, shall be deemed to be in a single principal permitted use. The Board of Appeals may, by special permit, allow several different uses if otherwise permitted in the district or several buildings on the same lot if such uses or buildings are deemed to be compatible, meet the requirements of § 174-9 and result in improved circulation and land use patterns.

(3) For uses subject to a special permit:

(a) Refer also to § 174-9, Special permit requirements;

(b) References to a special permit being required for piggeries, dog kennels, riding stables and the raising of carnivorous fur-bearing animals are effective to the extent that such activities are not allowed by applicable state law or regulation;

(c) References to a special permit being required for riding stables are effective to the extent that such activities are not allowed by applicable state law or regulation;

(d) References to a special permit being required for a private school, nursery or kindergarten are effective to the extent that such activities are not allowed by applicable state law or regulation;
(e) References to a special permit being required for multifamily dwellings are effective if such dwellings are within a major residential development created with an optional special permit as specified in § 174-13.2A, and not for multifamily dwellings within a major residential development created by right as specified in § 174-13.2A; and

(f) References to a special permit being required for major residential development are effective if a major residential development is created with an optional special permit as specified in § 174-13.2A, and not for a major residential development created by right as specified in § 174-13.2A.

(4) (Reserved)

(5) Any lot created after April 8, 1996, in any zoning district except the BV Business Village District shall contain a minimum lot area of 20,000 square feet exclusive of wetlands as defined in the Wetlands Protection Act, MGL c. 131, § 40. Lots created under the Major Residential Development Bylaw (§ 174-13.2) flexible development provision that are less than 20,000 square feet shall be entirely exclusive of wetlands.
[Added 4-8-1996 ATM by Art. 54]

174-12 Parking and loading regulations.
[Amended 4-8-1985 ATM by Art. 36; 4-14-1986 ATM by Art. 47; 4-26-1990 ATM by Art. 43]

A. General requirements. There shall be provided off-street parking and loading facilities in accordance with the requirements of this section on the same lot as the use to which they are accessory, except that parking for nonresidential uses may be provided on a contiguous lot in the same ownership and zoning district as the lot on which the principal building or use is located. The Building Inspector shall interpret and apply the requirements for parking and loading spaces. Loading or parking layout for nonresidential uses shall be shown on and approved as part of a site plan under the provisions of § 174-10.

B. Surfacing. Required vehicular use areas shall be paved with bituminous concrete unless serving a single-family dwelling. An alternative surface may be approved by the Planning Board upon its determination that drainage, erosion, siltation, dust and appearance will be satisfactorily controlled. Where an alternative to bituminous concrete is authorized by the Planning Board, the following shall be complied with:

(1) Access drives shall be paved with bituminous concrete or other pavement authorized by the Planning Board for at least 15 feet inside of the street or property line unless the street itself is not paved.

(2) Grading and materials selection shall assure that surface materials will not be carried into the street and that drainage is positively provided for.

(3) If there are eight or more parking spaces there shall be provisions for identifying individual spaces through use of segmented bumper strips or other similar permanent means.

C. Dimensional requirements.

(1) Loading. Each loading space shall be not less than 10 feet in width, 14 feet in height and of such length that a truck or trailer occupying the space shall be entirely in the loading space and shall not project into any street, vehicular accessway or pedestrian walk. The loading space may use common access driveways and aisles with parking spaces, where such access is adequate for both purposes. If located within 50 feet of a residence district or if used frequently at night, loading spaces shall be enclosed. Loading spaces shall not be located within the required front yard.

(2) Parking. Each parking space shall be at least 9 1/2 feet wide and 18 feet long, exclusive of aisles and maneuvering space; for parking at right angles to a central aisle, the width of the aisle shall not be less than 22 feet, and an equal width shall be provided at each end of a row of parking spaces; for angle or herringbone parking at 45° or 60° and one-way circulation, the width of aisles shall be consistent with the dimensions recommended by the Institute of Transportation Engineers, provided that for parking facilities for more than five cars, the total area shall be not less than 300 square feet times the number of parking spaces. Unobstructed access to and from a street shall be provided and shall not require backing out into a street. Two or more nonresidential uses may share a combined facility, provided that its continued

availability is assured and the total number of spaces equals or exceeds the number required by this section. The number of parking spaces required by the Architectural Barriers Board located nearest to and to both sides of the entrance of a building used by the public and/or by employees shall be reserved for the exclusive use of handicapped persons and shall be identified by appropriate signs at each parking space and by the wheelchair symbol painted within each such parking space. Up to 25% of parking spaces dedicated to use by employees or occupants and not by the general public and up to 15% of such spaces for use by customers, visitors or general public may be reduced to not less than 17 feet by eight feet and marked as being reserved for compact cars only.

D. Loading requirements. Not fewer than the number of loading spaces indicated in the following table shall be provided:

Floor Area of Building or Structure (square feet)	**Retail Trade, Wholesale Trade, Storage, Manufacturing**	**Consumer Service Offices, Hotels, Institutions, Dormitories, Other Nonresidential Uses**
5,000 to 15,000	1	0
15,001 to 50,000	1	1
50,001 to 100,000	2	1
100,001 to 150,000	3	2
150,001 to 300,000	4	3
Each additional 100,000 over 300,000	1 additional	
Each additional 200,000 over 300,000	1 additional	

E. Parking requirements. Off-street parking spaces shall be provided according to the following schedule, and not more than 25% of the required parking spaces, other than for dwellings, shall be located in the required front yard.

(1) Dwellings: two spaces for each dwelling unit containing one or two bedrooms, three spaces for each dwelling unit containing three or more bedrooms, plus one space for each 80 square feet of floor area devoted to a customary home occupation or a professional use.

(2) Hotels, motels, board or rooming houses and other places providing overnight accommodations: one space for each room accommodation, plus one space for each two employees, plus one space for each 400 square feet of public meeting area and restaurant.

(3) Restaurants and other places serving food or beverages: one space for each three seats, plus one space for each employee, provided that drive-in establishments shall instead provide one space for each 50 square feet of gross floor area, plus one space for each two employees.

(4) Schools and colleges: two spaces per classroom for elementary and intermediate; 2 1/2 spaces per classroom for secondary, and one space per two students beyond secondary; none to be fewer than one space per teacher and staff.

(5) Banks and libraries: one space for each 250 square feet of floor area in public use, plus one space for each 500 square feet of other gross floor area.

(6) Hospitals, nursing homes, homes for the aged. Hospitals: one space per bed; nursing homes: one space per two beds; homes for the aged: one space per 1 1/2 units.

(7) Theaters, membership clubs and places of amusement, recreation and assembly (public or private): one space per four seats.

(8)Retail stores and consumer service establishments: one space for each 150 square feet of gross floor area, exclusive of storage space.

(9) Gasoline service stations: two spaces for each lubrication pit, lift or bay, plus one space for each employee.

(10)Warehouses: one space for each 1,500 square feet of gross floor area.

(11)Medical and dental offices: one space per 200 square feet gross floor area.

(12) Industry, processing, manufacturing, assembly and research and development: one space for each 300 square feet of floor area, plus space for company-owned trucks and vans and the required loading spaces.

(13) All other offices and nonresidential uses: 3 1/2 spaces for each 1,000 square feet of gross floor area.

(14) Temporary reduction in the number of paved parking spaces. Whenever new or increased off-street parking spaces are required to be provided on premises subjected to a site plan review and approval by the Planning Board under the provisions of § 174-10 hereof and if, in the opinion of the Planning Board, based on evidence presented by the applicant, the full number of parking spaces will not be needed for at least three years, the Planning Board may, in its approval of the site plan, temporarily reduce the number of parking spaces paved, designated, striped and graded, subject to the following requirements:
[Amended 4-8-1991 ATM by Art. 47]

(a)The Planning Board shall have the right to review the temporary reduction every three years or whenever evidence is presented to it that such review is warranted and shall have the right to require the paving and development of additional parking spaces up to the full number required by this chapter.

(b)The applicant shall be required to provide the entire area called for by this chapter and shall landscape, plant with grass or shrubbery and maintain as open space any part thereof not needed for parking.

(c) In no case shall the number of parking spaces developed, paved, marked and available for parking be less than 60% of the total number of such spaces called for by this chapter, and no cars shall be parked on undeveloped reserved land, except in an emergency. The areas to be developed and paved and to be temporarily held as landscaped open space shall be clearly identified on the site plan, and their location and layout shall be consistent with § 174-10B, C and D. Anyone required to provide at least 12 parking spaces and wishing to take advantage of this temporary reduction provision shall proceed in accordance with the provisions of this subsection and of § 174-10 hereof, even though not otherwise subject to its requirements.

F. Exceptions in the Downtown Business Village District. Off-street parking requirements for development in the Downtown Business Village District shall comply with Section E above except for the following uses:

(1) Dwellings: two spaces for each dwelling unit, plus one space for a customary home occupation or a professional use.

(2) Bed and breakfast: one space for each guest room plus two spaces for the owners and operators of the premises.

(3) Restaurants and other places serving food or beverages: one space for each four seats.

(4) Mixed-use development: one space per dwelling unit and one space per 300 square feet of nonresidential floor area.

(5) Professional or business office: one space per 300 square feet for ground floor offices and one space per 350 square feet for offices above the first floor.

G. Egress.

(1)Any driveway likely to carry more than 200 trips per average business day must comply with the following unless the Board of Appeals grants a special permit for an alternative configuration, upon its determination that safety will be adequately protected, based on commonly employed engineering standards:

	On Route 9	**Other Locations**
Exiting vehicle unobstructed sight distance at edge of traveled way	500 feet	200 feet
Driveway center-line separation from other driveways serving 200 plus trips	300 feet	100 feet
Driveway center-line separation from intersecting street sideline	150 feet	50 feet

	On Route 9	Other Locations
Maximum driveway width unless greater width justified by engineered design	24 feet	18 feet
Curb radius	50 feet	25 feet
Acceleration/deceleration lanes required	Yes	No

(2) No existing parcel shall be divided into lots with frontage which would preclude meeting the driveway separation requirements, unless access rights-of-way are deeded to enable shared egress.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, January 5, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple
Absent: Lisa Braccio

I. Chairman Healey called the meeting to Open Session at 6:38 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

Chairman Healey apologized for the technical issue with the public link to enter the meeting. The Board waited to open the meeting until the issue was fixed.

II. **Public Comment**
Margarite Landry called the meeting of the Library Board of Trustees to order at 6:40 P.M. Chairman Healey stated the reading of the Governor's prologue covers the Trustees as well as the Board.

III. **Scheduled Appointments**
Volunteer interview: Katherine Harvey – Cultural Arts Council (term 1/5/23); Cable Committee (term 6/30/22); Historical Commission (term 6/30/22)
Ms. Harvey was not in attendance and no interview took place.

Library Trustees and Library Director – Update
Library Director, Ryan Donovan gave an overview of the Library services offered during the pandemic. He reviewed many additions to free online resources such as Creativebug, HelpNow, JobNow, SkillShare, Kanopy, Freegal Music, Ancestry Library Edition and LibGuides. He stated there is also a chat feature to assist those looking for help with any Library services. Chairman Healey asked about usage data collection for online resources. Mr. Donovan stated they receive annual statistics and they are working to break that information down by month. Ms. Malinowski

asked how much staff time is utilized to maintain the online resources versus the other functions. Mr. Donovan replied that he manages the online resources and the staff devotes their time to marketing and curbside pickup. Ms. Malinowski asked about the pay structure of the online resources and Mr. Donovan explained and added that all are within the Library budget and are budgeted for next year. Mr. Shea asked about the usage of curbside pickup. Mr. Donovan explained that print usage is down due to the pandemic but is higher than larger neighboring communities. Mr. Shea asked about the physical improvements to the Library. Mr. Donovan stated that the Library is getting a new roof, the front stairs are being rebuilt and the majority of work is over with the rest completed within two weeks. He reviewed delays due to weather and the pandemic.

Chairman Healey asked when he would fully open the Library. Mr. Donovan stated he would like to fully open with no restrictions and the timing is dependent on the vaccine distributions. He hoped for a July opening timeframe. Mr. Stivers asked for additional areas to expand online content. Mr. Donovan described the grant he has applied for from ALA to give residents free online access to Consumer Reports. Chairman Healey asked about a future two-five- and ten-year plan for the Library. Mr. Donovan replied that there is a strategic plan through 2024 on the website and describe the process for beginning the next plan in 2023. Ms. Maney, Mr. Ekberg and Ms. Regan gave accolades to Mr. Donovan and the Library staff for their work to make online resources and curbside pickup available during the pandemic and construction. Ms. Landry Made a motion to adjourn the Library Trustees meeting at 7:14 P.M. Ms. Maney seconded and the motion passed all in favor by roll call vote.

<u>Brian Ballantine, Finance Director – FY2022 Budget update</u>

Mr. Ballantine summarized the presentation depicting the current draft of the fiscal year 2022 budget. He said currently the elevated tax rate is at 9% and the discussion will focus on expenses and revenues will not be increasing enough to lower the rate. He asked the Board for suggestions regarding adjusting the budget for future presentations. He gave three goals for the meeting which included a goal rate the Board would like to see the tax rate come down to, an estimate of percentage to capital and any departments or areas the Board would like to reduce. He also urged the Board to meet with Advisory regarding the budget. Chairman Healey asked him to share his screen to show his draft scenario and Mr. Ballantine did. Chairman Healey asked for clarification on the numbers and Mr. Ballantine confirmed that the tax rate as it stands is 9.02% and a 1% reduction equating to approximately $400,000. Mr. Shea stated the tax rate needs to come down but he does not have a specific recommendation right now. He asked for the absolute end date where the budget needs to be submitted for the warrant and Mr. Purple replied the last meeting in February. Mr. Stivers agreed with Mr. Shea's comments and suggested investigating for possible grant funding on the capital planning side of the budget. Ms. Malinowski stated she would not want to reduce the budget without understanding what would be cut to reach a goal tax rate. She added that she does not want to remove any capital items. She asked if there is anything in the budget that could be bonded. Mr. Purple requested a goal tax rate to present options to the Board with details as to how they came to those numbers. Chairman Healey gave an overview of three options for recommendation. Ms. Malinowski asked for a list of any additions to the budget from last year minus the SAP 2.5%. Mr. Purple detailed two full time positions for the Board of Health and Town Clerk. Mr. Shea asked that the operation and capital budgets be kept separate when looking at percentages. Chairman Healey asked Mr. Purple and Mr. Ballantine to review higher funded departments and ask them to revise

their budget at a 2%, 5% and 7% increase. Mr. Stivers stated he was in favor of this and asked the Board meet with Advisory soon.

IV. Reports

Chairman's Report

Chairman Healey confirmed that the Board read DPW Superintendent Galligan's email and asked to make the document part of the record for the meeting this evening. He summarized the update from Ms. Galligan and asked Mr. Purple to touch base with her to get an idea for a timeline for the January 19th meeting. Chairman Healey stated it was included in the email that CSX had reached out to the Police Department regarding people trespassing on their land. Mr. Purple stated he spoke with the Chief and he had no knowledge of this. Ms. Malinowski asked about next steps and Chairman Healey stated he will be reaching out to CSX to better understand the situation. The Board agreed.

CHA for CommCan, Inc.

Chairman Healey said he reviewed the Massachusetts General Law and contractual documents regarding the CHA with CommCan and found that the Town should be providing data of expenditures it has incurred resulting from the location of the marijuana dispensary in order to receive the 3% in gross revenues. Mr. Purple confirmed the Town has not been doing that. The Board discussed what avenues to take in order to locate the expenditures and agreed this should be done before pursuing any action regarding the contract and the provision of the $50,000 biannual payments.

BOS Office Hours

Chairman Healey asked the Board if they were interested in conducting Selectmen Office Hours over Zoom. Mr. Stivers stated he would like to and Ms. Malinowski volunteered. Mr. Shea asked if there were any open meeting law risks to holding office hours. Mr. Purple explained that there would be no deliberation or a quorum and therefore no risk of violating open meting law. The Board discussed the logistics and it was agreed it would not be recorded.

Chairman Healey gave an update on the hearing in Worcester Superior Court regarding a complaint relating to the December 18th meeting. He commended Mr. Davis for an excellent job representing the Board.

Members' Reports

Grant Funds Opportunities

Mr. Stivers described a missed grant opportunity and asked that the Board to highlight three-to-four areas where funding could be found for a part-time grant writing position. Chairman Healey stated that he agrees to identify funds for a 19.5-hour position. Mr. Purple stated that there is no money for the position but he could review the budget to attempt to find funding. He explained how other departments have identified and were awarded grants but added that there should be a bigger discussion to determine the value of spending potentially $25,000-$30,000 on this position. Ms. Malinowski stated she did not agree and said the need should be driven by the department heads and not the Board. She added that residents have volunteered to write grant applications that have not been utilized. Mr. Stivers agreed but felt the grant writer position would be a safety net as department heads have plenty of work already. Mr. Shea stated that if the funds could be found in the budget he would support a grant writer but added that the fiscal

year 2022 budget requires limiting the addition of expenses. Mr. Purple stated that he will compile a list of grants the Town has been awarded over multiple years.

Ms. Malinowski stated that she was honored to speak about two resident veterans. She stated Arthur Holmes passed away on December 28th at 92 years old. She stated he was a World War II Army Veteran and served many decades in the Board of Assessor's Office for the Town of Southborough. She extended condolences to his family.

Ms. Malinowski stated that Arthur Butler, a World War II Army Veteran and a US Army Tech Four Sergeant will be celebrating his 100th birthday. She stated he participated in the invasion in Okinawa and received the Bronze Star and Purple Heart. She stated there will be a drive-through parade on Friday to wish him a happy birthday and recognize his service.

Town Administrator Report

Mr. Purple explained the clarifying opinion from Town Counsel and stated Mr. Pisinski resigned from his current position as Public Health Director and he will now work six hours a week at the discretion of the Board of Health. He added that an interim Public Health Director has been hired at 19.5 hours a week starting on January 19th subject to funding. He added this will be on the Advisory agenda for tomorrow. He explained that the Public Health Nurse is resigning in February and the Board of Health is discussing whether to replace that position at a full or part-time level. Mr. Purple explained that some of those hours may be eligible for CARES ACT reimbursement but Advisory is setting up the reserve fund if they are not covered. Ms. Malinowski asked if there were any current requests for reserve fund transfers. Mr. Purple explained the request from the Fire Department for radio systems.

Mr. Purple stated that a vaccination distribution plan is being applied to the State by the end of the week. Ms. Hale explained a meeting she had with the Manager-Director of AFC in Marlborough, Ms. Chamberlain, Chief Achilles and the Board of Health staff regarding logistics for providing a vaccination clinic in Southborough. She stated they are still waiting for final confirmation of when they can proceed.

Public Records Requests, RE: Recreation

Mr. Purple explained there were several public records requests regarding an incident with the Recreation Department and the Board decided to protect the confidentiality of a personnel matter when it had occurred. He stated that the remaining documents requested had been released. Chairman Healey stated he was not on the Board when the incident occurred but, in this instance, the process worked as it should. He explained what had transpired and stated the District Attorney made the decision that the Town could not seek criminal litigation because the Town was reimbursed. He reiterated this was not the decision of the Town and the Town had acted properly.

V. Consent Agenda

a. Chairman Healey made a motion to approve Open Session Minutes: December 15, 2020. Mr. Shea seconded. The motion passed all in favor (4-0-0) by roll call, Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Chairman Healey made a motion to accept a donation of $250.00 for the Fire Dept. Ambulance Fund. Mr. Shea seconded. The motion passed all in favor (4-0-0) by roll call, Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Chairman Healey made a motion to accept the Massachusetts Office on Disability grant in the amount of $32,100 for ADA Self-evaluation and Transition Plan. Mr. Shea seconded. The motion passed all in favor (4-0-0) by roll call, Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Other Matters Properly Before the Board

Approve draft zoning bylaw for Downtown Initiative

Chairman Healey explained that there are two documents included in the packet that have not been merged or presented to the Board or public. He suggested approving the draft as redlined and review the second document which includes Mr. Costa's comments. Chairman Healey made a motion for the Board to approve the redlined version provided by Ms. Braccio and with that approved redlined version with Mr. Costa's comments included for a presentation of a single document for the January 19th meeting for vetting. Mr. Shea seconded. Ms. Malinowski added that she would like floor area ratio included at .35 by right and .5 by special permit as agreed upon. Chairman Healey amended his motion for the redlined document to include a specific reference to floor area ratio as mentioned. The motion passed all in favor (4-0-0) by roll call, Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Discussion of policies and practices for boards & committees

i. Code of Conduct

Chairman Healey explained the current Code of Conduct adopted in 2016 and asked if there was an appetite for incorporating additional requirements. Ms. Malinowski stated that she compared Southborough's code to others and it is standard. She felt that decorum for virtual and remote meetings should be included. Mr. Shea suggested adding language to the first paragraph that states the code applies to meetings in-person and virtual. Mr. Stivers agreed. He added that it should include that the policy applies to volunteers as well. Chairman Healey volunteered to review the document and reinforced that the policy is not aspirational but what all should be adhering to. He added that other boards and committees not appointed by the Board could adopt their own as they are not appointed by the Board. Ms. Malinowski stated that she felt everyone should want to adhere to the same conduct as they are all working towards the same goal. Ms. Hale stated it would be advantageous to review the Remote Participation Policy as well. She said would send the policies to the Board. Ms. Malinowski stated there is confusion among boards and committees as to how to conduct their meetings and Ms. Hale stated she will research through the MMA website for a list of proper procedures for guidance.

ii. AG opinion – Sandisfield OML violations

Chairman Healey explained that the Attorney General's opinion states that boards and committees should no longer list chair or committee updates and leave out any topic known to be discussed prior to an agenda posting. He stated the Board has adjusted quickly and added that Mr. Hegarty has sent the update to all boards and committees. Mr. Stivers stated he has seen numerous agendas consistently listing updates without individual topics. Chairman Healey asked Mr. Purple or Ms. Hale to coordinate with Mr. Hegarty to follow up with a reference guide outlining this opinion. Mr. Purple agreed and stated that the Town Clerk has been very helpful reminding boards and committees of new policies applied to the Zoom environment.

iii. Identify and establish list of contracted services

Chairman Healey stated a goal of the Board is to create a list of contracted services and audit which the Board may want to consider going out to bid for. He added that his interest is in legal

services for discussion. Mr. Purple stated the Town Accountant has prepared a list of contracted services for review that will be ready for the meeting on January 19th.

Discussion of Policy & Procedures for Building and Demolition permits

Chairman Healey stated this discussion is regarding whether the process is thorough enough to vet a potential demolition delay project. He added that he does not believe the demolition delay bylaw is serving the Town well and feels that it should be amended or updated in order to avoid issues such as what occurred at 45 Highland Street and 18 Middle Road. Mr. Purple described the procedures put in place to avoid issues which include adding the Historical Commission to demolition permit applications for review, the Historical Commission drafting rules and regulations within the bylaw, notification to those applying for demolition permits of the bylaw and a link to the bylaw has been added to the Building Department website. Ms. Malinowski asked if the Historical Commission had to sign off on every building permit and Mr. Purple clarified that they would only do so on those assigned to them by the Building Commissioner. Ms. Malinowski asked if the Historical Commission would be prepared to meet when needed and Mr. Purple stated they would. Mr. Shea asked if any sign off from the Commission would require a meeting and Mr. Purple stated he believed so. Mr. Stivers described his concern for the process and urged all parties reviewing the permit and accompanying documents to look at all aspects of the application. He added that the bylaw is poorly drafted and is a liability waiting to happen for the Town. Chairman Healey asked Mr. Purple to share any drafts made by the Commission with the Board and he agreed to do so.

Capital Planning Policy discussion

Mr. Malinowski outlined how the policy was drafted and explained that the goal is to create consistency regarding funding sources and processes to follow in order to present articles at Town Meeting. He added that most of the document was created from similar communities who had received a grant to create a capital planning policy. He asked the Board for any feedback in order for the Board's support of the policy. Chairman Healey stated he had watched the Capital Planning Committee discussions regarding this policy and he is comfortable with the work that has been done. Ms. Malinowski asked if there where a mechanism for notification if a department is applying for a grant that may need a funding match. Mr. Malinowski described the Fire Department grant through the CPA as an example. Chairman Healey made a motion to approve the Capital Planning Policy as proposed by the Capital Planning Committee and to be endorsed and adopted by the Board. Mr. Shea seconded. The motion passed all in favor (4-0-0) by roll call vote, Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VII. Public Comment

Paul Cimino stated that Chairman Healey's microphone was poor and he had issues hearing him throughout the meeting. Mr. Cimino suggested that funding a grant writer could be contingent on the success of the grant application and payment could be taken from the funds awarded. He commented that Selectmen Office Hours should not be recorded. Mr. Cimino stated that Chairman Healey spoke eloquently to the public records request through the Recreation Department but felt that the releasing of the document redacted as it was, was probably ill-advised. He then asked about the status of March Town Meeting. Chairman Healey explained that the Board is going to move forward with the assumption that the March 20th Town Meeting will happen until guidance indicating otherwise is released. Chairman Healey asked Mr. Cimino to look into provisions from the State for postponing Town Meeting due to the pandemic and he said he would do the same.

VIII. At 9:29 PM. Chairman Healey made a motion for the Board to enter into Executive Session per M.G.L. Chapter 30A, Section 21, and not return to Open Session, to comply with, or act under the authority of, any general or special law (Exemption 7) to review and approve the Executive Session minutes of November 17, 2020. Mr. Shea seconded. The motion passed all in favor (4-0-0) by roll call vote, Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Upcoming Meetings
January 19, 2021
February 2, 2021

Respectfully submitted,

Kathleen Barry, Recording Secretary

To: Honorable Board of Selectmen

From: Chief Kenneth M. Paulhus

Subject: Appointment of Student Officer Tyler Lu

Date: January 11, 2021

Dear Board of Selectmen:

Please consider my request to appoint Mr. Tyler Lu as a Student Police Officer with the Town of Southborough, effective February 1, 2021. Mr. Lu is currently a Southborough Special Officer. He is transitioning to Student Officer in anticipation of his start date on February 8th at the MPTC Randolph Police Academy. The extra week will allow for department in house training.

The position was approved at the June 2020 Town Meeting. Mr. Lu's compensation will be seven-hundred dollars per week (Local 167 Contract), until his MPTC Graduation when he will transition to Probationary Officer.

Please contact me with any questions or concerns.

Kenneth M. Paulhus
Chief of Police

Subject:	DRAFT Site Assessment Report —Davis Farm Dump off Breakneck Hill Road, 10/19/20

What follows is a draft report of my finding at the Solid Waste Breakneck Hill Road Farm "Dump" site in the Northwest corner of property once belonging to a Mr. Davis and sold to the Town of Southborough. Melissa Danza and I walked the site on September 29, 2020. Solid waste covers an irregularly, oval shaped area approximately 400 feet by 800 feet . It appears that at the time of our walk- thru the site and based on the previous investigations by other professionals, THERE IS NO TOXIC OR HAZARDOUS CHEMICALS OR SUBSTANCES ON THE SURFACE OF THIS SITE , which in my opinion would pose a current Public Health Risk. Please refer to maps and drawings of this area attached to this report as well as documents submitted to the Southborough Conservation Commission. It would appear that the area with solid waste constitutes about 5 to 6 acres, although the exact size would need to be surveyed to better ascertain this estimate. Also, Mr. Davis must not have been aware of exact bounds and property lines of his property. Town assessor maps show solid waste which has "spilled " onto adjoining properties, particularly the property belonging to Number 60 Breakneck Hill Road and will need to be removed. A comprehensive site survey by a Massachusetts Registered Land Surveyor will need to be completed with appropriate boundary markers before any rectification of solid waste can be started. The site is overgrown with brambles, vines, trees, shrubs and weeds. The ground was "squishy in numerous places on the site, with unseen below ground voids,
indicating decomposing wooden or metal waste and could constitute a dangerous condition if a person were to fall through. There were numerous surface voids and openings where waste had rusted or decayed to such an extent that the site was pock-marked with these small craters.

The property was assigned to the care, protection and management of the Southborough Conservation Commission. The trash, solid waste and discarded debris at the site was on the property when the Town took possession of and Title to the property and to my knowledge no further material has been deposited or disposed at this site or in the last several years after the Town took possession.

I visited the site with the Board of Health Chairman (Mr. Phillip Mauch) in or around 2005 or 2006. The site has had considerably more vegetation and growth of trees, vines, shrubs and weeds in that 15 year period of time. The visible surface trash consists of old tires, abandoned cars, trucks, farm vehicles and farm equipment, broken metal and plastic pails, broken metal parts, metal and wooden cases, broken glass windows and broken glass bottles , ceramics, demolition debris, discarded furniture, bookcases, desks,
and all manner of household trash (broken containers, cans and plastic parts).

The Conservation Commission hired several consultants to document conditions at this site in the past. I am making their reports and findings as attachments to this brief site assessment. The essence of their reports, especially those of the Licensed Site Professional (LSP) fully document the Surface leachate and laboratory analysis of samples taken at the time of their visit. The leachate analysis did not detect any hazardous or toxic PUBLIC HEALTH harm at the time the samples were taken and analyzed.

At this time, I have no reason to believe, nor do I have access to undertake or hire expertise to repeat any further testing to determine if the site poses a PUBLIC HEALTH THREAT to the neighborhood or the public who might visit this site. However, the trash dump site with partially buried and exposed SOLID WASTE IS A DEFINITE PUBLIC SAFETY DANGER TO THE GENERAL PUBLIC and the town must take action to remedy this situation.

The dump site most likely predates the Massachusetts DEP regulation requiring the formal process of establishing a Site Assignment —-310 CMR 16.00 which was enacted long after Mr. Davis started disposing of solid waste on his own land. This regulation is very specific and requires the Board of Health to hold a public hearing prior to allow anyone to dispose of solid waste on ANY site. Now that the trash is there and poses a PUBLIC SAFETY HAZARD THE TOWN and several town boards, commissions and departments will need to work cooperatively to rectify the situation at this site. I do not believe a Public hearing as required by 310 CMR 16.00 is necessary since the "dump" is there and the Conservation Commission, as owners/caretakers of the property are NOT seeking a new landfill.

RECOMMENDATIONS

I would like the Board to consider embarking on the following steps. Everything concerning these recommendations is entirely contingent upon many other Town Boards, Committees, Commissions and Departments working in concert similar to the manner that was established for going thru the process of closing the Parkerville Road landfill but without having to go through a caping, methane gas collection/elimination system , and quarterly monitor well analysis and reporting.

1. As was already mentioned, the property needs to be surveyed with clearly staked bounds, and plot plan duly stamped and certified by a Massachusetts Registered Land Surveyor
2. A tree and brush removal company will need to be hired with a wood chipper. Tree logs will need to be either chipped or removed off site.
3. The Town will need to prepare bid specifications to retain the services of a company that is qualified to remove the old partially decomposed trash, debris, stumps, glass, and other material that might pose a safety hazard to the general public and restore the site to the visual and environmental satisfaction of the Conservation Commission and the Massachusetts DEP, Central District Office, Section Chief, Solid Waste Management Program.

I have discussed the current situation and condition of this site with the Worcester District Office of DEP and the individual in charge. He was very helpful with suggestions. I think we should keep in contact with the DEP Section Chief as this project moves forward to whatever timeline and funding mechanisms the Town elected and appointed officials establish is doable and the Legislative Body decides it can afford.

Respectfully Submitted:

Paul Pisinski,
Part-Time Public Health Director/Board of Health Agent

(508) 485-3235 (508) 485-3887 (FAX)

ADMINISTRATION

DATE: January 13, 2021

TO: Marty Healey, Board of Selectmen Chair
Mark Purple, Town Administrator

FROM: Steve Achilles, Fire Chief

RE: FY22 Revisions to Schedule D and E of SAP

The fire department is seeking the Board's support and approval to remove the current provisions of Schedule D of the SAP, excluding the Detail language, and replace with following compensation structure:

Probationary EMR, EMT or Basic Firefighter:	$0 / hr.
Emergency First Responder (EMR):	$15.00 / hr.
EMT or Firefighter I:	$19.00 / hr.
Advanced EMT or Firefighter I/II-EMT	$23.00 / hr.
Paramedic or Firefighter I/II – Advanced EMT	$25.00 / hr.
Firefighter I/II – Paramedic	$27.00 / hr.

The department is also requesting approval to revise the Emergency Management Coordinator annual compensation in Schedule E from $2000.00 to $3000.00.

We have presented both to the Personnel Board and have include each in our FY22 Budget Proposal. I am prepared to discuss these requested revisions at your earliest convenience.

Grade	Minimum		Maximum	
	Hourly	Annual*	Hourly	Annual*
1	$11.23	$23,360	$14.29	$29,732
2	$12.25	$25,484	$17.36	$36,103
3	$18.38	$38,226	$25.53	$53,092
4	$22.46	$46,721	$31.65	$65,834
5	$28.59	$59,463	$42.88	$89,195

**This represents the annualized rate if a Part-Time employee worked a 40 hour week; however, under this Bylaw, Part-Time employees work 20 hours or less per week.*

Municipalities are subject to the federal minimum wage law, not the state law.

SCHEDULE D: FIRE DEPT POSITIONS (not covered by Collective Bargaining Agreement)

Grade	Proposed Pay Structure	Drills	Boxes	Signal 55
1	Firefighter (Entry Level)	0.00	0.00	0.00
2	Firefighter I Certified	18.00	16.00	16.00
3	Firefighter I/II Certified	19.00	17.00	17.00
4	Firefighter I Certified/Operator	20.00	18.00	18.00
5	Firefighter I/II Certified/Operator	21.00	19.00	19.00
6	EMT (Entry Level)	0.00	0.00	0.00
7	EMT	18.00	16.00	16.00
8	EMT-I	20.00	18.00	18.00
9	Firefighter I Certified/EMT	20.00	18.00	18.00
10	Firefighter I/II Certified/EMT	21.00	19.00	19.00
11	Firefighter I Certified/Operator/EMT	22.00	20.00	20.00
12	Firefighter I/II Certified/Operator/EMT	23.00	21.00	21.00
13	Lieutenant	24.00	22.00	22.00
14	Lieutenant/EMT	26.00	24.00	24.00

Details. On any occasion that the Fire Chief determines that public safety is at risk (fire watches, pyrotechnic displays, pyrotechnic blasting for construction, etc.) and calls for a detail consisting of a Firefighter or Firefighters [not covered by any other collective bargaining agreement] to stand-by during any of these situations to monitor for fire, explosion, or any other possible hazard, the person or persons assigned to the detail will be compensated in the following manner:
$50.00 per hour
$56.00 per hour/ for week-end or holiday

SCHEDULE E: MISCELLANEOUS ANNUAL COMPENSATION SCHEDULE

Cemetery Agent $8,000
Clerk, Board of Registrars $1,638.33
Emergency Management Coordinator $2,000
Energy Management Stipend $6,000
Registrar of Voters $205.66
Town Counsel (not including fees) $1,704.33
Tree Warden $4,000
Veterans' Agent and Director of Veterans' Services $15,000

To: Boards and Committees

From: TBD: TA/Board of Selectmen

Re: Meeting Agendas

On November 20, 2020, the Office of the Attorney General (OAG) made an Open Meeting Law determination that stated as follows:

> A public body must post notice of every meeting at least 48 hours in advance, not including Saturdays, Sundays, and legal holidays. G.L. c. 30A, § 20(b). **Notices must include** the date, time and place of the meeting, as well as a **"a listing of topics that the chair reasonably anticipates will be discussed at the meeting." Id. The list of topics shall have sufficient specificity to reasonably advise the public of the issues to be discussed at the meeting. 940 CMR 29.03(l)(b). We generally consider a topic to be sufficiently specific when a reasonable member of the public could read the topic and understand the anticipated nature of the public body's discussion. See OML 2015-35.3 A public body may discuss a topic not listed on a meeting notice if the topic was not anticipated by the chair 48 hours in advance of the meeting. See OML 2017- 2; OML 2013-87.** (emphasis added)

In its determination the OAG found that items such as "Selectmen's updates and Town Manager updates" did not satisfy those notice requirements. The OAG found that the term "update" was insufficiently detailed because it failed to list specific anticipated updates. The OAG cited a previous Open Meeting Law determination stating that a **"[p]ublic body chair must list all topics the chair anticipates will be discussed and, as a best practice, should solicit from non-members detail regarding the precise matters to be discussed."** (emphasis added)

In light of this determination, boards and committees that list on their agendas "updates" or "reports" or some similar from, e.g., Chair, Members, Director, Executive Director, Coordinator, Department Head, Project Manager, etc. should include a listing of topics that are expected to be included in the update or report. Per the OAG's determination, a board or committee may discuss a topic not listed as an item under "update" or "report" *if the topic was not anticipated by the chair 48 hours in advance of the meeting.*

Note that the determination does not address, and would not seem to be concerned with, items as part of an update or report that are intended to provide notice of upcoming events, actions or deadlines, as well as items of recognition or acknowledgment. Whenever practicable, though, those items should be listed on the agenda as well.

KENNETH M. PAULHUS
CHIEF OF POLICE

TOWN OF SOUTHBOROUGH
POLICE DEPARTMENT

32 Cordaville Road
Southborough, Massachusetts 01772

Emergency: 9-1-1

Business: (508)485-2147
Fax: (508)485-4634
kpaulhus@southboroughma.com

To: Honorable Board of Selectmen

From: Chief Kenneth M. Paulhus

Subject: Appointment of Student Officer Tyler Lu

Date: January 11, 2021

Dear Board of Selectmen:

Please consider my request to appoint Mr. Tyler Lu as a Student Police Officer with the Town of Southborough, effective February 1, 2021. Mr. Lu is currently a Southborough Special Officer. He is transitioning to Student Officer in anticipation of his start date on February 8th at the MPTC Randolph Police Academy. The extra week will allow for department in house training.

The position was approved at the June 2020 Town Meeting. Mr. Lu's compensation will be seven-hundred dollars per week (Local 167 Contract), until his MPTC Graduation when he will transition to Probationary Officer.

Please contact me with any questions or concerns.

Kenneth M. Paulhus
Chief of Police

To: Southborough Board of Selectmen

From: Police Chief Kenneth M. Paulhus

Subject: Part-Time Telecommunications Officer/Dispatcher

Date: January 13, 2021

Dear Board of Selectmen:

Please consider my recommendation to appoint Mr. Daniel Moreira as a Part-Time Telecommunications Officer with the Southborough Police. The Department is looking to expand the number of P/T Staff in order to fill open shifts.

Mr. Moreira is a resident of Milford. He is currently enrolled in the Criminal Justice Program at MA Bay Community College, and working for Securitas in Westborough. Mr. Moreira is also fluent in Portuguese, and proficient in Spanish.

His appointment would be of great benefit to the Southborough Police Department. The starting date will be determined shortly after successful completion of a number of screening checks, and the Boards approval.

The recommended pay rate would be Grade 3 of the SAP, $21.00 per hour. Please feel free to contact me with any questions you might have.

Kenneth M. Paulhus

- Offered enthusiastic and personable service to all customers.

Education

MassBay Community College — CURRENT

High School Diploma — June 2019
Milford High School, Milford, MA

January 6, 2021

Dear Chief Kenneth Paulhus,

I regret to inform you that I will be terminating my employment as a Police Officer with the Southborough Police Department. My last day will be January 6, 2021. It has been a pleasure working as a police officer for the Southborough Police Department for the last four months. I must admit this was a tough decision, but I believe it's the best decision at this time.

I cannot express enough gratitude for hiring me weeks before graduating from the Police Academy. Southborough will always hold a place in my heart. As my time with this department was short, I have learned how to be an effective community leader in any city/town I work for.

I hope to still keep a professional relationship as I will be starting a new journey one day with a new police department. I am thankful for the opportunity to serve with this police force. I wish you all the best.

Respectfully Submitted,

Brandon Donahue

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, February 2, 2021, 6:00 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. At 6:00 P.M. the Board entered into Executive Session per M.G.L. Chapter 30A, Section 21, and returning to Open Session, for the following matters –to discuss a Step 3 grievance filed by Local 167, MCOP (Exemption 3); and to comply with, or act under the authority of, any general or special law (Exemption 7) to review and approve the Executive Session minutes of December 15, 2020, and review the April 25, 2019 and May 7, 2019 Executive Session minutes for release. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Public Comment
None

III. Scheduled Appointments
Volunteer Interviews:

i. Steven M. Hinterneder, P.E. – Capital Planning Committee, term 6/30/21

Mr. Hinterneder gave an overview of his background within his occupation and membership on the Board of Trustees for SOLF, the Breakneck Hill Cow Farm and ZOO New England. He stated his construction specialty could serve well for facilities and grounds, renovations and new projects. He described where he felt he could contribute to the Committee. Ms. Braccio thanked him for stepping forward and asked if there were any topics he felt interested him that were before the Committee. He replied the process the Town takes with the budget and spending. Ms. Malinowski asked where he could add the most value. Mr. Hinterneder replied that his specialty is underground construction and utility work which could help in new construction projects and the ability to look at a proposal from a different angle. Chairman Healey explained the origins of the Capital Planning Committee. Mr. Hinterneder thanked the Board and stated his is interested in contributing to the Town.

ii. John Reed – Capital Planning Committee, term 6/30/21

Mr. Reed gave a background of his professional career and Town volunteerism experience which included owning his own consulting company within the construction and engineering sector and serving one term on the Public Safety Building Committee. Ms. Malinowski asked if he has been following the work of the Committee and he stated that he has been keeping a pulse on some of the initiatives and he is interested in looking at the public schools and addressing them from a capital planning perspective. Mr. Shea asked if he had watched any of the Committee meetings and Mr. Reed stated he had not. Mr. Shea asked if he would be open to volunteer on other committees and Mr. Reed stated his passion is construction and engineering and he would prefer to serve on a committee related to that. Mr. Stivers asked if he would be generally available for the meetings and Mr. Reed explained that he could. Ms. Braccio asked how his expertise contributed to the success of the Public Safety Building Committee. Mr. Reed said described his ability for consensus and team building and reviewing all aspects of a project as assets he brought to the process.

iii. Alan Belniak – Capital Planning Committee; term 6/30/21; Economic Development Committee, term 6/30/23; Metropolitan Area Planning Council, term 6/30/22

Mr. Belniak gave a background of his professional career, specifically at VHB, his volunteerism in Southborough and explained his interest in the Committee. Mr. Shea asked if there would be a conflict with some capital items from the DPW who partnered with GHB. Mr. Belniak stated that he would be sure to follow the proper procedure if there were and that he has been trained to do so. Mr. Stivers asked about his knowledge of the Town budget. Mr. Belniak explained and gave examples of how to prioritize needs and services. Ms. Braccio asked how his expertise could be beneficial to the Committee and he replied his ability to review and analyze big scale projects. Ms. Malinowski asked about his interest and abilities for the EDC. Mr. Belniak described his interest and how he could add value.

Mr. Malinowski, speaking on behalf of the Capital Planning Committee, stated that he had the ability to speak to two of the three candidates and that there will be more than one opening in the near term. He added that the recruitment process for this opening was very successful and suggested the same path be taken for all openings.

The Board discussed the candidates and the options for each in relation to interest, experience and openings. Chairman Healey made a motion to appoint Mr. Hinterneder to the Capital Planning Committee; term 6/30/21. Ms. Braccio seconded. The motion passed (4-0-1) by roll call vote, Braccio, aye; Malinowski, aye; Stivers, aye; Healey, aye; Shea, abstained. Chairman Healey made the motion that Board will only consider the candidates that were before us tonight for the open position on Capital Planning Committee. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Chairman Healey made a motion to appoint Mr. Belniak to the Economic Development Committee, term 6/30/21. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

<u>Town FY20 Audit – Bill Fraher</u>

Mr. Fraher stated that the audit went well and there were no surprises. He walked the Board through the PowerPoint presentation included in the packet. Mr. Fraher lost connection and left the meeting. Mr. Stivers asked Mr. Ballantine if he agreed with the suggestions identified in the

audit. Mr. Ballantine explained that most of them are routine and the urgent ones in previous audits had been addressed. At 7:56 P.M. he Board agreed to have Mr. Ballantine present his budgetary update as they wait for Mr. Fraher to return.

Mr. Fraher returned to the meeting at 8:00 P.M. and cited connection issues as the reason for his departure. He continued presenting his slides. Ms. Braccio asked for his suggestions the Town should focus on over the next two years based on the trends he is seeing. Mr. Fraher stated that the Town is doing well with prioritizing but should invest more money in OPEB and the stabilization fund is low compared to what he has seen in other towns. Ms. Malinowski asked if there were any areas of an audit that the Town should be focusing on that has not been included in his analysis. Mr. Fraher stated that Southborough has done consistently well in their audit and gave credit to a strong financial management staff. Ms. Malinowski asked him to explain how he assesses if anything needs to be updated in regards to payroll and vacation and sick time. Mr. Fraher explained that the more centralized the management of these items are, the less problems will occur. Mr. Stivers asked Mr. Fraher if any items he identified were to of concern. Mr. Fraher stated no and explained his list. Mr. Purple praised the Capital Planning Committee and Mr. Ballantine in regards to integrating the stabilization fund with the capital plan.

FY2022 Budget update – Brian Ballantine, Finance Director

Mr. Ballantine explained the significant items that have been updated since the last update which included four new students for Assabet Valley Regional Technical High School and local aid is increasing approximately $150,000. He explained that the water fund will add additional $40,000 to the budget as an enterprise fund and added that they are waiting for the numbers from health insurance and the schools. He said as of now, the estimated tax rate increase is at 8.13%. He stated the budget exercises will be completed by departments and he will send out a budget recap by the end of the week.

Proposed Schedule D changes from Chief Achilles

Chairman Healey clarified that Chief Achilles had narrowed his proposal to include call firefighters only. Chief Achilles confirmed that was correct. Chairman Healey asked for any questions from the Board and there were none. Mr. Stivers made a motion to approve the proposed Schedule D changes from Chief Achilles. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Review of MTC survey document

Mr. Probst of the MTC explained the survey was created by leveraging what other cities and towns have created. He described the bi-annual structure and how to better market the surveys to gain a larger number of responses. Ms. Malinowski stated she felt the survey was too long and asked if they were open to feedback regarding length and frequency. She asked if they have reached out to the Advisory Committee and the Capital Planning Committee for their input. Mr. Probst responded that they are open to feedback and had not yet reached out to other boards and committees but will do so. He added that this survey will be conducted to cover all town services to avoid departments doing their own individually. Mr. Shea stated he is also concerned with the potential for survey fatigue and applauded the MTC for modeling the survey after other towns. Mr. Stivers stated he was in favor of keeping the survey and frequency broad and streamline based on its success. Ms. Braccio stated that she echoes the concerns regarding frequency and length and urged them to avoid sending the second survey out in August due to

the number of residents on vacation. Chairman Healey asked for a report after the survey results are collated.

IV. Reports

Chairman's Report

i. MWRTA meeting update

Chairman Healey updated the Board on resources geared towards larger communities and commented that Southborough has only one route with a stop downtown that does not target senior housing. He added that MWRTA does not have a focus in Town for seniors and disabled residents and the Board should address this.

ii. OML policies

Chairman Healey asked if there were any comments on the document. Ms. Malinowski asked about removing the language regarding holding an emergency meeting within 48 hours. Chairman Healey explained why he included it in the document and Mr. Shea agreed it should be removed. He added he has only experienced one emergency meeting in his tenure which was in regards to the beginning of the pandemic. Chairman Healey made a motion to approve the OML policies with the removal of the emergency meeting sentence and communicate the document to boards and committees with this recommended approach. Ms. Braccio asked if the Board is able to vote on an item under the "update" agenda category. Chairman Healey withdrew his motion.

iv. 2021 Economic Development Legislation

Mr. Purple stated that Representative Dykema included $250,000 in funds for waste water treatment in Southborough in a capital bond bill which has been approved. He added the Governor will need to release this with funding and only about 30% of those projects are released. Chairman Healey added that the Town of Hudson has been provided $75,000 for a pilot commuter shuttle service which Southborough does not have and stated it was worth exploring.

Members' Reports

i. Office hours update

Mr. Shea stated there were two attendees over the hour and described their discussions which included Park Central, a recycle-only permit for the Transfer Station and strategies for promoting the upcoming Downtown Initiative ahead of Town Meeting. Chairman Healey stated Office Hours will be held next week from 7:30 – 8:30 P.M. with Ms. Braccio and Ms. Malinowski.

ii. MMA Annual Meeting workshops

Ms. Braccio gave a summary of a workshop regarding economic development and the opportunities for downtown. She also summarized the WEMO seminar and the One Stop Grant Program. Ms. Hale described the program and how it will be beneficial for the Town. Ms. Malinowski stated that she would like to work with Ms. McAuliffe and Mr. Purple to utilize someone to look at the Public Safety Building Meeting Room and Town House for hosting Zoom meetings for public participation which could be covered by the CARES Act.

iii. Update on Interface for YFS

Ms. Malinowski stated she had an opportunity to meeting with Youth and Family Services and attend the interface kick-off meeting. She explained the new interface that residents can call

Monday – Friday 9:00 A.M. – 5:00 P.M. to be matched up with counselling services. She added this is available on the Youth and Family Services and Town websites.

iv. Complete Streets MassDOT Submission Update

Mr. Stivers stated that the Public Works Planning Board has been working with Ms. Galligan to create a project plan for Complete Streets funding. He added that the DPW is working with VHB using the 2015 Sidewalk Committee report to prioritize the fifty-nine projects listed there. He stated Ms. Galligan will be sending the list to the Board for review and approval.

Ms. Braccio stated she was on the Frank and Mary Show on SAM and they spoke about Town Meeting, the warrant articles, Office Hours and vaccination clinics. She said it was a wonderful experience and she hopes to go back to speak about the budget.

Town Administrator Report

i. I-90 bridge meeting

Mr. Purple stated that work to replace the bridges on the Turnpike east and westbound will begin in June or August and there will be public virtual meetings that will be marketed through Twitter, the Blog and website when more information is available.

ii. Closeout of Advisory review of leave accruals

Mr. Purple stated that the Advisory Committee looked at accruals and payouts that accrued last fiscal year during the pandemic. He stated they specifically reviewed who had been paid out for any accrued time and four departments heads including he and the Police Chief took advantage of a one-week payout. He explained the Fire Chief had not and he had suspended the ability for his staff to take time during the beginning of the pandemic. Mr. Purple explained the agreement the Chief had made with the Union to pay out certain vacation time and that the Chief was clear that in doing so he did not set precedent. He stated that he collaborated with Mr. Malinowski and Mr. Ballantine to fix the issues and the Fire Department leave accruals will be managed by the Finance Team through Harpers. Ms. Braccio shared her concern that payouts were done outside of the contract approved by the Board and they were not made aware. She asked Mr. Purple to inform the Board of any business conducted outside of a contract, especially those that are financial in nature. Mr. Purple agreed and explained that this occurred between March and June during the beginning of the pandemic when moving all operations to remote. He added nothing was done maliciously. Ms. Malinowski shared her concern that the issue was identified by Advisory and that the Board was not aware of the issue. She added that she expects to know when items occur outside of regular operations and that she hopes the Personnel Board reviews the sick and vacation accrual policies in the SAP sooner rather than later.

iii. Update on availability of COVID-19 vaccine

Mr. Purple stated the Board of Health is trying to find opportunities to have seniors 75 years and older vaccinated and they are looking at hosting a Town vaccination clinic when it is open to the public. Chairman Healey expressed his concern for marketing this to seniors online. Mr. Purple stated Ms. LaFrancois has been conducting personal outreach to her contacts and it was highlighted on the Frank and Mary Show on SAM. He added there is a large number of volunteers assisting the Senior Center staff with outreach.

iv. Update on Town of Southborough v. Cram, et al.

Mr. Purple explained the tax title case and the letter issued on January 26th to Land Court to withdraw the complaint as agreed to by the Board after receiving the necessary funds. He stated this case is successfully closed. Chairman Healey praised the work of Attorney Cipriano and Mr. Ballantine.

V. Consent Agenda

Chairman Healey made a motion to approve the Open Session Minutes: January 19, 2021. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Other Matters Properly Before the Board

Recommendation for shared Administrative position between Selectmen & Treasurer offices

Chairman Healey asked Mr. Purple if the Board needed to approve this change and he stated that they did not but he would like the Board's approval as it is within the Selectmen's Office and could help in receiving support budgetarily. He explained the updates to the job descriptions and the Board agreed to review and discuss these at a later meeting. Ms. Braccio asked about the increase of hours from ten to seventeen for the shared position in the Finance Department. Mr. Purple explained the administrative needs for Conservation, IT and the EDC. Mr. Ballantine stated that he originally under-asked for the ten hours in light of the state of the budget. Ms. Malinowski commended Mr. Purple and Mr. Ballantine for combining the position and urged them to use the hours allocated flexibly and to utilize this person heavier on treasury side to improve their operations and systems. Mr. Purple explained the next steps for approval for the position which included the Personnel Board. Mr. Shea stated he supports the increased hours to seventeen for the Finance Department and urged proper flexibility reflective of busy seasons for each department. Mr. Stivers stated this was a good concept and suggested other departments that could have the capacity to assist with these administrative needs. He urged the Board to ensure Conservation has the administrative support they need. Ms. Danza stated that through collaboration between Mr. Purple, Mr. Ballantine and her they could find the best way to utilize this position.

Review of RFP documents for Legal Services

Chairman Healey asked Mr. Purple to present a proposed RFP from the samples in the packet at a future meeting. Mr. Purple agreed. Mr. Stivers stated he has a list of items he felt important to include and agreed to send them to Mr. Purple. Ms. Braccio stated she agreed with the process and was partial to the example from Chatham. Mr. Purple said that some documents give an explanation as to why the Town is going out to bid for these services and felt that if this were to be included, it should come from the Board.

Timetable for Town Administrator review

Chairman Healey suggested the documents be sent to the Board to review and return the documents with feedback within two weeks. The Board agreed. Chairman Healey asked the Board to return their documents by February 19th and he will collect and collate them.

Scheduling of Forum for Downtown District Zoning article and related Main Street issues

Chairman Healey stated the Planning Board public hearings for this will begin on February 22nd and he asked the Board when they felt their forum should be held. Ms. Braccio stated the Board needs to consider that they do not typically present zoning articles and they will be presenting to the Planning Board. She added that they should consider asking Ms. Barrett to attend the initial

Planning Board hearing to answer zoning questions. Ms. Hale stated that may be outside of what she was hired to do for the Town but it could fall within the parameters of the grant. Julie Connelly of the EDC stated that they would have to pay her more as she was engaged for two rounds of revisions to the zoning language which has been completed. Ms. Braccio stated she will reach out to Ms. Barrett. There was discussion regarding the presentation and Ms. Connelly suggested they use the EDC template they hope to send out to abutters. Mr. Shea added that he spoke with Ms. Reynolds during Office Hours regarding the importance of educating the public prior to Town Meeting in order for the article to pass. Ms. Malinowski stated she met with SHOPC who had concerns about the lack of ability to include affordable housing and to anticipate this being brought up at the forum and hearings. Mr. Stivers stated the same concerns were had by Mr. Stein of the Planning Board. Ms. Connelly asked if the EDC was authorized to send out the residential packets to abutters and those who attend the forum. Ms. Braccio stated that they were. The Board agreed to hold the forum at 7:30 P.M. during their February 16th meeting.

VII. Public Comment

None

VIII. On a motion made by Mr. Shea, seconded by Mr. Stivers and voted all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 10:36 P.M.

BOARD OF SELECTMEN
EXECUTIVE SESSION MEETING MINUTES
Tuesday July 13, 2021
MCAULIFFE HEARING ROOM, SOUTHBOROUGH TOWN HOUSE

Present: Lisa Braccio, Chelsea Malinowski, Marty Healey, Andrew Dennington, Sam Stivers and Town Administrator Mark Purple.

Executive Session

At 10:30 P.M. the Board entered into Executive Session per M.G.L. Chapter 30A, Section 21, and will not return to Open Session, to comply with, or act under the authority of, any general or special law (Exemption 7) to review and approve the Executive Session minutes of May 10, 2021 and June 15, 2021; and to discuss strategy with respect to litigation (assignment of pending legal cases), as the Chair has determined that an open meeting may have a detrimental effect on the Town's litigating position (Exemption 3).

Meeting Minutes: The Board reviewed the Executive Session meeting minutes from May 10, 2021 and June 15, 2021. After discussion, the Board voted by roll call to approve both sets of minutes as amended. Braccio, aye; Malinowski, aye; Stivers, aye; Dennington, aye; Healey, aye. Unanimously approved, 5-0-0.

Assignment of pending legal cases: The Board reviewed memos from Town Counsel Talerman and former Town Counsel Cipriano which detailed pending cases Attorney Cipriano could continue to handle and which cases should be transferred to new counsel [Attorney Talerman].

Attorney Cipriano felt that there were some tax cases in play. Going forward, Town Counsel Talerman would like to talk to town finance officials whether representation is needed in these cases. Attorney Talerman suggested he absorb all other pending cases, which would include Dwiggins and Park Central. Mr. Purple noted that Attorney Talerman will discuss payment terms with Attorney Cipriano regarding coverage of tax cases. The Board voted by roll call to adopt Attorney Talerman's recommendation regarding case assignment. Braccio, aye; Malinowski, aye; Stivers, aye; Dennington, aye; Healey, aye. Unanimously approved, 5-0-0.

Labor Counsel

Mr. Purple noted that Labor Counsel Tim Norris is under agreement for 90 days. Ms. Braccio inquired if Attorney Kate Feodoroff from Mead, Talerman and Costa would take over labor and employment cases. [redacted] Mr. Purple will meet with Attorney Feodoroff to assess her ability to do so and advise the Board.

On a motion made by Mr. Healey, seconded by Mr. Stivers and voted by roll call all in favor, Braccio, aye; Malinowski, aye; Stivers, aye; Healey, aye, Dennington, aye, the Executive Session adjourned at 10:50 P.M. Unanimously approved, 5-0-0.

Respectfully submitted by Vanessa Hale, Assistant Town Administrator

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, January 19, 2021, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Chelsea Malinowski, Lisa Braccio, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to Open Session at 6:31 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Public Comment

Town Moderator Cimino stated that the Governor's guidance regarding the timing of Town Meeting and quorum size from earlier in 2020 remains in place during the tenancy of the emergency order. He said he spoke with the Board and Town Clerk and all agreed a Town Meeting in March is not possible as COVID-19 vaccinations will not be completed for all by that time. A rescheduled date is required for which he did not have but wanted the Board, department heads and other boards and committees to be aware that the date will be moving closer to May or June. Chairman Healey asked about a process for informing the public and Mr. Cimino stated he is required to meet with public safety and the Board of Health before making an official postponement but he is comfortable informing the public that Town Meeting will not be held on March 20, 2021. He spoke about vaccination protocols in the State being an indicator of a safe time to hold Town Meeting. Mr. Purple agreed to work with Mr. Cimino to inform stakeholders and the public about the postponement. There was discussion regarding timing of budget and other board and committee obligations for Town Meeting.

Betsy Rosenbloom, Chair of the Personnel Board, asked how this would affect the work of the Personnel Board as they must conduct hearings for the SAP. Mr. Purple replied that the postponement opens the timeframe to continue to work on the budget and all articles.

III. Scheduled Appointments

<u>Conservation Commission – Update</u>

DRAFT

i. Breakneck Hill Farm

Melissa Danza, Conservation Agent, explained the work the Stewardship Committee has been doing at Breakneck Hill Farm and the challenges faced due to the uptick in trail users due to the pandemic. She gave a summary of the report from Mr. Pisinski regarding the site visit to the Breakneck Hill Farm dump from last year. She stated the Commission is waiting for a final decision from the Board of Health in order to move forward with the cleanup of the area. Chairman Healey asked for a timeframe and Ms. Danza stated it is dependent on the Board of Health. Ms. Malinowski asked about the increased budget for the Stewardship Committee. Ms. Danza explained where the additional funds would be allocated which included access to the Halloran property and various open space parcels under the direct care and control of the Commission. She added the increase for this year has been for maintenance. Ms. Malinowski asked for clarity regarding the reported public safety concern at the Breakneck Hill Farm dump and Ms. Danza explained that there is debris above the surface that could be a tripping or personal injury hazard. Mr. Shea asked about hiring an LSP to inspect the dump and encouraged all involved to move forward with this step as soon as possible. Mr. Stivers asked about the cost for an LSP and survey of work. Ms. Danza gave an estimate for the work and described the work that needed to be done. Ms. Braccio asked if there could be a safety fence or stakes put up around the hazardous area for safety. Ms. Danza explained that she would but the hazardous area is hard to get to. Ms. Braccio asked about funding the cleanup and Mr. Purple stated he would work with Ms. Danza on the budget and inform the Capital Planning Committee.

ii. Bigelow Road

Judith Watson stated that this is a larger scale Eagle Scout project under SOLF. She said the last hearing was October 1, 2020 and a certified survey was requested as is standard for an NOI. She added that the Conservation's jurisdiction lies in the wetland area. The next hearing with the Commission is January 28th. She described concerns from abutters and Ms. Danza stated that the project is so large the Eagle Scout may not have time to complete it. Mr. Shea stated that the Commission is working in the right direction and hopes for a positive resolution. Mr. Stivers agreed and stated it would be great to open this land for public access.

iii. Chestnut Hill Farm

Ms. Danza stated that the Commission and the Trustees will be looking into a resolution for the Trailhead Parking Lot in future meetings. Ms. Braccio asked about an updated management plan. Ms. Danza stated they will begin work on the plan this year and they will be working with the Trustees to review issues that have come up over the last eighteen months that need to be addressed. She hopes to have a draft document in July. Chairman Healey asked about the event applications applied for by the Trustees and where they would be categorized under the conservation restriction. He asked that definitions be clarified in the updated management plan. Ms. Danza agreed.

iv. Snow storage @ 22-24 Turnpike Road

Ms. Watson described the issues with snow storage at this address and the potential violations of the Wetlands and Stormwater Protection Acts. She stated they are waiting for guidance from the DEP ad are hoping for a response before the January 28th meeting. Chairman Healey asked about next steps if voluntary compliance was not made. Ms. Danza explained the process which included a letter to discuss the situation at an upcoming meeting and subsequent letters and fines. Ms. Braccio asked about the original permitting. Ms. Danza explained and stated the Commission's jurisdiction ends where the buffer zone ends. She added that this came to their

attention through a complaint and they have been following up every year. Mr. Possemato explained the issues with snow removal in Town. Mr. Stivers suggested the Commission work with the Planning Board and Building Inspector to resolve the issue.

v. 147, 149 & 151 Middle Road

Ms. Danza gave an update on the hearings and violations for this project. She stated that the hearing was continued from January 7th to January 28th and the applicant has agreed to work with abutters to come to an agreeable solution. Ms. Malinowski asked about the ramifications for clearcutting. Ms. Danza explained that exceeding the 50% threshold violates the stormwater management permit. Ms. Braccio asked if the applicant would have been allowed to clear-cut as they did if they had the current permits submitted prior to beginning the work. Ms. Danza stated they would if the application met the standards in the bylaw. Mr. Smith explained the discussion the Commission had regarding fines and explained that it is sometimes their view that a worthwhile mitigation may be to craft a solution that works for all parties instead of issuing fines. He gave an example of such which included additional landscaping to replace trees and add screening. Chairman Healey asked if there were a list of repeat offenders with past violations. Ms. Danza replied that there is an unofficial list and the Commission takes past violations in consideration for future projects.

vi. Deerfoot Road Ext. water issues

Ms. Watson gave an overview of the current water runoff in this location and the work done by the DPW. She explained that generally the catch basins are working as intended and there is minor work needed to be done in the spring. She added that they are working with homeowners and the builders to close out the permits and are anticipating that the final calculations submitted will be acceptable.

Mr. Shea stated he had multiple meeting with Ms. Danza and DPW Superintendent Karen Galligan and he praised Ms. Danza for her professionalism. Mr. Possemato and Ms. Watson did the same. Mr. Stivers agreed and asked if the concerns of the neighbors have been fully addressed. Ms. Danza replied that based on the calculations that have been submitted, they will have met the conditions of the bylaw and everything will be stabilized.

vii. Administrative staffing

Mr. Smith strongly requested a part-time administrative position for the Conservation Agent. He listed her current duties and tasks and described how some compromised her time while other more urgent or beneficial projects are ignored due to time constraints. He stated if Ms. Danza were freed of her more administrative tasks, she could perform more frequent site visits, meetings with applicants prior to hearings and managing the hundreds of acres of protected land. He added all of this would be a greater return on investment. Chairman Healey asked if they have met with the Advisory Committee and Ms. Danza said they have not. Mr. Stivers stated Town House staff is being restructured and suggested some resources could come from there. Mr. Purple described how the replacement of a retired position could provide support to other departments in the Town House. Chairman Healey stated the message has been heard.

<u>Fire Chief Achilles – Request to update Schedule D & E of SAP bylaw</u>

Chief Achilles stated that he would like the Board to consider a revised pay scale for call members and an update to the Emergency Management Coordinator stipend. He explained the duties of both and how each are currently compensated. Ms. Braccio asked what the Emergency

Management Coordinator position entails outside of their current position. Chief Achilles explained that the position is held by a full-time firefighter and outlined how the position supports the Chief from a logistical, planning and grant funding standpoint. He further explained how the position is the coordinator for CERT, MRC and ensures emergency plans. Ms. Malinowski raised concerns about a union employee also receiving a stipend through the SAP. She stated that she felt the stipend should be included in the union contract. Chief Achilles confirmed the decision for the position to be outside of the union contract was done before he was hired and it may be important to discuss during union negotiations with the firefighters and officers. Ms. Malinowski also stated she was concerned that the position was appointed by the Board. She asked to look into this and collaborate with the Chief regarding his needs and come to an agreement of how the position functions and is compensated.

Mr. Shea asked the dollar value of the increase in the Schedule D rates. Chief Achilles explained how the current call members are compensated and stated he is asking for a $5,000 increase in the part-time line of the budget. Mr. Stivers asked if the changes in rate were to help attract more to the position. Chief Achilles stated it would help with retention and the goal is to have ten members and they currently have seven. Chairman Healey asked if the Emergency Management Coordinator should be a firefighter and Chief Achilles explained the advantageous to having this position filled by a firefighter. Ms. Malinowski asked that the Board give Mr. Purple guidance to include the Cemetery Agent, Tree Warden and Emergency Management Coordinator stipend be done through union negotiations. Chairman Healey stated that because there is additional time for discussions due to the delay of Town Meeting, he was not comfortable making any decision this evening and will be seeking additional information regarding these topics.

IV. Reports

Chairman's Report

i. OML policies

Chairman Healey stated that he has been reviewing agendas and would not want any board or committee unknowingly open to an open meeting law complaint. He offered to revise the document and send it to the Board for review. Ms. Braccio agreed and Ms. Malinowski asked about guidance for members bringing up topics for their meetings within the 48-hour timeframe. She felt it should be allowed only if the topic does not require a vote or change in policy. Chairman Healey agreed and added that an update or "FYI" should be allowed. Mr. Shea requested language stating that any topic requiring a vote or results in a vote should be held until it is able to be included on a properly posted agenda. Mr. Stivers agreed and requested adding language that if the discussion is relative to a Board's policy and likely to result in changes, notice is required. Chairman Healey agreed to revise the document and present a draft for the February 2nd meeting.

ii. MSA Board appointment for District 5

Chairman Healey stated that Ms. Braccio has been appointed to the MSA Board as the District Five Representative. He stated this is a huge accomplishment as Ms. Braccio will represent all of Worcester County. The Board congratulated Ms. Braccio.

Members' Reports

i. Arthur Butler 100th Birthday parade

DRAFT

Ms. Braccio stated on January 8th Southborough participated in a car parade to New Horizons in Marlborough to honor Arthur Butler on his birthday for his service to Town and Country. She stated there were forty vehicles and he was presented the flag that flew over the Capital on Veteran's Day. She thanked all who participated and organized the event. Mr. Stivers stated that Mr. Butler joined a Dull Men's Club meeting which was a pleasure.

ii. Recognition of DPW crew for response to water break

Mr. Shea recognized the DPW and their efforts to repair two water main breaks over the weekend. He added they went out in adverse conditions and thanked them for their efforts. Ms. Malinowski echoed his thanks.

iii. Office Hours

Ms. Malinowski gave a summary of the first Office Hours held over Zoom. She suggested that all participants be brought in together and muted until their turn as she saw people leave the waiting room before they were able to speak. Ms. Braccio agreed and compared Zoom Office Hours to regular in-person Office Hours. Mr. Stivers asked that Office Hours be advertised more broadly and suggested reaching out to MySouthborough.com.

Ms. Malinowski stated that Youth and Family Services is hiring a consultant to do a needs assessment. She added this was an eight-week process to see if they are properly staffed and the consultant will be giving recommendations. She stated that Youth and Family Services are looking for Board representation. There was discussion on how many Board members should participate and the possible perceptions from the public. Chairman Healey stated he designated the Board liaison, Ms. Malinowski, should be the Board representative on the assessment group.

<u>Town Administrator Report</u>

i. Annual Town Meeting date

Chairman Healey stated this was covered during public comment with Mr. Cimino.

ii. IT manager update

Mr. Purple stated that they are currently advertising for a new IT manager and Ms. Hale is conducting search committees. He gave an update on the current status of the IT Department including the assistance from Mr. Probst of the MTC and Mr. Davis from the Recreation Department.

iii. FY22 Budget update

Mr. Purple gave an update on the FY22 budget which included a current tax rate increase of 8.44%, a K-8 budget increase of 3.13% which is $171,000 less than estimated in the originally FY22 budget and an $80,000 carrying reduction in Worcester County retirement. He stated that they are waiting on final numbers from Assabet and Tufts. He said he will be gathering the information and looking at how the requests impact services.

iv. 2020 Trailblazer Award

Mr. Purple informed the Board that Ms. Hale was selected as the 2020 Trailblazer Award winner which is nationally recognized. He added that she was one of ten finalists in the country for promoting women in local government. Mr. Purple stated she has done a great job promoting women in our organization and working with the MMPA an Women Leading Government. He thanked he for all her work in this area.

DRAFT

V. Consent Agenda

a. Ms. Malinowski asked to hold agenda item "a." Ms. Malinowski asked to revise line 267 to read "AFG" instead of "CPA." The Board agreed. Chairman Healey made a motion to approve Open Session Minutes: January 5, 2021 with the revision mentioned. Ms. Malinowski seconded. The motion passed (4-0-1) by roll call vote, Braccio, abstain; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Chairman Healey made a motion to approve Executive Session Minutes: November 10, 2020. Ms. Malinowski seconded. The motion passed (4-0-1) by roll call vote, Braccio, abstain; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Chairman Healey made a motion to approve Executive Session Minutes: December 15, 2020. Mr. Stivers stated he had one minor edit. The Board agreed to hold Executive Session at the next meeting to approve. Chairman Healey made a motion to approve and release Executive Session Minutes: January 5, 2021. Mr. Shea seconded. The motion passed (4-0-1) by roll call vote, Braccio, abstain; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Chairman Healey made a motion to appoint Tyler Lu as Student Police Officer effective 2/1/21, at Chief Paulhus' request. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

d. Chairman Healey mad a motion to accept the resignation from Probationary Police Officer Brandon Donahue, effective 1/6/21. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

e. Chairman Healey made a motion to appoint Daniel Moreira as Part-Time Telecommunications Officer, at Chief Paulhus' request; start date TBD. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Other Matters Properly Before the Board

<u>Continued discussion of Downtown Initiative bylaw</u>

Ms. Braccio shared her screen and walked the Board through the document included in the packet. The Board discussed the inconsistencies they found in the document after the consensus meeting and suggestions from Attorney Costa. The Board agree to change the district name to "Downtown District" and Ms. Connelly presented suggested changes from the EDC for the Board to consider. There was discussion whether to increase the maximum floor area ratio and the Board agreed to make no changes outside of the November consensus meeting. It was agreed that if the Board or any members felt strongly about making changes they could attend the Planning Board public hearings. There was discussion about holding a public forum with the Board and EDC prior to the Planning Board hearings. It was decided to hold an informational forum for educational purposes. Chairman Healey made a motion to recommend the document as a consensus document that grew out of the combined hearings in the fall and approve the revised zoning article as written with the amendments referenced by Ms. Braccio. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Chairman Healey made a motion that the Board commit to having a public forum giving the abutters opportunity to weigh in on downtown zoning changes. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

<u>Review of Town contracted services</u>

DRAFT

Chairman Healey stated that the discussion this evening is regarding the process for soliciting bids for legal services and that the Board should look at the process for renewing all contracted services in the future. The Board agreed. Mr. Stivers stated that there should be an appropriate structure for renewing contracted services as some fall into a commodity every year, others over several years and the performance evaluation process is overlooked. Chairman Healey agreed. He asked if the Board would like to look into legal services beyond Town Counsel. Mr. Purple explained that the appointment for Mead, Talerman and Costa has turned into an annual appointment along with Town Counsel and Labor Counsel. Ms. Malinowski stated she would like to see options and asked the Board their opinion on offerings from larger sized firms. Chairman Healey stated he would like to implement a process where the Town is receiving the best possible legal services for its money. He explained how a larger or medium size firm could work for the Town. Mr. Purple explained his experience implementing the process for an RFP for legal services and the results. He urged the Board to consider real interest in change or they may not receive adequate responses.

Mr. Shea stated that there is value to having the same firm for repeat work as they have knowledge of the municipality's systems and infrastructure. He also stated that if there are issues with the current services, it should be addressed and added that it will take time for a new firm to get up to speed on issues. He said that is no reason to stay but an approach needs to be decided upon. Chairman Healey asked Mr. Purple to research how other communities have bid for legal services and requested a range of examples from other like communities. Mr. Purple agreed.

VII. <u>Discussion of process for personnel exit interviews</u>

Ms. Braccio asked the Board to consider a process for exit interviews as employees leave to gain an opportunity to ask for suggestions and feedback. She suggested someone from the Personnel Board taking on this role. Mr. Stivers stated the role should not be someone in the direct chain of command and agreed that someone from the Personnel Board would be a good fit. Ms. Malinowski asked if a union employee could also be requested to have an exit interview. Ms. Hale stated that exit interviews have been done in the past but were never formalized or included in the SAP. Chairman Healey stated that some Selectmen Office employees are part of a union but because exit interviews are voluntary, it should be acceptable to ask to hold one with a union employee. Chairman Healey asked Mr. Purple to touch base with Ms. Rosenbloom. Mr. Purple agreed.

VIII. **Public Comment**

None

IX. On a motion made by Mr. Stivers, seconded by Mr. Shea and voted all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 10:23 P.M.

Upcoming Meetings
February 2, 2021

- Thorough working knowledge of principles and practice of municipal government.
- Superior customer service and negotiation skills.
- Excellent organizational and public speaking skills.
- Excellent analytical skills, use of computers and software applications (MS Office), presentation programs and online meeting platforms.

Job Environment:

- Required to attend frequent and lengthy meetings which may occur outside of normal business hours at night and/or on weekends.
- Operate a computer as well as general office equipment (calculator, copier, facsimile machine, projector) in addition to a variety of virtual meeting and presentation platforms.

Physical and Mental Requirements:

Minimal physical effort generally required in performing duties under typical office conditions. Position requires the ability to operate a keyboard and standard office equipment at efficient speed. Is seldom required to lift more than 20 pounds. The employee is frequently required to use hands to finger, handle, or feel objects, tools, or controls; and reach with hand and arms. The employee is frequently required to sit, talk, and hear. Normal vision requirements. Must be available for frequent evening meetings, issues and/or emergencies that occur outside of normal working hours.

Executive Assistant/Deputy Procurement Officer

Position Overview:

In this position you will be supporting the Board of Selectmen office, which includes the Board of Selectmen, and Town Administrators.

Work with several town departments ensuring compliance, collecting fees, composing routine correspondence, including assembling reports or board packets.

Coordinate and manage all Board and Committee volunteers, including correspondence and monitoring terms, vacancies, and resignations.

Receive inquiries and complaints from the public, respond and resolve as necessary, or facilitate a response from the appropriate party.

Job Responsibilities:

- Serve as Deputy Procurement Officer managing the purchase of services and supplies for departments. Prepare specifications and bid documents; advertise and respond to inquiries; produce correspondence such as award/rejection letters, return of bid deposits, and letters of consideration.
- Research information, process license applications and renewals while, as required by the department and other state and federal agencies. Conducts independent research as assigned by the Town Administrator, and makes recommendations addressing policies and procedures.
- Liaison to the Board of Selectmen for meeting prep and follow-up, including agenda preparation, handling actions and correspondences, filing paperwork and reports, completing correspondence, finalizing all license, and permitting matters and other tasks as assigned.
- Interdepartmental liaison assisting department heads, committee, and board members with inquiries and technical or administrative assistance, as necessary. Assist with special projects as required for various boards and committee as authorized by the Town Administrator.
- Administer filing of insurance claims [IOD, Workman's Compensation, Property and Liability and road defects.
- Oversee the administration and annual renewal of the town's risk management program including worker's compensation, fleet, and property insurance and MIIA's Loss Control program, updating policies accordingly and as needed, ensuring proper coverage.
- Maintain Town's website by way of updates, and creating news, bulletins, and forms. Serves as point of contact for Municipal Aggregation; must comply with postings and updates as required by DPU, review reports and respond to inquiries.
- Responsible for assembling the content, layout, and design of the Annual Town Report. Plays a major role in the formation of the Annual Town Warrant. Assists the Town Administrator in the budgeting process in preparing Board of Selectmen budgets.
- Act as a backup for processing department payroll and invoices when necessary.

Requirements:

- High school degree and five years' work experience in a municipal office operation and or town government affairs.
- Computer proficiency in MS Office, especially Word and Excel.
- Operate computers and printers, calculators, telephone, facsimile machine, copier, and other standard office equipment.
- Knowledge of Massachusetts General Laws, Open Meeting Law, related municipal policies, Town by-laws and codes and office operations.
- Knowledge of the Massachusetts Municipal Procurement Law, and licensing rules and regulations of the state and of the Town's licensing authority.

- Maintain current certification as a Massachusetts Certified Public Purchasing Official by completing required minimum continuing education units.

Preferred Experience:

- Knowledge of website administration, and Massachusetts Municipal Procurement Law.
- Knowledge of municipal finance and local government operations is preferable.
- Designation as Massachusetts Certified Public Purchasing Official.

Physical Requirements:

Minimal physical effort is required to perform duties. Hours of work can be variable and generally workdays are no more than eight hours each day. Must be able to work with office equipment such as computers, copiers, etc. Job requires ability to sit for extended periods of time and lift 20 lbs. on occasion.

Town of Southborough is an equal opportunity employer. We recruit, employ, train, compensate, and promote without regard to race, religion, creed, national origin, age, gender, sexual orientation, sexual identity, marital status, military or veteran status, disability, genetic information, or any other category protected by applicable federal, state or local law.

TOWN OF SOUTHBOROUGH
FIRE DEPARTMENT
32 CORDAVILLE ROAD
SOUTHBOROUGH, MA 01772
(508) 485-3235 (508) 485-3887 (FAX)

ADMINISTRATION

DATE: January 13, 2021

TO: Marty Healey, Board of Selectmen Chair
Mark Purple, Town Administrator

FROM: Steve Achilles, Fire Chief

RE: FY22 Revisions to Schedule D and E of SAP

The fire department is seeking the Board's support and approval to remove the current provisions of Schedule D of the SAP, excluding the Detail language, and replace with following compensation structure:

Probationary EMR, EMT or Basic Firefighter:	$0 / hr.
Emergency First Responder (EMR):	$15.00 / hr.
EMT or Firefighter I:	$19.00 / hr.
Advanced EMT or Firefighter I/II-EMT	$23.00 / hr.
Paramedic or Firefighter I/II – Advanced EMT	$25.00 / hr.
Firefighter I/II – Paramedic	$27.00 / hr.

The department is also requesting approval to revise the Emergency Management Coordinator annual compensation in Schedule E from $2000.00 to $3000.00.

We have presented both to the Personnel Board and have include each in our FY22 Budget Proposal. I am prepared to discuss these requested revisions at your earliest convenience.

Grade	Minimum		Maximum	
	Hourly	Annual*	Hourly	Annual*
1	$11.23	$23,360	$14.29	$29,732
2	$12.25	$25,484	$17.36	$36,103
3	$18.38	$38,226	$25.53	$53,092
4	$22.46	$46,721	$31.65	$65,834
5	$28.59	$59,463	$42.88	$89,195

**This represents the annualized rate if a Part-Time employee worked a 40 hour week; however, under this Bylaw, Part-Time employees work 20 hours or less per week.*

Municipalities are subject to the federal minimum wage law, not the state law.

TO: Board of Selectmen
FROM: Mark J. Purple, Town Administrator
DATE: January 27, 2021
SUBJECT: Reorganization of Selectmen's Office positions

When I arrived in Southborough in 2012, the Selectmen's Office was staffed by a Town Administrator, Assistant Town Administrator, Executive Assistant, and Receptionist (later reclassified to an Administrative Assistant). Three of the positions [both non-union under the SAP] were 40 hours per week, with the exception being the Executive Assistant position, which was 32 hours per week. When Ms. Colleary retired in 2016, the Executive Assistant position was increased to 40 hours per week with the hiring of Ms. Esposito. For Fiscal Year 2021, the Administrative Assistant position was reduced to 34 hours per week.

Over time, and with the changes in personnel and implementation of new technologies, efficiencies have been gained in the responsibilities of each position, most notably in the Executive Assistant position. Because of Ms. Esposito's experience and skill set, routine tasks such as the production of the annual town report and other documents have been standardized and streamlined. Her procurement experience and certifications have allowed me to shift the majority of the duties for bidding of goods and services to her position. The office has also added additional responsibilities as a whole, becoming more involved in the use of social media to connect with the community. The requirement for each community to designate a Records Access Officer (RAO) has also fallen to our office, specifically the two Town Administrator positions. We continue to do less in hard copy, and more with email. An improved phone tree was created for all Town extensions to eliminate the dependency on the Administrative Assistant position in our office.

Change has not been isolated to the Selectmen's office. In 2010, the Treasurer/Collector's office saw a reduction of a 40-hour position, which has not been replaced. Additional requirements and responsibilities being placed on the Payroll & Benefits Coordinator position have taken it out of the daily workflow of the rest of the office, which in turn has added additional pressure to the Treasurer/Collector [i.e. Finance Director] and Assistant Treasurer/Collector positions. These two positions are now having to focus more on administrative duties than should be expected of their positions.

In the Fiscal Year 2021 budget process, there was broad support to add back hours into the Treasurer/Collector's office, to recover some of what was lost in 2010. Conservation was also seeking some administrative support for their Administrator position, who currently functions as a one-person department. Other departments in the Town House, notably Information Technology (IT) and Economic Development, also do not have any administrative support. However, given the financial concerns imposed by the pandemic, these staffing issues were not included in the final, approved budget.

With the retirement of Ms. Ostresh from the Administrative Assistant position in November 2020, it has allowed us to take a fresh look at the staffing needs in the office and the Town House as a whole. In the interim, I have transferred Ms. Barry from her ZBA Administrative Assistant position to the Selectmen's office to provide coverage. This has been done at the 19.5 hours per week that the ZBA position is funded at, and has allowed me to evaluate the future of the position, albeit in a pandemic environment when the building is closed to the public.

After conversations with the Selectmen's office staff, Mr. Ballantine, and Ms. Danza, I am recommending the following changes to the Administrative Assistant position in the Selectmen's office:

- The position will be maintained at the current 34 hours per week;
- The hours will be split with the Treasurer/Collector's office at 17 per week for each department. For the remainder of FY21, the position will reside in the Selectmen's office as budgeted. For FY22, the hours will be reflected in both budgets;
- Under the Selectmen's hours, administrative support will be provided to Conservation, IT, and EDC, as well as committees that have no staff liaison. Conservation will receive the share of additional support, as the needs of others tends more toward the weekly processing of payroll and payables;
- Shared position addresses multiple needs in same building and provides cross-training;
- The ZBA position will remain in the Building Department at the current funding for 19.5 hours per week. By adding too many responsibilities into one position without sufficient history to support it, it simply sets up the position to fail to provide the support to one or more areas as identified. As the position evolves, we can revisit the issue of capacity for other duties and responsibilities in future budgets.

As part of this review, the job descriptions for both the Assistant Town Administrator and the Executive Assistant positions have been updated to better reflect the current responsibilities required of each position. The job descriptions have not been updated in many years, and were outdated. I would like to thank Jay Dietz from the Personnel Board for helping us to modify the existing job descriptions.

Thank you in advance for your consideration of this request.

To: Boards and Committees

From: TBD: TA/Board of Selectmen

Re: Meeting Agendas

On November 20, 2020, the Office of the Attorney General (OAG) made an Open Meeting Law determination that stated as follows:

> A public body must post notice of every meeting at least 48 hours in advance, not including Saturdays, Sundays, and legal holidays. G.L. c. 30A, § 20(b). **Notices must include** the date, time and place of the meeting, as well as a **"a listing of topics that the chair reasonably anticipates will be discussed at the meeting." Id. The list of topics shall have sufficient specificity to reasonably advise the public of the issues to be discussed at the meeting. 940 CMR 29.03(l)(b). We generally consider a topic to be sufficiently specific when a reasonable member of the public could read the topic and understand the anticipated nature of the public body's discussion. See OML 2015-35.3 A public body may discuss a topic not listed on a meeting notice if the topic was not anticipated by the chair 48 hours in advance of the meeting. See OML 2017- 2; OML 2013-87.** (emphasis added)

In its determination the OAG found that items such as "Selectmen's updates and Town Manager updates" did not satisfy those notice requirements. The OAG found that the term "update" was insufficiently detailed because it failed to list specific anticipated updates. The OAG cited a previous Open Meeting Law determination stating that a **"[p]ublic body chair must list all topics the chair anticipates will be discussed and, as a best practice, should solicit from non-members detail regarding the precise matters to be discussed."** (emphasis added)

In light of this determination, boards and committees that list on their agendas "updates" or "reports" or some similar form, e.g., Chair, Members, Director, Executive Director, Coordinator, Department Head, Project Manager, etc. should include a listing of topics that are expected to be included in the update or report. Per the OAG's determination, a board or committee may discuss a topic not listed as an item under "update" or "report" *if the topic was not anticipated by the chair 48 hours in advance of the meeting.*

Note that the determination does not address, and would not seem to be concerned with, items as part of an update or report that are intended to provide notice of upcoming events, actions or deadlines, as well as items of recognition or acknowledgment. Whenever practicable, though, those items should be listed on the agenda as well.

Items that are likely to result in substantive exchange of opinions, discussion of policy change, or a vote of the board or committee, should be held for a future meeting when that item can be properly posted on the agenda. [If such items are time sensitive, however, and need to addressed at the already scheduled meeting, the best practice is to post an amended agenda including that item even if the posting takes place less than 48 hours prior to the meeting.] Note: I do not propose including this last bracketed sentence in the memo – I think it begs too many questions – but included it for possible discussion.

POSITION DESCRIPTION

Position Title: Administrative Assistant	Date: May 11, 2016

Duties:

Under general supervision of the Department Head [or his/her delegate] or Board in the absence of a Department Head, performs a variety of senior level administrative, billing, and accounting functions in support of the respective department operations.

Research information, process applications, payroll, accounts payable, licenses and permits, collect fees, compose routine correspondence, type reports, gather statistics etc. for reports as required by the department and other state and federal agencies. When applicable, attend meetings, take and prepare minutes and maintain files.

Answer telephone, [where applicable] dispatch staff, take and forward messages, respond to telephone, e-mail, and in-person inquiries, requests and complaints within authority, referring unresolved issues to supervisor, Department Head or the Board.

Perform related duties as assigned.

Basic Knowledge:
Duties require knowledge of Mass. General Laws, related municipal policies, by-laws and codes, office operations, word processing and data entry. Must be a graduate of high school, have five years' work experience and/or one to two years of college. Computer proficiency in MS Office is required.

Experience:
Work requires at least five years of experience in a municipal office operation and Town government affairs to become proficient in position responsibilities, or a combination of sufficient education and experience. Must be detail oriented, precise, tactful when dealing with employees, officials and residents; excellent customer service is essential.

Independent Action:
Under general supervision, function in accordance with established departmental procedures and practices, referring to appropriate department head [or his/her designee] Board for clarification of departmental policies.

Physical Requirements:
Minimal physical effort is required to perform duties. Hours of work can be variable and generally work days are no more than eight hours each day. Must be able to work with and around office equipment such as computers, copiers, etc. Job requires ability to sit for extended periods of time.

[S/Jobdescr/Adminsec.doc]

POSITION DESCRIPTION Executive Assistant to the Board of Selectmen

Organization:	**Department:**
Town of Southborough	Selectmen

Duties:

Under general supervision of the Town Administrator, performs a variety of senior level administrative, procurement and operational functions in support of the Office which includes the Board of Selectmen, Town Administrator and Personnel Administrator.

Perform a variety of clerical functions that support the Selectmen and their staff. Research information, process license and vehicle applications and permits, collect fees, compose routine correspondence, including assembling reports or board packets as required by the department and other state and federal agencies.

Serve as back-up to receptionist and answer telephone and other inquiries when necessary. Shall refer unresolved issues to Department Head or appropriate Board.

Liaison to the Board of Selectmen for meeting prep and follow-up. Tasks include handling business of the Selectmen after a meeting, filing paperwork and reports, completing correspondence on behalf of the Board as assigned, assisting with bid process and related procurement duties, finalizing all license and permitting matters and other tasks as assigned.

Employee shall also handle filing of insurance claims [IOD, Workman's Compensation, Property and Liability and road defects]. This process requires strict confidentiality as it pertains to legal correspondence, litigation files and privileged medical documentation. Employee also has access to personnel files, medical files and collective bargaining documentation and files.

The employee will also be delegated additional tasks or special projects by the Town Administrator or Assistant Town Administrator. They may be time sensitive, may involved communication with the Town's legal counsel and could have an effect on how boards and committees make decisions. Additional duties include managing the annual committee appointment process, renewal of licenses and contact with pertinent state agencies or other departments.

The Executive Assistant is the primary employee responsible for assembling the content and order of the Annual Town Report. She deals with all departments in this function, as well as the Editor and Publisher of the document. Additionally, the employee plays a major role in the formation of the Annual Town Warrant and tracks budget figures as they change throughout the year.

Position Description: **Executive Assistant to the Board of Selectmen**

Basic Knowledge:
Duties require knowledge of Mass. General Laws, related municipal policies, Town by-laws and codes, office operations, word processing and data entry. Must be detail oriented, precise, tactful when dealing with employees, officials and residents; excellent customer service is essential

Education:
Must be a graduate of high school, have five years' work experience and/or one to two years of college.

Experience:
Work requires at least five years of experience in a municipal office operation and Town government affairs to become proficient in position responsibilities. Some knowledge of municipal finance and local government operations is preferable. Computer proficiency in MS Office, especially Word and Excel is required. Knowledge of website administration is also helpful.

Independent Action:
Under general supervision, function in accordance with established departmental procedures and practices, referring to appropriate department head or elected official or Board for clarification of departmental policies.

Supervisory Responsibility
If applicable, supervise one senior clerk position. Also supervises multiple senior tax work off participants.

Physical Requirements:
Minimal physical effort is required to perform duties. Hours of work can be variable and generally work days are no more than eight hours each day. Must be able to work with office equipment such as computers, copiers, etc. Job requires ability to sit for extended periods of time and lift up to 20 lbs on occasion.

Updated December 2012

Position Title: Assistant Town Administrator

Statement of Duties

Assists Town Administrator in managing staff of all employees; assists in recruitment and hiring of all employees; interprets personnel bylaw questions from Town employees; develops personnel policies; organizes various training seminars and workshops for municipal employees and researches and analyzes union proposals and participates in the collective bargaining process. Serves as staff liaison to the Personnel Board. Responsible for professional work assisting the Town Administrator in the administration of a wide range of policies and procedures which enable the Selectmen's office and other Town departments to discharge their duties and operate efficiently. Serves as Acting Town Administrator in the absence of the Town Administrator and performs all other related work as required.

Supervision

Works under the general direction of the Town Administrator. Creates own work plan and priorities, using established guidelines and procedures. Only unusual cases are referred to the supervisor.

Performs varied and responsible functions that are not standardized related to administering the functions of the office of the Board of Selectmen. These functions require comprehensive knowledge of departmental operations and Federal, State and local regulations. These functions also require the exercise of good judgment in responding to inquiries, dealing with the public, and carrying out the directives of the Board of Selectmen.

Provides direct supervision to two (2) full-time and part-time positions, all of whom work at the same location and on the same work shift. Also supervises the senior tax work off participants assigned to the Selectmen's office.

Job Environment

Work is performed under typical, albeit sometimes stressful, office conditions, with frequent interruptions from the public, town officials and other town employees. Is required to function in a highly confidential environment due to the nature and content of the work performed.

Employee is required to attend frequent and lengthy meetings which may occur outside of normal business hours at night and/or on weekends.

Operates a computer as well as general office equipment, such as a calculator, copier, facsimile machine, and projector.

Has constant contact with the public, other town departments, attorneys, consultants, board and committee members, state and county officials and the media. This requires perceptiveness, tact, a high degree of patience, confidentiality and discretion. Communications are by telephone, hard copy correspondence, e-mail, and in person.

Employee has access to town-wide confidential information, including personnel and medical files, collective bargaining negotiations, bid documents, lawsuits and investigations, as well as other information pertaining to the Town Administrator's office, Board of Selectmen and other town departments.

Errors could result in delays and confusion in the provision of municipal services and monetary loss, as well as adverse legal repercussions and public relations for the town.

Essential Functions

The essential functions or duties listed below are intended only as illustrations of the various types of work that may be performed. The omission of specific statements of duties does not exclude them from the position if the work is similar, related or a logical assignment to the position.

Answers questions and furnishes information to the public, local officials, and to town employees concerning town policies, rules and regulations; receives complaints and responds to inquiries appropriately, including taking initiative to see that problems in certain situations are resolved; makes appropriate referrals as necessary; assists town officials, legal counsel, boards, commissions and agencies as required. Answers inquiries which pertain to budgetary, personnel or operational issues. Refers matters to the Town Administrator and/or Board of Selectmen as it is deemed necessary.

Serves as the human resource staff person supporting the Personnel Board. Duties include: compiling agenda material, attending meetings, recording minutes, facilitating all follow-up from board meetings, prepares and presents budget and all correspondence on behalf of the Board, including revisions to the Town's personnel by-law. In conjunction with the Town Administrator and department heads, consults on all matters pertaining to recruitment of new personnel, including advertising, screening of applicants, interviewing and new employee orientation. Organizes all employee training and assists consultants contracted by the Town. Meets with employees frequently to answer general and personnel related inquiries.

Researches and makes recommendations on all facets of personnel function for all municipal departments and contract employees including recruitment, training, disciplinary action, the development and implementation of personnel policies and procedures, and the management of official personnel records.

Assists the Town Administrator with preparing and presenting the departmental budgets under the Board of Selectmen. Oversees the processing of the department's payroll, purchasing of supplies and maintenance of equipment.

Assists the Town Administrator in consulting with New England Network Solutions [NENS], the Town's IT provider, and their colleagues. Trouble-shoots in house on hardware and software issues when necessary. Prepares and monitors annual MIS budget.

Serves as the Town's Procurement Officer overseeing the procurement of materials, supplies and services. In accordance with the State Procurement Law, monitors other departments procurement needs, when the need occurs during the public bidding process.

Gathers data and prepares the Town's Annual Report and town meeting warrants, which requires constant communication with all town departments and others who contribute to those publications. Also prepares various other documents such as scrolls and proclamations. Monitors content of the municipal website.

Conducts independent research and prepares reports as required by the Town Administrator and other boards and committees.

Oversees the administration and renewal of the town's risk management program including health and life insurance, worker's compensation, fleet and property insurance and MIIA's Loss Control program. Assists the Town's Benefit Coordinator, vendors, and consultants doing business with the town. Administers Workers' Compensation Trust and Injured on Duty Fund. Contracts with vendors. Reviews financial and procedural reports and makes adjustments where warranted. Attends meetings of the Board of Selectmen, the Personnel Board and other meetings as required.

Recommended Minimum Qualifications

Education and Experience

College Degree in Public Administration or related field, MPA Degree preferred; three-(3) to five-(5) years progressively responsible experience working in municipal government preferred; or an equivalent combination of education and experience.

Knowledge, Ability and Skill

Knowledge: Thorough working knowledge of principles and practice of municipal government. Working knowledge of various municipal departments as well as the Mass. General Laws, procurement procedures and human resource related policies.

Abilities: Ability to meet and deal with the public effectively and diplomatically. Ability to handle problems and emergencies effectively. Ability to communicate clearly, both orally and in writing and make public presentations. Ability to proficiently operate a computer and related office software. Ability to maintain confidential information. Ability to maintain, manage and organize complex records. Ability to deal appropriately on behalf of the Town Administrator with town employees, town, state and federal officials and the public. Ability to work independently on highly technical projects and to exercise considerable judgement. Ability to maintain effective working relationships with the public and fellow workers.

Skills: Superior customer service and negotiation skills. Excellent organizational and public speaking skills. Excellent analytical skills in the use of personal computers and

software applications including word processing and spreadsheet and presentation programs.

Physical and Mental Requirements

Minimal physical effort generally required in performing duties under typical office conditions. Position requires the ability to operate a keyboard and standard office equipment at efficient speed. Is seldom required to lift more than 20 pounds. The employee is frequently required to use hands to finger, handle, or feel objects, tools, or controls; and reach with hand and arms. The employee is frequently required to sit, talk, and hear. Normal vision requirements. Must be able to attend frequent evening meetings.

TOWN OF HADLEY
REQUEST FOR PROPOSALS
FOR TOWN COUNSEL SERVICES

I. Objective

The Select Board of the Town of Hadley, Massachusetts seeks to appoint a highly qualified attorney/law firm as Town Counsel. The successful appointee should meet or exceed the qualifications stated herein and, in general, should be readily accessible to authorized public officials, exceptionally experienced in municipal law, labor, zoning and planning issues, scrupulous in adhering to required standards of professional conduct and ethics, and committed to rendering sound legal advice with suitable objectivity and professional detachment.

II. Minimum Qualifications

A. Bar Admissions

The appointee and all those who serve as back-up to the appointee (see below) must be a member in good standing of the Massachusetts Bar and of the Federal Bar for the District of Massachusetts.

B. Experience

The appointee must represent or have represented as general town counsel (or functional equivalent) a minimum of two Massachusetts municipalities for no less than three years each, or possess equivalent experience. References for all municipalities currently represented or represented in the past ten years by the appointee must be furnished. The appointee also must have substantial experience in the areas of zoning and planning, labor and collective bargaining.

C. Accessibility

The appointee must commit to returning all calls from authorized officials either himself/herself or through a qualified back up within 24 hours of the call. If located beyond the Hadley dialing area, the appointee should be available by toll-free telephone line. The appointee must also commit, as a general rule, to responding to requests for written opinions within one week unless the circumstances of the opinion warrant a shorter or longer time frame for a response.

D. Back-up

The appointee must have within his or her firm or through an established "of counsel" relationship at least one other qualified attorney available to render advice and otherwise represent the interests of the Town of Hadley when the appointee is unavailable. In this context, "qualified attorney" shall mean another lawyer who substantially meets the minimum qualifications set forth herein for the appointee.

SAMPLE RFP Legal Services

E. Billing

The appointee must commit to providing statements for services rendered on a monthly basis. Each statement, if based on an hourly rate for services, must disclose, at a minimum, the date of the service, the identity of the lawyer or staff person performing the service, the subject matter reference for the service, a description of the service performed, the time it took to perform that function, and the hourly rate for the individual performing the function. Expense items must also be itemized.

III. Fees and Expenses

The Town's budget for legal expenses for FY 2021 is $35,380. This budget includes fees and expenses for Town Counsel and special counsel as necessary; the Select Board strongly desires to stay within this budgeted amount. Other budgets may contain amounts to be expended on legal services.

Towards this end, the Select Board would be pleased to consider alternatives to the traditional hourly rate fee arrangement with counsel. As but one example, responding attorneys may propose a fixed retainer for a specified scope of services, with an hourly rate for work outside the established scope of services. Responding attorneys should feel free to be creative in this regard so long as the proposal is workable and reasonable.

Whether or not an alternative fee arrangement is proposed by the responding attorney, the attached fees and expenses response sheet must be completely filled out.

IV. Selection

In seeking Town Counsel, the Select Board is not bound by M.G.L. c.30B or by any other constraints apart from the sound judgment of its members. This process is being used to communicate the desired qualifications of Town Counsel and to solicit information in an orderly fashion for rough comparative purposes. Ultimately, though, the Select Board will select the candidate that they deem to be in the best interests of the Town, in its sole discretion. Consequently, the Select Board and the Town of Hadley reserve the right to waive any irregularities in the RFP process and to accept or reject any or all proposals.

V. Application

Qualified attorneys interested in responding to this RFP should fill out the attached forms completely, attach copies of all documents requested therein, and return the same in an envelope labeled "COUNSEL RFP" to:

Select Board
Town of Hadley
100 Middle Street
Hadley, MA 01035

All responses to this RFP must be received at the above address no later than August 12, 2020 at 2:00 p.m..

REQUEST FOR PROPOSALS

TOWN COUNSEL SERVICES

TOWN OF CHARLTON
37 MAIN STREET
CHARLTON, MA 01507

I. Objective

The Town of Charlton seeks to appoint a highly qualified attorney or law firm as Town Counsel effective on or about September 1, 2020. The successful appointee should meet or exceed the qualifications stated herein and, in general, should be readily accessible to authorized public officials, exceptionally experienced in municipal law, as further described below, scrupulous in adhering to required standards of professional conduct and ethics, and committed to rendering sound legal advice with suitable objectivity and professional detachment.

II. Background

The Town of Charlton is located in Worcester County, 12 miles south-west of Worcester and has a population of approximately 13,000 residents. The town is predominantly residential with some commercial and industrial areas. Commercial areas are primarily located along Route 20 and Route 169. The Town approved a budget of $31.5 million for Fiscal Year 2021.

The Town operates under a Town Meeting form of government with a five-member Board of Selectmen, Town Administrator, and Open Town Meeting. The Board of Selectmen sets policy that is implemented by the Town Administrator and others. Elected officials and boards include the Town Clerk, Town Moderator, Board of Health, Board of Assessors, Planning Board, and others. There are numerous other appointed boards, including but not limited to the Zoning Board of Appeals, Conservation Commission, and Finance Committee. The Town operates a sewer enterprise overseen by the elected Charlton Water & Sewer Commission.

Town Counsel handles all of the Town's legal services. The town retains special counsel on other legal matters as needed.

Staff members contact Town Counsel directly upon approval of the Town Administrator.

SAMPLE RFP Legal Services

III. Town Counsel Services

The Town seeks proposals from qualified legal firms to serve as Town Counsel. Qualified firms will demonstrate substantial experience and expertise in general municipal law. Particular areas of emphasis include: municipal finance; bylaws and regulations, collective bargaining, labor, employment and benefits, Open Meeting, Public Record, and Conflict of Interest laws, zoning and land use issues, real estate, Town Meeting, public procurement, Community Preservation Act, elections law and procedures, licensing, and representation of the Town in all courts.

The Town may stay with the single attorney/firm approach or may elect to have a generalist with specialists for specialized subject matter areas.

The Town expects Town Counsel attendance at the following: All sessions of Special and Annual Town Meetings (Annual Town Meeting starts on the 2nd Monday in May), the motions meeting, which generally occurs a couple of weeks before a Town Meeting and occasional but infrequent Board of Selectmen meetings. The Board meets on the second and fourth Tuesday of the month at 6:30 pm.

IV. Proposals

The Town is committed to containing legal costs and wishes to understand the basis on which the responding firms charge fees and expenses. The request for proposals can be responded to in one of two manners, or in both manners:

1. Provide a flat monthly fee for the following matters with no additional charges or fees. Any expenses that are considered above and beyond normal operating cost will be considered with the Town Administrator's approval only:

   Review of contracts and procurement issues.

   Administrative law questions, such as open meeting law, public records law, municipal finance law, administrative processes.

   Environmental advisory opinions.

   Ethics/conflict of interest advice.

   Land use advice to boards, commissions, and staff.

   Zoning issues for the Building Commissioner, Town Planner, Board of Appeals, Planning Board, and other related boards and staff.

   Town Meetings, including preparation of the warrant, home rule petitions, motions for use at Town Meeting, and attendance at Annual and Special town meetings.

SAMPLE RFP Legal Services

Attendance at occasional but infrequent Board of Selectmen meetings or meetings of other boards and committees.

Training on particular subject matter areas, such as but not limited to conflict of interest, open meeting, and public records laws at least once per calendar year and more frequently if required.

Act as a resource and provide legal advice to the Board of Selectmen and Town Administrator as needed.

2. Provide an hourly fee for all matters, including trial work and specialty counsel for issues other than those listed above.

As an alternative, provide an hourly schedule of all fees for all Town Counsel work including estimates of hours necessary to provide the above-mentioned services and any expenses that are charged above hourly fees. Please state the hourly fees and any anticipated expenses for specialty legal work outside of the mentioned services.

3. The response to the request for proposals must include the following:

   A. Names, resumes, and legal specialties, if any, of all attorneys who will be providing counsel to the Town of Charlton.
   B. A list of all Massachusetts municipalities to which the firm currently provides counsel or solicitor service.
   C. A list of all municipalities to which the firm previously provided counsel or solicitor service, but which are no longer clients of the firm.
   D. A list of significant Massachusetts municipal cases litigated by the firm and the outcome of the case.
   E. An up to date list of municipal references, with contact names and numbers that can be contacted regarding the legal services the firm provides.
   F. Any other information you believe is relevant to the Board as part of the decision making process.
   G. Place responses in a sealed envelope clearly marks "Town Counsel Response to Request for Proposals". Responses are due by 11:00 AM on Wednesday, August 19, 2020, in the Town Administrator's Office, 37 Main Street, Charlton, MA 01507.

SAMPLE RFP Legal Services

Please provide eight (8) hard copies of the response and all associated documentation on 8 ½ by 11 paper, along with one digital copy in Adobe pdf format at the address above.

V. Selection

In seeking Town Counsel services, the Town of Charlton is not bound by M.G.L. c.30B or by any other constraints apart from sound judgment. This process is being used to communicate the desired qualifications of Town Counsel and to solicit information in an orderly fashion for comparative purposes.

A staff working group will evaluate proposals, conduct preliminary interviews if necessary, and recommend approximately three (3) finalists for consideration by the Board of Selectmen. The finalists will interview with the Board of Selectmen during an open meeting. The Board of Selectmen will select the candidate or candidate team deemed to be in the best interests of the Town, in its sole discretion.

Consequently, the Board of Selectmen and Town of Charlton reserve the right to waive any irregularities in the RFP process and to accept or reject any or all proposals, or to cancel this procurement. The Town anticipates that the process will conclude by September 30, 2020. The appointment of Town Counsel is made by the Board of Selectmen.

Below are the projected dates for this process. The Town reserves the right to modify this schedule as it determines convenient:

July 15, 2020	Request for Proposals issued
August 19, 2020	Proposals due by 11:00AM
August 25, 2020	Board of Selectmen interviews and decision
September 1, 2020	Effective date of appointment

The dates noted above are projected dates; all dates subject to change.

SAMPLE RFP Legal Services

TOWN OF BOYLSTON
REQUEST FOR PROPOSALS
FOR TOWN COUNSEL SERVICES

I. Objective

The Board of Selectmen of the Town of Boylston, Massachusetts seeks to appoint on an at-will basis a highly qualified attorney as Town Counsel. The successful appointee should meet or exceed the qualifications stated herein and, in general, should be readily accessible to authorized public officials, exceptionally experienced in municipal law and zoning and planning issues, scrupulous in adhering to required standards of professional conduct and ethics, and committed to rendering sound legal advice with suitable objectivity and professional detachment.

II. Minimum Qualifications

A. Bar Admissions

The appointee and all those who serve as back-up to the appointee (see below) must be a member in good standing of the Massachusetts Bar and of the Federal Bar for the District of Massachusetts.

B. Experience

The appointee must represent or have represented as general town counsel (or functional equivalent) a minimum of two Massachusetts municipalities for no less than three years each, or possess equivalent experience. References for all municipalities currently represented or represented in the past ten years by the appointee must be furnished. The appointee also must have substantial experience in the area of zoning and planning.

C. Accessibility

The appointee must commit to returning all calls from authorized officials either himself/herself or through a qualified back-up within 24 hours of the call. If located beyond the Boylston dialing area, the appointee should be available by toll-free telephone line. The appointee must also commit, as a general rule, to responding to requests for written opinions within two weeks unless the circumstances of the opinion warrant a shorter or longer time frame for a response.

D. Back-up

Although it is the Board of Selectmen's intention to appoint an individual as Town Counsel, the appointee must have within his or her firm or through an established "of counsel" relationship at least one other qualified attorney available to render advice and otherwise represent the interests of the Town of Boylston when the appointee is unavailable. In this context, "qualified attorney" shall mean another lawyer who substantially meets the minimum qualifications set forth herein for the appointee.

SAMPLE RFP Legal Services

E. Billing

The appointee must commit to providing statements for services rendered on a monthly basis. Each statement, if based on an hourly rate for services, must disclose, at a minimum, the date of the service, the identity of the lawyer or staff person performing the service, the subject matter reference for the service, a description of the service performed, the time it took to perform that function, and the hourly rate for the individual performing the function. Expense items must also be itemized.

III. Fees and Expenses

The Town's budget for legal expenses for FY 2008 is $75,000.00. This budget includes fees and expenses for Town Counsel, special counsel as necessary, and labor counsel (if different). The Board of Selectmen strongly desires to stay within this budgeted amount.

Towards this end, the Board of Selectmen would be pleased to consider alternatives to the traditional hourly rate fee arrangement with counsel. As but one example, responding attorneys may propose a fixed retainer for a specified scope of services, with an hourly rate for work outside the established scope of services. Responding attorneys should feel free to be creative in this regard so long as the proposal is workable and reasonable.

Whether or not an alternative fee arrangement is proposed by the responding attorney, the attached fees and expenses response sheet must be completely filled out.

IV. Selection

In seeking Town Counsel, the Town is not bound by M.G.L. c.30B or by any other constraints apart from the sound judgment of its members. This process is being used to communicate the desired qualifications of Town Counsel and to solicit information in an orderly fashion for rough comparative purposes. Ultimately, though, the Town Administrator will select the candidate that the Town Administrator deems to be in the best interests of the Town, in the Town Administrator's sole discretion. Consequently, the Town Administrator and the Town of Boylston reserve the right to waive any irregularities in the RFP process and to accept or reject any or all proposals.

TOWN OF CHATHAM
REQUEST FOR SPECIAL COUNSEL SERVICES

The Town of Chatham is seeking the services of an independent maritime attorney with knowledge of and experience in municipal law to undertake an evaluation of the Town's Waterways Bylaws, Waterways Regulations, and Policies in consideration of State laws and make recommendations to correct any inconsistencies including drafting Bylaw amendments, new policies, and/or regulations. Any Bylaw amendments would be prepared in anticipation of the May 2019 Annual Town Meeting (warrant closing in March 2019). Patrick J. Costello is our Town Counsel.

SAMPLE RFP Legal Services

I. Selection

In seeking Special Counsel, the Board of Selectmen is not bound by M.G.L. c.30B or by any other constraints apart from the sound judgment of its members. This process is being used to communicate the desired qualifications of Special Counsel and to solicit information in an orderly fashion for rough comparative purposes. Ultimately, the Board of Selectmen will interview and select the candidate that it deems to be in the best interests of the Town, in its sole discretion. Consequently, the Board of Selectmen, Town Manager, and the Town of Chatham reserve the right to waive any irregularities in this process and to accept or reject any or all proposals.

II. Application

Please provide a proposal including a timeline for deliverables and fees for services to:

Jill Goldsmith, Chatham Town Manager
549 Main Street
Chatham, MA 02633

Please provide seven (7) copies of the proposal on 8½ x 11 paper. Electronic submissions to snealy@chatham-ma.gov will be accepted in PDF format. The Town will provide a 'received acknowledgement' via email for all emailed submissions. If such acknowledgement is not received by you on or before the submittal date, please call Shanna Nealy, Executive Secretary at 508.945.5105 for confirmation.

*All responses to this request must be received at the Office of the Town Manager/Board of Selectmen above address no later than **4:00PM on Friday, September 28, 2018.***

TOWN OF CHATHAM
REQUEST FOR QUALIFICATIONS
FOR TOWN COUNSEL SERVICES

SAMPLE RFP Legal Services

I. Objective

The Town of Chatham invites a legal firm or individual attorneys to submit qualifications and costs for services to provide general town counsel legal services for the Town. Per the Town's Charter, Town Counsel is appointed by the Board of Selectmen. The successful appointee must meet or exceed the qualifications stated herein, be readily accessible to authorized public officials, exceptionally experienced in all areas of municipal law. Scrupulous in adhering to required standards of professional conduct and ethics, and committed to rendering sound legal advice with suitable objectivity and professional detachment. Please visit the Town's website at www.chatham-ma.gov for information on the Town Charter and operations including its municipal airport, municipal golf course, and commercial fish pier.

II. Minimum Qualifications

A. Bar Admissions

The appointee and all those who serve as back-up to the appointee (see below) must be a member in good standing of the Massachusetts Bar and of the Federal Bar for the District of Massachusetts. Town Counsel must have Professional Liability Insurance in the amount of at least $1,000,000.

B. Experience

The appointee must represent or have represented as general town counsel a Massachusetts municipality for not less than five (5) years, or possess equivalent experience. References for all municipalities currently represented or represented in the past ten (10) years by the appointee must be furnished. The appointee also must have substantial experience in all areas of municipal law, including but not limited to land use - zoning and planning, Conflict of Interest and Open Meeting Law, public construction, public contracts, environmental law in particular to a coastal community, municipal finance, litigation and open town meeting. Particular expertise

in zoning and planning desired. At this time, Labor Counsel Services is not being sought, but appointees may note relevant experience.

C. Accessibility

The appointee must commit to returning all calls and electronic correspondence from the Town Manager or authorized Officials either himself/herself or through a qualified back up within 24 hours of the call. If located beyond the Cape Cod dialing area, the appointee should be available by toll-free telephone line upon request. The appointee must also commit, as a general rule, to responding to requests for written opinions within one week unless the circumstances of the opinion warrant a shorter or longer time frame for a response. Electronic communications such as PDF documents are preferred when appropriate.

On-site office hours are desired on a monthly basis or occasionally more frequently to attend an on-site meeting.

D. Back-up

The appointee must have, within his or her firm or through an established relationship, at least one (1) other qualified attorney available to render advice and otherwise represent the interests of the Town of Chatham when the appointee is unavailable. In this context, "qualified attorney" shall mean another lawyer who substantially meets the minimum qualifications set forth herein for the appointee.

E. Billing

The appointee must commit to providing statements for services rendered on a monthly basis. Each statement, if based on an hourly rate for services, must disclose, at a minimum, the date of the service, the identity of the lawyer or staff person performing the service, the subject matter reference for the service, a description of the service performed, the time it took to perform that function, and the hourly rate for the individual performing the function. Expense items must also be itemized.

SAMPLE - RFP Legal Services

III. Fees and Expenses

The Town's budget for legal expenses for FY 2015 is $97,500 under a retainer for Town general counsel services. This budget includes fees and expenses for Town Counsel and special and labor counsel as necessary. Other budgets may contain amounts to be expended on legal services, such as Community Preservation Program.

Towards this end, the Board of Selectmen would be pleased to consider alternatives to the traditional hourly rate fee arrangement with counsel. As but one example, responding attorneys may propose a fixed retainer for a specified scope of services, with an hourly rate for work outside the established scope of services. Responding attorneys should feel free to be creative in this regard so long as the proposal is workable and reasonable.

Whether or not an alternative fee arrangement is proposed by the responding attorney, the attached fees and expenses response sheet must be completely filled out.

IV. Selection

In seeking Town Counsel, the Board of Selectmen is not bound by M.G.L. c.30B or by any other constraints apart from the sound judgment of its members. This process is being used to communicate the desired qualifications of Town Counsel and to solicit information in an orderly fashion for rough comparative purposes. Ultimately, though, the Board of Selectmen will select the candidate that they deem to be in the best interests of the Town, in its sole discretion. Consequently, the Board of Selectmen, Town Manager, and the Town of Chatham reserve the right to waive any irregularities in the RFQ process and to accept or reject any or all proposals.

V. Application

Qualified attorneys interested in responding to this RFQ should fill out the attached forms completely, attach copies of all documents requested therein, and return the same in an envelope labeled "Town Counsel RFQ" to:

Jill R. Goldsmith, Town Manager
549 Main Street
Chatham, MA 02633

Please provide six (6) copies of the RFQ response and all associated documentation on 8½ x 11 paper. Electronic submissions to snealy@chatham-ma.gov will be accepted in PDF format. The Town will provide a 'received acknowledgement' via email for all emailed submissions. If such acknowledgement is not received by you on or before the submittal date, please call Shanna Nealy, Executive Secretary at 508.945.5105 for confirmation.

All responses to this RFQ must be received at the Office of the Town Manager/Board of Selectmen above address – or via email to snealy@chatham-ma.gov no later than 4:00PM on November 17, 2014. Thank you!

TOWN OF SHREWSBURY

Richard D. Carney Municipal Office Building
100 Maple Avenue
Shrewsbury, Massachusetts 01545-5398

TOWN OF SHREWSBURY
REQUEST FOR PROPOSALS
TOWN COUNSEL SERVICES
May 2015

SAMPLE - RFP Legal Services

The Town of Shrewsbury, Massachusetts, acting through its Board of Selectmen, seeks to appoint an attorney or law firm as Town Counsel effective no later than August 1, 2015.

The Town's long serving Town Counsel of 37 years, T. Philip Leader, Esq. is retiring effective June 30, 2015.

The Town of Shrewsbury operates under the provisions of Chapter 553 of the Acts of 1953 which established the representative town meeting and Chapter 559 of the Acts of 1953 which established the selectmen-town manager form of government. Attachment E contains several web addresses where interested parties can view relevant documents concerning the Town.

Access to Town Counsel is strictly limited and all contact is made through the Office of the Board of Selectmen. Both the School Department and Board of Light Commissioners engage independent counsel to handle their affairs. The Town's Treasurer and Collector may make use of special counsel for tax taking procedures. The Board of Selectmen reserves the right to appoint other special counsels as necessary and appropriate.

The Town's legal budget is as follows:

FY 2012 Actual	FY 2013 Actual	FY 2014 Actual	FY 2015 Budget	FY 2016 Budget
$49,400	$58,918	$58,483	$84,000	$64,200

The Town seeks expertise in the following matters:

- General Municipal Law;
- Labor law (additional labor counsel may be appointed)
- Municipal Finance;
- Town Bylaws and Regulations;
- Open Meeting, public record, executive session, and conflicts of interest law;
- Zoning and land use issues including enforcement of the zoning by-law

- Real estate issues involving acquisitions, sales, eminent domain, easements, leases and tax takings;
- Town Meetings including drafting and the review of warrant articles and motions, advice on issues before and at Town Meeting;
- Drafting and monitoring special legislation;
- Bidding, public construction, and municipal procurement issues;
- Subdivision control law;
- Wetlands regulations;
- Public health enforcement including appearances in Housing Court
- Elections law and procedures;
- Liquor Licensing; and
- Representation of the Town in all courts, including the appellate level and administrative agencies.

The Town expects Town Counsel attendance at the following:

- All annual and special town meetings
- Board of Selectmen meetings and other meetings upon request.

Minimum Qualifications/Requirements:

1. The appointee and all those who serve as designee to the appointee (see below) must be a member in good standing of the Massachusetts Bar and of the Federal Bar for the District of Massachusetts. Town Counsel must have Professional Liability Insurance in the amount of at least $1,000,000 and will need to produce a certificate of insurance upon appointment.

2. The appointee must represent or have represented as town counsel (or functional equivalent) a minimum of three Massachusetts municipalities for no less than five years each or represented other Massachusetts municipalities in specific areas of municipal law or possess equivalent experience. References for all municipalities currently represented or represented in the past ten years must be furnished.

3. The appointee must commit to be available for frequent contact either through in person meetings, via telephone or electronic means, and be able to respond to all communications from authorized officials either himself/herself or through a qualified back up within 48 hours of the call during normal business hours. The appointee must be accessible to authorized town staff and board members. An internal controls process directs staff and board members on procedures to be followed when Town Counsel's services are needed. The appointee must also commit, as a general rule, to responding to requests for written opinions within one week unless the circumstances of the opinion warrant a shorter or longer time frame for a response. The appointee must commit to preparing a brief quarterly written summary of all open issues at no cost to the Town and to preparing a report for the Town's Annual Report.

SAMPLE RFP Legal Services

4. The appointee must have within his or her firm or through an established "of counsel" relationship at least one other qualified attorney designated as available to render advice and otherwise represent the interests of the Town of Shrewsbury when the appointee is unavailable. In this context, "qualified attorney" shall mean another lawyer who substantially meets the minimum qualifications set forth herein for the appointee or who is supervised by another attorney in the firm that meets these qualifications.

5. The appointee must commit to providing a summary of legal services rendered and invoices for services ordered, rendered and accepted on a monthly basis. Each statement, if based on an hourly rate for services, must disclose, at a minimum, the date of the service, the identity of the lawyer or staff person performing the service, the subject matter reference for the service, a description of the service performed, the time it took to perform that function, and the hourly rate for the individual performing the function. Expense items must also be itemized.

6. The Town is committed to containing legal costs and wishes to understand the basis on which the responding attorneys propose fees and expenses. The Board of Selectmen will consider alternatives to the traditional hourly rate fee arrangement with counsel and/or the current fixed fee arrangement for certain services, such as attendance at Board of Selectmen and Town Meetings. Responding attorneys are required to clearly outline the various types of financial arrangements being proposed. For example, if a fixed fee arrangement is being proposed, define exactly what is meant by this term and specify the legal services which are included in the fixed fee arrangement and those which are excluded. The hourly rate for legal services which are excluded from a fixed fee arrangement must be provided. If a minimum annual contract is proposed, define what would be included in such an arrangement. Responding attorneys should feel free to be creative in this regard so long as the proposal is understandable and reasonable.

   Whether or not an alternative fee arrangement is proposed by the responding attorney, the attached fees and expenses response sheet must be filled out completely.

SAMPLE RFP Legal Services

In seeking Town Counsel the Town of Shrewsbury is not bound by M.G.L. c.30B or by any other constraints apart from the sound judgment of its Board of Selectmen. This process is being used to communicate the desired qualifications of Town Counsel and to solicit information in an orderly fashion for rough comparative purposes.

Ultimately, the Board of Selectmen will select the candidate(s) deemed to be in the best interests of the Town, in its sole discretion. Consequently, the Board of Selectmen and Town of Shrewsbury reserve the right to waive any irregularities in the RFP process and to accept or reject any or all proposals. The appointment of Town Counsel is generally made by the Board of Selectmen for each fiscal year.

Qualified attorneys or law firms interested in responding to this RFP should fill out the attached forms completely and attach copies of all documents requested therein. Kindly return the same in a sealed envelope labeled "Town Counsel RFP" to Moira E. Miller, Chair, Board of Selectmen, 100 Maple Avenue, Shrewsbury, MA 01545 no later than 4:30 PM on Friday, June

19, 2015. Questions may be directed to Daniel J. Morgado, Town Manager at 508-841-8508 or dmorgado@shrewsburyma.gov.

Please provide six (6) hard copies of the RFP response and all associated documentation on 8 ½ by 11 paper, along with one digital copy in Adobe pdf format to the address above.

Southborough Semi-Annual Survey (S3)

Objective:
Survey all town residents on a semi-annual basis to collect the data necessary to become more of a “Data Driven Town”

The goal would be to heavily promote this anonymous survey to town residents during February and August of each year. The February results would give some potentially interesting data for Town meeting. The August results would provide interesting data to feed into the next year budget cycle.

Cost:
None.
Delivery: The MTC has a surveymonkey.com account that the current survey is built on.

Promotion: current ideas: 1) The town website, 2) Mysouthborough.com, and 3) signage at the transfer station.

Analysis: Residents with expertise in statistical analysis have volunteered to help analyze the results.

Background:
An increasing number of towns and cities are engaging their residents on a periodic basis to survey sentiment and opinions. Kansas City, MO is considered one of the leaders in this area. Here is their most recent report:
https://www.kcmo.gov/home/showdocument?id=5476

Starting on page 170 of that doc they include a copy of their survey “instruments”. They use one survey for Q1/Q3 and another for Q2/Q4.

The city publishes its results in a live “Resident’s Insights Dashboard”:
https://dashboards.mysidewalk.com/kansas-city-mo-citizen-survey

The current draft of the Southborough Semi-annual Survey is modeled after the professionally developed Kansas City MO survey. That survey instrument is in the public domain.

Status:
Feedback has been incorporated feedback from: Fire, Police, Rec, the Library, Town Administrator, and Youth and Family Services. DPW is currently reviewing. The Schools Committee will also be engaged. Review and feedback from the BOS would also be appreciated. Current release ETA: Finalize the survey by the last week in Feb and then heavily promote the survey for the first two weeks in March.

Southborough Semi-annual Survey (S3)

Pre-Intro

This survey of for residents of the Town of Southborough MA.

1. Are you currently a resident of the Town of Southborough, MA?

   - ◯ Yes
   - ◯ No

TO: Marty Healey, Board of Selectmen Chair
Mark Purple, Town Administrator

CC: Betsy Rosenbloom, Personnel Board Chair

FROM: Steve Achilles, Fire Chief

RE: Withdrawal of Schedule E of SAP Request

In light of the feedback we have received, along with the expectation that the design, positions, and compensation within Emergency Management will require further examination, I am respectfully withdrawing the request to revise the Emergency Management Coordinator annual compensation in Schedule E from $2000.00 to $3000.00.

I would, however, appreciate the reconsideration of the Board's support and approval to revise the current provisions of Schedule D of the SAP as presented in an earlier memo.

I am prepared to discuss further at your earliest convenience.

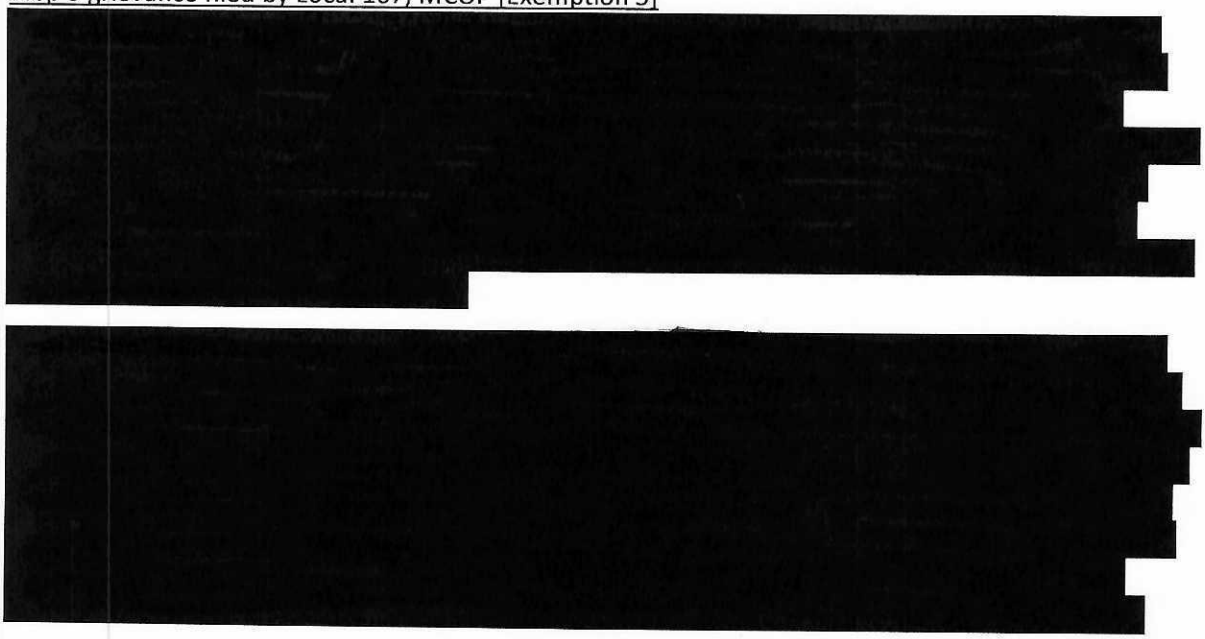
Board of Selectmen
Executive Session Meeting Minutes
Tuesday, February 2, 2021
Virtual Meeting through Zoom

Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers, Town Administrator Mark Purple, Assistant Town Administrator Vanessa Hale



At 6:00 P.M. Chairman Healey made a motion for the Board to enter into Executive Session per M.G.L. Chapter 30A, Section 21, and returning to Open Session, for the following matters –to discuss a Step 3 grievance filed by Local 167, MCOP (Exemption 3); and to comply with, or act under the authority of, any general or special law (Exemption 7) to review and approve the Executive Session minutes of December 15, 2020, and review the April 25, 2019 and May 7, 2019 Executive Session minutes for release. Mr. Shea seconded. The motion passed by roll call all in favor (5-0-0), Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Review and approve Executive Session minutes, December 15, 2020, and release the April 25, 2019 and May 7, 2019 [Exemption 7]

Chairman Healey made a motion to approve and release Executive Session minutes, April 25, 2019 and May 7, 2019. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Mr. Stivers requested to change the line regarding liability in the middle paragraph of the December 15, 20202 Executive Session minutes to read "Ms. Braccio asked if there was liability insurance on the property"" for clarification. Chairman Healey made a motion to approve the Executive Session minutes from December 15, 2020 with the revision mentioned. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Step 3 grievance filed by Local 167, MCOP [Exemption 3]

Approved by BOS 2-16-21

[redacted]

Mr. Shea made a motion to return to open session at 6:27 P.M. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

On a motion by Chairman Healey, seconded by Mr. Stivers and voted all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye, Healey, aye, Executive Session was closed at 6:30 P.M.

Approved by BOS 2-16-21

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, February 16, 2021, 6:00 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey opened the meeting at 6:00 P.M. and read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

Chairman Healey acknowledged the Scouts who were observing the meeting and working towards earning their rank of Eagle Scout. He welcomed them to the meeting and asked if anyone would like to speak. There were no volunteers.

I. Public Comment
None

II. Scheduled Appointments
Brian Ballantine, Finance Director; Carla McAuliffe, Town Accountant

i. Quarterly Financial update

Mr. Ballantine gave the financial quarterly update and described revenues as $35,000 less than last year and the first excise commitment is down about 6%. He added that revenues were impacted this year but are staying stagnant. He added that the water fund had a large increase due to the rate structure being revisited. He stated that most departments are on track to stay within their budgets and the Town will be spending about 98-99% of the benefits this year. Ms. McAuliffe gave a financial overview by department which included the Town Clerk, Board of Health and the DPW. She described how each are using FEMA and the CARES ACT to cover expenses due to the pandemic. Ms. Malinowski asked if there were any expenses the Town requested payment or reimbursement through the CARES ACT or FEMA that was denied by both. Ms. McAuliffe explained how the two work and stated that she suspects audits will not be completed until 12/31/21. Ms. Braccio asked about the Board of Selectmen deferred compensation and Mr. Purple explained that the overage is once a year. Mr. Ballantine further

explained that it is calculated based on a contractual obligation of percentage of base and he does not foresee this changing over the next six months. Ms. Braccio asked about the contracted services for the DPW and if there may be a shortfall for fiscal year 2021. Mr. Ballantine stated the DPW budget will be tight this year and he suspects the last four months of the year will be even tighter. Ms. Braccio stated that she would like to ensure the DPW has the funds they need for fiscal year 2022.

Mr. Shea asked if there are any adjustments needed to be made for fiscal year 2022 based on where revenues will be at the end of the year. Mr. Ballantine explained that revenues are set during the fall and there is not enough now to justify changing them in either direction at this time. Mr. Stivers asked if the Mortgage Assistance Program will be renewed and if there were funds to offer this in 2021. Ms. Malinowski stated she will be working with Ms. McAuliffe to renew this and will be looking into the Trust which serves as the back up if the funds are denied through the CARES ACT. Mr. Stivers suggested expanding the Trust and Ms. Malinowski agreed and added she will be discussing this with Ms. McAuliffe as well.

ii. FY22 Budget update

Mr. Ballantine gave an overview of the 6% tax rate decrease which was due to dental and the schools budget. He stated that most departments have resubmitted their budgets as requested and the Personnel Board has voted and approved their budget. Mr. Ballantine stated the Capital Planning Committee is still discussing capital items and will continue to work with the Board regarding their recommendations. He added that the schools are still working on their budgets.

Ms. Malinowski asked about the internal fee reviews departments were asked to conduct. Mr. Ballantine stated he reached out to all departments and received responses from almost all of them. He stated there were no surprises and he will send the document to the Board this week for review. Mr. Stivers asked about the funding of the Historical Museum by the Historical Society. Mr. Ballentine stated that the Society had put money into their budget to assist in funding the Museum for next year but he will look into it. Mr. Stivers explained the changes to the MWRA rater rates after the fiscal year 2022 assessment.

<u>7:00PM: Verizon Pole Hearing – install stub pole and guy for P33-84, Pine Hill Road</u>

At 7:00 P.M. Chairman Healey opened the public hearing and read the public hearing notice into the record. Al Gavin from National Grid gave an overview of the project he is seeking approval for which included installing a thirty-five-foot stub support pole across from lot P33-5 with an anchor to keep the pole from leaning in the future. He stated this is a safety measure and would prevent future power outages. He added that overhead crew supervisors survey local areas and have found this to be needed to ensure proper support for this equipment and will strictly be a support pole. Mr. Shea asked if a line could be run off this pole in the future. Mr. Gavin replied that if a home were built in that area a line could be run from it or there could be a service drop. Mr. Stivers asked for clarity in regards to the location of the stub pole and Mr. Galvin explained that it is all on Town owned land. Mr. Purple stated that Ms. Galligan approves of the proposal and she has been concerned about the leaning of these poles. Mr. Litt (148 Woodland Road) requested that the Board include that the placement will not impede any future sidewalks in their approval. Mr. Gavin stated there is no sidewalk currently and no concern for a future one. Mr. Shea explained the steps that would need to be taken to include a sidewalk in this area which would include widening the road. Mr. Shea made a motion to close the public hearing at 7:10 P.M. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

There was discussion regarding including a statement regarding a future sidewalk in this area and Mr. Shea stated there is a stonewall here that should not be disturbed. Chairman Healey made a motion to approve the installation of stub pole and guy for P33-84, Pine Hill Road as requested by Mass Electric and Verizon New England. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

7:30PM: Public Forum on Downtown District bylaw

i. Sponsorship of warrant article

Ms. Braccio and Ms. Connelly of the EDC presented the document titled "EDC Downtown Initiative Proposed Zoning Changes" from the packet. John Walter (Newton Street) stated his concerns over stormwater drainage and stated that an extensive and deeper water management plan is needed. Mr. Shea stated that this could be addressed during the CSX discussion later in the evening and added that a solution to the infrastructure issues are a key component. Chairman Healey agreed and stated there should be more thought on the type of housing is provided within the community along with the focus on drainage and wastewater issues. Tom Gittins raised his hand to speak but there was no audio connection. Kevin Miller spoke as an abutter to the project and raised concerns about the district map. He questioned the inclusion of the southern and western boundaries that begin at Park Street and runs through private backyards to Latisquama Drive. He felt these should not be included in the downtown district. Ms. Braccio explained the map is the current downtown district and there were no changes proposed to it. She added this will be discussed at the Planning Board public hearing.

Dianna Bell spoke as a new resident in Town and asked if there was any consideration for the types of businesses that will be allowed in this district. Ms. Connelly replied that she has not seen zoning language that includes language that limits the number of specific businesses but it is healthy to have a diversity of businesses. She stated this will be brought up with their zoning consultant.

Ms. Malinowski read the question from Mr. Gittins in the Zoom chat regarding wastewater issues in the downtown area. Ms. Connelly explained the EDC Wastewater Feasibility Study and next steps for moving forward with this. Mr. Shea stated that solving the infrastructure issues in this area should be reviewed in conjunction with reviewing what types of businesses will locate in the downtown district. Ms. Malinowski read a question from Mr. Gittins that was submitted through the Zoom chat regarding liquor licenses for the public house/pub listed in the zoning bylaw as allowed by right. Ms. Connelly explained options.

Mr. Radler raised his hand to speak but audio was not available. Ms. Braccio stated Mr. Radler left a comment in the Zoom chat function regarding the pole hearing from earlier in the evening. Chairman Healey stated this would be addressed after this discussion.

Mari Quirk (11 East Main Street) stated her concerns about updating the downtown area before fixing the groundwater issues. She stated the downtown needs more parks, walkways, bike paths and sidewalks. Chairman Healey stated these concerns will be considered as the process moves forward. Ms. Quirk stated her concerns the type of buildings that could be created in this area could negatively impact the neighborhood. Chairman Healey explained that the allowable uses will limit the types of businesses that could negatively impact the neighborhood and more feedback through forums will help uncover potential issues. Tim Litt stated that using floor area ratio to address building size does not serve a purpose. He asked about room for parking and

open space per lot. He suggested looking at a different metric to limit the size of building on a lot. Ms. Connelly thanked him for his feedback and stated she will confer with the consultant. Ms. Braccio read a comment from Caitlin Boland submitted through the Zoom chat regarding the limited walkability and open space in the downtown. Ms. Connelly explained the work the Master Plan Committee is doing to address these issues. Ms. Braccio read a comment from Dianna Bell submitted through the Zoom chat regarding collaborating boards, committees and departments downtown to enhance the area using skills from these various groups. She used the creation of murals downtown through an art group as an example. Chairman Healey replied with an enthusiastic "yes." Ms. Braccio read a second chat comment from Ms. Bell regarding traffic impact on East Main and accounting for green space and parking in the bylaw. Ms. Braccio read the draft bylaw that describes a solution to these issues.

Ms. Malinowski asked for next steps moving forward and Ms. Braccio explained. At 8:50 P.M. Ms. Braccio suggested the Board close the public hearing. Chairman Healey thanked all those who participated.

Mr. Shea addressed Mr. Radler's question regarding the pole hearing and stated the pole will be on Town land and not on private property. Chairman Healey suggested that any further questions be directed to Mr. Purple.

III. Reports

Chairman's Report

Chairman Healey stated that for the Scouts to earn another merit badge, they must interview a member of Town government. Ms. Braccio nominated Mr. Shea to work with the Scouts. Mr. Shea agreed.

i. Update on Shared Streets & Spaces grant award

Chairman Healey stated that Mr. Purple, Ms. Galligan and he met with a representative from VHB and St. Mark's the previous week and due to the need to spend the funds by the end of May, the process has been fast-tracked. He added Ms. Galligan will be put out RFPs soon and explained the project details with the grant. Ms. Braccio asked about the playgrounds and urged the Board to ensure there is a playground in the southside of Town if any changes happen to South Union property. Ms. Braccio asked about the trees that may be removed and Chairman Healey replied that it was agreed by all representatives to preserve as many as they can. He explained the work covered by Chapter 290 and Chapter 90 funds.

ii. Town Meeting Scheduling

Chairman Healey stated that the information from Mr. Hegarty and the Attorney General's Office has already been reviewed and explained options for holding Town Meeting. He asked the Board to set a date to discuss and felt the Board has the authority to vote to have Town Meeting on a date different than March 20th. He asked that the Moderator discuss with the Board at the next meeting. Ms. Malinowski stated she did not receive the information Chairman Healey was referring to. Mr. Purple confirmed it was sent to Chairman Healey and Ms. Braccio only and forwarded the documents to the rest of the Board. Chairman Healey explained Mr. Hegarty's proposal and the Attorney General's statute that states the Board of Selectmen can select a different date during a State of Emergency not withstanding the bylaw. He asked that the Moderator attend the meeting on March 2nd to discuss.

Members' Reports

i. MMA updates

Ms. Braccio gave an update from the MMA/MSA Board meeting which included the January tax revenues for the State, the amount earmarked by the State for the Stabilization Fund, the fiscal year 2022 budget being viewed by the Governor as a recovery budget and explained the Climate Bill that the Governor vetoed will be refiled.

Ms. Braccio offered condolences to the family of Jim McCaw who was the Town Electrical Inspector for thirty-four years and was a Korean War veteran of the United states and went on to work as the director of buildings and grounds for the Fay School in Southborough. She thanked him for his service to Town and Country.

ii. Master Plan Committee update

Mr. Stivers stated that the Master Plan Committee is making strong progress toward updating the 2008 Plan. He stated that all plan components have been reviewed, drafts have been made by various members and he hopes initial drafts will be done in the coming months. Mr. Stivers added that he hopes to have the Master Plan Committee on an agenda next month for a specific update.

iii. BOS office hours update

Ms. Malinowski stated that Ms. Braccio and she hosted Office Hours this week and it was asked if the audit management report could be published to the website. Mr. Stivers suggested past audit reports be published as well. Chairman Healey stated he will be at the next Office Hours held on February 23rd at 7:30 P.M. with Mr. Shea.

Town Administrator Report

i. COVID-19 vaccination updates

Mr. Purple commended Ms. Le Francois and her staff at the Senior Center for their efforts reaching out and making calls to their lists of seniors to inform them about vaccination options. He explained the collaborative vaccination clinic the Town participated in with Hopkinton and stated several hundred doses were given to Southborough seniors. He thanked Ms. Amico for helping facilitate that partnership.

Mr. Purple stated the Veteran's Agent informed him that the Bedford Medical Center is offering vaccines to Veterans registered with VA Health Care. He urged those who qualified to call the Center and register for a vaccine.

He stated Charles River Medical Association in Hudson has 200 Moderna vaccinations for seniors 75 years and older. He asked those who want to call or register on their website as vaccinations will be held tomorrow from 1:00 – 5:00 P.M. and February 20th from 9:00 A.M. – 3:00 P.M. He thanked Ms. Chamberlain for her assistance in facilitating this.

IV. Consent Agenda

a. Mr. Stivers asked to hold consent agenda "a." Mr. Stivers asked that in line 65-67 the company name "GHB" be revised to "VHB." Ms. Malinowski requested changes on row 84 and 225 as sent in her email. Chairman Healey made a motion to approve Open Session Minutes: February 2, 2021 with the revisions described. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Chairman Healey made a motion to accept the total of $850.00 in donations for the Fire Dept. Ambulance Fund. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
c. Chairman Healey made a motion to accept the $150.00 donation for Southborough Youth and Family Services donation account. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
d. Mr. Shea asked to hold agenda item "d," to Award the bid for Wastewater Study under EEA Grant. He informed the Board he will be recusing himself from this matter and asked that the record reflect this. Ms. Braccio stated that the EDC managed the wastewater study and they did not vote to award this bid at their January 15th meeting. She added that she is not comfortable moving forward until the EDC has signed off and agreed to award the contract. Claire Reynolds of the EDC explained that the EDC had not thought they needed a vote and she reached out to DPW Superintendent Galligan for her opinion and did not receive a response. Ms. Reynolds informed the Board that this item could be held until next meeting. Chairman Healey stated Mr. Purple will ask Ms. Galligan for her opinion and he asked the EDC to vote on the matter and report back to the Board for next meeting.
e. Chairman Healey made a motion to approve the request to extend term of Capital Planning - School Research Subcommittee to June 30, 2021. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
f. Mr. Stivers asked to hold agenda item "f." Mr. Stivers asked that the word "liability" be added to Ms. Braccio's statement in paragraph two. Chairman Healey made a motion to approve Executive Session Minutes: February 2, 2021 with the described edit. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Chairman Healey acknowledge Gloria Radler who was a participant with their hand raised. Audio was unable to be connected. Chairman Healey informed Ms. Radler that the Board will be moving on.

V. Other Matters Properly Before the Board

South Union School – Next steps

Mr. Malinowski, Chair of the Capital Planning Committee, asked the Board if they would like to move forward with this as a Board sponsored article or if they are interested in pursuing a disposal of this property. He further asked if the Board was interested in looking for a proposal to offer at Town Meeting or waiting to entertain offers until Town Meeting authorizes going out to bid for the property. He stated if the Town could generate a one-time revenue from this property, it could offset some cost of capital items on the tax base. Mr. Stivers stated that he is in support of bringing a specific offer to Town Meeting. He voiced his concern about the timing of doing so and ability to include this in the Town Meeting Warrant. Ms. Malinowski agreed with Mr. Stivers. Mr. Shea stated he agreed and asked about timeframes for complying with procurement laws. He added that language would need to be included in the offer that it was applicable for a period of time after Town Meeting. Mr. Purple explained the procurement timeframes. Chairman Healey asked for a larger discussion on March 2nd and asked Mr. Purple to look into the timeframes and legislation newly passed about requirements for zoning near Mass Transit stations. He added this property is close to the train station and it may behoove the Town to begin working towards these guidelines. Mr. Stivers agreed and suggested Town Counsel or other legal experts look into this new legislation and bring suggestions to the Board. Chairman Healey spoke to the future cost incurred by the Town to continue to operate in the

building and moving the Town offices located there. Ms. Malinowski stated that the South Union Playground is the only playground on the south side and the only fenced in playground in Southborough. She stated she would not want to take that asset away without a replacement. Mr. Malinowski outlined the discussions the Capital Planning Committee has had regarding the options for the South Union School and asked for an opinion from the Board. Chairman Healey asked Mr. Malinowski to have his Board take a position on either including the entire parcel in a bid to a developer or whether to limit the bid to include only the school with the maintaining of the façade. Mr. Malinowski stated he will take this back to the Committee and Ms. Braccio will update the Board with their position.

Review draft of RFP for Legal Services

Chairman Healey stated there will be additional drafting done for the March 2nd meeting. He asked any Board member to send feedback on the drafts to Mr. Purple.

Discussion of CSX easement and Downtown portion of Main Street reconstruction project

Chairman Healey stated he met with CSX and gave an update on the four properties impacted by CSX exercising their property rights. He stated that the Knights of Columbus have agreed to a lease agreement that both sides are satisfied with. He stated that CSX has declared that Mr. Bemis's property which is in land court would need to address any plans in the future that may encroach CSX property but as of now they do not see this property as an issue. Chairman Healey stated that Mr. Lamy has decided that his property on the southeast corner does not need access to CSX owned land and they will not be seeking an easement. Chairman Healey summarized the current status of easement negotiations between CSX and Mauro's Café on the southwest side of the tracks. He stated that the Town cannot fix the infrastructure problems in this area without an easement from CSX and the owner of Mauro's Café has denied the lease agreement offer with CSX at this point. He stated that CSX has agreed to give the Town an easement as part of the work done on Main Street as long as curbing is put in that protects their property. This would adversely affect the CSX property used by the Café. He added that property will be blocked off by CSX regardless if any easement agreements are made or not. He stated the Board could enter into an easement agreement and have access to fix infrastructure issues on Main Street or decide not to enter the dispute and lose the opportunity for an easement and thus lose the ability to fix the infrastructure issues. He added either way, the Café will not have access to the CSX owned land when CSX exercises their property rights. Mr. Shea stated that there are more owners adversely impacted by not addressing the infrastructure needs than this one landowner and the Board must think of the greater good. Ms. Braccio agreed and urged for another attempt to facilitate a discussion between CSX and the landowner. Ms. Malinowski stated that the Board should take the majority of property owners into account and a decision cannot be made in favor of one. Mr. Shea clarified where the parking would be adversely impacted. Chairman Healey stated Ms. Galligan would like to put out an RFP for the infrastructure work by the end of March and he will be adding this topic on the March 2nd agenda. He stated he will attempt to have a conversation with the land owner and an update to the Board by then.

VI. Public Comment

Tim Litt (148 Woodland Road) stated that he walks in Town and many sidewalks have telephone poles in the middle which makes it hard to navigate. He stated it should be a matter of policy to avoid poles being placed in the middle of sidewalks and it should be addressed before approving installations.

VII. On a motion made by Mr. Stivers, seconded by Ms. Braccio and voted all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 9:38 P.M.

Upcoming Meetings *March 2, 2021* *March 16, 2021*

Respectfully submitted,

Kathleen Barry, Recording Secretary

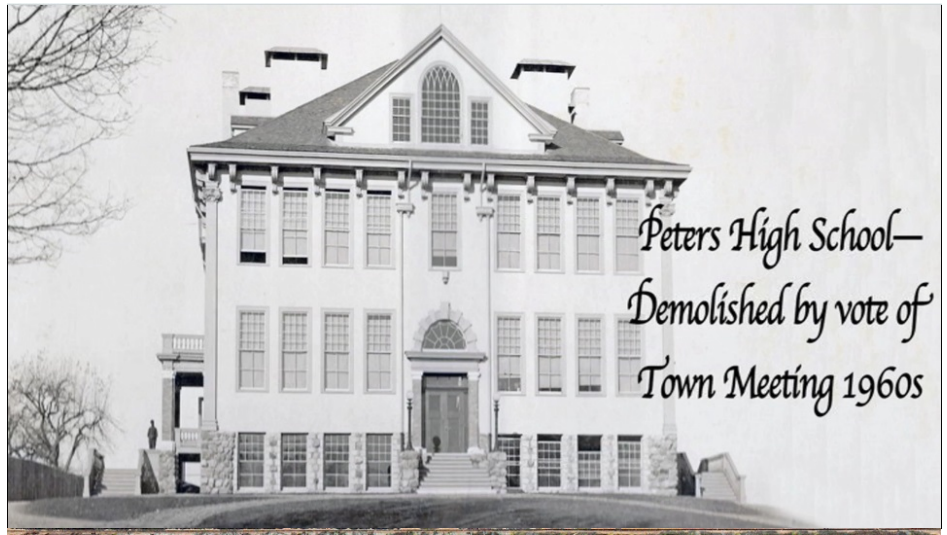
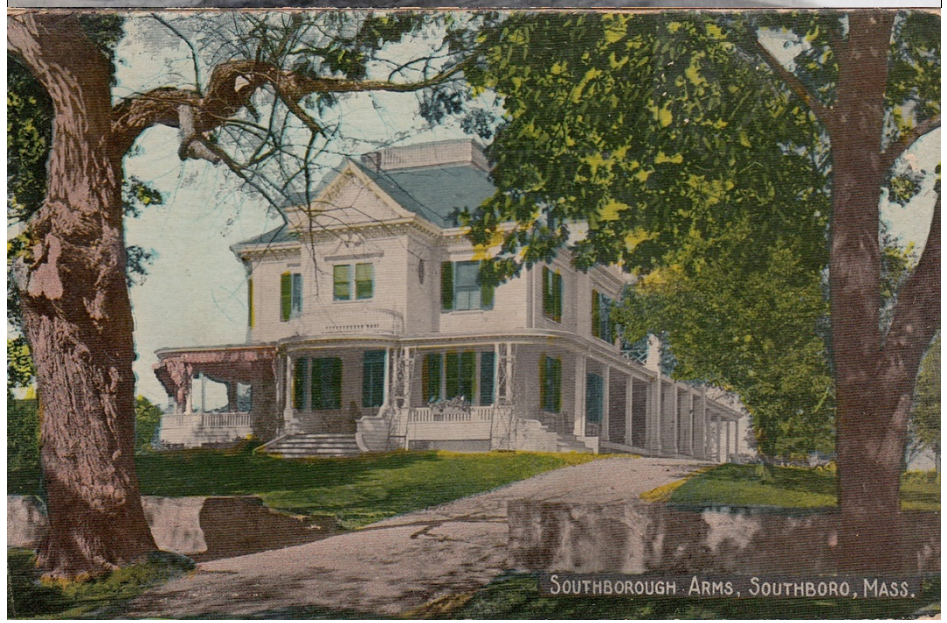
Downtown District

Proposed Zoning Changes

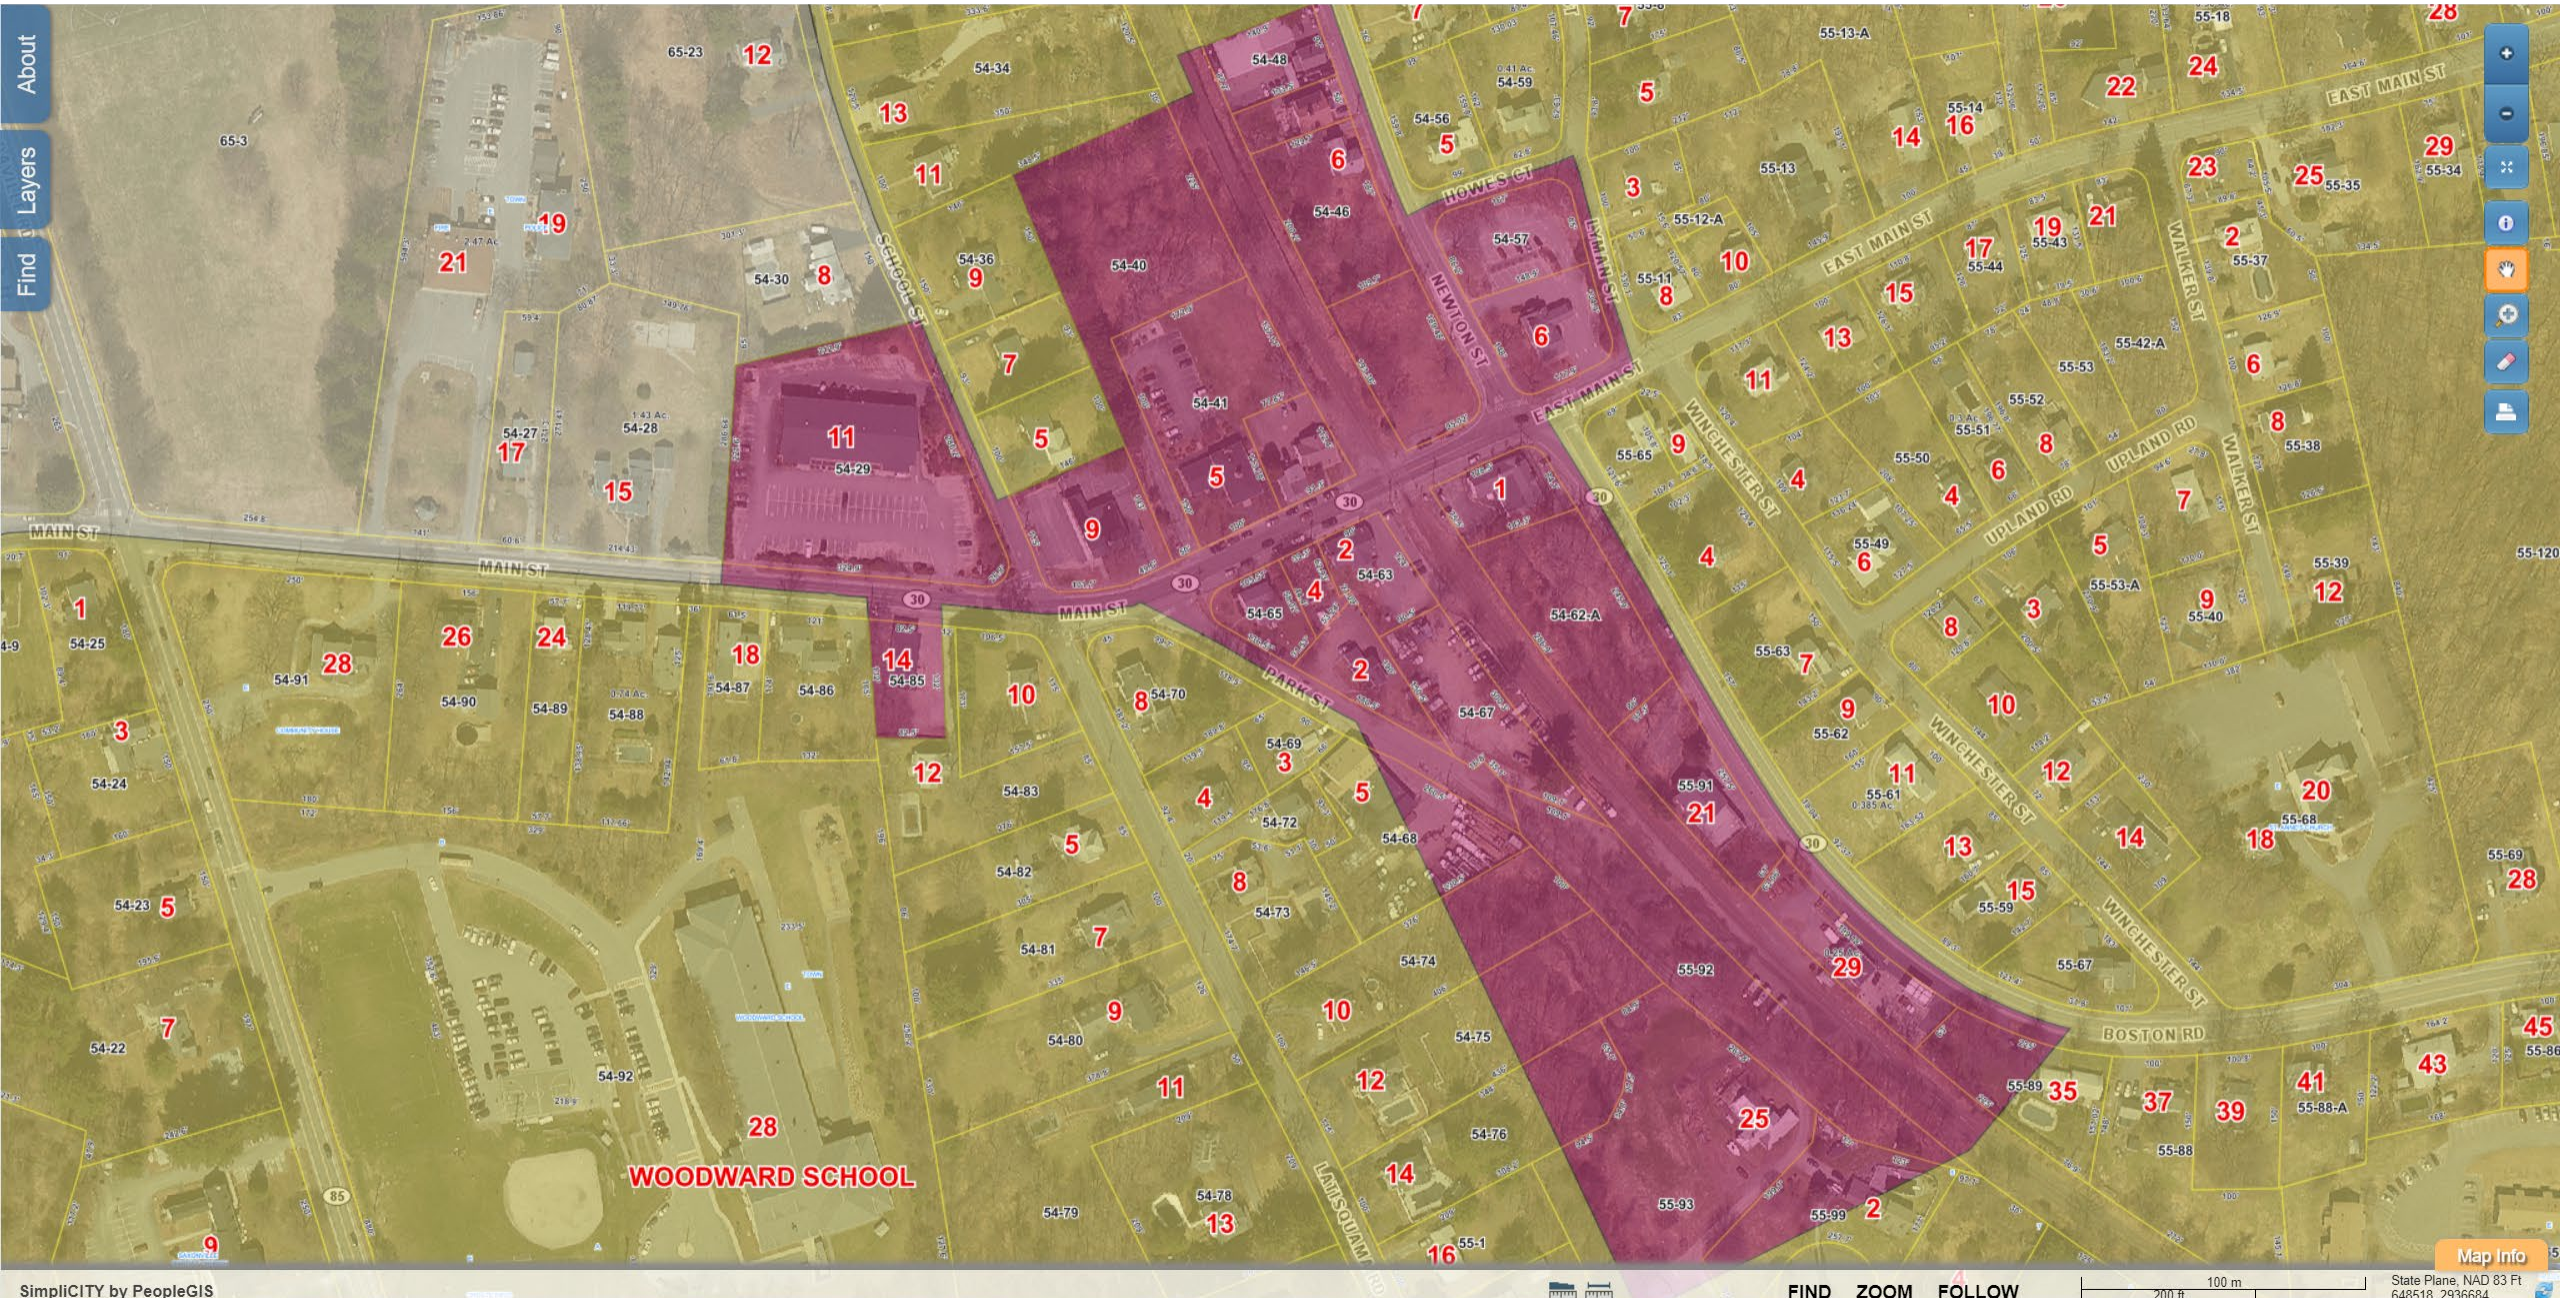
16 February 2021 * Public Forum

Downtown District: Then & Now





Downtown District: Then & Now

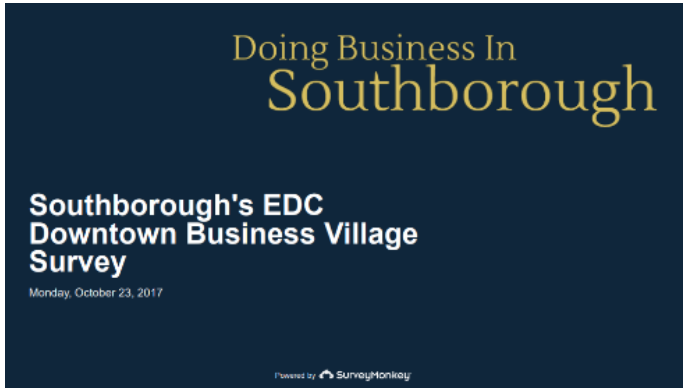


Downtown District: Project Location

Southborough's *Downtown Business Village District* (DBVD) is located centrally in the town and is serviced by Routes 30, 85 and local roads.

It is a typical rural town center with businesses and residences lining the road. The particular area of study with this project is the area defined as the DBVD (*see map A*).

The Downtown is comprised of a mix of commercial, community and municipal buildings as well as single-family homes, many of which are considered to be historically significant.



MAP A: Downtown Business Village District (DBVD)

Downtown Initiative Survey

2017 – EDC Downtown Initiative Survey

- **Outreach** August/September 2017
- **427 Total Responses** (including review/input from Boards & Committees)
  - Only *31% were satisfied* with business climate in Downtown
  - *86% were dissatisfied* with shopping and dining opportunities
  - 55% felt that the area doesn't have a 'downtown' feel
- **Summary**
  - Residents and businesses care deeply about Downtown and want improvements.
  - There is a strong sense of community.
  - More amenities are wanted:
    - 90% want more restaurants. Publik house/pub mentioned repeatedly:
    - 67% want more retail shops:
    - Most are open to small-scale mixed use (Only 15% opposed);
    - Historic buildings, signage, "public spaces" and connectivity are highly valued.

  - October 2017
  - November 2017 (Summarized discussions)
  - February 2019
  - October 2019

Why The Proposed Zoning Change?

Source: Housing Production Plan 2015

Past recommendations for Downtown include:

2008 Master Plan	**Goal #1: Promote growth and development within the Downtown to encourage a mixed use environment.**
2012 MAPC Report	Southborough Zoning Bylaw Review and Build-out Analysis for Town Center Parcels
2015 Housing Production Plan	Encourage mixed use development and make infrastructure improvements to promote housing/economic development.
2020 Housing Production Plan	Revise Business Village zoning regulations to provide for mixed use buildings including residential.
ULI Report	"…there appears to be a willingness on the part of the town government and its residents to consider **the reinvigoration of the downtown as an investment that is beneficial to the entirety of Southborough**"

Downtown District: Project Timeline

2021

- ***19 January:*** *Board of Selectmen approved Draft Downtown District Zoning bylaw*
- ***11 February:*** *Planning Board meeting to review draft Warrant Article for the proposed Downtown District and the associated draft Design Guidelines*
- ***16 February:*** *Board of Selectmen Public Forum on proposed zoning changes for Downtown*
- ***22 February:*** *Planning Board Public Hearing - ATM Warrant Article – Create Section 174-8.4.1 Downtown District*

Downtown District: Purpose

It is the purpose of the Downtown District to make mixed-use development options more readily available in the downtown area, and to encourage thoughtful and distinctive development or redevelopment opportunities that prioritize a diversity of uses, use and design compatibility, accessibility, innovative parking solutions and overall compliance with the performance and design standards to follow.

More specific objectives of the Downtown District include to:

1) Promote revitalization of Southborough's downtown area by encouraging and facilitating a mixed-use environment.

2) Foster a diverse mix of retail, office, residential, and recreational uses for residents, businesses, students, and visitors.

3) Update the range of non-residential uses allowed, thereby promoting the creation of local jobs.

4) Provide more diverse local housing opportunities (within mixed-use development).

5) Encourage village-style streetscapes and uses, in part through modification of existing dimensional requirements.

6) Increase the town's tax base by creating a thriving small business environment, helping existing businesses and attracting new enterprises.

7) Permit uses that promote conversion of existing buildings in a manner that maintains the visual character and architectural scale of existing development within the VMUD.

8) Foster a vibrant environment to live, work, and play, encouraging connectivity, pedestrian and bicycle-friendly options, and community gathering space.

Source: Village Mixed Use District Draft V.3

Downtown District: By-Right Uses

- Encourages desirable uses
- Streamlines permitting process for desirable uses
- Preserves the Town's priorities for vision of Downtown
- Helps attract investment by providing certainty

By-right uses are allowed, without the need for a special permit or major site plan review, so long as they meet the district standards and requirements specified in the zoning ordinance.

The advantage of by-right development is predictability: development can proceed "in accordance with pre-set regulation rather than with case-by-case exercise of discretion by officials."

DOWNTOWN DISTRICT BY RIGHT USES:

A. Permitted uses are as follows:
(1) All uses permitted in the residential districts (RA and RB)
(2) Mixed-use development, provided that each use in the development is a permitted use under this Section 174-8.12(A) or Section 174-8.12(B)
(3) Professional or business office, or bank, but not including a medical or dental office
(4) Custom manufacturing of custom goods sold primarily on the premises, such as a woodworking shop, shop for artisan or craftsperson, or bakery
(5) Bed and breakfast
(6) Art gallery
(7) Child care center
(8) Co-work center

B. Permitted uses, up to a maximum of 3,000 square feet per establishment:
(1) Retail sales
(2) Ice cream shop, sandwich shop, candy shop, other specialty food service establishment serving walk-in customers (drive-through service is prohibited)
(3) Restaurant, with indoor seating and outdoor seating on an adjacent patio (drive-through service is prohibited)
(4) Personal services such as barber shop, beauty salon, tailor, or shoe repair

Downtown District: Design Guidelines

The adoption of Design Guidelines gives potential investors and developers a clear direction on the visual character and architectural scale of building designs that is *desired* by the Town in the Downtown District.

Design guidelines:

1) Provide structure and standards for those looking to do development work in the Downtown District, providing predictability for the developer and consistency and vision for the Town;
2) Separate from the performance standards included in the bylaw such as height limits, parking requirements, set-backs etc.;
3) Will be promulgated and enforced by the Planning Board;
4) May be changed by the Planning Board without Town Meeting approval, making it a document more easily changeable than the Bylaw as needed in accordance with changes in style, innovation of new materials, etc.
5) Planning Board could include in the Design Guidelines a public hearing process to allow for public comment and input prior to implementing changes.

Downtown District: Floor Area Ratio

174-8.12 Downtown District F (6): ***Max. Floor Area Ratio: 0.35 as of right, or a maximum of 0.5 by special permit from the Planning Board.***

Floor Area Ratio:

1) This ratio is constant for a zone.
2) A floor area ratio of 1.0 means that floor area may equal lot area.
3) A FAR of 2.0 means that the floor area may be up to two times as large as the lot area.
4) A FAR of 0.5 means that the floor area may be no more than half the lot area.

Source: American Planning Association

Downtown District: Mixed Use

Mixed use development combines different uses within the same building.

Mixed-use projects may include any combination of housing, office, retail, medical, recreational or commercial components.

Provides for more public uses on the ground floor, facing the street such as retail, restaurants, commercial uses and more private uses on the upper floor(s) such as residential units, or office space.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, February 2, 2021, 6:00 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. At 6:00 P.M. the Board entered into Executive Session per M.G.L. Chapter 30A, Section 21, and returning to Open Session, for the following matters –to discuss a Step 3 grievance filed by Local 167, MCOP (Exemption 3); and to comply with, or act under the authority of, any general or special law (Exemption 7) to review and approve the Executive Session minutes of December 15, 2020, and review the April 25, 2019 and May 7, 2019 Executive Session minutes for release. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Public Comment

None

III. Scheduled Appointments

Volunteer Interviews:

i. Steven M. Hinterneder, P.E. – Capital Planning Committee, term 6/30/21

Mr. Hinterneder gave an overview of his background within his occupation and membership on the Board of Trustees for SOLF, the Breakneck Hill Cow Farm and ZOO New England. He stated his construction specialty could serve well for facilities and grounds, renovations and new projects. He described where he felt he could contribute to the Committee. Ms. Braccio thanked him for stepping forward and asked if there were any topics he felt interested him that were before the Committee. He replied the process the Town takes with the budget and spending. Ms. Malinowski asked where he could add the most value. Mr. Hinterneder replied that his specialty is underground construction and utility work which could help in new construction projects and the ability to look at a proposal from a different angle. Chairman Healey explained the origins of the Capital Planning Committee. Mr. Hinterneder thanked the Board and stated his is interested in contributing to the Town.

DRAFT

ii. John Reed – Capital Planning Committee, term 6/30/21

Mr. Reed gave a background of his professional career and Town volunteerism experience which included owning his own consulting company within the construction and engineering sector and serving one term on the Public Safety Building Committee. Ms. Malinowski asked if he has been following the work of the Committee and he stated that he has been keeping a pulse on some of the initiatives and he is interested in looking at the public schools and addressing them from a capital planning perspective. Mr. Shea asked if he had watched any of the Committee meetings and Mr. Reed stated he had not. Mr. Shea asked if he would be open to volunteer on other committees and Mr. Reed stated his passion is construction and engineering and he would prefer to serve on a committee related to that. Mr. Stivers asked if he would be generally available for the meetings and Mr. Reed explained that he could. Ms. Braccio asked how his expertise contributed to the success of the Public Safety Building Committee. Mr. Reed said described his ability for consensus and team building and reviewing all aspects of a project as assets he brought to the process.

iii. Alan Belniak – Capital Planning Committee; term 6/30/21; Economic Development Committee, term 6/30/23; Metropolitan Area Planning Council, term 6/30/22

Mr. Belniak gave a background of his professional career, specifically at GHB, his volunteerism in Southborough and explained his interest in the Committee. Mr. Shea asked if there would be a conflict with some capital items from the DPW who partnered with GHB. Mr. Belniak stated that he would be sure to follow the proper procedure if there were and that he has been trained to do so. Mr. Stivers asked about his knowledge of the Town budget. Mr. Belniak explained and gave examples of how to prioritize needs and services. Ms. Braccio asked how his expertise could be beneficial to the Committee and he replied his ability to review and analyze big scale projects. Ms. Malinowski asked about his interest and abilities for the EDC. Mr. Belniak described his interest and how he could add value.

Mr. Malinowski, speaking on behalf of the Capital Planning Committee, stated that he had the ability to speak to two of the three candidates and that there will be more than one opening in the near term. He added that the recruitment process for this opening was very successful and suggested the same path be taken for all openings.

The Board discussed the candidates and the options for each in relation to interest, experience and openings. Chairman Healey made a motion to appoint Mr. Hinterneder to the Capital Planning Committee; term 6/30/21. Ms. Braccio seconded. The motion passed (4-0-1) by roll call vote, Braccio, aye; Malinowski, aye; Stivers, aye; Healey, aye; Shea, abstained. Chairman Healey made a motion to appoint Mr. Reed to the Capital Planning Committee term 6/30/21 when the future opening is available. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Chairman Healey made a motion to appoint Mr. Belniak to the Economic Development Committee, term 6/30/21. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

<u>Town FY20 Audit – Bill Fraher</u>

Mr. Fraher stated that the audit went well and there were no surprises. He walked the Board through the PowerPoint presentation included in the packet. Mr. Fraher lost connection and left the meeting. Mr. Stivers asked Mr. Ballantine if he agreed with the suggestions identified in the

audit. Mr. Ballantine explained that most of them are routine and the urgent ones in previous audits had been addressed. At 7:56 P.M. he Board agreed to have Mr. Ballantine present his budgetary update as they wait for Mr. Fraher to return.

Mr. Fraher returned to the meeting at 8:00 P.M. and cited connection issues as the reason for his departure. He continued presenting his slides. Ms. Braccio asked for his suggestions the Town should focus on over the next two years based on the trends he is seeing. Mr. Fraher stated that the Town is doing well with prioritizing but should invest more money in OPEB and the stabilization fund is low compared to what he has seen in other towns. Ms. Malinowski asked if there were any areas of an audit that the Town should be focusing on that has not been included in his analysis. Mr. Fraher stated that Southborough has done consistently well in their audit and gave credit to a strong financial management staff. Ms. Malinowski asked him to explain how he assesses if anything needs to be updated in regards to payroll and vacation and sick time. Mr. Fraher explained that the more centralized the management of these items are, the less problems will occur. Mr. Stivers asked Mr. Fraher if any items he identified were to of concern. Mr. Fraher stated no and explained his list. Mr. Purple praised the Capital Planning Committee and Mr. Ballantine in regards to integrating the stabilization fund with the capital plan.

FY2022 Budget update – Brian Ballantine, Finance Director

Mr. Ballantine explained the significant items that have been updated since the last update which included four new students for Assabet Valley Regional Technical High School and local aid is increasing approximately $150,000. He explained that the water fund will add additional $40,000 to the budget as an enterprise fund and added that they are waiting for the numbers from health insurance and the schools. He said as of now, the estimated tax rate increase is at 8.13%. He stated the budget exercises will be completed by departments and he will send out a budget recap by the end of the week.

Proposed Schedule D changes from Chief Achilles

Chairman Healey clarified that Chief Achilles had narrowed his proposal to include call firefighters only. Chief Achilles confirmed that was correct. Chairman Healey asked for any questions from the Board and there were none. Mr. Stivers made a motion to approve the proposed Schedule D changes from Chief Achilles. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Review of MTC survey document

Mr. Probst of the MTC explained the survey was created by leveraging what other cities and towns have created. He described the bi-annual structure and how to better market the surveys to gain a larger number of responses. Ms. Malinowski stated she felt the survey was too long and asked if they were open to feedback regarding length and frequency. She asked if they have reached out to the Advisory Committee and the Capital Planning Committee for their input. Mr. Probst responded that they are open to feedback and had not yet reached out to other boards and committees but will do so. He added that this survey will be conducted to cover all town services to avoid departments doing their own individually. Mr. Shea stated he is also concerned with the potential for survey fatigue and applauded the MTC for modeling the survey after other towns. Mr. Stivers stated he was in favor of keeping the survey and frequency broad and streamline based on its success. Ms. Braccio stated that she echoes the concerns regarding frequency and length and urged them to avoid sending the second survey out in August due to

the number of residents on vacation. Chairman Healey asked for a report after the survey results are collated.

IV. Reports

Chairman's Report

i. MWRTA meeting update

Chairman Healey updated the Board on resources geared towards larger communities and commented that Southborough has only one route with a stop downtown that does not target senior housing. He added that MWRTA does not have a focus in Town for seniors and disabled residents and the Board should address this.

ii. OML policies

Chairman Healey asked if there were any comments on the document. Ms. Malinowski asked about removing the language regarding holding an emergency meeting within 48 hours. Chairman Healey explained why he included it in the document and Mr. Shea agreed it should be removed. He added he has only experienced one emergency meeting in his tenure which was in regards to the beginning of the pandemic. Chairman Healey made a motion to approve the OML policies with the removal of the emergency meeting sentence and communicate the document to boards and committees with this recommended approach. Ms. Braccio asked if the Board is able to vote on an item under the "update" agenda category. Chairman Healey withdrew his motion.

iv. 2021 Economic Development Legislation

Mr. Purple stated that Representative Dykema included $250,000 in funds for waste water treatment in Southborough in a capital bond bill which has been approved. He added the Governor will need to release this with funding and only about 30% of those projects are released. Chairman Healey added that the Town of Hudson has been provided $75,000 for a pilot commuter shuttle service which Southborough does not have and stated it was worth exploring.

Members' Reports

i. Office hours update

Mr. Shea stated there were two attendees over the hour and described their discussions which included Park Central, a recycle-only permit for the Transfer Station and strategies for promoting the upcoming Downtown Initiative ahead of Town Meeting. Chairman Healey stated Office Hours will be held next week from 7:30 – 8:30 P.M. with Ms. Braccio and Ms. Malinowski.

ii. MMA Annual Meeting workshops

Ms. Braccio gave a summary of a workshop regarding economic development and the opportunities for downtown. She also summarized the WEMO seminar and the One Stop Grant Program. Ms. Hale described the program and how it will be beneficial for the Town. Ms. Malinowski stated that she would like to work with Ms. McAuliffe and Mr. Purple to utilize someone to look at the Public Safety Building Meeting Room and Town House for hosting Zoom meetings for public participation which could be covered by the CARES Act.

iii. Update on Interface for YFS

Ms. Malinowski stated she had an opportunity to meeting with Youth and Family Services and attend the interface kick-off meeting. She explained the new interface that residents can call

Monday – Friday 9:00 A.M. – 5:00 P.M. to be matched up with counselling services. She added this is available on the Youth and Family Services and Town websites.

iv. Complete Streets MassDOT Submission Update

Mr. Stivers stated that the Public Works Planning Board has been working with Ms. Galligan to create a project plan for Complete Streets funding. He added that the DPW is working with VHB using the 2015 Sidewalk Committee report to prioritize the fifty-nine projects listed there. He stated Ms. Galligan will be sending the list to the Board for review and approval.

Ms. Braccio stated she was on the Frank and Mary Show on SAM and they spoke about Town Meeting, the warrant articles, Office Hours and vaccination clinics. She said it was a wonderful experience and she hopes to go back to speak about the budget.

Town Administrator Report

i. I-90 bridge meeting

Mr. Purple stated that work to replace the bridges on the Turnpike east and westbound will begin in June or August and there will be public virtual meetings that will be marketed through Twitter, the Blog and website when more information is available.

ii. Closeout of Advisory review of leave accruals

Mr. Purple stated that the Advisory Committee looked at accruals and payouts that accrued last fiscal year during the pandemic. He stated they specifically reviewed who had been paid out for any accrued time and four departments heads including he and the Police Chief took advantage of a one-week payout. He explained the Fire Chief had not and he had suspended the ability for his staff to take time during the beginning of the pandemic. Mr. Purple explained the agreement the Chief had made with the Union to pay out certain vacation time and that the Chief was clear that in doing so he did not set precedent. He stated that he collaborated with Mr. Malinowski and Mr. Ballantine to fix the issues and the Fire Department leave accruals will be managed by the Finance Team through Harpers. Ms. Braccio shared her concern that payouts were done outside of the contract approved by the Board and they were not made aware. She asked Mr. Purple to inform the Board of any business conducted outside of a contract, especially those that are financial in nature. Mr. Purple agreed and explained that this occurred between March and June during the beginning of the pandemic when moving all operations to remote. He added nothing was done maliciously. Ms. Malinowski shared her concern that the issue was identified by Advisory and that the Board was not aware of the issue. She added that she expects to know when items occur outside of regular operations and that she hopes the Personnel Board takes this as cautionary tale.

iii. Update on availability of COVID-19 vaccine

Mr. Purple stated the Board of Health is trying to find opportunities to have seniors 75 years and older vaccinated and they are looking at hosting a Town vaccination clinic when it is open to the public. Chairman Healey expressed his concern for marketing this to seniors online. Mr. Purple stated Ms. LaFrancois has been conducting personal outreach to her contacts and it was highlighted on the Frank and Mary Show on SAM. He added there is a large number of volunteers assisting the Senior Center staff with outreach.

iv. Update on Town of Southborough v. Cram, et al.

DRAFT

Mr. Purple explained the tax title case and the letter issued on January 26th to Land Court to withdraw the complaint as agreed to by the Board after receiving the necessary funds. He stated this case is successfully closed. Chairman Healey praised the work of Attorney Cipriano and Mr. Ballantine.

V. Consent Agenda

Chairman Healey made a motion to approve the Open Session Minutes: January 19, 2021. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Other Matters Properly Before the Board

Recommendation for shared Administrative position between Selectmen & Treasurer offices

Chairman Healey asked Mr. Purple if the Board needed to approve this change and he stated that they did not but he would like the Board's approval as it is within the Selectmen's Office and could help in receiving support budgetarily. He explained the updates to the job descriptions and the Board agreed to review and discuss these at a later meeting. Ms. Braccio asked about the increase of hours from ten to seventeen for the shared position in the Finance Department. Mr. Purple explained the administrative needs for Conservation, IT and the EDC. Mr. Ballantine stated that he originally under-asked for the ten hours in light of the state of the budget. Ms. Malinowski commended Mr. Purple and Mr. Ballantine for combining the position and urged them to use the hours allocated flexibly and to utilize this person heavier on treasury side to improve their operations and systems. Mr. Purple explained the next steps for approval for the position which included the Personnel Board. Mr. Shea stated he supports the increased hours to seventeen for the Finance Department and urged proper flexibility reflective of busy seasons for each department. Mr. Stivers stated this was a good concept and suggested other departments that could have the capacity to assist with these administrative needs. He urged the Board to ensure Conservation has the administrative support they need. Ms. Danza stated that through collaboration between Mr. Purple, Mr. Ballantine and her they could find the best way to utilize this position.

Review of RFP documents for Legal Services

Chairman Healey asked Mr. Purple to present a proposed RFP from the samples in the packet at a future meeting. Mr. Purple agreed. Mr. Stivers stated he has a list of items he felt important to include and agreed to send them to Mr. Purple. Ms. Braccio stated she agreed with the process and was partial to the example from Chatham. Mr. Purple said that some documents give an explanation as to why the Town is going out to bid for these services and felt that if this were to be included, it should come from the Board.

Timetable for Town Administrator review

Chairman Healey suggested the documents be sent to the Board to review and return the documents with feedback within two weeks. The Board agreed. Chairman Healey asked the Board to return their documents by February 19th and he will collect and collate them.

Scheduling of Forum for Downtown District Zoning article and related Main Street issues

Chairman Healey stated the Planning Board public hearings for this will begin on February 22nd and he asked the Board when they felt their forum should be held. Ms. Braccio stated the Board needs to consider that they do not typically present zoning articles and they will be presenting to the Planning Board. She added that they should consider asking Ms. Barrett to attend the initial

Planning Board hearing to answer zoning questions. Ms. Hale stated that may be outside of what she was hired to do for the Town but it could fall within the parameters of the grant. Julie Connelly of the EDC stated that they would have to pay her more as she was engaged for two rounds of revisions to the zoning language which has been completed. Ms. Braccio stated she will reach out to Ms. Barrett. There was discussion regarding the presentation and Ms. Connelly suggested they use the EDC template they hope to send out to abutters. Mr. Shea added that he spoke with Ms. Reynolds during Office Hours regarding the importance of educating the public prior to Town Meeting in order for the article to pass. Ms. Malinowski stated she met with SHOPC who had concerns about the lack of ability to include affordable housing and to anticipate this being brought up at the forum and hearings. Mr. Stivers stated the same concerns were had by Mr. Stein of the Planning Board. Ms. Connelly asked if the EDC was authorized to send out the residential packets to abutters and those who attend the forum. Ms. Braccio stated that they were. The Board agreed to hold the forum at 7:30 P.M. during their February 16th meeting.

VII. Public Comment

None

VIII. On a motion made by Mr. Shea, seconded by Mr. Stivers and voted all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 10:36 P.M.

DRAFT

TOWN OF SOUTHBOROUGH
REQUEST FOR PROPOSALS
FOR TOWN COUNSEL SERVICES
February 2021

I. Objective

The Town of Southborough, Massachusetts, acting through its Board of Selectmen, seeks to appoint an attorney or law firm as Town Counsel effective July 1, 2021, and invites a legal firm or individual attorneys to submit a proposal and costs for services to provide general town counsel legal services for the Town. The successful appointee must meet or exceed the qualifications stated herein, be readily accessible to authorized public officials, exceptionally experienced in all areas of municipal law. Scrupulous in adhering to required standards of professional conduct and ethics, and committed to rendering sound legal advice with suitable objectivity and professional detachment.

II. Background - INSERT

III. Minimum Qualifications

A. Bar Admissions

The appointee and all those who serve as back-up to the appointee (see below) must be a member in good standing of the Massachusetts Bar and of the Federal Bar for the District of Massachusetts. Town Counsel must have Professional Liability Insurance in the amount of at least $1,000,000 and must produce a certificate of insurance upon appointment.

B. Experience

The appointee must represent or have represented as general town counsel a Massachusetts municipality for not less than five (5) years, or possess equivalent experience. References for all municipalities currently represented or represented in the past ten (10) years by the appointee must be furnished. The appointee also must have substantial experience in all areas of municipal law, including but not limited to labor, land use - zoning and planning, Conflict of

Interest and Open Meeting Law, public construction, public contracts, environmental law, municipal finance, litigation and open town meeting. Particular expertise in zoning and planning desired.

C. Accessibility

The appointee must commit to returning all calls and electronic correspondence from the Town Administrator or authorized town officials either himself/herself or through a qualified back up within 24 hours of the call. The appointee must also commit, as a general rule, to responding to requests for written opinions within one week unless the circumstances of the opinion warrant a shorter or longer time frame for a response. Electronic communications such as PDF documents are preferred when appropriate. The appointee must commit to preparing a brief quarterly written summary of all open issues at no cost to the Town and to preparing a report for the Town's Annual Report.

The Town expects Town Counsel attendance at the following:

- All sessions of Annual Town Meeting (on Saturday in late March) and Special Town Meetings (scheduled as necessary).
- Board of Selectmen meetings for quarterly update, and other meetings on request (infrequent).

D. Back-up

The appointee must have, within his or her firm or through an established relationship, at least one (1) other qualified attorney available to render advice and otherwise represent the interests of the Town of Southborough when the appointee is unavailable. In this context, "qualified attorney" shall mean another lawyer who substantially meets the minimum qualifications set forth herein for the appointee.

E. Billing

The appointee must commit to providing invoices for services rendered on a monthly basis. Each invoice, if based on an hourly rate for services, must disclose, at a minimum, the date of the service, the identity of the lawyer or staff person performing the service, the subject matter reference for the service, a description of the service performed, the time it took to perform that function, and the hourly rate for the individual performing the function. Expense items must also be itemized.

IV. Fees and Expenses

The Town's budget for legal expenses for FY 2022 is anticipated to be $150,000. This budget includes fees and expenses for Town Counsel and special and labor counsel as necessary; the Board of Selectmen strongly desires to stay within this budgeted amount. Other budgets may contain amounts to be expended on legal services.

DRAFT

Towards this end, the Board of Selectmen would be pleased to consider alternatives to the traditional hourly rate fee arrangement with counsel. As but one example, responding attorneys may propose a fixed retainer for a specified scope of services, with an hourly rate for work outside the established scope of services. Responding attorneys should feel free to be creative in this regard so long as the proposal is workable and reasonable.

Whether or not an alternative fee arrangement is proposed by the responding attorney, the attached fees and expenses response sheet must be completely filled out.

V. Selection

In seeking Town Counsel, the Board of Selectmen is not bound by M.G.L. c.30B or by any other constraints apart from the sound judgment of its members. This process is being used to communicate the desired qualifications of Town Counsel and to solicit information in an orderly fashion for rough comparative purposes. Ultimately, though, the Board of Selectmen will select the candidate that they deem to be in the best interests of the Town, in its sole discretion. Consequently, the Board of Selectmen, Town Administrator, and the Town of Southborough reserve the right to waive any irregularities in the RFP process and to accept or reject any or all proposals.

Below are the projected dates for this process. The Town reserves the right to modify this schedule as it determines convenient:

_____, 2021	RFP issued
_____, 2021	Proposals due by 12:00 PM
_____, 2021	Search Committee screening*
_____, 2021	Board of Selectmen's decision
July 1, 2021	Effective date of appointment

*Date of Public interview to be determined.

VI. Application

Qualified attorneys/firms interested in responding to this RFP should fill out the attached forms completely, attach copies of all documents requested therein, and return the same in an envelope, clearly **labeled "Town Counsel RFP"** to:

Town of Southborough
Board of Selectmen Office
17 Common Street
Southborough, MA 01772

Please provide six (6) copies of the RFP response and all associated documentation on 8½ x 11 paper.

DRAFT

All responses to this RFP must be received at the Office of the Board of Selectmen at the above address no later than ____PM on _____, 2021.

DRAFT

RESPONSE TO REQUESTS FOR PROPOSALS FOR SOUTHBOROUGH TOWN COUNSEL

NAME: _____

FIRM NAME: _____

ADDRESS: _____

TELEPHONE: _____ FAX: _____

EMAIL: _____

Please respond to each of the following:

1. Please identify by name (address and phone number if different than above) the proposed Town Counsel and each proposed back-up counsel. The Board of Selectmen wants to know the specific individual attorney who will serve as Lead Counsel.

2. Please attach resume or *curriculum vitae* for each attorney identified above.

3. Do each of the attorneys identified above meet the minimum bar admission requirements of the RFP? If other than "yes", please explain.

4. With respect to each attorney identified, please list each and every Massachusetts municipality represented by the attorney within the past twenty years, the years of such representation, and the name, address and phone number of at least one contact person in each municipality with knowledge of the attorney's representation.

5. Please describe each identified attorney's experience in the areas of land use, zoning and planning.

6. Has any of the above identified attorneys had a complaint filed with the Board of Bar Overseers in the past five (5) years? If yes, provide applicable details.

7. Please describe how you propose to satisfy the Accessibility requirements of the RFP.

8. Please describe how you propose to satisfy the back-up requirements of the RFP.

9. Will you meet or exceed the billing requirements of the RFP?

10. State whether you have represented a client in the preceding three (3) years who has or had a matter pending before any officer, agency board or committee of the Town.

11. Please identify any past or current clients that may give rise to conflict of interest as a result of representing the Town of Southborough.

12. Confirm that you will not, during the time of your representation of the Town, represent any client in any matter in which the interests of the client are adverse to those of the Town, or in any matter

DRAFT

seeking action by any officer, agency, board or committee of the Town, in accordance with MGLA 44A c268A s17.

13. Provide a general description of the firm, its history, significant changes in its makeup over the last three years (3) and its range of business.

14. Provide a list of municipalities represented over the last 10 years *(see attached sheet).*

15. For the above Municipal Clients, have you or the firm:
    A. Exceeded the municipal legal budget appropriation (general fund) in the last three (3) fiscal years (FY2018, FY2019, FY2020) and if so, by what percent?

    B. If you have a retainer arrangement with the above clients, please note the retainer amount vs. total amount billed for the last three (3) fiscal years.

16. Provide details of any criminal investigation, regulatory or disciplinary proceedings or material litigation against your firm or members of your firm, which is either pending or has been completed in the preceding three (3) years.

17. Provide details as to the nature and amounts of your firm's professional insurance and of any claims asserted or made against such coverage in the preceding three (3) years.

By my signature, I certify that the information contained in this Response to Requests for Proposals are complete and accurate, to the best of my knowledge and belief.

DRAFT

RESPONSE TO REQUESTS FOR PROPOSALS FOR SOUTHBOROUGH TOWN COUNSEL
Fees and Expenses Response Sheet
(To be attached to and made a part of the overall Response to Requests for Proposals)

1. Please list the name and hourly rate for proposed Town Counsel and for each attorney intended or likely to serve as back-up.

2. If you propose to bill for services provided by paralegals, clerical staff, or other non-attorney personnel, please list by title and by hourly rate each position for whom you may bill.

3. Please provide a complete listing of all charges for expenses you intend to impose as incurred (i.e. any and all copy charges, telephone charges, fax charges, mileage charges and the like, but excluding any fees for stenographers, court fees, service fees and the like).

4. In what hourly increments do you intend to bill?

5. Do you bill out attorney time out of the office on a portal-to-portal basis or some other basis? Please describe.

6. Will there be a separate charge for office hours and/or training sessions? If so, please itemize.

7. Do you intend to propose an alternative fee arrangement? Yes____ No____ If "yes", please attach additional sheet(s) fully describing and explaining your proposal.

D. *DRAFT Downtown District Zoning Bylaw*

INTRODUCTION

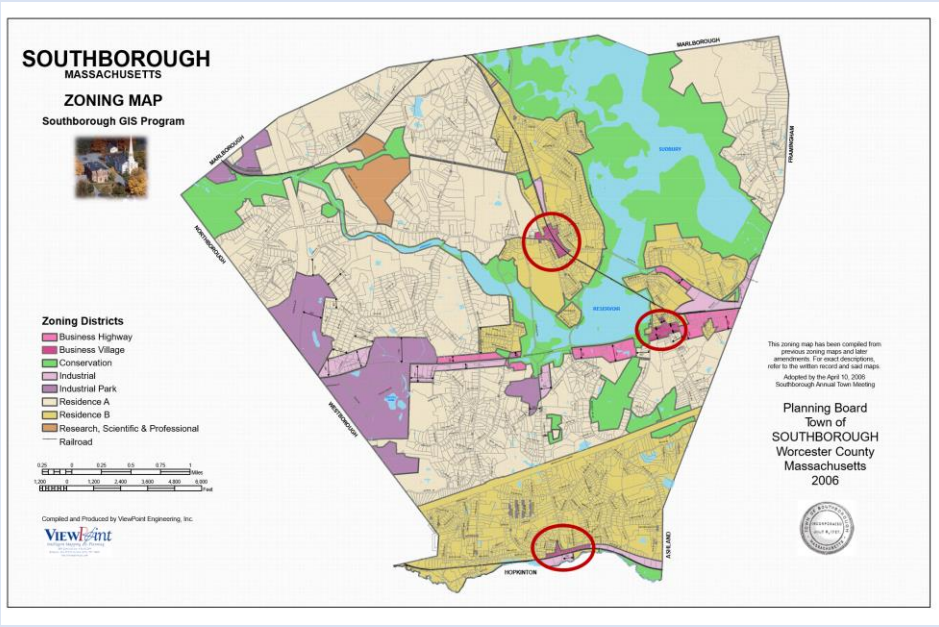
The Board of Selectmen is grateful for the collaborative effort between the Economic Development Committee (EDC), Planning Board, SHOPC and other boards and committees, to update the zoning code for downtown Southborough. The proposed zoning change is part of the larger *Downtown Initiative* which aims to revitalize Downtown and bring back the vibrant heart of Southborough.

This is a ***Community Development*** effort that will bring more local options and opportunities to Southborough residents and – simultaneously – help existing businesses currently operating in Downtown.

The 2017 Survey put out by the EDC, confirmed overwhelming support from residents for improvements to Downtown, particularly restaurants, small scale stores, mixed-use development and beautification and connectivity.

Southborough's Downtown Business Village District (DBVD) is located centrally in the town and is serviced by Routes 30, 85 and local roads.

It is a typical rural town center with businesses and residences lining the road. The particular area of study with this project is the area defined as the Downtown Business Village District or DBVD (see *APPENDIX A*).

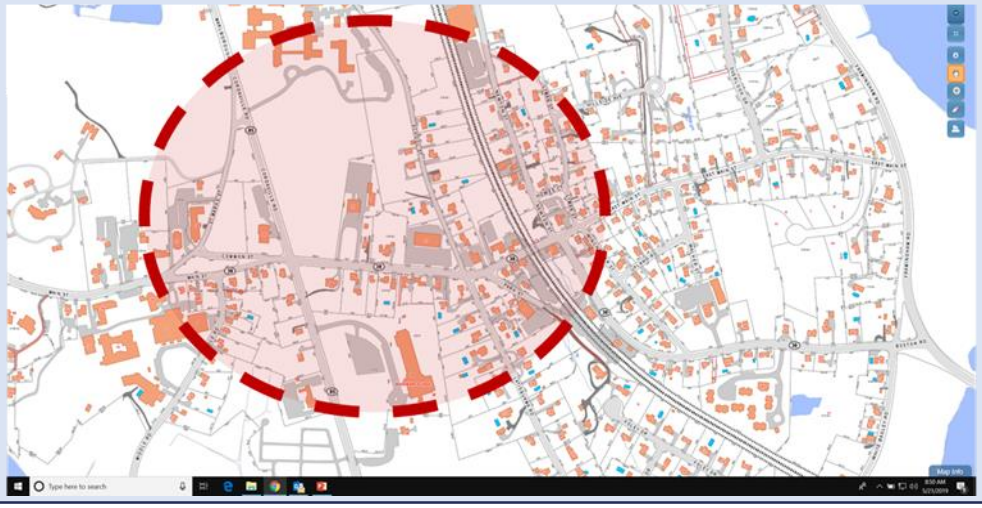


We hope you find this information packet helpful. Please reach out with comments and/or questions. We welcome your feedback and participation in this process.

You can contact the EDC Coordinator Marijke Munsiff at 508 485-0710 ext.3011 or email at mmunsiff@southboroughma.com. Updated versions of the draft zoning bylaw and other information, will be posted on the town website.

We welcome you to attend our **Public Forum** on **Tuesday February 16 at 7:30pm** where the proposed zoning changes for the Downtown District will be discussed. All members of the public are welcome to attend via Zoom. A link to the forum will be posted on the Town website.

Southborough has three zoned business villages as shown on the zoning map (*see map A*).



Map A: Southborough's Business Village Districts

The *Downtown* Business Village District is part of the bigger *Downtown* area which extends from the Town Hall at 17 Common Street, to Main Street/Route 30 to just past Newton Street to the Main Street bank (*see map B*).

The Downtown is comprised of a mix of commercial, community and municipal buildings as well as single-family homes, many of which are considered to be historically significant. The larger downtown area is of vital economic importance to the DBVD and therefore all research for this project involves the larger downtown geographical area.

Map B: Greater Downtown Area

WHY ARE WE DOING THIS?

Past recommendations for Downtown include:

2008 Master Plan

Goal #1: Promote growth and development within the Downtown to encourage a mixed use environment.

2012 MAPC Report

Southborough Zoning Bylaw Review and Build-out Analysis for Town Center Parcels

2015 Housing Production Plan

Encourage mixed use development and make infrastructure improvements to promote housing/economic development.

2020 Housing Production Plan

Revise Business Village zoning regulations to provide for Mixed-Use buildings including residential uses.

ULI Report

"…there appears to be a willingness on the part of the town government and its residents to consider **the reinvigoration of the downtown as an investment that is beneficial to the entirety of Southborough**"

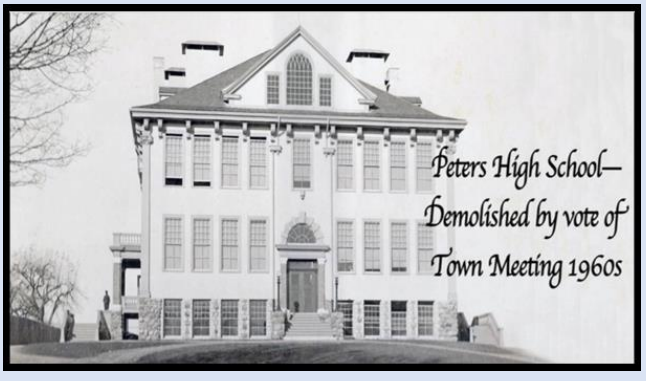
Source: Housing Production Plan 2015

WORK TO DATE

EDC Zoning Work to Date:

- Identified "What we want in Downtown" through surveys and past studies and plans
- Identified downtown parcels for possible (re)development
- Created a Vision for Downtown
- Researched zoning bylaws of comparable communities with desirable downtowns (*Westborough, Grafton, Groton, Hamilton, Longmeadow, Barnstable, Stockbridge, Dorset VT and Washington CT*)
- Used Grafton's overlay district, among others, as a guide to start writing a Southborough mixed-use zoning document
- Considered different zoning options for downtown Southborough
- Created draft design guidelines to ensure desirable development
- EEA Grant allowed the EDC to hire zoning/planning consultants:
  - A. Costa for legal zoning assistance (to ensure the overlay works with the underlying zoning)
  - J. Barrett for professional planning assistance to write the Southborough specific performance standards
- Joint meetings with stakeholders organized by the BOS where consensus was reached on most performance standards in the draft zoning document. Present at the meeting were multiple boards and committees including Planning Board, EDC, SHOPC.

For a detailed project timeline starting in 2017, see APPENDIX B



DOWNTOWN THEN & NOW

The lack of strategic and urban planning has resulted in an erosion of economic and community activity in our Downtown.

What makes downtown Southborough unique, is its historic character of which much has been lost in the last 50 years. The lost Downtown buildings and with it, it's commercial activity, include:

1966 Southborough Arms (now 11 Main Street commercial building)
1962 Peters High School (now the former Fire station)
1950s Train Station
1999 Post Office
Other Commercial activity such as: café, drugstore, blacksmith, grocery store and cobbler shop.

By not taking any action, we are *not* preserving the downtown and we are *not* helping the few small businesses that are still there. We have to act now with adopting clear and updated zoning laws and design guidelines to attract commercial investments that are desirable for Southborough and make business sense to potential investors.

VISION FOR DOWNTOWN

A walkable and well-connected small town “Main Street” with locally owned restaurant and pub, lunch café, ice cream shop, boutique style stores and/or other small businesses as well as residential properties.

The mixed-use properties provide more affordable housing options, increased residential density and a larger economic base for the Downtown Business Village District.

With more attractive public space and a larger number of community events, the downtown area truly feels like the heart of Southborough.

Renderings of what could be possible in the downtown area can be found on the EDC pages of the Town website.

PURPOSE FOR PROPOSED ZONING ARTICLE

It is the purpose of the Downtown District to make mixed-use development options more readily available in the downtown area. In addition, to encourage thoughtful and distinctive development or re-development opportunities that prioritize a diversity of uses, use and design compatibility, accessibility, innovative parking solutions and overall compliance with the performance and design standards to follow.

More specific objectives of the Downtown District include to:

1) Promote revitalization of Southborough's downtown area by encouraging and facilitating a mixed-use environment.

2) Foster a diverse mix of retail, office, residential, and recreational uses for residents, businesses, students, and visitors.

3) Update the range of non-residential uses allowed, thereby promoting the creation of local jobs.

4) Provide more diverse local housing opportunities (within mixed-use development),

5) Encourage village-style streetscapes and uses, in part through modification of existing dimensional requirements.

6) Increase the town's tax base by creating a thriving small business environment, helping existing businesses and attracting new enterprises,

7) Permit uses that promote conversion of existing buildings in a manner that maintains the visual character and architectural scale of existing development within the Downtown District.

8) Encourage a vibrant environment to live, work and play, and create pedestrian and bicycle-friendly spaces where the community can gather.

Source: Village Mixed Use District (VMUD) Draft V.3

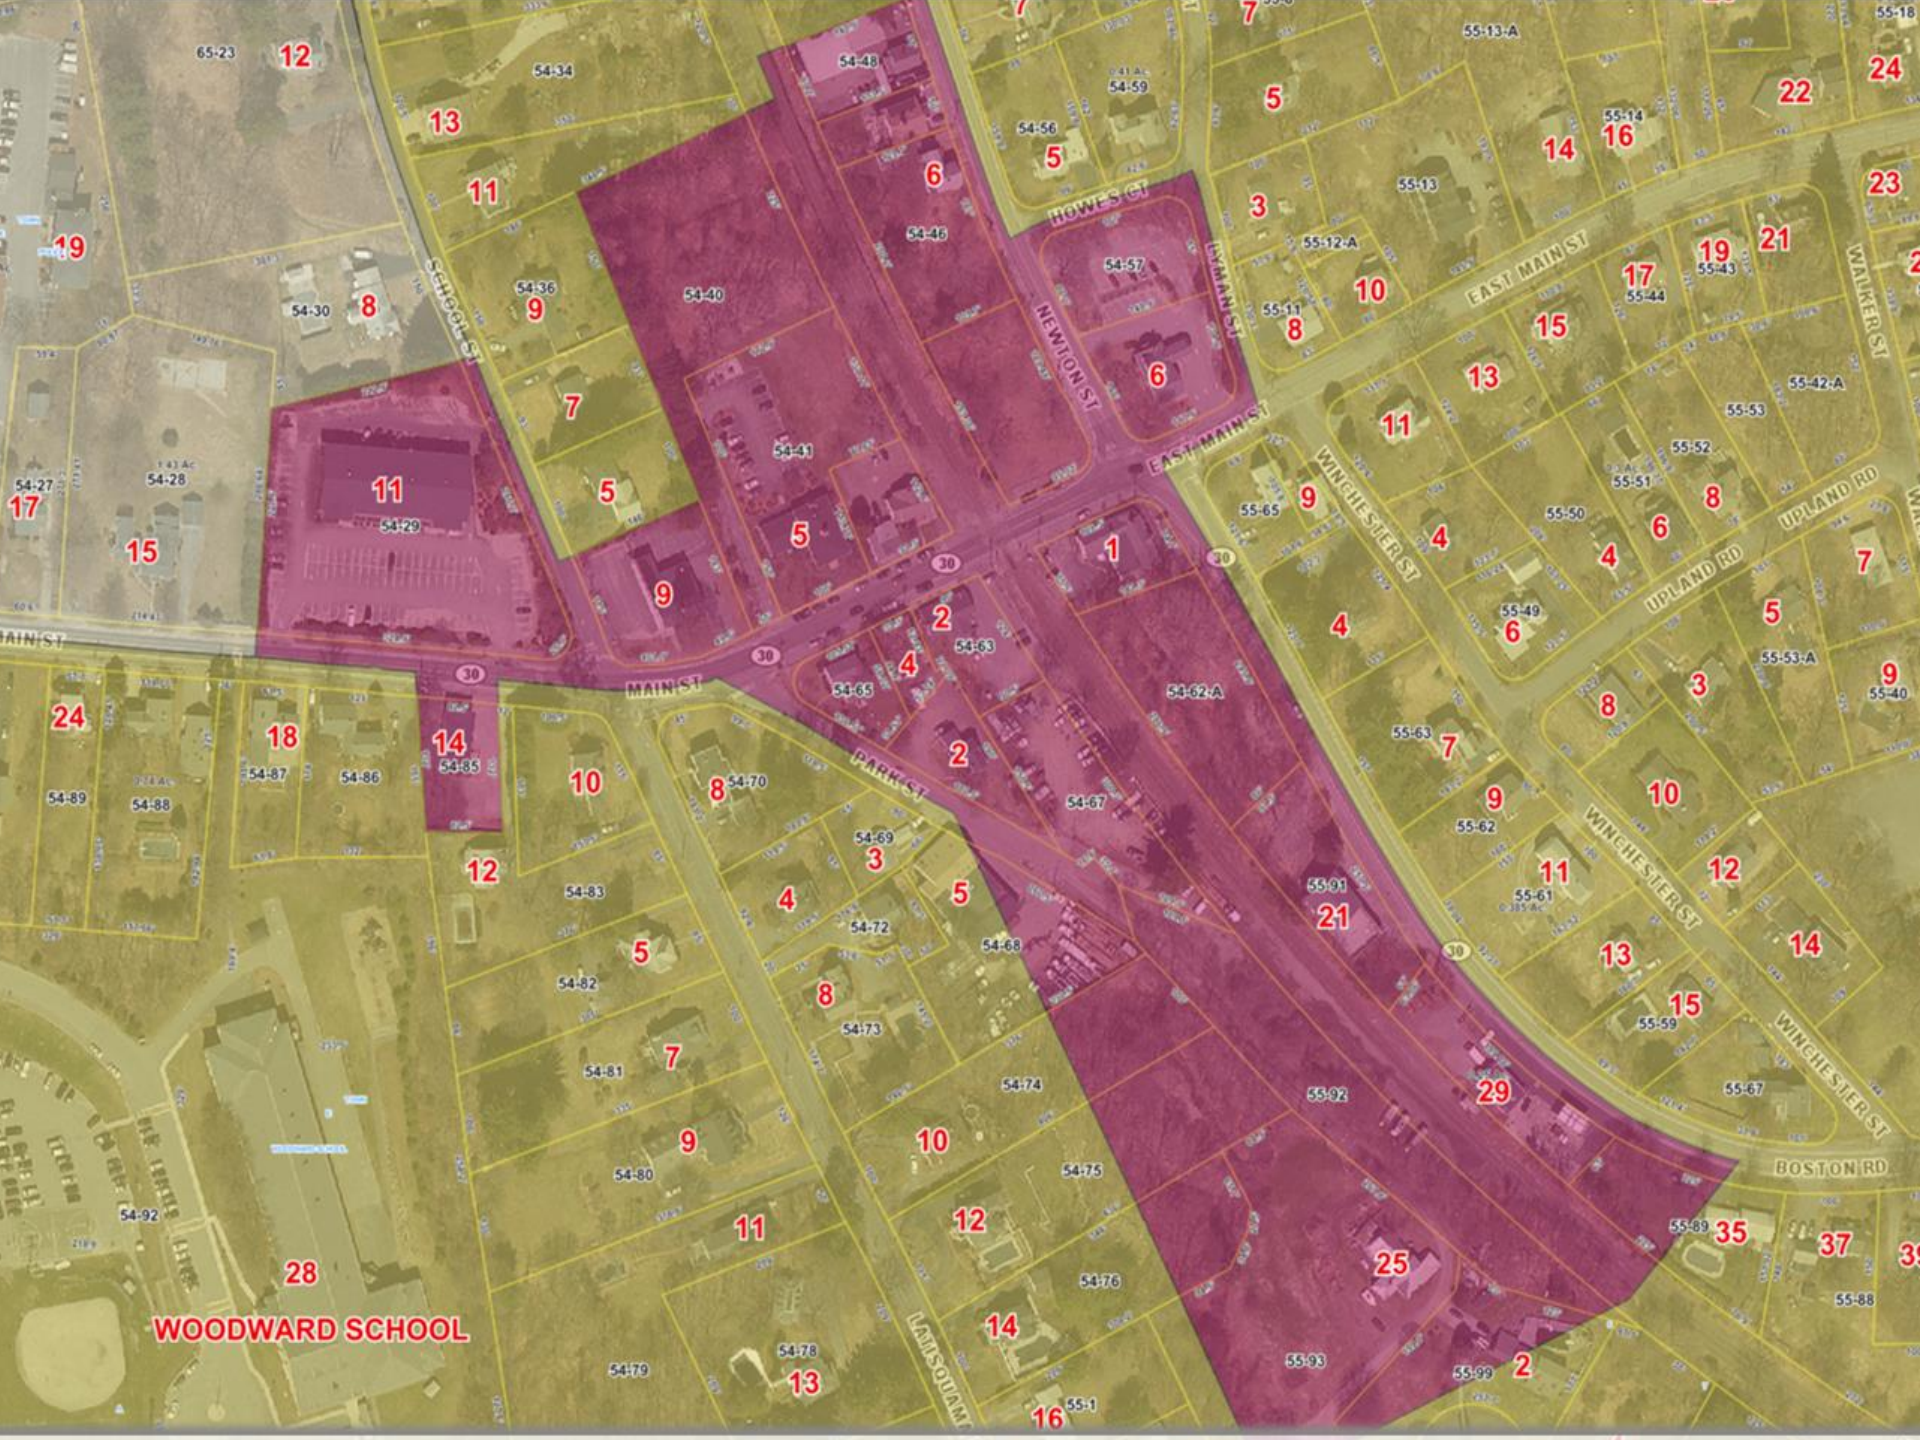
TECHNICAL ZONING OPTIONS

The EDC considered three technical zoning options and weighed the pros and cons of each option. The Board of Selectmen, after considering the recommendations from zoning consultant J. Barrett and discussions with other boards and committees during their joint meeting (11/06/2020) decided to create a new zoning district for the Downtown Business Village.

Edit Business Village District Zoning Bylaw

- Easiest to present/understand at Town Meeting
- Associated review process & design standards specific to the BV districts have already been adopted
- Updates can be accommodated w/in warrant article
- Changes will apply to all 3 Business Village Districts
- Does not address streamlining permitting process

Create a New Overlay District



- Ability to package all of the new overlay district requirements and definitions in one bylaw
- Could override issues with Section 174-8 (c-2 & c-5)
- Expansion possibility to include additional parcels
- Underlying zoning stays the same
- No changes for other Business Village Districts
- May need additional warrant article ie map change

Create a New Zoning District

- New zoning district would eliminate BVD zoning for the downtown area
- May be perceived as too big of a change for current residents in the BVD in Downtown
- Will require legal counsel direction

APPENDIX C

Project Timeline 2017 - 2020

JULY-DECEMBER 2017

- "What are you doing about Downtown"?
- EDC Identified Downtown revitalization as a top priority
- EDC Downtown Survey (Sept-Oct)
- Survey results presented (Oct)
- Downtown forum (Nov)

2018

- Outreach with downtown businesses & residents – providing updates on construction, hosting planning sessions, collecting feedback
- Contracted to ULI TAP (May 9th)
- Researched land availability/acquisition
- Zoning review meetings (ZBA & Planning Board) – Drafted zoning amendment, reviewed with ZBA& Planning Board

2019

- Downtown 'working' plan driven by data and resident's feedback (Master Plan 2008, 2015 SHOPC Housing Production Plan, ULI Report, 2017 EDC Survey)
- Researched zoning bylaws - comparable communities
- Met with Grafton Town Planner
- Wrote draft zoning amendment using Grafton's overlay district as a guide for Southborough
- Identified land opportunities
- Sept - Presented to BOS: Mixed use overlay, available land, investment opportunities, vision statement & historic pictures
- EEA Planning Assistance Grant - awarded 9/25
- Dec 17 - EDC presented to BOS
- EDC flyer created (THEN & NOW)

2020

- ***Zoning article rescheduled - Fall STM***
- *6 January*: Planning Board presentation
- *9 January*: Advisory Board discussion
- *Jan/Feb/March*: Downtown Initiative "Roadshow" (Library, Town House & Senior Center)
- Hired Adam Costa (zoning attorney) who drafted an overlay zoning article to be completed by a Planning Consultant
- *8 May*: Notified all Bd/Comm Stakeholders, requesting input for a draft Village Mixed Use Overlay District (VMUD)
- *15 June*: Distributed VMUD (version 2) distributed to all Bd/Comm Stakeholders
- *29 June:* OSPC reviewed VMUD (V2) w/Project Manager

- ***Planned zoning article rescheduled - ATM***
- *10 July*: VMUD (V3) distributed w/request to review to all boards/committees
- *28 July*: Initial call with professional planning consultant J. Barrett (calls 8/14, 8/25)
- *8 September*: Received Town Center Standards V1 draft from J Barrett. BOS meeting.
- *6 October*: Stakeholders meeting (BOS, EDC, PB & SHOPC) with planning consultant Judi Barrett. Decision to draft a new zoning district.
- *20 October*: received DRAFT Downtown Business Village District V2 - (Amend § 174-3 Districts enumerated by adding a new district)
- *10 November*: Stakeholders meeting (BOS, EDC, PB & SHOPC) - initial review of new district zoning & comments received.
- *18 November*: Deadline for receipt of draft V2 comments from Boards and Committees
- *24 November: Joint meeting with stakeholders (BOS, EDC, PB & SHOPC and others) where consensus was reached on many aspects of the new Downtown District draft zoning article.*

APPENDIX D

DRAFT
Downtown District Zoning Bylaw

DOWNTOWN DISTRICT (DD)

January 19, 2021

Part 1. Amend **§ 174-2** Definitions by adding the following new term and definition in appropriate alphabetical order.

BED AND BREAKFAST

Bed and breakfast is an establishment on owner-occupied property offering transient lodging accommodations to the general public, with not more than four guests rooms and food service limited to breakfast for guests.

CO-WORK CENTER

A building or portion thereof used for flexible work spaces offering short-term, monthly, or longer lease periods for self-employed people or people working for different employers, and typically providing shared furnishings, equipment, and business support services.

FAÇADE

The exterior side of a building.

MICROBREWERY

A microbrewery is a licensed establishment that produces and distributes beer, ale, or other malt beverages, and which may include accessory uses such as tours of the microbrewery, retail sales, and a taproom for on-site consumption. In addition to selling beer at retail on the premises, a microbrewery may act as wholesaler for beer of its own production for off-site consumption if it has a valid pub brewery license from the Commonwealth of Massachusetts.

MIXED-USE DEVELOPMENT

A development that includes both residential uses and nonresidential uses within a single structure. The ground floor facing the street shall be used only for permitted nonresidential uses, and the total gross floor area occupied by nonresidential uses shall be at least 10 percent of the gross floor area of the structure.

Part 2. Amend **§ 174-3 Districts enumerated** by adding the following new district:

K. Downtown District, referred to as DD

Part 3. Amend **§ 174-8(C)(2)** as follows (amendment shown in italics)

Not more than one principal permitted use shall be located on any lot, provided that a multiple occupancy building used for the same category of use, such as retail sales and services, light manufacturing or offices in a business district or Industrial Park District, *or a mixed-use development in the Downtown District*, shall be deemed to be in a single principal permitted use. . . .

Part 4. Amend **Article III, Use Regulations**, by adding the following new section:

§ 174-8.12 Downtown District

A. Permitted uses are as follows:

(1) All uses permitted in the residential districts (RA and RB)

(2) Mixed-use development, provided that each use in the development is a permitted use under this Section 174-8.12(A) or Section 174-8.12(B)

(3) Professional or business office, or bank, but not including a medical or dental office

(4) Custom manufacturing of custom goods sold primarily on the premises, such as a woodworking shop, shop for artisan or craftsperson, or bakery

(5) Bed and breakfast

(6) Art gallery

(7) Child care center

(8) Co-work center

B. Permitted uses, up to a maximum of 3,000 square feet per establishment:

(1) Retail sales

(2) Ice cream shop, sandwich shop, candy shop, other specialty food service establishment serving walk-in customers (drive-through service is prohibited)

(3) Restaurant, with indoor seating and outdoor seating on an adjacent patio (drive-through service is prohibited)

(4) Personal services such as barber shop, beauty salon, tailor, or shoe repair

C. Permitted uses by special permit from the Planning Board are as follows:

(1) Any use listed in Subsection B exceeding 3,000 sq. ft. per establishment

(2) Mixed-use development that includes a use requiring a special permit

(3) Microbrewery

(4) Veterinarian, animal hospital

(5) Medical or dental office

(6) Multifamily housing, up to twelve units.

(7) Private garage or parking for more than three cars or more than one truck or other commercial vehicle.

(8) Indoor recreation, athletic or exercise facility.

D. Uses by special permit from the Zoning Board of Appeals are as follows:

(1) Accessory apartment.

(2) Conversion of a one-family house in existence for two years or longer to a two-family dwelling, on a lot with a minimum of 15,000 square feet.

(3) A mobile home or travel trailer used as a dwelling or business quarters for more than 30 days in a year.

E. Prohibited uses. All uses which are not listed above, legally nonconforming or otherwise allowable by the provisions of the zoning regulations are prohibited.

F. Development standards are as follows:

(1) Minimum lot area: 5,000 square feet.

(2) Minimum frontage: 60 feet.

(3) Minimum setbacks:

1) Front: 10 feet.

2) Rear: 35 feet.

3) Side: 10 feet; 25 feet if adjacent to a residential district.

4) Other street: 10 feet

(4) Maximum front setback: 20 feet unless waived by the Planning Board.

(5) Minimum landscaped open space: 20 percent. At least 50 percent of the landscaped open space shall be contiguous and located between the front building line and front lot line unless the Planning Board approves a different placement of the open space as part of Site Plan Review.

(6) Maximum floor area ratio: 0.35 as of right, or a maximum of 0.50 by special permit from the Planning Board.

(7) Minimum Façade Buildout (% Lot Width) unless waived by the Planning Board.

1) With less than 50 feet of frontage: N/A

2) 50-80 feet of frontage: 60%

3) Over 81-100 feet of frontage: 70%

4) 100 feet or more of frontage: 75%

(8) Height regulations:

1) Maximum building height: 40 feet and three stories, except by special permit from the Planning Board under Section H below

2) Minimum ground floor height: 12 feet

3) Maximum ground floor height: 18 feet

(9) Residential dwellings. Single-family or two-family dwellings in the Downtown District shall comply with RB District standards.

G. Special Permit for Height Increase. The Planning Board may grant a special permit to increase the maximum building height to 48 feet and four stories, provided that the minimum rear setback shall be increased at a 1-to-1 ratio, e.g., an additional one foot of setback for every one additional foot in building height.

H. Additional Standards for Development in the Downtown District.

Building Regulations

1) The principal entrance(s) to the building shall be on the front façade, which shall face the street.

2) The maximum distance between street-level entrances shall be 35 feet unless waived by the Planning Board.

3) The maximum depth of street-level commercial spaces shall be the lesser of 30 feet or 60 percent of the depth of the building unless waived by the Planning Board.

4) The maximum front setback in Section G(4) may be increased for purposes of amenities such as landscaping, a plaza, square, courtyard, recessed entrance, sidewalk, multi-use path, raised terrace, façade offsets, or outdoor dining, but not for automobile use.

5) Affordable housing. In any multifamily or mixed-use building with eight or more units, at least 12.5 percent of the units shall be affordable housing that is eligible for the Chapter 40B Subsidized Housing Inventory (SHI) in accordance with the Chapter 40B regulations and Guidelines of the Massachusetts Department of Housing and Community Development (DHCD). In consultation with the Southborough Housing Opportunity Partnership Committee (SHOPC), the Planning Board may adopt a guidance document interpreting the Chapter 40B Guidelines as they apply to development under this section.

I. The operation of any marijuana establishment as defined in MGL c. 94C, § 1, including without limitation a marijuana cultivator, marijuana testing facility, marijuana product manufacturer, marijuana retailer or any other type of licensed marijuana facility is prohibited in all zoning districts of the Town. This prohibition shall not apply to the sale, distribution or cultivation of marijuana for medical purposes, licensed under Chapter 369 of the Acts of 2012 and currently permitted in the Town of Southborough.

Part V. § 174-10.2 **Downtown District plan approval.**

In the Downtown District, major site plan approval shall be by special permit from the Planning Board for any use requiring a special permit. In such cases, the procedural requirements and decision criteria of § 174-9, § 174-10, and 174-10.1(A) through (C) shall apply. The Planning Board may adopt design guidelines and apply them to major site plan approval applications regardless of whether a special permit is required.

Part VI. § 174-12 **Parking and loading regulations**. Amend the parking and loading regulations, as follows. Note that existing Section F should be renumbered to Section G.

F. Exceptions in the Downtown District. Off-street parking requirements for development in the Downtown District shall comply with Section E above except for the following uses:

(1) Dwellings: two spaces for each dwelling unit, plus one space for each 80 square feet of floor area devoted to a customary home occupation or a professional use.

(2) Bed and breakfast: one space for each guest room plus two spaces for the owners and operators of the premises.

(3) Restaurants and other places serving food or beverages: one space for each four seats.

(4) Mixed-use development: one space per dwelling unit and one space per 300 square feet of nonresidential floor area.

(5) Professional or business office: one space per 300 square feet for ground floor offices and one space per 350 square feet for offices above the first floor.

TOWN OF SOUTHBOROUGH

Economic Development Committee

TOWN HOUSE · 17 COMMON STREET · SOUTHBOROUGH, MASSACHUSETTS 01772
(508) 485-0710 x3011

WASTEWATER FEASIBILITY STUDY

In 2017, Southborough's Economic Development Committee prioritized (re)development of the Business Village District (BVD) - downtown area. After several studies and surveys, the 'Downtown Initiative' program identified the need for a wastewater system solution as key to moving forward. It is to that end that the Town is seeking a feasibility study of the area in order to produce a recommendation(s) for a "complete wastewater solution".

The solution needs to provide for the collection, treatment and disposal of wastewater resulting from future renovation, building and growth. In addition, the recommendation must be financially and operationally feasible, 'permit-able' and constructible (within the available land area).

Business Village District Synopsis -The particular area of study is located in the center of Southborough. Small businesses (café, market/liquor store, pizza shop, barbershop, etc.) are situated on small individual lots. The BVD also includes a residential properties located on Main Street, E. Main Street, Newton Street and School Street. There are vacant parcels which are a collection of dirt lots, parking lots and old buildings. The total land area is approximately 15 acres. The downtown area is shown on the Town zoning map (Figure 1): https://www.southboroughtown.com/sites/g/files/vyhlif1231/f/uploads/zoning_map_11_x_17.pdf

Figure 1 - Southborough zoning map

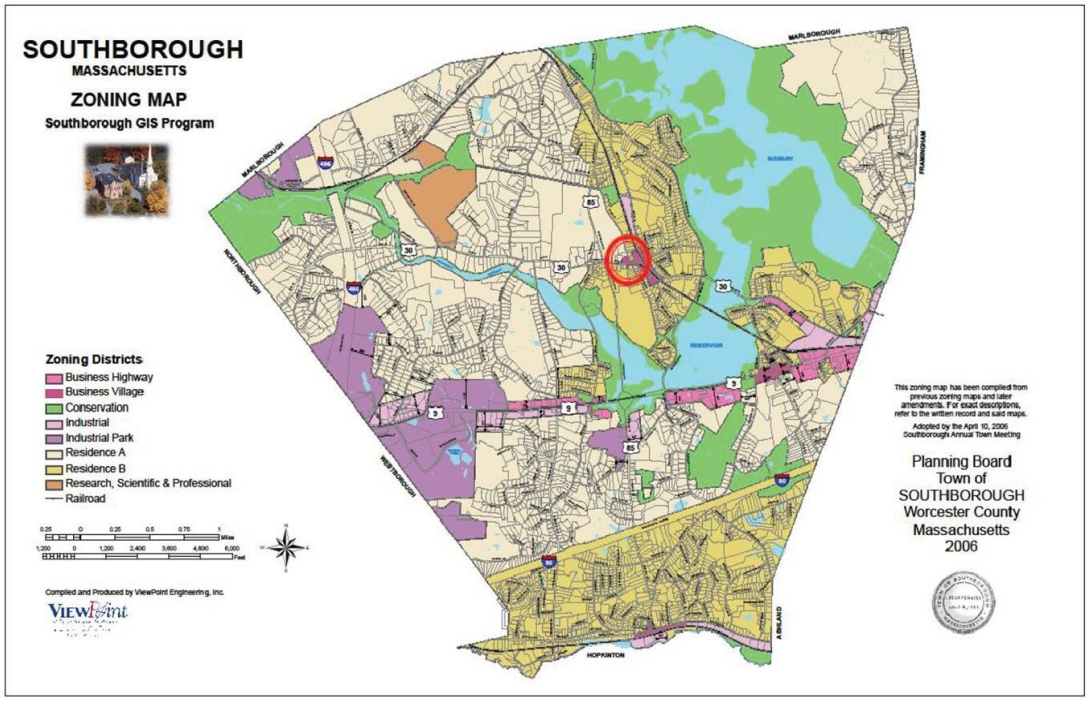

Figure 2 - Business Village District (Downtown area)

Challenges for the Downtown Area - A summary/analysis of several past studies concluded that in order to encourage revitalization and development in the area, 2 issues must be addressed and resolved: zoning and wastewater infrastructure.

Southborough **does not** have a municipal wastewater sewer collection/treatment system which presents a significant obstacle to revitalization especially with a focus on the need for restaurants. Developers typically do not want the added expense of designing and permitting their own wastewater solution. Additional challenges for developing a wastewater solution include:

- Existing potential land parcels (for system location) are small, irregular shaped parcels
- Soil is of poor quality – approximately 30% outwash soil and 70% glacial till (see **Downtown Initiative – Wastewater pre-feasibility study research**, Sept 2019, Page2)
- CSX railroad tracks cut through the center of the downtown area
- Area is located in the Sudbury Watershed – the Sudbury Reservoir is classified as a surface water supply (314 CMR 4.04)

Scope of Work - The Consultant shall produce a complete recommendation customized for the BVD.

***Review* - Downtown Initiative Wastewater pre-feasibility study research**, Sept 2019 (updated August 2020)

Study maps – All relevant maps and construction designs for future roadwork, will be provided.

Understand – An in-depth understanding of the Business Village District is necessary in order to recommend and design the appropriate solution. This will be accomplished by walking the area, meeting with the Board of Health Director, DPW Director and Conservation personnel (and any applicable businesses and residents).

Work with appropriate Town personnel (in person, by phone and/or virtual meeting technology).

Provide required reporting information
The Consultant will be paid from funds awarded in a grant from the Executive Office of Energy and Environmental Affairs – Planning Assistance Grant.

End Product – The result of the study would provide a complete recommendation for an implementable wastewater solution. The solution must be consistent with the improved land use practices from the Executive Office of Energy and Environmental Affairs – Planning Assistance Grant and the mandates of the Baker/Polito administration. (A copy of the grant requirements can be provided.)

November 16, 2020

RE: Business Village District Wastewater Feasibility Study – Initial Phase
Agreement for Engineering Services

VIA EMAIL ONLY

Dear Ms. Reynolds:

Following our recent discussions, Weston & Sampson has developed this agreement to evaluate wastewater alternatives for the above area within the Town of Southborough (the Town). This is understood to be an initial set of tasks to ascertain next steps in determining whether centralized wastewater infrastructure is appropriate for the Business Village District (BVD). In order to assess the needs and potential alternatives, as well as associated costs and benefits of such a system, we propose to perform the following scope of work.

Scope of Work

Task 1 — Review Available Information

Weston & Sampson will collect and review available information including:

- Downtown Initiative report dated September 2019, updated August 2020
- Wastewater Feasibility Study scope document
- FY20 Planning Assistance Grant ENV20 DCS 11 Commbuys Bid #BD-19-1042-ENV-ENV01-38404
- Existing private and public infrastructure within the BVD
- Local and state regulatory framework
- Other prior sewer studies and reports
- Available mapping and infrastructure data

Task 2 – Kickoff Meeting, Site Visit & Data Collection

Conduct one site visit with members of the community, Board of Health, Department of Public Works, and others as appropriate. Weston & Sampson will discuss with stakeholders the characteristics of the area, feasibility study goals & objectives; available potentially usable infrastructure and community assets, such as private wastewater facilities; anecdotal data; and other insights that may inform the initial phase of a wastewater feasibility study. It is understood that such discussions will take place in accordance with COVID protocols mandated by the Commonwealth of Massachusetts, the Town, and Weston & Sampson.

Task 3 – Concept Development

Using data collected above and working with the Town's designated representative, Weston & Sampson will perform a high-level initial screening of potential BVD locations for discharge of treated effluent utilizing 'green field', depending on the results of Tasks 1 and 2, above.

A matrix of characteristics for each location will be developed to score and rank shortlisted parcels. Ownership or acquisition considerations are not included in this initial analysis. This shortlist of parcels would be the basis of further investigation in subsequent phases of the study.

Task 4 – Alternatives Analysis
Weston & Sampson will also perform initial assessment of centralized wastewater treatment for the BVD, building upon existing reports and studies.

The following specific alternatives will be compiled from prior efforts or prepared anew:

- A connection to existing available private wastewater treatment and discharge infrastructure, based on conventional sewer conveyance systems.
- A conventional sewer conveyance system and new wastewater treatment and discharge facility using the initial field screening results. Specific assumptions include a package-type treatment system meeting typical BOD, TSS, and Total Nitrogen effluent limits of 30, 30, and 10 mg/l, respectively.

Additional investigation into a recommended alternative would certainly be necessary at the conclusion of this initial step.

Task 5 – Cost Estimate
For the alternatives above, generate planning level estimate of construction costs. Prior cost estimates will be utilized and updated as appropriate, indexed to March 2023 using ENR projections.

Task 6 – Letter Report & Presentation
The results of the above tasks and appropriate next steps will be summarized in a technical memorandum and submitted to the Town. Given the limited funding available initially, a teleconference may be conducted with the Town to discuss the findings.

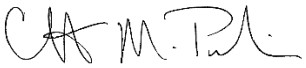
Compensation

For services performed under this letter proposal, the town agrees to pay Weston & Sampson the lump sum fee of $9,980, payable monthly as accrued based upon the services performed as a percentage of the total lump sum fee. Fees shall be payable within thirty (30) days of the invoice date.

Project Schedule

The following schedule is proposed:

Task	Estimated Completion Date
Tasks 1 through 6	April 1, 2021



Terms & Conditions

Services performed pursuant to this agreement will be governed by the Weston & Sampson General Terms and Conditions dated May 26, 2020, which have been attached to this agreement. If you agree with this proposal and wish to retain us to provide the proposed services, please sign and return one copy of this proposal to us as authorization to proceed with performance of the services, and please initial and date the enclosed Terms and Conditions.

We are pleased to have the opportunity to present this agreement to the Town and are eager to work with you on this important project.

Very truly yours,

WESTON & SAMPSON ENGINEERS, INC.

Southborough, MA 01772

Re: **Wastewater Feasibility Study**
Downtown Southborough, MA

Dear Ms. Reynolds:

Tighe & Bond appreciates the opportunity to work with you and the Town of Southborough to assess wastewater treatment and disposal options for the downtown area of town. We understand that Southborough has identified constraints to attracting development in the downtown area, which generally follows Route 30/Main Street between Route 85 to the west and Lyman Street/Boston Road to the east. Two critical areas to development/ redevelopment identified were the lack of sewer system and zoning constraints. Southborough is concurrently assessing both issues through a review and update of zoning and assessment of options to provide a wastewater collection, treatment and disposal system. This next planning step is critical to identify a path for the Town to proceed with implementing solutions.

In order to assist Southborough with identifying options for addressing wastewater needs in the downtown area, Tighe & Bond proposes the following scope of services.

Scope of Services

As part of this study, Tighe & Bond will review existing information provided by the Town, including the "Wastewater Pre-Feasibility Study Research" dated September 2019, updated August 2020; zoning recommendations; roadway design plans; and Board of Health records.

Tighe & Bond will attend a site meeting to walk the area and will meet (virtually or in-person) with the Board of Health Director, DPW Director, Conservation personnel, and key stakeholders identified by the Town to gain a better understanding of existing conditions and proposed buildout. Tighe & Bond will take the proposed buildout information from the concurrent planning process and perform basic calculations to determine an approximate size needed for wastewater treatment and disposal for the anticipated buildout flow.

Tighe & Bond will use MassGIS data and available Board of Health data to identify physical constraints for siting a wastewater treatment and disposal system including soils, groundwater, topography, and size. Parcels that pass this initial screening will be screened, scored and ranked using land use and environmental constraints to identify a potential site(s) for siting wastewater treatment and/or disposal.

The results of our evaluation will be summarized in a technical memorandum describing the alternatives including an opinion of probable construction costs (OPCC). The OPPC will be developed based on the conceptual improvements and will include engineering, construction,

and project contingencies. At this early stage of planning we will include a 40% project contingency.

Assumptions and Exclusions

Due to the conceptual level of this effort, we developed our scope with the following assumptions:

- Existing soil data is adequate to assess conceptual disposal options

In an effort to provide you with a reasonable budget for the desired services, we have prepared a detailed scope of services based on our understanding of your needs. In this same regard, the following section describes those services not included in the development of our budgetary estimate. If these services are required, we will modify our proposal accordingly to meet your needs.

- Development of design documents
- Project permitting
- Field testing services associated with soil evaluation, test pits, or borings
- Field Survey
- Cost estimates for land acquisitions

Project Schedule

We anticipate a total of 12 weeks will be required to complete the Sewer System Alternatives Analysis from the date of authorization.

Fee

Tighe & Bond will perform these services for a lump sum fee of $10,000, invoiced monthly based on percentage complete. In the event that the scope of work is increased for any reason, the lump sum fee to complete the work shall be mutually revised by written amendment. Our attached Terms and Conditions is part of this letter agreement. The included schedule and fees are based on the above scope of work and assumptions. The schedule includes reasonable allowances for review and approval times by applicable parties. This schedule may need to be adjusted as the project progresses, allowing for changes in scope, character or size of the project requested by you, or for delays or other causes beyond our reasonable control, including delays due to Force Majeure, including those delays that may incur due to the COVID-19 pandemic.

If this proposal is acceptable, please sign and return one copy to Tighe & Bond as your authorization to proceed. Should you have any questions, please contact me at tjadamski@tighebond.com or 413-572-3256. We look forward to the opportunity to work with you on this important project for downtown Southborough.

Very truly yours,

TIGHE & BOND, INC.

Tracy J. Adamski, AICP

Vice President

ACCEPTANCE:

On behalf of **Town of Southborough** the scope, fee, and the attached terms and conditions are hereby accepted.

DATE: February 11, 2021

TO: Honorable Board of Selectmen

FROM: Brian Ballantine, Finance Director
Carla McAuliffe, Town Accountant

RE: FY22 budget Update

Please see attached for the reporting of quarter 2 revenues and expenses for FY2021. Please note we would like to use this format going forward, which includes a summary of various items to highlight. We will of course have all detail information to accompany this. In the interest of time and process I would recommend detailed inquiries be sent to us as follow up and we can then answer any miscellaneous questions.

As a reminder Selectperson Malinowski is the "liaison" to prescreen the quarterly report with the Finance Director and Town Accountant for areas of concern or to clarify any obvious questions. We feel this has worked very well to date.

Should you have any questions, please do not hesitate to ask.

Quarter Report BOS

Revenues and Expenses

Quarter 2 FY2021 ending 12-31-2020

Revenues:

- General fund revenues $35,199 less through 12-31 year over year.
- Areas of positive material revenue growth – tax lien interest, building permits, BOH permits, other miscellaneous revenue.
- Areas that have materially declined – interest earnings, RMV fines, BOS license fees (note: Other Excise timing difference).
- First billing for motor vehicle excise released and it is approximately $125,000 lower than 2020, or just over 6%. Commitment 2 will be issued late March – early April – this will then represent approximately 87% of the annual billed amount and should be a more reliable indicator on revenue estimates.
- Water fund through 12-31 is approximately $558,000 year over year increase. The strong revenue growth is a result of the new rate structure and the dry season that has now passed.

Expenses:

- An email has been sent to our contracted service vendors requesting them to invoice the town on a monthly basis in an effort to keep expense ledgers current through the fiscal year.
- Town Clerk- To date in FY 21 $8,647 of election expenses related to COVID have been moved out of the general fund and into the CARES special revenue fund.
- Board of Health- To date in FY 21 $24,131 of supplies and salary related to COVID have been moved out of the general fund and into the CARES and FEMA special revenue funds. An additional $6,565 in salaries was moved out of the department and into the department of public health grant fund.
- Benefits- On track to be within budget however residual funds likely to be minimal – on pace to expend approximately 98-99% of budget.
- Postage - We did receive CARES funds from the State in the amount of $1,800.00 to offset increased postage in January. A reallocation entry is not reflected in the current report but will be in the next quarterly report.
- DPW- Due to the increase in trash volume and the fact we are being charged for recycling this fiscal year, the refuse disposal line is forecasted to be over by $62,143. The department will strive to cover the overage within their budget and request a reserve fund transfer if necessary.
- The next CARES application which covers the period 9/30/2020 – 12/31/2020 is due to the State on 2/26/2021. Since the change in federal administration there are further revisions to the cost share between FEMA and CARES. We are waiting on further guidance to clarify the best way to maximize reimbursement between the 2 sources of funding.

- Reserve fund has several potential transfers being tracked. These include antennae repair, DPW overages, and potential Board of Health expenses. Additional information on this will be available in the Q3 report.

GOALS for Town Administrator	In progress	Completed	Recent Steps
Communication with Board of Selectmen	XX		Shared Legal folder set up for Board member access, continue to enhance contents.
Embrace authority of Town Administrator position	XX		
Assist Board of Health with staffing and vaccination plan for COVID-19	XX		Hiring of new Public Nurse position is in progress. Regional vaccination clinics with Boroughs, Ashland & Hopkinton in process. 75+ age residents attending on 2/11 - 2/16 clinic in Hopkinton.
Improve process between Building Dept. and Historical, RE: Demolition delay bylaw	XX		Changes made to permitting process to better address demolition issues; Historical Commission now part of online permitting process.
Sidewalk access to Public Safety Facility	XX		ADA self-evaluation process commenced. Sboro School buildings being added into study within available funding.
Formal reviews for other contract employees under Board of Selectmen	XX		Review for Police Chief is in progress.
Annual goals for department heads/contract employees under Board of Selectmen	XX		

GOALS for Town Administrator	In progress	Completed	Recent Steps
Identify service enhancements/cost reductions; grant opportunities	XX		Shared Streets grant awarded in amount of $290,000. Earmarks in State capital bond bill for future projects. New grant portal from State being explored which may be more cost-effective than hiring grant position.
Reorganization of Selectmen Office	XX		Awaiting comments from Board members on proposed/revised job descriptions. Personnel Board will schedule meeting to review when ready, so AA position can be hired as soon as possible.
Sustainability of golf course operations; renewal of management contract			Discussions ongoing with golf architect and CPC for addition of practice putting green within available funding. Awaiting formal proposal from golf architect.

Legal Notice of

PUBLIC HEARING

Town of Southborough

The Southborough Board of Selectmen shall hold a public hearing on Tuesday, February 16, 2021 at 7:00p.m. in a virtual Zoom meeting, to consider a request for permission by Mass. Electric Company (National Grid) and Verizon New England Inc. to install a stub pole and guy for P33-84 at 78 Pine Hill Road. The public may participate in the virtual meeting via a Zoom link located at https://www.southboroughtown.com/remotemeetings

Southborough Board of Selectmen February 2, 2021

Subject: Requesting approval to award Downtown Wastewater feasibility study to Weston & Sampson

[EXTERNAL]

Dear Board of Selectmen,
As part of the Planning Assistance Grant (RFR Procurement ENV 20 DCS 11) from the Executive Office of Energy and Environmental Affairs, a feasibility study was needed to provide recommendations for an implementable wastewater solution. The solution must be consistent with the improved land use practices from the EO of EEA and the mandates of the Baker/Polito administration.

Four companies (engineering firms) were contacted and responses were received from 2 firms.
Documents provided are:

- Wastewater Feasibility Study.pdf
- Tighe & Bond WW Study.pdf
- Weston & Sampson WW feasibility Proposal 2020-11-16.pdf

Both response documents are straightforward and essentially providing the same scope of work for the same price.

After checking with several sources, John Parent had a very favorable experience (several years ago) working with W&S on water intrusion issues at the Library. He was pleased with the work that was done by the firm.

While I have no engineering nor related experience, I am recommending that Weston & Sampson be awarded the study. My recommendation is based on their work in Town and information that I received from other sources.

Please let me know what questions you have.

Claire

PETITION FOR JOINT POLE RE-LOCATIONS

January 8, 2021

To the Board of Selectmen
of the Town of Southborough, Massachusetts

MASSACHUSETTS ELECTRIC COMPANY and VERIZON NEW ENGLAND, INC.
request permission to relocate poles, wires, cables and fixtures, including anchors, guys and other such necessary sustaining and protecting fixtures, along and across the following public way or ways:-

Pine Hill Rd
Installing stub pole and guy for P33-84

Wherefore they ask that they be granted a joint relocation for and permission to erect and maintain poles, wires, cables and fixtures to be placed thereon, together with anchors, guys and other such sustaining and protecting fixtures as they must find necessary, said poles to be located substantially in accordance with the plan filed herewith marked: Plan No. **30303679** Dated: **1/4/2021**

Also for permission to lay and maintain underground cables conduits, wires and necessary equipment in the above or intersecting public ways for the purpose of making connections with such poles and buildings as each of said petitioners may desire for distributing purposes.

Your petitioners agree to reserve space for one cross arm at a suitable point on each of said poles for the fire, police, telephone and telegraph signal wires belonging to the municipality and used by it exclusively for municipal purposes.

ORDER FOR JOINT OR IDENTICAL POLE LOCATIONS

January 8th, 2021

By the Board of Selectmen
of the Town of Southborough, Massachusetts

Notice having been given and public hearing held, as provided by law, IT IS HEREBY ORDERED: **that MASSACHUSETTS ELECTRIC COMPANY and VERIZON NEW ENGLAND, INC.** be and they are hereby granted joint or identical locations for and permission to erect and maintain poles and wires to be placed thereon, together with such sustaining and protecting fixtures as said Companies may deem necessary, in the public way or ways hereinafter referred to, as requested in petition of said Companies dated the **8th day of January 2021**

All construction under this order shall be in accordance with the following conditions:-

Poles shall be of sound timber, and reasonably straight, and shall be set substantially at the points indicated upon the plan marked-- filed with this order
Plan No. **30303679** Dated: **1/4/2021**

There may attached to said **MASSACHUSETTS ELECTRIC COMPANY** not to exceed twenty wires and by said **VERIZON NEW ENGLAND, INC.** not to exceed forty wires and four aerial cables, and all of said wires and cables shall be placed at a height of not less than eighteen feet from the ground.

The following are the public ways or parts of ways along which the poles above referred to may be erected, and the number of poles which may be erected thereon under this order:--

Pine Hill Rd
Installing stub pole and guy for P33-84

Also for permission to lay and maintain underground laterals, cables and wires in the above or intersecting public ways for the purpose of making connections with such poles and buildings as each of said petitioners may desire for distributing purposes.

I hereby certify that the foregoing order was adopted at a meeting of the Board of Selectmen of the Town of Southborough, Massachusetts held on the _____ day of _____

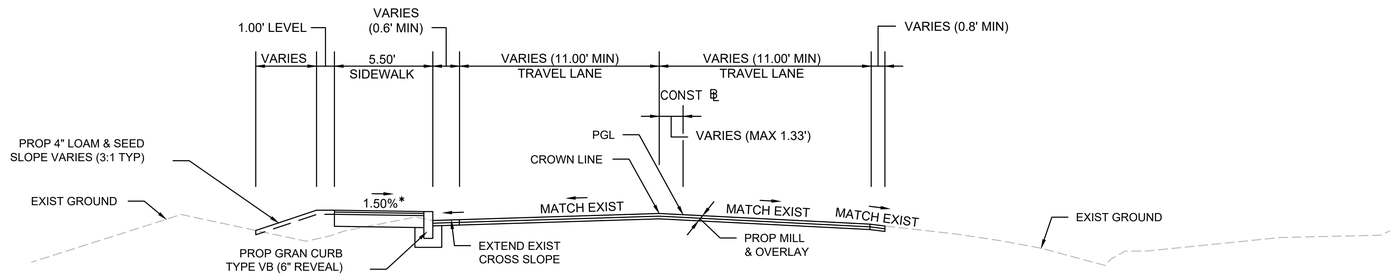
GENERAL NOTES:



1. SURVEY WAS PERFORMED BY VHB, INC., WATERTOWN, MA IN AUGUST 2009 AND SUPPLEMENTED IN MARCH 2011, OCTOBER 2015, AND MAY 2018. UNDERGROUND UTILITIES WERE TAKEN FROM PLANS PREPARED BY TAJ ENGINEERING, CHELMSFORD, MA, DATED JANUARY 2004.
2. THE HORIZONTAL CONTROL IS BASED ON THE MASSACHUSETTS MAINLAND STATE PLANE COORDINATE SYSTEM AND THE NATIONAL GEODETIC SURVEY (NAD83). ALL ELEVATION IS US FEET, REFERENCED TO THE NORTH AMERICA VERTICAL DATUM OF 1988 (NAVD88).
3. THE CONTRACTOR SHALL VERIFY ALL EXISTING DIMENSIONS AND GRADES IN THE FIELD BEFORE COMMENCING WORK AND PROMPTLY NOTIFY THE ENGINEER OF ANY DISCREPANCIES.
4. THE LOCATIONS OF EXISTING UNDERGROUND UTILITIES ARE SHOWN IN AN APPROXIMATE WAY ONLY AND HAVE NOT BEEN INDEPENDENTLY VERIFIED BY THE OWNER OR ITS REPRESENTATIVE. THE CONTRACTOR SHALL DETERMINE THE EXACT LOCATION OF ALL EXISTING UTILITIES BEFORE COMMENCING WORK, AND SHALL BE FULLY RESPONSIBLE FOR ANY AND ALL DAMAGES WHICH MIGHT BE OCCASIONED BY THE CONTRACTOR'S FAILURE TO EXACTLY LOCATE AND PRESERVE ANY AND ALL UNDERGROUND UTILITIES.
5. DRAINAGE ELEVATIONS ARE PROVIDED FOR DESIGN PURPOSES ONLY. THE CONTRACTOR SHALL VERIFY BY TEST PIT, THE LOCATIONS OF EXISTING UTILITIES WHICH MAY CONFLICT WITH THE PROPOSED DRAINAGE DESIGN. ANY FIELD ADJUSTMENTS REQUIRED WILL BE MADE AS APPROVED OR DIRECTED BY THE ENGINEER. ONLY AFTER THE CONTRACTOR VERIFIES ELEVATIONS FOR THE CONSTRUCTABILITY OF THE DRAINAGE SYSTEM SHALL ANY STRUCTURES BE ORDERED. ANY FIELD ADJUSTMENTS TO LINE & GRADE UP TO A DEPTH OF 5' SHALL BE INCLUDED IN THE COST OF THE PIPE. PIPE EXCAVATION GREATER THAN 5' WILL BE PAID UNDER CLASS B TRENCH EXCAVATION.
6. THE CONTRACTOR SHALL VERIFY BY TEST PIT, THE LOCATIONS OF EXISTING UTILITIES WHICH MAY CONFLICT WITH PROPOSED CONDUIT AND SIGNAL EQUIPMENT. ANY FIELD ADJUSTMENTS REQUIRED WILL BE MADE AS APPROVED OR DIRECTED BY THE ENGINEER.
7. WHERE AN EXISTING UTILITY IS FOUND TO CONFLICT WITH THE PROPOSED WORK, THE LOCATION, ELEVATION AND SIZE OF THE UTILITY SHALL BE ACCURATELY DETERMINED WITHOUT DELAY BY THE CONTRACTOR, AND THE INFORMATION FURNISHED TO THE ENGINEER FOR RESOLUTION OF THE CONFLICT.
8. THE CONTRACTOR SHALL ALTER THE MASONRY OF THE TOP SECTION OF ALL EXISTING DRAINAGE AND SEWER STRUCTURES AS NECESSARY FOR CHANGES IN GRADE, AND RESET ALL WATER AND DRAINAGE FRAMES, GRATES AND BOXES TO THE PROPOSED FINISH SURFACE GRADE. REQUIRED NEW MASONRY SHALL BE CLAY BRICK.
9. THE CONTRACTOR SHALL MAKE ALL ARRANGEMENTS FOR THE ALTERATION AND ADJUSTMENT OF GAS, ELECTRIC, TELEPHONE AND ANY OTHER PRIVATE UTILITIES BY THE UTILITY COMPANIES.
10. EXISTING UTILITY POLES WILL BE RELOCATED BY OTHERS IF REQUIRED.
11. TREES AND SHRUBS WITHIN THE LIMITS OF GRADING SHALL BE REMOVED ONLY UPON APPROVAL OF THE ENGINEER.
12. AREAS OUTSIDE THE LIMITS OF PROPOSED WORK DISTURBED BY THE CONTRACTOR'S OPERATIONS SHALL BE RESTORED BY THE CONTRACTOR TO THEIR ORIGINAL CONDITION AT NO EXPENSE TO THE OWNER.
13. THE TERM "PROPOSED" (PROP) MEANS WORK TO BE CONSTRUCTED USING NEW MATERIALS OR, WHERE APPLICABLE, RE-USING EXISTING MATERIALS IDENTIFIED AS "REMOVE AND RESET" (R&R).
14. JOINTS BETWEEN NEW ASPHALT CONCRETE ROADWAY PAVEMENT AND SAWCUT EXISTING PAVEMENT SHALL BE SEALED WITH HMA JOINT SEALER AND BACKSANDED.
15. AFTER MILLING OPERATIONS AND PRIOR TO PAVING THE SUPERPAVE INTERMEDIATE OR SURFACES COURSES THE ENGINEER SHALL EVALUATE THE MILLED SURFACE AND SHALL APPLY THE APPROPRIATE REPAIR METHOD IF REQUIRED.
16. EXISTING SIGNS WITHIN THE PROJECT LIMITS SHALL BE RETAINED UNLESS INDICATED OTHERWISE ON THE DRAWINGS.
17. IF SUITABLE, EXISTING GRANITE CURB & EDGING SHALL BE RE-USED IN THE PROPOSED WORK, EXCEPT CURVED STONES OF A DIFFERENT RADIUS THAN PROPOSED CURB.
18. EXISTING STATE, COUNTY, CITY, AND TOWN LOCATION LINES AND PRIVATE PROPERTY LINES HAVE BEEN ESTABLISHED FROM AVAILABLE INFORMATION AND THEIR EXACT LOCATIONS ARE NOT GUARANTEED.
19. THE CONTRACTOR SHALL EXERCISE DUE CARE WHEN WORKING AROUND ALL PROPERTY BOUNDS WHICH ARE TO REMAIN. SHOULD ANY DAMAGE TO A BOUND RESULT FROM THE ACTIONS OF THE CONTRACTOR, THE CONTRACTOR SHALL HAVE THE BOUND REPLACED AND/OR REALIGNED BY A LICENSED PROFESSIONAL SURVEYOR AS DIRECTED BY THE ENGINEER AT NO ADDITIONAL COST.
20. DISPOSAL OF ALL SURPLUS MATERIAL SHALL BE AS APPROVED BY THE ENGINEER AND OWNER.
21. LATERAL DRAIN PIPES SHALL BE INSTALLED WITH A PITCH OF 0.01 FOOT PER FOOT (MINIMUM) UNLESS NOTED OTHERWISE ON THE PLANS.

From: Jason W. Malinowski
To: Mark Purple
Cc: Lori Esposito
Subject: Capital Planning - School Research Subcommittee
Date: Wednesday, February 10, 2021 10:15:40 AM

Mark,

As discussed, the Capital Planning - School Research Subcommittee ("Subcommittee") will not be complete with its work by February 28, 2021 (current expiration of charge).

I would like to request that the BOS extend the term of the Subcommittee to June 30, 2021. Of course if the work is completed sooner, we will submit a request to dissolve the Subcommittee at an earlier date.

Thanks,

Jason

CAPITAL PLANNING COMMITTEE- SCHOOL RESEARCH SUBCOMMITTEE

The School Research Subcommittee shall be an ad-hoc committee of the Capital Planning Committee made up of three (3) members. Two (2) members will be from the Capital Planning Committee and one (1) member will be from the Southborough School Committee. Each committee will recommend members for the respective membership positions, subject to appointment by the Board of Selectmen.

School and Town administration members may participate in the meetings in an advisory manner, but do not count towards a quorum, nor will they have a vote.

CHARGE

The primary charge of the School Research Sub-Committee is as follows:

- Review Southborough Schools K-8 Housing Study Group Summary Report, dated February 13, 2013;
- Undertake any actions to update the previously completed summary report;
- Undertake any additional steps needed to provide a comprehensive view of current and future school enrollment/space in order to provide a recommendation on whether any schools can be consolidated;
- Provide formal read-out and recommendation to Southborough School Committee and Capital Planning Committee; and
- Upon votes from Southborough School Committee and Capital Planning Committee, make presentation to joint meeting of Board of Selectmen and Advisory Committee.

TERM

The Capital Planning Committee-School Research Subcommittee appointments will be through February 28, 2021.

Approved by Board of Selectmen 9-22-20 / modified by Board of Selectmen 12-15-20

RECEIVED
By Town Clerk/rhc at 10:08 am, Mar 18, 2021

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, March 2, 2021, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey opened the meeting at 6:30 P.M. and read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

I. Public Comment

None

II. Scheduled Appointments

Municipal Technology Committee – update

i. Town Technology Strategy & Survey

Ms. Varner walked the Board through the presentation provided in the packet. Chairman Healey asked the Committee for their strategy to deliver and accommodate those that are technologically challenged with this survey. Ms. Varner described strategic targeting which included fliers at the Senior Center and where people congregate, simple and explicit instructions and options for taking the survey offline. Chairman Healey suggested urging boards and committee to reach out to the constituents to increase survey response. Ms. Malinowski suggested making iPads available at the Senior Center with volunteers to aid. She asked about leveraging software across departments. Ms. Varner explained the former IT Director began to map out the software and the Committee is continuing that effort. Ms. Malinowski asked about a process to uncover opportunities for automation implementation throughout departments. Ms. Varner stated that the Committee will be working closely with the new IT Manager when they are hired but stated they are earmarking areas that could be completely automated or outsourced. Mr. Probst described the staffing request for the IT Department for fiscal year 2022.

Mr. Shea asked about a timeframe for rolling out the survey and Mr. Probst stated that he hoped to have it out by mid-March and keep it open for two weeks. Mr. Shea suggested the Committee increase the time they leave the survey open as traditional ways to interact with people are no longer available during the pandemic. He asked if the Committee were planning on presenting data found from the survey at Town Meeting or to wait and use it as a platform to promote the survey. Mr. Probst described their hybrid approach to present some key data at Town Meeting while taking the time to encourage more participants. Mr. Stivers stated that staffing is a consistent issue in the IT Department and with the risk of cyber security, it is needed along with the application of simple technology to improve productivity. Ms. Braccio stated her concern that section six of the document describing recommendations could potentially clash with the ideas of a new IT Director. Ms. Varner stated that a seasoned IT professional will bring much needed value-added input. Mr. Probst stated that the IT Director is a member of the MTC and they will work in a partnership.

Mr. Purple praised Mr. Probst for his work assisting Ms. Hale in vetting IT Director candidates. He explained the steps needed in order to expand the part-time IT position to full-time. There was discussion regarding the SAP and CARES ACT. Chairman Healey asked that this item be added to the March 16th agenda.

<u>Capital Planning Committee</u>

i. FY22 Recommended Capital

Mr. Malinowski called the Capital Planning Committee to order at 7:37 P.M. Mr. Malinowski walked the Board through the presentation included in the packet entitled "Capital Planning Committee FY22 Recommendation for Town Meeting." Chairman Healey asked for clarification on the split vote for the Town House bathroom renovations. Mr. Malinowski explained that six members voted against renovating the two bathrooms and four members voted in favor of renovating one bathroom. Chairman Healey asked about the support for funding a new tanker truck. Mr. Malinowski explained that the Committee voted six in favor to support a new tanker truck for the Fire Department regardless of the funding source. He explained that a payment would not be made on this until fiscal year 2023. Mr. Shea asked if there are enough personnel to drive the tanker and Chairman Healey requested a discussion be held at the March 16th meeting to drill down into the recommended items. Mr. Stivers stated he was interested in the possibility of funding MWRA firefighter water where there are no hydrants or where hydrants challenging to access. He added he is in support of purchasing the tanker. Ms. Braccio stated she voted on all the items as a member of the Committee. Mr. Malinowski asked the Board to take a position on the recommendations. Ms. Braccio requested the Board take a position by the end of the March 16th meeting. The Board agreed. Mr. Malinowski asked if the Board would like to invite any stakeholders to the March 16th meeting in addition to the Fire Chief. Mr. Shea stated that the previous year a number of departments came to Board meetings to present their budgets and he would like to see the full picture of budget requests. There was discussion of the watermain on Newton Street and Mr. Malinowski stated there will be a recommendation from the Committee in the future. Ms. Malinowski asked if the Committee were going to vet other CPC articles. Mr. Malinowski explained the OneStop Grant Funding and collaboration with the EDC.

ii. Bylaw language for Capital Improvement and Planning Committee

Chairman Healey asked for clarification on member terms and Mr. Malinowski explained. Chairman Healey made a motion to approved the proposed revised bylaw language and composition for the Capital Improvement and Planning Committee. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

ii. South Union School – Next Steps

Mr. Malinowski summarized the previous discussions regarding the South Union School and stated that the Committee recommended that the Board list the property prior to Town Meeting. He suggested the Board discuss any conditions to include in the bid. The Board discussed the potential for unfavorable bids due to the inclusion of conditions. The sale of Fayville Hall was discussed as an example. Ms. Braccio suggested including options in the bid as opposed to conditions. Mr. Purple explained the logistics of doing this and cautioned the Board from giving too many options. Ms. Malinowski suggested the options include the purchase of the building and maintaining the façade for historical purposes and purchasing the building without needing to maintain the façade. She added that Town Meeting will ultimately decide but there would be no question as to what the potential price of the building may be. Mr. Shea asked if the Demolition Delay Bylaw would enable the Town to accept a bid without conditions. He also raised concern about the length of time this discussion could take at Town Meeting as he felt it would be controversial. He added that many articles were delayed in the previous Town Meeting due to the pandemic and questioned whether this would be asking too much of residents. Mr. Malinowski stated that moving forward with the bid process would at the very least give the Board valuable data regarding this property. There was discussion regarding holding a fall Town Meeting, the timing for the bid process and the Demo Delay and the potential of not acting on bids. Ms. Malinowski volunteered to work with Mr. Purple on a process timeline and draft RFP to bring to the Board on March 16th. Mr. Malinowski made a motion to adjourn the Capital Planning Committee meeting at 8:50 P.M. Mr. Pfaff seconded. The motion passed all in favor (5-0-0) by roll call vote.

III. Reports

Chairman's Report

i. Town Committee vacancies

Chairman Healey asked about increasing awareness to board and committee vacancies. Ms. Hale stated that speaking about them at Board meetings increases publicity. Mr. Stivers suggested using census information to target residents. Ms. Braccio suggested discussing a specific vacancy at each meeting and including a volunteer flier in tax bills. Ms. Malinowski stated that she has been reaching out to parents regarding available opportunities and has had success. She added that a number of vacancies require a member from another board and that some positions exclude the ability to have a citizen at large. Chairman Healey stated the Board will speak to one to two board and committee vacancies a month.

ii. Scheduling of joint meetings with Advisory and Capital Planning

The Board agreed to meet with the Advisory Committee on April 13th. Mr. Purple stated that April 13th will be held for this joint meeting pending the determination of a Town Meeting date.

iii. Downtown Initiative update

Chairman Healey stated there is a meeting tomorrow with interested parties to discuss the details and questions that were brought to light during the Planning Board public hearing for the Downtown Initiative.

Members' Reports

Ms. Malinowski stated Youth and Family Services distributed a community assessment of needs survey and urged all to take it.

i. BOS Office Hours

Mr. Shea stated Karen Wheeler attended to advocate for the creation of a climate/sustainability committee. He stated information was sent to Mr. Purple regarding this. Mr. Purple stated he had a conversation with Ms. Wheeler and Mr. Parent who manages Green Community projects. There is ongoing discussion regarding the necessity for a committee and Mr. Purple stated he will follow up with the Board when decisions have been made.

Mr. Shea stated representatives from the EDC attended Office Hours to touch base after the Planning Board public hearing regarding the Downtown Initiative. He added Mr. Pfaff joined to ask the Board to reach out to SAM to schedule more meeting recordings on public television rather than relying solely on YouTube.

ii. Board of Health update

Mr. Stivers stated that the Board of Health is having issues filling a full-time position because currently there is no permanent funding source. He added that they are finding quality candidates but are not able to secure them due to funding issues.

Mr. Stivers stated that the current stimulus bill was approved by the House and is being reviewed by the Senate. He added that if it were to pass, the share for Southborough would be $5.8 million. He suggested creatively generating projects for these funds within the regulations.

Town Administrator Report

i. COVID-19 vaccination updates

Mr. Purple stated there will be a COVID-19 vaccination clinic at Colonial Gardens on the morning of March 5th. The Fire Department and Board of Health will be assisting at the clinic. He added that the Town has put an application into the State to have a regional vaccination site and are on a waiting list. He thanked Representative Dykema and others in the region for supporting this bill. Mr. Purple said that when more vaccinations become available, some regional sites will be approved and hopes this is one of them.

Mr. Purple stated he has been working with Dr. Alker and Chief Achilles to create a plan to bring employees back into building on a more regular basis beginning in April. He stated another meeting of the Return to Workplace Working Group will be conducted to create a strategy to do this.

Mr. Purple informed the Board and public that National Day of Unplugging is March 5th – 6th.

IV. Consent Agenda

a. Ms. Malinowski asked to hold agenda item "a." She stated that "question" is misspelled on page three, paragraph three. Chairman Healey made a motion to approve Open Session Minutes: February 16, 2021 with the revision described by Ms. Malinowski. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Mr. Stivers asked to hold agenda item "b." Mr. Stivers stated there were two bids received and asked if there was a recommendation. Ms. Braccio stated that the EDC voted at their last meeting to support the bid recommended by the consultant. Mr. Purple stated that Ms. Galligan is in support of the bid as presented. Chairman Healey made a motion to award the bid for Wastewater Study under EEA Grant. Ms. Malinowski seconded. The motion passed (4-0-1) by roll call vote, Braccio, aye; Malinowski, aye; Stivers, aye; Healey, aye. Mr. Shea recused.

c. Mr. Stivers asked to hold agenda item "c." Mr. Stivers questioned why the bid was low. Mr. Davis explained that the architect for the Recreation Commission is familiar with this company and explained that bids generally have a wide price range for these types of projects. He used Depietri field as an example. Chairman Healey made a motion to award the bid for the Recreation lighting projects. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Chairman Healey acknowledged a chat question from Kevin Miller regarding meeting details for the Downton District meeting taking place tomorrow evening. Ms. Braccio explained this was not a public meeting as it is an informational meeting with various committee members. She added no board or committee will have a quorum.

d. Chairman Healey made a motion to accept donations totaling $200.00 for the Fire Dept. Ambulance Fund. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

e. Chairman Healey welcomed Ms. Bensily and Ms. Lowe and explained the openings on the Scholarship Advisory Committee. Ms. Braccio asked each to explain their interest in the committee. Ms. Lowe explained her background and her interest in becoming more involved in the community. She added that Ms. Malinowski explained the position to her and she felt with her background and time available to volunteer, this Committee would be a good fit. She explained her appreciation of scholarships as an alternate source of funding for students.

Ms. Bensily stated that her professional and family life enables her to volunteer on a limited basis and that her life was impacted greatly by scholarship awards. She would like to help do the same for students in the community. Mr. Shea made a motion to appoint Emily Lowe to the Scholarship Advisory Committee, term to expire 6/30/22; to appoint Kathleen Kuklewicz to the Scholarship Advisory Committee, term to expire 6/30/23; to appoint Maureen Bensily to the Scholarship Advisory Committee, term to expire 6/30/23. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Ms. Kuklewiz joined the meeting at 6:44 P.M. Chairman Healey informed her of her appointment and Ms. Kuklewicz gave her professional background and reasons of interest in the Scholarship Advisory Committee.

V. Other Matters Properly Before the Board

Scheduling of Annual Town Meeting

i. Scheduling of departments

Chairman Healey welcomed Mr. Cimino and Mr. Hegarty. He described the statutory changes regarding Town Meeting. A discussion was had regarding the date of Town meeting in terms of weather, cost, event conflicts, timing and potential attendance challenges. Chairman Healey made a motion to set Annual Town Meeting for May 22, 2021. Mr. Shea seconded. Mr. Shea asked if the meeting could begin earlier in the day in order to work through most of the warrant before needing to continue the meeting to another day. Mr. Cimino suggested a 10:00 A.M. start time. Mr. Hegarty explained the cost difference from a one-day Town Meeting to a two-day Town Meeting. Chairman Healey amended to his motion to set Annual Town Meeting for 10:00 A.M. on Saturday, May 22, 2021. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Chairman Healey asked the Board if there are particular departments they would like to hear from regarding their budget. Ms. Malinowski asked for any department adding a new position or service and Mr. Shea asked for the Board of Health to attend a future meeting. Mr. Purple agreed to make a list of departments to attend a future meeting.

Review draft RFP for Legal Services

Ms. Braccio stated she was under the impression the Board wanted to move forward with a firm that may have more to offer than a one-person firm and stated her concern that both options are included in the RFP. Chairman Healey explained that he felt going out to bid for legal services should be a matter of due diligence every five years. Mr. Stivers stated that individual firms tend to have a network of associates with specialties that work together and he is open to that structure. Mr. Shea asked if the RFP enabled the flexibility to hire more than one firm and Chairman Healey stated he felt it did. He added that there is a requirement that someone be lead counsel and a condition could be added that in order to get this position, they must agree to working with a particular firm or individual from their network. The Board agreed. The Board reviewed multiple sections of the RFP and Mr. Purple described examples of responses the Board could receive.

Ms. Malinowski asked if the Board were submitting an RFP for legal services to change the Town's strategy for how Town Counsel is used and to see what other structures exist or if they are going out to bid for a five-year policy or practice. Chairman Healey stated that it is possible that the existing Town Counsel is the best fit for the Town and he would rather not anticipate what makes the most sense with limiting language. Ms. Malinowski suggested a policy be put in place if one is being referenced in the RFP. The Board agreed to remove the background language from the RFP.

Mr. Cimino spoke as a resident and not the Town Moderator. He stated that speaking as a town official who has worked with Town Counsel over the years, incumbent counsel has every possibility of being part or all of a future solution and is to have the best interest of the Town in mind as current Town Counsel has.

Discussion of CSX easement and Downtown portion of Main Street reconstruction project

Chairman Healey described his discussion with Mr. Mauro stemming from the letter he sent which is included in the packet. He stated that Mr. Mauro is supportive of the curbing and

improvements that will be made in the downtown area and agreed it would allow sufficient access and egress to their property. He added that Mr. Mauro and CSX disagree in how the parking area will be resolved but understands the stance of the Board to move forward with construction on Town land. He added that the Board is willing to do whatever possible to mediate and help negotiate a resolution between the two land owners. There were no comments from the Board. Chairman Healey told Ms. Galligan that the Board would like her to begin negotiations regarding the easement with CSX and any curbing for CSX will be presented to Mr. Mauro prior to changes being made.

Shared Streets grant update

Ms. Galligan stated that project bids will be in by March 16th and explained that the Shared Streets grant will cover the gathering area and sidewalks. She added there is enough Chapter 90 money to cover the physical road work and moving the road. Mr. Stivers asked about paving the parking area. Ms. Galligan stated that the Town will gravel and grade the area but not pave it. Chairman Healey stated that it should be made clear to St. Mark's that if the parking area is going to paved, they will be paying for that work. Mr. Purple asked if the Board wanted Town Counsel to start reviewing and editing the draft easement and license agreements for the land use for Board review. The Board agreed.

Ms. Galligan asked the Board if they would like to make the railroad crossing pedestrian accessible when conducting the roadwork on Main Street. She stated that CSX requires a paddle that a CSX engineer has to design which is an expense. Mr. Shea asked if she is describing a warning system that the railroad requires that the Town would have to pay for. Ms. Galligan stated that was correct if the Town wanted pedestrian traffic to cross over the tracks. She stated that the overall project will happen the same way even if a paddle and sidewalk were not installed as the other side of the street has ADA compliant pedestrian access. There was discussion regarding possible grant options or Chapter 90 funding to complete this proposed work. Chairman Healey asked for options to be explored to fund an ADA compliant sidewalk over the railroad tracks.

VI. Public Comment

Tim Litt (148 Woodland Road) stated that ADA compliance does not just refer to wheelchairs but also to shopping carts and rolling luggage. He asked the Board not to hold a fall Town Meeting in order to push off business from spring Town Meeting. He asked the Town to finish business during the spring Town Meeting. Mr. Litt encouraged the Board to look at the IT Department as whole and not hire an IT Director without support staff.

Kevin Miller spoke to his concerns about CSX and their power over the Town. He voiced his concern regarding the Downtown District map extending a quarter of a mile away from Main Street onto landlocked parcels and parts of commercial properties and private property. Chairman Healey explained that the map has existed for decades and was created by Town Meeting years ago. Mr. Miller stated his concerns of the by right zoning allowed in the proposed bylaw and stated an overlay is more appropriate. M. Braccio stated she is aware of these concerns and the public hearings are held for conversations such as these. She added that the map is going to be looked at along with a long list of other items.

VII. On a motion made by Mr. Shea, seconded by Ms. Braccio and voted all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 10:40 P.M.

Upcoming Meetings
March 16, 2021
April 6, 2021

Respectfully submitted,

Kathleen Barry, Recording Secretary

Chapter 39, Section 9: Annual meeting; other meetings; election of officers; times; adjournment; holidays

Section 9. Except as otherwise provided by special law or a charter adopted or revised or amended under Sections two, three, or four of Article LXXXIX of the Amendments to the Constitution of the Commonwealth which may provide for a different time for the election of town officials and other matters to be determined by ballot, the annual meeting of each town shall be held in February, March, April, May or June; and other meetings may be held at such times as the selectmen may order or the charter or by-law prescribe; provided, however, that, notwithstanding the provisions of this section or of any other law, by-law, or charter to the contrary, a town, by the vote of its board of selectmen or town council may delay the annual town meeting; and provided, further, that such a delayed annual town meeting shall complete its business on or before June thirtieth. Town meetings shall be held within the geographic limits of the town unless a special law, charter or by-law provides otherwise; provided, however, that any meeting for the election by ballot of federal, state or other officers or the determination of other matters that are to be determined by ballot at an election shall be held within the geographic limits of the town. Meetings may be adjourned from time to time and meet and adjourn to any place authorized by law provided that officers shall be elected, and matters required by law to be elected or determined by ballot, shall be so elected or determined during the hours during which polls shall remain open as hereinafter provided. If the day set for a town meeting by by-law or otherwise falls on a legal holiday, such meetings shall be held on the day following. A town may by by-law designate the hour at which the annual town meeting shall be called and subject to section sixty-four of chapter fifty-four by vote or by-law designate the hours during which polls shall remain open in meetings for the election of officers and the determination of other matters that are required by law to be determined by ballot.

Chapter 39, Section 10: Warrant; issuance; contents

Section 10. Every town meeting or town election, except as hereinafter provided, shall be called in pursuance of a warrant, under the hands of the selectmen, notice of which shall be given at least seven days before the annual meeting or an annual or special election and at least fourteen days before any special town meeting. The warrant shall be directed to the constables or to some other persons, who shall forthwith give notice of such meeting in the manner prescribed by the by-laws, or, if there are no by-laws, by a vote of the town, or in a manner approved by the attorney general. The warrant for all town meetings shall state the time and place of holding the meeting and the subjects to be acted upon thereat. The town meeting may be held in one or more places; provided, that if it is held in more than one place, the places are connected by means of a public address system and loud speakers so that the proceedings in all such places may be heard and participated in by all the voters present therein. Whenever the moderator determines that voters are being excluded from the town meeting because there is no room for them in the places provided or that voters in attendance are being deprived of the opportunity to participate therein for any reason whatsoever, he shall either, on his own motion recess the meeting for any period during the day of the meeting or, after consultation with the members of the board of selectmen then present, adjourn the same to another date, not later than fourteen days following the date of said meeting, when places and facilities sufficient to accommodate all voters attending and to enable them to participate therein shall be available. The selectmen shall insert in the warrant for the annual meeting all subjects the insertion of which shall be requested of them in writing by ten or more registered voters of the town and in the warrant for every special town meeting all subjects the insertion of which shall be requested of them in writing by one hundred registered voters or by ten per cent of the total number of registered voters of the town whichever number is the lesser. The selectmen shall call a special town meeting upon request in writing, of two hundred registered voters or of twenty per cent of the total number of registered voters of the town, whichever number is the lesser; such meeting to be held not later than forty-five days after the receipt of such request, and shall insert in the warrant therefor all subjects the insertion of which shall be requested by said petition. No action shall be valid unless the subject matter thereof is contained in the warrant. Two or more distinct town meetings for distinct purposes may be called by the same warrant.

The written requests of registered voters for the insertion of subjects in town meeting warrants shall not be valid unless the required number of registered voters not only sign their names but also state their residence, with street and number, if any. The selectmen shall submit such written requests to the board of registrars of voters or the board of election commissioners who shall check and forthwith certify the number of signatures so checked which are names of voters in the town, and only names so checked and certified shall be counted. A greater number of names than are required in each case need not be certified.

Current Occupation/Employer:	Insurance Broker
Narrative:	At this point, I could only commit a few hours a month. I work full time with two school age children but would really like to find a way to engage with more with the community, and thought the scholarship committee may be a good way to do so. Though I don't have a background in Education, part of my career was spent in education finance so I know how critical scholarships are to funding higher education.

Disposition of Real Property Ch.30B Steps/*Estimated* Timeline*

**Subject to 2/3 town meeting vote to dispose of town-owned property*

Chapter 9 – Committees

Article IX (?) – Capital Improvement and Planning Committee

§ 9-30 **Purpose.**

As more fully described in the remainder of this Article IX, this article establishes a committee that will be responsible for creating and maintaining a rolling ten-year Capital Plan across all government entities and will ensure consistent interpretation and execution of that plan. The Committee will work in collaboration with the various government entities that propose capital expenditures. It will report on the plan to the Town Meeting and advise Town Meeting on proposed capital expenditures.

§ 9-30.1 **Establishment; membership; qualifications.**

A.

There shall be a Capital Improvement and Planning Committee ("CIPC"), which shall consist of seven voting members and the two nonvoting ex-officio members identified below.

B.

Each voting member shall be a resident of the Town.

C.

The voting members shall be appointed by the Board of Selectmen.

D.

One appointed member should be a member of the Board of Selectmen and one member should be a member of the Advisory Committee.

E.

At no time should any elected or appointed board have more than one representative that also is appointed to CIPC.

F~~D~~.

The Town Administrator and Finance Director shall be appointed as ex-officio members and may be nonresident Town employees. The Town Administrator or Finance Director, after collaboration with the Board of Selectmen as appointing authority, may recommend that another member of the town's finance team (treasurer, assessor, or accounting departments) serve as ex-officio in their place.

§ 9-30.2 **Appointments; terms; vacancies; removal.**

DRAFT

A.

Voting members shall be appointed for three-year terms. The initial appointments shall be three members for three years, two members for two years, and two members for one year, so as to establish overlapping terms. For subsequent appointments, the appointing authority shall request that the CIPC review the qualifications of prospective appointees, but the final determination of who is selected shall rest with the appointing authority.

§ 9-30.3 **Organization; meetings.**

A.

The members shall select, from among themselves, a Chair, Vice Chair and a Clerk.

B.

The CIPC may appoint from its own membership subcommittees and delegate to them such of its powers as it deems expedient.

C.

All reports and recommendations of the CIPC made to the Town shall be voted by a majority of the voting members of the CIPC, but this shall not be construed to prevent recommendations by a minority nor to discourage full participation by the nonvoting members.

§ 9-30.4 **Funding.**

The CIPC shall have a budget or warrant article for consultants and other expenses. It shall submit its projected expenses to the Town's regular budget process. Any expenditures from its budget shall require a majority vote of the CIPC, and be subject to the Town's policies for such expenditures.

§ 9-31 **Functions and definitions.**

A.

Work with Town Finance Team to maintain town's 10-year capital plan. This will be achieved by regular meetings and discussions with Town Departments, Boards, and Committees that will put forward requests for Capital Funding as part of an Annual or Special Town Meeting. While this Committee will have no oversight of the annual operating budget, they need to be aware and receive regular updates of the operating budgets and other revolving or enterprise funds to ensure that capital needs are considered in an appropriate order and timing.

B.

DRAFT

The CIPC shall follow any capital or other financial policies adopted by the town and provide regular feedback for any potential improvements or enhancements to these policies.

§ 9-32 **Project Oversight.**

A.

In the absence of a formal building committee for a specific project, CIPC will serve as point of initial approval for all project expenses, change orders, and invoices. Projects falling under the oversight of the CIPC will specifically be decided as part of or immediately following any Town Meeting appropriation by a vote of the Board of Selectmen.

B.

If any elected board decides to have a separate Building Committee for any specific project, then at least one member but not more than two members of the CIPC shall be appointed.

§ 9-33 **Reports**

A.

Prior to any annual or special town meeting, CIPC shall provide a recommendation on any capital article to appear on the warrant. This recommendation should be communicated to both the Board of Selectmen and Advisory Committee.

February 2021

I. Objective

The Town of Southborough, Massachusetts ("the Town"), acting through its Board of Selectmen ("the Board") , seeks to appoint an attorney or law firm as Town Counsel effective July 1, 2021, and invites a legal firm or individual attorneys to submit a proposal and costs for services to provide general town counsel legal services for the Town. The successful appointee ("appointee") must meet or exceed the qualifications stated herein, be readily accessible to authorized public officials, exceptionally experienced in appropriate~~ll~~ areas of municipal law, ~~. S~~scrupulous in adhering to required standards of professional conduct and ethics, and committed to rendering sound legal advice with suitable objectivity and professional detachment.

II. Background - INSERT Town by-laws call for the Board, annually, to appoint an attorney at law as Town Counsel for the term of one-year. Per (newly adopted?) Board policy (practice?), a request for proposals for such appointment will be made at least every five years.

III. Minimum Qualifications

A. Bar Admissions

The appointee and all those who serve as back-up to the appointee (see below) must be a member in good standing of the Massachusetts Bar and of the Federal Bar for the District of Massachusetts. ~~Town Counsel~~ The appointee must have Professional Liability Insurance in the amount of at least $1,000,000 and must produce a certificate of insurance prior to ~~upon~~ appointment.

B. Experience

The appointee must represent or have represented as general town counsel a Massachusetts municipality for not less than five (5) years, or possess equivalent experience. References for all

municipalities currently represented or represented in the past ten (10) years by the appointee must be furnished. The appointee also must have substantial experience in appropriate~~all~~ areas of municipal law, including but not limited to labor, land use - zoning and planning, Conflict of Interest and Open Meeting Law, public construction, public contracts, environmental law, municipal finance, litigation and open town meeting. ~~Particular expertise in zoning and planning desired.~~

C. Accessibility

The appointee must commit to returning all calls and electronic correspondence from the Town Administrator or authorized town officials as appropriate, either himself/herself or through a qualified back up ~~within 24 hours of the call~~. The appointee must also commit, as a general rule, to responding to requests for written opinions within one week unless the circumstances of the opinion warrant a shorter or longer time frame for a response. Electronic communications such as PDF documents are preferred when appropriate. The appointee must commit to preparing a brief quarterly written summary of all open issues at no cost to the Town and to preparing a report for the Town's Annual Report.

The Town expects Town Counsel attendance at the following:

- All sessions of Annual Town Meeting (on Saturday in late March) and Special Town Meetings (scheduled as necessary).
- Board of Selectmen meetings for quarterly update, and other meetings on request ~~(infrequent)~~.
- Meetings of other Town boards or committees on request (approved by the Board).

D. Lead and Back-up Counsel

Appointment of an individual attorney automatically will designate that attorney as Lead Counsel for the Town. If a firm is selected by the Town, the firm shall identify a Lead Counsel as the primary contact for services, and the Lead Counsel will be responsible for coordinating the performance of all legal services provided by his or her firm. The Town shall have the right to approve the appointment of such Lead Counsel. The appointee, whether an individual attorney or a firm, must have, within his or her firm or through an established relationship, at least one (1) other qualified attorney available to render advice and otherwise represent the interests of the Town of Southborough when the appointee is unavailable. In this context, "qualified attorney" shall mean another lawyer who substantially meets the minimum qualifications set forth herein for the appointee.

E. Billing

The appointee must commit to providing invoices for services rendered on a monthly basis. Each invoice, if based on an hourly rate for services, must disclose, at a minimum, the date of the service, the identity of the lawyer or staff person performing the service, the subject matter reference for the service, a description of the service performed, ~~the time it took to perform that function, and the hourly rate for the individual performing the function.~~ The time required

to perform that function, the hourly rate for the individual performing the function and the total fee for that service event. Expense items must also be itemized, with any relevant receipts available for inspection upon request by the Town.
~~Expense items must also be itemized.~~

IV. Fees and Expenses

The Town's budget for legal expenses for FY 2022 is anticipated to be $150,000. This budget includes fees and expenses for Town Counsel and special and labor counsel as necessary; the Board of Selectmen strongly desires to stay within this budgeted amount. Other budgets may contain amounts to be expended on legal services.

Towards this end, the Board ~~of Selectmen would be pleased to~~ will consider alternatives to the traditional hourly rate fee arrangement with counsel. For ~~As but one~~ example, responding attorneys may propose a fixed retainer for a specified scope of services, with an hourly rate for work outside the established scope of services. Responding attorneys should feel free to be creative in this regard so long as the proposal is workable and reasonable.

Whether or not an alternative fee arrangement is proposed by the responding attorney, the attached fees and expenses response sheet must be completely filled out.

V. Selection

In seeking~~-~~ and evaluating the proposals requested ~~Town Counsel~~, the Board ~~of Selectmen~~ is not bound by M.G.L. c.30B or by any other constraints apart from the sound judgment of its members. This process is being used to communicate the desired qualifications of Town Counsel and to solicit information in an orderly fashion for rough comparative purposes. Ultimately, though, the Board ~~of Selectmen~~ will select the candidate that they deem to be in the best interests of the Town, in its sole discretion. Consequently, the Board, ~~of Selectmen,~~ Town Administrator, and the Town of Southborough reserve the right to waive any irregularities in the RFP process and to accept or reject any or all proposals.

Below are the projected dates for this process. The Town reserves the right to modify this schedule as it determines convenient:

_____, 2021	RFP issued
_____, 2021	Proposals due by 12:00 PM
_____, 2021	Search Committee screening*
_____, 2021	Board of Selectmen's decision
July 1, 2021	Effective date of appointment

*Date of Public interview to be determined.

VI. Application

Qualified attorneys/firms interested in responding to this RFP should fill out the attached forms completely, attach copies of all documents requested therein, and return the same in an envelope, clearly **labeled "Town Counsel RFP"** to:

Town of Southborough
Board of Selectmen Office
17 Common Street
Southborough, MA 01772

Please provide three (3)~~six (6)~~ copies of the RFP response and all associated documentation on 8½ x 11 paper. All materials also should be provided electronically to the Town Administrator at mpurple@southboroughtown.com.

All responses to this RFP must be received at the Office of the Board of Selectmen at the above address no later than ____PM on _____, 2021.

RESPONSE TO REQUESTS FOR PROPOSALS FOR SOUTHBOROUGH TOWN COUNSEL

NAME: _____

FIRM NAME: _____

ADDRESS: _____

TELEPHONE: _____ FAX: _____

EMAIL: _____

Please respond to each of the following:

1. Please identify by name (address and phone number if different than above) the proposed Town Counsel and each proposed back-up counsel. The Board of Selectmen wants to know the specific individual attorney who will serve as Lead Counsel.

2. Please attach resume or *curriculum vitae* for each attorney identified above.

3. Do each of the attorneys identified above meet the minimum bar admission requirements of the RFP? If other than "yes", please explain.

4. With respect to each attorney identified, please list each and every Massachusetts municipality represented by the attorney within the past ten~~twenty~~ years, the years of such representation, and the name, address and phone number of at least one contact person in each municipality with knowledge of the attorney's representation. (See attached sheet)

5. Please describe each identified attorney's experience in the municipal law, including but not limited to the following areas: labor, land use - zoning and planning, Conflict of Interest and Open Meeting Law, public construction, public contracts, environmental law, municipal finance, litigation and open town meeting. areas ~~of land use, zoning and planning.~~

6. Has any of the above identified attorneys had a complaint filed with the Board of Bar Overseers in the past five (5) years? If yes, provide applicable details.

7. Please describe how you propose to satisfy the Accessibility requirements of the RFP.

8. Please describe how you propose to satisfy the back-up requirements of the RFP.

9. ~~Will~~ Please explain how you plan to meet ~~or exceed~~ the billing requirements of the RFP, and whether you have used alternative fee arrangements with previous municipal clients and/or would propose using an alternative fee arrangement regarding services to the Town?

10. State whether you have represented a client in the preceding three (3) years who has or had a matter pending before any officer, agency board or committee of the Town.

11. Please identify any past or current clients that may give rise to conflict of interest as a result of representing the Town of Southborough.

12. Confirm that you will not, during the time of your representation of the Town, represent any client in any matter in which the interests of the client are adverse to those of the Town, or in any matter seeking action by any officer, agency, board or committee of the Town, in accordance with MGLA 44A c268A s17.

13. Provide a general description of the firm, its history, significant changes in its makeup over the last three years (3) and its range of business.

~~14. Provide a list of municipalities represented over the last 10 years *(see attached sheet).*~~

14. For the above Municipal Clients, have you or the firm:

15.

A. Exceeded the municipal legal budget appropriation (general fund) in the last three (3) fiscal years (FY2018, FY2019, FY2020) and if so, by what percent?

B. If you have a retainer arrangement with the above clients, please note the retainer amount vs. total amount billed for the last three (3) fiscal years.

16. Provide details of any criminal investigation, regulatory or disciplinary proceedings or material litigation against your firm or members of your firm, which is either pending or has been completed in the preceding five~~three~~ (5~~3~~) years.

17. Provide details as to the nature and amounts of your firm's professional insurance and of any claims asserted or made against such coverage in the preceding three (3) years.

By my signature, I certify that the information contained in this Response to Requests for Proposals are complete and accurate, to the best of my knowledge and belief.

Signed:_____ Date:_____

RESPONSE TO REQUESTS FOR PROPOSALS FOR SOUTHBOROUGH TOWN COUNSEL
Fees and Expenses Response Sheet
(To be attached to and made a part of the overall Response to Requests for Proposals)

1. Please list the name and hourly rate for proposed Town Counsel and for each attorney intended or likely to serve as back-up.

2. If you propose to bill for services provided by paralegals, clerical staff, or other non-attorney personnel, please list by title and by hourly rate each position for whom you may bill.

3. Please provide a complete listing of all charges for expenses you intend to impose as incurred (i.e. any and all copy charges, telephone charges, fax charges, mileage charges and the like, but excluding any fees for stenographers, court fees, service fees and the like).

4. In what hourly increments do you intend to bill?

5. Do you bill for~~out~~ attorney time out of the office on a portal-to-portal basis or some other basis? Please describe.

~~6. Will there be a separate charge for office hours and/or training sessions? If so, please itemize.~~
[Note: I deleted this entirely. Not sure what it's intended to get at]

~~7.~~6. Do you intend to propose an alternative fee arrangement? Yes____ No____ If "yes", please attach additional sheet(s) fully describing and explaining your proposal.

TOWN OF SOUTHBOROUGH

Economic Development Committee

TOWN HOUSE · 17 COMMON STREET · SOUTHBOROUGH, MASSACHUSETTS 01772
(508) 485-0710 x3011

WASTEWATER FEASIBILITY STUDY

In 2017, Southborough's Economic Development Committee prioritized (re)development of the Business Village District (BVD) - downtown area. After several studies and surveys, the 'Downtown Initiative' program identified the need for a wastewater system solution as key to moving forward. It is to that end that the Town is seeking a feasibility study of the area in order to produce a recommendation(s) for a "complete wastewater solution".

The solution needs to provide for the collection, treatment and disposal of wastewater resulting from future renovation, building and growth. In addition, the recommendation must be financially and operationally feasible, 'permit-able' and constructible (within the available land area).

Business Village District Synopsis -The particular area of study is located in the center of Southborough. Small businesses (café, market/liquor store, pizza shop, barbershop, etc.) are situated on small individual lots. The BVD also includes a residential properties located on Main Street, E. Main Street, Newton Street and School Street. There are vacant parcels which are a collection of dirt lots, parking lots and old buildings. The total land area is approximately 15 acres. The downtown area is shown on the Town zoning map (Figure 1): https://www.southboroughtown.com/sites/g/files/vyhlif1231/f/uploads/zoning_map_11_x_17.pdf

Figure 1 - Southborough zoning map

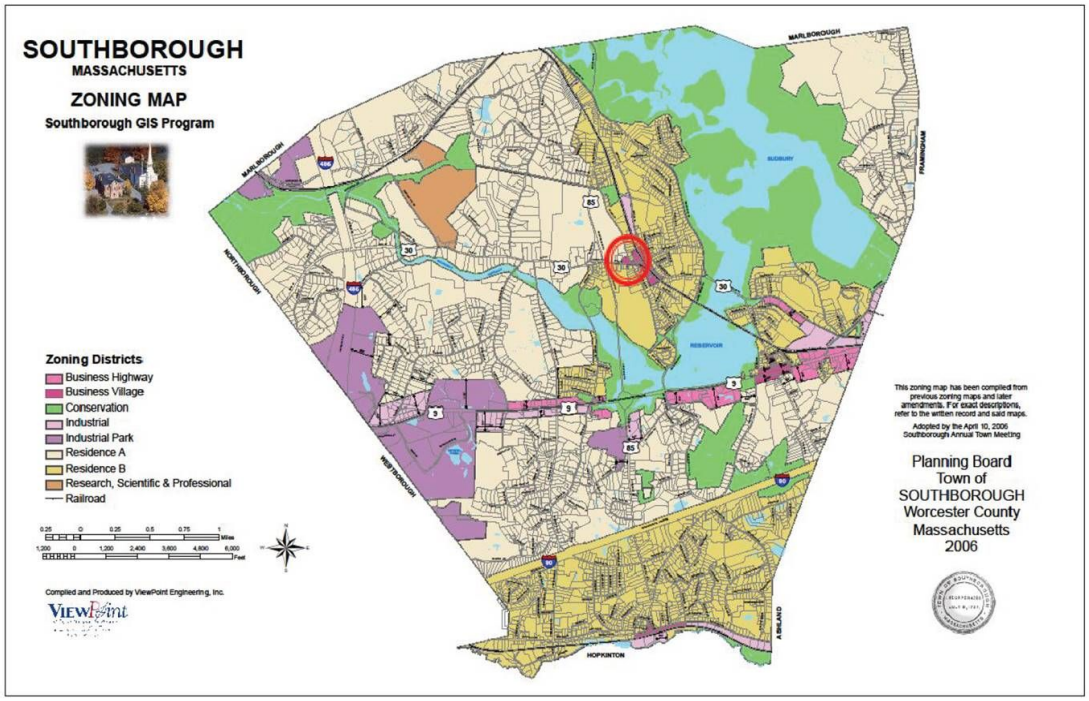

Figure 2 - Business Village District (Downtown area)

Challenges for the Downtown Area - A summary/analysis of several past studies concluded that in order to encourage revitalization and development in the area, 2 issues must be addressed and resolved: zoning and wastewater infrastructure.

Southborough **does not** have a municipal wastewater sewer collection/treatment system which presents a significant obstacle to revitalization especially with a focus on the need for restaurants. Developers typically do not want the added expense of designing and permitting their own wastewater solution. Additional challenges for developing a wastewater solution include:

- Existing potential land parcels (for system location) are small, irregular shaped parcels
- Soil is of poor quality – approximately 30% outwash soil and 70% glacial till (see **Downtown Initiative – Wastewater pre-feasibility study research**, Sept 2019, Page2)
- CSX railroad tracks cut through the center of the downtown area
- Area is located in the Sudbury Watershed – the Sudbury Reservoir is classified as a surface water supply (314 CMR 4.04)

Scope of Work - The Consultant shall produce a complete recommendation customized for the BVD.

***Review* - Downtown Initiative Wastewater pre-feasibility study research**, Sept 2019 (updated August 2020)

Study maps – All relevant maps and construction designs for future roadwork, will be provided.

Understand – An in-depth understanding of the Business Village District is necessary in order to recommend and design the appropriate solution. This will be accomplished by walking the area, meeting with the Board of Health Director, DPW Director and Conservation personnel (and any applicable businesses and residents).

Work with appropriate Town personnel (in person, by phone and/or virtual meeting technology).

Provide required reporting information
The Consultant will be paid from funds awarded in a grant from the Executive Office of Energy and Environmental Affairs – Planning Assistance Grant.

End Product – The result of the study would provide a complete recommendation for an implementable wastewater solution. The solution must be consistent with the improved land use practices from the Executive Office of Energy and Environmental Affairs – Planning Assistance Grant and the mandates of the Baker/Polito administration. (A copy of the grant requirements can be provided.)

RE: Business Village District Wastewater Feasibility Study – Initial Phase
Agreement for Engineering Services

VIA EMAIL ONLY

Dear Ms. Reynolds:

Following our recent discussions, Weston & Sampson has developed this agreement to evaluate wastewater alternatives for the above area within the Town of Southborough (the Town). This is understood to be an initial set of tasks to ascertain next steps in determining whether centralized wastewater infrastructure is appropriate for the Business Village District (BVD). In order to assess the needs and potential alternatives, as well as associated costs and benefits of such a system, we propose to perform the following scope of work.

Scope of Work

Task 1 — Review Available Information

Weston & Sampson will collect and review available information including:

- Downtown Initiative report dated September 2019, updated August 2020
- Wastewater Feasibility Study scope document
- FY20 Planning Assistance Grant ENV20 DCS 11 Commbuys Bid #BD-19-1042-ENV-ENV01-38404
- Existing private and public infrastructure within the BVD
- Local and state regulatory framework
- Other prior sewer studies and reports
- Available mapping and infrastructure data

Task 2 – Kickoff Meeting, Site Visit & Data Collection

Conduct one site visit with members of the community, Board of Health, Department of Public Works, and others as appropriate. Weston & Sampson will discuss with stakeholders the characteristics of the area, feasibility study goals & objectives; available potentially usable infrastructure and community assets, such as private wastewater facilities; anecdotal data; and other insights that may inform the initial phase of a wastewater feasibility study. It is understood that such discussions will take place in accordance with COVID protocols mandated by the Commonwealth of Massachusetts, the Town, and Weston & Sampson.

Task 3 – Concept Development

Using data collected above and working with the Town's designated representative, Weston & Sampson will perform a high-level initial screening of potential BVD locations for discharge of treated effluent utilizing 'green field', depending on the results of Tasks 1 and 2, above.

A matrix of characteristics for each location will be developed to score and rank shortlisted parcels. Ownership or acquisition considerations are not included in this initial analysis. This shortlist of parcels would be the basis of further investigation in subsequent phases of the study.

Task 4 – Alternatives Analysis
Weston & Sampson will also perform initial assessment of centralized wastewater treatment for the BVD, building upon existing reports and studies.

The following specific alternatives will be compiled from prior efforts or prepared anew:

- A connection to existing available private wastewater treatment and discharge infrastructure, based on conventional sewer conveyance systems.
- A conventional sewer conveyance system and new wastewater treatment and discharge facility using the initial field screening results. Specific assumptions include a package-type treatment system meeting typical BOD, TSS, and Total Nitrogen effluent limits of 30, 30, and 10 mg/l, respectively.

Additional investigation into a recommended alternative would certainly be necessary at the conclusion of this initial step.

Task 5 – Cost Estimate
For the alternatives above, generate planning level estimate of construction costs. Prior cost estimates will be utilized and updated as appropriate, indexed to March 2023 using ENR projections.

Task 6 – Letter Report & Presentation
The results of the above tasks and appropriate next steps will be summarized in a technical memorandum and submitted to the Town. Given the limited funding available initially, a teleconference may be conducted with the Town to discuss the findings.

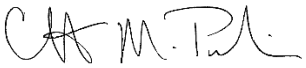
Compensation

For services performed under this letter proposal, the town agrees to pay Weston & Sampson the lump sum fee of $9,980, payable monthly as accrued based upon the services performed as a percentage of the total lump sum fee. Fees shall be payable within thirty (30) days of the invoice date.

Project Schedule

The following schedule is proposed:

Task	Estimated Completion Date
Tasks 1 through 6	April 1, 2021



Terms & Conditions

Services performed pursuant to this agreement will be governed by the Weston & Sampson General Terms and Conditions dated May 26, 2020, which have been attached to this agreement. If you agree with this proposal and wish to retain us to provide the proposed services, please sign and return one copy of this proposal to us as authorization to proceed with performance of the services, and please initial and date the enclosed Terms and Conditions.

We are pleased to have the opportunity to present this agreement to the Town and are eager to work with you on this important project.

Very truly yours,

WESTON & SAMPSON ENGINEERS, INC.

Re: **Wastewater Feasibility Study**
Downtown Southborough, MA

Dear Ms. Reynolds:

Tighe & Bond appreciates the opportunity to work with you and the Town of Southborough to assess wastewater treatment and disposal options for the downtown area of town. We understand that Southborough has identified constraints to attracting development in the downtown area, which generally follows Route 30/Main Street between Route 85 to the west and Lyman Street/Boston Road to the east. Two critical areas to development/ redevelopment identified were the lack of sewer system and zoning constraints. Southborough is concurrently assessing both issues through a review and update of zoning and assessment of options to provide a wastewater collection, treatment and disposal system. This next planning step is critical to identify a path for the Town to proceed with implementing solutions.

In order to assist Southborough with identifying options for addressing wastewater needs in the downtown area, Tighe & Bond proposes the following scope of services.

Scope of Services

As part of this study, Tighe & Bond will review existing information provided by the Town, including the "Wastewater Pre-Feasibility Study Research" dated September 2019, updated August 2020; zoning recommendations; roadway design plans; and Board of Health records.

Tighe & Bond will attend a site meeting to walk the area and will meet (virtually or in-person) with the Board of Health Director, DPW Director, Conservation personnel, and key stakeholders identified by the Town to gain a better understanding of existing conditions and proposed buildout. Tighe & Bond will take the proposed buildout information from the concurrent planning process and perform basic calculations to determine an approximate size needed for wastewater treatment and disposal for the anticipated buildout flow.

Tighe & Bond will use MassGIS data and available Board of Health data to identify physical constraints for siting a wastewater treatment and disposal system including soils, groundwater, topography, and size. Parcels that pass this initial screening will be screened, scored and ranked using land use and environmental constraints to identify a potential site(s) for siting wastewater treatment and/or disposal.

The results of our evaluation will be summarized in a technical memorandum describing the alternatives including an opinion of probable construction costs (OPCC). The OPPC will be developed based on the conceptual improvements and will include engineering, construction,

and project contingencies. At this early stage of planning we will include a 40% project contingency.

Assumptions and Exclusions

Due to the conceptual level of this effort, we developed our scope with the following assumptions:

- Existing soil data is adequate to assess conceptual disposal options

In an effort to provide you with a reasonable budget for the desired services, we have prepared a detailed scope of services based on our understanding of your needs. In this same regard, the following section describes those services not included in the development of our budgetary estimate. If these services are required, we will modify our proposal accordingly to meet your needs.

- Development of design documents
- Project permitting
- Field testing services associated with soil evaluation, test pits, or borings
- Field Survey
- Cost estimates for land acquisitions

Project Schedule

We anticipate a total of 12 weeks will be required to complete the Sewer System Alternatives Analysis from the date of authorization.

Fee

Tighe & Bond will perform these services for a lump sum fee of $10,000, invoiced monthly based on percentage complete. In the event that the scope of work is increased for any reason, the lump sum fee to complete the work shall be mutually revised by written amendment. Our attached Terms and Conditions is part of this letter agreement. The included schedule and fees are based on the above scope of work and assumptions. The schedule includes reasonable allowances for review and approval times by applicable parties. This schedule may need to be adjusted as the project progresses, allowing for changes in scope, character or size of the project requested by you, or for delays or other causes beyond our reasonable control, including delays due to Force Majeure, including those delays that may incur due to the COVID-19 pandemic.

If this proposal is acceptable, please sign and return one copy to Tighe & Bond as your authorization to proceed. Should you have any questions, please contact me at tjadamski@tighebond.com or 413-572-3256. We look forward to the opportunity to work with you on this important project for downtown Southborough.

Very truly yours,

TIGHE & BOND, INC.

Tracy J. Adamski, AICP

Vice President

ACCEPTANCE:

On behalf of **Town of Southborough** the scope, fee, and the attached terms and conditions are hereby accepted.

Subject: Re: FW: Town Meeting question

[EXTERNAL]

Greetings all,

I have contacted the Attorney General's office today, did not have an opportunity to speak to anybody in the office relative to their so-called suggestion in the email. Just to clarify, the citation by Representative Dykema's office to Chapter 39, Section 10A is a *restatement* of Section 2 of Chapter 53 of the Acts of 2020, approved by the Governor on April 3, 2020. For public health and safety reasons, this grants towns the ability to change the time, date and place of the Town Meeting notwithstanding local bylaw provisions.

Chapter 53 of the Acts of 2020, Section 4 also goes on to indicate that, within 10 days after the initial declaration of recess and continuance of the Town Meeting, a local public safety or public health official, designated by the Board of Selectmen, shall submit a report to the Attorney General providing a justification for the declaration.

The first part of this e-mail correctly indicates that towns now have through June 30th to conduct their annual town meetings. Then, the rest of the text of the e-mail indicates, in legal effect, that a condition precedent, of course, is to following the posting requirements in state law for the notice of the warrant of an annual town meeting which is found to be 7 days before the annual town meeting per M.G.L. Chapter 39, Section 10, which was unchanged by Chapter 53 of the Acts of 2020.

So, the analysis would appear to be correct. Town Meeting can be conducted under that procedure through June 30th so long as the warrant posting is done consistent with Section 10, (i.e. 7 days prior).

I should note that it has been said amongst municipal lawyers that those who drafted these emergency acts did not quite understand the standard and normal procedure under which Towns operate. That aside, again, this appears to be an acceptable procedure.

I have attached Chapter 53 of the Acts of 2020 for convenience purposes.

Respectfully submitted,
Aldo A. Cipriano
Town Counsel

[EXTERNAL]

Dear Mark,

Please see below for the response that my office received from the Attorney General relative to your question about the town meeting warrant.

Best, Carolyn

From the Attorney General's Office:

Our first suggestion would be to ask your Town Administrator to please consult with Town Counsel as we would defer to their opinion here.

Second, if helpful, our take is that by state law, towns have through June 30, 2021 to conduct annual town meetings. So long as Southborough follows the warrant posting requirements in state law (7 days prior) the Selectboard could vote to conduct town meeting at a later date and post the warrant at least 7 days prior. In other words, Southborough can choose to ignore the town bylaw requirements regarding the date for town meeting.

As another option, Southborough can follow the declaration of recess and continuance process in MGL Chapter 39 section 10A:

> **(a)** Notwithstanding any general or special law, charter provision or by-law to the contrary, during and for a period of 5 days after the termination of any weather-related, public safety or public health emergency, the town moderator or person designated to perform the duties of town moderator may, in consultation with local public safety or public health officials and the board of selectmen, recess and continue a town meeting previously called pursuant to a warrant issued pursuant to section 10 to a time, date and place certain; provided, however, that any such recess and continuance period shall not exceed 30 days. The moderator or person designated to perform the duties of town moderator may renew the declaration of recess and continuance period for up to 30 days at a time but not more than 30 days following the date of rescission of a state of emergency declared by the governor. If a town does not have a moderator, the board of selectmen may recess and continue town meeting in accordance with this paragraph

But the Town Administrator is correct -- following this recess and continuance process assumes the warrant is completed and posted.

Subject: Requesting approval to award Downtown Wastewater feasibility study to Weston & Sampson

[EXTERNAL]

Dear Board of Selectmen,
As part of the Planning Assistance Grant (RFR Procurement ENV 20 DCS 11) from the Executive Office of Energy and Environmental Affairs, a feasibility study was needed to provide recommendations for an implementable wastewater solution. The solution must be consistent with the improved land use practices from the EO of EEA and the mandates of the Baker/Polito administration.

Four companies (engineering firms) were contacted and responses were received from 2 firms.
Documents provided are:

- Wastewater Feasibility Study.pdf
- Tighe & Bond WW Study.pdf
- Weston & Sampson WW feasibility Proposal 2020-11-16.pdf

Both response documents are straightforward and essentially providing the same scope of work for the same price.

After checking with several sources, John Parent had a very favorable experience (several years ago) working with W&S on water intrusion issues at the Library. He was pleased with the work that was done by the firm.

While I have no engineering nor related experience, I am recommending that Weston & Sampson be awarded the study. My recommendation is based on their work in Town and information that I received from other sources.

Please let me know what questions you have.

Karen Galligan
Superintendent
Town of Southborough
Department of Public Works
147 Cordaville Road
Southborough, MA 01772

Subject: MA0142; Southborough, Worcester County, Massachusetts; Improvement project on Main St and Central St at CSXT grade crossing; 547119K & 547117W; Northern Zone, Fitchburg Subdivision; QBU-30.5 & QBU-31.66
Encroachment Coordination Letter #1

Dear Ms. Galligan;

Reference is made to the Bergmann Preliminary Engineering Plan Review Letter #2 dated April 23, 2020 for the subject project. Comment #1 from that letter stated:

1. CSXT Real Estate does not have any records of agreements for the existing parking areas occupying its right-of-way in the northwest, southwest, and southeast quadrants where its right-of-way intersects Main Street. As such, CSXT will not permit the temporary easements shown on the plans, or the work proposed within them, until these areas are properly documented. Agreements for existing driveways and parking areas outside of the highway easement must be coordinated through CSXT Real Estate.

CSXT Real Estate has been in contact with three of the four encroaching property owners, and proposes the following:

- Northeast Quadrant – CSXT will require curb along the entire property frontage of the vacant lot. Whether or not curb is adjacent to the proposed concrete walk depicted on the Construction Plans is dependent upon resolution of Comment #3 from Preliminary Engineering Plan Review Letter #2.
- Northwest Quadrant – CSXT will allow a curb cut for the Knights of Columbus driveway, to be located a minimum of 25'-0" from the centerline of CSXT's tracks. Additionally, a right-of-way barricade/barrier will be required 25'-0" from the centerline of CSXT's tracks through the length of the lot. Note that construction of the curb cut and barricade/barrier, and occupancy of the driveway on CSXT right-of-way is contingent on the execution of an easement agreement between the Knights of Columbus and CSXT.
- Southeast Quadrant – Property owner has indicated that it will cease use of the parking area and driveway on CSXT's right-of-way to the west of its property. CSXT will require curb along the entire property frontage, and a right-of-way barricade/barrier along the lot's western property line. Whether or not curb is adjacent to the proposed HMA walk depicted on the Construction Plans is dependent upon resolution of Comment #3 from Preliminary Engineering Plan Review Letter #2.

Southborough, MA 01772

Subject: MA0142; Southborough, Worcester County, Massachusetts; Improvement project on Main St and Central St at CSXT grade crossing; 547119K & 547117W; Northern Zone, Fitchburg Subdivision; QBU-30.5 & QBU-31.66
Encroachment Coordination Letter #2

Dear Ms. Galligan;

Reference is made to Encroachment Coordination Letter #1 dated July 20, 2020 for the subject project. Since the issuance of that letter, CSXT Real Estate has received subsequent correspondence from the property owner in the Northwest Quadrant (the Knights of Columbus), but no others. As such, CSXT will require the following:

- Northeast Quadrant – CSXT will require curb along the entire property frontage of the vacant lot. Whether or not curb is adjacent to the proposed concrete walk depicted on the Construction Plans is dependent upon resolution of Comment #3 from Preliminary Engineering Plan Review Letter #2.
- Northwest Quadrant – CSXT will allow a curb cut for the Knights of Columbus driveway, to be located a minimum of 25'-0" from the centerline of CSXT's tracks. Note that construction of the curb cut and barricade/barrier, and occupancy of the driveway on CSXT right-of-way is contingent on the execution of an easement agreement between the Knights of Columbus and CSXT.
- Southeast Quadrant – Property owner previously indicated that it will cease use of the parking area and driveway on CSXT's right-of-way to the west of its property. CSXT will require curb along the entire property frontage, and a right-of-way barricade/barrier along the lot's western property line. Whether or not curb is adjacent to the proposed HMA walk depicted on the Construction Plans is dependent upon resolution of Comment #3 from Preliminary Engineering Plan Review Letter #2.
- Southwest Quadrant – Property owner has been unresponsive to CSXT Real Estate. CSXT will require curb along the CSXT right-of-way, as well as a right-of-way barricade/barrier along the lot's eastern property line. Whether or not curb is adjacent to the proposed HMA walk depicted on the Construction Plans is dependent upon resolution of Comment #3 from Preliminary Engineering Plan Review Letter #2.

Please provide updated plans reflecting these requirements. Note that no work may commence on or adjacent to the CSXT right-of-way, or that could potentially impact CSXT operations, until the following have occurred:

- The plans have been reviewed by CSXT with no exceptions taken
- A fully executed Construction Agreement is in place with the appropriate parties
- The Outside Party provides to this office written notice to proceed with railroad force account work
- The contractor's insurance has been approved in writing by CSXT
- The necessary construction submissions have been submitted by the Outside Party with no exceptions taken by CSXT or its representative
- A pre-construction meeting has been held with CSXT and/or its representatives
- Railroad track protection of a form determined by CSXT is in-place and understood by all parties
- The contractor signs Schedule I of the Construction Agreement

Please do not hesitate to contact Kevin Lewandowski or me at (610) 834-4080 with any questions regarding the above matters.

Sincerely,

Erin M. Goglia, PE
Project Manager, CSXT GEC

Derek Mihaly, Project Manager – CSXT Public Projects
Jeff Everett – CSXT Real Estate

- Southwest Quadrant – Property owner has been unresponsive to CSXT Real Estate. CSXT requests the Town's assistance with facilitating contact/discussions with the property owner. Otherwise, it will require curb along the CSXT right-of-way, as well as a right-of-way barricade/barrier along the lot's eastern property line. Shawn M. Mauro, CRPC ®, CLTC, Managing Partner
144 Turnpike Road, Suite 215
Southborough, MA 01772

Dear Mr. Mauro,

This is to update you on the status of relevant infrastructure work to be performed on Main Street between approximately Park Street on the west to the Newton Street intersection on the east, and beyond.

Based on a review of existing court, assessor, and registry of deed records, the Board of Selectmen informally has determined that it is necessary to enter into an easement agreement with CSXT in order to make the infrastructure improvements. It is likely the Board will consider and potentially formalize this determination at its meeting on March 2. The work done pursuant to these easements likely will include curbing along the right-of-way that is requested by CSXT and identified by their architects, engineers, planners, the Bergmann firm, through red-line edits on a VHB plan dated 4/15/20 and attached to Bergmann's 7/20/20 letter and further revised in Bergmann's 11/20/20 correspondence. See attached.

Note that CSXT has indicated that an additional right-of-way barricade/barrier along your eastern property line may be installed. We understand that you dispute that property line, but we are not aware of any records or documentation that support your position. If you are aware of or believe any such records exist if would be helpful if you would provide them to our office.

Based on our current understanding of existing property rights, the Town remains willing to assist you in any way in discussions with CSXT to maximize your use of CSXT property beyond the eastern property line of your property and have informed CSXT of that. Please advise me or our Town Administrator, Mark Purple, if you would like the Town to assist with any such discussions.

Very truly yours,

Martin F. Healey
Chair, Board of Selectmen

August 13, 2020

Dear Mr. Malinowski and Members of the Capital Planning Committee,

Thank you for your email and for your request for input. South Union School is of considerable historic significance, as noted by the National Register designation. I am attaching a document from the Massachusetts Cultural Resources Inventory describing the historical significance, but this quote sums it up:

The South Union School is eligible for listing on the National Register individually and as part of the Southville and/or Cordaville Historic District for its association with the development of the school system in Southborough, its position between the two named villages, figuratively and physically, and for its architecture as the only brick Classical Revival buildings in the southern part of Southborough. The School retains the integrity of location, setting, design, materials, workmanship, association, and feeling.

For the above reasons, the SHC strongly encourages that the town considers sale only to buyers who are committed to preserving the exterior of this structure. A Preservation Restriction would be ideal for this unique building and guarantee its place in Southborough's landscape and history for years to come.

The Commission will be meeting on August 18 and South Union School is on the agenda. Please don't hesitate to contact me with any questions.

Thank you,

Rebecca Deans-Rowe, Chair
Southborough Historical Commision

RE: Contract Award Requests – Mooney Field Lighting Installation

On February 26, 2021 the Recreation Department, with assistance from Traverse Landscape Architects, held a bid opening for the Mooney Baseball Field Lighting Installation project. Below please find the winning bid:

Systems Electrical Services Inc.
5 Wesley Street
Chelsea, MA 02150

Total Base Bid: $92,099.00

This bid comes within the budget approved by 2017 Town Meeting. Attached please find the bid recording sheets from the bid opening sessions. Speaking with our hired firm, Traverse, and reviewing references and past work – we are comfortable in awarding the projects to the above.

Regarding Neary/Richardson Tennis Court Lighting, please anticipate a consent agenda request of bid acceptance for your March 16th Meeting.

Thank you for your continued support on this project. I will continue to update you all on the progress of this project which is anticipated to complete in the Spring. If you have any other questions, please do not hesitate to contact my office at 508-229-4452 or email me at TDavis@southboroughma.com.

Respectfully Submitted,

Tim Davis, CPRP, CPSI
Recreation Director
Town of Southborough

Chapter 53.
of the Acts of 2020

THE COMMONWEALTH OF MASSACHUSETTS

In the One Hundred and Ninety-First General Court

AN ACT TO ADDRESS CHALLENGES FACED BY MUNICIPALITIES AND STATE AUTHORITIES RESULTING FROM COVID-19.

Whereas, The deferred operation of this act would tend to defeat its purposes, which are to make certain changes in law in response to a public health emergency, each of which is immediately necessary to carry out to accomplish important public purposes, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public health and convenience.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

SECTION 1. Section 9 of chapter 39 of the General Laws, as appearing in the 2018 Official Edition, is hereby amended by striking out, in lines 13 to 14, the word ''thirtieth'' and inserting in place thereof the following words:- 30 except in the event of an emergency that poses an immediate threat to the health or safety of persons or property that prevents the completion of the business of the delayed town meeting on or before June 30 if the governor has declared a state of emergency with respect to such emergency.

SECTION 2. Subsection (a) of section 10A of said chapter 39, as so appearing, is hereby amended by striking out the first sentence and inserting in place thereof the following 2 sentences:- Notwithstanding any general or special law, charter provision or by-law to the contrary, during and for a period of 5 days after the termination of any weather-related, public safety or public health emergency, the town moderator or person designated to perform the duties of town moderator may, in consultation with local public safety or public health officials and the board of selectmen, recess and continue a town meeting previously called pursuant to a warrant issued pursuant to section 10 to a time, date and place certain; provided, however, that any such recess and continuance period shall not exceed 30 days. The moderator or person designated to perform the duties of town moderator may renew the declaration of recess and continuance period for up to 30 days at a time but not more than 30 days following the date of rescission of a state of emergency declared by the governor. If a town does not have a moderator, the board of selectmen may recess and continue town meeting in accordance with this paragraph.

SECTION 3. Said section 10A of said chapter 39, as so appearing, is hereby further amended by striking out subsection (c).

SECTION 4. Said section 10A of said chapter 39, as so appearing, is hereby further amended by striking out subsection (d) and inserting in place thereof the following subsection:-

(d) Within 10 days after the initial declaration of recess and continuance of a town meeting pursuant to this section, a local public safety or public health official designated by the board of selectmen shall submit a report to the attorney general providing the justification for the declaration.

SECTION 5. The first paragraph of section 31 of chapter 44 of the General Laws, as so appearing, is hereby amended by inserting after the second sentence the following 2 sentences:- If the declared emergency prevents the adoption of an annual budget by a town or district by the June 30 preceding the start of the fiscal year, the board of selectmen, town council or district commissioners shall notify the director and the director may approve expenditures, from any appropriate fund or account, of an amount sufficient for the operations of the town or district during the month of July not less than 1/12 of the total budget approved by the town or district in the most recent fiscal year pursuant to a plan approved by the board of selectmen, town council or district commissioners and such authority shall continue for each successive month while the emergency continues to prevent the adoption of a budget. The director may promulgate and revise rules or regulations regarding the approval of emergency expenditures described in this section and accounting with regard to such expenditures.

SECTION 6. Notwithstanding any general or special law to the contrary, if the adoption of an annual budget in a city, town or district is delayed beyond June 30, 2020, as a result of the governor's March 10, 2020 declaration of a state of emergency or the outbreak of the 2019 novel coronavirus, also known as COVID-19, the director of accounts of the department of revenue may authorize the appropriation from the available balance of the city's, town's or district's undesignated fund balance or ''free cash'' certified by the director under section 23 of chapter 59 of the General Laws as of July 1, 2019, as a funding source for the city's, town's or district's fiscal year 2021 expenditures, including, but not limited to, any such undesignated fund balance in an enterprise fund or special revenue account. The director of accounts may promulgate and revise rules or regulations regarding the implementation of this section.

SECTION 7. Notwithstanding section 31 of chapter 44 of the General Laws, section 23 of chapter 59 of the General Laws or any other general or special law to the contrary, a city, town or district may amortize over fiscal years 2021 to 2023, inclusive, in equal installments or more rapidly, the amount of its fiscal year 2020 deficit resulting from the outbreak of the 2019 novel coronavirus, also known as COVID-19, as described in the governor's March 10, 2020 declaration of a state of emergency, including, but not limited to, any

such deficit in an enterprise fund or special revenue account. The local appropriating authority as defined in section 21C of said chapter 59 and, in the case of a district, the prudential committee or commissioners, or as otherwise defined in the General Laws, shall adopt a deficit amortization schedule in accordance with the preceding sentence before setting the city's, town's or district's fiscal year 2021 tax rate. The commissioner of revenue may issue guidelines or instructions for reporting the amortization of deficits authorized by this section.

SECTION 8. Notwithstanding any general or special law to the contrary, as a result of the outbreak of the 2019 novel coronavirus, also known as COVID-19, and the governor's March 10, 2020 declaration of a state of emergency, for fiscal year 2021, a city or town may expend from each revolving fund, established under section 53E1/2 of chapter 44 of the General Laws an amount not to exceed the amount authorized to be expended in fiscal year 2020 until the city or town adopts an annual budget for fiscal year 2021 at which time, the legislative body of the city or town shall also vote on the total amount that may be expended from each revolving fund in fiscal year 2021.

SECTION 9. Notwithstanding section 8 of chapter 61 of the General Laws, section 14 of chapter 61A of the General Laws, section 9 of chapter 61B of the General Laws or any other general or special law, charter provision, ordinance or by-law to the contrary, during and for a period of 90 days after the termination of the governor's March 10, 2020 declaration of a state of emergency, all time periods within which any municipality is required to act, respond, effectuate or exercise an option to purchase shall be suspended.

SECTION 10. (a) Notwithstanding any general or special law to the contrary, as a result of the outbreak of the 2019 novel coronavirus, also known as COVID-19, and the governor's March 10, 2020 declaration of a state of emergency, for fiscal year 2020, the chief executive officer of a city or town, as defined in clause Fifth B of section 7 of chapter 4 of the General Laws, or a district may extend:

(i) for the purposes of the first paragraph of section 57 of chapter 59 of the General Laws, the date May 1 to a date not later than June 1, 2020;

(ii) for the purposes of the seventh and eighth paragraphs and the tenth and eleventh paragraphs of section 57C of said chapter 59, the date May 1 to a date not later than June 1, 2020;

(iii) for the purposes of the seventh paragraph of said section 57C of said chapter 59, the date April 1 to a date not later than June 1, 2020; and

(iv) for the purposes of the third paragraph of said section 59 of said chapter 59, the date April 1 to a date not later than June 1, 2020.

(b) Notwithstanding said sections 57, 57C and 59 of said chapter 59 or any other general or special law to the contrary, if municipal offices are closed as a result of the outbreak of the 2019 novel coronavirus, also known as COVID-19, or the governor's March 10, 2020 declaration of a state of

emergency on the date that a tax payment, abatement or exemption application is due, the due dates shall not be extended except pursuant to this section.

SECTION 11. Notwithstanding section 57, 57A and 57C of chapter 59 of the General Laws, section 2 of chapter 60A of the General Laws or any other general or special law to the contrary, as a result of the outbreak of the 2019 novel coronavirus, also known as COVID-19, or the governor's March 10, 2020 declaration of a state of emergency, the chief executive officer of a city or town, as defined in clause Fifth B of section 7 of chapter 4 of the General Laws, or the prudential committee or commissioners of a district may waive the payment of interest and other penalty in the event of late payment of any excise, tax, betterment assessment or apportionment thereof, water rate or annual sewer use or other charge added to a tax for any payments with a due date on or after March 10, 2020 and made after its respective due date but before June 30, 2020. Notwithstanding the forgoing, a city or town shall not terminate an essential service of a resident, including, but not limited to, water, trash collection or electricity, for nonpayment of taxes or fees with a due date on or after March 10, 2020, made after its respective due date but before June 30, 2020, if the nonpayment resulted from a demonstrated inability to pay due to circumstances related to the outbreak of COVID-19 or the governor's March 10, 2020 declaration of a state of emergency; provided that the inability to pay shall include a demonstrated financial hardship of a resident, which may include, but not be limited to, loss of employment, serious illness of someone within the home or death of someone within the home.

SECTION 12. Notwithstanding chapter 62C of the General Laws, all returns and payments for the 2019 calendar year otherwise due on April 15, 2020, under section 6 of said chapter 62C, shall be due on July 15, 2020.

SECTION 13. Notwithstanding any general or special law to the contrary, during the governor's March 10, 2020 declaration of a state of emergency, an establishment licensed to sell alcoholic beverages or only wines and malt beverages on-premises may sell wine or malt beverages only for off-premises consumption subject to the following conditions: (i) the wine or malt beverage shall not be sold to a person under 21 years of age; provided, however, that any delivery of wine or malt beverages for off-premises consumption shall not be made without verification that the person receiving the order has attained 21 years of age; (ii) the wine shall be sold in its original, sealed container and the malt beverage shall be sold in a sealed container; (iii) the wine or malt beverage shall be sold as part of the same transaction as the purchase of food; provided, however, that any order that includes wine or malt beverages shall be placed not later than the hour of which the establishment is licensed to sell alcohol or 12:00 midnight, whichever time is earlier; and (iv) a customer shall be limited to 192 ounces of malt beverage and 1.5 liters of wine per transaction.

SECTION 14. (a) Notwithstanding any general or special law to the contrary, subsections (b) and (c) of section 91 of chapter 32 of the General Laws shall not apply in calendar year 2020 to the following 2 categories of persons for hours worked and earnings received during the governor's March 10, 2020 state of emergency:

(i) any person who has been retired and who is receiving a pension or retirement allowance, pursuant to said chapter 32 or any other general or special law, from the commonwealth or a county, city, town, district or authority; or

(ii) any person whose employment in the service of the commonwealth or a county, city, town, district or authority has been terminated, pursuant to said chapter 32 or any other general or special law, by reason of having attained an age specified in said general or special law or by the rules and regulations of any department or agency of the commonwealth or a county, city, town, district or authority without being entitled to any pension or retirement allowance.

These 2 categories of persons may, during the state of emergency and subject to all other laws, rules and regulations governing the employment of persons in the commonwealth or a county, city, town, district or authority, be employed in the service of the commonwealth or a county, city, town, district or authority, including as a consultant or independent contractor or as a person whose regular duties require that such person's time be devoted to the service of the commonwealth, county, city, town, district or authority during regular business hours.

(b) This section shall not apply to individuals retired under a general or special law on disability.

SECTION 15. Notwithstanding section 7.08 of chapter 156D of the General Laws or any other general or special law to the contrary, as a result of the outbreak of the 2019 novel coronavirus, also known as COVID-19 and the declaration of a state of emergency issued on March 10, 2020, for the duration of said state of emergency and 60 days thereafter, a public corporation, as referenced in said section 7.08 of said chapter 156D and otherwise consistent with the other provisions of said section, may conduct an annual or special meeting of the shareholders solely by means of remote communication.

SECTION 16. Notwithstanding any general or special law or any bylaw of the corporation to the contrary, for the duration of the governor's March 10, 2020 state of emergency and 60 days thereafter and unless the articles of organization provide otherwise, the board of directors of a corporation defined in section 2 of chapter 180 of the General Laws may: (i) provide notice of a meeting of the board of directors: (A) only to those directors it is practicable to reach; and (B) in any practicable manner; (ii) cancel a meeting of the members, as defined in section 2 of said chapter 180, with notice of cancellation given in any practicable manner; (iii) allow a director

or officer to continue to serve during the governor's March 10, 2020 state of emergency and until the director's or officer's successor is elected, appointed or designated; provided that directors and officers whose term is extended pursuant to this section shall continue to serve until the director's or officer's successor takes office, despite the expiration of a director's or officer's term; (iv) allow a director to participate in a regular or special meeting by, or conduct the meeting through the use of, any means of communication by which all directors participating are able to simultaneously communicate with each other during the meeting; (v) allow members at a meeting of the members to vote in person or by proxy; provided that any member voting by proxy shall be considered present at the meeting for purposes of any quorum requirement; (vi) appoint successors to any of the officers, directors, employees or agents; (vii) relocate the principal office or designate alternative offices; and (viii) allow members to participate in any meeting of members by remote participation, even if not physically present at the meeting. Participation by remote communication at any meeting of the members shall constitute presence at such meeting only if: (i) reasonable measures are implemented to verify that each person deemed present and permitted to vote at the meeting by means of remote communication is a member or proxyholder; (ii) reasonable measures are implemented to provide such members and proxyholders a reasonable opportunity to participate in the meeting and to vote on matters submitted to the members, including an opportunity to read or hear to the proceedings of the meeting substantially concurrently with such proceedings, pose questions and make comments, regardless of whether the members can simultaneously communicate with each other during the meeting; and (iii) if any member or proxyholder votes or takes other action at the meeting by means of remote communication, a record of such vote or other action shall be maintained by the corporation.

Directors who participate in a meeting of the board of directors pursuant to this section shall constitute a quorum. In a corporation with members, the corporation shall notify the members, as soon as reasonably practicable, of any action taken by the board of directors pursuant to this section.

SECTION 17. (a) As used in this section, the following words shall have the following meanings unless the context clearly requires otherwise:

''Permit'', a permit, variance, special permit, license, amendment, extension, or other approval issued by a permit granting authority pursuant to a statute, ordinance, bylaw, rule or regulation, whether ministerial or discretionary.

''Permit granting authority'', a local, district, county or regional official or a local, district, county or regional multi-member body that is authorized to issue a permit.

(b) Notwithstanding any general or special law, rule, regulation, charter, ordinance or by-law to the contrary, during the governor's March 10, 2020 declaration of a state of emergency:

(i) an application for a permit shall be deemed duly filed and accepted as of the date of the filing by the applicant if filed with and certified as received by the city or town clerk if a municipality, or with the secretary or other official established by law to receive such applications if a county or regional entity. Notwithstanding the foregoing, a permit granting authority may contest the completeness of an application at the time of filing if the application is ultimately denied by the permitting board on other grounds or if the permit is ultimately appealed by the applicant. An application for a permit may be filed electronically, through an electronic submission website established by the permit granting authority or through attachment of the requisite forms and supplemental materials to electronic mail sent to the clerk, secretary or official. Certification of receipt for purposes of this paragraph may be provided electronically to the applicant and shall be provided electronically if the permit application is submitted electronically and electronic certification of receipt is requested by the applicant;

(ii) a requirement of a statute, ordinance, bylaw, rule or regulation that a hearing commence within a specific period of time after the filing of an application or request for approval of a permit shall be suspended as of March 10, 2020; provided, however, that the applicable period shall resume 45 days after the termination of the state of emergency, or by a date otherwise prescribed by law, whichever is later;

(iii) a permit in effect or existence as of March 10, 2020, including any deadlines or conditions of the permit, shall not lapse or otherwise expire and the expiration date of the permit, or time period for meeting a deadline or for performance of a condition of the permit, shall toll during the state of emergency;

(iv) no permit shall be considered granted, approved or denied, constructively or otherwise, due to a failure of the permit granting authority to act within the time required by a statute, ordinance, bylaw, rule or regulation; provided, however, that the permit granting authority acts within 45 days of the termination of the state of emergency or by a date otherwise prescribed by law, whichever is later; provided further, that the applicant and permit granting authority may agree to alternative timing in writing;

(v) notwithstanding the time periods by which a permit is to be heard or acted upon, a permit granting authority may, by a declaration of its chair, schedule or reschedule on 1 or more occasions the hearing or decision deadlines on a permit application; provided, however, that the chair may make such declaration whether or not a quorum is present to vote on such matter; provided further, that no such date or deadline is rescheduled for more than 45 days after the termination of the state of emergency or after a date

otherwise prescribed by law, whichever is later. The chair shall provide written notice of any applicable rescheduled dates or deadlines to the applicant at the applicant's address and to the general public by posting electronically on the website of the city or town clerk or the website of the county or regional entity;

(vi) if a permit is required to be recorded with the registry of deeds or filed with registry district of the land court, as applicable, for the county or district in which the property subject to the permit is located, within a certain period of time after its issuance in order to remain in force and effect or as a condition to exercising the permit: (A) the period of time for recording the permit shall be suspended during such time that the relevant registry of deeds or registry district of the land court is closed or subject to rules and procedures restricting public in-person access; and (B) the failure to record the permit shall not preclude the permit holder from applying for, obtaining and commencing construction activities pursuant to other required permits and approvals, including, but not limited to, a building permit; provided, however, that such a building permit may be issued and, if issued, shall be considered duly issued pursuant to section 6 of chapter 40A of the General Laws; and

(vii) a hearing on a pending application for a permit opened by a permit granting authority before March 10, 2020, which has not been concluded as of March 10, 2020 or has been continued by the permit granting authority as of March 10, 2020, shall be automatically tolled and continued to the first hearing date of the permit granting authority following the termination of the state of emergency or to a date otherwise prescribed by law, whichever is later; provided, however, that the date is not later than 45 days from of the termination of the state of emergency or the date otherwise prescribed by law, whichever is later.

(c) Nothing in this section shall affect the ability of a permit granting authority, subject to applicable notice and hearing requirements, to revoke or modify a permit if that permit or the law or regulation under which the permit was issued authorizes the modification or revocation thereof; provided, however, that the permit granting authority shall not revoke or modify the permit where the permit holder fails as a result of the state of emergency to exercise or otherwise commence work pursuant to the permit or where such work commenced on or before March 10, 2020 but has stopped as a result of the state of emergency or actions taken by an agency or political subdivision of the commonwealth in reliance thereon. The limitations set forth in this subsection shall apply as long as the state of emergency is in effect and for a period of 60 days following the termination of the state of emergency; provided, however, that a permit holder shall be entitled to a further extension of reasonable length to exercise or otherwise commence work pursuant to the permit at the discretion of the permit granting authority for

good cause shown; provided further, that the chair of any permit granting authority may grant such further extension whether or not a quorum is present to vote on the matter.

(d) Notwithstanding section 20 of chapter 30A of the General Laws, a permit granting authority, during the state of emergency, may conduct meetings and public hearings remotely, consistent with the governor's March 12, 2020 order entitled, ''Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, § 20'', as the order may be amended, supplemented or replaced.

(e) Nothing in this section shall preclude or prohibit a permit granting authority from issuing decisions on permit applications for which duly held public hearings or meetings have been held or preclude or prohibit any building commissioner, inspector of buildings or other permit granting official, as applicable, from issuing permits, including, but not limited to, demolition or building permits.

(f) Notwithstanding any general or special law to the contrary and without limiting the foregoing, this section shall apply to the conduct of public meetings, public hearings or other actions taken in a quasi-judicial capacity by all local boards and commissions.

SECTION 18. Nothing in this act shall be construed or implemented in such a way as to modify a requirement of law necessary to retain federal delegation to, or assumption by, the commonwealth of the authority to implement a federal law or program.

SECTION 19. Sections 2 to 4, inclusive, shall take effect as of March 10, 2020.

House of Representatives, April 2, 2020.

Preamble adopted, Paul J. Donato, Speaker.

In Senate, April 2, 2020.

The Massachusetts Historical Commission (MHC) has converted this paper record to digital format as part of ongoing projects to scan records of the Inventory of Historic Assets of the Commonwealth and National Register of Historic Places nominations for Massachusetts. Efforts are ongoing and not all inventory or National Register records related to this resource may be available in digital format at this time.

The MACRIS database and scanned files are highly dynamic; new information is added daily and both database records and related scanned files may be updated as new information is incorporated into MHC files. Users should note that there may be a considerable lag time between the receipt of new or updated records by MHC and the appearance of related information in MACRIS. Users should also note that not all source materials for the MACRIS database are made available as scanned images. Users may consult the records, files and maps available in MHC's public research area at its offices at the State Archives Building, 220 Morrissey Boulevard, Boston, open M-F, 9-5.

Users of this digital material acknowledge that they have read and understood the MACRIS Information and Disclaimer (http://mhc-macris.net/macrisdisclaimer.htm)

Data available via the MACRIS web interface, and associated scanned files are for information purposes only. THE ACT OF CHECKING THIS DATABASE AND ASSOCIATED SCANNED FILES DOES NOT SUBSTITUTE FOR COMPLIANCE WITH APPLICABLE LOCAL, STATE OR FEDERAL LAWS AND REGULATIONS. IF YOU ARE REPRESENTING A DEVELOPER AND/OR A PROPOSED PROJECT THAT WILL REQUIRE A PERMIT, LICENSE OR FUNDING FROM ANY STATE OR FEDERAL AGENCY YOU MUST SUBMIT A PROJECT NOTIFICATION FORM TO MHC FOR MHC'S REVIEW AND COMMENT. You can obtain a copy of a PNF through the MHC web site (www.sec.state.ma.us/mhc) under the subject heading "MHC Forms."

BUILDING FORM

ARCHITECTURAL DESCRIPTION ☐ *see continuation sheet*

Describe architectural features. Evaluate the characteristics of this building in terms of other buildings within the community.

One of few brick buildings in the southern villages of Southborough this important Classical Revival school sits high on a hill overlooking the two villages of Southville and Cordaville. The top of the steep sloping lot is terraced and has symmetrical stairs that ascend from Highland Street to the school site on top. Vehicular traffic enters from Atwood Road and a parking lot is located behind the school and playground on the west side. A lawn with ornamental trees lies between Highland Street and the rubble stone retaining wall. The stairs are lined with a similar wall that ends in a taller square rubble post with a flat coping similar to the wall. On top of the retaining wall that is parallel to the street, there is an iron railing. The School is a two story building with a raised basement level, resting on a concrete and brick foundation, that is oriented in a southerly direction. The building consists of a brick block with wide projecting central pavilion in which there are strings of four windows centered at each level with flanking entrance bays at that project slightly at the second story and wide cornice or parapet level of the edifice. The building retains symmetrical massing and design details with concrete and brick banding at the watertable and at the cornice that unifies and accentuates the horizontality of the building. The main facade's projecting central pavilion has three elements, a center section with four raised basement windows, four large twelve-over-one sash at the first story level and four six-over-one second story windows that are slightly recessed. A wood cornice molding with decorative brackets lines the top of the first story windows accentuating the recess of the second story windows. A sign, naming the Arts Center, has been added to the wide brick band between the basement and first story windows that is framed by the watertable and first story concrete belt course. Flanking the centered windows are the entrance bays with paired paneled doors at the raised basement level topped by segmental arched multi-light transoms and a decorative segmental arched bracketed doorhood. Over each entrance is a pair of long nine-over-one sash with six-light transoms. These stairhall window bays stretch between the first and second story windows. This facade's wall surfaces on each side of the projecting centered pavilion have decorative brick paneling with square cast inlay articulating the rectangular paneled surfaces. On each end of the building there are strings of five first and second story windows with decorative square panels between to two levels. Windows have nine-over-one sash and the second story windows stretch up into the cornice band and are framed by the projecting element of the parapet wall. The flat roof is topped with two large rectangular brick chimneys.

HISTORICAL NARRATIVE ☒ *see continuation sheet*

Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building, and the role(s) the owners/occupants played within the community.

The South Union School was constructed in 1912 as a consolidation of three schools; one grammar and two primary schools in the two villages of Southville and Cordaville. From the 1860s there were seven ward schools and the Peters High School in Southborough. Two of the wards were Cordaville and Southville. In 1860 when all of the outlying grammar schools were repaired or built, Cordaville's was newly built and Southville's was repaired. The 1910 School Committee Report recommended the consolidation of and new construction for Southville and Cordaville due to the poor condition of the old village schools that lacked sanitation and had inadequate water supplies. The recommendation was the result of the findings of a Special Committee appointed by the 1909 Town Meeting. The schools to be replaced included the **Southville Grammar** at 28 Highland Street and the **Southville Primary School** at 236 Parkerville Road, both of which were converted to residences and the **Cordaville School** at the site of 193 Woodland Road. The planning process included receipt of sketches and plans from H.G. Ripley, Warren & Gerrish, and James F. Bigelow. The 1911 Town Meeting appropriated

HISTORICAL NARRATIVE (Continued)

$17,000 for the construction of the new school. Expenditures showed payments to Cooper & Bailey, Architects. This architectural firm is known to have designed at least fourteen other public schools in eastern Massachusetts and plans for the South Union School are on file at the State Archives. The school lot came from the Cordaville Woolen Company and was ideal due to the location between the two villages and opposite the Southville Grammar School. Thomas P. Hurley of Marlborough was the general contractor. The name articulated the union of the two industrial villages under one school roof. South Union School from its opening in December 1912 to its closing in 1980 housed Grades 1 through 8. The plan included three large class rooms, a special 'Domestic Science' room, a public hall seating 265, and a public library space to hold 2,000 volumes. During World War II there was an Aircraft Warning Observatory constructed on the school roof which was manned by the Southborough's Ground Observer Corps. When the public school classes were disbanded in the South Union School it was taken over by the Southborough Cultural Arts Center in 1982. This was an outgrowth of the Southborough Arts Council established in 1978 in response to the Massachusetts Megabucks lottery program.

The South Union School and **St. Matthew's Church** at 105 Southville Road are located in between the two villages of Cordaville and Southville and were built to serve both communities. However, previous survey projects listed both properties in the Southville area form, thus for consistency of MHC numbering they will be included in the Southville Area Form. It is important to recognize the relevance of the property to both Cordaville and Southville.

Statement of Significance by Schuler/Forbes, Consultants
The criteria that are checked in the above sections must be justified here.

The South Union School is eligible for listing on the National Register individually and as part of the Southville and/or Cordaville Historic District for its association with the development of the school system in Southborough, its position between the two named villages, figuratively and physically, and for its architecture as the only brick Classical Revival buildings in the southern part of Southborough. The School retains integrity of location, setting, design, materials, workmanship, association, and feeling.

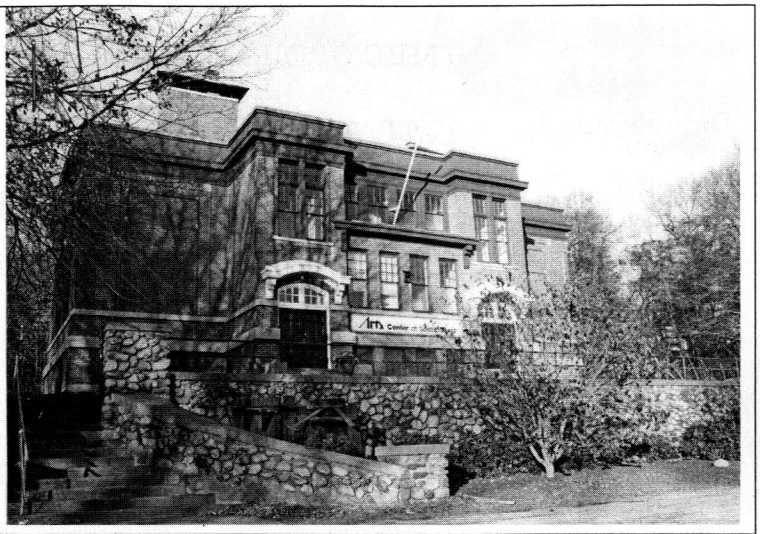
STATEMENT OF SIGNIFICANCE by Peter Stott

The South Union School is a 2-story brick school building constructed in 1912 to the designs of Cooper and Bailey, Architects. Centrally located between the mill villages of Southville and Cordaville, it represents the union of the two school districts. In use as a school building until 1980, it has more recently housed Southborough Cultural Arts Center.



The South Union School meets criteria A and C at the local level, both individually and as a contributing element in a potential Cordaville and/or Southville historic district. The brick Classical Revival structure reflects the evolution of Southborough's school system in the late 19th and early 20th centuries from a network of ungraded wood-frame district schoolhouses to a modern school system of graded regional elementary schools housed in substantial masonry buildings and providing education according to a uniform community-wide curriculum. Architecturally, the school is the only brick Classical Revival building in the southern part of Southborough. Frank Irving Cooper (1867-1933) was widely known in New England as a school architect, and 17 buildings are credited to his work in the MACRIS database. The school retains integrity of location, setting, design, materials, workmanship, association and setting. The one significant change to the building, the introduction in 2003 of an elevator tower on the east corner of the principal facade was not found unduly intrusive.

Both Cordaville (SBR.C) and Southville (SBR.B.) were evaluated in 1996 by MHC and determined eligible for the National Register under criteria A and C at the local level.

11. Conclusion

1.) Introduction and Purpose of this Document

The Town of Southborough, MA has created a Municipal Technology Committee (MTC) to assist the town in the evaluation, selection and implementation of technology infrastructure and products. A primary responsibility of the Technology Committee is to create a 5-year technology strategy for the town. This strategy will help guide the direction, decisions and investment in the coming years.

The purpose of this document is to outline that technology strategy, including major milestones and how the strategy will be implemented. This document is intended to be directional in nature and will be updated each year, as more information is gathered and validated.

2.) Goals for the Southborough Technology Strategy

The Southborough Technology Strategy is aligned with the Southborough Master Plan. In such, our goal for the technology strategy is to further the goals of the Master Plan, create goals distinct from the Master Plan and look for ways to implement these goals in efficient and modern ways.

Southborough is a small New England town with a population of 10,169 (2018.) Southborough is known for its physical beauty, extraordinary views and distinct rural character. Southborough has a small town atmosphere with a focus on giving back. (1)

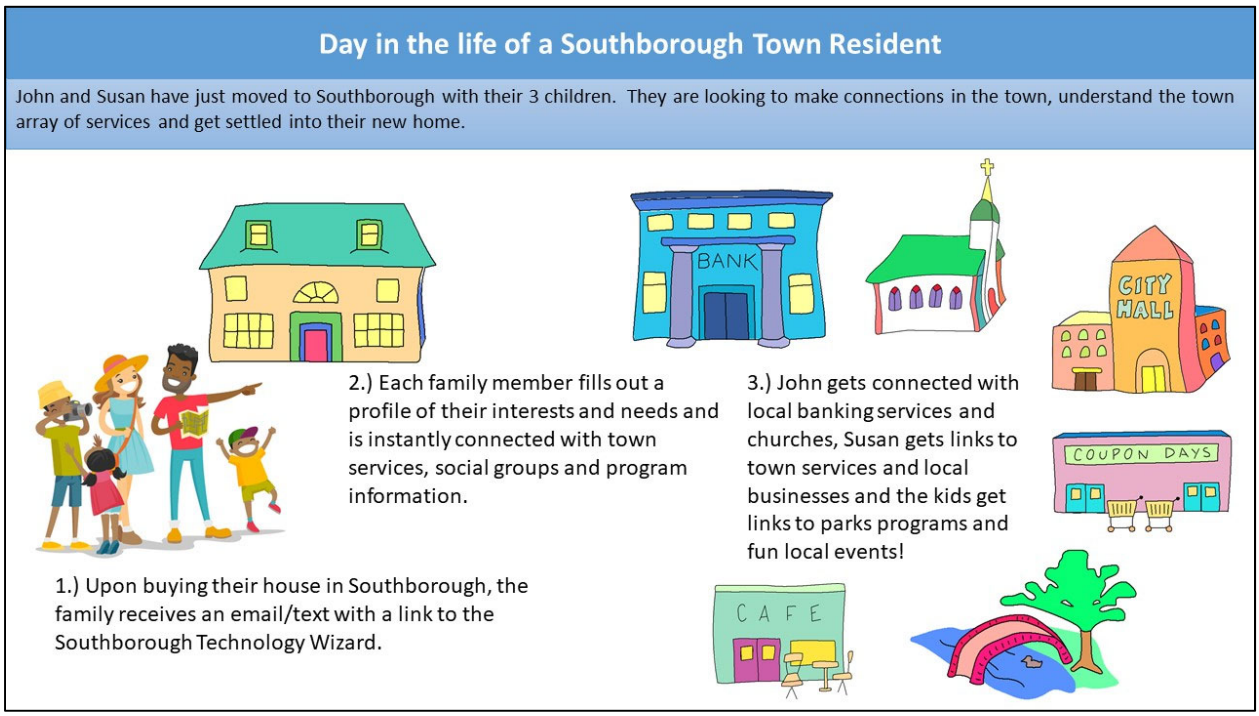
The goal of the Master Plan is to “preserve Southborough’s classic rural New England character and charm while enhancing the village centers and neighborhoods.” (1)

The Master Plan lays out specific goals across a number of areas including:

- Land use and zoning
- Housing
- Economic development
- Open space and recreation
- Natural, historic and cultural resources
- Transportation, transit and circulation
- Municipal facilities and services
- Southborough villages

In today’s high tech world, there are many opportunities to further our town’s goals by leveraging technology. The goal of the Technology Strategy is to work in conjunction with the Master Plan to build towards this future state vision of Southborough.

3.) Customer Journey Vision



Southborough has a diverse number of technology stakeholders. Each of these stakeholders has unique needs and requirements from the town. The stakeholders can be summarized into the following groups:

- **Southborough Residents**- individuals and families who reside in Southborough and who leverage the town's services
- **Southborough Town Employees\Town Departments**- individuals who work for the town of Southborough and require technology to perform their roles and activities
- **Southborough Contractors and Vendors**- individuals and companies who may provide outsourced services to the town in an on-going or one-time fashion

The Southborough school technology requirements for student learning are outside the scope of the MTC and handled separately. However, the administrative technology is within the MTC scope.

Within each stakeholder group, there are varying degrees of technology knowledge, competence and comfort. As we think about the town technology strategy going forward, we must address the needs those who are fluent with emerging technology, as well as those who may be less familiar.

By leveraging the proposed town technology survey, we can build out unique and individual customer journey maps, like the one below.

4.) Guiding Principles for Southborough Technology Standards

It is also our intention to establish a set of guiding principles for the way the town thinks about and evaluates technology options and investments.

Town of Southborough technology guiding principles:

- **Evaluate all technology from a customer-first vantage point**- within our limited town technology budget, it is important that we are providing services for the town employees, but also for the town residents. Consider technology impact across all stakeholder groups and what new services can enable for larger populations of residents.
- **Adopt a cloud-first approach for all services and applications**- we want to move away from town owned and maintained technology, instead focusing on SaaS (software as a service) based models where we pay a subscription fee, but the vendor handles upgrades, maintenance and incident response.
- **Create a shared-services model of core functionality across departments**- work across all town departments to understand common requirements and provide central systems for these needs vs. having each department create their own solution. Consistently look to simplify architecture, with an eye towards flexibility and speed.
- **Look for opportunities to automate**- Review areas of heavy manual processing and look for opportunities to automate and increase efficiency.
- **Evaluate all technology options for data privacy and security**- conduct regular audits of security services for all providers and insure they are adhering to security best practices. Focus on the basics, such as good backups/restoration and industry standard security authentication.
- **Partner with vendors who are familiar with town government**- look for partners who can help us leverage key resources, discounts and learnings. Obtain multiple quotes for services to insure competitive pricing. Consider total cost of ownership for technology investments- not just one time costs, but on-going cost to operate.

5.) Developing a Data Driven Approach to Strategy

It is difficult to develop strategy without the input of major stakeholders. Any strategy would be remiss to plan in a vacuum and without a deep understanding of the primary consumer's values and needs. For this reason, the first step in our technology strategy development is the administration of a town-wide technology survey.

This survey will solicit the input of all Southborough residents across a key set of questions.

Survey questions would include the following (as examples):

1.) What town technology services do you currently leverage? (choose all that apply)
- town website
- view committee meetings on YouTube
-specific websites, like recreation department
-pay bills on-line
-town calendar of events
-specific forms
-town's Facebook page
-town department Facebook pages (police, fire)
-other- Please list

2.) Do you use any technology services not sponsored by the town but with a town focus?
-Facebook groups about Southborough (MySouthborough, Southborough Babysitting Network, Southborough Freecycle, etc.)
-MySouthborough blog
-other: Please list

3.) What information are you seeking when you use these services?
4.) Where do you find the best information? Why?
5.) What other technical services do you wish the town would offer?
6.) Rate the quality of the town web site (1-10)
7.) Rate the quality of the town's Wi-Fi services (1-10)
8.) Rate your ability to pay for town fees, services on-line (1-10)

By establishing a baseline of technology services used, quality view of services and constituent's view of needs, we can then begin to map out a strategy for the overall improvements we would like to see for Southborough.

While the scope of this committee is focused on technology, many departments may be interested in running this type of data collection. Ultimately, we would recommend that Southborough run an annual town survey that looks at all areas of the town.

Other cities have had success with programs of this type.

Kansas City, Missouri Annual Survey Instrument
https://www.kcmo.gov/home/showdocument?id=5476

Kansas City, Missouri Annual Survey Constituent Dashboard
https://dashboards.mysidewalk.com/kansas-city-mo-citizen-survey/home

6.) Snapshot of Current Southborough Technology Systems

In order to plan for the future, it is important to take stock of Southborough's current technology inventory and the state of that inventory.

The town of Southborough Technology Department is responsible for operating the town's technology systems for all town departments except the school learning systems. This includes 6 buildings, support for ~200 town employees, 110 computers, technology infrastructure and a host of software applications.

At the time of this writing, most of the technology infrastructure has been replaced in the past four years- with a small number of servers, printers and other technology components coming due for replacement in 2021.

Most of the software systems are leveraged via a SaaS (software as a service) model, where the vendor is responsible for the provisioning of the infrastructure and software and we act as consumers only. Where we do maintain servers and infrastructure are for systems where no SaaS equivalent exists or where privacy and security prevent moving the application to the cloud. Systems that are not cloud based at this time should be regularly evaluated to understand the vendor roadmap and their plans to move to the cloud.

In our highly evolving and continually virtual world, we would recommend the following steps be taken as part of the on-going technology strategy:

- For each town application and technology component, create a software/hardware lifecycle plan that outlines current setup, evaluates competing products and services and forecasts end of life and transition plans
- For current in-house systems, continue to look for options to move these services, securely, to the cloud- including evaluating competing products and government certified cloud options
- Continue to enhance and expand virtual collaboration options
- Continue focus on cyber security and create a small, security focused working team to create a security policy and recommendations for the overall technology strategy
- Appoint a member of the Municipal Technology Committee as liaison to the Technology Department, with weekly meetings and to support the strong connection between the town's Technology Department and Technology Committee

We would also recommend that for all future investments, the town abide by the Massachusetts guidelines on technology purchasing. (Link? Reference?)

7.) Town Technology Staff Members

Technology is an ever-evolving area. Add to this the fact that the scope of technology is both broad and deep. For this reason, it is essential that the town invest in high quality technology resources that not only have the appropriate knowledge to run the town's technology on a day to day basis, but can also have the personal bandwidth to deep dive into the requirements of each town department and assist these groups with critical technology issues. A single resource, expected to cover everything from assigning new email addresses to creating a town security strategy is not feasible. The MTC

recommends that Southborough invest in the required personnel to effectively run the town's technology infrastructure. In addition to the Town IT Manager, we support the hiring of an additional IT resource for redundancy, vacation and sick time coverage and to allow focus in different areas. This will also help prevent burn-out of the singular resource, so we are not in a position to replace the role repeatedly.

8.) A Five-Year Plan and Timeline

Technology changes significantly every year. In order for the town of Southborough to stay current with the best uses of technology, we will use this Technology Strategy as a tool to help guide us. This includes reviewing the latest technology trends that are impactful for our town.

Year	2021	2022	2023	2024	2025
Data driven strategy activities	Draft Technology Strategy document for discussion and input	Add survey results into Technology Strategy Focus on town efficiencies.	Measure quality improvements for major town technology services	Move to smart city vision for town services, facilities	Continued implementation of smart city services
Data driven execution activities	Run first town wide technology survey- analyze and assess results	Run 2nd town wide technology survey	Target first town wide survey for all town services, with technology as one component	Annual town survey now in place each year and part of planned town budget	Target first citizen dashboard for survey results

9.) Technology Trends

Through a collection of techniques, skills, methods, and processes technology can help us improve the daily life of employees, volunteers, and citizens. It is the responsibility of the Town of Southborough to continually evaluate its use and efficacy. Most notably, the areas of technology that the Town can immediately benefit from are those in wired and wireless connectivity, mobile access to services, communication and social networks, security, privacy, cloud and Software-as-a-Service applications, the internet of things, and green energy.

Smart Cities
Evolution of the "Smart City"- "A smart city is one that leverages technology to increase efficiencies and improve the quality of services and life for its residents. Smart city initiatives can cover anything from power distribution, transport systems, street lights, and even rubbish collection. The idea is to use data and technology to make everyday life easier and better for the people who live and work in the city, while maximizing the use of resources."

"…This is all possible thanks to a "perfect storm" of technology trends – trends that allow us to create spaces in which humans and technology interact in a more

connected, intelligent, and automated way. Think of trends such as artificial intelligence, big data, the Internet of Things (IoT), and autonomous vehicles. Combined, advances like these are changing the world and how we live in it. Our cities are no exception." [(2)]

One report by McKinsey Global Institute found smart city technology can improve key quality of life indicators – such as the daily commute, health issues, or crime incidents – by 10 to 30 percent. [(3)]

"*One of the really exciting things about smart city technology is that it encourages residents to get more involved. Common examples include apps that allow citizens to report local issues more easily, or community networking platforms that allow neighbors to connect and share resources. In another example, a low-cost environmental testing kit is encouraging residents to collect local environmental data. The Smart Citizen Kit can be placed in locations like balconies and window sills to gather data on the local environment, including air pollution and noise. The data is streamed to an online platform, effectively creating a crowdsourced map of data from all over the world."* [(2)]

Connectivity
As network infrastructure continues to improve, the speed at which we are able to transfer data increases. As network hardware begins to age and/or degrade, the Town's ability to implement new and efficient technologies becomes inhibited. Technology providers will often consider outdated hardware as end-of-life, declining to maintain existing hardware to previously accepted standards.

Communication and Social Networks
A majority of the population of Southborough has internet access, and an ever-increasing number of citizens expect to receive most of their news and updates electronically. It is cost-effective, and oftentimes more accessible, for most to receive important notifications via e-mail, social media, or a Town-hosted website. Through the use of surveys, the Town should keep a finger on the pulse of its citizens to understand how best to communicate. Another important measure is the availability of multiple internet providers, in order to provide options for citizens and promote price and service competition.

Security and Privacy
The increase of reliance on electronic communications and cloud software applications provides a challenge for data security and privacy. The Town must continue to stay on top of security trends and protect its data through the use of physical access restrictions, proper use of firewalls and software security systems and education. Proper data security also includes a robust data backup process and tested data restoration process. The town departments house critical and sensitive data which must be protected from threats but also common data loss due to hardware failure.

Cloud and Software-as-a-Service Applications
The technological landscape has seen a significant shift from applications hosted on-servers behind Town firewalls to applications hosted on vendor-managed systems in

the cloud. Applications hosted off-site provide a tangible benefit in terms of scalability, redundancy, and cost-effectiveness.

Internet-of-Things
Many Town services are offered by isolated departments that are separated both logically and physically. This presents a challenge when attempting to gather information on the use of technology throughout the Town. With the rise of innovations in Internet-of-Things, improvements to monitor usage and access of technology will generate data that can be used to make more informed purchasing decisions.

10.) Key Metrics

Improving Citizen Experience and Engagement with Town Technology

Description:

One of the goals of the MTC is to provide guidance to town departments on how to improve their service to our citizens through the use of technology. In order to do this, we need to determine both how our citizens use technology, their engagement and how satisfied they are with the technology-based resources available in town.

Our method of collecting this information is to use questionnaires — both on paper and on line. We have developed an initial set of questionnaires for several constituencies in town: citizens, town employees, small businesses, etc. These initial questionnaires are fairly broad and general, since we don't yet know where the "hot buttons" and "pain points" are yet. They try to identify what technologies are being used, how they are accessed, which municipal technology capabilities are being accessed, etc.

The information that we collect in the questionnaire will be used to:
A. Understand the current "pain points" and "hot buttons". What (technology) issues are causing problems for our residents or are seen as lacking by our residents. This will allow us to begin working with Town departments to try to address some of these issues.
B. Measure the effectiveness of initiatives created to address the issues (after the first year)
C. Tune the questionnaire. The first questionnaire is intended to collect information. Subsequent questionnaires will have the dual purposes of collecting new information and determining how well the Town is addressing issues that have been raised.

Key Stakeholders (including those who execute the plan and those that benefit from the plan):

Objectives and Key Metrics:

Objective	**Key Metrics**	**2020 (estimate only)**	**2022**	**2025**[VA1][VA2]
Improve Citizen Satisfaction with interaction with town Services	% of town services covered via a single phone number with voice and digit based-routing to the appropriate department/individual.	40%	50%	100%
	% of town services covered via a single web domain with law compliant governance.	80%	85%	100%
	% of committee services covered via a single web domain	20%	35%	100%
	% of town and committee services contributing to common public-facing knowledge base. (common search)	10%	30%	100%
	% of town emitted bills covered via a single accounting, invoicing, reporting, payment system	30%	45%	100%
	% of town and committee public meetings streamed live and recorded on one or more free streaming platforms (SAM, YouTube live, etc.)	15%	25%	100%

Recommendations to achieve key metrics:
Our primary goal is to become a data driven town. Our population is diverse. There is a broad range of technical expertise and technical comfort among our residents and it is important to ensure that we consider the gamut as we contemplate technology initiatives in the town. By putting out a questionnaire and soliciting participating from all residents we hope to be able to gain the necessary broad exposure.

Our documented/measured goals will change over time. Some of them will be achieved and become moot. Some of them will drop off the and new items will be added as our residents react/adapt to technology trends.

Improving Employee and School Admin Experience with Town Tech

Description:
Everything described for Residents in the previous section also apply to Town Employees including School Administrators. This area is more focused however since most Residents interact with the Town technology resources on a sporadic basis whereas Employees do it every day—they use Town networks, Town computers, Town equipment, software acquired by the Town, etc. So, in this case, not only is the Town interest in personal satisfaction of the targeted group, but there is a direct impact on Town efficiency and effectiveness.

The approach for Town Employees is the same as for Residents. Annual questionnaires will be developed to focus our attention on the issues and put initiatives in place to address “pain points”.

Key Stakeholders (including those who execute the plan and those that benefit from the plan):

Objectives and Key Metrics:

Objective	**Key Metrics**	**2020 (estimate only)**	**2022**	**2025**
Improve Mobility and Accessibility for employee facing town IT services	% of employee facing town IT services with mobile app or browser accessibility (as appropriate)	No Data	20%	100%
	% of employee facing town IT services with remote accessibility	No Data	20%	100%
	% of employee facing town IT services covered in a semi-annual employee satisfaction survey	0%	50%	100%

Recommendations to achieve key metrics:
Goal: The goal for this section is the same as the previous section. Collect data, initiate programs to address issues, measure the effectiveness of these programs.
4.3 Principle: Achieving Cost Savings through Consolidation/Efficiency
Description:
The town of Southborough currently employs a vast array of technologies that serve to facilitate the day-to-day lives of town employees, officials, and citizens. Since town

departments largely operate in virtual silos, with minimal sharing of resources, it is important that we, as a town, perform a continuous evaluation of the efficiency, cost-effectiveness, usefulness of technological services and resources. The Municipal Technology Committee has determined, and will iterate upon, a set of metrics that will serve to track progress towards the consolidation of resources, an increase in the awareness of new technologies, and a net gain of efficiency of employees and officials in each governmental department. The following metrics seek to serve this purpose:

Key Stakeholders (including those who execute the plan and those that benefit from the plan):

Objectives and Key Metrics:

Objective	**Key Metrics**	**2020 (estimate only)**	**2022**	**2025**
Maximize sharing of technology assets maintained by the town	% of buildings with at most 1 printer/copier/fax/scanner per 5000 sq. ft. or per floor (where possible)	0%	20%	100%
	% of fax numbers converted to electronic fax	0%	20%	100%
	% of town sites that are using the main internet connections.	42%	50%	100%
Minimize energy use	% of square footage of town buildings with smart (example: auto-off motion activated and natural light cognizant) interior lights.	0%	20%	100%
	% of square footage of town buildings with smart thermostats	0%	20%	100%
	% of exterior lights on town buildings that are smart lights	0%	20%	100%
Increase overall technological awareness	% of technology plans reviewed by the MTC	25%	40%	100%

Recommendations to achieve key metrics:
In order to achieve success against these key metrics, the Town of Southborough must:

- Attempt to break down silos created between departments by increasing inter-departmental communication

- Dedicate resources to migrating existing systems to more efficient providers, ideally in the cloud.
- Continually inform employees and officials of the latest trends in technological innovation.
- Continuously evaluate new software and systems for possible use by the town. It is far too easy for software systems to become stagnant, out-of-date, and insecure if there is no continuous evaluation process.

The Southborough Municipal Technology committee is dedicated to improving efficiency by increasing awareness, facilitating inter-departmental communication, and providing continuous technological evaluation.

Improving Communications and Processing Infrastructure & Connectivity

Description:
Improving communications and processing infrastructure and connectivity involves selecting the local and cloud-based process equipment and services that provide the best mix of initial investment, functionality, reliability, usability, and on-going costs and integrating those processing resources into the appropriate communications systems (phone, physical mail, email, text messages, voice calls, browser-based access to information and transactions, payment systems, and computer-to-computer interactions) that allow the key stakeholders served by, employed by, or interacting with Southborough government. Key objectives in this area are to:

1. Improve inbound and outbound internet connectivity to, from, and between key stakeholders and town processing resources hosted locally or remotely
2. Improve the processing infrastructure required to run the Southborough government in terms of lowered initial and ongoing costs, greater ease of use by all stakeholders, and greater reliability and resiliency to recover from unavoidable outages or unexpected increases in processing volumes.
3. Improve the integration between different Southborough processes and applications
4. Improve specialty communications channels used by public safety officials such as public safety radio
5. Improve other communications channels employed for Southborough government affairs such as phone, physical mail, email, text messages, voice calls, browser-based access to information and transactions, and payment systems that allow for communications to, from, and among Southborough stakeholders related to Southborough government affairs

Key Stakeholders (including those who execute the plan and those that benefit from the plan):

- Southborough citizens (ease of use, increased functionality, increased efficiency and effectiveness in interacting with Southborough government, increased reliability, improved connectivity with other Southborough citizens, Southborough government employees and systems)

- Southborough tax payers (lowered on-going operations costs from more streamlined, efficient, and effective Southborough government processes)
- Southborough government employees (ease of use, increased functionality, improved job efficiency and effectiveness, increased reliability, improved connectivity with citizens, tax payers, other Southborough government employees and systems, state and federal government entities, businesses, and vendors)
- Southborough public safety officers such as police and fire fighters
- Businesses interacting with Southborough government (ease of use, more streamlined, effective, and efficient interactions with Southborough government)
- Communications infrastructure and services providers (key stakeholder for implementation)
- Vendors of local and cloud-based processing capabilities (key stakeholder for implementation)

Objectives and Key Metrics:

Objective	**Key Metrics**	**2020 (estimate only)**	**2022**	**2025**
Improve Internet connectivity	% of square feet of occupied town building space covered by public Wi-Fi with annual heat map review and validation	50%	70%	100%
Improve integration among town applications and processes	% of applications reviewed for possible integration (process integration and/or consolidation).	0%	100%	100%
Improve Specialty Communications for Public Safety Officials	% of town covered by Redundant Safety Radio repeaters (each with UPS/generator protection)	Unknown	TBD	100%
Improve Other Communications Channels	% of outbound communication channels that are integrated	0%	20%	100%

Recommendations to achieve key metrics:
(Who should do what, where should the funding come from, ask from citizen).

Increasing Citizen and Employee Privacy and Cyber Security

Description:

It is critical that data stored and/or processed on town governed systems is protected with best-practice Privacy and Security controls. In this section we propose key objectives and 5 year strategic goals with respect to security and privacy.

Ensure appropriate levels of **security**, **privacy**, and **data integrity** for all data collected/used.

- Access controls
- Data validation
- Disclosure via 3rd parties
- Collect minimum PII necessary to accomplish tasks - resist "nice to have".
- Data de-anonymization resistance
- Clear, accurate and complete disclosures of any data sharing, retention, logging, data breach - and user responsibilities
- Authentication/ID verification (citizens using automated services as well as employees)
- Safe disposal of used equipment
- Audits - internal and external

Key Stakeholders (including those who execute the plan and those that benefit from the plan):

Objectives and Key Metrics:

Objective	**Key Metrics**	**2020 (estimate only)**	**2022**	**2025**
Maximize Authentication Security for Employees and Committee members	Percent of town tech services covered by Single Sign-On (SSO)	0%	0%	100%
	Percent of town tech services covered by Multi-Factor Authentication (MFA)	0%	0%	100%
	% of former employee and committee members who had their access revoked to all IT systems within 4 hours of notice of discontinuing their role	50%	100%	100%
Physical Security	% of network and server components in locked locations only accessible by electronic key card	0%	20%	100%

	% of local network and server spaces that are monitored 24x7 via motion activated security cameras with off-site storage.	0%	10%	100%
	% of critical town infrastructure (water towers, etc.) that is monitored 24x7 via motion activated security cameras and alerting.	0%	10%	100%
	% of general door locks in town facilities that are electronic (key card)	1%	5%	100%
Audit/Accounting	% of Town IT services feeding user and admin access (accounting) logs to a tamper-proof log repository.	0%	20%	100%
	% of electronic door locks that are feeding access logs to tamper-proof offsite log repository.	0%	20%	100%
Availability	% of Town IT services meeting an monthly SLA of 99.9% or higher	Unknown but high	100%	100%
	% of public internet facing Town IT services with Anti-DDOS protection	0%	100%	100%
Data Durability	% of Town services with HA replication across 2 or more geo-diverse locations	Unknown	20%	100%
	% of Town maintained files/documents with replication across 2 or more geo-diverse locations	100%	20%	100%
Confidentiality	Achieved goal of 0 non-approved data disclosure incidents over last year.	0%	100%	100%

	% of town workstations and servers protected by anti-malware software	100%	100%	100%
	% of town devices scanned weekly by a vulnerability scanner	0%	20%	100%
	% of town devices patched within 3 days of all critical level vulnerabilities (CVSS scoring)	0%	20%	100%
	% of town devices patched within 7 days of all high level vulnerabilities (CVSS scoring)	50%	60%	100%
	% of town devices patched within 30 days of all medium and low level vulnerabilities (CVSS scoring)	100%	100%	100%
	% of public internet facing Town IT services with Web Application Firewall (WAF) protection	0%	50%	100%
	% of public internet facing Town IT services with TLS enabled and required	10%	50%	100%
	% of town IT services passing annual PCI-DSS audits (including 3rd party pen-testing)	20%	40%	100%

Recommendations to achieve key metrics:
We propose the creation and execution of a proactive town-wide security strategy focused on protecting sensitive data and services.

- Evaluate the current state of security practices.
- Identify opportunities to improve the management of cyber security threats.
- Identify security controls necessary for supporting the stated goals of the Strategic Tech Plan.
- Achieve consistent application of security controls.
- Continually track and measure the effectiveness of the town's security strategy.

11.) Conclusion

It is the goal of the Southborough Technology Committee to create a town Technology Strategy in alignment with our overall town Master Plan. This strategy will be data-driven, with input from Southborough residents on an annual basis. We will begin by benchmarking the use and quality of current technology services. Ultimately, we recommend that the survey broaden to include data collection for all town departments and services.

Southborough Municipal Technology Committee

SOUTHBOROUGH TOWN TECHNOLOGY STRATEGY SUMMARY

FEBRUARY 2021

Agenda

- Purpose of our session today
- Objectives of the town technology strategy
- Key components of the technology strategy
- Feedback and input collected
- Next steps
- Questions & open discussion

Purpose of our session today

- Provide an overview of the key recommendations in the Technology Strategy document
- Obtain feedback from the Board of Selectman on the Technology Strategy direction and recommendations
- Discuss how to operationalize the recommendations in the Technology Strategy

Objectives of the town technology strategy

- Guide the direction, decisions and investment for town technology
- Align with the Southborough Master Plan
- Outline customer journeys for each town stakeholder persona
- Establish guiding principles for the town's technology services
- Move to a data driven approach for services and measurements
- Make recommendations for key technology pain points
- Lay out a 5 year plan that takes technology trends into account
- Establish key metrics by which we can measure the strategy's success

Key components of the technology strategy- customer journey

- Customer Journeys- Southborough has many groups that rely on our town's technology
  - Southborough Residents
  - Southborough Town Employees/Town Departments
  - Southborough Contractors and Vendors
- We want to create a distinct user journey for each of these stakeholder groups to develop a clear vision for our town technology services
- Data for these customer journey's will come from the town technology survey

Key components of the technology strategy- guiding principles

- It is our intention to establish a set of guiding principles to help the town evaluate technology options and investments
  - Evaluate technology from a customer-first vantage point
  - Adopt a cloud-first approach for services and applications
  - Create a shared-services model of core functionality across departments
  - Look for opportunities to automate
  - Evaluate all technology options for data privacy and security
  - Partner with vendors who are familiar with town government

Key components of the technology strategy- data driven approach

- A town-wide survey will provide much needed input into the services and requirements of each customer segment
  - Understand the needs of distinct customer groups
  - Help prioritize which issues are most important to Southborough
  - Provide a baseline for service evaluation
  - Collect annual feedback to understand service progress or decline

Key components of the technology strategy- current pain points

- The work on the Strategy document has uncovered some pain points that should be solved as we move forward
  - We need a detailed review and evaluation of each town department technology inventory and requirements, looking for shared requirements where we can provide centralized solutions
  - We need to evaluate current in-house systems to understand if and when they could be candidates to move to the cloud
  - We need to continue to enhance and expand virtual collaboration options
  - We need to focus on cyber security and create a small sub-committee that comes up with specific recommendations
  - Add second technology position for the town to support redundancy, vacation, sick time and allow segmented focus across technology administration and longer term projects

Key components of the technology strategy- 5 year plan

Year	2021	2022	2023	2024	2025
Data driven strategy activities	Draft Technology Strategy document for discussion and input	Add survey results into Technology Strategy Focus on town efficiencies.	Measure quality improvements for major town technology services	Move to smart city vision for town services, facilities	Continued implementation of smart city services
Data driven execution activities	Run first town wide technology survey- analyze and assess results	Run 2nd town wide technology survey	Target first town wide survey for all town services, with technology as one component	Annual town survey now in place each year and part of planned town budget	Target first citizen dashboard for survey results

Key components of the technology strategy- technology trends

- Smart Cities- a smart city is one that leverages technology to increase efficiencies and improve the quality of services and life for its residents.
- Connectivity- continue to keep pace with bandwidth increase and provider options.
- Communications and Social Networks- utilize on-line services and sites to provide citizens with news, events and services.
- Security and Privacy- protect town data and that of our citizens.
- Cloud and Software-as-a-Service Applications- cloud based applications offer better total cost of ownership and lower administration.
- Internet of Things- the interconnection via the internet of computing devices embedded in everyday objects, enabling them to send and receive data.

Key components of the technology strategy- key metrics

- The following metrics would be used to evaluate the success of the technology strategy
  - Improved citizen experience and engagement with town technology
  - Improve employee and school admin experience with town technology
  - Improve communications and processing infrastructure and connectivity
  - Increase citizen and employee privacy and cyber security

Feedback and input collected

- The following individuals have provided feedback on the town Technology Strategy document:
  - MeMe Luttrell, Master Plan Committee
  - Martin F. Healy, Board of Selectman
  - Roger W. Challen, School Committee
  - John Parent, Facilities Department
  - Steven Achilles, Fire Department
  - Mark Purple, Town Administration
  - Sarah Cassell, Youth and Family Services
  - John Butler, Al Hamilton, John Gibson- Citizens
- We continue to solicit feedback from town departments and citizens as the Technology Strategy draft evolves

Next steps

- Obtain feedback from the Board of Selectman on the Technology Strategy direction and recommendations
- Discuss how to operationalize the recommendations in the Technology Strategy

Questions & open discussion

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, February 16, 2021, 6:00 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey opened the meeting at 6:00 P.M. and read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

Chairman Healey acknowledged the Scouts who were observing the meeting and working towards earning their rank of Eagle Scout. He welcomed them to the meeting and asked if anyone would like to speak. There were no volunteers.

I. Public Comment

None

II. Scheduled Appointments

Brian Ballantine, Finance Director; Carla McAuliffe, Town Accountant

i. Quarterly Financial update

Mr. Ballantine gave the financial quarterly update and described revenues as $35,000 less than last year and the first excise commitment is down about 6%. He added that revenues were impacted this year but are staying stagnant. He added that the water fund had a large increase due to the rate structure being revisited. He stated that most departments are on track to stay within their budgets and the Town will be spending about 98-99% of the benefits this year. Ms. McAuliffe gave a financial overview by department which included the Town Clerk, Board of Health and the DPW. She described how each are using FEMA and the CARES ACT to cover expenses due to the pandemic. Ms. Malinowski asked if there were any expenses the Town requested payment or reimbursement through the CARES ACT or FEMA that was denied by both. Ms. McAuliffe explained how the two work and stated that she suspects audits will not be completed until 12/31/21. Ms. Braccio asked about the Board of Selectmen deferred compensation and Mr. Purple explained that the overage is once a year. Mr. Ballantine further

explained that it is calculated based on a contractual obligation of percentage of base and he does not foresee this changing over the next six months. Ms. Braccio asked about the contracted services for the DPW and if there may be a shortfall for fiscal year 2021. Mr. Ballantine stated the DPW budget will be tight this year and he suspects the last four months of the year will be even tighter. Ms. Braccio stated that she would like to ensure the DPW has the funds they need for fiscal year 2022.

Mr. Shea asked if there are any adjustments needed to be made for fiscal year 2022 based on where revenues will be at the end of the year. Mr. Ballantine explained that revenues are set during the fall and there is not enough now to justify changing them in either direction at this time. Mr. Stivers asked if the Mortgage Assistance Program will be renewed and if there were funds to offer this in 2021. Ms. Malinowski stated she will be working with Ms. McAuliffe to renew this and will be looking into the Trust which serves as the back up if the funds are denied through the CARES ACT. Mr. Stivers suggested expanding the Trust and Ms. Malinowski agreed and added she will be discussing this with Ms. McAuliffe as well.

ii. FY22 Budget update

Mr. Ballantine gave an overview of the 6% tax rate decrease which was due to dental and the schools budget. He stated that most departments have resubmitted their budgets as requested and the Personnel Board has voted and approved their budget. Mr. Ballantine stated the Capital Planning Committee is still discussing capital items and will continue to work with the Board regarding their recommendations. He added that the schools are still working on their budgets.

Ms. Malinowski asked about the internal fee reviews departments were asked to conduct. Mr. Ballantine stated he reached out to all departments and received responses from almost all of them. He stated there were no surprises and he will send the document to the Board this week for review. Mr. Stivers asked about the funding of the Historical Museum by the Historical Society. Mr. Ballentine stated that the Society had put money into their budget to assist in funding the Museum for next year but he will look into it. Mr. Stivers explained the changes to the MWRA rater rates after the fiscal year 2022 assessment.

<u>7:00PM: Verizon Pole Hearing – install stub pole and guy for P33-84, Pine Hill Road</u>

At 7:00 P.M. Chairman Healey opened the public hearing and read the public hearing notice into the record. Al Gavin from National Grid gave an overview of the project he is seeking approval for which included installing a thirty-five-foot stub support pole across from lot P33-5 with an anchor to keep the pole from leaning in the future. He stated this is a safety measure and would prevent future power outages. He added that overhead crew supervisors survey local areas and have found this to be needed to ensure proper support for this equipment and will strictly be a support pole. Mr. Shea asked if a line could be run off this pole in the future. Mr. Gavin replied that if a home were built in that area a line could be run from it or there could be a service drop. Mr. Stivers asked for clarity in regards to the location of the stub pole and Mr. Galvin explained that it is all on Town owned land. Mr. Purple stated that Ms. Galligan approves of the proposal and she has been concerned about the leaning of these poles. Mr. Litt (148 Woodland Road) requested that the Board include that the placement will not impede any future sidewalks in their approval. Mr. Gavin stated there is no sidewalk currently and no concern for a future one. Mr. Shea explained the steps that would need to be taken to include a sidewalk in this area which would include widening the road. Mr. Shea made a motion to close the public hearing at 7:10

P.M. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

There was discussion regarding including a statement regarding a future sidewalk in this area and Mr. Shea stated there is a stonewall here that should not be disturbed. Chairman Healey made a motion to approve the installation of stub pole and guy for P33-84, Pine Hill Road as requested by Mass Electric and Verizon New England. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

7:30PM: Public Forum on Downtown District bylaw

i. Sponsorship of warrant article

Ms. Braccio and Ms. Connelly of the EDC presented the document titled "EDC Downtown Initiative Proposed Zoning Changes" from the packet. John Walter (Newton Street) stated his concerns over stormwater drainage and stated that an extensive and deeper water management plan is needed. Mr. Shea stated that this could be addressed during the CSX discussion later in the evening and added that a solution to the infrastructure issues are a key component. Chairman Healey agreed and stated there should be more thought on the type of housing is provided within the community along with the focus on drainage and wastewater issues. Tom Gittins raised his hand to speak but there was no audio connection. Kevin Miller spoke as an abutter to the project and raised concerns about the district map. He questioned the inclusion of the southern and western boundaries that begin at Park Street and runs through private backyards to Latisquama Drive. He felt these should not be included in the downtown district. Ms. Braccio explained the map is the current downtown district and there were no changes proposed to it. She added this will be discussed at the Planning Board public hearing.

Dianna Bell spoke as a new resident in Town and asked if there was any consideration for the types of businesses that will be allowed in this district. Ms. Connelly replied that she has not seen zoning language that includes language that limits the number of specific businesses but it is healthy to have a diversity of businesses. She stated this will be brought up with their zoning consultant.

Ms. Malinowski read the quested from Mr. Gittins in the Zoom chat regarding wastewater issues in the downtown area. Ms. Connelly explained the EDC Wastewater Feasibility Study and next steps for moving forward with this. Mr. Shea stated that solving the infrastructure issues in this area should be reviewed in conjunction with reviewing what types of businesses will locate in the downtown district. Ms. Malinowski read a question from Mr. Gittins that was submitted through the Zoom chat regarding liquor licenses for the public house/pub listed in the zoning bylaw as allowed by right. Ms. Connelly explained options.

Mr. Radler raised his hand to speak but audio was not available. Ms. Braccio stated Mr. Radler left a comment in the Zoom chat function regarding the pole hearing from earlier in the evening. Chairman Healey stated this would be addressed after this discussion.

Mari Quirk (11 East Main Street) stated her concerns about updating the downtown area before fixing the groundwater issues. She stated the downtown needs more parks, walkways, bike paths and sidewalks. Chairman Healey stated these concerns will be considered as the process moves forward. Ms. Quirk stated her concerns the type of buildings that could be created in this area could negatively impact the neighborhood. Chairman Healey explained that the allowable uses

will limit the types of businesses that could negatively impact the neighborhood and more feedback through forums will help uncover potential issues. Tim Litt stated that using floor area ratio to address building size does not serve a purpose. He asked about room for parking and open space per lot. He suggested looking at a different metric to limit the size of building on a lot. Ms. Connelly thanked him for his feedback and stated she will confer with the consultant. Ms. Braccio read a comment from Caitlin Boland submitted through the Zoom chat regarding the limited walkability and open space in the downtown. Ms. Connelly explained the work the Master Plan Committee is doing to address these issues. Ms. Braccio read a comment from Dianna Bell submitted through the Zoom chat regarding collaborating boards, committees and departments downtown to enhance the area using skills from these various groups. She used the creation of murals downtown through an art group as an example. Chairman Healey replied with an enthusiastic "yes." Ms. Braccio read a second chat comment from Ms. Bell regarding traffic impact on East Main and accounting for green space and parking in the bylaw. Ms. Braccio read the draft bylaw that describes a solution to these issues.

Ms. Malinowski asked for next steps moving forward and Ms. Braccio explained. At 8:50 P.M. Ms. Braccio suggested the Board close the public hearing. Chairman Healey thanked all those who participated.

Mr. Shea addressed Mr. Radler's question regarding the pole hearing and stated the pole will be on Town land and not on private property. Chairman Healey suggested that any further questions be directed to Mr. Purple.

III. Reports

Chairman's Report

Chairman Healey stated that for the Scouts to earn another merit badge, they must interview a member of Town government. Ms. Braccio nominated Mr. Shea to work with the Scouts. Mr. Shea agreed.

i. Update on Shared Streets & Spaces grant award

Chairman Healey stated that Mr. Purple, Ms. Galligan and he met with a representative from VHB and St. Mark's the previous week and due to the need to spend the funds by the end of May, the process has been fast-tracked. He added Ms. Galligan will be put out RFPs soon and explained the project details with the grant. Ms. Braccio asked about the playgrounds and urged the Board to ensure there is a playground in the southside of Town if any changes happen to South Union property. Ms. Braccio asked about the trees that may be removed and Chairman Healey replied that it was agreed by all representatives to preserve as many as they can. He explained the work covered by Chapter 290 and Chapter 90 funds.

ii. Town Meeting Scheduling

Chairman Healey stated that the information from Mr. Hegarty and the Attorney General's Office has already been reviewed and explained options for holding Town Meeting. He asked the Board to set a date to discuss and felt the Board has the authority to vote to have Town Meeting on a date different than March 20th. He asked that the Moderator discuss with the Board at the next meeting. Ms. Malinowski stated she did not receive the information Chairman Healey was referring to. Mr. Purple confirmed it was sent to Chairman Healey and Ms. Braccio only and forwarded the documents to the rest of the Board. Chairman Healey explained Mr. Hegarty's proposal and the Attorney General's statute that states the Board of Selectmen can select a

different date during a State of Emergency not withstanding the bylaw. He asked that the Moderator attend the meeting on March 2nd to discuss.

Members' Reports

i. MMA updates

Ms. Braccio gave an update from the MMA/MSA Board meeting which included the January tax revenues for the State, the amount earmarked by the State for the Stabilization Fund, the fiscal year 2022 budget being viewed by the Governor as a recovery budget and explained the Climate Bill that the Governor vetoed will be refiled.

Ms. Braccio offered condolences to the family of Jim McCaw who was the Town Electrical Inspector for thirty-four years and was a Korean War veteran of the United states and went on to work as the director of buildings and grounds for the Fay School in Southborough. She thanked him for his service to Town and Country.

ii. Master Plan Committee update

Mr. Stivers stated that the Master Plan Committee is making strong progress toward updating the 2008 Plan. He stated that all plan components have been reviewed, drafts have been made by various members and he hopes initial drafts will be done in the coming months. Mr. Stivers added that he hopes to have the Master Plan Committee on an agenda next month for a specific update.

iii. BOS office hours update

Ms. Malinowski stated that Ms. Braccio and she hosted Office Hours this week and it was asked if the audit management report could be published to the website. Mr. Stivers suggested past audit reports be published as well. Chairman Healey stated he will be at the next Office Hours held on February 23rd at 7:30 P.M. with Mr. Shea.

Town Administrator Report

i. COVID-19 vaccination updates

Mr. Purple commended Ms. Le Francois and her staff at the Senior Center for their efforts reaching out and making calls to their lists of seniors to inform them about vaccination options. He explained the collaborative vaccination clinic the Town participated in with Hopkinton and stated several hundred doses were given to Southborough seniors. He thanked Ms. Amico for helping facilitate that partnership.

Mr. Purple stated the Veteran's Agent informed him that the Bedford Medical Center is offering vaccines to Veterans registered with VA Health Care. He urged those who qualified to call the Center and register for a vaccine.

He stated Charles River Medical Association in Hudson has 200 Moderna vaccinations for seniors 75 years and older. He asked those who want to call or register on their website as vaccinations will be held tomorrow from 1:00 – 5:00 P.M. and February 20th from 9:00 A.M. – 3:00 P.M. He thanked Ms. Chamberlain for her assistance in facilitating this.

IV. Consent Agenda

a. Mr. Stivers asked to hold consent agenda "a." Mr. Stivers asked that in line 65-67 the company name "GHB" be revised to "VHB." Ms. Malinowski requested changes on row 84

and 225 as sent in her email. Chairman Healey made a motion to approve Open Session Minutes: February 2, 2021 with the revisions described. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Chairman Healey made a motion to accept the total of $850.00 in donations for the Fire Dept. Ambulance Fund. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
c. Chairman Healey made a motion to accept the $150.00 donation for Southborough Youth and Family Services donation account. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
d. Mr. Shea asked to hold agenda item "d," to Award the bid for Wastewater Study under EEA Grant. He informed the Board he will be recusing himself from this matter and asked that the record reflect this. Ms. Braccio stated that the EDC managed the wastewater study and they did not vote to award this bid at their January 15th meeting. She added that she is not comfortable moving forward until the EDC has signed off and agreed to award the contract. Claire Reynolds of the EDC explained that the EDC had not thought they needed a vote and she reached out to DPW Superintendent Galligan for her opinion and did not receive a response. Ms. Reynolds informed the Board that this item could be held until next meeting. Chairman Healey stated Mr. Purple will ask Ms. Galligan for her opinion and he asked the EDC to vote on the matter and report back to the Board for next meeting.
e. Chairman Healey made a motion to approve the request to extend term of Capital Planning - School Research Subcommittee to June 30, 2021. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
f. Mr. Stivers asked to hold agenda item "f." Mr. Stivers asked that the word "liability" be added to Ms. Braccio's statement in paragraph two. Chairman Healey made a motion to approve Executive Session Minutes: February 2, 2021 with the described edit. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Chairman Healey acknowledge Gloria Radler who was a participant with their hand raised. Audio was unable to be connected. Chairman Healey informed Ms. Radler that the Board will be moving on.

V. Other Matters Properly Before the Board

<u>South Union School – Next steps</u>

Mr. Malinowski, Chair of the Capital Planning Committee, asked the Board if they would like to move forward with this as a Board sponsored article or if they are interested in pursuing a disposal of this property. He further asked if the Board was interested in looking for a proposal to offer at Town Meeting or waiting to entertain offers until Town Meeting authorizes going out to bid for the property. He stated if the Town could generate a one-time revenue from this property, it could offset some cost of capital items on the tax base. Mr. Stivers stated that he is in support of bringing a specific offer to Town Meeting. He voiced his concern about the timing of doing so and ability to include this in the Town Meeting Warrant. Ms. Malinowski agreed with Mr. Stivers. Mr. Shea stated he agreed and asked about timeframes for complying with procurement laws. He added that language would need to be included in the offer that it was applicable for a period of time after Town Meeting. Mr. Purple explained the procurement timeframes. Chairman Healey asked for a larger discussion on March 2nd and asked Mr. Purple to

look into the timeframes and legislation newly passed about requirements for zoning near Mass Transit stations. He added this property is close to the train station and it may behoove the Town to begin working towards these guidelines. Mr. Stivers agreed and suggested Town Counsel or other legal experts look into this new legislation and bring suggestions to the Board. Chairman Healey spoke to the future cost incurred by the Town to continue to operate in the building and moving the Town offices located there. Ms. Malinowski stated that the South Union Playground is the only playground on the south side and the only fenced in playground in Southborough. She stated she would not want to take that asset away without a replacement. Mr. Malinowski outlined the discussions the Capital Planning Committee has had regarding the options for the South Union School and asked for an opinion from the Board. Chairman Healey asked Mr. Malinowski to have his Board take a position on either including the entire parcel in a bid to a developer or whether to limit the bid to include only the school with the maintaining of the façade. Mr. Malinowski stated he will take this back to the Committee and Ms. Braccio will update the Board with their position.

Review draft of RFP for Legal Services

Chairman Healey stated there will be additional drafting done for the March 2nd meeting. He asked any Board member to send feedback on the drafts to Mr. Purple.

Discussion of CSX easement and Downtown portion of Main Street reconstruction project

Chairman Healey stated he met with CSX and gave an update on the four properties impacted by CSX exercising their property rights. He stated that the Knights of Columbus have agreed to a lease agreement that both sides are satisfied with. He stated that CSX has declared that Mr. Bemis's property which is in land court would need to address any plans in the future that may encroach CSX property but as of now they do not see this property as an issue. Chairman Healey stated that Mr. Lamy has decided that his property on the southeast corner does not need access to CSX owned land and they will not be seeking an easement. Chairman Healey summarized the current status of easement negotiations between CSX and Mauro's Café on the southwest side of the tracks. He stated that the Town cannot fix the infrastructure problems in this area without an easement from CSX and the owner of Mauro's Café has denied the lease agreement offer with CSX at this point. He stated that CSX has agreed to give the Town an easement as part of the work done on Main Street as long as curbing is put in that protects their property. This would adversely affect the CSX property used by the Café. He added that property will be blocked off by CSX regardless if any easement agreements are made or not. He stated the Board could enter into an easement agreement and have access to fix infrastructure issues on Main Street or decide not to enter the dispute and lose the opportunity for an easement and thus lose the ability to fix the infrastructure issues. He added either way, the Café will not have access to the CSX owned land when CSX exercises their property rights. Mr. Shea stated that there are more owners adversely impacted by not addressing the infrastructure needs than this one landowner and the Board must think of the greater good. Ms. Braccio agreed and urged for another attempt to facilitate a discussion between CSX and the landowner. Ms. Malinowski stated that the Board should take the majority of property owners into account and a decision cannot be made in favor of one. Mr. Shea clarified where the parking would be adversely impacted. Chairman Healey stated Ms. Galligan would like to put out an RFP for the infrastructure work by the end of March and he will be adding this topic on the March 2nd agenda. He stated he will attempt to have a conversation with the land owner and an update to the Board by then.

VI. Public Comment

Tim Litt (148 Woodland Road) stated that he walks in Town and many sidewalks have telephone poles in the middle which makes it hard to navigate. He stated it should be a matter of policy to avoid poles being placed in the middle of sidewalks and it should be addressed before approving installations.

VII. On a motion made by Mr. Stivers, seconded by Ms. Braccio and voted all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 9:38 P.M.

Upcoming Meetings *March 2, 2021* *March 16, 2021*

Respectfully submitted,

Kathleen Barry, Recording Secretary

DRAFT

OFFICE OF THE BOARD OF SELECTMEN
TOWN HOUSE · 17 COMMON STREET · SOUTHBOROUGH, MASSACHUSETTS 01772-1662
(508) 485-0710 · FAX (508) 480-0161 · selectmenoffice@southboroughma.com

TOWN OF SOUTHBOROUGH
REQUEST FOR PROPOSALS
FOR TOWN COUNSEL SERVICES
February 2021

I. Objective

The Town of Southborough, Massachusetts ("the Town"), acting through its Board of Selectmen ("the Board") , seeks to appoint an attorney or law firm as Town Counsel effective July 1, 2021, and invites a legal firm or individual attorneys to submit a proposal and costs for services to provide general town counsel legal services for the Town. The successful appointee ("appointee") must meet or exceed the qualifications stated herein, be readily accessible to authorized public officials, exceptionally experienced in appropriate areas of municipal law, scrupulous in adhering to required standards of professional conduct and ethics, and committed to rendering sound legal advice with suitable objectivity and professional detachment.

II. Background

Town by-laws call for the Board, annually, to appoint an attorney at law as Town Counsel for the term of one-year. Per **(newly adopted?)** Board policy **(practice?),** a request for proposals for such appointment will be made at least every five years.

III. Minimum Qualifications

A. Bar Admissions

The appointee and all those who serve as back-up to the appointee (see below) must be a member in good standing of the Massachusetts Bar and of the Federal Bar for the District of Massachusetts. The appointee must have Professional Liability Insurance in the

amount of at least $1,000,000 and must produce a certificate of insurance prior to appointment.

B. Experience

The appointee must represent or have represented as general town counsel a Massachusetts municipality for not less than five (5) years, or possess equivalent experience. References for all municipalities currently represented or represented in the past ten (10) years by the appointee must be furnished. The appointee also must have substantial experience in appropriate areas of municipal law, including but not limited to labor, land use - zoning and planning, Conflict of Interest and Open Meeting Law, public construction, public contracts, environmental law, municipal finance, litigation and open town meeting.

C. Accessibility

The appointee must commit to returning all calls and electronic correspondence from the Town Administrator or authorized town officials as appropriate, either himself/herself or through a qualified back up . The appointee must also commit, as a general rule, to responding to requests for written opinions within one week unless the circumstances of the opinion warrant a shorter or longer time frame for a response. Electronic communications such as PDF documents are preferred when appropriate. The appointee must commit to preparing a brief quarterly written summary of all open issues at no cost to the Town and to preparing a report for the Town's Annual Report.

The Town expects Town Counsel attendance at the following:

- All sessions of Annual Town Meeting (on Saturday in late March) and Special Town Meetings (scheduled as necessary).
- Board of Selectmen meetings for quarterly update, and other meetings on request .
- Meetings of other Town boards or committees on request (approved by the Board).

D. Lead and Back-up Counsel

Appointment of an individual attorney automatically will designate that attorney as Lead Counsel for the Town. If a firm is selected by the Town, the firm shall identify a Lead Counsel as the primary contact for services, and the Lead Counsel will be responsible for coordinating the performance of all legal services provided by his or her firm. The Town shall have the right to approve the appointment of such Lead Counsel. The appointee, whether an individual attorney or a firm, must have, within his or her firm or through an established relationship, at least one (1) other qualified attorney available to render advice and otherwise represent the interests of the Town of Southborough when the

appointee is unavailable. In this context, "qualified attorney" shall mean another lawyer who substantially meets the minimum qualifications set forth herein for the appointee.

E. Billing

The appointee must commit to providing invoices for services rendered on a monthly basis. Each invoice, if based on an hourly rate for services, must disclose, at a minimum, the date of the service, the identity of the lawyer or staff person performing the service, the subject matter reference for the service, a description of the service performed, The time required to perform that function, the hourly rate for the individual performing the function and the total fee for that service event. Expense items must also be itemized, with any relevant receipts available for inspection upon request by the Town.

IV. Fees and Expenses

The Town's budget for legal expenses for FY 2022 is anticipated to be $150,000. This budget includes fees and expenses for Town Counsel and special and labor counsel as necessary; the Board of Selectmen strongly desires to stay within this budgeted amount. Other budgets may contain amounts to be expended on legal services.

Towards this end, the Board will consider alternatives to the traditional hourly rate fee arrangement with counsel. For example, responding attorneys may propose a fixed retainer for a specified scope of services, with an hourly rate for work outside the established scope of services. Responding attorneys should feel free to be creative in this regard so long as the proposal is workable and reasonable.

Whether or not an alternative fee arrangement is proposed by the responding attorney, the attached fees and expenses response sheet must be completely filled out.

V. Selection

In seeking and evaluating the proposals requested , the Board is not bound by M.G.L. c.30B or by any other constraints apart from the sound judgment of its members. This process is being used to communicate the desired qualifications of Town Counsel and to solicit information in an orderly fashion for rough comparative purposes. Ultimately, though, the Board will select the candidate that they deem to be in the best interests of the Town, in its sole discretion. Consequently, the Board, Town Administrator, and the Town of Southborough reserve the right to waive any irregularities in the RFP process and to accept or reject any or all proposals.

Below are the projected dates for this process. The Town reserves the right to modify this schedule as it determines convenient:

_____, 2021	RFP issued
_____, 2021	Proposals due by 12:00 PM
_____, 2021	Search Committee screening*
_____, 2021	Board of Selectmen's decision
July 1, 2021	Effective date of appointment

*Date of Public interview to be determined.

VI. Application

Qualified attorneys/firms interested in responding to this RFP should fill out the attached forms completely, attach copies of all documents requested therein, and return the same in an envelope, clearly **labeled "Town Counsel RFP"** to:

Town of Southborough
Board of Selectmen Office
17 Common Street
Southborough, MA 01772

Please provide three (3) copies of the RFP response and all associated documentation on 8½ x 11 paper. All materials also should be provided electronically (PDF copies) to the Town Administrator at mpurple@southboroughtown.com.

All responses to this RFP must be received at the Office of the Board of Selectmen at the above address no later than ____PM on _____, 2021.

RESPONSE TO REQUESTS FOR PROPOSALS FOR SOUTHBOROUGH TOWN COUNSEL

NAME: _____

FIRM NAME: _____

ADDRESS: _____

TELEPHONE: _____ FAX: _____

EMAIL: _____

Please respond to each of the following:

1. Please identify by name (address and phone number if different than above) the proposed Town Counsel and each proposed back-up counsel. The Board of Selectmen wants to know the specific individual attorney who will serve as Lead Counsel.

2. Please attach resume or *curriculum vitae* for each attorney identified above.

3. Do each of the attorneys identified above meet the minimum bar admission requirements of the RFP? If other than "yes", please explain.

4. With respect to each attorney identified, please list each and every Massachusetts municipality represented by the attorney within the past ten years, the years of such representation, and the name, address and phone number of at least one contact person in each municipality with knowledge of the attorney's representation. (See attached sheet)

5. Please describe each identified attorney's experience in the municipal law, including but not limited to the following areas: labor, land use - zoning and planning, Conflict of Interest and Open Meeting Law, public construction, public contracts, environmental law, municipal finance, litigation and open town meeting. areas

6. Has any of the above identified attorneys had a complaint filed with the Board of Bar Overseers in the past five (5) years? If yes, provide applicable details.

7. Please describe how you propose to satisfy the Accessibility requirements of the RFP.

8. Please describe how you propose to satisfy the back-up requirements of the RFP.

9. Please explain how you plan to meet the billing requirements of the RFP, and whether you have used alternative fee arrangements with previous municipal clients and/or would propose using an alternative fee arrangement regarding services to the Town?

10. State whether you have represented a client in the preceding three (3) years who has or had a
matter pending before any officer, agency board or committee of the Town.

11. Please identify any past or current clients that may give rise to conflict of interest as a result of representing the Town of Southborough.

12. Confirm that you will not, during the time of your representation of the Town, represent any client in any matter in which the interests of the client are adverse to those of the Town, or in any matter seeking action by any officer, agency, board or committee of the Town, in accordance with MGLA 44A c268A s17.

13. Provide a general description of the firm, its history, significant changes in its makeup over the last three years (3) and its range of business.

14. For Municipal Clients identified in paragraph 4, above, have you or the firm:

    A. Exceeded the municipal legal budget appropriation (general fund) in the last three (3) fiscal years (FY2018, FY2019, FY2020) and if so, by what percent?

    B. If you have a retainer arrangement with the above clients, please note the retainer amount vs. total amount billed for the last three (3) fiscal years.

15. Provide details of any criminal investigation, regulatory or disciplinary proceedings or material litigation against your firm or members of your firm, which is either pending or has been completed in the preceding five (5) years.

16. Provide details as to the nature and amounts of your firm's professional insurance and of any claims asserted or made against such coverage in the preceding three (3) years.

RESPONSE TO REQUESTS FOR PROPOSALS FOR SOUTHBOROUGH TOWN COUNSEL
Fees and Expenses Response Sheet
(To be attached to and made a part of the overall Response to Requests for Proposals)

1. Please list the name and hourly rate for proposed Town Counsel and for each attorney intended or likely to serve as back-up.

2. If you propose to bill for services provided by paralegals, clerical staff, or other non-attorney personnel, please list by title and by hourly rate each position for whom you may bill.

3. Please provide a complete listing of all charges for expenses you intend to impose as incurred (i.e. any and all copy charges, telephone charges, fax charges, mileage charges and the like, but excluding any fees for stenographers, court fees, service fees and the like).

4. In what hourly increments do you intend to bill?

5. Do you bill for attorney time out of the office on a portal-to-portal basis or some other basis? Please describe.

[Note: I deleted this entirely. Not sure what it's intended to get at]

6. Do you intend to propose an alternative fee arrangement? Yes____ No____ If "yes", please attach additional sheet(s) fully describing and explaining your proposal.

TOWN OF SOUTHBOROUGH, MASSACHUSETTS

DECLARATION OF EMERGENCY

WHEREAS, the 2019 novel Coronavirus ("COVID-19") has been declared a Pandemic Public Health Emergency by the World Health Organization; and

WHEREAS, COVID-19 is a highly contagious, and in some cases, a fatal respiratory disease; and

WHEREAS, on March 10, 2020, the Governor of Massachusetts declared a State of Emergency to respond to COVID-19 and has determined that immediate public action is needed to prevent, minimize, or mitigate damage to public health, safety, or general welfare of the people of the Commonwealth and/or property which may otherwise result from the above described emergency; and

WHEREAS, on March 13, 2020, the President of the United States declared a National Emergency concerning the novel Coronavirus Disease (COVID-19) Outbreak; and

WHEREAS, on March 23, 2020, there is one positive case of COVID-19 afflicting a resident of the Town of Southborough; and

WHEREAS, on March 23, 2020, the Governor of Massachusetts issued COVID-19 Order No. 13 to assure continued operation of essential services, the closing of certain workplaces and prohibition of gatherings of more than ten (10) people; and

WHEREAS, the Southborough Board of Selectmen and its Board of Health have determined that immediate public action is needed in order to prevent or minimize the spread of COVID-19 by and among the people of Southborough as it can be expected to greatly impact the health and welfare of residents and employees of the Town of Southborough; and

WHEREAS, it is critical to take additional steps to prepare for, respond to, and mitigate the spread of COVID-19 to protect the health and welfare of the residents of Southborough; and

WHEREAS, the Board of Selectmen and the Board of Health, in the Town of Southborough, Massachusetts, upon advice from the Town Administrator and other advisors, have determined that the situation poses a present, reasonable and imminent danger to public health, safety, and general welfare of the residents or their property so that it has become necessary for the Town Administrator with the authorization of the Board of Selectmen, with such assistance and staff as he deems necessary, to utilize and coordinate the services, equipment, supplies and facilities of existing departments, offices, and agencies or the community, both locally, regionally, statewide and nationally, and if necessary, including the taking or ordinary and extraordinary actions for the purposes of emergency management and emergency functions to protect the public; and

WHEREAS, declaring a state of emergency will facilitate and expedite the use of resources to protect persons from the impacts of COVID-19, including but not limited to emergency expenditure pursuant to Massachusetts General Laws, Chapter 44, Section 31 and limitations on operating hours and access to public buildings.

NOW THEREFORE, we, the Town of Southborough, Board of Selectmen and Board of Health, pursuant to our respective powers under Chapter 639 of the Acts of 1950 (the "Civil Defense Act"), Chapter 111 of the Massachusetts General Laws and the regulations promulgated thereunder and all other applicable laws and regulations, issue this Declaration of Emergency in the Town of Southborough, and further, pursuant to Section 13 of the Civil Defense Act, hereby appoint the Board of Selectmen, Town Administrator and Director of Health of the Town of Southborough as the "Local Civil Defense Organization".

This declaration of emergency in the Town of Southborough is effective immediately and shall remain in effect until further notice is given by the Board of Selectmen and Board of Health and Director of Health that the Emergency no longer exists.

Nothing herein is intended to impede or interfere with the achievement of any and all goal set forth in the President's Declaration of National Emergency, the Governor's Declaration of State Emergency including the most recent gubernatorial order COVID-19 Order No. 13.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, March 16, 2021, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey opened the meeting at 6:30 P.M. and read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

I. Public Comment

None

II. Scheduled Appointments

Volunteer Interviews

i. Rachael E. O'Day – Recreation Commission, term 6/30/23

Ms. O'Day described her professional background and her desire to be involved in the community. She explained she has a young daughter and is excited to be a part of creating the opportunity for children to socialize and participate in sports. Mr. Stivers asked if she has watched any Recreation Commission meetings and she stated she had not but reviewed recent meeting minutes and had a conversation with Ms. Hansen. Ms. Hansen stated the they had a great conversation and she is looking forward to adding more energy to the Commission. Chairman Healey made a motion to appoint Rachael E. O'Day to the Recreation Commission, term 6/30/23. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

ii. Ira Schild – Golf Committee, term 6/30/21

Mr. Schild gave a background of his time living in Southborough and patronizing the Southborough Golf Course. He explained his passion for the sport and his desire to volunteer as he nears retirement. Mr. Stivers outlined goals to improve the course.

Chairman Healey made a motion to appoint Ira Schild to the Golf Committee, term 6/30/21. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

iii. David Nixon – Golf Committee, term 6/30/21

Mr. Nixon gave a background of his experience with golf course management at Framingham Country Club. The Board agreed Mr. Nixon's experience perfectly positions him to assist in the future success of the Southborough Golf Club. Chairman Healey made a motion to appoint David Nixon to the Golf Committee, term 6/30/21. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

iv. Jay Dietz – Golf Committee, term 6/30/21

Mr. Dietz gave a background of his experience managing golf tournaments and volunteering in Southborough youth sports. The Board agreed Mr. Dietz would be a good fit for this Committee. Chairman Healey made a motion to appoint Jay Dietz to the Golf Committee, term 6/30/21. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

<u>Brian Ballantine, Finance Director</u>

i. FY22 budget update

Mr. Ballantine stated that the estimated tax rate increase is now at 4.04%. The adjustments made since last update included a change to a Fire Department line item, the Algonquin debt has been finalized and the interface program for Youth and Family Services is now being funded through outside sources. The next step is for the Board to meet with the Advisory Committee and to provide any funding source questions regarding the budget. Ms. Braccio asked if there were any other adjustments that could bring the tax rate lower. Mr. Ballantine stated that other than minor items, the biggest item would be how capital items are funded. Mr. Stivers asked if there were any items from the State that could increase the tax rate. Mr. Ballantine replied local aide could increase the tax rate and he believes the State will be late with final numbers but does not expect a negative impact. Mr. Stivers asked if the newly passed stimulus package included any opportunity for budget relief. Mr. Ballantine stated that they will be meeting tomorrow to discuss this. Mr. Purple explained how funds could be dispersed and the intricacies included in qualifying for relief.

ii. Results of fee review

Chairman Healey asked if there were any items he would like to discuss outside of what is included in the budget. Mr. Ballantine stated that departmental fees are being reviewed on a regular basis internally and were presented to the Advisory Committee. He stated it was decided to follow up with the Fire and Building Departments for potential fee increases. Chairman Healey stated that most fees are set by statute or regulations and the Board has little control. Ms. Malinowski asked for a timeline for fee increase submittal from the Fire and Building Department. Mr. Ballantine replied that it would not take more than a few weeks. Mr. Stivers suggested a regular review session of all fees every two years. Mr. Ballantine agreed. Ms. Braccio asked Tim Davis, Recreation Manager if it was the appropriate time to increase the rent fees for the 9/11 Field. Mr. Davis stated that he has not been here a full year where seasons have been fully open due to the pandemic. He added that the fees are on the higher side and they are hoping for a successful spring season

which is slated to bring in $30,000 - $35,000 in fees. Chairman Healey asked that a Town of Southborough fee sheet be added to the website for public reference. Mr. Ballantine agreed.

Steve Achilles, Fire Chief – FY22 Capital – Fire tender (tanker)

Chief Achilles introduce Tom Durkin, the newly hired firefighter, to the Board. Mr. Durkin gave a brief overview of his experience with the Bolton Call Fire Department. The Board welcomed him to Southborough.

Chief Achilles gave an overview of the need for the fire tender and the grant applied to assist in the funding. Ms. Braccio asked about the number of quotes. Chief Achilles explained the process of receiving a quote and moving forward to entering into an agreement. He stated they have received strong estimates all around $400,000. Ms. Braccio stated the Capital Committee has reviewed this item and said she was in support of purchasing the fire tender. Mr. Ballantine explained that the first payment will not be made until 2023. Ms. Malinowski stated she supported the purchase of the tender. Mr. Shea agreed and asked about proper staffing for the vehicle. Chief Achilles explained his approach and how it will benefit response time and increase available water during active fires. Chief Achilles added they will be more prepared to assist mutual aid partners with the tender.

Karen Galligan, DPW Superintendent

i. Surplus designation DPW pickup truck

Chairman Healey asked the Board if there were any questions on this topic and topic three. The Board had no questions. Chairman Healey made a motion to approve the surplus designation of the DPW pickup truck and to award the grounds bid as recommended by Ms. Galligan. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

ii. Update on CSX/Main Street project

Ms. Galligan stated she received a quote of $44,000 from the CSX engineer to design sidewalks and a pedestrian crossing over the train tracks on Main Street. She stated the first pieces will be funded out of Chapter 90 funds designated from the Main Street project and Mr. Purple needs authorization to sign the engineering agreement for the Board. She outlined the next steps and timeline for the sidewalk and pedestrian crossing. Chairman Healey asked if the March 23rd meeting was an acceptable time to vote on the authorization of a document and Ms. Galligan replied that it was. There was discussion regarding cost and Ms. Galligan informed the Board that she has heard the high-end estimate is $580,000.

Chairman Healey asked about funds directed towards cities and towns from a federal level for annual road maintenance and if there should be a three to five-year plan for bonding. Ms. Braccio asked about shovel ready projects in order to receive the federal funding. Mr. Purple explained that the Board allocated Chapter 90 money to get a priority list of projects shovel ready for federal funding. He explained the priority list for the Complete Streets Grant and timing of projects with funding schedules. Ms. Braccio asked about the wastewater feasibility study and Ms. Reynolds explained the next steps. She added that the plans could change if the downtown zoning warrant article is not passed at Town Meeting. Ms. Reynolds explained the piping that could be done on Main Street by the Fay School

which could be part of the feasibility study. Mr. Shea explained the details of a sleeve pipe and gravity pipe and added that it would make sense to do this work while Main Street is being worked on.

iii. Award of Grounds bid

This item was voted in item "i." above.

iv. Water Rates recommendation

Ms. Galligan explained that the Town must pay MWRA for water use for the last calendar year. She explained how the rates are set based on usage in Boston and due to the pandemic, rates will be increasing. She stated that discussion with the Finance Team yielded a proposed water rate increase of 5% for fiscal year 2022. She added that because of the uncertainty of businesses and the economy, the analysis done concluded it would be advantageous to have money in retained earnings to pay for any shortfalls. Mr. Stivers explained in detail how Boston's water usage impacts the Town and surrounding towns. Ms. Galligan explained how rate tiers were created and what they mean. Ms. Braccio stated she was concerned that this and the proposed increases could cause sticker shock for residents. Ms. Malinowski asked how the Newton Street project could affect water rates and Ms. Galligan explained. Chairman Healey clarified that MWRA sets the water rates and not the Town. Mr. Stivers explained that the only way to decrease cost is to substantially cut back on water flow. Chairman Healey stated that since increases were due to the pandemic there could be relief from other avenues. Ms. Malinowski added that there are capital projects that could impact water rates and the Capital Planning Committee would like to know these impacts before the Selectmen vote on a water rate for 2022. There was discussion on timeframes for approving a water rate increase. There was discussion regarding the timing of the Newton Street project. Chairman Healey suggested the Capital Planning Committee review the information and report to the Board for a decision at the March 30th meeting. The Board decided to vote on the rates this evening and to assign the Capital Planning Committee to look into how the Newton Street project impacts these rates. Mr. Shea made a motion to set the fiscal year 2022 water rates with a 5% increase. Mr. Stivers seconded. Ms. Malinowski stated she agreed though it may change due to findings from the Capital Committee and a review of first quarter bills. Ms. Malinowski asked to amend the motion. Mr. Shea amended his motion to set the fiscal year 2022 water rate by 5% subject to further review after the first quarter. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

v. Newton Street water project

This item was discussed in item "iv" above.

vi. Update on the cost of recycling

Ms. Galligan explained the cost of recycling and the volatile stage at which the costs are currently. Mr. Stivers added that because of the instability of the recycling world, it would be best to look at long-term recycling opportunities and controlling the stream of recyclables. He added there are companies that could manage the recyclable flows to help redirect collected recyclables to get more value from them. Ms. Braccio added that the Public Works Planning Board and DPW should start thinking about a potential sticker fee increase. Ms. Galligan stated that is usually done in April or May and they will look into it.

vii. Update and discussion re: Chapter 90 planning

Ms. Braccio explained the discussions being had by the Capital Planning Committee and asked the Board to work in conjunction with them on this topic. She added this was discussed under item ii."

viii. Update on Shared Streets project – Award of bid

Ms. Galligan recommended that the Board not award the contract and go back out to bid and award in April. She explained that separating the projects into multiple bids would likely yield better pricing and save the Town money. Mr. Purple explained that he spoke with Representative Dykema who felt confident that MASSDOT would allow an extension after sending in a letter of request. Ms. Galligan stated she would like to request Chapter 90 funds for the sidewalk maintenance and explained how in doing so they would receive more funds. She explained the timeline for funding and work to begin. Ms. Galligan explained the Chapter 90 funds allotted for Newton Street and downtown sidewalks. Mr. Shea made a motion to reject the bid for the Shared Streets project in the best interest of the Town. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

ix. Complete Streets priority list

Ms. Galligan asked the Board to accept the policy as it needs to be submitted to MASSDOT by April 1st. Chairman Healey asked if the Public Works Planning Board had reviewed the document and Mr. Stivers said they had and there is one project he would like to add. Ms. Braccio suggested mothers in Town be included in the group for feedback and stated only seventeen of the projects listed are on the southside of Town. Ms. Braccio spoke about the train station and connectivity, playgrounds and the recreation field at Liberty Estates all located on the southside. There was discussion about the addition of sidewalks in Town and the now disbanded Sidewalk Committee. Mr. Stivers proposed to add a pedestrian bridge at Oak Hill Road and Central Street. Chairman Healey made a motion to approve the proposed Complete Street Priority list for submission to the State with the amendment proposed by Mr. Stivers. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

III. Reports

<u>Chairman's Report</u>

i. Cemetery/Old Burial Ground Issues: Veterans and Historical Commission Communications

Chairman Healey summarized the communications regarding the flags at the Old Burial Ground and communications between veterans and Michael Weishan, the Chairman of the Historical Commission. He summarized Mr. Weishan's previous similar conduct which resulted in a two-year hiatus from the Historical Commission. He added that the Board was assured by him at his reappointment months ago that the conduct will not be repeated. Chairman Healey summarized Mr. Weishan's conduct with members of the Building Department earlier in the week. He then explained the conversation he had with Mr. Weishan regarding the complaints regarding the flags that Mr. Weishan brought to the veterans. Chairman Healey stated that the jurisdiction over the Old Burial Ground lies with the Board and not Mr. Weishan and explained incomplete and misinformation distributed by Mr. Weishan. He stated that this is not an isolated issue as it occurred two years ago and

twice this week. He stated that he would like the Board to add an agenda item to a future meeting regarding the flag complaints at the Old Burial Ground which would include the opportunity for Southborough veterans to speak. He also asked that the Board discuss the status of the Historical Commission at a future meeting as well. Chairman Healey invited Dan Kolenda to speak.

Mr. Kolenda thanked the Board for bringing this issue forward. He stated that the manner in which the complaints regarding flags at the Old Burial Ground had been handled offended many members of the veteran community and explained the history of the Gadsden Flag. He stated the veterans are looking for respectful discussion about issues from Town officials. He stated that threats to go to a Board or the media is unacceptable. He asked that the flag complaints be included on a future agenda with input from the veteran community and hopes that the conduct of issuing threats and coerciveness be addressed by the Board.

Mr. Whynot explained that Mr. Weishan told him, "I hope we can come to an understanding so it doesn't have to go to the Board of Selectmen or media" and he felt this was egregious and ludicrous. He stated that the call with Mr. Weishan was not pleasant and he was taken aback. He asked that this topic be added to a future meeting to be handled appropriately. He stated that he did not feel the flags were in the wrong place and stated he would like to speak about the flags at a future meeting as well.

Mr. Weishan stated that the veterans are not a monolithic group and the Historical Society voted 7-1 to remove the flags. He stated that everyone was allowed to join this Zoom meeting and that if you polled the average person, they would agree the flags are not representative all the people of Southborough. He added that he would not speak to his conduct and stated he is disappointed in the Board and Marty Healey in particular. Mr. Weishan stated that he is ready to work with the Board and that any accusations that he was threatening are incorrect. Chairman Healey told Mr. Weishan he tends to misstate occurrences and stated these topics will be addressed at a later meeting where the veterans would be invited to participate.

Chairman Healey stated that Mr. Purple's evaluation will be on the agenda for March 23, 2021.

<u>Members' Reports</u>

ii. Update on Downtown District project and scheduling of public forum

Ms. Braccio asked that the Board commit to a public forum in order to begin to move forward with a document to include in the warrant. She explained to the Board updates made by Ms. Barrett and Attorney Costa. The Board agreed to hold a public forum on March 30 and Ms. Braccio will reach out to Ms. Barrett and Attorney Costa to invite them to attend.

iii. Update on BOS Office Hours

Ms. Malinowski stated there was one attendee and due to the frequency of upcoming meetings, she suggested Office Hours be held closer to Town Meeting to discuss the articles.

Ms. Malinowski stated that the Rent and Mortgage Program has restarted yesterday and is included on the website. She stated that the Stockwell Lane property is now on the market.

iv. Board of Health update

Mr. Stivers stated there are open issues relative to the Board of Health and their need of a full-time director and full-time administrative assistant. He stated that Advisory has not come to a decision about these positions and asked the Board prepare for a future discussion regarding this. Ms. Braccio asked about the status of regionalizing health services. Chairman Healey stated that there is a back and forth with the Board of Health and their budget for next year. He added that he would like them to attend the April 6th meeting for a discussion.

Town Administrator Report

i. COVID update

Mr. Purple stated there was a vaccination clinic conducted at Colonial Gardens on March 5th and another set of doses will be coming in the beginning of April for their second shot. He stated that a regional vaccination site has been approved by the state for the boroughs and other communities. He thanked Representative Dykema for her help to move this forward. He stated that the clinic should be ready in two weeks and will be located at the DoubleTree in Westborough. He stated that he is meeting with CERT volunteers, paramedics and others to coordinate staffing.

Mr. Purple told the Board that the Board of Health is moving forward to implement their proposal to increase their staffing hours in fiscal year 2022 from 57-120 hours. He stated that Advisory feels they can achieve a more collaborative approach to fill any gaps and explained the Shared Services Grant that is available. He added that he spoke with Ms. Woodford, Chair of the Board of Health, who stated that the track record for regionalization has not been a good one. He added that he received a phone call from the Northborough Town Administrator before the meeting informing him that Ms. Woodford told him they were not interested in moving forward with regionalization. Chairman Healey asked that the Board of Health attend the April 6th meeting to discuss regionalization. Ms. Braccio agreed and stated that the decision to regionalize or not should be based on what is best for the tax payers. Ms. Malinowski asked if the Board of Health met to vote on regionalization and Mr. Purple replied that he does not believe they did. She asked about a timeline for the grant application and Mr. Purple explained a letter of intent was due yesterday and could have already been submitted. Mr. Shea and Mr. Stivers both agreed that a discussion regarding regionalization should be had to come to the right solution for the Town.

IV. Consent Agenda

a. Approve Open Session Minutes: March 2, 2021

Ms. Malinowski asked to hold item "a." Ms. Malinowski asked that "draft RFP" be added to line 119. The Board agreed. Chairman Healey made a motion to approve Open Session Minutes: March 2, 2021 with the amendment stated by Ms. Malinowski. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Ms. Malinowski asked to hold item "b." Ms. Malinowski explained the funding in regards to the bid proposal. She stated there is potential that the budget could exceed a $15,000 overage without using contingency money and it could be more if contingency

funds are needed. She stated that she is not in favor of using the revolving fund to source the $15,000. She added that the project is subject to the Capital Policy previously approved by the Board. Chairman Healey asked if Ms. Malinowski's request is to not approve this tonight and to bring this item to the Capital Committee for consideration. Ms. Malinowski replied in the affirmative. Chairman Healey asked Mr. Davis if this would impact his timeline and Mr. Davis explained. Chairman Healey suggested that they proceed to review the contract and work in parallel during the Capital Committee review process. Ms. Braccio suggested reaching out to the Capital Committee to schedule a meeting so as not to hinder the progress of the project. Chairman Healey made a motion to award the Richardson Tennis Court Lighting project to Island Lighting and Power Systems contingent on approval by the Capital Planning Committee. Mr. Stivers seconded. Ms. Malinowski stated that this is an example of how the Board could resolve overages and future oversight of projects. She stated that as the Board reviews projects in the future, they need to remember this process and where there were failures and delays. Ms. Braccio suggested Mr. Davis reach out to the Capital Planning Committee to move this forward in an expedited manner. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Chairman Healey made a motion to approve the donation to Recreation Department. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

V. Other Matters Properly Before the Board

Chairman Healey pointed out that the scheduling of Board meetings has already been discussed and agreed upon. He stated that the discussion of committee vacancies will be pushed to a future meeting. Chairman Healey asked the Board to think about whether a bicycle committee should be a freestanding committee or whether it should be included in a pedestrian/transportation committee.

<u>Review of RFP for disposition of 21 Highland Street</u>

Ms. Malinowski thanked Ms. Esposito for her work on the RFP and explained the weighted point system. There was discussion regarding the categories, the point system and the potential bids received. Mr. Purple explained the proposed schedule included in the document and explained the timeline requirements. He told the Board this needs to be decided upon this evening. Ms. Braccio stated she supports the document and Chairman Healey added that conceptually, the system makes sense. Mr. Stivers stated he would make more changes to the document. Ms. Malinowski explained that the Adaptive Reuse of Historic Buildings bylaw adopted in 2017 is included in the document and added as this property is located in the Residence B district, there is more allowed by right. Mr. Purple asked if the appraisal should be included in the RFP and the Board agreed it should. Mr. Purple stated Town Counsel will review this document if it is approved tonight. Chairman Healey made a motion to approve the RFP for South Union School subject to Town Counsel's review and it will not need to come back to the Board for any non-substantive changes. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

<u>Review of RFP for Legal Services</u>

Chairman Healey stated the changes he made to the draft RFP were typo corrections and structure revisions and nothing substantive. Chairman Healey made a motion to approve

the RFP for legal services. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Scheduling of ATM warrant articles review & department budget reviews
This item was discussed under Members' Updates.

Update on One Stop Grant Expression of Interest submission for projects
Ms. Hale said that included in the packet are a memo and two correspondences regarding the One Stop Grant Program. She described the projects proposed by the EDC, DPW and SHOPC. Ms. Hale explained the process and the letter of intent deadline of April 1st. Chairman Healey stated he was impressed by the coordinated effort here and he is completely in favor. Ms. Braccio explained that there can be up to five letters of intent and there are two opportunities still available. Ms. Malinowski asked about the next steps and Ms. Hale explained. Chairman Healey volunteered to be the Board liaison for the One Stop Grant process.

Mr. Stivers stated there is a list of sixty projects on the Complete Streets Project and hoped there could be some that apply for the One Stop Grant. He stated that Route 9 development would help stimulate tax income and suggested there could be opportunities within housing and transit within the Stimulus Act. Chairman Healey stated he hopes to have draft letters of interest for the next meeting.

Discussion of committee vacancy update Golf Course, Recreation, Arts Council
This item was moved to a future meeting as stated by Chairman Healey.

New committees - Bicycle, Southborough 300th
This item was moved to a future meeting as stated by Chairman Healey.

VI. Public Comment
None

VII. On a motion made by Chairman Healey, seconded by Ms. Braccio and voted all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 11:04 P.M.

Active Transportation and Safety Committee

The committee is organized to work to improve bicycling and pedestrian conditions in the Town of Westborough. It will strive to create a comprehensive view of bicycle and pedestrian related activities in Westborough. The committee will make it possible for all town groups and departments to coordinate activities that involve or affect cycling and walking in Westborough.

The committee will perform the following activities:

- Advise the Board of Selectmen and other town officials, boards, commissions, committees, and departments on matters related to proposed recreational paths and physical improvements to street infrastructure.
- Work with the Open Space Preservation Committee and other town departments and boards to develop a "Rail Trail" along an old trolley line.
- Work with local businesses to encourage a bicycle community and community investment in bicycle racks, signage, and other mutually beneficial amenities.
- Coordinate with the Massachusetts Bay Transit Authority (MBTA), the Central Massachusetts Regional Planning Commission (CMRPC), and the Worcester Regional Transit Authority (WRTA) to develop intermodal transportation solutions.
- Work with the Police Department and the Department of Public Works to encourage safe biking and walking.
- Encourage bicycle education and riding skills development to improve safety for cyclists of all ages.
- Coordinate with neighboring communities to provide inter-town opportunities for cycling and walking.

Department	Comment
Accounting	None
Treasurer	Most controlled by statute. Two fees are by Town Meeting - do not recommend change as they are in line with other communities.
Building	Plumbing, gas, electrical recently reviewed and are found to be low compared to other communities.
Building	Building Permits reviewed for 2019 - costs are reasonable compared to other Towns, some room for movement
Police	Some set be Collective bargaining, others by either bylaw (burglar alarm fees) or State Law
Assessors	Only fee is abutters list - Assessors will maintain current fee as it is appropriate.
BOH	Reviewed every two years. Soil test fees recently adjusted. Some further adjustments being considered (pool inspections).
Youth-Family	None
EDC	None
Veterans Dept	None
Fire Dept	Have reviewed recently and Department is raising eight fees - estimated revenue of 12K.
Facilities Dept	None
Conservation	Any adjustments would be change to regs. Stormwater bylaw & order of conditions may be adjusted but new revenue will be minor. Commission discussing.
DPW	Trench fee is set however Department does not recommend changing - fee is appropriate.
Planning	No recommended change in current fees. May add new application fee.
Recreation	No immediate change however rates to be reviewed next year.

BICYCLE ADVISORY COMMITTEE

The Bicycle Advisory Committee (BAC) is an advisory committee to the Board of Selectmen. It replaces the Minuteman Commuter Bikeway committee which was established in 1992 and has since been dissolved.

The functions to be performed by the reorganized committee are listed below. These functions are to be performed consistent with the terms of the License Agreement of December 1987 between the Massachusetts Bay Transit Authority (MBTA) and the Town of Lexington. The agreement specifies, "Lexington agrees that it will use the line segment as 'a Bikeway', a way established for the passage of bicycles and other conveyances which operate without motor power."

Members:	9
Liaisons:	Selectmen, Conservation Commission, Planning Board and Recreation Committee
Appointed by:	Board of Selectmen
Length of Term:	3 years, staggered appointments
Appointments Made:	September 30

Description:

The Committee shall advise the Selectmen on all matters relating to bicycle routes and general bicycle policy to serve the best interests of the Town of Lexington and its citizens and those of neighboring communities affected by these facilities. These functions include but are not limited to:

1. Monitoring and advising on the Minuteman Commuter Bikeway and on other approved routes in Town with attention to such factors as safety, landscaping, drainage, signage, and other related factors.
2. Monitoring and advising on the operation, maintenance, and security of the Lexington bicycling facilities with the objective of encouraging their harmonious use and enjoyment by a variety of patrons, including all non-motorized users.
3. Working with Town officials, State agencies and representatives of nearby towns to develop connecting bikeways and bicycle routes, agreed upon rules of the road and consistent policies and procedures for the operation, maintenance and security of the Bikeway and other bicycle routes.
4. Collaborating with non-government groups and associations to encourage and coordinate participation in the care and maintenance of Lexington bicycle facilities, safety programs, and other educational efforts.
5. Working with Town committees and employees and with commercial interests to promote bicycling activities and amenities that will benefit Lexington and other communities.
6. Articulating and responding to the concerns and interests of abutters, commuters, and other users of the Lexington bicycling facilities.
7. Reviewing and advising on proposals for the extension of the Minuteman Commuter Bikeway and its linkage to bikeways in adjacent towns.

Criteria for Membership:

The citizens should be committed to the functioning of the Committee. Citizen members will serve for three-year terms on a staggered basis, with three to be appointed or reappointed each year at the end of September.

A position of honorary membership shall be given for life to individuals by unanimous committee vote for their extraordinary service to committee goals and to the community at large.

Policies and Procedures:

Meetings will be held bimonthly throughout the year, alternating with Friends of the Minuteman Bikeway and at a specific date, time and place announced in advance. All meetings will be open to the public.

Minutes will be taken at each meeting.

On its first meeting following the appointment process, the Committee will elect one of its members to serve as Chair for the following year. The Chair can be removed for cause at any time by a majority vote of members present in public meeting, providing a quorum of seven (7) Committee members are present.

The Chair may appoint ad hoc subcommittees from the membership from time to time to study specific issues of concern to the Committee. Such ad hoc groups shall serve for periods not exceeding one year, unless formally extended, and their work will deal exclusively with the purpose announced when created.

Reference:

Original charge adopted by the Selectmen on October 21, 1992; revised November 1994.
Charge revised November 2001.
Board of Selectmen voted to designate as Special Municipal Employees on 1/18/06.
Revised charge reflecting correction to membership and liaisons on October 6, 2014.

CAPITAL PURCHASE REQUEST - WATER TENDER (TANKER)

Project Description and Budget

The Southborough Fire Department is seeking to receive favorable consideration for funding to purchase a Type 1 Water Tender. The department does not currently maintain or own a water tender. The amount requested for this project is $400,000.00 and will cover the vehicle and all required equipment to meet the qualifications of a Type 1 Water Tender. No facility modifications will be required to properly house the water tender.

Representation of a Type 1 Water Tender

Although 85% of the occupancies in the town are covered by hydrants, the remaining 15% represent high to significant risk according to the findings of the department's 2020 Community Risk Analysis / Standard of Cover program. These areas are considered "off-hydrant" and include residential neighborhoods in the northeast section of the town, forest and open lands around the Sudbury Reservoir, Interstates 495 and 90, and isolated areas within the current hydrant district. Factors considered that elevated the community risk in these locations include 1) the required fire flows, 2) access to occupancies, 3) lack of fire protection systems, 4) impact to life safety, 5) distance to available fire hydrants and static sources, and 6) the extended response time of available automatic and mutual aid water tenders.

32 CORDAVILLE ROAD
SOUTHBOROUGH, MA 01772
(508)-485-3235 (508)-485-3887 (FAX)

The acquisition of a Type 1 water tender would provide an additional 2000 gallons or more to supplement the initial arriving engine's 1000 gallons tank water to a total of 3000 total gallons; extending offensive, 1 ¾ " hand line fire operations from 5 to 15 minutes of uninterrupted extinguishment capabilities. As the closest automatic aid water tender is 20 minutes total response time from a majority of off-hydrant areas, the department could significantly improve fire operations and firefighter safety. The project, if not awarded through AFG, is proposed to be added into the town's capital improvement plan with a date to be determined.

This request is consistent with the department's mission to "provide prompt and highly effective public safety and prevention services to our citizens, businesses and visitors" and the goal to "strengthen reliable delivery of essential emergency and non-emergency services". The request will also support risk reduction measures to areas identified in the department's 2020 Community Risk Analysis / Standard of Cover Report.

Operations and Safety Cost Benefit

The department apparatus and vehicle inventory is comprised of two Type 1 engines with 1000 gallon tanks each, one Type 1 tower-aerial-pumper with 300 gallons, one Type 6 forestry with 300 gallons, two Type 1 advanced life support ambulances and three non-typed response vehicles. The department's apparatus inventory does not include a water tender of any size or type. As noted earlier, the plan to add a Type 1 water tender to the available inventory would address identified community risks. The department and town recognize that the most dependable source of fire suppression water comes from fire hydrants near an incident. Recently the town reviewed the opportunities to extend the municipal water supply to the largest area of the community without fire hydrants. This area is located in the northeast corner of the town and contains 120 large, single family residential occupancies. The town's preferred approach is to collaborate with two adjacent communities (Framingham and Marlborough) and extend their water lines to cover the area. The cost estimate to complete such a project including hydrants is $2.5 million dollars. As this area is isolated and at the end of both communities' systems, an elevated storage tank will likely be required to improve static pressure. The cost for this has not be estimated or included. Based on the aforementioned, both the town and department strongly believe that compared to the time and cost to extend the municipal water supply to cover the lack of fire protection water supply, the cost effectiveness of this grant request is evident and straightforward. Related to sharing assets, with only four (4) Type 1 water tenders with 25 minutes response time and eight (8) total within the department's mutual aid district, a water tender would provide a valuable and much needed automatic and mutual aid regional fire suppression resource. The department has also received favorable and strong support from adjacent fire departments as a Type 1 water tender would improve the available mobile firefighting water supply to high risk areas of their jurisdictions.

Statement of Effect on Operations

A Type 1 water tender will be deployed as the 2nd due unit to all reported structure, vehicle, refuse, and wildland fires in off-hydrant areas in place of a Type 1 engine. The unit will also be deployed to the same call types in the hydrant areas to support initial operations hampered by access to or availability of fire hydrants. A Type 1 water tender will be staffed with on-duty personnel or with recall members as required and be immediately available to respond to any and all mutual aid requests. The Southborough Fire Department strongly believes that any delay in the acquisition of Type 1 water tender will impact the department's ability to meet the published service level objectives of 1) conducting search and rescue, confining fire damage to the floor of origin, and limiting extension of fire, smoke and heat damage to the building of origin for moderate to significant risk structure fires in off -hydrant areas and 2) controlling the fire to the area of origin on a high fire danger day without spread to adjacent structures or escalating to a size requiring significant additional resources including mutual aid for moderate to significant risk wildland fires in off-hydrant areas.

Subject: RE: Town Fee Review

Hi Brian:
Sorry late getting back to you on this. I anticipate that planning will not be changing their current fees already listed for their application fees, see attached. We might however add the Special Permit for Adaptive Reuse of Historic Buildings to the list but would be the same application fee as the other special permits listed anyway. A new application fee we might want to add is for "Scenic Road Stonewall and Tree Removal" which might be in the $50 to $100 range per application (usually have 2-4 of these per year, so about $200-$400 estimated per year, not big revenue but something), right now I don't believe we charge an application fee for that, still need to do some research on appropriate application fee for this.

There may also be a need in the future to add an application fee for a "Public Shade Tree Removal" once the draft Public Shade Tree Policy is finalized.

Thanks,

Karina G. Quinn, P.E.

RE: Recreation Department Fee Assessment

Program Fees

The Recreation Department charges fees for all activity programming sponsored by the department. The fees assessed vary program to program, season to season, and year to year. Fees are determined based on the structure of the offering. For example, if the program is run in house by recreation staff, fees are lower as our expenses are fewer. For contracted programming, we must recoup the per student cost, plus operating costs (credit card fees, staff salaries, etc). Our programs can span a cost of $30-$200 for 1-6 week programs. Program fees are adjusted on a rolling basis. Any profits are collected and held in the Department's revolving account for future use.

Summer Camp programming is the most expensive given the amount of staff, operating costs, supplies, and extracurricular activity that is involved (field trips, transportation, on site entertainment, etc). For 2021, Summer Camp fees are anticipated at $150-$200 a week. This fee is re-evaluated yearly based on planned expenses each summer.

Free programs to the community include Summer Nights, Heritage Day, Summer Concert Series, and Summer Movie Series. These are funded from programming profits and assistance from grants and support from the Friends of Southborough Recreation organization.

Field Rental Fees

Field Rental fees are set for resident and non-resident user groups. Fees are applied to use of outdoor recreation fields, school gymnasiums, and pavilions. Set by the Recreation Commission, fees vary from hourly rates to price per user dependent on the make up of the organization.

9/11 Memorial Turf Field operates solely on a per hour rate of $85.00 for all user groups with the exception of the School Department (free use). The last study to set the turf rate was conducted late 2016-2017. It is anticipated that this rate will be again re-evaluated once a full calendar year is successfully executed. Public health emergencies have cut season short consistently since 2019 and our ability to view this fee as viable has been disrupted.

Subject: RE: Town Fee Review

Hi Brian,

The Conservation Commission issues fees under two bylaws: Wetlands Protection & Stormwater & Erosion Control Bylaw

The last time fees were reassessed was in 2015 for the Wetlands bylaw only. In order to change any fees it would require a change to the regulations (Town Meeting not required). The Commission has discussed updating the regulations and bylaw to reflect recent information regarding nature resource preservation. The Commission has been hesitant to increase fees due to the burden on homeowners. One area that the Commission may increase is peer review fees which is solely used to pay for third party reviews and unused funds are returned at the end of the project (thus no impact on town revenue). The Commission could consider issuing fees for an amended Order of Condition or Extension Request but have found that typically these are being requested already because of cost burdens. The fees would be minor, most likely $25-50 per request and the Commission receives maybe 5 a year.

The fees under the Stormwater bylaw have not yet been discussed but there is a possibility to increase the residential fee from $50 to $100 which is more consistent with surrounding communities with a similar bylaw. Other towns also have more than 2 types of applications and fees that expand more on commercial development versus residential projects. We receive roughly 5-10 applications a year that range from small residential projects to large subdivisions and commercial property changes. Changes to these fees would allow the town to see possibly $200-$400 per year if we were to increase residential applications by $50. Again, the Commission has been concerned with directly the cost directly to homeowners as the fee increase would bring in a small amount of revenue but is taken directly out of homeowner pockets versus developers or large commercial properties. Most of the projects that would be affected would be homeowners that are rebuilding or renovating their existing home or single lots that are now being built for their own homes.

Sincerely,

Melissa Danza

Subject: Re: Town Fee Review

Hello Brian:
The Southborough Board of Health continually reviews its FEE SCHEDULE every two years or so. I just presented a revision to our Fee Schedule for Soil Tests witnessing which was formally voted and adopted by the Board of Health. The Board's staff regularly make recommendations for Fee adjustments. All fee adjustments are voted upon by the Board of Health.
I have had discussions with Dennis Costello concerning adjustments for the Summer Camps and semi-public swimming pool inspections and I believe we will be make adjustments for those fees. The adjustments are always to increase the FEE to reflect the actual cost to administer and conduct the inspection. Some of the cost increases are tied to newer State Code requirements as well as staff hourly pay rate increases.
I will have Barbara Spiri send you our latest revised FEE SCHEDULE. There should be a date on these fee sheets reflecting the latest date of revision or adoption.

Subject: Town Fee Review

Hello All,

Advisory has recommended a review of Town fees and charges assessed throughout all Departments. We last did this many years ago and it is prudent we review them periodically for any adjustment.

Can all of you review any fees you assess and let me know by next Friday whether you would recommend changing any of the fees you charge, and if so and you have an idea on how much additional revenue that would realize please add that. Any recommended changes should, of course, be justified (consistent with other communities, etc).

If you do not assess any fees, or you do recommend keeping all your fees the same, please advise.

Many thanks and Happy Budget Season -

Brian Ballantine

Regarding Plumbing, gas, and electrical permit fees

Over the last two years of my employment I have routinely received several phone calls from electrical and plumbing contractors who question our permit fees because they do not believe that our fees that they see online are truly accurate. They are so low that the contractors cannot believe they are accurate. Currently, the Building Department charges a flat fee of $52 per inspection for residential properties and $156 flat rate for commercial properties.

In researching surrounding communities, I have found that we are, in fact, under-charging. For example, for a new residential home constructed, the Town of Westborough charges $100 plus an additional $20 per fixture for plumbing and gas permits. Electrical fees are $50 plus $10 per $1000 of the cost of the electrical construction cost. The Town of Southborough, for a new construction for electrical, plumbing and gas, only $104 flat rate is charged for electrical and plumbing with an additional $52 if there are underground conduits and/or piping being installed. To further illustrate the point, consider the difference in fees charged for the exact same project the only difference is the town that the project is done in.

New construction single family home, 3500 sq ft. two car garage

- Electrical fixtures to be installed: 35 Cost of electrical construction: $25,000
- Plumbing fixtures to be installed: 15
- Gas fixtures to be installed: 8

In the Town of Westborough fees would be charged as follows:

- Electrical permit fee: $300
- Plumbing permit fee: $400
- Gas permit fee: $260
- Grand total: $960

In the Town of Southborough, fees would be charged as follows (maximum possible amounts shown):

- Electrical permit fee: $156
- Plumbing permit fee: $156
- Gas permit fee: $156
- Grand total of $468

Total lost possible revenue lost: $492.00

Similar charges of a flat rate with an additional cost per fixture installed are charged for additions and alterations.

Many of the permit applications received are for single fixture replacement, such as a water heater, new sink in a kitchen or bathroom, or an electrical outlet installation. Westborough charges a flat rate of $60 for a single fixture replacement. Southborough charges $52. We receive roughly 500 or more single fixture replacements permits for electrical, plumbing and gas combined. The difference between what Southborough would charge and what Westborough would charge for the same 500 permits would be $4,000 in opportunity cost.

Attached are the fee schedules for surrounding communities.

Enjoy ☺

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, March 2, 2021, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey opened the meeting at 6:30 P.M. and read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

None

II. Scheduled Appointments

Municipal Technology Committee – update

i. Town Technology Strategy & Survey

Ms. Varner walked the Board through the presentation provided in the packet. Chairman Healey asked the Committee for their strategy to deliver and accommodate those that are technologically challenged with this survey. Ms. Varner described strategic targeting which included fliers at the Senior Center and where people congregate, simple and explicit instructions and options for taking the survey offline. Chairman Healey suggested urging boards and committee to reach out to the constituents to increase survey response. Ms. Malinowski suggested making iPads available at the Senior Center with volunteers to aid. She asked about leveraging software across departments. Ms. Varner explained the former IT Director began to map out the software and the Committee is continuing that effort. Ms. Malinowski asked about a process to uncover opportunities for automation implementation throughout departments. Ms. Varner stated that the Committee will be working closely with the new IT Manager when they are hired but stated they are earmarking areas that could be completely automated or outsourced. Mr. Probst described the staffing request for the IT Department for fiscal year 2022.

DRAFT

Mr. Shea asked about a timeframe for rolling out the survey and Mr. Probst stated that he hoped to have it out by mid-March and keep it open for two weeks. Mr. Shea suggested the Committee increase the time they leave the survey open as traditional ways to interact with people are no longer available during the pandemic. He asked if the Committee were planning on presenting data found from the survey at Town Meeting or to wait and use it as a platform to promote the survey. Mr. Probst described their hybrid approach to present some key data at Town Meeting while taking the time to encourage more participants. Mr. Stivers stated that staffing is a consistent issue in the IT Department and with the risk of cyber security, it is needed along with the application of simple technology to improve productivity. Ms. Braccio stated her concern that section six of the document describing recommendations could potentially clash with the ideas of a new IT Director. Ms. Varner stated that a seasoned IT professional will bring much needed value-added input. Mr. Probst stated that the IT Director is a member of the MTC and they will work in a partnership.

Mr. Purple praised Mr. Probst for his work assisting Ms. Hale in vetting IT Director candidates. He explained the steps needed in order to expand the part-time IT position to full-time. There was discussion regarding the SAP and CARES ACT. Chairman Healey asked that this item be added to the March 16th agenda.

<u>Capital Planning Committee</u>

i. FY22 Recommended Capital

Mr. Malinowski called the Capital Planning Committee to order at 7:37 P.M. Mr. Malinowski walked the Board through the presentation included in the packet entitled "Capital Planning Committee FY22 Recommendation for Town Meeting." Chairman Healey asked for clarification on the split vote for the Town House bathroom renovations. Mr. Malinowski explained that six members voted against renovating the two bathrooms and four members voted in favor of renovating one bathroom. Chairman Healey asked about the support for funding a new tanker truck. Mr. Malinowski explained that the Committee voted six in favor to support a new tanker truck for the Fire Department regardless of the funding source. He explained that a payment would not be made on this until fiscal year 2023. Mr. Shea asked if there are enough personnel to drive the tanker and Chairman Healey requested a discussion be held at the March 16th meeting to drill down into the recommended items. Mr. Stivers stated he was interested in the possibility of funding MWRA firefighter water where there are no hydrants or where hydrants challenging to access. He added he is in support of purchasing the tanker. Ms. Braccio stated she voted on all the items as a member of the Committee. Mr. Malinowski asked the Board to take a position on the recommendations. Ms. Braccio requested the Board take a position by the end of the March 16th meeting. The Board agreed. Mr. Malinowski asked if the Board would like to invite any stakeholders to the March 16th meeting in addition to the Fire Chief. Mr. Shea stated that the previous year a number of departments came to Board meetings to present their budgets and he would like to see the full picture of budget requests. There was discussion of the watermain on Newton Street and Mr. Malinowski stated there will be a recommendation from the Committee in the future. Ms. Malinowski asked if the Committee were going to vet other CPC articles. Mr. Malinowski explained the OneStop Grant Funding and collaboration with the EDC.

ii. Bylaw language for Capital Improvement and Planning Committee

DRAFT

Chairman Healey asked for clarification on member terms and Mr. Malinowski explained. Chairman Healey made a motion to approved the proposed revised bylaw language and composition for the Capital Improvement and Planning Committee. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

ii. South Union School – Next Steps

Mr. Malinowski summarized the previous discussions regarding the South Union School and stated that the Committee recommended that the Board list the property prior to Town Meeting. He suggested the Board discuss any conditions to include in the bid. The Board discussed the potential for unfavorable bids due to the inclusion of conditions. The sale of Fayville Hall was discussed as an example. Ms. Braccio suggested including options in the bid as opposed to conditions. Mr. Purple explained the logistics of doing this and cautioned the Board from giving too many options. Ms. Malinowski suggested the options include the purchase of the building and maintaining the façade for historical purposes and purchasing the building without needing to maintain the façade. She added that Town Meeting will ultimately decide but there would be no question as to what the potential price of the building may be. Mr. Shea asked if the Demolition Delay Bylaw would enable the Town to accept a bid without conditions. He also raised concern about the length of time this discussion could take at Town Meeting as he felt it would be controversial. He added that many articles were delayed in the previous Town Meeting due to the pandemic and questioned whether this would be asking too much of residents. Mr. Malinowski stated that moving forward with the bid process would at the very least give the Board valuable data regarding this property. There was discussion regarding holding a fall Town Meeting, the timing for the bid process and the Demo Delay and the potential of not acting on bids. Ms. Malinowski volunteered to work with Mr. Purple on a process timeline to bring to the Board on March 16th. Mr. Malinowski made a motion to adjourn the Capital Planning Committee meeting at 8:50 P.M. Mr. Pfaff seconded. The motion passed all in favor (5-0-0) by roll call vote.

III. Reports

Chairman's Report

i. Town Committee vacancies

Chairman Healey asked about increasing awareness to board and committee vacancies. Ms. Hale stated that speaking about them at Board meetings increases publicity. Mr. Stivers suggested using census information to target residents. Ms. Braccio suggested discussing a specific vacancy at each meeting and including a volunteer flier in tax bills. Ms. Malinowski stated that she has been reaching out to parents regarding available opportunities and has had success. She added that a number of vacancies require a member from another board and that some positions exclude the ability to have a citizen at large. Chairman Healey stated the Board will speak to one to two board and committee vacancies a month.

ii. Scheduling of joint meetings with Advisory and Capital Planning

The Board agreed to meet with the Advisory Committee on April 13th. Mr. Purple stated that April 13th will be held for this joint meeting pending the determination of a Town Meeting date.

iii. Downtown Initiative update

DRAFT

Chairman Healey stated there is a meeting tomorrow with interested parties to discuss the details and questions that were brought to light during the Planning Board public hearing for the Downtown Initiative.

Members' Reports

Ms. Malinowski stated Youth and Family Services distributed a community assessment of needs survey and urged all to take it.

i. BOS Office Hours

Mr. Shea stated Karen Wheeler attended to advocate for the creation of a climate/sustainability committee. He stated information was sent to Mr. Purple regarding this. Mr. Purple stated he had a conversation with Ms. Wheeler and Mr. Parent who manages Green Community projects. There is ongoing discussion regarding the necessity for a committee and Mr. Purple stated he will follow up with the Board when decisions have been made.

Mr. Shea stated representatives from the EDC attended Office Hours to touch base after the Planning Board public hearing regarding the Downtown Initiative. He added Mr. Pfaff joined to ask the Board to reach out to SAM to schedule more meeting recordings on public television rather than relying solely on YouTube.

ii. Board of Health update

Mr. Stivers stated that the Board of Health is having issues filling a full-time position because currently there is no permanent funding source. He added that they are finding quality candidates but are not able to secure them due to funding issues.

Mr. Stivers stated that the current stimulus bill was approved by the House and is being reviewed by the Senate. He added that if it were to pass, the share for Southborough would be $5.8 million. He suggested creatively generating projects for these funds within the regulations.

Town Administrator Report

i. COVID-19 vaccination updates

Mr. Purple stated there will be a COVID-19 vaccination clinic at Colonial Gardens on the morning of March 5th. The Fire Department and Board of Health will be assisting at the clinic. He added that the Town has put an application into the State to have a regional vaccination site and are on a waiting list. He thanked Representative Dykema and others in the region for supporting this bill. Mr. Purple said that when more vaccinations become available, some regional sites will be approved and hopes this is one of them.

Mr. Purple stated he has been working with Dr. Alker and Chief Achilles to create a plan to bring employees back into building on a more regular basis beginning in April. He stated another meeting of the Return to Workplace Working Group will be conducted to create a strategy to do this.

Mr. Purple informed the Board and public that National Day of Unplugging is March 5th – 6th.

IV. Consent Agenda

DRAFT

a. Ms. Malinowski asked to hold agenda item "a." She stated that "question" is misspelled on page three, paragraph three. Chairman Healey made a motion to approve Open Session Minutes: February 16, 2021 with the revision described by Ms. Malinowski. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Mr. Stivers asked to hold agenda item "b." Mr. Stivers stated there were two bids received and asked if there was a recommendation. Ms. Braccio stated that the EDC voted at their last meeting to support the bid recommended by the consultant. Mr. Purple stated that Ms. Galligan is in support of the bid as presented. Chairman Healey made a motion to award the bid for Wastewater Study under EEA Grant. Ms. Malinowski seconded. The motion passed (4-0-1) by roll call vote, Braccio, aye; Malinowski, aye; Stivers, aye; Healey, aye. Mr. Shea recused.

c. Mr. Stivers asked to hold agenda item "c." Mr. Stivers questioned why the bid was low. Mr. Davis explained that the architect for the Recreation Commission is familiar with this company and explained that bids generally have a wide price range for these types of projects. He used Depietri field as an example. Chairman Healey made a motion to award the bid for the Recreation lighting projects. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Chairman Healey acknowledged a chat question from Kevin Miller regarding meeting details for the Downton District meeting taking place tomorrow evening. Ms. Braccio explained this was not a public meeting as it is an informational meeting with various committee members. She added no board or committee will have a quorum.

d. Chairman Healey made a motion to accept donations totaling $200.00 for the Fire Dept. Ambulance Fund. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

e. Chairman Healey welcomed Ms. Bensily and Ms. Lowe and explained the openings on the Scholarship Advisory Committee. Ms. Braccio asked each to explain their interest in the committee. Ms. Lowe explained her background and her interest in becoming more involved in the community. She added that Ms. Malinowski explained the position to her and she felt with her background and time available to volunteer, this Committee would be a good fit. She explained her appreciation of scholarships as an alternate source of funding for students.

Ms. Bensily stated that her professional and family life enables her to volunteer on a limited basis and that her life was impacted greatly by scholarship awards. She would like to help do the same for students in the community. Mr. Shea made a motion to appoint Emily Lowe to the Scholarship Advisory Committee, term to expire 6/30/22; to appoint Kathleen Kuklewicz to the Scholarship Advisory Committee, term to expire 6/30/23; to appoint Maureen Bensily to the Scholarship Advisory Committee, term to expire 6/30/23. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Ms. Kuklewiz joined the meeting at 6:44 P.M. Chairman Healey informed her of her appointment and Ms. Kuklewicz gave her professional background and reasons of interest in the Scholarship Advisory Committee.

V. Other Matters Properly Before the Board

Scheduling of Annual Town Meeting

DRAFT

i. Scheduling of departments

Chairman Healey welcomed Mr. Cimino and Mr. Hegarty. He described the statutory changes regarding Town Meeting. A discussion was had regarding the date of Town meeting in terms of weather, cost, event conflicts, timing and potential attendance challenges. Chairman Healey made a motion to set Annual Town Meeting for May 22, 2021. Mr. Shea seconded. Mr. Shea asked if the meeting could begin earlier in the day in order to work through most of the warrant before needing to continue the meeting to another day. Mr. Cimino suggested a 10:00 A.M. start time. Mr. Hegarty explained the cost difference from a one-day Town Meeting to a two-day Town Meeting. Chairman Healey amended to his motion to set Annual Town Meeting for 10:00 A.M. on Saturday, May 22, 2021. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Chairman Healey asked the Board if there are particular departments they would like to hear from regarding their budget. Ms. Malinowski asked for any department adding a new position or service and Mr. Shea asked for the Board of Health to attend a future meeting. Mr. Purple agreed to make a list of departments to attend a future meeting.

Review draft RFP for Legal Services

Ms. Braccio stated she was under the impression the Board wanted to move forward with a firm that may have more to offer than a one-person firm and stated her concern that both options are included in the RFP. Chairman Healey explained that he felt going out to bid for legal services should be a matter of due diligence every five years. Mr. Stivers stated that individual firms tend to have a network of associates with specialties that work together and he is open to that structure. Mr. Shea asked if the RFP enabled the flexibility to hire more than one firm and Chairman Healey stated he felt it did. He added that there is a requirement that someone be lead counsel and a condition could be added that in order to get this position, they must agree to working with a particular firm or individual from their network. The Board agreed. The Board reviewed multiple sections of the RFP and Mr. Purple described examples of responses the Board could receive.

Ms. Malinowski asked if the Board were submitting an RFP for legal services to change the Town's strategy for how Town Counsel is used and to see what other structures exist or if they are going out to bid for a five-year policy or practice. Chairman Healey stated that it is possible that the existing Town Counsel is the best fit for the Town and he would rather not anticipate what makes the most sense with limiting language. Ms. Malinowski suggested a policy be put in place if one is being referenced in the RFP. The Board agreed to remove the background language from the RFP.

Mr. Cimino spoke as a resident and not the Town Moderator. He stated that speaking as a town official who has worked with Town Counsel over the years, incumbent counsel has every possibility of being part or all of a future solution and is to have the best interest of the Town in mind as current Town Counsel has.

Discussion of CSX easement and Downtown portion of Main Street reconstruction project

Chairman Healey described his discussion with Mr. Mauro stemming from the letter he sent which is included in the packet. He stated that Mr. Mauro is supportive of the curbing and improvements that will be made in the downtown area and agreed it would allow sufficient

access and egress to their property. He added that Mr. Mauro and CSX disagree in how the parking area will be resolved but understands the stance of the Board to move forward with construction on Town land. He added that the Board is willing to do whatever possible to mediate and help negotiate a resolution between the two land owners. There were no comments from the Board. Chairman Healey told Ms. Galligan that the Board would like her to begin negotiations regarding the easement with CSX and any curbing for CSX will be presented to Mr. Mauro prior to changes being made.

Shared Streets grant update

Ms. Galligan stated that project bids will be in by March 16th and explained that the Shared Streets grant will cover the gathering area and sidewalks. She added there is enough Chapter 90 money to cover the physical road work and moving the road. Mr. Stivers asked about paving the parking area. Ms. Galligan stated that the Town will gravel and grade the area but not pave it. Chairman Healey stated that it should be made clear to St. Mark's that if the parking area is going to paved, they will be paying for that work. Mr. Purple asked if the Board wanted Town Counsel to start reviewing and editing the draft easement and license agreements for the land use for Board review. The Board agreed.

Ms. Galligan asked the Board if they would like to make the railroad crossing pedestrian accessible when conducting the roadwork on Main Street. She stated that CSX requires a paddle that a CSX engineer has to design which is an expense. Mr. Shea asked if she is describing a warning system that the railroad requires that the Town would have to pay for. Ms. Galligan stated that was correct if the Town wanted pedestrian traffic to cross over the tracks. She stated that the overall project will happen the same way even if a paddle and sidewalk were not installed as the other side of the street has ADA compliant pedestrian access. There was discussion regarding possible grant options or Chapter 90 funding to complete this proposed work. Chairman Healey asked for options to be explored to fund an ADA compliant sidewalk over the railroad tracks.

VI. Public Comment

Tim Litt (148 Woodland Road) stated that ADA compliance does not just refer to wheelchairs but also to shopping carts and rolling luggage. He asked the Board not to hold a fall Town Meeting in order to push off business from spring Town Meeting. He asked the Town to finish business during the spring Town Meeting. Mr. Litt encouraged the Board to look at the IT Department as whole and not hire an IT Director without support staff.

Kevin Miller spoke to his concerns about CSX and their power over the Town. He voiced his concern regarding the Downtown District map extending a quarter of a mile away from Main Street onto landlocked parcels and parts of commercial properties and private property. Chairman Healey explained that the map has existed for decades and was created by Town Meeting years ago. Mr. Miller stated his concerns of the by right zoning allowed in the proposed bylaw and stated an overlay is more appropriate. M. Braccio stated she is aware of these concerns and the public hearings are held for conversations such as these. She added that the map is going to be looked at along with a long list of other items.

VII. On a motion made by Mr. Shea, seconded by Ms. Braccio and voted all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 10:40 P.M.

DRAFT

REQUEST FOR PROPOSALS ('RFP')
FOR THE PURCHASE, RENOVATION &
REDEVELOPMENT OF PROPERTY OWNED BY
THE TOWN OF SOUTHBOROUGH,
MASSACHUSETTS
THE HISTORIC SOUTH UNION SCHOOL 1912 – ART CENTER
March 2021

NOTICE TO PROPOSERS: The Town of Southborough, MA 01772 ("the Town"), acting through the Southborough Board of Selectmen, invites sealed proposals for the purchase, renovation & redevelopment of town-owned property known as The Historic South Union School 1912 – Art Center. This Request for Proposals ('RFP') invites all interested parties to submit creative and comprehensive proposals for any of a variety or mix of possible uses which could appropriately meet the Town's objectives. This RFP is governed by the requirements of Massachusetts General Law chapter 30B, section 16.

I. INTRODUCTION

The completion of this disposition RFP is contingent upon a vote at Southborough's Annual Town Meeting currently scheduled on May 22, 2021, to authorize the Board of Selectmen to dispose of the Town-owned property as described herein.

The Town of Southborough Massachusetts is requesting proposals for the acquisition, renovation and redevelopment of a most noteworthy and remarkable town-owned historic building: the South Union School 1912 – Art Center ('South Union School') built in 1911, which sits on a 3-acre parcel of land located at 21 Highland Street. South Union School is served by municipal water, with a dedicated septic system. Located about a ½ mile from Southborough's train station, South Union School is a quick and easy commute to the Massachusetts Turnpike, Interstate 495, the cities of Boston, Worcester and Providence, various nature trails, playgrounds and playing fields, restaurants, and shopping malls. This property offers a unique opportunity for a high-quality redevelopment that can seamlessly integrate itself into the villages of Cordaville and Southville.

II. THE BUILDING

Southborough's South Union School sits high on a hill, serving as the heart and focal point tying together the villages of Cordaville and Southville. This Classic Revival style brick building with two stories and a basement is listed on the National Register of Historic Places. South Union School has served as a multi-purpose community building for over 100 years. Initially, the School was built to consolidate schools from Cordaville and Southville. It served as a school until 1980. In 2003, an elevator was added on the east side of the building. In recent years, the South Union School has housed town departments and the Cultural Arts. Over the next 5- to 10-year span, anticipated

DRAFT

maintenance and upgrades include, and are not limited to, boiler replacement, repointing/rebuilding of section of the chimneys and their metal covers, lining of the active chimney, replacement of the roof, repainting of the windows and exterior trim work, and various cosmetic upgrades.

The playground equipment that is currently on the property shall not be considered as part of this Request for Proposal and will be removed by the Town prior to closing of the sale.

III. LOCATION

South Union School 1912 – Art Center is located on parcel 03-3 of the Southborough Assessors Map.

IV. REDEVELOPMENT OPTIONS

The Town is prioritizing proposals by both price and use, including intentions that the exterior of South Union School will be maintained in accordance with standards applicable to the rehabilitation of historic buildings, as well as all town building and zoning bylaws and requirements. Southborough Community Preservation funds may be available to assist with such rehabilitation and maintenance efforts. If applicable, demolition bylaw as defined in Chapter 63 of Southborough's Town Code must be adhered to. The Board of Selectmen will determine which proposal is in the best interest of the Town and potentially present to Town Meeting. The Town will consider all of the uses allowed By Right in the Residence B (RB) Zoning District.

V. ZONING

South Union School is currently in the Residence B (RB) Zoning District. The relevant section(s) of the Zoning Bylaw can be reviewed here:

https://www.southboroughtown.com/sites/southboroughma/files/uploads/zoningbk_2006.pdf

In 2017, the Town voted to adopt an Adaptive Reuse of Historic Buildings Bylaw, which allows a special permit option to allow for and provide incentives for the adaptive reuse of Historic Buildings. The Bylaw is attached to this RFP as reference.

VI. REDEVELOPMENT GOALS

The Town of Southborough has prioritized the following goals for the redevelopment of South Union School:

Best use of the parcel that will enhance our community's villages of Cordaville and Southville by way of social and cultural development, and positive economic impacts including generating local tax revenue and housing.

VII. PRICE

The Town is interested in selling the property at the highest price. However, the Town reserves the right to make an award to a proposal that offers other than the highest price. The Town will consider the overall value of the proposal as defined in section VIII.

VIII. SELECTION CRITERIA (maximum of 80 points)

1. A proposed purchase offer of:
    - $1,000,000 and over – 40 points
    - $700,000 – $999,999 – 15 points
    - $445,000-$699,999 – 5 points

2. Design recognition and preservation of the historic and architectural significance of South Union School building – 30 points

3. A use that will stimulate other desirable economic, social and cultural development in Southborough's Cordaville and Southville villages – 10 points

IX. PROPOSED PROCESS SCHEDULE

- RFP public release available: Wednesday, March 31, 2021 [advertised in the MetroWest Daily News and Central Register]
- Tour of South Union School with Director of Facilities (optional): April _____ at 10:00am
- Deadline for submission of questions: Wednesday, April 28, 2021 at 10:00am
- **Deadline for proposal submission: Wednesday, May 5, 2021 at 10:00am**
- Opening and preliminary review of proposals: Wednesday, May 5, 2021 at 10:00am
- Completion of evaluation and scoring of proposals: Friday, May 7, 2021
- Public announcement of proposal selection, contingent upon vote at Annual Town Meeting: Monday, May 24, 2021

X. SUBMITTAL REQUIREMENTS

Anyone submitting a response to this RFP shall include the following: To be responsive, each prospective respondent must submit one (1) complete hard copy of the Proposal and one (1) PDF digital copy, including all information specified below. The one (1) completed hard copy of the Proposal must be inserted into a single sealed envelope marked "RFP FOR PURCHASE AND REDEVELOPMENT OF SOUTH UNION

DRAFT

SCHOOL".

All of the following information must be included in each copy of the Proposal in the following order (if any item is not applicable, include a statement explaining why the item is not applicable):

1. The Complete Proposal Cover Page (see attachment);

2. A Table of Contents with page numbers;

3. Cover Letter. A transmittal letter identifying the proposer including address, telephone number and e-mail address of the contact person, the date of the proposal;

4. Financial Capacity. Each proposer must provide evidence of the proposer's ability to meet the financial obligations of the proposed acquisition of the property, the rehabilitation of the building and the redevelopment of the property (the "Project"). Each proposer shall submit a pro forma account of the funds necessary to finance the Project and how the proposer intends to finance the Project. Financial statements and background information must be attached to the proposal. If a proposer intends to purchase the property with a purchase money mortgage, the proposer must specify how much is to be borrowed and submit, in their proposal package, a pre-approval or commitment letter from an institutional lender acknowledging that the proposer has sufficient financial resources to obtain a loan commitment, subject to prevailing terms and conditions. If the proposer provides a pre-approval letter, the proposer must deliver a firm letter of commitment to the Town within fourteen (14) days from the date of the parties enter into a P&S;

5. Qualifications. A brief overview of the proposer's qualifications and experience with comparable redevelopment projects;

6. Price Proposal. The fully executed "Purchase Price Proposal Form", a blank copy of which is Attached;

7. References. Provision of at least three (3) professional references, including names, current phone numbers and e-mail addresses for the references;

8. Description of Project. Each proposer must submit a narrative on the following items:

   (a) A description of the proposer's proposed use of the property and a description of how the proposal complies with each of the Redevelopment Goals and Selection Criteria (see Sections VI & VIII of this RFP);

   (b) A description of the proposed configuration of the interior space within the building, together with a preliminary set of floor plans, if applicable;

   (c) A description of the proposed configuration for the intended use of the entire parcel, including a description of any subdivision, if applicable;

   (d) A description of how the proposal will preserve the historic appearance of the building's exterior, if applicable;

   (e) A statement of intent to apply for use of preservation funds or seek grant contributions from local, state or federal entities for any portion of the project, if applicable.

DRAFT

(f) A description of the conceptual exterior landscaping design treatment;

(g) The proposer's demonstrated readiness and ability to proceed with the Project with time schedules reasonably described;

(h) A description of the impact of the proposer's use of the property on Town infrastructure, including water, drainage, parking, public safety, and roads, and/or the economic benefit to the Town in tax revenue and in local job creation, as applicable;

(i) A Project schedule, including a construction schedule and dates by which the proposer expects to receive financing, a closing date and permits.

9. Required Forms. Fully executed originals of the following forms:

(a) A "Certificate of Tax Compliance Form", a blank of which is attached;

(b) A "Certificate of Non-Collusion Form", a blank of which is attached;

(c) A "Disclosure Statement for Transaction With a Public Agency Concerning Real Property", a blank of which is attached.

If applicable, a Certification executed by the secretary of the corporation indicating that the person signing the proposal has been authorized to do so by a vote of the board of directors. The Proposal documents must be signed as follows: 1) If the Proposer is an individual, by him or her personally; 2) if the Proposer is a partnership, by the name of the partnership, followed by the signature of each general partner; and 3) if the Proposer is a corporation, by the authorized officer, whose signature must be attested by the clerk/secretary of the corporation, and the corporate seal affixed, a blank of which is attached.

XI. GENERAL TERMS AND CONDITIONS

Advertisements notifying the availability of the RFP will be placed in the Commonwealth of Massachusetts Central Register and the MetroWest Daily News.
In addition, the RFP will be advertised on the Town of Southborough municipal website at: www.southboroughma.com.

How to obtain the RFP document:

1. Contact Executive Assistant Lori Esposito at lesposito@southboroughma.com to request an emailed PDF file. ***Your name and full contact information must be noted in the request.***

2. Pick up hard copy at the Town House, 17 Common Street, Southborough MA 01772, by calling the Selectmen's Office at 508-485-0710, option 4, and request a time to schedule a pickup. The name and contact information of those who pick up the RFP packet at the Southborough Town House must be recorded so they may be contacted and provided information with regard to any and all questions, changes, modifications, etc. prior to the submission date.

- RFP respondents are encouraged to tour South Union School before submitting an RFP.
- An optional tour of the building is scheduled with John Parent, Director of Facilities on April _____, 2021 at 10:00am.
- **Proposals must be received on or before 10:00 AM on Wednesday, May 5, 2021** at Southborough Town House, Town Administrator's Office, 17 Common Street, Southborough MA 01772. Proposals and any modifications (clearly labeled "Modification Number:___")

DRAFT

thereof must be submitted in a sealed envelope clearly labeled, no later than the proposal submission deadline. Each modification must be numbered in sequence and must reference the original RFP submission.

- All submitted proposals will be opened for preliminary review on May 5, 2021 at 10:00 a.m. at the Office of the Town Administrator, 17 Common Street, Southborough MA. After the opening of the proposals, an RFP proposer may not change any provision of the proposal in a manner prejudicial to the interests of the Town of Southborough or fair competition. Minor informalities may be waived, or the proposer may be allowed to correct them. Minor informalities are minor deviations, insignificant mistakes, and matters of form rather than substance of the proposal that can be waived or corrected without prejudice to the RFP proposers, potential RFP proposers, or the Town.
- The closing must occur within one hundred twenty (120) days after the opening of the proposals. The closing date may be extended by mutual agreement of both parties for up to sixty (60) additional days.
- Proposals cannot be withdrawn, modified or amended for a period of one hundred fifty (150) days from the deadline for submission of proposals.
- The Town of Southborough may cancel this RFP, or reject in whole or in part, any and all proposals if the Town determines that cancellation or rejection serves the best interests of the Town of Southborough.
- The Town of Southborough also reserves the right to select the winning proposal based on the evaluation of the proposer's overall submittal, and to the extent to which the proposal meets the "Goals of Redevelopment & Selection Criteria" in this RFP. **Therefore, the Town of Southborough may exercise its right to select a proposal that may not have offered the highest purchase price.**
- If the Town of Southborough makes any changes to this RFP, an addendum will be issued. Addenda will be e-mailed, faxed and/or mailed to all proposers on record as having picked up the RFP Packet.
- **Questions concerning this RFP must be submitted in writing to: Town Administrator Mark Purple, 17 Common** Street, Southborough, MA 01772. Questions may be delivered or mailed to this address or e-mailed to mpurple@southboroughma.com. **All questions must be received no later than Wednesday, April 28, 2021 at 10:00am**. Written responses will be e-mailed after this deadline to all RFP proposers on record as having picked up the RFP.

While the Town believes that the information provided in this RFP, including all exhibits and addendums, if any, is accurate, **the Town makes no representation or warranty, express or implied, as to the accuracy and completeness of the information in this RFP**. The proposer assumes all risk in connection with the use of the information, and releases the Town from any liability in connection with the use of the information provided by the Town. Further, the Town makes no representation or warranty with respect to the Premises, including without limitation, the value, quality or character of the Premises or its fitness or suitability for any particular use and/or the physical and environmental condition of the Premises. The Premises will be released in their "AS-IS" condition. Each proposer shall undertake its own review and analysis (due diligence) concerning the physical and environmental condition of the Premises, applicable zoning and other land use laws, required permits and approvals, and other development, ownership, and legal considerations pertaining to the Premises, and the use of the Premises, and shall be responsible for applying for and obtaining any and all permits and approvals necessary or convenient for the proposer's use of the Premises. All costs and expenses of developing the Premises, including without limitation, all costs of permitting and improvements, shall be the sole responsibility of the successful proposer.

XII. EVALUATION PROCESS

DRAFT

Each proposer must include sufficient supporting material to allow a meaningful and comprehensive evaluation of its proposal. The Town Administrator will conduct a preliminary screening of the submitted proposals to ensure that the documents and information required in Section X ("Submittal Requirements") have been provided. Proposals that do not satisfy the Submittal Requirements will be rejected.

For all proposals deemed complete, the Town's RFP Committee will review each proposal with the Town Administrator and competitively score each. Once scored, the RFP Committee will make a recommendation to the Board of Selectmen regarding their preferred redevelopment proposal.

Background Check

The Town reserves the right to conduct a background inquiry of each developer which may include the collection of appropriate criminal history information, contractual business associates and practices, employment histories and reputation in the business community. By submitting qualifications to the Town of Southborough, the developer consents to such an inquiry and agrees to make available to the Town such books and records as the Town deems necessary to conduct the inquiry.

Determination of Responsibility

The Town of Southborough may make such investigation as it deems necessary to determine the ability of a developer to provide full performance as outlined in the qualifications. The developer will furnish to the Town all such information and data for this purpose as the Town may request. The Town of Southborough reserves the right to reject any developer if the evidence submitted by or investigation of such developer fails to satisfy the Town that such developer is properly qualified to carry out the obligations of this contract.

Rights Reserved by the Town of Southborough

The Town may request additional information of one or more respondents relative to a proposal or qualifications. Requests shall be in writing with the expectation of a written response within a specified time. Proposers may also be invited to appear before the Board of Selectmen/RFP Committee. Failure to comply with this request will result in a rejection of the proposal at issue. The right to an interview does not automatically extend to all whose proposals are accepted for review, but is granted in the sole discretion of the RFP Committee.

Following the interviews and the receipt of any additional information requested of the proposers, the proposals will be evaluated and rated by the Committee according to the comparative evaluation criteria set forth in this RFP. The Committee will select the most advantageous proposal, taking into consideration all of the evaluation criteria set forth in this RFP. The Board of Selectmen will act upon the Committee's recommendation to award, and notify all proposers in writing of its decision.

The proposer selected by the Board of Selectmen will be given exclusive rights to negotiate with the Town the terms of the purchase and development of the property. If, at any time, such negotiations are not proceeding to the satisfaction of the Town, at its sole discretion, then the Town may choose to terminate said negotiations. The Board of Selectmen may select another proposer with whom to initiate negotiations.

The Town of Southborough reserves the right to reject any or all submittals; to waive any informality or irregularity not affected by law; to evaluate, in its absolute discretion, the qualifications submitted based on the Selection Criteria.

Questions shall be addressed to:

XIII. PURCHASE AND SALE AGREEMENT; LAND DEVELOPMENT AGREEMENT

A. **Purchase and Sale Agreement**.

The Town and the successful proposer (the "Buyer") are expected to enter into a mutually satisfactory Purchase and Sale Agreement (P&S) within thirty (30) days from the date of the award. The Town shall provide the form of P&S to the selected proposer with the award letter; the P&S shall include terms substantially similar to the following:

1. At time of execution of the P&S, Buyer shall pay a deposit equal to the greater of $5,000 or ten percent (10%) of the purchase price. The deposit submitted by Buyer shall be held in escrow by the Treasurer of the Town of Southborough in a non-interest-bearing account, and shall be duly accounted for at the time for performance of this Agreement. In the event that Buyer fails to fulfill its obligation to purchase the Premises, the Town shall retain the deposit as liquidated damages. In the event of any disagreement between the parties, the escrow agent may retain all deposits made under the P&S pending instructions mutually given by the Town and Buyer. If the acquisition of the property is financed by a lending institution, Buyer must deliver a firm letter of commitment to the Town within fourteen (14) days from the date of the P&S.

2. No broker's commission shall be paid by the Town, and Buyer shall indemnify and hold harmless the Town from any claims for such commission.

3. A payment in lieu of taxes shall be paid in accordance with M.G.L. c. 44, § 63A and/or M.G.L. c. 59. § 2C.

4. Buyer shall pay the monetary consideration for the property by certified, treasurer's, or bank check or by wire transfer. Buyer acknowledges that Buyer has not been influenced to enter into this transaction and that Buyer has not relied upon any warranties or representations not set forth in this P&S. Buyer represents and warrants that it will accept the property "AS IS", provided however Buyer shall have the right to terminate this P&S if Buyer finds Hazardous Materials on the property in amounts required to be reported to the Department of Environmental Protection. Buyer acknowledges that the Town has no responsibility for hazardous waste, oil, hazardous material or hazardous substances, as those terms are defined by any applicable law, rule or regulation, including, without limitation, the Massachusetts Oil and Hazardous Materials Release Prevention and Response Act, M.G. L. c. 21E, the Massachusetts Hazardous Waste Management Act, M.G.L. c. 21C, the Comprehensive Environmental Response, Compensation and Liability Act, as amended, 42 U.S.C. §§ 9601 et seq. and the Resource Conservation and Recovery Act, as amended, 42 U.S.C. §§ 6901 et seq. (herein collectively referred to as "Hazardous Materials") on, in, under or emitting from the property or for any other condition or defect on the property. The provisions of this Section shall survive delivery of the deed.

5. In the event that the Town defaults under the P&S, Buyer shall be entitled to terminate the P&S, and receive a refund of the deposit. The foregoing shall be Buyer's sole and exclusive remedy at

DRAFT

law and equity for any breach of the P&S by the Town.

6. The purchase of the property shall not be contingent on the sale of any other property.

7. The closing shall occur within ninety (90) days from the date on which the P&S is signed by the Town and Buyer, or within such further time as the Board of Selectmen and Buyer shall agree.

8. Buyer acknowledges that Buyer has not been influenced to enter into this transaction nor has Buyer relied upon any warranties or representations not set forth or incorporated in this P&S, except for the following additional warranties and representations, if any, made by the Town: NONE.

9. In the event that the proposer's obligations under the P&S are contingent on financing, permitting, inspection and/or other contingencies, the Town shall have the right to set forth deadlines by which some or all of the contingencies must be met, depending on when the closing is to occur and other factors.

DRAFT

DISCLOSURE STATEMENT FOR
TRANSACTION WITH A PUBLIC AGENCY CONCERNING REAL PROPERTY
M.G.L. c. 7C, s. 38 (formerly M.G.L. c. 7, s. 40J)

(6) The names and addresses of all persons and individuals who have or will have a direct or indirect beneficial interest in the real property excluding only 1) a stockholder of a corporation the stock of which is listed for sale to the general public with the securities and exchange commission, if such stockholder holds less than ten per cent of the outstanding stock entitled to vote at the annual meeting of such corporation or 2) an owner of a time share that has an interest in a leasehold condominium meeting all of the conditions specified in M.G.L. c. 7C, s. 38, are hereby disclosed as follows (attach additional pages if necessary):

NAME	RESIDENCE
_____	_____
_____	_____
_____	_____

(7) None of the above- named persons is an employee of the Division of Capital Asset Management and Maintenance or an official elected to public office in the Commonwealth of Massachusetts, except as listed below (insert "none" if none):

(8) The individual signing this statement on behalf of the above-named party acknowledges that he/she has read the following provisions of Chapter 7C, Section 38 (formerly Chapter 7, Section 40J) of the General Laws of Massachusetts:

> *No agreement to rent or to sell real property to or to rent or purchase real property from a public agency, and no renewal or extension of such agreement, shall be valid and no payment shall be made to the lessor or seller of such property unless a statement, signed, under the penalties of perjury, has been filed by the lessor, lessee, seller or purchaser, and in the case of a corporation by a duly authorized officer thereof giving the true names and addresses of all persons who have or will have a direct or indirect beneficial interest in said property with the commissioner of capital asset management and maintenance. The provisions of this section shall not apply to any stockholder of a corporation the stock of which is listed for sale to the general public with the Securities and Exchange Commission, if such stockholder holds less than ten per cent of the outstanding stock entitled to vote at the annual meeting of such corporation. In the case of an agreement to rent property from a public agency where the lessee's interest is held by the organization of unit owners of a leasehold condominium created under chapter one hundred and eighty-three A, and time-shares are created in the leasehold condominium under chapter one hundred and eighty-three B, the provisions of this section shall not apply to an owner of a time-share in the leasehold condominium who (i) acquires the time-share on or after a bona fide arm's length transfer of such time-share made after the rental agreement with the public agency is executed and (ii) who holds less than three percent of the votes entitled to vote at the annual meeting of such organization of unit owners. A disclosure statement shall also be made in writing, under penalty of perjury, during the term of a rental agreement in case of any change of interest in such property, as provided for above, within thirty days of such change.*

DRAFT

Any official elected to public office in the commonwealth, or any employee of the division of capital asset management and maintenance disclosing beneficial interest in real property pursuant to this section, shall identify his position as part of the disclosure statement. The commissioner shall notify the state ethics commission of such names, and shall make copies of any and all disclosure statements received available to the state ethics commission upon request.

The commissioner shall keep a copy of each disclosure statement received available for public inspection during regular business hours.

(9) This Disclosure Statement is hereby signed under penalties of perjury.

DRAFT

TOWN OF SOUTHBOROUGH
REQUEST FOR PROPOSALS
FOR TOWN COUNSEL SERVICES
March 2021

I. Objective

The Town of Southborough, Massachusetts ("the Town"), acting through its Board of Selectmen ("the Board"), seeks to appoint an attorney or law firm as Town Counsel effective July 1, 2021, and invites a legal firm or individual attorneys to submit a proposal and costs for services to provide general town counsel legal services for the Town. The successful appointee ("appointee") must meet or exceed the qualifications stated herein, be readily accessible to authorized public officials, exceptionally experienced in appropriate areas of municipal law, scrupulous in adhering to required standards of professional conduct and ethics, and committed to rendering sound legal advice with suitable objectivity and professional detachment.

II. Minimum Qualifications

A. Bar Admissions

The appointee and all those who serve as back-up to the appointee (see below) must be a member in good standing of the Massachusetts Bar and of the Federal Bar for the District of Massachusetts. The appointee must have Professional Liability Insurance in the amount of at least $1,000,000 and must produce a certificate of insurance prior to appointment.

B. Experience

The appointee must represent or have represented as general town counsel a Massachusetts municipality for not less than five (5) years, or possess equivalent experience. References for all municipalities currently represented or represented in the past ten (10) years by the appointee must be furnished. The appointee also must have substantial experience in appropriate areas of municipal law, including but not limited to labor, land use - zoning and planning, Conflict of Interest and Open Meeting Law, public construction, public contracts, environmental law, municipal finance, litigation and open town meeting.

C. Accessibility

The appointee must commit to returning all calls and electronic correspondence from the Town Administrator or authorized town officials as appropriate (typically within 24 hours), either himself/herself or through a qualified back up. The appointee must also commit, as a general rule, to responding to requests for written opinions within one week unless the circumstances of the opinion warrant a shorter or longer time frame for a response. Electronic communications such as PDF documents are preferred when appropriate. The appointee must commit to preparing a brief quarterly written summary of all open issues at no cost to the Town and to preparing a report for the Town's Annual Report.

The Town expects Town Counsel attendance at the following:

- All sessions of Annual Town Meeting (on Saturday in late March) and Special Town Meetings (scheduled as necessary).
- Board of Selectmen meetings for quarterly update, and other meetings on request.
- Meetings of other Town boards or committees on request (approved by the Board).

D. Lead and Back-up Counsel

Appointment of an individual attorney automatically will designate that attorney as Lead Counsel for the Town. If a firm is selected by the Town, the firm shall identify a Lead Counsel as the primary contact for services, and the Lead Counsel will be responsible for coordinating the performance of all legal services provided by his or her firm. The Town shall have the right to approve the appointment of such Lead Counsel. The appointee, whether an individual attorney or a firm, must have, within his or her firm or through an established relationship, at least one (1) other qualified attorney available to render advice and otherwise represent the interests of the Town of Southborough when the appointee is unavailable. In this context, “qualified attorney” shall mean another lawyer who substantially meets the minimum qualifications set forth herein for the appointee.

DRAFT

E. Billing

The appointee must commit to providing invoices for services rendered on a monthly basis. Each invoice, if based on an hourly rate for services, must disclose, at a minimum, the date of the service, the identity of the lawyer or staff person performing the service, the subject matter reference for the service, a description of the service performed, the time required to perform that function, the hourly rate for the individual performing the function and the total fee for that service event. Expense items must also be itemized, with any relevant receipts available for inspection upon request by the Town.

III. Fees and Expenses

The Town's budget for legal expenses for FY 2022 is anticipated to be $150,000. This budget includes fees and expenses for Town Counsel and special and labor counsel as necessary; the Board of Selectmen strongly desires to stay within this budgeted amount. Other budgets may contain amounts to be expended on legal services.

Towards this end, the Board will consider alternatives to the traditional hourly rate fee arrangement with counsel. For example, responding attorneys may propose a fixed retainer for a specified scope of services, with an hourly rate for work outside the established scope of services. Responding attorneys should feel free to be creative in this regard so long as the proposal is workable and reasonable.

Whether or not an alternative fee arrangement is proposed by the responding attorney, the attached fees and expenses response sheet must be completely filled out.

IV. Selection

In seeking and evaluating the proposals requested, the Board is not bound by M.G.L. c.30B or by any other constraints apart from the sound judgment of its members. This process is being used to communicate the desired qualifications of Town Counsel and to solicit information in an orderly fashion for rough comparative purposes. Ultimately, though, the Board will select the candidate that they deem to be in the best interests of the Town, in its sole discretion. Consequently, the Board, Town Administrator, and the Town of Southborough reserve the right to waive any irregularities in the RFP process and to accept or reject any or all proposals.

Below are the projected dates for this process. The Town reserves the right to modify this schedule as it determines convenient:

April 7, 2021	RFP issued
May 5, 2021	Proposals due by 12:00 PM

DRAFT

May 5 – May 12, 2021	Search Committee screening*
June 8, 2021	Board of Selectmen's decision
July 1, 2021	Effective date of appointment

*Date of Public interviews to be determined.

V. Application

Qualified attorneys/firms interested in responding to this RFP should fill out the attached forms completely, attach copies of all documents requested therein, and return the same in an envelope, clearly **labeled "Town Counsel RFP"** to:

Town of Southborough
Board of Selectmen Office
17 Common Street
Southborough, MA 01772

Please provide three (3) copies of the RFP response and all associated documentation on 8½ x 11 paper. All materials also should be provided electronically (PDF copies) to the Town Administrator at mpurple@southboroughtown.com.

All responses to this RFP must be received at the Office of the Board of Selectmen at the above address no later than 12:00PM on May 5, 2021.

DRAFT

RESPONSE TO REQUESTS FOR PROPOSALS FOR SOUTHBOROUGH TOWN COUNSEL

NAME: _____

FIRM NAME: _____

ADDRESS: _____

TELEPHONE: _____ FAX: _____

EMAIL: _____

Please respond to each of the following:

1. Please identify by name (address and phone number if different than above) the proposed Town Counsel and each proposed back-up counsel. The Board of Selectmen wants to know the specific individual attorney who will serve as Lead Counsel.

2. Please attach resume or *curriculum vitae* for each attorney identified above.

3. Do each of the attorneys identified above meet the minimum bar admission requirements of the RFP? If other than "yes", please explain.

4. With respect to each attorney identified, please list each Massachusetts municipality represented by the attorney within the past ten years, the years of such representation, and the name, address and phone number of at least one contact person in each municipality with knowledge of the attorney's representation. (See attached sheet)

5. Please describe each identified attorney's experience in the municipal law, including but not limited to the following areas: labor, land use - zoning and planning, Conflict of Interest and Open Meeting Law, public construction, public contracts, environmental law, municipal finance, litigation and open town meeting.

6. Has any of the above identified attorneys had a complaint filed with the Board of Bar Overseers in the past five (5) years? If yes, provide applicable details.

7. Please describe how you propose to satisfy the Accessibility requirements of the RFP.

8. Please describe how you propose to satisfy the Back-up requirements of the RFP.

9. Please explain how you plan to meet the Billing requirements of the RFP, and whether you have used alternative fee arrangements with previous municipal clients and/or would propose using an alternative fee arrangement regarding services to the Town?

DRAFT

10. State whether you have represented a client in the preceding three (3) years who has or had a matter pending before any officer, agency board or committee of the Town.

11. Please identify any past or current clients that may give rise to conflict of interest as a result of representing the Town of Southborough.

12. Confirm that you will not, during the time of your representation of the Town, represent any client in any matter in which the interests of the client are adverse to those of the Town, or in any matter seeking action by any officer, agency, board or committee of the Town, in accordance with MGLA 44A c268A s17.

13. Provide a general description of the firm, its history, significant changes in its makeup over the last three years (3) and its range of business.

14. For Municipal Clients identified in paragraph 4, above, have you or the firm:

    A. Exceeded the municipal legal budget appropriation (general fund) in the last three (3) fiscal years (FY2018, FY2019, FY2020) and if so, by what percent?

    B. If you have a retainer arrangement with the above clients, please note the retainer amount vs. total amount billed for the last three (3) fiscal years.

15. Provide details of any criminal investigation, regulatory or disciplinary proceedings or material litigation against your firm or members of your firm, which is either pending or has been completed in the preceding five (5) years.

16. Provide details as to the nature and amounts of your firm's professional insurance and of any claims asserted or made against such coverage in the preceding three (3) years.

By my signature, I certify that the information contained in this Response to Requests for Proposals are complete and accurate, to the best of my knowledge and belief.

RESPONSE TO REQUESTS FOR PROPOSALS FOR SOUTHBOROUGH TOWN COUNSEL
Fees and Expenses Response Sheet
(To be attached to and made a part of the overall Response to Requests for Proposals)

1. Please list the name and hourly rate for proposed Town Counsel and for each attorney intended or likely to serve as back-up.

2. If you propose to bill for services provided by paralegals, clerical staff, or other non-attorney personnel, please list by title and by hourly rate each position for whom you may bill.

3. Please provide a complete listing of all charges for expenses you intend to impose as incurred (i.e. any and all copy charges, telephone charges, fax charges, mileage charges and the like, but excluding any fees for stenographers, court fees, service fees and the like).

4. In what hourly increments do you intend to bill?

5. Do you bill for attorney time out of the office on a portal-to-portal basis or some other basis? Please describe.

6. Do you intend to propose an alternative fee arrangement? Yes____ No____ If "yes", please attach additional sheet(s) fully describing and explaining your proposal.

Subject: One Stop Grant

Vanessa,

Mark likely already informed you but I wanted to formalize that Capital Planning voted unanimously last night to ask that the BOS support consideration of Route 9 infrastructure in any One Stop Grant application priority that gets submitted.

Obviously this aligns with a portion of what EDC is likely bringing forward and we are trying to stay connected with them.

If you need any assistance or further information, please do not hesitate to reach out.

Copying Lisa as the BOS member that sits on our Committee and can speak further to this at the BOS meeting.

Thanks!

Jason

TOWN OF SOUTHBOROUGH
DEPARTMENT OF PUBLIC WORKS

147 Cordaville Road

DATE: March 12, 2021

MEMORANDUM

TO: **Southborough Board of Selectmen**
CC: **Mark Purple, Town Administrator**
FROM: **Karen Galligan, DPW Superintendent**
SUBJECT: **Complete Streets**

The Town's Complete Streets Policy was accepted and the next step to the Complete Streets process was to develop a Complete Streets Priority Plan (CSPP). The Town worked with our consultant to develop the attached CSPP. The CSPP can be updated every 5 years, therefore it is important to have any projects that could possibly be completed within the next 5 years on the list. However, it is also important to make sure that other projects of interest, even if they aren't in the 5-year queue, are included. The CSPP needs to be submitted to MassDOT by April 1st. So, unfortunately, we are, again, in a time crunch.

However, even with the short timeline, the CSPP has been discussed by the Public Works Planning Board (PWPB), and Selectmen Stivers solicited input from several groups. Recommendations from the PWPB members and from Mr. Stivers' outreach are included in the attached CSPP. Some items, generally trail crossings, are included in any sidewalk work on the relevant streets. Some projects are broken into smaller projects, and some small projects are grouped.

The CSPP is an outline that the Town can use to develop projects and seek Complete Streets funding. My understanding is that funding requests can be as high as $400,000, and that only $400,000 can be allocated to the Town at any time.

It is also very important to note that projects do not have to be requested in the order that they are prioritized. If an opportunity arises to do the project ranked #49 on our CSPP, that can be requested before projects 1 through 48 are requested. It just needs to be on the list.

Please vote to accept this plan. We will continue to reach out to Boards and Committees to fine tune the CSPP for our 2026 submittal.

MEMORANDUM

TO: **Southborough Board of Selectmen**
CC: **Mark Purple, Town Administrator**
FROM: **Karen Galligan, DPW Superintendent**
SUBJECT: **Grounds Maintenance Contract – Award Request**

On Thursday, March 4, 2021, the Department of Public Works opened bids for the Grounds Maintenance Contract. Enclosed is a summary of the bid results. The subject bid, appropriate advertising and actual bids are available at the DPW office.

We recommend that the contract for $164,090.00 be awarded to the low bidder: J&J& Sons, PO Box 523, Southborough, MA 01772.

Funding for this bid is provided in the Grounds Maintenance Contract line item of the DPW budget.

MEMORANDUM

TO: **Board of Selectmen**
VIA: **Mark Purple, Town Administrator**
FROM: **Karen Galligan, DPW Superintendent**
SUBJECT: **Surplus Equipment**

I am requesting that the Selectmen declare the Town's 2005 Dodge Dakota to be surplus equipment. The truck had been used by the Building Inspector until the DPW Mechanic sidelined the vehicle due to multiple mechanical and structural issues.

Due to the Town's relationship with Assabet the DPW would like to send the vehicle to Assabet's Automotive Technology Department to be used for educational purposes.

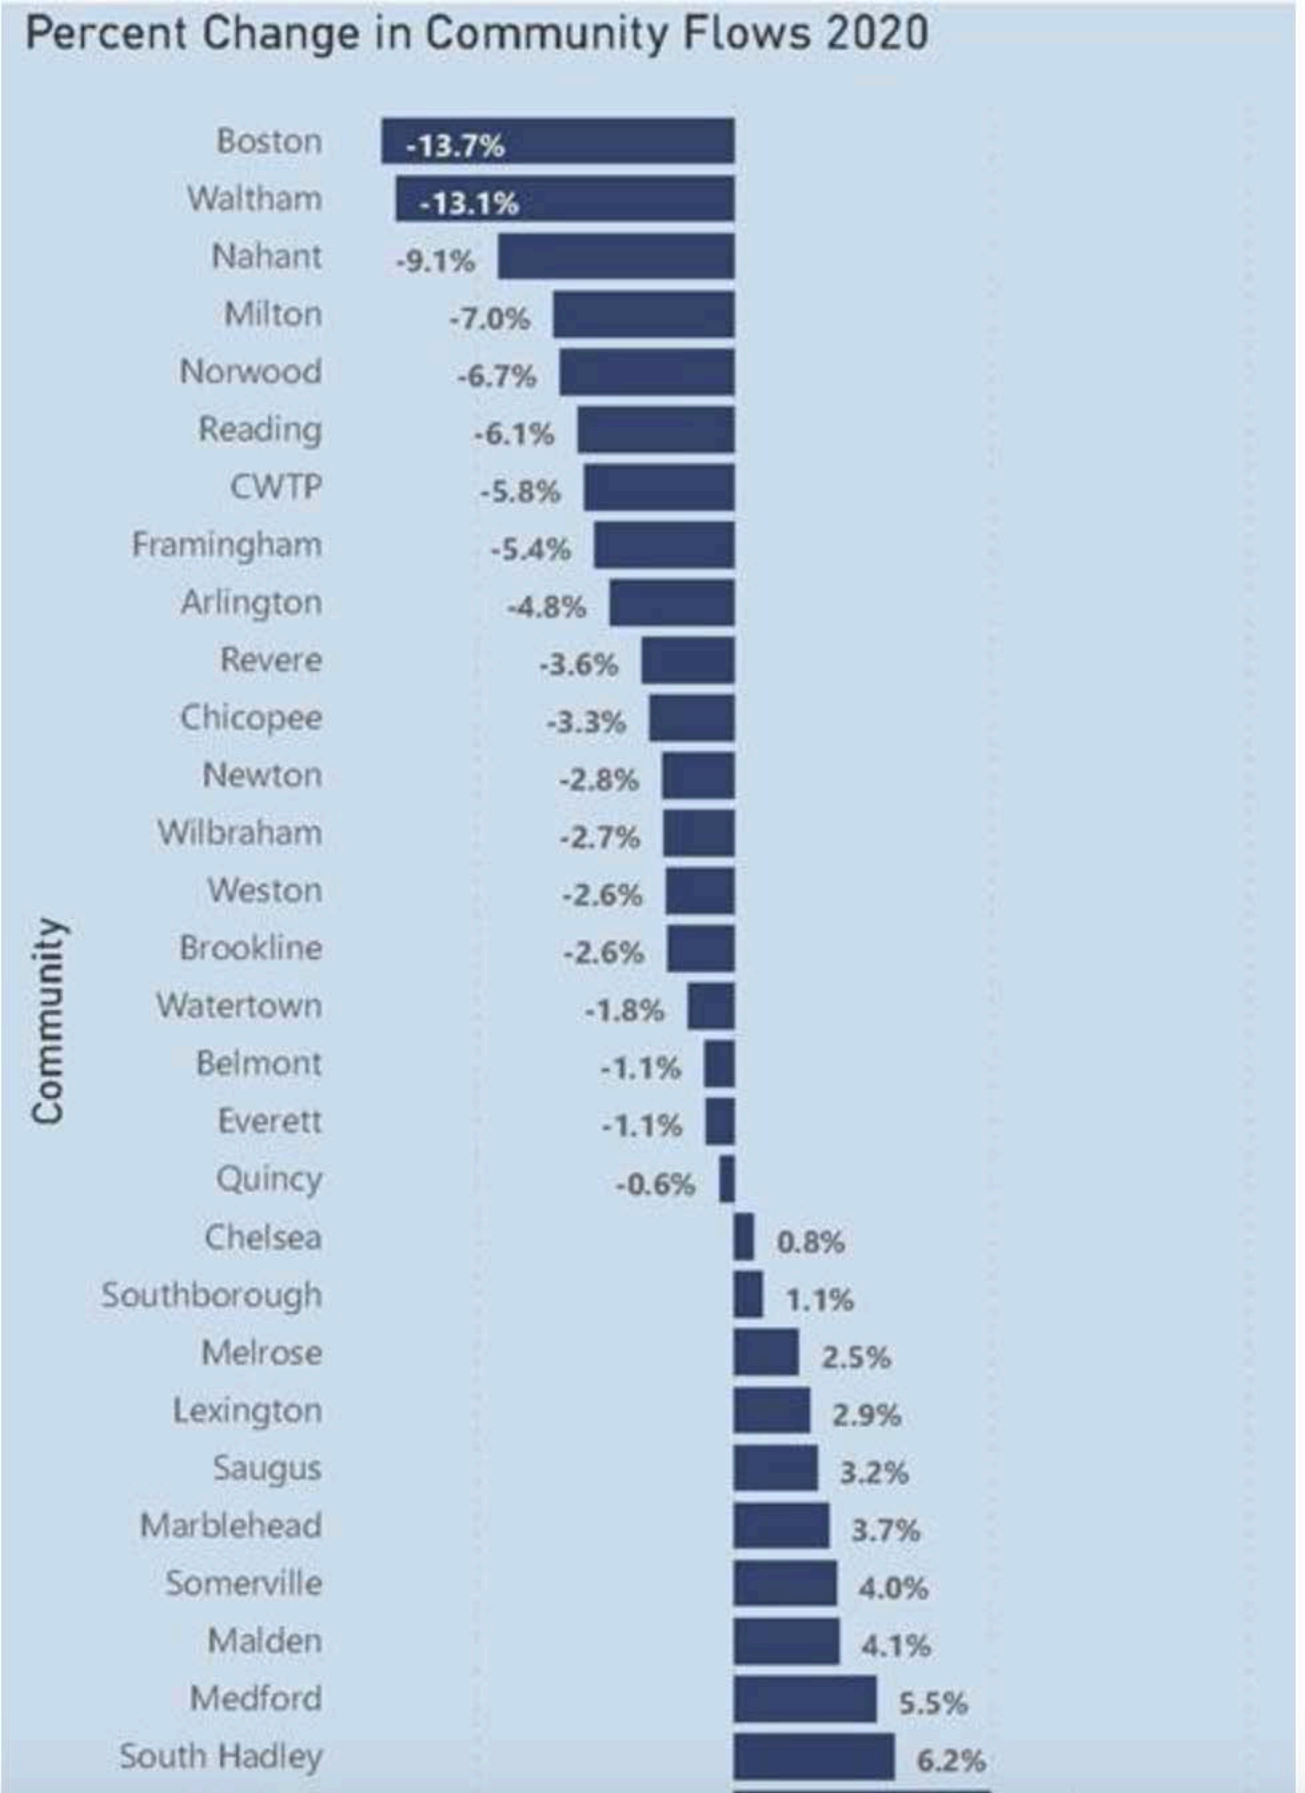
MEMORANDUM

TO: **Southborough Board of Selectmen**
CC: **Mark Purple, Town Administrator**
FROM: **Karen Galligan, DPW Superintendent**
SUBJECT: **Water Rate Increase**

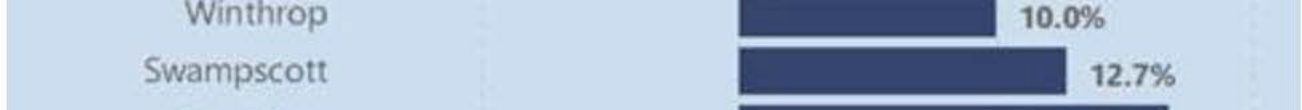
The Department of Public Works (DPW) has been working with Matt Abrahams of The Abrahams Group to review Southborough's water rate plan that was voted by the Selectmen in March 2020. The plan that was voted changed the volume of the billing tiers and also increased the cost of the water in each of those billing tiers. That vote anticipated raising the cost of water in the tiers by 5% in March of 2021.

Southborough's higher than usual water usage during the 2020 drought and usage changes throughout the MWRA system, due to the pandemic, have affected what the Town pays the MWRA for water. Therefore, review of the planned March 2021 5% rate change was necessary. Unfortunately, by adjusting the budget to account for the MWRA payment change, the study showed that, even with the 5% increase, the water budget will still need to use money from retained earnings to fund the full water enterprise costs. The attached spreadsheet from Selectmen Stivers, who is on the MWRA Advisory Board, shows how the pandemic and people working from home has affected our flow share (and therefore our costs) of the MWRA water.

There has been a lot of concern about what capital projects were used to review these rates. The capital projects table below is based on an older Water System Master Plan. A new Master Plan will be completed this year, and at that time the capital improvements and repairs may change. However, at this time, this is what is assumed for water system capital work.



Project	Cost	FY21	FY22	FY23	FY24	FY25	FY26
Newton Street*	$1,100,000			$88,000	$86,350	$84,700	$43,175
Water Loop	$550,000					$44,000	$43,175
Flagg Road	$2,000,000						$160,000
'08 improvements	$885,000	$62,600	$56019	$54,375	$49,200	$45,150	$0
Rte. 9 Main*	$3,600,000	261,315	255,915	250,515	$243,315	$237,915	$232,515
Main Street Water	$720,000	$150,000	$144,000	$138,000	$132,000	$126,000	$0
* Rte. 9 Main underspent by $900,000, used to offset Newton St. (Newton cost reduced by $900,000)							



The following goals were used to develop new rates in the original study, these goals were and were used again in this update:

- A retained earnings target of 20% of the water budget's expenditures. Retained earnings will help mitigate projected increases in debt due to planned capital projects.
- Minimize the impact on the low-end user, which includes the majority of senior users.
- Ensure the impact on the average residential user (average Southborough use 2600CF/bill) is manageable.
- Increase rates at the highest tiers where the usage may be considered to be non-essential.

I have attached The Abrahams Group's Water Rate Report for your review. The DPW will use the new Water System Master Plan to develop a new, conservative, capital schedule when the Plan is complete. Then, prior to March 2022 the DPW will use the capital schedule and water consumption trends to recommend a rate increase for March 2022.

The DPW recommends the Selectmen vote the anticipated 5% water tier rate increase to begin after the March reading, so that the July bill will be at the new rates.

Ms. Karen M. Galligan
Superintendent
Department of Public Works
147 Cordaville Road
Southborough, MA 01772

Dear Ms. Galligan:

I am pleased to submit this report summarizing the results of our analysis of and recommended rates for the next five fiscal years of the Town of Southborough's Water Enterprise Fund finances.

FY 2021 IN REVIEW

As a result of our work on the FY 2021 rate study last year, the Town adjusted its water tiers to simplify them and increased rates significantly. In addition to the changes for FY 2021, projections showed a need to increase rates by 5.0% per year from FY 2022 through FY 2025.

Since the rate and tier changes were voted for implementation in FY 2021, water consumption increased dramatically due to extremely dry weather during the warmer months of 2020 and consumption pattern changes due to the COVID-19 pandemic. Per MWRA data, the Town used the second most water in 2020 in the past five years and the third most water in the past 15 years. Projected revenues from water consumption in FY 2021 are up over 50% over FY 2020's revenues from water consumption. Projections show that FY 2021 will end with a surplus over $300,000, after FY 2020 ended with a deficit of over $550,000. Retained earnings are projected to be over $1.1 million, or over 48% of the FY 2021 budget, once retained earnings are next certified in the fall timeframe. The Town's target for a retained earnings balance is 20% of the budget.

FY 2022 TO FY 2026 RATES RECOMMENDATION

Increased water consumption one year impacts water expenses in another year. Communities' MWRA assessment is based on the communities' water consumption from one full calendar year prior. Consumption in 2020 impacts the FY 2022 assessment. MWRA has published the preliminary assessments for FY 2022 and the Town's assessment has increased by over $230,000, or 23%, from FY 2021 to FY 2022.

If there is no rate action for FY 2022, projections show that FY 2022 will have a budget deficit of over $300,000. Retained earnings can be used to supplement the budget so it is balanced. Projected deficits for FY 2023 to FY 2026 continue to increase year over year without rate action.

52 FLANAGAN DRIVE • FRAMINGHAM, MA 01701

BETTERGOV@AOL.COM • WWW.THEABRAHAMSGROUP.COM • PHONE (508) 788-9172 • FAX (508) 788-6217

Projected revenues with no rate action, expenditures, and deficits from FY 2022 to FY 2026 are found in the following table:

	FY 2022	FY 2023	FY 2024	FY 2025	FY 2026
Projected Revenues (and Other Sources)	$2,459,017	$2,389,017	$2,364,017	$2,364,017	$2,364,017
Projected Expenditures (and Other Uses)	$2,764,853	$2,714,987	$2,756,417	$2,890,451	$2,960,488
Surplus/(Deficit)	$ (305,836)	$ (325,970)	$ (392,399)	$ (526,434)	$ (596,471)

The expenditures in the table above include those associated with the most recent capital plan, including additional projected debt of $88,000 in FY 2023, $86,350 in FY 2024, $128,700 in FY 2025, and $286,225 in FY 2026.

The recommended rate change for FY 2022, consistent with what was presented in the FY 2021 study, is a 5.0% increase in rates. With a 5.0% increase in rates in FY 2022, the projected FY 2022 deficit is $220,000 and projected retained earnings at the end of FY 2022 are $833,000, or 30% of the budget.

The Town plans to set rates the next few years so revenues fully cover expenditures, something that projections show can be achieved by FY 2026 with a 6.0% increase in rates each year from FY 2023 to FY 2026. If revenues fully cover expenditures, then any retained earnings above the targeted amount can be used to fund capital projects. With a 6.0% increase in rates each year from FY 2023 to FY 2026, the projected FY 2026 deficit is $35,000 and projected retained earnings are $585,000, or 20% of the budget.

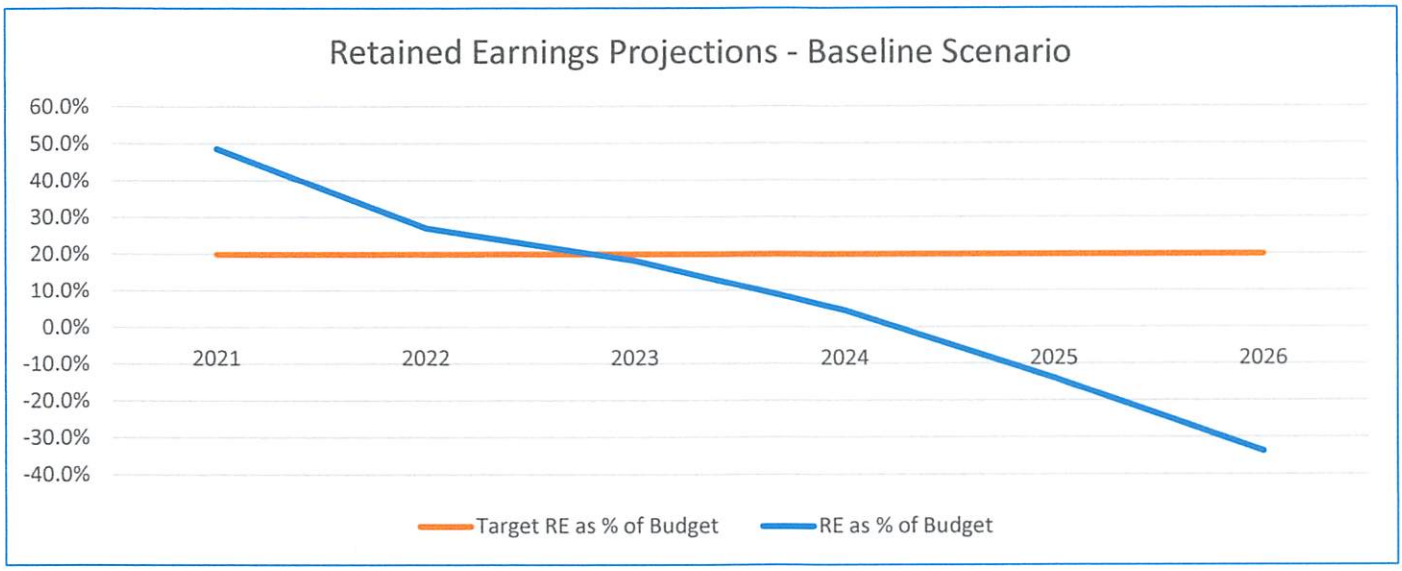
The following table shows how the five-year rate plan impacts certain users' bills:

User Impact (per Bill)			New Bills				
Sample User (w/Meter Size)	Usage	Current Bill	FY 2022	FY 2023	FY 2024	FY 2025	FY 2026
Low-End Senior User (5/8")	500	$ 25.76	$ 27.05	$ 28.67	$ 30.39	$ 32.21	$ 34.15
Low-End Residential #1 (5/8")	100	$ 34.36	$ 36.08	$ 38.24	$ 40.54	$ 42.97	$ 45.55
Low-End Residential #2 (5/8")	900	$ 40.90	$ 42.95	$ 45.52	$ 48.25	$ 51.15	$ 54.22
Average Residential (5/8")	2,600	$ 115.02	$ 120.77	$ 128.02	$ 135.70	$ 143.84	$ 152.47
High-End Residential #1 (5/8")	11,000	$ 712.66	$ 748.29	$ 793.19	$ 840.78	$ 891.23	$ 944.70
High-End Residential #2 (3")	45,000	$ 4,234.58	$4,446.31	$4,713.09	$4,995.87	$5,295.63	$5,613.36
High-End Non-Res. #1 (2")	30,000	$ 2,672.05	$2,805.65	$2,973.99	$3,152.43	$3,341.58	$3,542.07
High-End Non-Res. #2 (3")	40,000	$ 3,734.58	$3,921.31	$4,156.59	$4,405.98	$4,670.34	$4,950.56

Since the Town sets rates every year, the Town should review projected revenues and expenditures next year as well to see if they show the rate plan should be adjusted. Ideally, the Town reviews them every year to ensure that revenues are covering expenditures.

* * * * *

We are pleased to propose assistance to the Town of Southborough on this important and challenging project. I will be pleased to discuss this report with you at your earliest convenience.



Sincerely yours,

Mark D. Abrahams, CPA
President

TO: Board of Selectmen
FROM: Mark J. Purple, Town Administrator
DATE: March 12, 2021
SUBJECT: ATM warrant placeholders

As the warrant for the May 22, 2021 annual town meeting is rounding into shape, there are still some article placeholders that have yet to be addressed:

1. Article 25 – the purchase of a parcel of land owned by National Grid in the downtown area;

2. Article 36 – amending the current Demolition Delay bylaw

In addition, the sponsor for Article 42 (bylaw for reducing plastic waste), Michael Weishan, has sent correspondence that he would like to withdraw his article for this town meeting, and bring it back when the town meeting is again allowed to be held indoors.

I am asking for the Board to take positions on deleting these placeholders/articles from the warrant, should they be determined not to be ready for this town meeting.

Thank you.

RE: Contract Award Requests – Neary/Richardson Tennis Court Lighting Installation

On February 26, 2021 the Recreation Department, with assistance from Traverse Landscape Architects, held a bid opening for the Neary/Richardson Tennis Court Lighting Installation project. Below please find the winning bid:

Island Lighting & Power Systems Inc
14 Shire Drive
Norfolk, MA 02056

Total Base Bid: $95,440.97

This bid, while the lowest, pushes our approved Town Meeting Article budget passed its' approved amount. On March 9, 2021, the Recreation Commission voted 4-0-0 to approve the use of revolving funds to supplement the anticipated overage and contingencies. Please note that under MGL the use of our revolving fund is permitted based on the facilities use of Recreation Department sponsored programs. The Recreation Department will continue to explore alternative funding options in the interim in hopes to relieve the burden on our revolving account relating to this project.

Attached please find the bid recording sheets from the bid opening sessions. Speaking with our hired firm, Traverse, and reviewing references and past work – we are comfortable in awarding the projects to the above. Island lighting is a past contractor of the Town and we are excited to continue a relationship with them.

Thank you for your continued support on this project. I will continue to update you all on the progress of this project which is anticipated to complete in the Spring. If you have any other questions, please do not hesitate to contact my office at 508-229-4452 or email me at TDavis@southboroughma.com.

Respectfully Submitted,

Tim Davis, CPRP, CPSI
Recreation Director

Town of Southborough

Memo

To: Board of Selectmen
From: Vanessa Hale, Assistant Town Administrator
Date: March 12, 2021
Re: One Stop Grant Application

Recently, the Commonwealth of Massachusetts unveiled a new program entitled the "Community One Stop for Growth" which is a single application portal and collaborative review process of community development grant programs. The primary benefit is that an application for a program or initiative can be considered by multiple agencies simultaneously which include:

- MassWorks
- Urban Agenda
- 43D Expedited Permitting
- Community Planning Grants [new]
- Rural Development Fund [new]
- Housing Choice Capital Grants
- Massachusetts Downtown Initiative
- Brownfields
- Site Readiness
- Underutilized Properties [new]

Additionally, the "Expression of Interest" component of the program establishes an expert panel of officials that can review an idea or concept and advise Town staff/officials on what grant is most suitable [Applicants may seek guidance for up to five (5) projects]. Another unique asset of the program is that it includes an ability to request a meeting with EOHED staff to review priority projects. The deadline for an Expression of Interest is April 2, 2021, although early submittal is encouraged to receive pertinent feedback [applications are reviewed on a weekly basis].

Furthermore, the panel may also recommend grant or funding resources from agencies outside of One Stop that may be more germane.

Enclosed are two memorandums from both the EDC and SHOPC with details on their proposal. The program requires the acknowledgement and approval of the Board of Selectmen. Following review of the Expression of Interest, a full application must be submitted; that process runs from May 3, 2021-June 4, 2021. *An Expression of Interest is not a substitute for a grant application.*

Thank you for your consideration.

TOWN OF SOUTHBOROUGH

Southborough Housing Opportunity Partnership Committee

TO: Board of Selectmen
Mark Purple, Town Administrator

FROM: Sarah Hoecker, Planning Business Administrator

CC: Doriann Jasinski, SHOPC Chair & SHOPC Members

DATE: March 11, 2021

SUBJECT: Community One Stop for Growth FY 21

Dear Board of Selectmen and Mr. Purple,

At their meeting on March 9, 2021 the Southborough Housing Opportunity Partnership Committee (SHOPC) voted to send a letter with priorities identified for inclusion in the town's Expression of Interest for the Community One Stop for Growth application.

Projects identified for your consideration are the following:

- Feasibility and potential creation of a transit-oriented overlay district or rezoning near the Southville area to facilitate affordable housing
- Visioning feasibility study to explore a wide variety of development strategies for Route 9 Corridor to potentially include conversion of existing office space into residential units

SHOPC continues to take action steps to implement the Southborough Housing Production Plan (HPP). In July 2020 the HPP was approved by Department of Housing and Community Development (DHCD) for a five-year term. SHOPC is dedicated to making measurable gains within that timeframe. Inclusion in the One Stop grant program would support moving HPP initiatives forward for the Town. In particular, the documents third housing goal:

> 3. Encourage alternative housing styles to single-family homes, such as townhouses, duplexes, and small apartment buildings in contextually appropriate locations to provide residents with a wider range of housing options

SHOPC is prepared to work collaboratively with the Board of Selectmen to effectively develop additional affordable and diverse housing for Southborough residents.

Sincerely,

Doriann Jasinski

To: Board of Selectmen

Southborough, 26 February 2021

c/o Mark Purple, Town Administrator

Subject: Expression of Interest for Community-One-Stop-For-Growth FY21

Dear Board of Selectmen and Mr. Purple,

The Economic Development Committee (EDC) at their meeting of 25 February 2021, voted to send you this letter; to inform you of the EDC's interest to apply for grants through the Commonwealth's Community-One-Stop-For-Growth program.

Seperately, the EDC is sharing a working copy of the EDC's One-Stop-For-Growth presentation. It is an excellent resource (primer) on the program as well as an explanation of the EDC's process in bringing forward these two economic development projects.

The EDC trusts that, the town of Southborough will submit an Expression of Interest well before the deadline of April 2nd, 2021.

We hereby, submit the committee's identified economic development projects for your consideration to be included in your submittal.

1. Create Route-9 Business Corridor District
2. Downtown Initiative Phase II

Sincerely,

John Wood

A SINGLE APPLICATION PORTAL AND COLLABORATIVE REVIEW PROCESS OF HOUSING AND ECONOMIC DEVELOPMENT GRANT PROGRAMS FROM THE STATE.

- **Ability to be considered for more than one grant program simultaneously**, saving time on research and applications to different agencies and programs.
- **Guidance and State partnerships**, allowing applicants to receive key feedback before completing a full application, and allowing the State to holistically and directly engage with local leadership.
- **Direct referrals to additional programs** that applicants may realize could support their priorities.
- Funding opportunities span the **entire development continuum**, from planning to implementation.

Community One Stop for Growth

It is <u>strongly</u> recommended that applications are submitted as early in the process as possible.

How Does Southborough Take Advantage of This?

SOUTHBOROUGH EDC
Economic Development Committee

1. Create a **Vision and Strategic Plan** for Housing- and Economic Development

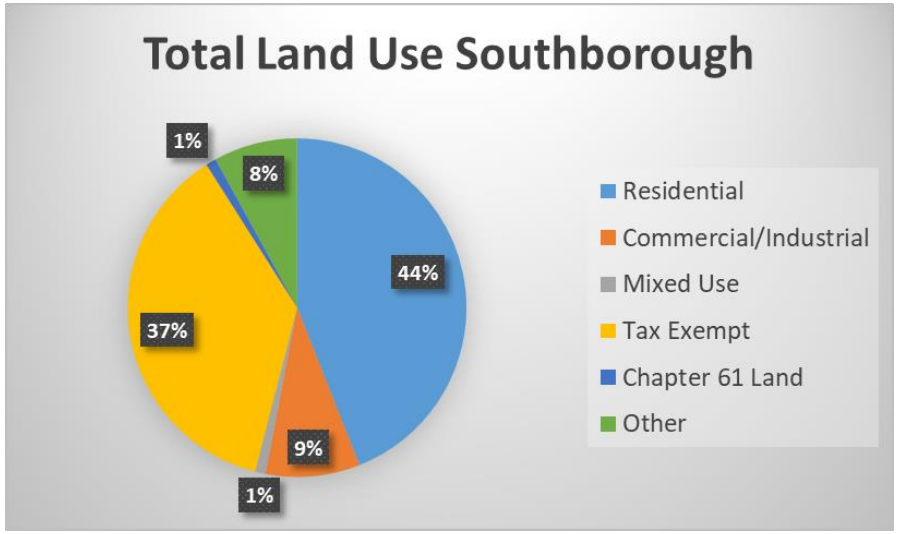
2. Reach town-wide **consensus** on Economic Development goals *(Board of Selectmen, Planning Board, SHOPC, Advisory Board)*

3. **Identify up to 5 projects** that will further Southborough's Community Development Goals

4. Submit an **Expression of Interest** including Southborough's goals for 2021 (Starting February 8, 2021)

SOUTHBOROUGH
EDC
Economic Development Committee

Southborough 2021



Economic Development Strategy

Economic Reality

SOUTHBOROUGH EDC
Economic Development Committee

- 87% of Town Revenue is derived from Residential Property Taxes and only 13% from Commercial Property Taxes.
- The Town's Expenses have been and will continue to increase.
- 37% of Southborough's Land Use is Tax Exempt.
- Only 9% of all land in Southborough is zoned for commercial/industrial use.

The Town needs to optimize its current Commercial and Industrial Land Use

Source: Assessors database FY20

New Sustainable Revenue Sources are Needed
Healthy thriving businesses are a necessity for the Town – NOT A CHOICE!

Community Development Goals

SOUTHBOROUGH EDC
Economic Development Committee

ECONOMIC DEVELOPMENT GOALS:

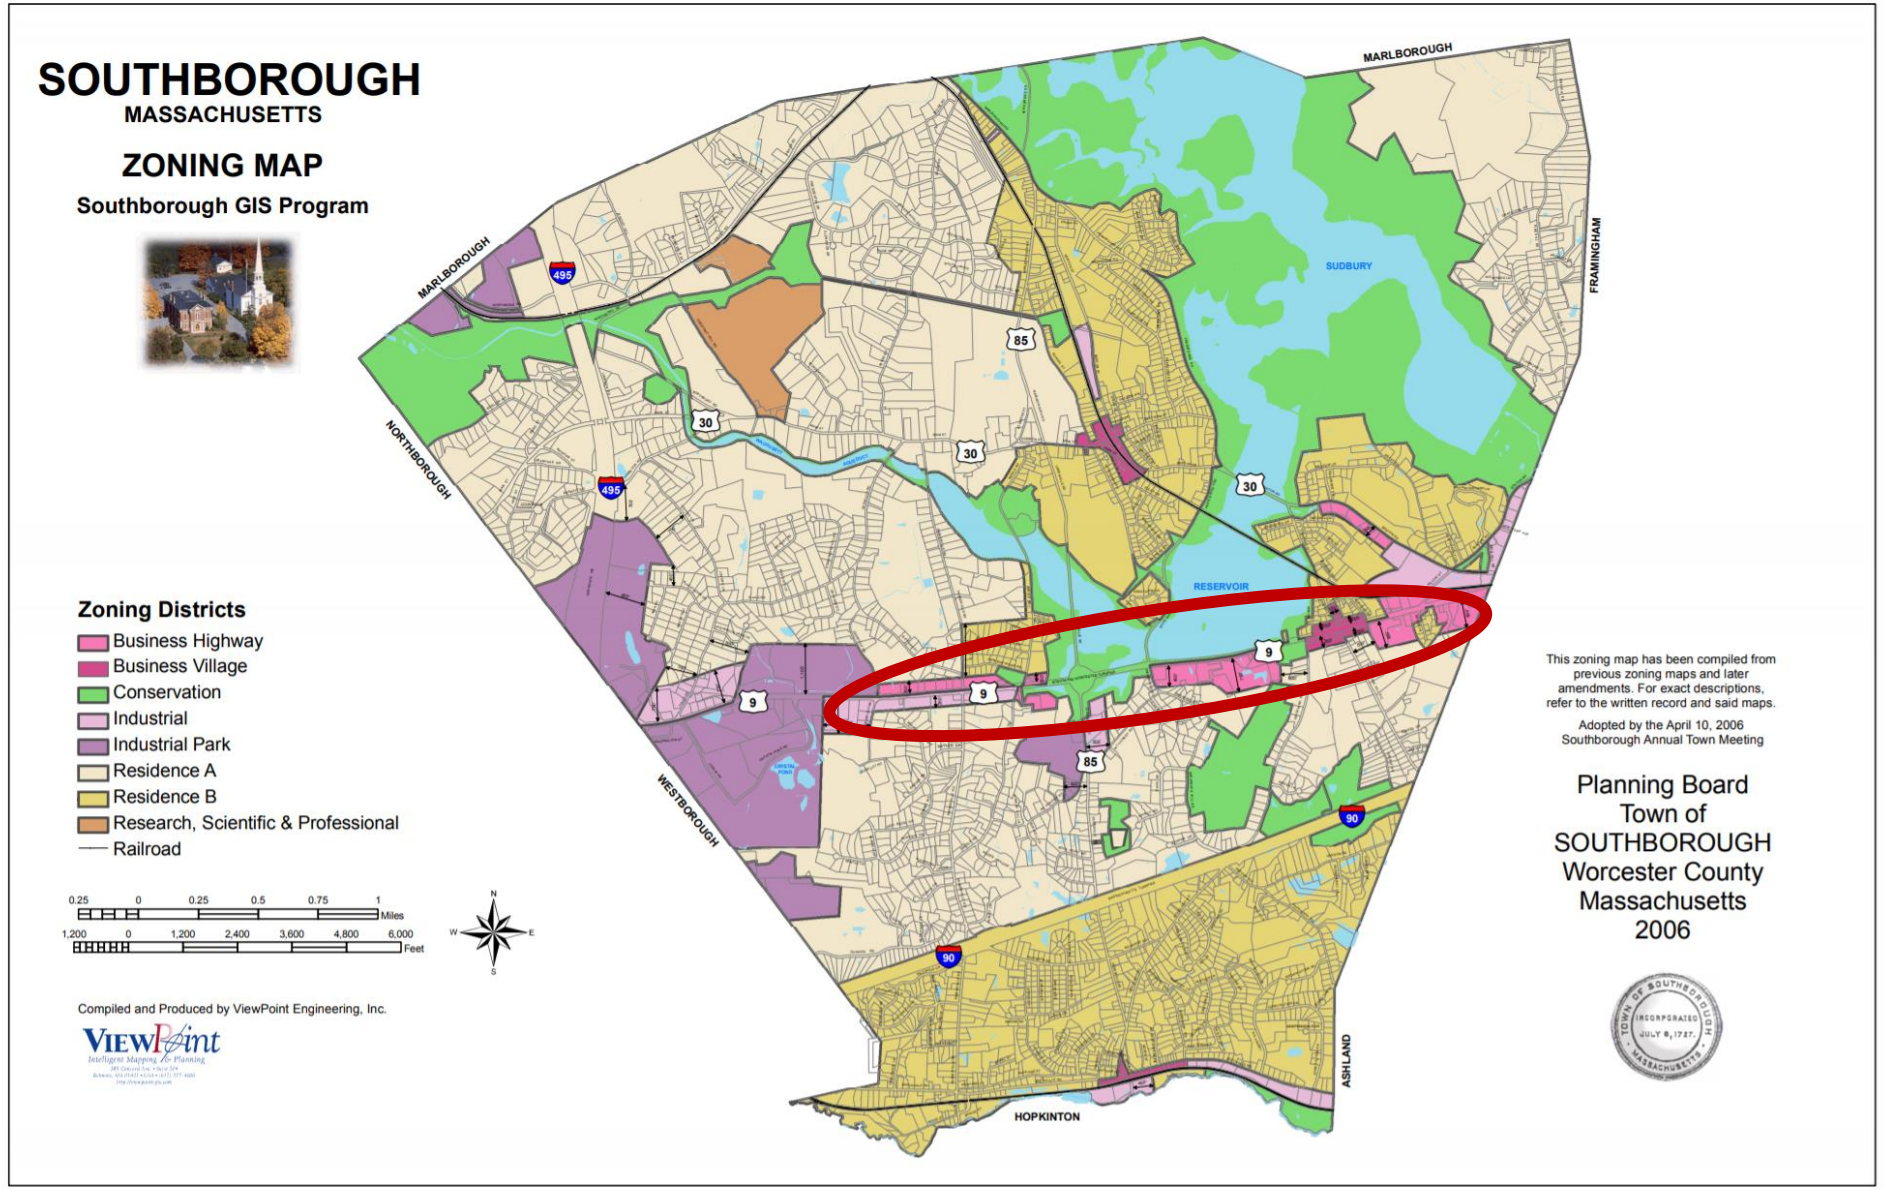
1. **Expand commercial development** where it is most appropriate, along Route 9 and in the villages, at an appropriate scale.

2. **Create opportunities** for businesses to start and prosper in Southborough.
   - Create a mix of jobs
   - Work with businesses to keep them in Southborough
   - Evaluate zoning to allow for effective mix of uses
   - Encourage innovative and sustainable jobs

3. Review/change the permitting process to try and eliminate unreasonable bottlenecks.

4. Reduce the potential for land-use conflict and **preserve commercially zoned land for business use**

SOURCE: Masterplan 2008



HOUSING DEVELOPMENT GOALS:

1. **Provide housing options** that attract families and enable older adults to remain in Southborough as their needs change
2. Reinforce Southborough's economic goals by supporting local businesses through the provision of **expanded housing choices that serves a diverse local workforce**
3. **Encourage alternative housing styles to single family homes**, such as townhouses, duplexes, and small apartment buildings in contextually appropriate locations to provide residents with a wider range of housing options
4. Maintain Southborough's character by supporting the design of housing development that is compatible with and complementary to the Town's architectural character and wooded landscapes.
5. Minimize impacts of new development on priority areas for open space, conservation, and natural resource protection purposes
6. Maintain and improve the condition of the Town's housing stock and encourage high quality new construction

Route 9 Business Corridor

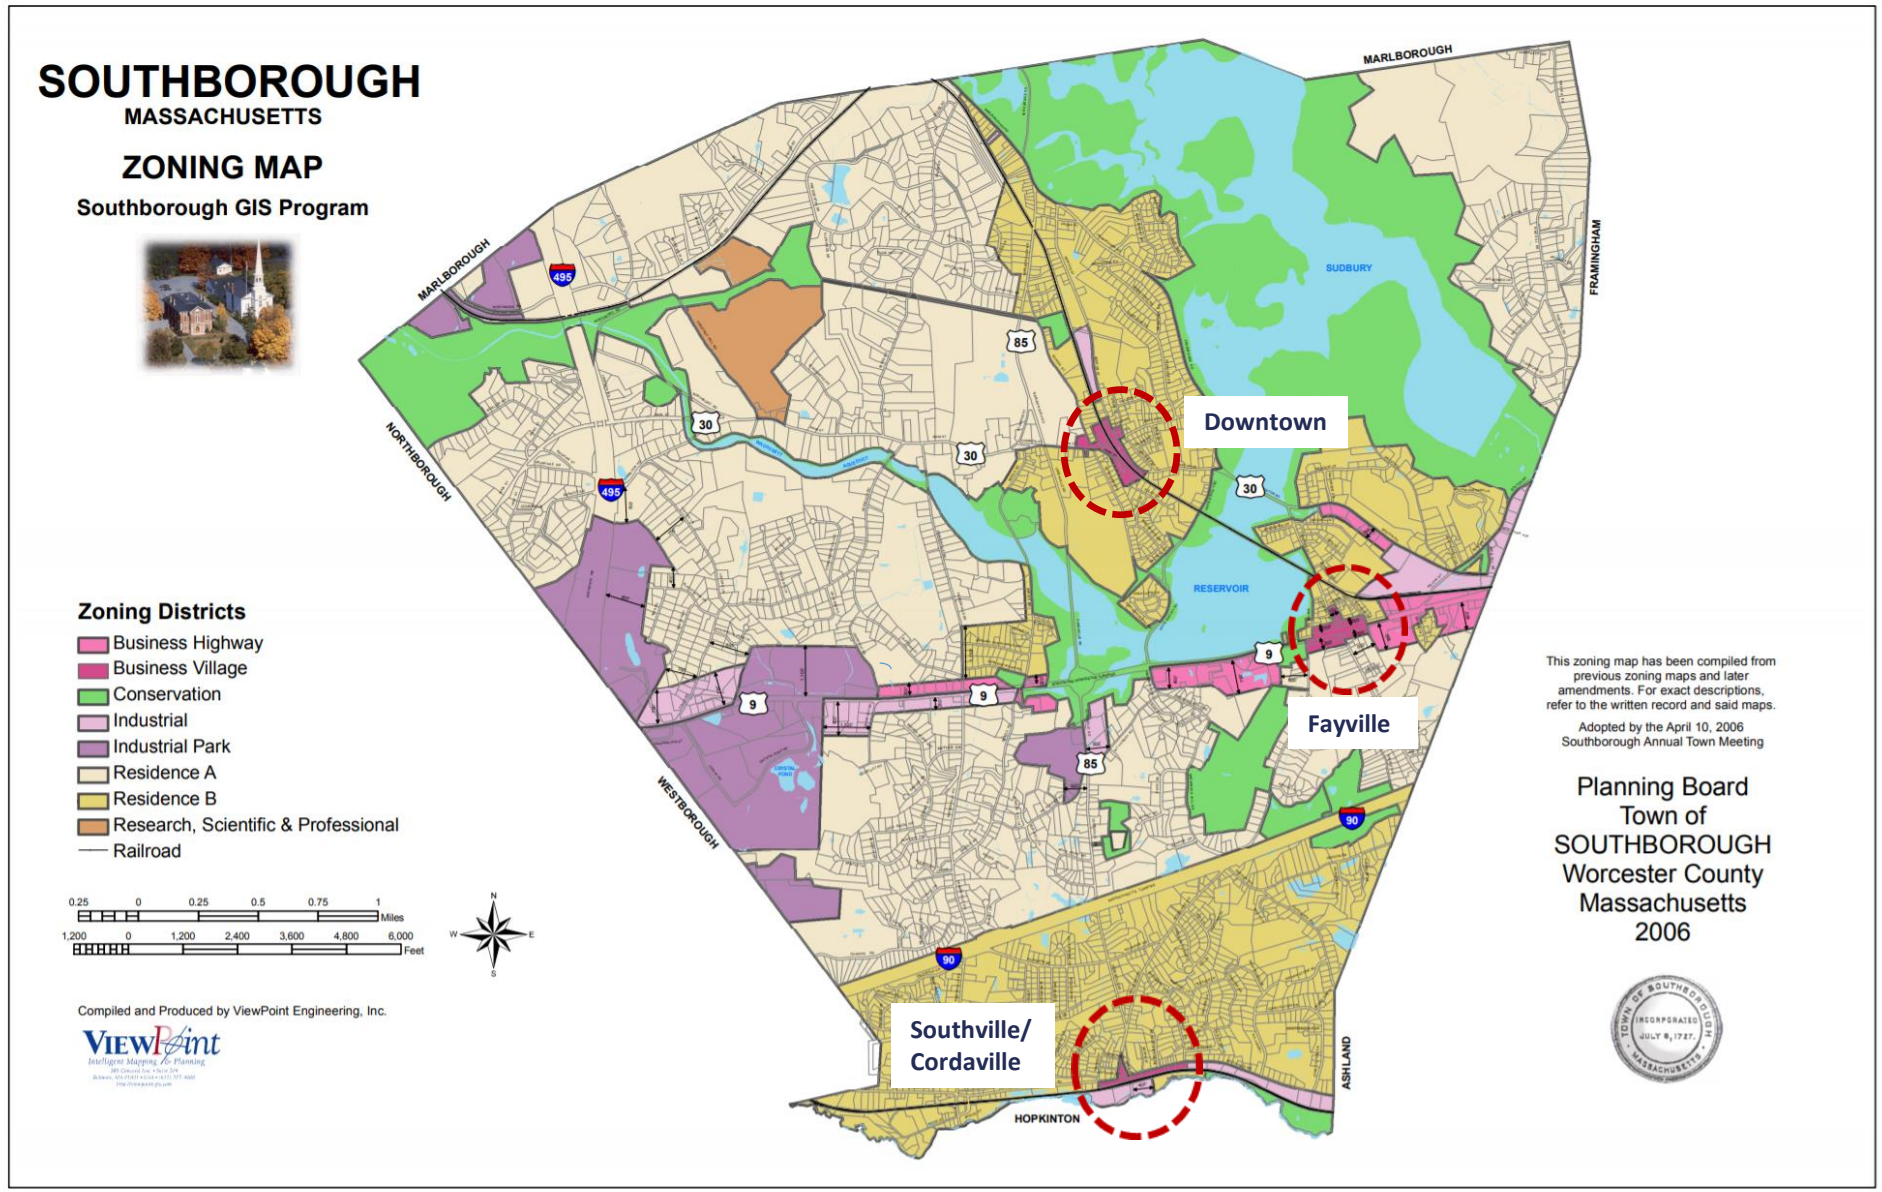
SOUTHBOROUGH EDC
Economic Development Committee

Route 9 - Business Development

SOUTHBOROUGH EDC
Economic Development Committee

FOCUS ON ROUTE 9

Challenges:



- Office Vacancy Rates
- Un(der)developed lots
- Low-intensity and limited mix of uses
- Outdated zoning
- Leakage of retail spending to other communities
- Absence of amenities
- Absence of sewer service
- Relative shallow zoned commercial area
- Perceived Business Climate
- Last Mile transportation options
- Traffic pattern

Focus 2021 and beyond:

- Facilitate business (re)development along Route 9
  - Zoning update
  - Explore Financial Tools (TIF)
- Explore Last Mile transportation options
- Improve traffic patterns
- Identify and Address Infrastructure Constraints
- Address lack of amenities for businesses and residents

Southborough Business Villages

SOUTHBOROUGH EDC
Economic Development Committee

Villages - Business Development

SOUTHBOROUGH EDC
Economic Development Committee

FOCUS ON Southborough Villages

Challenges:

- Under-utilized lots
- Low-intensity and limited mix of uses
- Leakage of retail spending to other communities
- Absence of amenities
- Absence of sewer service

Focus 2021 and beyond:

- Continue next phase of Downtown Initiative project
  - Wastewater Infrastructure
  - Beautification and Wayfinding
  - Connectivity
- Revitalize other business villages:
  - Update zoning
  - Address infrastructure constraints

Economic Development Projects

SOUTHBOROUGH EDC
Economic Development Committee

1. Create new Route 9 Business Corridor District

- Explore ways to revitalize under-utilized and vacant lots along route 9.

- Consider zoning changes, economic development tools, infrastructure and traffic/transportation issues and solutions.

2. Downtown Initiative Phase II

- Wastewater Infrastructure Implementation

- Beautification, Wayfinding, Community Programming

- Connectivity

3. Update zoning for Business Village Districts (BVD)

- Create a new zoning district for Southville which allows for mixed-use zoning and incorporate the MBTA Communities Initiative* (by-right multi-family housing district near train station)

* Housing Development Goal

Transportation Advisory Committee [Concord]

Our long-range plan, Envision Concord Bridge to 2030, lists as Big Idea 3, a strong need to increase the physical and social connectivity of isolated residents, including seniors, and those living in denser housing areas outside of easy walking distance (1/2 mile) of the village centers. There is also a need to expand non-automobile options for students and teens to get around town to reduce congestion and carbon emissions while increasing their connection to the town's
cultural, recreational, and commercial resources. The decentralization of residents, the need to support the village centers to retain independent businesses, and the desire to provide environmentally sustainable low-carbon mobility choices for residents and visitors all create opportunities to consider transportation across multiple needs and strategies. Innovative mobility solutions may also address transportation needs of visitors to Concord and the increased congestion and parking demand resulting from visitors and through-town commuter traffic. Town-owned vehicles could be multi-purpose serving different needs and different segments of the population at different times. (Envision Concord Bridge to 2030, pages 79-81)

Transportation is a federal, state, regional and local issue, and all have impact on Concord. However, this Committee will focus on local sustainable transportation policy. As such it will be a Transportation Advisory Committee (TAC) appointed by the Town Manager and working
closely with the Select Board to develop policies which support innovative multi-model actions. The TAC will collect transportation relevant data available from town and school departments, developing policies supporting identified annual actions. The TAC will annually incorporate the goals reflected at Town Meeting in all its planning recommendations.

Because transportation solutions will evolve over time as technologies, town resources, and town and school needs evolve, this committee will annually adjust, initiate and report out policies which reflect changes and growth. There may be important subcommittees focused on specific modes of local transportation, such as bicycle policies, which may include education and safety, recreational and commuter bike-path planning, roadway bicycle use, Bruce Freeman
Rail Trail initiatives and other bicycle access issues. Pedestrian issues, will also be addressed including sidewalk planning and priorities, creating pedestrian friendly areas, including the needs of students, seniors, and those with disabilities. The TAC has the authority to establish subcommittees as needed.

By OB at 3:50 pm, Apr 16, 2021

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, March 23, 2021, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey opened the meeting at 6:30 P.M. and read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Public Comment

Timothe Litt (148 Woodland Road) asked the Board if the May 11th town election was appropriate after the law recently signed by the Governor allowing the Board to change the date. He explained that the Board members currently voting on warrant articles will change before Town Meeting. Chairman Healey stated he would like to speak to the Town Clerk before making any decisions.

Claire Reynolds reminded the public that One Stop Grant Program proposals are due April 1st and she explained the process for submittal.

Chairman Healey added that holding public comment at the beginning and end of meetings has been successful. The Board agreed.

III. Scheduled Appointments

a. IT Manager appointment: Jason Montijo

Chairman Healey thanked Ms. Hale and Mr. Probst for their efforts conducting the hiring process. Ms. Braccio echoed the sentiments and asked Mr. Montijo what his first sixty days would look like. Mr. Montijo replied that he would begin understanding the infrastructure and focus on immediate tasks that need to be completed. Ms. Malinowski asked what attracted him to Southborough and the public sector. Mr. Montijo replied that his goal was to become an IT manager. Mr. Shea asked about his experience and Mr. Montijo stated that he will bring security enhancement to Town infrastructure. Chairman Healey stated Mr. Montijo is recommended by

those who participated in the hiring process which included Chief Achilles, Matt Probst, Brian Ballantine, Mark Purple, Vanessa Hale and Tom LaFlamme. Ms. Hale stated the Personnel Board met and approved Mr. Montijo's starting salary and agreed with the appointment.

Chairman Healey made a motion to appoint Mr. Montijo to IT Manager for the Town of Southborough at the salary of $101,000 as budgeted. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Mary Lou Woodford, Chairman, Board of Health – FY22 Budget

Chairman Healey asked Ms. Woodford about the possibility of regionalization and perceived staffing needs at the Health Department. Ms. Woodford explained that COVID-19 has shined a light on their inadequacies and explained the current staffing needs. She explained the functions of the Board of Health outside of the pandemic. She explained the Shared Services Grant that the Health Department has applied for and how it will help identify whether regionalization will be a good fit for Southborough. Chairman Healey asked Ms. Woodford what the immediate staffing needs were for the Health Department. She explained the need for a full-time public health nurse, a full-time health director and a full-time administrative assistant. Ms. Malinowski asked about the vaccine clinic and if this staffing model would support regionalization. Ms. Woodford explained the staffing and backend process of the vaccination clinic and that the Shared Services Grant is not regionalization. She further explained the needs for a larger staffed Health Department and the current staffing hours. Mr. Shea asked if the increase in staffing was pandemic-driven. Ms. Woodford replied that the Board of Health was discussing their staffing needs and options prior to the pandemic. Mr. Stivers asked about the Shared Services Grant and Ms. Woodford explained that it is shared with four towns and how the funds would be disbursed. Mr. Stivers asked if the Board of Health were still considering regionalizing. Ms. Woodford replied that they were and stated the Board of Health was open to whatever is going to be best for the residents of Southborough. She added the Shared Services Grant will tell them if they can work with other towns and if the requirements and needs complement each other.

Ms. Braccio stated that she is not fully understanding the sudden need to increase the part-time positions to full-time and asked for more details to be presented at the April 6th meeting. She added that there has been phasing for staff additions over multiple years in other departments and said she appreciated that regionalization was still being considered. Chairman Healey asked for a concise form to describe why the core services listed are necessary for Southborough and the impact on taxes. Ms. Woodford agreed to provide this and added that the public needs to be better informed of the role the Health Department plays.

IV. Reports

Chairman's Report

i. Update on Barron v. Town of Southborough litigation

Chairman Healey stated that the court decision is included in the packet and the entire case has been rejected or dismissed at its earliest possible stage. He explained how claims such as these are decided and added that Mr. Davis did very well. He will be asking Mr. Davis to attend an upcoming meeting to discuss the right of appeal. He added that the court does support their public forum policy and explained that excerpt of the decision. Chairman Healey asked to review the policy at a future meeting and the Board agreed.

Chairman Healey stated that the Trustees at Chestnut Hill Farm may be seeking a grant for infrastructure funds from the Federal Government. He added that the Trustees are looking for support from the Board, Representative Dykema and Senator Eldridge. He stated that Representative Dykema has sent a supportive letter for the Trustees to pursue the grant and Mr. Purple will distribute that to the Board. The letter indicated that any construction or work at Chestnut Hill Farm will need to follow normal town processes and approvals.

Members' Reports

i. Boston Cane

Ms. Braccio explained the history of the Boston Cane beginning in 1901. She said she has inquired at the Senior Center as to who is the oldest resident and found that she is a 99-year-old female veteran. She said she will be working with Ms. Le Francois to speak with the family and to pick a date for a small ceremony.

Town Administrator Report

i. COVID-19 update

Mr. Purple stated that Ms. Woodford previously spoke to the vaccination clinic and Southborough has been approved to a regionalized vaccination clinic in Westborough. He added that they are hoping to receive the vaccine by the first week in April and are working with Chief Achilles and Dr. Alker to facilitate staffing.

Ms. Hale explained that the required information for the expression of interest to the One Stop Grant portal has been started and should be done in time for the April 1st deadline. She explained the next steps and that three total projects were submitted from SHOPC, DPW and EDC. Ms. Malinowski stated that she is available to assist if needed.

V. Consent Agenda

a. Ms. Malinowski informed the Board the draft minutes were not supplied for approval. Mr. Purple asked to table the approval of Open Session Minutes: March 16, 2021. The Board agreed.

b. Mr. Shea made a motion to approve FY22 Fire Permit Fee Schedule revisions. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Ms. Malinowski asked to hold agenda item "c." Mr. Purple explained the revolving funds used for inspectional services at both the Fire Department and Building Department. He stated that the Building Department will be increasing their fees starting in fiscal year 2021 and increases will be added to the general fund. Ms. Malinowski made a motion to approve FY22 Building Permit Fee Schedule Revisions. Chairman Healey seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

d. Approve Building Permit Fee Schedule revisions
This item was approved with consent agenda item "b."

e. Mr. Shea made a motion to approve Amendment #1 to the CSX preliminary engineering agreement for Main Street project. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

f. Ms. Braccio thanked Ms. Cook for taking on an additional committee after being on Advisory as well and thanked her for her work on the School Research Subcommittee. Ms. Braccio made a motion to accept the resignation of Kathy Cook from Capital Planning Committee.

Chairman Healey seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

g. Mr. Shea stated that the November 10th Executive Session minutes were approved on January 19, 2021. He stated that there was an administrative oversight. He asked that Ms. Braccio not be counted in the roll call vote as she was absent. He stated the vote to enter into Executive Session should be 4-0-0. Chairman Healey made a motion to release the Executive Session minutes: November 10, 2020 with the revision described by Mr. Shea. Mr. Shea made a motion to release Executive Session minutes: November 17, 2020 (redacted). Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Other Matters Properly Before the Board

a. Town Administrator evaluation

Chairman Healey stated the evaluations are included in the meeting packet and the Board conducted a fulsome discussion with Mr. Purple regarding his evaluation. He added that Mr. Purple has discussed the evaluations with Board members individually as well. Chairman Healey asked Mr. Purple if he had any additional remarks. Mr. Purple stated he appreciated members reaching out to him and they had substantive conversations about the evaluations. He added there is opportunity for growth and he appreciates the feedback. Chairman Healey explained the contract and some areas that may need clarity. Mr. Stivers outlined the three options moving forward which were to extend Mr. Purple's contract, not extend the contract or take no action and the contract is extended automatically for one year. Chairman Healey, Ms. Braccio, Ms. Malinowski and Mr. Shea agreed they were content accepting the written evaluation. Chairman Healey said he did not see that there is an inclination not to move forward with Mr. Purple's contract. Mr. Stivers stated he was not in support of renewing Mr. Purple's contract. Mr. Stivers suggested updating Mr. Purple's contract to clarify some areas. Chairman Healey stated the Board could do that and explained what was needed for the April 17th deadline.

b. Review of May 22, 2021 Town Meeting warrant articles

Chairman Healey outlined that the Board can decide to take a position on each warrant article, take a vote not to support a warrant article or the Board is not ready to take a position at this meeting. He told the Board he was going to review each warrant article individually. The Board reviewed and discussed each warrant article and decided to invite the Fire Department, Police Department, Library, IT Department, Building Department, Board of Health and Public Works to the next meeting to discuss their departmental budgets. The Board wanted representatives from the following warrant articles to speak at the next meeting:

- Article 5 – Amend the Personnel Salary Administration Plan
- Article 19 – CPC – Kallander Field Construction
- Article 20 – CPC – St. Mark's Church Bell Tower Renovation
- Article 21 – CPC – Town House Historical Preservation
- Article 22 – CPC – Flagg School Assessment
- Article 23 – CPC – Trail on DCR Land
- Article 36 – Outdoor Illumination
- Article 37 – Site Plan Review
- Article 38 – Zoning – Downtown District
- Article 39 – Noise Bylaw

The Board agreed to remove the placeholder for the warrant article regarding parcel 54-50. Mr. Weishan asked to remove the placeholder for article 42 regarding banning plastic straws. Mr. Purple informed the Board that a citizen's petition must be brought to Town Meeting and the sponsor would need to make a motion to indefinitely postpone the article. The Board agreed to remove the placeholder for the demo delay bylaw change as the Chair of the Historical Commission sent a letter saying they do not intend to make any changes this year. Mr. Purple agreed to speak with DPW Superintendent Galligan regarding Article 43 which asks the Board to direct the DPW to conduct an analysis of Flagg Road for a commercial truck exclusion. The Board agreed to support the Downtown District draft bylaw language for continued discussion at the Board public hearing next week.

Ms. Braccio acknowledge a chat comment from Marci Jones that read, "The Latisquama neighborhood looks forward to the expert opinion on the zoning, lots and map related to the Downtown Initiative. We will be prepared with our questions."

VII. Public Comment

Timothe Litt (148 Woodland Road) stated that he has heard members of the Community Preservation Committee state that in some cases, their vote to come to Town Meeting with an article does not mean the board members or Board will support the article. He added it is part of their obligation to bring articles to Town Meeting. Mr. Litt stated he was pleases the Board appointed Mr. Montijo as IT Director and stated he would have urged them to appoint him as an ex-officio member of the MTC at the same time. Mr. Litt stated that Ms. Woodford neglected to point out in her Health Department discussion that a lot of COVID-19 contact tracing is done through the CARES Act and is not done by the current staff.

VIII. On a motion made by Mr. Stivers, seconded by Mr. Shea and voted all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 9:36 P.M.

Upcoming Meetings			
March 30, 2021 (Public Forum)	*April 6, 2021*	*April 13, 2021*	*April 20, 2021*

Respectfully submitted,

Kathleen Barry, Recording Secretary

Town Finance Terminology

The following terms are frequently used in the Advisory Committee Report and at Town Meeting. For your convenience, we provide the following definitions.

Surplus Revenue: (Often referred to as "Excess and Deficiency")
The fund represents the amount by which the Cash, Accounts Receivable and other floating assets exceed the liabilities and reserves.

Available Funds: (Often referred to as "Free Cash")
The amount of the Unreserved Fund Balance (Surplus Revenue) account over and above uncollected taxes of prior years constitutes "free cash" or "available funds".

Overlay:
The Overlay is the amount raised by the Assessors in excess of appropriations and other charges for the purpose of creating a fund to cover abatements and exemptions as granted.

Overlay Reserve:
This is the accumulated amount of the Overlay for various years not used or required to be held in the specific Overlay account for a given year, and may be used by vote of the town for extraordinary or unforeseen purposes or voted into the Reserve Fund.

Stabilization Fund:
An outside section of Chapter 138 of the Acts of 1991 (the FY92 State budget) modifies limitations on the Stabilization Fund appropriation process by enabling communities to appropriate from this fund for any non-capital, lawful purpose without Emergency Finance Board approval (section 333). Beginning in FY92, the Stabilization Fund will thus become a source of revenue for general operating expenses for communities.

The Stabilization Fund is a mechanism for setting aside money for capital projects. It equalizes the effect of capital expenditures over time, as capital appropriations can change considerably from year to year. The balance in the fund will build up during years when expenditures for capital items are low. During years with high capital expenditures, the community will transfer money from the fund to reduce the project's impact on the tax rate or the amount of borrowing required for the project.

A community may appropriate up to 10% of its tax levy each year, as long as the balance in the Stabilization Fund does not exceed 10% of the community's equalized valuation. Interest earned on any fund balance is retained as part of the fund.

Appropriations into a Stabilization Fund can be made at either an annual or special town or district meeting. Chapter 94 of the Acts of 1985 permits appropriations to be made from a Stabilization fund at a special town or district meeting, not just at the annual meeting. Regardless of the timing, appropriations from the Stabilization Fund require a two-thirds vote by the appropriating authority. Until the FY92 state budget, a community could only appropriate from the Stabilization Fund for a none-capital purpose with the approval of the Emergency Finance Board.

Reserve Fund:
This fund is established by the voters at the Annual Town Meeting only and may be composed of (a) an appropriation (not exceeding 5% of the tax levy of the preceding year), (b) money transferred from Overlay Reserve, or (c) both. Transfers from the Reserve fund may be made only by the Advisory Committee and are for "extraordinary or unforeseen expenditures" only.

Conservation Fund:
For land purchases and any other conservation use.

DRAFT

Introduction to the Rules of Town Meeting

Southborough's Town Meeting is an open town meeting in which all registered voters may participate. Town Meeting is a deliberative assembly, conducted via a defined process, charged with considering a maximum number of questions of varying complexity in a minimum amount of time and with full regard to the rights of the majority, strong minority, individuals, absentees and all of these together. In other words, we gather for the purpose of conducting the Town's business thoughtfully and efficiently.

AUTHORITY

The three elements of authority at Town Meeting are a quorum of one hundred (100) registered voters or more, the Clerk and the Moderator. Of these three, the quorum is the most important.

The Town Clerk is responsible for voter registration, certification of a quorum, setting up the hall and keeping the record of the proceedings. He may also officiate Town Meeting in the absence of a Moderator.

The Moderator presides at and regulates the proceedings, decides all questions of order, and makes declarations of all votes. No one may speak on an issue without being recognized by the Moderator. It is the Moderator's responsibility to approve the distribution of materials, and persons wishing to do so must seek his permission. The Moderator appoints Tellers and alternates for the purpose of counting votes of the meeting.

THE WARRANT

All matters to be considered at Town Meeting must be published in the Town Meeting Warrant, which is the responsibility of the Board of Selectmen. The primary and most important purpose of the Warrant is to notify voters in advance the nature of the business to be taken up at Town Meeting. By state law, Town by-law or custom, several business articles (such as budget appropriations) must be presented in the Town Warrant each year for consideration. Other items are added by warrant articles proposed by Town officials, committees, boards, or groups of ten or more registered voters. The Advisory Committee reviews the Warrant, making recommendations on all the items of business to be presented. In accordance with the Town by-laws, all articles in the Warrant are considered in the order in which they appear in the Warrant, unless the Town Meeting votes to change the order for reasons that reasonable people would entertain.

PARTICIPATION

Any voter wishing to participate in Town Meeting must go to one of the floor microphones and wait to be recognized by the Moderator. Upon recognition by the Moderator, first state your name and address, and then state your business.

Anyone whose name is not on the list of registered voters requires the approval of either the Moderator or a majority of the Meeting to sit in the voting area.

All remarks shall be limited to the subject then under discussion. It is improper to indulge in references to personalities, and all expressions of approval or disapproval, such as applause or booing, are out of order. The Moderator may request any person to keep silent. If after warning from the Moderator, a person refuses to be silent or persists in other disorderly behavior, the Moderator may order a person to withdraw and if he fails to withdraw, may order a police officer to remove such person from Town Meeting.

Individuals who have a personal or financial interest with respect to a matter may speak or vote thereon but should frankly disclose their interest. However, no Town Meeting voter should accept compensation for participating without disclosing that fact.

There is no fixed time limit to the debate of any question. However, out of consideration for the others in attendance and the need to give adequate time to all matters coming before Town Meeting, each individual who speaks should make an effort to be as brief as possible and avoid repeating facts, views or opinions already expressed by others.

DRAFT

Anyone wishing to make a presentation with respect to any article must, prior to Town Meeting, obtain the Moderator's approval.

In order to give all a fair opportunity to speak, no one who has addressed any particular motion shall speak again, except to answer questions, until all others wishing to speak to the motion have done so.

HOW ARE MOTIONS CLASSIFIED?

Main Motions
Motions of this group are for the bringing of questions, or propositions, before Town Meeting for consideration. Only one main motion can be considered at a given time, and once introduced such a motion excludes all other main motions until it has been disposed.

Subsidiary Motions
Motions of this group have are for the modification or disposition of the main motion that is being considered. Their existence as motions depends entirely upon the principal motion to which they are subordinate. Since they relate to the question then under consideration, it is in order to propose them when a main motion is pending and to vote upon them before voting upon the main motion.

Privileged Motions
Motions of this group have no connection whatsoever with any main motion, but are motions of such importance that they are entitled to immediate consideration. These motions have the privilege of temporarily setting aside the main business then before Town Meeting.

Incidental Motions
Motions of this group have few characteristics in common, but for convenience have been grouped into one class. The name "incidental" applies because they arise only incidentally out of the business of Town Meeting.

RULES RELATIVE TO MOTIONS

A motion is the means of bringing a proposal or question for consideration by Town Meeting. When first put forward it is a motion; after it is seconded and acknowledged by the Moderator, it becomes the question or proposal. Except for complimentary resolutions (the presentation of which must be approved in advance by the Moderator), no main motion shall be entertained unless it's substance is contained within the scope of a Warrant article. Upon completion of debate, articles will be voted upon.

The Moderator shall determine whether a motion, or any discussion relative to a motion, is within the scope of the Warrant article under consideration. That is, the motion and the debate must be relevant to the article as written in the Warrant, since the purpose of the Warrant is to apprise voters of the actions to be taken at Town Meeting.

Articles only give notice to the voters and do not initiate action; motions do. Motions may be withdrawn; articles may not be withdrawn – articles must be acted upon by Town Meeting.

There are four types of amendments: striking out, inserting, striking out and inserting, and substitution. Motions to amend may be hostile as long as they are germane. An amendment to a motion is an amendment of the first rank; an amendment to an amendment is of the second rank; there can be no amendment beyond that of the second rank.

Some motions do not lead to a final determination by Town Meeting. A motion to commit or to refer sends the matter to an existing board or committee or one to be established. The motion to postpone indefinitely disposes of the question without bringing it to a direct vote. The motion to postpone indefinitely should not be confused with the motion to table which only temporarily delays a vote. As previously stated, articles may not be withdrawn; so when the Meeting does not wish to act on a particular article, the proper motion is to postpone consideration indefinitely.

DRAFT

Motions to reconsider shall be entertained when new information is available that is materially different than was presented (or could have been presented) at the time of the original vote on the article. Articles may be reconsidered only once. If a motion to reconsider is passed by the necessary 2/3 vote, it brings the original article back to the floor (which requires a new motion and additional debate); if the motion to reconsider is defeated, then the original article stands as previously voted and may not be reconsidered again. Actions to reconsider can be taken at the same session or any subsequent session of Town Meeting. A notice of reconsideration may be filed in advance with the Town Clerk stating that, at a specific point during the current Town Meeting, a voter will move for reconsideration on a particular article, and the Moderator will inform the hall of said action. Note that such a motion so noticed in advance must still be in order (i.e., must comply with all conditions required of any reconsideration motion).

All motions other than purely procedural motions must be in writing and signed by the sponsor.

CHART OF PRECEDENCE OF MOTIONS AND SUMMARY OF GOVERNING RULES

	May interrupt a speaker	Req. a sec.	Debatable	Vote Required	Motions that may apply
PRIVILEGED MOTIONS					
1. To dissolve	no	yes	no	majority	none
2. To adjourn	no	yes	limited	majority	amend
3. Point of no quorum	no	no	no	none	none
4. Recess	no	yes	limited	majority	amend

18. Suspend the Rules	Mr. Moderator, I move to suspend the rules which interfere with...
19. Take from the Table	Mr. Moderator, I move to take from the table the motion relating to...

INTERRUPTING A SPEAKER

No one may interrupt a speaker except for a point of order or a question of privilege.

POINT OF ORDER

A point of order if a question of the Moderator about whether the speaker is entitled to be speaking, or whether the current subject under discussion (or what the speaker is saying) is irrelevant, illegal or contrary to proper procedure. No other "point of order" is proper.

PREVIOUS QUESTION

To call or move the question is a request to stop discussion and to take an immediate vote. This requires a 2/3 vote.

VOTING

Voting is by hand vote and the Moderator declares the result of such votes. If seven or more voters immediately question the declared result, the Moderator shall determine the result by a standing count of votes by the Tellers. After the vote counted by the Tellers is presented to the Moderator and announced to the floor, any further motions for recount are out of order.

ADJOURNMENT AND DISSOLUTION

Sessions of Town Meeting normally adjourn at eleven o'clock in the evening but may adjourn at such earlier or later time as vote of the majority may determine. Town Meeting shall not dissolve until all articles in the warrant have been properly considered.

T O W N W A R R A N T
C O M M O N W E A L T H O F M A S S A C H U S E T T S

ANNUAL TOWN MEETING

Worcester, ss. April 20, 2021

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the Inhabitants of the Town of Southborough qualified to vote in town affairs, to meet at the baseball field adjacent to Neary School, 53 Parkerville Road, in said Southborough, on

Saturday, May 22, 2021

at ***10:00 a.m.***, then and there to take action on the following Articles:

ARTICLE 1: To hear reports of the various Town Officers and Committees and to take such action thereon as the Town may vote.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *To hear reports of Town Boards, Committees or Commissions.*

ARTICLE 2: To see if the Town will vote to accept any sum of money from St. Mark's School, Fay School, Harvard Medical School, L'Abri Fellowship, The New England Center for Children, and any other contributor and deposit same amount in Estimated Receipts Account, and determine what disposition shall be made of the same, if accepted, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *To allow the Board of Selectmen to accept donations from Tax Exempt organizations and determine the disposition of funds.*

ARTICLE 3: To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow from time to time in anticipation of revenue of the financial year beginning July 1, 2019 in accordance with the provisions of Massachusetts General Laws, Chapter 44, and to issue a note or notes as may be given for a period of less than one year in accordance with Massachusetts General Laws, Chapter 44, Section 17 as amended, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article allows the Town Treasurer to short-term borrow in anticipation of revenue.*

ARTICLE 4: To see if the Town will vote in accordance with the provisions of Massachusetts General Laws Chapter 30B, Section 12(b), to authorize the Board of Selectmen or the Superintendent of Schools to solicit and award contracts for terms exceeding three years, including any renewal, extension or option, provided in each instance the longer term is determined to be in the best interest of the Town by a vote of the Board of Selectmen or the School Committee, as appropriate, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Board Recommendation:

DRAFT

Summary: *This article allows the Selectmen and/or the School Committee to enter into contracts in excess of three years, if deemed in the best interest of the Town to do so. This has been an annual article, and the exemption has been limited to contracts of no more than seven years.*

ARTICLE 5: To see if the Town will vote to accept the Personnel Salary Administration Plan, as specified in Chapter 31 of the Code of the Town of Southborough, entitled: PERSONNEL.

, or do or act anything in relation thereto.

Proposed by: PERSONNEL BOARD
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The Personnel By-Law governs policies and pay structures for non-union employees.*

ARTICLE 6: To see if the Town will vote to transfer a sum of money between and among various accounts for the fiscal year ending June 30, 2021, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article is intended to address any unexpected or unusual funding needs for the current fiscal year via transfers between accounts.*

ARTICLE 7: To see if the Town will vote to raise a sum of money as may be necessary for the Town's use for Fiscal Year 2022, and make appropriations of the same, as detailed following, or do or act anything in relation thereto.

SEE BUDGETS ON THE FOLLOWING PAGES

Proposed by: BOARD OF SELECTMEN

Summary: *See budget report including Advisory Committee and Board of Selectmen's FY22 recommendations. If the Advisory Committee recommendation differs from that of the Board of Selectmen, it shall be noted in that departmental budget.*

ARTICLE 8: To see if the Town will vote to raise a sum of money as may be necessary for the Water Enterprise Fund's use for Fiscal Year 2022, and make appropriations of the same, as detailed following, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The Water budget is funded through an Enterprise Fund that is supported entirely through the water rates, which supports all aspects of the department's operation.*

ARTICLE 9: To see if the Town will vote the sum of $250,000 to deposit into the Town's OPEB Trust Fund.

, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary:

DRAFT

ARTICLE 10: To see if the Town will vote to raise and appropriate, or transfer from available funds a sum of money for General Government capital items for the following purposes:

	DESCRIPTION	REQUEST	LEVY	OTHER FUNDS
A.		$	$

Summary: *This article is the Community Preservation Fund payment toward the FY2022 debt funding for the renovation and restoration of the Historic Southborough Library as approved at the 2019 Annual Town Meeting.*

ARTICLE 19: To see if the Town will vote to appropriate $238,750 from the CPA Fund FY2021 Budgeted Reserve for the renovation and restoration of Kallander Field, located on Kallander Drive in Southborough (Parcel ID 56-0000-012-0) for recreation purposes as requested by the Recreation Department. This consists of $210,100 in project costs and an additional $28,650 in contingency funding. Contingency funds only available after approval of the CPC for unexpected costs unforeseen at the time of application. Project to be completed in conformance with details as presented to the members of the CPC and to be documented in the application and signed Memorandum of Understanding. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *Under the direction of the Recreation Director Tim Davis and the Southborough Recreation Department, said funds will be used to restore and renovate Kallander Field, to address significant drainage issues that plague the field.*

ARTICLE 20: To see if the Town will vote to appropriate $300,000 for the restoration and preservation of the Historic St. Mark's Bell Tower located at 27 Main Street Southborough for Historic purposes. $23,061.76 from the CPA Historic Preservation Reserve Fund and $276,938.24 from CPA General Unreserved Fund. Project to be completed in conformance with details as presented to the members of the CPC and to be documented in the application and signed Memorandum of Understanding. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *Under the direction of the St. Mark's Building Committee said funds will be used to restore and preserve the St. Marks Bell Tower in conformance with a Preservation Restriction held by the Massachusetts Historical Commission. The goal is to preserve St. Mark's Bell Tower for many future generations of Southborough residents to enjoy. Built in 1891 on land donated by Joseph Burnett, the tower has fallen into major disrepair over the years. Issues include water penetration, unevenly faced stones, cracked mortar joints, and stone slippage. Without restoration of the tower, the historic viewscape of our town will be forever changed. Satisfying the Community Preservation Act goal to preserve and maintain historic landmarks, this project would preserve the tower and keep its historical significance. St. Mark's Church is part of the Southborough Historical Commission project to add downtown Southborough to the State and National Register of Historic Places. The tower restoration project strictly falls under historic preservation and does not contain any religious depiction. This $300,000 request is for partial funding of total project costs of $565,000 with remainder raised by St. Mark's.*

Advisory Committee Recommendation:
Summary:

ARTICLE 26: To see if the Town will vote to amend the interest rate per annum from 4% to 2% and increase the income limit (gross receipts) from $20,000 to $45,000 under the provisions of Massachusetts General Laws, Chapter 59, §5 (41A) which regulates tax deferral for homeowners 65 years or older pursuant to the authority contained in Chapter 136 of the Acts of 2005 of the General Court thereby amending M.G.L. Ch. 59, §5 (41A), or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN, BOARD OF ASSESSORS & COUNCIL ON AGING
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The senior property tax deferral program, known as Clause 41A, allows people 65 or over to defer their property taxes until their home is sold or conveyed. This article will change the interest rate charged on "deferred tax" liens from the current 4% to 2%. It also will increase the income limits of applicants from $20,000 to $45,000.*

ARTICLE 27: To see if the Town will vote to amend Section 9-24 "Qualification of elected and appointed officials" of the Town Code, by deleting the text in its entirety, and replacing with the following:

"All elected and appointed officials shall be qualified by the Town Clerk within 30 days of their election except where a different period is specified in the General Laws. If an appointed official is not qualified in this period, his/her appointment shall terminate, and the appointing authority shall be so notified by the Town Clerk."

; or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN

DRAFT

Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *Currently, elected and appointed officials have 15 days to be sworn in by the Town Clerk's office; this article will allow those officials additional time to be sworn in following their appointment or election. The current requirement of 15 days was found to be too limiting, as appointment dates often conflicted with the 4th of July holiday and summer vacations. The Board of Selectmen was having to reappoint certain positions multiple times due to the inability of individuals to be sworn in within the required timeframe.*

ARTICLE 28: To see if the Town will vote to amend the provisions of the Southborough Code, Chapters 41-2 9 entitled Notice of Town Meetings and § 41-26 Availability of Annual Report and Warrant by:

1) Deleting § 41-2 in its entirety and replacing it with:
A. Notice of every Town Meeting shall be given by posting attested copies of the warrant on the Town website, at the Town House, the Southborough Library, the Senior Center and the Transfer Station seven days at least before the time appointed for the Annual Town Meeting and fourteen days at least before the time appointed for a Special Town Meeting.

Creating a new section §41-2.1 entitled Location of Town Meeting
B. The warrant for an annual or special town meeting may specify that the meeting is to be held in a suitable auditorium or other facility in Southborough or in any town contiguous to Southborough. Town meeting may also vote to adjourn to such a facility if it deems appropriate.

2) Change the Title of Article III from Availability of Annual Report and Warrant to Availability of Annual Report.

3) Strike § 41-26 in its entirety and replace with:
§ 41-26 Availability of Annual Report.
At least fourteen (14) days prior to the Annual Town Meeting, the Selectmen shall place a notice on the town website and on Southborough Access Media advising that copies of the Annual Town Report are available to the public on the town website, at the Southborough Town House, at the Southborough Library and at the Southborough Senior Center.

; or do or act anything in relation thereto.

Proposed by: TOWN CLERK
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article would correct the conflicting language in Southborough Code sections 41-2 and 41-26. This article would also allow a Town Meeting to be held in any of the towns contiguous to Southborough. For example, a town meeting could be held at Algonquin Regional High School if the town were unable to hold the meeting in Southborough for any reason.*

ARTICLE 29*:* To see if the Town will accept the provisions of Chapter 41, Sec. 110A of the Massachusetts General Laws "Office hours on Saturday": "Any public office in any city or town may remain closed on any or all Saturdays as may be determined from time to time, in a city by the city council, subject to the provisions of the city charter, or, in a town, by vote of the town at a special or regular town meeting, and the provisions of section nine of chapter four shall apply in the case of such closing of any such office on any Saturday to the same extent as if such Saturday were a legal holiday."

;or do or act anything in relation thereto.

Proposed by: TOWN CLERK
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *Acceptance of this provision of the General Law would extend a voter registration deadline which occurs on a Saturday to the following Monday.*

DRAFT

***ARTICLE 30**:* To see if the Town will vote to adopt MGL c.90, Section 17C to allow the Board of Selectmen to reduce the statutory speed limit from 30MPH to 25MPH on any or all town-owned roadways in thickly settled or business district areas, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article provides the Selectmen with the authority to reduce speed limits on certain town-owned streets in the interest of public safety.*

ARTICLE 31: To see if the Town will vote to adopt MGL c.90, Section 18B to allow the Board of Selectmen to establish regulatory 20MPH safety zones on public streets within the Town of Southborough, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article provides the Selectmen with the authority to establish safety zones on streets in the interest of public safety.*

***ARTICLE 32**:* To see if the Town will vote to impose a .75% meals tax on the sales of restaurant meals by accepting Massachusetts General Laws, Chapter 64L, Section 2(a), or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article will require all local restaurants to charge an additional .75% in meals tax, which will come back to the Town as unallocated revenue through State Local Aid. Most other communities in our area have adopted this local option as well. The local meals tax has been identified as an additional revenue source to help alleviate increases to residential property taxes.*

ARTICLE 33: To see if the Town will vote to adopt as Chapter 9, Article IX Southborough Public Accessibility Committee, Sections 9.34 through 9.35 of the Town bylaws, the following:

Article IX Southborough Public Accessibility Committee

§9.34 Purpose

Numerous laws, statutes, policies and regulations require and/or encourage access to facilities, programs and services for all members of the public. These include, but are not limited to:

- The Americans with Disabilities Act of 1990 - 42 U.S.C. ch. 126 § 12101 et seq
- Regulations promulgated by the Massachusetts Architectural Access Board (521 CMR)
- The Voting Accessibility for the Elderly and Handicapped Act of 1984 - P.L. 98-435, 42 U.S.C. §§ 1973ee–1973ee-6
- The Individuals with Disabilities Education Act – 20 U.S.C. §§ 1400 et seq.
- The Rehabilitation Act of 1973 – USC 31-41c, 29 U.S.C. § 701 et seq
- The Architectural Barriers Act - 42 U.S.C. §§ 4151 et seq.
- Massachusetts Employment Law MGL ch 151B
- Massachusetts Public Accommodation Law - MGL ch 272
- Massachusetts Equal Rights Act - MGL Ch. 93 §§ 102
- Massachusetts Constitution Article CXIV (114)
- Massachusetts Service Animals Law – MGL Ch. 272 §§ 98A

Southborough supports a coordinated approach to monitoring and increasing public accessibility and ensuring compliance with local, state and federal requirements. In addition, it is desirable to encourage property owners to

consider adopting optional policies that increase accessibility. As more fully described in the remainder of this Article IX, this article establishes a committee that will be responsible for developing and implementing this coordination. It will report on status and progress to the Board of Selectmen and the Town Meeting.

§9.34.A Establishment; Membership; Qualifications

There shall be a Southborough Public Accessibility Committee ("SPAC"), which shall consist of five voting members appointed by the Board of Selectmen, plus the non-voting, ex-officio members identified below. Any non-voting, ex-officio member shall not count toward the calculation of a quorum for the SPAC for voting purposes.

Each voting member shall be a registered voter in the Town and shall not be a Town officer (where a "Town officer" means a Town official who serves in an elected position) or a Town employee (where a "Town employee" is any person holding a non-elected, paid position in the Town other than a volunteer who is deemed a Special Municipal employee solely for the purposes of MGL Chapter 268A).

The Board of Selectmen shall designate a Public Accessibility Coordinator ("Coordinator"), in consultation with the SPAC. The Coordinator shall be responsible for accepting and recording concerns, coordinating reviews, and such other duties as may be assigned.

The Building Commissioner and Coordinator shall be ex-officio members of the SPAC.

§9.34.B Appointments; Terms

Voting members shall be appointed for two-year terms. The initial appointments shall be divided between one and two-year terms, so as to establish overlapping terms.

§9.34.C Organization

The voting SPAC members shall select annually, from among themselves by majority vote, a Chairman and a Secretary.

§9.34.D Funding

The SPAC shall have a budget, as may be approved through the Town's regular budget process, for consultants and other expenses. The SPAC shall submit its projected expenses annually as input to the Town's regular budget process. Any expenditures from the SPAC budget shall require a majority vote of the SPAC, and shall be subject to the Town's policies for such expenditures.

§9.35 Powers and Duties

The SPAC Powers and Duties include, but are not limited to, the following:

- To monitor and enhance the Town's compliance with all applicable laws, statutes, policies, and regulations that require (or encourage) access to facilities, programs and services for all members of the public.
- In coordination with Town officers, departments, and other government entities, to endeavor to ensure that all Town citizens have equal access to:
  - Town government offices and communications
  - Public and commercial buildings
  - Programs
  - Goods and services
  - Transportation
  - Telecommunications, including the internet
  - Recreational facilities and programs
- To review existing and proposed facilities, programs, and projects undertaken by the Town, and to notify the responsible official or entity of its comments. The SPAC may request that other Town officials, committees, departments, and/or entities provide input to these reviews.
- To undertake public outreach and advocacy for accessibility in the Town,
- To periodically, but no less than once per calendar year, report to the Board of Selectmen and the Town Meeting on its activities and findings.
- To provide a mechanism for the public and/or any Town employee to raise concerns about the accessibility of any Town facility, service or program.

- The SPAC (or its designee) shall maintain records of such concerns and their dispositions. To the extent permissible by law, the identities of persons raising such concerns shall be confidential, unless confidentiality is waived by such person.

, or act or do anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article replaces the current ad-hoc Accessibility Compliance Committee with a standing committee. The existing committee was established to address the issues raised by the 1990 Americans with Disabilities Act, and was thought to be needed for a short time. In the time since, regulations in this area have increased and public demand for accessibility has increased. Since the need has persisted for several decades, a standing committee that is not limited to the ADA is the more appropriate construct.*

ARTICLE 34: Amend Town Code – Advisory Committee (change membership from 9 to 7; allow members to participate in one standing committee or one ad-hoc committee).

, or act or do anything in relation thereto.

Proposed by: ADVISORY COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary:

ARTICLE 35: To see if the Town will vote to adopt as Chapter 9, Article IX Capital Improvement and Planning Commitee, Sections 9.30 through 9.33 of the Town bylaws, the following:

§ 9-30 Purpose.
As more fully described in the remainder of this Article IX, this article establishes a committee that will be responsible for creating and maintaining a rolling ten-year Capital Plan across all government entities and will ensure consistent interpretation and execution of that plan. The Committee will work in collaboration with the various government entities that propose capital expenditures. It will report on the plan to the Town Meeting and advise Town Meeting on proposed capital expenditures.

§ 9-30.1 Establishment; membership; qualifications.
A.
There shall be a Capital Improvement and Planning Committee ("CIPC"), which shall consist of seven voting members and the two nonvoting ex-officio members identified below.
B.
Each voting member shall be a resident of the Town.
C.
The voting members shall be appointed by the Board of Selectmen.
D.
One appointed member should be a member of the Board of Selectmen and one member should be a member of the Advisory Committee.
E.
At no time should any elected or appointed board have more than one representative that also is appointed to CIPC.
F.
The Town Administrator and Finance Director shall be appointed as ex-officio members and may be nonresident Town employees. The Town Administrator or Finance Director, after collaboration with the Board of Selectmen as appointing authority, may recommend that another member of the town's finance team (treasurer, assessor, or accounting departments) serve as ex-officio in their place.

§ 9-30.2 Appointments; terms; vacancies; removal.
A.

DRAFT

Voting members shall be appointed for three-year terms. The initial appointments shall be three members for three years, two members for two years, and two members for one year, so as to establish overlapping terms. For subsequent appointments, the appointing authority shall request that the CIPC review the qualifications of prospective appointees, but the final determination of who is selected shall rest with the appointing authority.

§ 9-30.3 Organization; meetings.

A.

The members shall select, from among themselves, a Chair, Vice Chair and a Clerk.

B.

The CIPC may appoint from its own membership subcommittees and delegate to them such of its powers as it deems expedient.

C.

All reports and recommendations of the CIPC made to the Town shall be voted by a majority of the voting members of the CIPC, but this shall not be construed to prevent recommendations by a minority nor to discourage full participation by the nonvoting members.

§ 9-30.4 Funding.

The CIPC shall have a budget or warrant article for consultants and other expenses. It shall submit its projected expenses to the Town's regular budget process. Any expenditures from its budget shall require a majority vote of the CIPC, and be subject to the Town's policies for such expenditures.

§ 9-31 Functions and definitions.

A.

Work with Town Finance Team to maintain town's 10-year capital plan. This will be achieved by regular meetings and discussions with Town Departments, Boards, and Committees that will put forward requests for Capital Funding as part of an Annual or Special Town Meeting. While this Committee will have no oversight of the annual operating budget, they need to be aware and receive regular updates of the operating budgets and other revolving or enterprise funds to ensure that capital needs are considered in an appropriate order and timing.

B.

The CIPC shall follow any capital or other financial policies adopted by the town and provide regular feedback for any potential improvements or enhancements to these policies.

§ 9-32 Project Oversight.

A.

In the absence of a formal building committee for a specific project, CIPC will serve as point of initial approval for all project expenses, change orders, and invoices. Projects falling under the oversight of the CIPC will specifically be decided as part of or immediately following any Town Meeting appropriation by a vote of the Board of Selectmen.

B.

If any elected board decides to have a separate Building Committee for any specific project, then at least one member but not more than two members of the CIPC shall be appointed.

§ 9-33 Reports

A.

Prior to any annual or special town meeting, CIPC shall provide a recommendation on any capital article to appear on the warrant. This recommendation should be communicated to both the Board of Selectmen and Advisory Committee.

, or act or do anything in relation thereto.

Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary:

ARTICLE 37: To see if the Town will vote to amend the Zoning Code of the Town of Southborough, Zoning Article I entitled "Miscellaneous Provisions" and Article V entitled "Nonconforming Uses and Structures" by amending thereto Section 174-9 entitled "Special Permit Requirements" and 174-19 entitled "Extensions" as hereinafter specified.

****Bold text are insertions. Strikethrough text are deletions.*

Article I: Miscellaneous provisions
§ 174-9 Special permit requirements.
[Amended 4-14-1986 ATM by Art. 46]

E. Nonconforming uses, lots and structures. Special permits may be issued for the extension**,** ~~or~~ alteration**, reconstruction or structural change** of legally nonconforming uses, structures and lots, including a change in the non-conforming use to another non-conforming use, provided that the Board of Appeals finds that such extension, alteration**, reconstruction** or **structural** change shall not be substantially more detrimental to the neighborhood, will not increase the extent of non-conformance in size or in impact and that the cost thereof shall not exceed 50% of the assessed value of the non-conforming structure at the time of application, and further provided that the estimate of the cost of any extension~~, or~~ alteration**, reconstruction or structural change** utilized by the Board of Appeals in evaluating the above specified 50% requirement of the assessed value shall not be less than a cost estimate of such extension~~, or~~ alteration**, reconstruction or structural change** based on a nationally recognized building cost estimate manual or system acceptable to the Zoning Board of Appeals. ~~No special permits under this subsection shall be granted for nonconforming signs subject to Chapter 93 or 93D of the General Laws.~~
[Amended 4-15-2008 ATM by Art. 38]

§ 174-19 **Extensions, ~~or~~** alterations**, reconstruction or structural changes.**
[Amended 4-10-2000 ATM by Art. 55]

A. Nonconforming structures or uses shall not be extended**,** ~~or~~ altered**, reconstructed or structural changes made** except to make them conforming~~,~~ unless the Board of Appeals authorizes such extension**,** ~~or~~ alteration**, reconstruction or structural change** by special permit upon making findings as provided in § 174-9E.

B. ~~Single-family and two-family residential structures. In the following circumstances,~~ **Notwithstanding the provisions of Section A above, as provided in M.G.L. c.40A, § 6, if any proposed extension, alteration**, reconstruction**,** ~~extension~~ or structural change to a single or two-family residential **structure complies with one of the conditions set forth in subsections (1) through (5) below, such extension, alteration, reconstruction or structural change** ~~structure~~ shall not be considered an increase in the non-conforming nature of the structure and shall be permitted as of right.
[Amended 10-7-2013 STM by Art. 9]

(1) **Extension, a~~A~~**lteration**, reconstruction or structural change** to a structure which complies with all current setbacks, lot coverage and building height requirements but is located on a lot with insufficient area~~,~~ where the alteration will also comply with all of said current requirements.~~;~~

(2) **Extension, a~~A~~**lteration**, reconstruction or structural change** to a structure which complies with all current setbacks, lot coverage and building height requirements but is located on a lot with insufficient frontage~~,~~ where the alteration will also comply with all of said current requirements.~~;~~

(3) **Extension, a~~A~~**lteration**, reconstruction or structural change** to a structure which encroaches upon one or more required setbacks~~,~~ where the alteration will comply with all current setbacks, open lot coverage and building height

requirements. The provisions of this ~~s~~Subsection ~~B (3)~~ shall apply regardless of whether the lot complies with current area and frontage requirements.

(4) Extension, alteration, reconstruction or structural change to the rear, side or fascia of a structure which encroaches upon a required yard or setback area where the alteration will not encroach upon such area to a distance greater than the existing structure. The provisions of this subsection shall apply regardless of whether the lot complies with current area and frontage requirements.

(5) Extension, alteration, reconstruction or structural change to a non-conforming structure which will not increase the footprint of the existing structure providing that existing height restrictions shall not be exceeded.

In the event that the Building Commissioner determines that none of the exemptions set forth in subsections (1) through (5) apply, and the Building Commissioner determines that the non-conforming nature of such structure would be increased by the proposed extension, alteration, reconstruction or structural change, then the Board of Appeals may, by special permit, allow such extension, alteration, reconstruction or structural change where the proposed modification will not be substantially detrimental than the existing non-conforming structure to the neighborhood.

; or do or act anything in relation thereto.

Proposed by: ZONING BOARD OF APPEALS
Board of Selectmen Recommendation:
Advisory Committee Recommendation:

***ARTICLE 38**:* To see if the Town will vote to amend the Zoning Code of the Town of Southborough Article III entitled "Use Regulations" by replacing thereto Section 174-12.1 thereof entitled "Outdoor illumination" as hereinafter specified.

****Bold text are insertions. Strikethrough text are deletions.*

§ 174-12.1
Outdoor illumination.
[Added 4-11-2005 ATM by Art. 40]

A. Purpose. This section recognizes the benefits of outdoor lighting and provides clear guidelines for its installation, so as to help maintain and complement Southborough's character. The intent of this section is to**:**

(1) encourage lighting that provides safety, utility and security, **productivity, enjoyment and commerce;**

(2) prevent glare on public roadways;

(3) protect the privacy of residents;

(4) promote energy-efficient outdoor lighting;

(5) limit the total allowable illumination of lots located in the Town of Southborough; ~~to reduce atmospheric light pollution.~~

(6) minimize adverse offsite impact such as light trespass, and obtrusive light;

(7) curtail light pollution and reduce skyglow to create a healthy night-time environment for residents of Southborough

The Planning Board is authorized to promulgate rules and regulations to carry forth the purpose and intent of these Bylaw provisions. Appropriately regulated, and properly installed, outdoor lighting will contribute to the safety and welfare of the residents of Southborough.

B. Applicability. Outdoor illumination by flood or spot luminaries rated at 900 lumens or more (which is approximately equal to one sixty-watt incandescent light bulb) or by any other luminaires rated at 1,800 lumens or

more (which is approximately equal to one one-hundred-twenty-watt incandescent light bulb) shall be subject to the provisions of this section **including application to single and two-family residential lots**, with the following exceptions:

(1) emergency lighting;

(2) hazard warning;

(3) temporary decorative or holiday lighting ~~or public roadway illumination.~~

It shall also not apply to any luminaire intended solely to illuminate any freestanding sign, flag or the walls of any building, but such luminaire shall be shielded so that its direct light is confined to the surface of such sign, flag or building.

~~(1) The replacement of existing fixtures shall be subject to the provisions of this section; however, the replacement of existing nonconforming lamps or fixtures with the same or lower output nonconforming lamps or fixtures is exempted.~~

The replacement of fixtures or luminaires shall be subject to the provisions of this section and comply with guidance outlined in the Rules and Regulations for Outdoor Illumination maintained by the Planning Board. Non-conforming fixtures or luminaires requiring replacement for any reason (including but not limited to end of life, breakdown, vandalism) shall be replaced in compliance with this Bylaw.

~~(2)~~ The Planning Board, in performing review pursuant to § 174-10, Site plan approval, may determine that special circumstances of the site, context or design make an alternative lighting design at least equally effective in meeting the purposes of this section and, in such cases, may modify the requirements of this section.

C. Enforcement. The owner of any lot or property on which a luminaire subject to this Bylaw is located or proposed to be located shall have the burden of demonstrating that the existing or proposed luminaire complies with the standards established by this Bylaw. The manufacturer's specification sheet may be used to establish the lumen level of a luminaire, correlated color temperature (CCT) and, if required, to verify the use of fully shielded fixture design. Illumination levels may be verified through the use of manufacturer's photometric data sheet and/or photometric site drawing or through on-site calibrated light level meter readings. A site visit at night by a representative of the Town in the form of a visual observation and/or photograph may be required to determine if a nuisance has occurred.

(1) Violations of this Bylaw shall be subject to the provisions of the Town of Southborough Article III entitled "Use Regulations" Section 174-24 thereof entitled "Enforcement; procedures; violations and penalties."

D. Definitions. For the purposes of this section, the following terms shall be defined as indicated below. Although set forth here for convenience, the terms shall have the same effect as if in § 174-2 of this Bylaw.

BACKLIGHT – For an exterior luminaire is the 90-degree quarter-sphere located behind and below the light source. For luminaires with symmetric distribution, backlight will be the same as front light.

BUG RATING – A luminaire classification system that classifies backlight (B), uplight (U), and glare (G) per IES TM-15-11.

CORRELATED COLOR TEMPERATURE (CCT) – A specification of the color appearance of the light emitted by a lamp, relating its color to the color of light from a reference source when heated to a particular temperature, measured in degrees Kelvin (K).

FIXTURE – The assembly that houses a lamp or lamps, and which may include a housing, a mounting bracket or pole socket, a lamp holder, a ballast, a reflector or mirror, and/or a refractor, lens or diffuser lens.

FRONTLIGHT – For an exterior luminaire is the 90-degree quarter-sphere located in front and below the luminaire.

FULL CUTOFF – A luminaire designed with an opaque shield surrounding and extending below the lamp, such that no direct light is emitted above a horizontal plane.

DRAFT

FULLY SHIELDED LUMINAIRE — A luminaire constructed and installed in such a manner that all light emitted by the luminaire, either directly from the lamp or a diffusing element, or indirectly by reflection or refraction from any part of the luminaire, is projected below the horizontal plane through the luminaire's lowest light-emitting part.

GLARE – Light emitted from a luminaire with intensity great enough to produce annoyance, discomfort or a reduction in a viewer's ability to see, and in extreme cases causing momentary blindness.

HARDSCAPE – Permanent hardscape improvements to the site including parking lots, drives, entrances, curbs, ramps, stairs, steps, medians, walkways, and non-vegetated landscaping that is 100 feet or less in width. Materials may include but are not limited to concrete, asphalt, stone, and gravel.

INDIRECT LIGHT – Light scatter caused by direct light being redirected from a surface.

LAMP – The component of a luminaire that produces the actual light.

LED LAMP– (Light Emitting Diode) An electric lamp with a much longer lifespan than incandescent lighting and low energy consumption.

LIGHT TRESPASS – The shining of direct **or indirect** light produced by a luminaire beyond the boundaries of the lot on which it is located.

LUMEN – A measure of light energy generated by a light source. One footcandle is one lumen per square foot. For purposes of this bylaw, the lumen output shall be the initial lumen output of a lamp, as rated by the manufacturer.

LUMINAIRE – A complete lighting ~~system, including a lamp or lamps and a fixture.~~ **unit (fixture), consisting of a lamp, or lamps and ballast(s) (when applicable), together with the parts designed to distribute the light (reflector, lens, diffuser), to position and protect the lamps, and to connect the lamps to the power supply.**

LUMINAIRE LUMENS - For luminaires with relative photometry per Illuminating Engineering Society (IES), it is calculated as the sum of the initial lamp lumens for all lamps within an individual luminaire, multiplied by the luminaire efficiency. If the efficiency is not known for a residential luminaire, assume 70%. For luminaires with absolute photometry per IES LM-79, it is the total luminaire lumens. The lumen rating of a luminaire assumes the lamp or luminaire is new and has not depreciated in light output.

MOUNTING HEIGHT - The height of the photometric center of a luminaire in feet above grade level. Feet above grade level refers to the overall average grade of the area being illuminated.

UPLIGHT - For an exterior luminaire is all of the light escaping above the luminaire.

E. Lighting zones. The Lighting Zone shall determine the limitations for lighting as specified in this section.

LZ-0: No ambient lighting

Areas where the natural environment will be seriously and adversely affected by lighting. Impacts include disturbing the biological cycles of flora and fauna and/or detracting from human enjoyment and appreciation of the natural environment. Human activity is subordinate in importance to nature. The vision of human residents and users is adapted to the darkness, and they expect to see little or no lighting. When not needed, lighting should be extinguished.

Zoning Districts: Conservation and Research, Scientific & Professional

LZ-1: Low ambient lighting

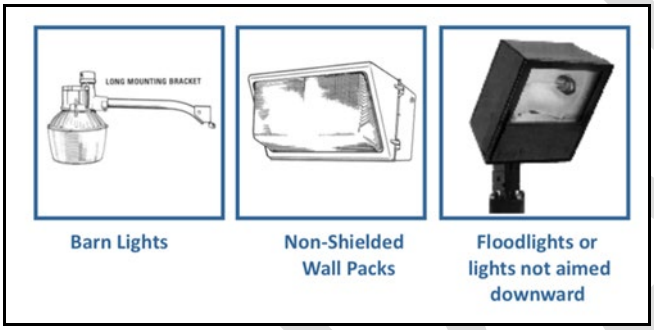
Areas where lighting might adversely affect flora and fauna or disturb the character of the area. The vision of human residents and users is adapted to low light levels. Lighting may be used for safety and

convenience but it is not necessarily uniform or continuous. After curfew, most lighting should be extinguished or reduced as activity levels decline.

Zoning Districts: Residence A and Residence B

LZ-2: Moderate ambient lighting

Areas of human activity where the vision of human residents and users is adapted to moderate light levels. Lighting may typically be used for safety and convenience, but it is not necessarily uniform or continuous. After curfew, lighting may be extinguished or reduced as activity levels decline.



Zoning Districts: Business Village

LZ-3: Moderately high ambient lighting

Areas of human activity where the vision of human residents and users is adapted to moderately high light levels. Lighting is generally desired for safety, security and/or convenience and it is often uniform and/or continuous. After curfew, lighting may be extinguished or reduced in most areas as activity levels decline.

Zoning Districts: Business Highway, Industrial and Industrial Park

Non-shielded wall-packs, barn lights, and floodlights not aimed downward are prohibited in all zones.

F. Total site lumen limit. The total installed initial luminaire lumens of all outdoor lighting shall not exceed the total site lumen limit. The total site lumen limit shall be determined using the hardscape area and table below. For sites with existing lighting, existing lighting shall be included in the calculation of total installed lumens. The total installed initial luminaire lumens are calculated as the sum of the initial luminaire lumens for all luminaires.

Table 1: Allowed Total Initial Lumens Per Site for Outdoor Lighting by Hardscape Method

LZ-0	LZ-1	LZ-2	LZ-3
• Conservation • Research, Scientific & Professional	• Residential A • Residential B	• Business Village	• Business Highway • Industrial • Industrial Park
0.5 lumens per SF of hardscape	1.25 lumens per SF of hardscape	2.5 lumens per SF of hardscape	5.0 lumens per SF of hardscape

G. Correlated Color Temperature (CCT). All proposed LEDs shall have a correlated color temperature (CCT) between 2200K and 3000K.

H. Exterior lighting plan. Applications subject to the provisions of § 174-10, Site plan approval, shall submit a lighting plan which shall include the following information, except to the extent waived by the Planning Board. All other lighting not subject to the provisions of said § 174-10 does not require a lighting plan but shall meet the standards as set forth in this **Bylaw** ~~section~~, unless as may otherwise be provided herein. **The installation of fixtures**

or luminaires shall be subject to the provisions of this bylaw and comply with guidance outlined in the Rules and Regulations for Outdoor Illumination maintained by the Planning Board. The lighting plan shall include the following information **and comply with the regulations adopted pursuant to this Bylaw**:

(1) Location, orientation and type of outdoor luminaire, including the height of the luminaire, both existing and proposed;

(2) Type of lamp, such as metal halide, compact fluorescent, high pressure sodium**, LED;**

(3) Luminaire manufacturer's specification data, including lumen output and photometric data showing cutoff angles, as well as a description of all illuminating devices, fixtures, lamps, supports, reflectors, both existing and proposed; this may include, but is not limited to, catalog cuts and illustrations by manufacturers;

(4) Complete report of BUG rating data for all luminaires (if not already included in the manufacturer's specification data) calculated from photometric data (as per IES TM-15-11) showing compliance with the Planning Board Rules and Regulations for Outdoor Illumination;

(5) Photometric plan showing the intensity of illumination expressed in footcandles at ground level within the interior of the property and at the property boundaries **that also includes the Total Site Lumen Limit; Limits to Off Site Impact; Light Shielding for LED lighting; and the Correlated Color Temperature; according to adopted regulations;**

(6) Evidence that the plan complies with light trespass restrictions as set forth herein.

I. Waivers. An applicant may make a waiver request to the Planning Board for increased lighting levels within any given lighting zone and the Planning Board shall have such waiver authority hereunder.

J. Lighting control requirements. Automatic switch controls shall be provided that automatically extinguish all outdoor lighting when sufficient daylight is available using a control device or system such as a photoelectric switch, astronomic time switch or equivalent functions from a programmable lighting controller, building automation system or lighting energy management system, all with battery or similar backup power or device. The Exterior Lighting Plan shall establish curfew time(s) after which total outdoor lighting lumens shall be reduced by at least 30% or extinguished. Lighting reductions are not required for any of the following:

(1) Lighting for residential properties including multiple residential properties not having common areas; with the exception of landscape lighting

(2) When the outdoor lighting consists of only one luminaire.

(3) Code required lighting for steps, stairs, walkways, and building entrances.

(4) Lighting under canopies, in tunnels, parking garages, and similar conditions.

(5) When in the opinion of the Planning Board, lighting levels must be maintained.

(6) Motion activated lighting.

(7) Lighting regulated by special use in which times of operation are specifically identified.

(8) Businesses that operate on a 24-hour basis.

K. Community outdoor sports/recreational lighting requirements. These requirements are an exemption from the total site lumen limit based on hardscape metrics. Community outdoor sports or recreational facilities will be held to the IDA, IES criteria for outdoor sports lighting. On-field illuminance values will be determined by current IDA, IES set forth in the Rules and Regulations for Outdoor Illumination adopted to implement the intent and purpose of this bylaw. Standard regulations include:

(1) Color, luminaire correlated color temperature (CCT) may not exceed 4000 Kelvin;

(2) Other lighting, parking and concession area lighting will be considered a separate luminaire system and must meet the applicable lighting standards for the relevant lighting zones;

(3) Shut-off, curfew time shall be no later than 10:00PM (2200 hrs.); for good cause shown, the Planning Board may waive the compliance requirement of this subsection

L. Street lights. Light emitted by the fixture shall have a correlated color temperature no greater than 3000 Kelvin and/or comply with Massachusetts DPU Tariff standards if applicable. All other street light features are exempt from regulation under this bylaw.

M. Light shielding for parking lot illumination. All parking lot lighting shall have no light emitted above 90 degrees from the installed vertical axis.

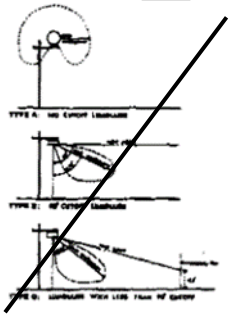
N. Flickering and flashing lights. No flickering or flashing lights shall be permitted. Processes, such as arc welding, which create light flashes shall be confined within buildings or shielded to prevent either direct glare or flashing.

O. Fixture mounting heights.

(1) ~~F.~~ Wall-mounted fixtures. In nonresidential districts, a luminaire attached to the exterior of a building or structure for area lighting shall be mounted no higher than 15 feet above grade and shall be shielded to control glare. ~~"Wal-pac" lighting fixtures are prohibited.~~

(2) ~~P.~~ Pole-mounted fixtures. Pole-mounted exterior lighting fixtures **shall not exceed the pole-mounted height limitation of 20 feet in all zones.** ~~types are defined and restricted as follows:~~

Existing non-conforming light heights may remain as mounted until modification is proposed, at which time the height must be brought into compliance.



~~(1) Type A: no light cutoff.~~

~~(2) Type B: luminaire shielded such that peak candlepower is at an angle of 75° or less from straight down, and essentially no light is emitted above the horizontal.~~

~~(3) Type C: luminaire shielded such that total cutoff is at less than 90° from straight down, and no light source is in direct view of an observer five feet above the ground at any point off the premises.~~

~~H. Pole-mounted fixtures height limitation. Illustrations of pole-mounted exterior lighting fixture types are shown in Chart I herein. Pole-mounted fixtures shall not exceed the applicable pole-mounted height limitation set forth in Chart II in any district. The Type A pole-mounted exterior lighting fixture is prohibited in all nonresidential districts, unless equipped with shields.~~

~~CHART I. ILLUSTRATIONS~~

~~**HART II. POLE MOUNTING HEIGHT LIMITATIONS**~~

~~**Maximum Luminaire Mounting Height**~~

~~**(feet above grade)***~~

~~"District" is that in which fixtures are located.~~

~~**District**~~

~~**Residential**~~ ~~**Nonresidential**~~

~~**HART II. POLE MOUNTING HEIGHT LIMITATIONS**~~

	~~**Maximum Luminaire Mounting Height (feet above grade)***~~ ~~"District" is that in which fixtures are located.~~

	~~**Residential**~~	~~**Nonresidential**~~
~~Fixture Type A~~	~~10~~	~~Not allowed (unless shielded)~~
~~Fixture Type B~~	~~15~~	~~20~~
~~Fixture Type C~~	~~20~~	~~20~~

~~* Note: Feet above grade refers to the overall average grade of the area being illuminated.~~

P. Ceiling-mounted fixtures. In nonresidential districts, luminaires mounted on an exterior ceiling such as under a canopy shall be mounted with the refractor or lens flush with or recessed in the ceiling or fixture.

Q. Lighting levels. Any luminaire with a lamp or lamps rated at a total of 1**,**800 lumens or more (which is approximately equal to one one-hundred-twenty-watt incandescent light bulb) and all flood or spot luminaires rated at 900 lumens or more (which is approximately equal to one 60-watt incandescent light bulb) shall not emit any direct light above a horizontal plane through the lowest direct-light-emitting part of the luminaire. If any spot or flood luminaire rated 900 lumens or less is directed or focused such as to cause direct light from the luminaire to be cast toward residential buildings on adjacent or nearby land, or to create glare perceptible to persons operating motor vehicles on public ways, the luminaire shall be redirected or its light output controlled as necessary to eliminate such conditions. The Planning Board reserves the right to limit and regulate the amount of illumination on a project site between the hours of 10:00 p.m. and 6:00 a.m., while understanding the need for safety and security lighting.

R. Light trespass limitations. There shall be no light trespass by a luminaire beyond the property boundaries of the lot on which it is located, except as within a street right-of-way for which there shall be no limit.

; or do or act anything in relation thereto.

Proposed by: PLANNING BOARD
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The article proposes to replace the current language in Section 174-12.1 Outdoor illumination with new language to reduce blue lighting and increase public health based on recommendations from the American Medical Association and the International Dark-sky Association.*

ARTICLE 39*:* To see if the Town will vote to amend the Zoning Code of the Town of Southborough, Article III entitled "Use Regulations" by amending thereto Section 174-10, entitled "Site Plan Approval" as hereinafter specified.

****Bold text are insertions. Strikethrough text are deletions.*

§ 174-10
Site plan approval.
[Amended 4-8-1985 ATM by Art. 39; 4-14-1986 ATM by Art. 48; 4-13-1987 ATM by Art. 43; 4-11-1988 STM by Art. 4; 4-26-1990 ATM by Art. 41]

A. The purpose of the site plan review procedure is to encourage a desirable and compatible character of development within the Town of Southborough and to assure safety, promote logic, imagination and innovation in the design process while complying with all zoning requirements. The requirements of this section shall be applicable to the following:

(1) Any nonresidential development that results in an increase in on-site parking.

(2) All modifications to existing development projects which fall within the applicability of the Town's regulations for parking and loading (§ 174-12) or landscaping (§ 174-13).

(3) Any change in use or reactivation of a facility that has not been in use for a period of two years.
[Added 4-8-1996 ATM by Art. 51]

(4) Multifamily housing for the elderly.
[Added 4-15-1997 ATM by Art. 56]

(5) Adaptive reuse of historic buildings.
[Added 4-25-2017 ATM by Art. 30]

B. Site plan review will be processed by one of the following means:

(1) Minor plan review. Any new development, or expansion in use other than a single-family or two-family residence which adds less than 2,000 square feet of floor area or which would require at least five but fewer than 20 parking spaces regardless of the number of parking spaces existing on the premises, or any change of use of a facility that totals less than 2,000 square feet shall be subject to minor plan review by the **Planning Board** ~~Site Plan Review Committee. The Site Plan Review Committee shall be chaired by the Town Planner and will consist of a Selectmen or its designee, Building Inspector, Highway Superintendent, Board of Health Agent, Superintendent of the Water Department, Police Chief and Fire Chief or their designee, who will meet at a regularly scheduled time and place to review plans.~~ The **Planning Board** ~~Committee~~ shall also seek the advice of the Conservation Commission in the review of all minor plan submissions.
[Amended 4-8-1996 ATM by Art. 51]

(a) ~~Minor plan review will require 10 copies of the site plan to be submitted to the office of the Planning Board, together with an application form and filing fee.~~ **A complete application form, filing fee and multiple copies of all submission documents shall be submitted to the office of the Planning Board according to instructions on the application form.** All plans will be prepared at a scale no greater than one inch equals 40 feet on standard twenty-four-by-thirty-six-inch sheets and shall show, as a minimum:

[1] All existing and proposed buildings, including setbacks.

[2] Existing and proposed parking.

[3] Driveway openings.

[4] All property and street lines.

[5] Existing and proposed landscaping.

[6] Existing and proposed signs.

[7] Surfacing, indicating treatment of all surfaces.

[8] Location of all wetlands.

[9] Method of sewage disposal.

[10] Water supply.

[11] Stormwater drainage.

[12] Such other information as the **Planning Board** ~~Site Plan Review Committee~~ may reasonably request.

~~(b) Any dispute arising from the minor plan review process or any plan not receiving unanimous approval from the Site Plan Review Committee shall be referred to the Planning Board for action. The Committee may also refer any site plan that, due to unusual circumstances or a unique situation, it feels should be approved~~

~~by the Planning Board. All site plans sent to the Planning Board by the Site Plan Review Committee for action will be handled through the minor plan review process.~~

~~[Amended 4-8-1996 ATM by Art. 51]~~

(b) Minor site plan is not a public hearing.

(c) The **Planning Board** ~~Site Plan Review Committee~~ shall approve, **or** disapprove ~~or refer to the Planning Board~~ all submittals for minor **site** plan review within **the required** 30 days of a completed application to the office of the Planning Board**, but the required time may be extended by written agreement between the applicant and the Board, a copy of said agreement to be filed with the Town Clerk. The actions allowed by the minor site plan approval are authorized for a one-year period from the date of grant thereof. The applicant shall be granted a single one-year extension by applying to the Planning Board, in writing, prior to the date of expiration. If the actions permitted are not exercised or the approval not extended, they shall lapse, and a new application will be required.**

(d) Where applicable, all other criteria and conditions of this section will govern minor plan review.

(2) Major plan review. Any new development, or expansion in use other than a single-family or two-family residence which adds 2,000 square feet or more of floor area or which would require 20 or more parking spaces, regardless of the number of parking spaces existing on the premises, or any change of use of a facility that totals 2,000 square feet or more shall be subject to major plan review by the Planning Board. The major site plan submission shall consist of the following elements:
[Amended 4-8-1996 ATM by Art. 51]

(a) Ownership, zoning, use and the general location of structure and topography within 300 feet of the property lines of the site or adjacent land contiguously owned with the site.

(b) All **plans will be prepared at a scale no greater than one inch equals 40 feet on standard twenty-four-by-thirty-six-inch sheets and shall show, as a minimum, all** site features, existing or proposed, including but not limited to the following:

[1] Driveways, including widths.

[2] Parking facilities, including dimensions thereof.

[3] Loading facilities.

[4] Service areas.

[5] Street line, including widths.

[6] Roadways, including widths.

[7] Pedestrian walks, including widths and types of surface.

[8] Landscaping designation, specific plantings.

[9] Screening.

[10] Signs, including proposed sizes, mounting heights, types and drafted design.

[11] Lighting, including plan location and detail information, size, type and wattage.

[12] Surfacing, indicating treatment of all surfaces.

[13] Existing trees on the site which are a caliper of six inches or larger.

[14] Wetlands.

[15] Drainage, including detailed design data, pipe sizing, etc.

[16] Stone walls.

[17] Topography at two-foot contour intervals.

[18] Sewage disposal, including detailed design information.

[19] Water supply.

DRAFT

[20] Curbing.

[21] Such other information as the Planning Board may reasonably request.

(c) The construction of the work as detailed on the site plan shall not deviate from the work shown on the approved site plan. Accordingly, the site plan shall contain a sufficient level of detail to ensure the constructability of the project. Supporting details and documentation shall be presented as part of the site plan submission.

(3) Incomplete applications for both the minor and major review shall not be accepted by the Planning Board. Following submission of a site plan to the Planning Board, the Board or its designee shall review the **application/**plan for completeness within three business days of the submission. Completeness shall be based on the requirements of **the** ~~this~~ **respective** subsection**s for minor or major review.** If the submission is determined incomplete by the Planning Board or its agent, notice will be **provided** ~~mailed~~ to the applicant ~~by certified mail~~ within three business days of the submission specifying the deficiencies.

C. The plan**s for minor or major site plan approval** shall be prepared by a professional engineer, land surveyor, architect or landscape architect registered to practice in the Commonwealth of Massachusetts**. A complete application form, filing fee and multiple copies of all submission documents shall be submitted to the office of the Planning Board according to instructions on the application form.** ~~and shall be submitted with 11 copies to the office of the Planning Board, together with an application form and a filing fee, if any.~~

D. Approval required.

(1) Site plan approval shall be granted **by a majority vote** upon determination by the Planning Board that the following are complied with. Any new building construction or other site alteration shall provide adequate access to each structure for fire and service equipment**; shall provide** ~~and~~ adequate provision for utilities and stormwater drainage consistent with the functional requirements of the Southborough Planning Board's Rules and Regulations for the Subdivision of Land**;** ~~and~~ shall be so designed that for the given location, ~~and~~ type and extent of land use, the design of building form, building location, egress points, grading and other elements of the development shall be so as to:

(a) Minimize the volume of cut and fill, the number of removed trees six inches in caliper and larger, the length of removed stone walls, the area of wetland vegetation displaced, the extent of stormwater flow increase from the site, soil erosion and the threat of air or water pollution.

(b) Maximize pedestrian and vehicular safety and convenience within the site and egressing from it.

(c) Minimize obstruction of scenic views from publicly accessible locations.

(d) Minimize visual intrusion by minimizing the visibility of parking, storage or other outdoor service areas viewed from public ways or premises residentially used or zoned; minimizing glare from headlights through plantings or other screening; minimizing lighting intrusion through use of such devices as cutoff luminaires confining direct rays to the site; fixture mounting height not higher than 20 feet except adjacent to Route 9; and avoiding unreasonable departure from the character of building**s** in the vicinity.

(2) The Planning Board shall adopt and from time to time amend reasonable regulations for the administration of these guidelines.

E. The Planning Board shall hold a public hearing on the application for **major** site plan approval, with a written notice of the time and place of said hearing being given the applicant and the Board of Selectmen. The applicant is responsible for sending this notice to the certified abutters by certified mail return receipt requested, at least 10 days before the scheduled hearing. The Planning Board shall not act on the application until it has received and given due consideration to the recommendations of the Board of Selectmen or until 10 days have elapsed after the public hearing without receipt of the Selectmen's comments.

DRAFT

F. The Planning Board shall act on a~~n~~ **complete** application for **major** site plan approval and shall notify, in writing, the applicant, the Board of Selectmen and the Building Inspector of its action within 60 days of the receipt of **a** ~~the~~ **complete** application**, but the required time may be extended by written agreement between the applicant and the Board, a copy of said agreement to be filed with the Town Clerk.** ~~Failure of the Planning Board to so act and to notify the applicant within said 60 days shall constitute approval of the site plan.~~ The actions allowed by the **major** site plan approval are authorized for a one-year period from the date of grant thereof. The applicant shall be granted a single one-year extension by applying to the Planning Board, in writing, prior to the date of expiration. If the actions permitted are not exercised or the approval not extended, they shall lapse, and a new application notice and hearing will be required.

G. Any person aggrieved by the action of the Planning Board on ~~a~~ **either minor or major** site plan approval application may appeal said action to a Court of competent jurisdiction in accordance with M.G.L. c.40A, Section 17**, as amended.**
[Amended 5-22-2018 STM by Art. 3]

H. Minor departures from the site plan as approved**,** may be authorized by the Building **Commissioner** ~~Inspector~~ after approval of the **Planning Board** ~~Site Plan Review Committee~~ if required by engineering or other circumstances not foreseen at the time of plan approval. Any change increasing the size of any building or structure, changing the location of any building, parking or access road by more than 10 feet or reducing landscaping or screening may be made only through review by the Planning Board following the same procedures as for an original submittal. Any departure must be requested, in writing, with the basis for the change given. Any change authorized shall be recorded on the file copy of the site plan with the Building **Commissioner** ~~Inspector~~'s signature and the date.

I. The removal, fill or change of grade of earth materials, including soil, loam, sand or gravel, undertaken in order to construct or locate buildings, structures and such features accessory thereto as ways, driveways, areaways, walks or parking areas, and therefore exempt from regulations under Chapter 85 of this Code, is a part of construction and development process regulated by the Zoning Chapter. Except as necessary for the construction of detached one- or two-family dwellings and of features accessory thereto, the removal, fill or change of grade of earth materials for the purposes defined above shall be subject to approval under this section. Where the commencement of removal, fill or change of grade of earth materials precedes construction by three months or more, the submission and approval of the site plan may be undertaken in two stages, with the information for the first stage limited to property boundaries, existing and proposed topography at two-foot or lesser contour intervals, the character of the soil to be removed, added or relocated, the location and depth of any service and drainage conduits or pipes and the approximate location of any existing or proposed buildings, structures or physical features accessory thereto. Each stage shall be treated as a separate site plan for the purposes of this section, and the approval of Stage 1 of a site plan shall not be construed to assure the subsequent approval of Stage 2.

J. Compliance. The issuance of an occupancy permit will not be given prior to the satisfactory completion of all elements and conditions of the approved site plan. A temporary occupancy permit may be issued after the satisfactory completion of all items essential to public health and safety and sufficient bonding acceptable to the Planning Board is provided to the Town to cover all outstanding items.

; or do or act anything in relation thereto

Proposed by: PLANNING BOARD
Board of Selectmen Recommendation:
Advisory Committee Recommendation:

Summary: *This article proposes to amend the Site Plan Approval bylaw by bringing minor site plan approval under the purview of the Planning Board, as opposed to the Site Plan Review Committee and further clarify steps for minor and major site plan approval.*

ARTICLE 40: Amend Town Code – Zoning – Downtown District

DRAFT

, or act or do anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary:

ARTICLE 41: To see if the Town of Southborough will vote to approve the Southborough Noise Bylaw proposal attached to this document, as amended, or do or act anything in relation thereto.

SOUTHBOROUGH NOISE BYLAW

1.1 **Declaration of Policy**
Whereas excessive sound can be a serious hazard to the public health and welfare and safety and the quality of life; and whereas a substantial body of science and technology exists by which excessive sound may be substantially abated; and whereas the citizens of Southborough have a right to and should be ensured an environment free from excessive sound that may jeopardize their health or welfare or safety or degrade the quality of life; now, therefore, it is the policy of the Town of Southborough (the "Town") to prevent excessive sound which may jeopardize the health and welfare or safety of its citizens and/or degrade the quality of life.

It shall be unlawful for any person to make, continue to make, permit or cause to be made or continued, any loud, excessive, unnecessary or unusually loud noise or any noise which either annoys, disturbs, injures or endangers the comfort, repose, health, peace or safety of reasonable persons of normal sensitivities. Furthermore, it shall be unlawful for any person who has custody and control of the premises to allow or permit another person to make, continue or permit to be made or continued any loud, excessive, unnecessary or unusually loud noise or any noise which either annoys, disturbs, injures or endangers the comfort, repose, health, peace or safety of reasonable persons of normal sensitivities within the limits of the Town of Southborough.

1.2 **Definitions**
Except as may be specified herein, acoustical terminology used throughout this Bylaw is that approved as American National Standard Acoustical Terminology [ANSI S1.1-1994] by the American National Standards Institute (ANSI). The following words, phrases and terms as used in this Bylaw shall have the meanings as indicated below:

A. BACKGROUND SOUND LEVEL shall mean the sound level associated with a given environment, being a composite of sounds from all sources excluding the alleged offensive noise, at the location and approximate time at which a comparison with the alleged offensive noise is to be made.

B. CONSTRUCTION shall mean those activities requiring a building permit, and shall also include any site preparation, cemetery burial and caretaking operations, seismic surveys grading, assembly, erection, substantial repair, alteration, or similar action, including demolition, for or of public or private rights-of-way, structures, utilities or similar property.

C. The abbreviation dBA shall mean the A-weighted sound pressure level expressed in decibels and referenced to 20 Micropascals. The abbreviation dBC shall mean the C-weighted sound pressure level expressed in decibels and referenced to 20 Micropascals.

D. EMERGENCY VEHICLE: shall mean any vehicle operated in an effort to protect, provide or restore public safety, including, but not limited to, ambulances, police vehicles and fire vehicles.

E. EMERGENCY WORK: shall mean any work performed in an effort to protect, provide or restore public safety, or work by private or public utilities when restoring utility service or any work performed for the purpose of preventing or alleviating the physical trauma or physical damage threatened or caused by an emergence – an occurrence or set of circumstances involving actual or imminent physical trauma or property damage.

DRAFT

F. ENFORCING PERSON: shall mean any police officer, building official or public health official of the Town or any other Town employee designated by the Town Manager for this purpose.

G. IMPACT DEVICE: shall mean a construction device in which or by which a hammer, meaning a moving mass of hard solid material, is mechanically by means of a working fluid or compressed air caused to repetitively impact upon and transmit kinetic energy to a tool. The tool may be included as a part of the device, as in the case of a moil on a paving breaker or the drill steel of a jackhammer, or it may be a mass to which the impact device is temporarily connected as in the case of a pile and pile driver. Examples of impact devices are pile drivers, paving breakers, power impact hammers, impact wrenches, riveters and stud drivers.

H. INTRUDING NOISE: shall mean the total sound level created, caused, maintained by, or originating from an alleged offensive source at a specified location while the alleged offensive source is in operation.

I. PERSON: shall mean a person, firm, association, co-partnership, joint venture, corporation or any entity recognized by applicable law, public or private in nature.

J. SOUND LEVEL: shall mean the instantaneous A-weighted sound pressure level, in decibels, (dBA) as measured with a sound level meter set to the "A" weighting scale, slow response. On the decibel scale a sound level increase of 10 means the sound is 10 times more intense or powerful.

Decibel levels of some common activities are listed below:

Sound Level - dB	**Source**
50 - 65	normal conversation
60 - 65	laughter
70	hair dryer, vacuum
V Increasing risk of hearing loss V	
80	garbage disposal
85 - 90	lawnmower
100	garbage truck
120	walk behind leaf blower
130	jet takeoff/landing
145	fireworks

K. SOUND LEVEL METER: shall mean an instrument meeting American National Standard Institute's (ANSI) Standard S1.4-1983 for Type 1 or Type 2 sound level meters or an instrument and the associated recording and analyzing equipment, which will provide equivalent data.

1.3 **Designated Noise Zones**

The properties hereinafter described are hereby assigned to the following noise zones:

NOISE ZONE I: All properties utilized as residential uses in accordance with the Town of Southborough Zoning Bylaws and the grounds of any school, hospital or similar health care institution, house of worship or library while the same is in use, and any Cemetery or Open Space.

NOISE ZONE II: All other property used in accordance with the Town's Zoning Bylaw.

1.4 **Exterior Noise Standards**

It shall be unlawful for any person at any location within the area of the Town to create any loud noise, or to allow the creation of any noise, on property owned, leased, occupied or otherwise controlled by such person, which causes the sound level when measured on complainant's property to exceed the greater of:

A. The maximum allowable exterior sound level outlined in Table I; or
B. Five dB over the background sound level.

Table 1. Maximum Allowable Exterior Sound Level		
Noise Level	Daytime level 7:00 AM to 10:00 PM	Nighttime level 10:00 PM to 7:00 AM
I	60 dBA	50 dBA
II	70 dBA	65 dBA

If the intruding noise source is continuous and cannot reasonably be discontinued or stopped for a time period whereby the background sound level can be determined, the measured sound level obtained while the source is in operation shall be compared directly to the maximum allowable exterior sound level outlined in Table I.

1.5 **Construction Noise Standards**
A. Noise associated with construction is permitted between 7:00 AM and 6:00 PM on weekdays and 9:00 AM and 5:00 PM Saturdays provided the sound level from:

1. Non-impact devices do not exceed 70 dBA as measured over a time interval of 1 minute with the sound meter set to slow located on any other property, but at least 50 feet from the construction activity;

2. Impact devices does not exceed 90 dBA as measured with a sound level meter set to slow response located on any other property, but at least 30 feet from the construction activity.

B. Between the hours of 6:00 PM and 7:00 AM on weekdays and Saturday, noise associated with construction, shall be limited by the standards of Section 1.4.

C. Construction activities shall not be allowed on Sundays or legal holidays.

1.6 **Maintenance Noise Standards**
A. Noise associated with maintenance is permitted between 7:00 AM and 6:00 PM on weekdays, 8:00 AM and 6:00 PM on Saturdays and between the hours of 9:00 AM and 6:00 PM on Sunday, provided the sound level does not exceed 70 dBA as measured with a sound level meter set to slow response on any other property, but at least 50 feet from the maintenance;

B. Between the hours of 6:00 PM and 7:00 AM on weekdays, 6:00 PM and 8:00 AM on Saturday and between the hours of 6:00 PM and 9:00 AM on Sunday or a legal holiday, noise associated with maintenance, shall be limited by the standards of Section 1.4.

1.7 **Commercial Trash Collection and Deliveries or Pick-up**
A. The operation of commercial trash compactors or collection of trash, rubbish, refuse or debris, which generates noise in excess of the criteria given in Section 1.4 at any point of public or common pass-by between the hours of 7:00 PM and 7:00 AM is prohibited.

B. Deliveries or pick-ups for commercial or business purposes between 10:00 PM and 6:00 AM are prohibited unless the noise level of such deliveries or pick-ups in nearby residential areas does not exceed the noise criteria listed in Section 1.4.

1.8 **Motor Vehicles or Motorcycles**
Motor vehicles or motorcycles operated on public ways in the Town of Southborough or in any place where the public has the right of access as invitees or licensees may not exceed a maximum sound level of 85 dBA. It is also in

DRAFT

violation of the Bylaw to operate a motor vehicle or motorcycle without a sound-limiting device connected to the exhaust system. This prohibits so-called "straight pipe" exhaust systems. This section shall not include screeching sounds emitted from emergency braking. Measurement for the purposes of this Section shall be at a distance of 36 inches from the noise source.

1.9 **Special Provisions**
Noise associated with the following activities shall be exempted from the provisions of this Bylaw:

A. Emergency work or emergency vehicles.

B. The operation of any vehicular alarm provided it terminates within 15 minutes of the initially recorded complaint.

C. Occasional outdoor gatherings, public dances, shows, and sporting and entertainment events provided said events are conducted pursuant to a permit or license issued by the appropriate jurisdiction relative to the staging of said events.

D. The intermittent or occasional use, during the daytime, of homeowners' light residential outdoor equipment

E. Snow removal performed by snow blowers, snow throwers or snow plows when appropriately outfitted with a muffler.

F. Any activity to the extent regulation thereof has been preempted by Town, State or Federal Law or by agreement between Town, State or the Federal Government.

1.10 **Prima Facie Violations**
Any measured noise exceeding the sound level standards as specified in Sections 1.4 through 1.10 may be deemed by the enforcing person to be prima facie evidence of a violation of the provisions of this Bylaw.

1.11 **Penalties for Violations**
A. Violations under Article 1, in the discretion of the enforcing person, may be enforced by non-criminal disposition as provided in MGL Chapter 40, Section 21D.

B. The penalty for a violation under this Bylaw shall be $100 for a first offense, $250 for a second offense, $500 for a third offense, and for each succeeding offense each day or part thereof shall constitute a separate offense.

Proposed by: PETER LAPINE, et al.
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *As the population of Southborough grows, it has transitioned from a rural community to one that is more suburban. People move to Southborough to enjoy its natural beauty and peaceful environment. With increased housing density, practices of earlier times increasingly encroach upon the tranquility of Town residents, resulting in conditions characterized as being out of balance. There is an ever-growing requirement to place limits on these practices – a rebalancing - so that everyone, business owners and homeowners alike, may prosper. This article, a Noise Bylaw, seeks to harmonize the needs of Town residents with those of local business owners.*

***ARTICLE 42**:* To see if the Town of Southborough will vote to pass a bylaw to reduce plastic waste

Section 1 Purpose and Intent

The production and use of single-use plastics such as polystyrene food packing and thin-film plastic checkout bags have significant impacts on the environment, including, but not limited to, contributing to the potential death of aquatic and land animals through ingestion and entanglement; contributing to pollution of the natural environment; creating a burden to solid waste collection and recycling facilities; clogging drainage systems; and requiring the use of millions of barrels of crude oil nationally for their manufacture. Additionally, polystyrene contains known carcinogens, and readily leaches into certain foodstuffs. Measurable levels of polystyrene are now found almost 100% of human fat samples.

The purpose of this bylaw is to preserve the Town's water, wildlife and natural resources—as well as to enhance the health of its citizens—by banning within the Town of Southborough two of the largest contributors of non-recyclable plastics to the environment—single-use polystyrene retail food packaging and single-use plastic checkout bags—while promoting the adoption of more environmentally friendly alternatives.

Section 2 Definitions

"Polystyrene food packaging" – means any holder of food or beverage made from polystyrene, either in solid or foam (Styrofoam) form, such as cups, plates, or take-out containers, as well all other single-use plastic products made to facilitate the consumption of foods, such as straws, lids and utensils made from polystyrene or other non-compostable plastic materials.

"Checkout bag" – means a carryout bag provided by a store to a customer at the point of sale. Checkout bags shall not include bags, whether plastic or not, in which loose produce or products are placed by the consumer to deliver such items to the point of sale or checkout area of the store.

"Retail Store" – means any business facility that sells goods directly to the consumer whether for or not-for-profit, including, but not limited to, retail stores, restaurants, pharmacies, convenience and grocery stores, liquor stores, as well as seasonal and temporary businesses.

"Reusable checkout bag" – means a bag with handles that is specifically designed and manufactured for multiple reuse and is either polyester, polypropylene, cotton or other durable material, or durable plastic that is at least 4.0 mils in thickness.

"Thin-film single-use plastic bags" – are those bags typically with handles, constructed of high-density polyethylene (HDPE), low density polyethylene (LDPE), linear low density polyethylene (LLDPE), polyvinyl chloride (PVC), polyethylene terephthalate (PET), or polypropylene (other than woven and non -woven polypropylene fabric), if said film is less than 4.0 mils in thickness

"Recyclable paper bag" – means a paper bag that is 100 percent recyclable and contains at least 40% post–consumer recycled content, and displays the words "recyclable" and "made from 40% post-consumer recycled content" in a visible manner on the outside of the bag

Section 3 Use Regulations
(A) Polystyrene food packaging shall not be distributed, used, or sold by any retail store within the town of Southborough.

(B) Thin-film single-use plastic bags shall not be distributed, used, or sold for checkout or other purposes at any retail store within the Town of Southborough.

(C) If a retail store provides or sells checkout bags to customers, the bags must be one of the following (1) recyclable paper bags, or (2) reusable checkout bags. The retail store may charge for said bags.

(D) Thin-film plastic bags used to contain dry cleaning, newspapers, produce, meat, bulk foods, wet items and other similar merchandise, typically without handles, are still permissible.

(E) Violation of the By-Law to Reduce Plastic Waste: First offense – written warning; 2nd offense - $100 per offense; 3rd and subsequent offenses - $250 per offense.

Section 4 Effective Date

This bylaw shall take effect six (6) months following Town Meeting approval of the bylaw. Upon application of the owner or the owner's representative, the Board of Selectmen or their designee may exempt a retail store from the requirements of this section for a period of up to two (2) months upon a finding by the Board of Selectmen or their designee that (1) the requirements of this section would cause undue hardship; or (2) a retail store requires additional time in order to draw down an existing inventory of straws or checkout bags.

Section 5 Enforcement

DRAFT

Enforcement of this bylaw shall be the responsibility of the Board of Selectmen or their designee. The Board of Selectmen or their designee shall determine the monitoring process to be followed, which may be limited to responding to citizen reports, and incorporating the monitoring process into other town duties as appropriate. Any retail store distributing plastics in violation of this bylaw shall be subject to fines as described in Section 3 (E) above. Any such fines shall be paid to the Town of Southborough. No licenses shall be renewed for any establishment with outstanding violations under this section.

Section 6 Severability

If any provision of this bylaw is declared invalid or unenforceable the other provisions shall not be affected thereby.

; or to do or act anything in relation thereto.

Proposed by: MICHAEL WEISHAN, ET AL.
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This proposed bylaw would make a marked contribution to the heath of both the citizens of Southborough and the overall environment by banning single-use plastic bags, Polystyrene cups, straws, utensils etc. at all retail establishments in Southborough.*

ARTICLE 43: To see if the Town of Southborough will vote to strongly request that the Board of Selectmen direct DPW to conduct an analysis of Flagg Road for the purpose of instituting a commercial truck exclusion (similar to Latisquama Road), or do or act anything in relation thereto.

Proposed by: JONAS LINDEN, ET AL.

FROM: Steven Achilles, Fire Chief

RE: FY22 Revisions to Fire Department Permit Fees

The fire department is seeking the Board's support and approval to revise our current Permit Fee Schedule. For reference, the Permit Fee Schedule was last revised in November 2006. Increased revenue anticipated with the proposed revisions is estimated at $12,000.00 annually. Please refer to the attached for specific permit fee additions and increases.

I am prepared to discuss the requested revisions at your earliest convenience.

Proposed FY22 Permit Fee Schedule

	Proposed Changes	Current
Black Powder	**$10.00**	$10.00
Blasting	**$50.00**	$25.00
Cannon and mortar firing	**$10.00**	$10.00
Cutting/ welding	**$50.00**	$25.00
Dust/explosion prevention	**$25.00**	$25.00
Fire alarm non residential	**$50.00**	$25.00
Fire Alarm - Reinspection	**$25.00**	$0.00
Fireworks Display	**$50.00**	$50.00
Flammable/combustible liquid storage		
0-1000 gallons	**$50.00**	$25.00
1001-10,000 gallons	**$50.00**	$50.00
Over 10,000	**$100.00**	$100.00
Flammable gas/solid storage	**$50.00**	$50.00
LP gas above ground	**$50.00**	$25.00
LP gas underground	**$50.00**	$50.00
LP Reinspection	**$25.00**	$0.00
Oil burn euip	**$50.00**	$25.00
Oil Reinspection	**$25.00**	$0.00

Sprinkler Reinspection	**50% of Initial**	$0.00

March 12, 2021

Karen Galligan
Superintendent
Town of Southborough
Department of Public Works
147 Cordaville Road
Southborough, MA 01772

SUBJECT: MA0142; Southborough, Worcester County, Massachusetts; Improvement project on Main St and Central St at CSXT grade crossing; 547119K & 547117W; Northern Zone, Fitchburg Subdivision; QBU-30.5 & QBU-31.66
Unexecuted Preliminary Engineering Agreement Amendment No. 1 Transmittal

Dear Ms. Galligan;

Reference is made to the VHB email dated March 3, 2021 requesting an amendment to the Preliminary Engineering Agreement in order to proceed with warning device design for the subject project. Two (2) unexecuted Amendments are enclosed. The railroad Force Account Estimate covering an allowance for additional Preliminary Engineering services is included in the Amendment. This estimate does not include the cost of Construction Engineering/Inspection, Flagging Service, Signal Work relating to materials and installation, and other costs to be incurred during construction.

Please arrange for each original to be executed and return both along with a copy of the necessary advance payment to Bergmann at the following address:

Six Tower Bridge
181 Washington Street, Suite 430
Conshohocken, PA 19428

Per Section 3.3 of the Agreement, Town of Southborough shall provide additional advance payment in the amount of $44,626. These funds are to cover the anticipated additional project costs for Preliminary Engineering only. Please be advised that the advance payment is not a fee, but an advance deposit held in an account against which actual CSXT costs are assessed. If the actual costs are less than the deposit, a refund will be returned, and if the actual costs are more than the deposit, an additional deposit will be requested.

The advance payment should be made payable to "CSX Transportation" and sent with attached Payment Submission Form directly to CSXT at the following address:

P. O. Box 530192
Atlanta, GA 30353-0192

Please note that no work may begin on, over, or adjacent to the CSXT right-of-way, or that could potentially impact CSXT operations, until the following has occurred:

- The advance payment has been received by CSXT

- The plans have been reviewed and no exceptions taken
- A fully executed Construction Agreement is in place with the appropriate parties
- CSXT's notice to proceed with force account work has been received by this office
- The contractor's insurance has been approved in writing by CSXT
- The necessary construction submissions have been submitted with no exceptions taken by CSXT or its representative
- A pre-construction meeting has been held with CSXT personnel present
- A flagman is scheduled and on site
- The contractor signs Schedule I of the Construction Agreement

Please do not hesitate to contact Kevin Lewandowski or me at (610) 834-4080 with any questions regarding the above matters.

Sincerely,

Erin Goglia, PE

AMENDMENT NO. 1

To Main Street and Central Street Improvement Projects Preliminary Engineering Agreement Dated May 13, 2019

CSX Transportation, Inc., a Virginia corporation with its principal place of business in Jacksonville, Florida ("**CSXT**"), and the TOWN OF SOUTHBOROUGH, a political subdivision of the Commonwealth of Massachusetts ("**Agency**"), hereby agree to amend the Preliminary Engineering Agreement between Agency and CSXT dated May 13, 2019 (the "**Agreement**") in accordance with the terms of this Amendment No. 1, which shall be effective as of the date the last signature is affixed hereto.

Pursuant to Section 8 of the Agreement, CSXT and Agency desire to amend the Agreement as follows:

A. Amend the first sentence of Section 3.2 to read:

> "CSXT has estimated the total Reimbursable Expenses for the Project to be approximately $61,236 (the "**Estimate**" as amended or revised.)"

B. The Estimate attached to the Agreement is hereby deleted and replaced with the Estimate attached to this Amendment No. 1 as Attachment 1.

C. Capitalized terms used but not defined in this Amendment No. 1 shall have the same meaning as defined in the Agreement.

D. Except as amended by this Amendment No. 1, the Agreement remains in full force and effect in accordance with its terms.

IN WITNESS WHEREOF, the Parties have caused this Amendment No. 1 to be executed, each by its duly authorized officers.

Subject: MA0142; Southborough & Southborough, Worcester & Worcester, Massachusetts; Improvement project on Main St and Central St at CSXT grade crossing; 547119K & 547117W; Albany & Albany; QBU-30.5 & QBU-31.66
Fully Executed Preliminary Engineering Agreement Transmittal

Dear Ms. Galligan;

Reference is made to the Bergmann letter dated April 8, 2019 transmitting the unexecuted revised Preliminary Engineering Agreement for the subject project. Enclosed, please find one (1) original Agreement fully executed by CSXT for the Town of Southborough records.

Please note that no work may begin on, over, or adjacent to the CSXT right-of-way, or that could potentially impact CSXT operations, until the following has occurred:

- The plans have been reviewed and no exceptions taken
- CSXT's notice to proceed with force account work has been received by this office
- The contractor's insurance has been approved in writing by CSXT
- The necessary construction submissions have been submitted with no exceptions taken by CSXT or its representative
- A pre-construction meeting has been held with CSXT personnel present
- A flagman is scheduled and on site
- The contractor signs Schedule I of the Preliminary Engineering/Construction Agreement

Please do not hesitate to contact Kevin Lewandowski or me at (610) 834-4080 with any questions regarding the above matters.

Sincerely,

Erin M. Goglia

Project: Southborough, Worcester County, Massachusetts, Improvement projects on Main Street and Central Street at CSXT grade crossings, MP QBU-30.50 & QBU-31.68, DOT# 547 119 K & 547 117 W, Albany Zone, Fitchburg Subdivision
CSXT OP# MA0142

PRELIMINARY ENGINEERING AGREEMENT

This Preliminary Engineering Agreement (this "**Agreement**") is made as of May 13, 2019 by and between CSX TRANSPORTATION, INC., a Virginia corporation with its principal place of business in Jacksonville, Florida ("**CSXT**"), and the TOWN OF SOUTHBOROUGH, a political subdivision of the Commonwealth of Massachusetts ("**Agency**").

EXPLANATORY STATEMENT

1. Agency wishes to facilitate the development of the proposed improvement projects on Main Street and Central Street at CSXT grade crossings, Southborough, Worcester County, Massachusetts, DOT Numbers: 547119K & 547117W, QBU-30.50 & QBU-31.68, Albany Zone, Fitchburg Subdivision (the "**Project**").

2. Agency has requested that CSXT proceed with certain necessary engineering and/or design services for the Project to facilitate the parties' consideration of the Project.

3. Subject to the approval of CSXT, which approval may be withheld for any reason directly or indirectly related to safety or CSXT operations, property, or facilities, the Project is to be constructed, if at all, at no cost to CSXT, under a separate construction agreement to be executed by the parties at a future date.

NOW, THEREFORE, for and in consideration of the foregoing Explanatory Statement and other good and valuable consideration, the receipt and sufficiency of which are acknowledged by the parties, the parties agree as follows:

1. Scope of Work

1.1. Generally. The work to be done by CSXT under this Agreement shall consist of: (i) the preparation or review and approval of preliminary and final engineering and design plans, specifications, drawings, agreements and other documents pertaining to the Project, (ii) the preparation of cost estimates for CSXT's work in connection with the Project, and (iii) the review of construction cost estimates, site surveys, assessments, studies, agreements and related construction documents submitted to CSXT by Agency for the Project (collectively, the "**Engineering Work**"). Engineering Work may also include office reviews, field reviews, attending hearings and meetings, and preparing correspondence, reports, and other documentation in connection with the Project. Nothing contained in this Agreement shall oblige CSXT to perform work which, in CSXT's opinion, is not relevant to CSXT's participation in the Project.

1.2. Effect of CSXT Approval or Preparation of Documents. By its review, approval or preparation of plans, specifications, drawings or other documents pursuant to this Agreement (collectively, the "**Plans**"), CSXT signifies only that the Plans and the Project proposed to be constructed in accordance with the Plans satisfy CSXT's requirements. CSXT expressly disclaims all other representations and warranties in connection with the Plans, including, but not limited to, the integrity, suitability or

fitness for the purposes of Agency or any other persons of such Plans or the Project constructed in accordance with the Plans.

2. Project Construction. Nothing contained in this Agreement shall be deemed to constitute CSXT's approval of or consent to the construction of the Project, which approval or consent may be withheld for any reason directly or indirectly related to safety or CSXT operations, property, or facilities. The Project if constructed is to be constructed, if at all, under a separate construction agreement to be executed by the parties at a future date.

3. Reimbursement of CSXT Expenses.

3.1. Reimbursable Expenses. Agency shall reimburse CSXT for all costs and expenses incurred by CSXT in connection with the Engineering Work, including, without limitation: (i) all out of pocket expenses, (ii) travel and lodging expenses, (iii) telephone, facsimile, and mailing expenses, (iv) costs for equipment, tools, materials and supplies, (v) sums paid to consultants and subcontractors, and (vi) labor, together with labor overhead percentages established by CSXT pursuant to applicable law (collectively, the "**Reimbursable Expenses**").

3.2. Estimate. CSXT has estimated the total Reimbursable Expenses for the Project to be approximately $16,610 (the "**Estimate**" as amended or revised). In the event CSXT anticipates that actual Reimbursable Expenses may exceed such Estimate, it shall provide Agency with the revised Estimate of total Reimbursable Expenses for Agency's approval and confirmation that sufficient funds have been appropriated to cover the total Reimbursable Expenses as reflected in the revised Estimate. CSXT may elect, by delivery of notice to Agency, to immediately cease all further Engineering Work, unless and until Agency provides such approval and confirmation.

3.3. Payment Terms.

3.3.1. Advance Payment in Full. Upon execution and delivery of this Agreement by Agency, Agency will deposit with CSXT a sum equal to the Reimbursable Expenses, as shown by the Estimate. Agency shall pay CSXT for Reimbursable Expenses in the amount set forth in **CSXT Schedule PA** attached hereto, a copy of which shall accompany the advance payment. If CSXT anticipates that it may incur Reimbursable Expenses in excess of the deposited amount, CSXT will request an additional deposit equal to the then remaining Reimbursable Expenses which CSXT estimates that it will incur. CSXT shall request such additional deposit by delivery of invoices to Agency. Agency shall make such additional deposit within thirty (30) days following delivery of such invoice to Agency.

3.3.2. Following completion of all Engineering Work, CSXT shall reconcile the total Reimbursable Expenses incurred by CSXT against the total payments received from Agency and shall submit to Agency a final invoice if required. Agency shall pay to CSXT the amount by which actual Reimbursable Expenses exceed total payments, as shown by the final invoice, within thirty (30) days following delivery to Agency of the final invoice. CSXT will provide a refund of any unused deposits if the deposit exceeds the incurred Reimbursable Expenses for the Project.

3.3.3. In the event that Agency fails to pay CSXT any sums due CSXT under this Agreement: (i) Agency shall pay CSXT interest at the lesser of 1.0% per month or the maximum rate of interest permitted by applicable law on the delinquent amount until paid in full; and (ii) CSXT may elect, by delivery of notice to Agency: (A) to immediately cease all further work on the Project, unless and until Agency pays the entire delinquent sum, together with accrued interest; and/or (B) to terminate this Agreement.

3.4. Effect of Termination. Agency's obligation to pay CSXT Reimbursable Expenses in accordance with this Section shall survive termination of this Agreement for any reason.

4. Appropriations. Agency represents to CSXT that: (i) Agency has obtained appropriations sufficient to reimburse CSXT for the Reimbursable Expenses encompassed by the initial Estimate; (ii) Agency shall use its best efforts to obtain appropriations necessary to cover Reimbursable Expenses encompassed by subsequent Estimates approved by Agency; and (iii) Agency shall promptly notify CSXT in the event that Agency is unable to obtain such additional appropriations.

5. Termination.

5.1. By Agency. Agency may terminate this Agreement, for any reason, by delivery of notice to CSXT. Such termination shall become effective upon the expiration of fifteen (15) calendar days following delivery of notice to CSXT or such later date designated by the notice.

5.2. By CSXT. CSXT may terminate this Agreement (i) as provided pursuant to Section 3.3.3., or (ii) upon Agency's breach of any of the terms of, or its obligations under, this Agreement and such breach continues without cure for a period of ninety (90) days after written notification from CSXT to Agency of such breach.

5.3. Consequences of Termination. If the Agreement is terminated by either party pursuant to this Section or any other provision of this Agreement, the parties understand that it may be impractical to immediately stop the Engineering Work. Accordingly, both parties agree that, in such instance a party may continue to perform Engineering Work until it has reached a point where it may reasonably and/or safely suspend the Engineering Work. Agency shall reimburse CSXT pursuant to this Agreement for the Engineering Work performed, plus all costs reasonably incurred by CSXT to discontinue the Engineering Work and all other costs of CSXT incurred as a result of the Project up to the time of full suspension of the Engineering Work. Termination of this Agreement or Engineering Work on the Project, for any reason, shall not diminish or reduce Agency's obligation to pay CSXT for Reimbursable Expenses incurred in accordance with this Agreement. In the event of the termination of this Agreement or the Engineering Work for any reason, CSXT's only remaining obligation to Agency shall be to refund to Agency payments made to CSXT in excess of Reimbursable Expenses in accordance with Section 3.3.2.

6. Subcontracts. CSXT shall be permitted to engage outside consultants, counsel and subcontractors to perform all or any portion of the Engineering Work.

7. Notices. All notices, consents and approvals required or permitted by this Agreement shall be in writing and shall be deemed delivered (i) on the expiration of three (3) days following mailing by first class U.S. mail, (ii) on the next business day following mailing by a nationally recognized overnight carrier, or (iii) on the date of transmission, as evidenced by written confirmation of successful transmission, if by facsimile or other electronic transmission if sent on a business day (or if not sent on a business day, then on the next business day after the date sent), to the parties at the addresses set forth below, or such other addresses as either party may designate by delivery of prior notice to the other party:

If to CSXT: CSX Transportation, Inc.
500 Water Street, J301
Jacksonville, Florida 32202
Attention: Director Project Management – Public Projects

If to Agency: Town of Southborough
Department of Public Works
17 Common Street
Southborough, Massachusetts 01772
Attention: Karen Galligan

8. Entire Agreement: This Agreement embodies the entire understanding of the parties, may not be waived or modified except in a writing signed by authorized representatives of both parties, and supersedes all prior or contemporaneous written or oral understandings, agreements or negotiations regarding its subject matter. In the event of any inconsistency between this Agreement and the Exhibits, the more specific terms of the Exhibits shall be deemed controlling.

9. Waiver. If either party fails to enforce its respective rights under this Agreement, or fails to insist upon the performance of the other party's obligations hereunder, such failure shall not be construed as a permanent waiver of any rights or obligations in this Agreement.

10. Assignment. CSXT may assign this Agreement and all rights and obligations herein to a successor in interest, parent company, affiliate, or future affiliate. Upon assignment of this Agreement by CSXT and the assumption by CSXT's assignee of CSXT's obligations under this Agreement, CSXT shall have no further obligations under this Agreement. Agency shall not assign its rights or obligations under this Agreement without CSXT's prior written consent, which consent may be withheld for any reason.

11. Applicable Law. This Agreement shall be governed by the laws of the Commonwealth of Massachusetts, exclusive of its choice of law rules. The parties further agree that the venue of all legal and equitable proceedings related to disputes under this Agreement shall be situated in Duval County, Florida, and the parties agree to submit to the personal jurisdiction of any State or Federal court situated in Duval County, Florida.

Project: Southborough, Worcester County, Massachusetts, Improvement projects on Main Street and Central Street at CSXT grade crossings, MP QBU-30.50 & QBU-31.68, DOT# 547 119 K & 547 117 W, Albany Zone, Fitchburg Subdivision
CSXT OP# MA0142

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed in duplicate, each by its duly authorized officers, as of the date of this Agreement.

MEMORANDUM

TO: BOARD OF SELECTMEN

FROM: VANESSA HALE, ASSISTANT TOWN ADMINISTRATOR

SUBJECT: IT MANAGER

DATE: MARCH 19, 2021

I would respectfully request that the Board of Selectmen appoint Jason Montijo as the Town's next IT Manager.

The Interview Panel consisted of Chief Achilles, Matt Probst [MTC Chair] and myself [first round], as well as Mark Purple, Brian Ballantine and Tom Laflamme [second round]. We are grateful Tom was so helpful [while in his new position] as he conducted a Zoom interview with the finalist and gave him a virtual tour of his office.

Mr. Purple and I do recommend we start Mr. Montijo at $101,000 annually, which is budgeted. Since it is above the mid-point, it requires the approval of the Personnel Board and they are due to have a special meeting at 4 p.m. on Monday, March 22, 2021.

We are confident his skill set is very strong and that he possesses the knowledge required, as well as the ability, to take over the project management of the coming years in this critical department. Lt. Newell has completed an advanced background check since this person will have access to very confidential systems and has given me his approval.

After a successful appointment and pre-employment physical, we anticipate Mr. Montijo will be able to start in late April.

Thank you for your consideration.

COMMONWEALTH OF MASSACHUSETTS

WORCESTER, ss.

SUPERIOR COURT
CIVIL ACTION
NO. 2085CV00382

LOUISE BARRON & others[1]

vs.

DANIEL L. KOLENDA[2] & others[3]

MEMORANDUM OF DECISION AND ORDER ON DEFENDANTS' MOTION FOR JUDGMENT ON THE PLEADINGS

Plaintiff Louise Barron ("Barron"), sued defendant Daniel Kolenda ("Kolenda"), and other individuals, each individually and as a member of the Southborough Board of Selectmen ("Board"), and the Town of Southborough ("Town") (collectively, "defendants"), alleging civil rights violations after Kolenda publicly chastised Barron and unilaterally adjourned a 2018 Board meeting. Barron asserted several tort-based claims against Kolenda, individually. In addition, Barron, along with plaintiffs Jack Barron and Arthur St. Andre, sued the Board for violating the Open Meeting Law and challenged the Board's public participation policy as unconstitutional under Massachusetts law. The defendants have moved for judgment on the pleadings under Mass. R. Civ. P. 12(c). For the reasons discussed below, the defendants' motion is ALLOWED.

147.

BACKGROUND

The facts are taken from the plaintiffs' first amended complaint. The court assumes the factual allegations in the first amended complaint to be true. *Iannacchino* v. *Ford Motor Co.*, 451 Mass. 623, 625 n.7 (2008).

[1] Jack Barron and Arthur St. Andre
[2] Individually, and as a member of the Southborough Board of Selectmen
[3] Brian Shea, Marty Healey, Lisa Braccio, and Sam Stivers, individually, and as members of the Southborough Board of Selectmen, and The Town of Southborough

Entered and Copies Mailed 3/9/21

On December 4, 2018, Barron attended a Board meeting at the Southborough Town Hall. During the meeting, the Town's Treasurer/Collector presented on the Town's budget for the following fiscal year. The presentation concerned topics related to potential tax increases.

After the budget presentation, the Board reviewed meeting minutes that it had failed to timely review and approve as required by the Open Meeting Law ("OML"), G. L. c. 30A, §§ 18-25. During that review, the Town Administrator noted that the Massachusetts Attorney General's Office had recently determined that the Board had committed dozens of OML violations.

Near the end of the meeting, Kolenda began the public comment period. The Board had adopted a policy entitled "Public Participation at Public Meetings" ("policy") which states:

> "All remarks and dialogue in public meetings must be respectful and courteous, free of rude, personal or slanderous remarks. Inappropriate language and/or shouting will not be tolerated. Furthermore, no person may offer comment without permission of the Chair, and all persons shall, at the request of the Chair, be silent. No person shall disrupt the proceedings of a meeting.
>
> Finally, while it true that State law provides that the Chair may order a disruptive person to withdraw from a meeting (and, if the person does not withdraw, the Chair may authorize a constable or other officer to remove the person from the meeting), it is the position of the [Board] that no meeting should ever come to that point."[4]

Before opening the meeting for public comment, Kolenda re-read the following portion of the Board's public participation policy: "All remarks must be respectful and courteous, free of rude, personal or slanderous remarks."

Soon after, Barron approached the audience lectern with a homemade sign. The sign read on one side "Stop Spending," and on the other side "Stop Breaking Open Meeting Law." Barron began her time by voicing her objection to the proposed budget increases discussed earlier in the

[4] The policy is not attached to the plaintiffs' amended complaint but is Exhibit 1 to the defendants' motion for judgment on the pleadings. The court has considered this exhibit in deciding this motion. See *Marram* v. *Kobrick Offshore Fund, LTD.*, 442 Mass. 43, 45 n.4 (2004) (court may rely on document outside pleadings without converting motion to dismiss into one for summary judgment, when plaintiff had notice of document and relied on it in framing complaint).

meeting and expressed her view that the Board had engaged in irresponsible spending. Barron later turned to the Board's OML violations. In response to one of Kolenda's earlier comments about the Board's violations, Barron stated:

> "And you say you're just merely volunteers and I appreciate that, but you've still broken the law with Open Meeting Law and that is not the best you can do. And when you say 'this is the best we can do' I know it's not easy to be volunteers in town but breaking the law is breaking the law."

Kolenda then interrupted Barron and said, "So ma'am if you want to slander town officials who are doing their very best . . . then we're going to go ahead and stop this public comment session now and go into recess." Barron responded and said, "You need to stop being a Hitler. You're a Hitler. I can say anything I want." This prompted Kolenda to stand up and state, "We are moving into recess," ending the public comment session at that time.

According to the first amended complaint, Kolenda unilaterally ended the Board's meeting and did not motion to move into recess or to end the Board's meeting, nor did any other present Board member. The Board took no vote to adjourn, suspend, or otherwise discontinue the meeting. Instead, Kolenda allegedly signified that the video recording of the meeting should stop. Kolenda then touched the power button on his microphone, presumably shutting off the audio. Kolenda then began to yell at Barron. This was video recorded only, as the audio feed for the Town's public access channel had cut at that time. According to the complaint, during the silent video broadcast, Kolenda stands up and angrily points and yells in Barron's direction. Kolenda allegedly yelled at Barron "You're disgusting! You're disgusting! You're disgusting!" and then threatened to have Barron "escorted out" of the Board's meeting. Barron later left the meeting voluntarily.

At the Board's next meeting, on December 18th, the Board reviewed the draft minutes from its December 4th meeting. The draft minutes allegedly falsely state that "Kolenda moved the meeting to adjournment at 9:06 P.M., seconded by Mrs. Phaneuf." The draft minutes also did not

mention Kolenda's alleged outburst toward Barron. While discussing the draft minutes, Selectmen Brian Shea ("Shea") reportedly noted that he heard Kolenda state that the Board was "going into recess" before ending the public comment period. Selectwoman Bonnie Phanuef also allegedly noted that Kolenda had "adjourned the meeting" on December 4th. The Board later approved the draft minutes of its December 4th meeting by a unanimous vote. This suit followed.

DISCUSSION

Barron sued Kolenda, Shea, and selectwoman Lisa Braccio ("Braccio"), both individually and as members of the Board, under the Massachusetts Civil Rights Act ("MCRA") for violating her civil rights (Count I). Barron also sued Kolenda, individually, for negligent infliction of emotional distress (Count II), intentional infliction of emotional distress (Count III), and defamation (Count IV). The plaintiffs also sued the Board under G. L. c. 30A, § 23(f), for violating the Open Meeting Law (Count V), and seek a declaration against the Board and the Town that the Board's policy violates the Massachusetts Declaration of Rights (Count VI). The defendants move for judgment on the pleadings under Mass. R. Civ. P. 12(c).

I. Legal Standard

A motion for judgment on the pleadings under Mass. R. Civ. P. 12(c) is "actually a motion to dismiss . . . [that] argues that the complaint fails to state a claim upon which relief can be granted." *Jarosz v. Palmer*, 436 Mass. 526, 529 (2002) (citation omitted). The court will grant a motion for judgment on the pleadings "if a plaintiff fails to present sufficient facts in the complaint to support the legal claims made." *Flomenbaum* v. *Commonwealth*, 451 Mass. 740, 742 (2008). To survive dismissal, a complaint must plead more than "labels and conclusions" and allege facts with "enough heft to show that the pleader is entitled to relief." *Iannacchino*, 451 Mass. at 636 (quotation omitted).

II. General Laws c. 12, §§ 11I and 11H, Violation of Article XIX – Count I

Barron first sues Kolenda, Shea, and Braccio, individually and as Board members, under G. L. c. 12, §§ 11I, 11H, of the MCRA for violating her civil rights under Article XIX of the Massachusetts Declaration of Rights. This argument lacks merit.

Article XIX of the Massachusetts Declaration of Rights provides all Massachusetts residents with the "right, in an orderly and peaceable manner, to assemble to consult upon the common good; give instructions to their representatives, and to request of the legislative body, by the way of addresses, petitions, or remonstrances, redress of the wrongs done to them, and of the grievances they suffer." "To establish a claim under the [MCRA], 'a plaintiff must prove that (1) the exercise or enjoyment of some constitutional or statutory right; (2) has been interfered with, or attempted to be interfered with; and (3) such interference was by threats, intimidation, or coercion.'" *Glovsky* v. *Roche Bros. Supermarkets. Inc.*, 469 Mass. 752, 762 (2014). The issue here is whether Barron has alleged facts to show that Kolenda, Braccio, and Shea tried to interfere with or deprived her of a constitutional right by threats, intimidation, or coercion. See *id.*

Under the MCRA, "a 'threat' consists of 'the intentional exertion of pressure to make another fearful or apprehensive of injury or harm'; 'intimidation' involves 'putting in fear for the purpose of compelling or deterring conduct'; and 'coercion' is 'the application to another of such force, either physical or moral, as to constrain [them] to do against [their] will something [they] would not otherwise have done." *Id.* at 762-763, citing *Haufler* v. *Zotos*, 446 Mass. 489, 505 (2006). "Generally, by itself, a threat to use lawful means to reach an intended result is not actionable under [G. L. c. 12,] § 11I." *Sena* v. *Commonwealth*, 417 Mass. 250, 263 (1994) (citation omitted). And a direct deprivation of rights, even if unlawful, that is accomplished without threats, intimidation, or coercion is also not actionable under the MCRA. See *Swanset Dev. Corp.* v. *City*

of Taunton, 423 Mass. 390, 396 (1996).

A. Barron's Claims Against Kolenda, Braccio, and Shea as Board Members

Public officials must be sued in their individual capacities to be found liable under the MCRA. See *Howcroft* v. *Peabody*, 51 Mass. App. Ct. 573, 593 (2001), citing *O'Malley* v. *Sheriff of Worcester Cnty.*, 415 Mass. 132, 141 n.13 (1993) ("[T]o avoid a State's sovereign immunity to a damages suit, a plaintiff must sue the State official in [their] individual and not [their] official capacity."). For that reason, Count I of the complaint is dismissed as to defendants Kolenda, Braccio, and Shea in their official capacities as members of the Board.

B. Barron's Claims Against Braccio and Shea, Individually

Barron's claims against Braccio and Shea, individually, also fail. The only allegations under Count I of the amended complaint that could reasonably be attributed to Braccio and Shea is Barron's allegation that the Board accepted Kolenda's conduct through its silence and its adoption of allegedly false meeting minutes. This conduct is a far cry from the "threats, intimidation or coercion" needed to sustain a claim under the MCRA. As a result, Count I also fails to state a claim upon which relief can be granted against Braccio and Shea, individually.

C. Barron's Claim Against Kolenda, Individually

As to Kolenda, Barron contends that he interfered with her constitutional rights by "silencing her, verbally and physically intimidating her, and threatening to have her forcibly removed from the Board's meeting." Barron's allegations fail to show that Kolenda deprived or attempted to interfere with her rights through "threats," "intimidation," or "coercion."

First, Kolenda's threat to have Barron "escorted out" of the Board's meeting was a threat to use lawful means to remove Barron after she called him "Hitler" twice. This is not actionable under § 12I. See G. L. c. 30A, § 20(g) ("If, after clear warning from the chair, a person continues

to disrupt the proceedings, the chair may order the person to withdraw from the meeting and if the person does not withdraw, the chair may authorize [an officer] to remove the person from the meeting."); *Sena*, 417 Mass. at 263 (officer's statement that he would have warrants next time he saw the plaintiffs was an implicit threat to arrest the plaintiffs through lawful means).

Second, Kolenda's alleged outburst toward Barron could not be reasonably understood as Kolenda seeking to "intimidate" Barron to deter her from exercising her constitutional rights. See *Glovsky*, 469 Mass. at 763 ("[Courts] employ a reasonable person standard in determining whether a defendant's conduct constitutes such threats, intimidation, or coercion."). Any reasonable observer would understand that Kolenda's conduct and statements directed toward Barron was his reaction to Barron twice accusing him of being "a Hitler." It was not Kolenda trying to place Barron "in fear for the purpose of compelling or deterring conduct." *Id.*

Lastly, there are insufficient facts alleged to permit the inference that Kolenda acted to coerce Barron from exercising her rights. Kolenda did not apply "physical or moral force" against Barron to constrain her from acting in a way she otherwise would have. Nor did Kolenda compel or attempt to compel Barron to act in a way she otherwise would not have. Thus, even if Kolenda's alleged conduct was unlawful, it does not amount to coercion. See *Currier* v. *National Bd. of Med. Examiners*, 462 Mass. 1, 13 (2012) ("We have determined that the direct violation of a right by itself is not the equivalent of coercion.").

In conclusion, because the first amended complaint fails to allege conduct by Kolenda that could plausibly amount to "threats, intimidation, or coercion" under the MCRA, Count I of the amended complaint fails to state a claim upon which relief can be granted. See *Glovsky*, 469 Mass. at 763 ("A claim under the [MCRA] is properly dismissed where the allegations in the plaintiff's complaint fail to satisfy this standard.").

III. Barron's Tort Claims

Barron next alleges three tort claims against Kolenda based on his conduct at the Board's December 4th meeting. All three claims lack merit.

A. Negligent Infliction of Emotional Distress – Count II

Barron contends that Kolenda negligently caused her to suffer from emotional distress when he called her "disgusting" and threatened to have her physically removed from the Board's meeting. The Massachusetts Tort Claims Act ("MTCA") provides that no public employee "shall be liable for any injury or loss of property or personal injury or death caused by [their] negligent or wrongful act or omission while acting within the scope of [their] office or employment . . . ." G. L. c. 258, § 2. During Kolenda's alleged outburst directed at Barron, he was serving as acting Chair of the Board and is therefore immune from liability for claims of negligence. See *McNamara* v. *Honeyman*, 406 Mass. 43, 46 (1989). Count II of the first amended complaint is dismissed.

B. Intentional Infliction of Emotional Distress – Count III

Barron next contends that Kolenda's outburst toward her at the December 4th meeting amounted to extreme and outrageous conduct that he knew would cause Barron to suffer from emotional distress and suffer from damages.

"The standard for making a claim of intentional infliction of emotional distress is very high." *Polay* v. *McMahon*, 468 Mass. 379, 385 (2014) (citation omitted). To establish this claim, Barron must show "(1) that [Kolenda] intended, knew, or should have known that his conduct would cause emotional distress; (2) that the conduct was extreme and outrageous; (3) that the conduct caused emotional distress; and (4) that the emotional distress was severe." *Id.* (citation omitted). "Conduct qualifies as extreme and outrageous only if it goes beyond all possible bounds of decency, and is regarded as atrocious, and utterly intolerable in a civilized community." *Id.* at

386. (citation and internal quotation marks omitted).

Kolenda's reaction to Barron openly denouncing him as "Hitler" twice was not "beyond all possible bounds of decency," nor was it "atrocious" or "utterly intolerable." See *id.* The court concludes that the facts alleged cannot sustain this claim and therefore Count III is dismissed. *Id.* ("A judge may a grant a motion to dismiss where the conduct alleged in the complaint does not rise to [the extreme and outrageous] level." [citation omitted]).

C. Defamation – Count IV

Barron next sues Kolenda for defamation based on his statement regarding Barron slandering members of the Board after Barron brought up the Board's OML violations at the December 4th meeting. Barron alleges that Kolenda labeled her as a liar at a publicly broadcasted meeting when he knew her statements were true given the attorney general's then-recent determination that the Board had committed several OML violations.

"Statements made by public officials while performing their official duties are conditionally privileged . . . ." *Barrows* v. *Wareham Fire Dist.*, 82 Mass. App. Ct. 623, 630 (2012). "[A] publisher is conditionally privileged to publish defamatory material . . . if the publisher and the recipient share a common interest 'and the communication is of a kind reasonably calculated to protect or further it.'" *Sklar* v. *Beth Israel Deaconess Med. Ctr.*, 59 Mass. App. Ct. 550, 558 (2003) (citation omitted). A conditional privilege can be forfeited by publication "with knowledge of falsity or with reckless disregard of the truth," "unnecessary, unreasonable or excessive publication," or "when it is determined that the defendant has acted with actual malice." *Barrows*, 82 Mass. App. Ct. at 631.

Kolenda made his comment—or, as argued by the defendants, his warning—about Barron slandering members of the board while in his official capacity as acting Chair of the Board. His

statement concerned the Board's policy, which requires speakers' remarks to be respectful and free from "rude, personal or slanderous remarks." The public has a common shared interest in the Board's policies and its meetings. Kolenda's statement can be reasonably calculated to protect or further that interest through the enforcement of—or warning about—the Board's policies at its meeting. The plaintiffs' first amended complaint lacks persuasive allegations that could show that Kolenda abused and lost his conditional privilege by making the statement with knowledge and reckless disregard for the truth, or with actual malice. The court is also not persuaded that Kolenda's statement "could be reasonably understood as an assertion of actual fact about" Barron. See *Tech Plus, Inc.* v. *Ansel*, 59 Mass. App. Ct. 12, 26 (2003) (plaintiff could not recover under defamation when statements could not reasonably be understood as assertions of fact about the plaintiff). Count IV is also dismissed.

IV. The Board's Alleged Violation of the Massachusetts Open Meeting Law – Count V

The plaintiffs next contend that the defendants violated the OML by ending the audio and video feed of the Board's meeting, and by later approving false Board meeting minutes. Because Barron has already filed OML complaints with the Attorney General's Office for the same alleged conduct at issue, Count V is barred and must be dismissed.

General Laws c. 30A, § 23(b), provides a mechanism for a party to enforce the OML. At least thirty days before filing a complaint with the attorney general, a party must file a written complaint with the public body "setting forth the circumstances which constitute the alleged [OML] violation and giving the body an opportunity to remedy the alleged violation[.]" G. L. c. 30A, § 23(b). The public body is then required to send a copy of the complaint to the attorney general within fourteen days. Once received, the attorney general must determine whether there has been an OML violation. See G. L. c. 30A, § 23(c). "As an *alternative* to the procedure in

subsection (b), the attorney general or 3 or more registered voters may initiate a civil action to enforce the open meeting law." G. L. c. 30A, § 23(f) (emphasis added).

On August 5, 2019, the Attorney General's Office issued a decision in response to two OML complaints filed by Barron about the Board's December 4th and December 18th meetings.[5] Barron's arguments in the two referenced complaints nearly mirror those made under Count V. The Attorney General's Office determined that the Board did not violate the OML. The court takes judicial notice of this public document only to establish that Barron has filed OML complaints related to this action with the attorney general. A party aggrieved by an order issued under G. L. c. 30A, § 23, may obtain judicial review through an action in the Superior Court under G. L. c. 249, § 4, within sixty days after the "proceeding complained of." G. L. c. 249, § 4. Barron chose not to appeal the attorney general's August 2019 decision. This court has held that a party may not "avail themselves of the provisions of [G. L. c. 30A, § 23(f)] when complaining of an [OML violation] whe[n] they have already utilized the process provided in [G. L. c. 30A, § 23(b)]. *Siet* v. *Ashland Bd. of Selectmen*, 2017 WL 6040181, at *2 (Mass. Super 2017). As noted in *Siet*, "the language of [G. L. c. 30A, § 23(f)] is crystal clear: it is 'an *alternative* to the procedure in [§ 23](b).'" *Id.* (emphasis added). This reasoning applies here.

In conclusion, Barron is barred from bringing Count V of the plaintiffs' amended complaint. As to plaintiffs Jack and St. Andre, they also cannot proceed under Count V because without Barron, the court lacks jurisdiction. See G. L. c. 30A, § 23(f) ("As an alternative to . . . subsection (b), the attorney general or 3 or more registered voters may initiate a civil action to enforce the open meeting law."). Count V of the plaintiffs' first amended complaint is dismissed.

[5] The decision by the Attorney General's Office is captioned "OML 2019 – 97."

V. Declaratory Judgment – Count VI

Lastly, the plaintiffs move for declaratory relief against the Town and the Board through a facial challenge to the Board's policy.[6] The plaintiffs seek these declarations under Count VI of the first amended complaint:

> "214. The Court should declare that the [paragraph of the policy that states '[a]ll remarks and dialogue in public meetings must be respectful and courteous, free of rude, personal or slanderous remarks . . . . Furthermore, no person may offer comment without permission of the Chair, and all persons shall, at the request of the Chair, be silent"] [is] unconstitutional under Massachusetts law.
>
> 215. The Court should declare that Defendants may not regulate protected speech during any time period designated for speech by the public based on the content of the message of the speaker, the view point of the speaker, or their desire to avoid criticism, ensure 'proper decorum,' or avoid 'personal' or derogatory or even defamatory statements, unless such regulation is the least restrictive means necessary to achieve a compelling government interest;
>
> 216. The Court should declare that the Defendants may not regulate speech during any time period designated for speech by the public other than in compliance with valid, constitutional, written policy which includes definite, objective standards for the regulation of speech, adopted by the Board in accordance with all relevant laws and regulations."

The plaintiffs contend that the policy is unconstitutional because it does not allow criticism of public officials if the chair decides that such criticism is not "respectful" or "courteous," or if the Chair finds that the comments are "rude," "personal," or "slanderous."

A. Forum Classification

The Supreme Judicial Court has noted that "[c]riteria which have been established by the United States Supreme Court for judging claims arising under the First Amendment . . . are equally appropriate to claims brought under the cognate provisions of the Massachusetts Constitution." *Commonwealth* v. *Odgren*, 483 Mass. 41, 61 (2019) (citation omitted). "[T]he extent to which the Government may limit access [to those seeking to exercise protected speech in a particular forum

[6] The plaintiffs' amended complaint identifies defendants Kolenda, Shea, Braccio, Marty Healey, and Sam Stivers as the current members of the Board.

on government property] depends on whether the forum is public or nonpublic." *Roman* v. *Trustees of Tufts Coll.*, 461 Mass. 707, 713 (2012) (alterations in original; citation omitted). "Where the forum is public, the extent to which the government may permissibly limit speech depends on the nature of the property and the extent to which the public has been given access to the forum." *Id.* at 714. "[T]here are three categories of public forums: [1] traditional public forums, such as public streets and parks; [2] designated public forums, which the government has opened for use by the public as a place to assemble or debate; and [3] limited public forums [or nonpublic forums], which are limited to use by certain groups or dedicated solely to the discussion of certain subjects." *Id.* (citation and internal quotation marks omitted). "In traditional or designated public forums, the government may impose reasonable time, place, and manner restrictions on the exercise of free speech rights, but any such restriction must be narrowly tailored to serve a compelling government interest." *Id.* "In a limited public forum, 'a less restrictive level of scrutiny [is applied than in a traditional public forum]'; restrictions on speech need only be reasonable and neutral as to content and viewpoint." *Id.* at 715 (alterations in original; citation omitted).

The Board's policy states that "'Public Comment' is a time when town residents can bring matters before the Board that are not on the official agenda."[7] The court finds that the "Public Comment" portion of the Board's meeting is a limited public forum, as the forum was opened for local residents to discuss matters related to the town that were not on the Board's agenda. See *Lu* v. *Hulme*, 133 F. Supp. 3d 312, 324 (D. Mass. 2015) ("The limited or nonpublic forum is created when the government opens its property only to use by certain groups or for the discussion of certain subjects.").[8] Given this finding, the Board's policy need "only be reasonable and neutral as

[7] The policy requires that all speakers state their name and address before addressing the Board. This requirement supports the defendants' contention that the public comment period is for town residents, and not the general public.

[8] See also *Youkhanna* v. *City of Sterling Heights*, 934 F.3d 508, 518-519 (6th Cir. 2019) (city council meeting was limited public forum); *Galena* v. *Leone*, 638 F.3d 186, 199 (3rd Cir. 2011) ("It is perfectly clear . . . that the March

to content and viewpoint." *Id.*

B. Facial Challenge

The plaintiffs contend that this provision of the Board's policy is unconstitutional:

> "All remarks and dialogue in public meetings must be respectful and courteous, free of rude, personal or slanderous remarks. Inappropriate language and/or shouting will not be tolerated. Furthermore, no person may offer comment without permission of the Chair, and all persons shall, at the request of the Chair, be silent. No person shall disrupt the proceedings of a meeting."

In assessing a facial challenge, the court "presumes that statutes are constitutional[.]" *Blair* v. *Department of Conservation & Rec.*, 457 Mass. 634, 639 (2010). "[I]f the statute allows the setting of guidelines that may reasonably be applied in ways that do not violate constitutional safeguards, then [the court] must indulge that presumption and find that the . . . provisions escape a facial constitutional challenge." *Route One Liquors, Inc.*, v. *Secretary of Admin. & Fin.*, 439 Mass. 111, 118 (2003) (citation omitted).

Viewed in isolation, the Board's prohibition against "rude, personal, or slanderous" remarks borders close to an unconstitutional prohibition on speech. See, e.g., *Acosta* v. *City of Costa Mesa*, 718 F.3d 800, 813 (9th Cir. 2013) ("Like the ordinance in *White* [v. *City of Norwalk*, 900 F.2d 1421 (9th Cir. 1990)], § 2-61 [of city ordinance pertaining to public speaking at city council meeting] prohibits the making of 'personal, impertinent, profane, insolent or slanderous remarks.' That, without limitation, is an unconstitutional prohibition on speech."). But considering it with the rest of the paragraph above, which focuses on disruptive conduct, the policy's prohibition on speech is a reasonable, viewpoint-and-content neutral, restriction that serves the

---

20th Council meeting was a limited public forum inasmuch as the meeting was held for the limited purpose of governing Erie County and discussing topics related to that governance."); *Fairchild* v. *Liberty Ind. Sch. Dist.*, 597 F.3d 747, 759 (5th Cir. 2010) ("The [School] Board meeting here—and the comment session in particular—is a limited public forum for the limited time and topic of the meeting." [internal quotation marks omitted]); *Board Rowe* v. *City of Cocoa, Fla.*, 358 F.3d 800, 802 (11th Cir. 2004) ("city commission meetings are 'limited public for a'"); *Griffin* v. *Bryant*, 30 F. Supp. 3d 1139, 1178 (D. N.M. 2014) ("The Court concludes that Governing Body meeting—and the public input portions in particular—constitute a limited public forum for First-Amendment purposes.").

legitimate government interest of preventing disruptions of the Board's meetings. See *Roman*, 461 Mass. at 715 ("A policy or regulation that limits expression is deemed viewpoint neutral if it serves purposes unrelated to the content of expression . . ., even if it has an incidental effect on some speakers or messages but not others." [citation and internal quotation marks omitted]). So long as the Board enforces the policy to meet that end, and not to silence speakers based solely on the topic, viewpoint, or message expressed, the policy is facially valid. See *Massachusetts Coal. for the Homeless* v. *City of Fall River*, 486 Mass. 437, 442 (2020) ("[G]overnment regulation of speech is content based if a law applies to particular speech because of the topic discussed or the idea or message expressed" [citation omitted]).

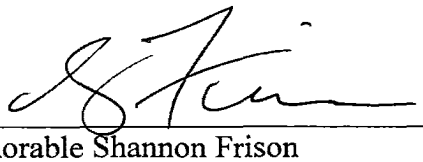
VI. Declarations

Because Count VI of the plaintiffs' amended complaint is for declaratory relief, "the [Superior] Court judge [is] required to make a declaration of the rights of the parties." *Vergato* v. *Commercial Union Ins. Co.*, 50 Mass. App. Ct. 824, 829 (2001) (first alteration in original; citation omitted). See *Boston* v. *Massachusetts Bay Transp. Auth.*, 373 Mass. 819, 829 (1977) ("[W]hen an action for declaratory relief is properly brought, even if relief is denied on the merits, there must be a declaration of the rights of the parties"). Based on the above findings, the court makes these declarations:

1. The Board's prohibition against "rude, personal, or slanderous remarks" under paragraph 3 of the Board's "Public Participation At Public Meetings" policy is a constitutional prohibition on speech under Massachusetts law when it is employed to maintain order and decorum or to prevent disruptions of the Board's meeting.[9]

2. The Board may not prohibit speech under paragraph 3 of the Board's "Public Participation at Public Meetings" policy based solely on the viewpoint or message of a speaker or the Board's desire to avoid criticism.

[9] See, e.g., *Shero* v. *City of Grove, Okla.*, 510 F.3d 1196, 1203 (10th Cir. 2007) (noting that a speech restriction "was . . . appropriately designed to promote orderly and efficient meetings"). See also *Scroggins* v. *City of Topeka, Kan.*, 2 F. Supp. 2d 1362, 1373 (D. Kan. 1998) (city council's prohibition against "personal, rude, or slanderous remarks" serves "important governmental interest of preventing disruptions to its meeting").



ORDER

For the foregoing reasons, the defendants' motion for judgment on the pleadings is ALLOWED on all counts of the plaintiffs' first amended complaint. The court also DECLARES:

1. The Board's prohibition against "rude, personal, or slanderous remarks" under paragraph 3 of the Board's "Public Participation At Public Meetings" policy is a constitutional prohibition on speech under Massachusetts law when it is employed to maintain order and decorum or to prevent disruptions of the Board's meeting.

2. The Board may not prohibit speech under paragraph 3 of the Board's "Public Participation at Public Meetings" policy based solely on the viewpoint or message of a speaker or the Board's desire to avoid criticism.

The court shall enter final judgment in favor of the defendants on all counts of the first amended complaint.

Honorable Shannon Frison
Justice of the Superior Court

Manager Overall Comments: (required)

Mark has done a solid, often admirable job in this shortened ratings period – but this comment, and those that follow as well as my ratings – reflect a broader perspective as well. Mark has good management skills. He works well with his department heads, oversees an effective budget process, and effectively juggles the myriad responsibilities that come with the TA job. His communication (to the Board and other stakeholders) instincts are a B, moving towards a B+. This is a significant improvement in the two years I've been on the Board, and likely in response to differing and increasing demands for such from BOS members. More can be done and hopefully will be. Communications with other stakeholders, notably the Personnel Board, were addressed during the rating period and from my observation have improved. Mark understands the nature and extent of his responsibilities in the position. He needs to fulfill those responsibilities more proactively in some areas, including being willing to exercise the authority that comes with the TA position, including being quicker to address stresses between departments and between citizen volunteers and Town employees. Finally, pushing hard to move from ad hoc/shorter term planning and decision-making to longer term planning is an imperative.

Employee Overall Comments (required)

Performance Assessment Ratings

Please describe the employee's contributions and professional strengths and/or weaknesses in each of the performance categories below.

Please illustrate specific, detailed examples of goals, results, and job-related attributes and behaviors since last review (if applicable).

Please rate each category according to the definition of ratings.

Comments are required for all sections.

5	**Exceptional** - Outstanding performance, results far exceed the position requirements including all individual objectives areas.
4	**Above Expectations** - Performance surpasses that expected of experienced and qualified individuals in this position. Performance consistently meets and often exceeds standards. Individual shows initiative, motivation, and versatility. Provides leadership, is highly productive, innovative, and responsive.
3	**Meets Expectations** - Performance is at the level expected of experienced and qualified individuals in this position. Performance meets all standards. The employee is considered to be "fully competent."
2	**Does Not Meet Expectations** - Sometimes meets performance standards. Performance in a majority of areas is below the level expected of experienced and qualified individuals in this position.

1	**<u>Unsatisfactory</u>** - Performance fails to meet position requirements, immediate improvement plan must be prepared, or termination is possible. Review performance again within 90 days. *All performance evaluations must be accompanied by a copy of the prior year's evaluation [with the exception of the employee's probationary review].

Performance Assessment – Town Administrator – Southborough

Criteria & Performance Elements

Quality of Work / Job Knowledge:

		Rating
A.	Employee's understanding of rules, procedures, workflow, policies, and operations	5
B.	Demonstrates expertise in skill and knowledge within areas relevant to one's own function and/or work group	4
C.	Measures business decisions with customer/public satisfaction in mind	4
D.	Information shared publicly is accurate, thorough, and complete	4
E.	Acquires and maintains the skills and knowledge required for the position and area of expertise	3
F.	Work is performed with very few errors and mistakes	4
Average		4

Quality of Work / Job Knowledge Comments:

Mark has, and displays, extended experience in the municipal world. He has a good grasp of relevantstate and town statutory requirements. His guidance and oversight of the budget process is a strength, one that could be enhanced by, again, requiring longer term planning from dept heads and from himself.

Employee Feedback (as needed)

Productivity:

		Rating
A.	Accuracy, neatness, thoroughness, and completeness of work duties performed	4
B.	Work assignments are planned, organized, and analyzed for optimum results	4
C.	Implements appropriate cost-saving measures	4
D.	Takes action on assigned projects without being directed to do so and looks for opportunities to move projects along	3
E.	Employee's willingness to take on extra work when required by circumstances	4
F.	Employee's ability to meet deadlines in a timely manner	4
G.	Project goals and task deadlines are routinely met	4
H.	Accomplished previously established goals and objectives	3
Average		3.75

Productivity Comments:

Employee Feedback (as needed)

Communications:

		Rating
A.	Employee's ability to accept and understand criticism, and take appropriate action to correct and improve performance	4
B.	Team player; Maintains open communication with other employees in the organization and is conscientious, dependable and hard-working	4
C.	Appropriately communicates to constituents when needed, follows up promptly with peers/board when needed	3
D.	Employee's ability to communicate, both verbally and in writing	5
E.	Employee performs well based on use of active listening skills	3
F.	Actively solicits feedback from peers/others to determine needs and understand concerns	3
G.	Customer Service: Is able to find the right approach, depending on the situation with the colleague/official/peer and is articulate and diplomatic [when under pressure]	3
Average		3.57

Communications Comments

My ratings are driven by (D), above. Mark has the tools to be a highly effective communicator. He increasingly is making use of those tools. He needs to make it an absolute priority. I, and I believe other members of the Board, want Mark to embrace the full range of TA responsibilities and authority. In order to do that he needs to make sure his communication instincts and practices – to the BOS and other stakeholders – remains on an upward curve.

Employee Feedback (as needed)

Collaboration/Interpersonal Skills

		Rating
A.	Contributes to a positive working environment through behavior; demonstrates commitment to their work	4
B.	Makes effective decisions	4
C.	Employee's success in gaining cooperation from peers	4
D.	Facilitates sharing of methods and knowledge; demonstrates "mentoring" ideas/tasks	n/a
E.	Willingly places extra time and effort to meet deadlines and accomplish goals, assumes additional responsibilities as needed	5
F.	Exhibits strong interpersonal skills; presents willingness to offer counsel to others	3
G.	Board relations: Is responsive and timely when dealing with appointed/elected board and cognizant of MGL's that apply to department/organization	4
Average		4

Collaboration/Interpersonal Skills Comments:

As with above comment, Mark has the skills and is expanding and improving his use of them. Needs to continue.

Employee Feedback (as needed)

Leadership [Managers Only]

		Rating
A.	Contributes to a positive working environment through behavior; demonstrates commitment to their work	5
B.	Makes effective decisions based on available information	4
C.	Employee's success in gaining cooperation and a high level of performance from employees supervised	4
D.	Employee's ability to motivate employees he/she supervises through their action and example	4
E.	Facilitates sharing of methods and knowledge; demonstrates "mentoring" ideas/tasks	n/a
F.	Actively seeks new opportunities to network and build relationships with outside agencies and communities; has improved job performance and workplace presence through professional development	5
G.	Coaches, motivates, and develops other staff members in department/organization; gleans succession planning methods and puts them into practice	n/a
H.	Willingly places extra time and effort to meet deadlines and accomplish goals, assumes additional responsibilities as needed	5
I.	Exhibits strong interpersonal skills; presents willingness to offer counsel to others	3
J.	Presentation and public speaking skills are articulate and tactful	4
K.	Board relations: Is responsive and timely when dealing with appointed/elected board and cognizant of MGL's that apply to department/organization	4
L.	Identify training/development opportunities for their employees, discuss with these individuals a plan for the year ahead and how these tasks will be measured for completion and effectiveness	n/a
Average		4.22

Leadership Comments

Better, more proactive long term planning should be a top priority. And we, as a Board, need to be demanding of the need for 3-5-7 year plans.

Finally, the difficulties of this past year cannot be overstated. Mark, and a result, the Town has weathered them well. He deserves credit for that.

Quality of Work / Job Knowledge Comments:

*As noted later in review also – the vacation over-accrual and subsequent liability potentially created as well as the vacation buyout not allowed by contract were mistakes that I would not expect from a Finance Team leader. This is one of my largest issues during this assessment period and is clearly reflected in my scoring. Unfortunately, one mistake can have a large impact on a review.

Mark is very knowledgeable and always willing to be a sounding board on process, which is very important to me.

I think the last year has been difficult to navigate and I think overall Mark has done a good job based on the challenges presented.

G.	Project goals and task deadlines are routinely met	4
H.	Accomplished previously established goals and objectives	3
Average		3.37

Productivity Comments:

Golf Course putting green and the remaining CPC funds left open from the original article to get this completed have taken much longer than I would have anticipated. I have been asking about this periodically for almost a year now. While I appreciate that Mark has been working to move this along, I would have hoped/expected we would have been further before the golf season gets ready to start.

As stated from the prior section the vacation over-accrual and the payout of personal time not allowed under contract ultimately had a monetary impact and is also reflected in my scoring in this section.

The Board is still waiting on the energy stipend job description update from last review period.

I think Mark could be more effective if he could delegate more to the Staff he has and focus more on the items he deems most important.

Mark has always been available and willing to take on extra tasks over and above, as Covid has shown us time and time again.

G.	Customer Service: Is able to find the right approach, depending on the situation with the colleague/official/peer and is articulate and diplomatic [when under pressure]	3
Average		3.28

Communications Comments

Flow of information to the Board is not consistent – continue to be blindsided by the public when Town Administrator has the information in most cases.

An initial judgement against the Town showed a lack of process that has since been corrected and the delay in notifying the Board was also a problem.

I believe the Board does not always get a full picture; an example would be the reserve fund transfer in 2020. I appreciate not all members of the Board find the more granular details important, but I do.

Needs better collaboration, can appear to be frustrated. This comment was from the prior assessment, while improvement has been made, I would like to see this continued to be worked on.

Mark spends a lot of time speaking to me on a variety of issues, process or concerns each week that I bring to him.

My communications with Mark have always been positive and is always willing to help which I greatly appreciate.

B.	Makes effective decisions	4
C.	Employee's success in gaining cooperation from peers	3
D.	Facilitates sharing of methods and knowledge; demonstrates "mentoring" ideas/tasks	3
E.	Willingly places extra time and effort to meet deadlines and accomplish goals, assumes additional responsibilities as needed	5
F.	Exhibits strong interpersonal skills; presents willingness to offer counsel to others	3
G.	Board relations: Is responsive and timely when dealing with appointed/elected board and cognizant of MGL's that apply to department/organization	4
Average		3.57

Collaboration/Interpersonal Skills Comments:

I would like to see continued improvement with communications with the Personnel Board.

During COVID Mark took the lead on working with the Board of Health and the Emergency Director to work towards getting vaccine. This in my opinion was one of his greatest accomplishments for the year.

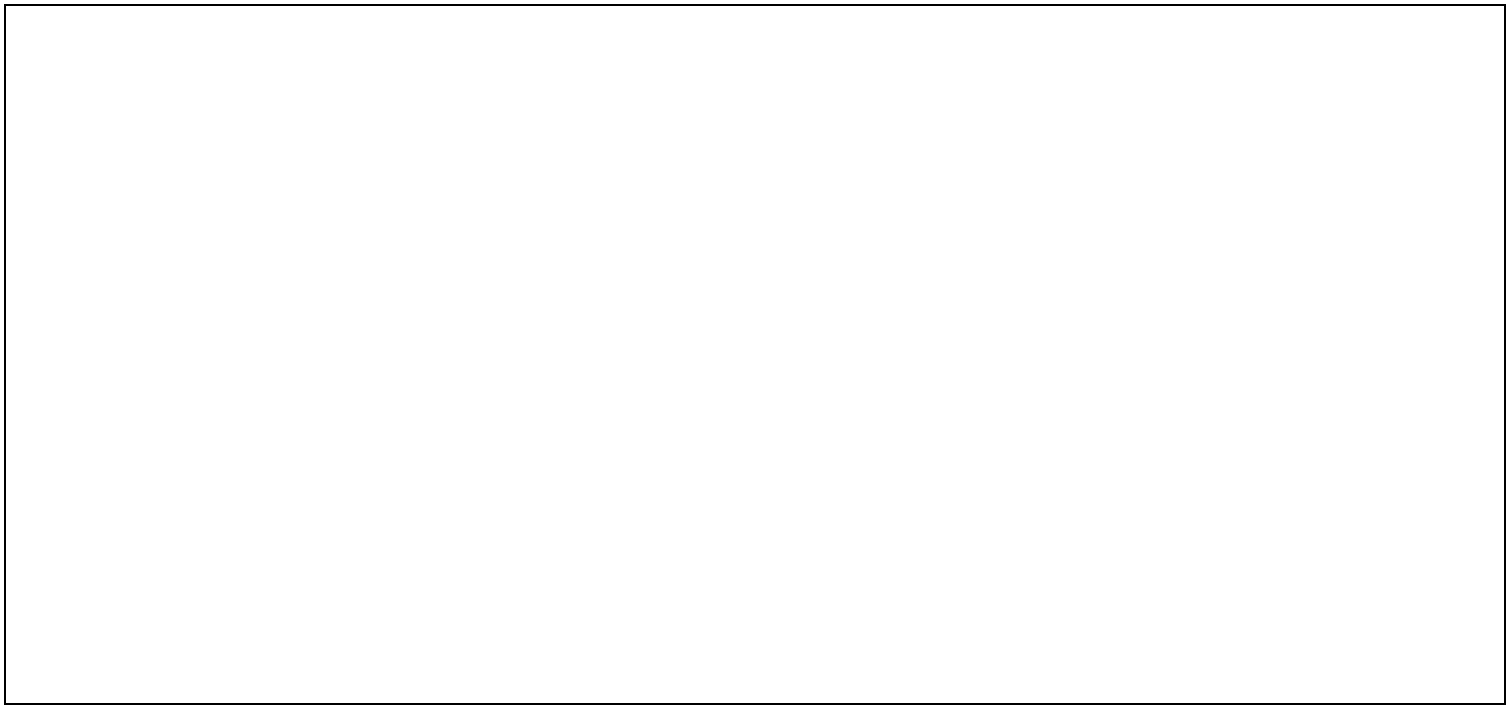
Average	3.41

Leadership Comments

Mark and I have had a discussion on the recent updates to the job descriptions. In my opinion the Asst. Town Administrator should be the right hand of the Town Administrator. If for some reason the Town Administrator must take some time off the Assistant Town Administrator should be able to step in and fill the role in the interim. That is not reflected in the current job description and I view this as a leadership issue. This comment is not way reflective of the current employee and their capabilities.



It was concerning that the Personnel Director was not aware of why Town Counsel was receiving a stipend from the SAP and it was taken out of FY22. Also it was concerning that union employees were receiving a stipend from the SAP and not from the union contract.

Frustrating for me that for 2 years and after at least one Board discussion we are still awaiting the broken headstones at the Cemetery to be removed from the ground. I rank this under leadership as Mark has been involved in all discussions with his employee and it is still an outstanding item.

I appreciated the Mark taking the lead on COVID response and coordinating various departments to work more cohesively and proactively to get steps in place to benefit the taxpayers.

I acknowledge one of the biggest challenges for Mark to overcome is from the Board itself. Some members want Mark to be more assertive in his leadership and other members want to be more involved in the decisions and understand why a specific direction was taken. No easy answer other than to continue to communicate with the Board.

Collaboration/Interpersonal Skills	(2.0) Does not meet expectations
Leadership (Managers Only)	(2.1) Does not meet expectations

Manager Overall Comments: (required)

I believe that Mark has the skills that should allow him to do a better job, but his performance has continued to fall below my expectations for someone in his position and at his salary level. I'm disappointed to conclude, based on my previous evaluation of Mark's performance and his activities during the most recent 60 day evaluation period, that it is time for a change in this position. Southborough needs a TA who can address a number of long-standing problems and who can proactively identify and realize new opportunities for the Town over the next 5-10 years. I don't believe that Mark is the person who can do this effectively for us.

For example

- In December, 2020, we outlined a series of goals for Mark over the following 60 days. A review of the status of these goals as of 2/16/21 shows that progress has been made on a few of these goals but there are two goals with no reported progress or recent steps and several with questionable results (e.g., Board of Health funding for new positions is still unresolved; Historical Commission/Building Dept relationship continues to be less than smooth (per recent Historical Commission communications); review of contract personnel report is incomplete (only Police Chief status is reported); and grant funding reported results are from activities initiated long before December or are the result of work by others (i.e., State grant portal), not by TA. Overall, my assessment of Mark's progress toward his goals established in December

is between "does not meet expectations" and "unsatisfactory". This is especially disappointing, as I believe that the Board made it clear that this latest evaluation period would be a key factor in the recommendation about renewal of Mark's services agreement.

For example

- I was disappointed in Mark's comment in response to his December review results, about the fact that he had not been reviewed since 2017. That's certainly unfortunate, but I look for someone in Mark's position to be proactive about this process, as opposed to being unable or unwilling to drive this process to work as it should. The fact that Mark did not drive this process for himself is possibly related to what appear to be lax review processes for other staff (e.g., Brian Ballantine, who Mark reported had no review paperwork in the files or Karen Galligan, who has no performance review process specified in her services contract).

For example

- I look for much stronger leadership and management from Mark. My expectation for the Town Administrator position is for this person to address functional gaps in the organization (e.g., where aren't we doing things that should be done—such as coordinating the "downtown initiative") and/or addressing opportunities that should be pursued (such as coordinating and targeting grant funding applications). While the Town Administrator doesn't necessarily have the independent authority to deal completely with these issues, I look for the Town Administrator to continually bring these issues (and his proposals about how to address them) to the Board of Selectmen for our consideration. I've seen much less of this from Mark than I believe he should be doing.

For example

- The recent conversations about vacation and sick time accrual and year-end payouts highlighted some process problems that strong internal controls should have prevented. I believe that it's the job of the TA and his team to see that this type of process problem is identified and corrected, as opposed to having the Advisory Committee identify this issue.

Employee Overall Comments (required)

Performance Assessment Ratings

Please describe the employee's contributions and professional strengths and/or weaknesses in each of the performance categories below.

Please illustrate specific, detailed examples of goals, results, and job-related attributes and behaviors since last review (if applicable).

Please rate each category according to the definition of ratings.

Comments are required for all sections.

5	**Exceptional** - Outstanding performance, results far exceed the position requirements including all individual objectives areas.
4	**Above Expectations** - Performance surpasses that expected of experienced and qualified individuals in this position. Performance consistently meets and often exceeds standards. Individual shows initiative, motivation, and versatility. Provides leadership, is highly productive, innovative, and responsive.
3	**Meets Expectations** - Performance is at the level expected of experienced and qualified individuals in this position. Performance meets all standards. The employee is considered to be "fully competent."
2	**Does Not Meet Expectations** - Sometimes meets performance standards. Performance in a majority of areas is below the level expected of experienced and qualified individuals in this position.
1	**Unsatisfactory** - Performance fails to meet position requirements, immediate improvement plan must be prepared, or termination is possible. Review performance again within 90 days. *All performance evaluations must be accompanied by a copy of the prior year's evaluation [with the exception of the employee's probationary review].

Performance Assessment – Town Administrator – Southborough
Criteria & Performance Elements

Quality of Work / Job Knowledge:

		Rating
A.	Employee's understanding of rules, procedures, workflow, policies, and operations	3
B.	Demonstrates expertise in skill and knowledge within areas relevant to one's own function and/or work group	3
C.	Measures business decisions with customer/public satisfaction in mind	1
D.	Information shared publicly is accurate, thorough, and complete	1
E.	Acquires and maintains the skills and knowledge required for the position and area of expertise	2
F.	Work is performed with very few errors and mistakes	2
Average		2.0

Quality of Work / Job Knowledge Comments:

For Example –

- Follow-through gaps:
  - the recent declaratory judgement against the Town is an example of the lack of follow-through by Mark.
  - the establishment of the new Golf Course Committee is another issue that needs follow-up by the TA so we are well prepared for the new golf season (including the proposed golf course upgrades)
- The recent issue relative to the capital budget request (of $3MM?) by DPW for repairs at the transfer station is an example of a shortcoming in financial analysis of a significant capital request that I expect the Town financial management team, led by the TA, to make. The subsequent analysis by John Butler, at the request of the Advisory Committee, showed that this expenditure is not necessary.

Employee Feedback (as needed)

Productivity:

		Rating
A.	Accuracy, neatness, thoroughness, and completeness of work duties performed	2
B.	Work assignments are planned, organized, and analyzed for optimum results	2

D.	Takes action on assigned projects without being directed to do so and looks for opportunities to move projects along	1
E.	Employee's willingness to take on extra work when required by circumstances	3
F.	Employee's ability to meet deadlines in a timely manner	3
G.	Project goals and task deadlines are routinely met	2
H.	Accomplished previously established goals and objectives	2
Average		2.0

Productivity Comments:

- Based on my observation of Mark's performance, I am not confident that he is prepared to deal effectively with the challenges and opportunities over the next several years—particularly relative to goal setting for his staff, performance tracking and ongoing management that can yield the productivity improvements that the Town will need during the expected "resource-constrained" coming years. The examples above illustrate that there are many issues that the Town Administrator needs to address (or to manage his staff and others to address), and that a number of important things have not received sufficient attention. I look for an effective Town Administrator to get more of these issues addressed than Mark has been doing.
- I've observed ongoing shortcomings in the key resource area of personnel management. There are at least a few staff with known, and long standing, performance issues. I believe that the Town Administrator should take the lead in addressing situations like this by working with the staff member and/or their manager to provide counseling, feedback, training, etc. to improve any substandard performance or counsel the employee to look for other job opportunities.
- I've been disappointed by Mark's lack of follow-up on Mr. Healey's request that he work to find funds for a part-time grant writer; Mark's response has been to comment that the departments are already doing this job (and more recently, that the State's new "One Stop" grant application portal will support this activity); this response misses my point that a high-level coordination is needed to plan/focus/coordinate application activities across all departments and potential funding sources.
- As commented above, I don't believe that Mark has made sufficient progress toward his most recent performance objectives established in December.

Employee Feedback (as needed)

Communications:

		Rating
A.	Employee's ability to accept and understand criticism, and take appropriate action to correct and improve performance	2
B.	Team player; Maintains open communication with other employees in the organization and is conscientious, dependable and hard-working	2
C.	Appropriately communicates to constituents when needed, follows up promptly with peers/board when needed	2
D.	Employee's ability to communicate, both verbally and in writing	3
E.	Employee performs well based on use of active listening skills	2
F.	Actively solicits feedback from peers/others to determine needs and understand concerns	2
G.	Customer Service: Is able to find the right approach, depending on the situation with the colleague/official/peer and is articulate and diplomatic [when under pressure]	2
Average		2.1

Communications Comments

- Mark sometimes chooses not to communicate the entire story in response to a question or to not follow up on a request. Examples include:
  - last year's conversations with the Advisory Committee about the "free cash" account, where Advisory members had to ask a series of questions to get the answer that could have been provided initially;
  - the questions I had to ask about the Recreation Department audit report to learn that there were two versions of this report;
  - my request to see the performance evaluation for the Assistant Town Administrator, which Mark deflected and did not follow up on; and
  - my request at the most recent Selectmen's meeting about the Town's allocation of 2020 CARES act funds; Mark, Brian and Carla did not have an answer for me, but in Carla's follow-up with me after the meeting it seemed that this number was known by the group and I'm surprised that they didn't tell me when I asked the question.
- Relative to "customer service", I've been disappointed in Mark's support of one of his key "customers"—the Personnel Board:
  - The Town Administrator (per the Town Administrator bylaw) is the Town's Personnel Director. There have been a variety of personnel management shortcomings over the past year or so (e.g., missing and/or non-current job descriptions; problems with the recent part-time job study; missing performance reviews). I expect the Town Administrator, as the Personnel

Director, to support the Personnel Board and to see that these administrative problems do not happen. I believe that the Personnel Board should participate in Mark's performance evaluation process.

- Also relative to customer service, I expect the Town Administrator to focus on customer service to the public and to encourage and support the Town departments to focus on this as well. This can include process improvements such as streamlining the permitting processes, measuring customer satisfaction via surveys, tracking of service delivery metrics (e.g., time required for permitting). These things should be in place, and I've observed very little effort/progress with these issues.
- I've experienced a defensive response from Mark relative to criticism of his performance.

Employee Feedback (as needed)

Collaboration/Interpersonal Skills

		Rating
A.	Contributes to a positive working environment through behavior; demonstrates commitment to their work	2
B.	Makes effective decisions	3
C.	Employee's success in gaining cooperation from peers	2

E.	Willingly places extra time and effort to meet deadlines and accomplish goals, assumes additional responsibilities as needed	3
F.	Exhibits strong interpersonal skills; presents willingness to offer counsel to others	1
G.	Board relations: Is responsive and timely when dealing with appointed/elected board and cognizant of MGL's that apply to department/organization	2
Average		2.0

Collaboration/Interpersonal Skills Comments:

- I'm concerned about what I have seen as an insufficient "team approach" across Town staff. My conversations with Town staff have produced a number of comments that communication from the Town Administrator is too much of a "one way" process, and too little information is shared with staff. The relatively rigid "silo" structure of Town departments is reinforced by this lack of the ability for departments to work more closely together.
- Mark's recent efforts with the reorganization of the Selectmen's office staff is a step in the right direction, but he didn't consider a sufficiently broad range of possible resources for shared administrative staffing (e.g., building department, DPW)

Employee Feedback (as needed)

Leadership [Managers Only]

		Rating
A.	Contributes to a positive working environment through behavior; demonstrates commitment to their work	2
B.	Makes effective decisions based on available information	3

L.	Identify training/development opportunities for their employees, discuss with these individuals a plan for the year ahead and how these tasks will be measured for completion and effectiveness	1
Average		2.1

Leadership Comments

- I expect the Town Administrator to identify areas that need improvement and to implement plans to address them . One of the Town Administrator's responsibilities, per the Town Administrator bylaw, is to "… provide leadership and direction in the development of short- and long-range plans, including but not limited to the gathering, analysis and preparation of data for studies, reports and recommendations to the Board of Selectmen." I understand that as Town Administrator, Mark can't do this unilaterally, but I look for him to provide much more of a motivating force for these activities than I have seen him deliver.
- I'm concerned about the shortcomings I've seen in Mark's ability to motivate a "high level of performance from employees supervised"; I know that Mark and I have different views of what this level of performance should be for various staff positions, but my expectations are based on several decades of management experience.
- I'm also concerned about what I've observed as a low level of staff training and development activity. I understand the limitation on resources available for this, but it's my observation that this activity is typically primarily initiated by individual staff members, rather than by an organized planning/mentoring effort for each individual staff member.

Manager Overall Comments: (required)

Mark has performed very good/excellent in my years on the Board, and also from my observations as part of other Town Boards/Committees. My only constructive criticism, as offered in Fall 2020, is to be more attention to details – as an example, be cognizant of distribution lists on emails/correspondence and be pro-active in making sure the full Board is in receipt of correspondence. Also, be cognizant of issues that require Board attention, and be pro-active in making sure we hear of these issues from him before we are caught off-guard in hearing things from Town citizens. These are issues we can continue to work through, and in no way would warrant any other action by our Board. In his time as our Town Administrator, Mark has played a very good/excellent role. I wish him many more successful years in this role; and am of the opinion that the Town is best served by entering into an extension of Mark's contract. The Town has undertaken historic and transformative projects in his time here in Town, and he has played a positive role in each of them.

H.	Accomplished previously established goals and objectives	4
Average		4

Productivity Comments:

Mark is a key player in our Town's Finance team, and together the team presents full and complete information to the Board and Advisory Committee for review during budget season. Mark took on a great deal of extra work with the undertaking of the Public Safety complex design and construction, and re-development of the golf course. This was a significant amount of work for which he deserves tremendous credit. Development of the budget book, and working with Town staff on a capital improvement program has been excellent. Extra work required by the Covid-19 pandemic was also a challenge, to which Mark has responded in an excellent manner. In his role as Town Administrator, Mark can take charge more often in new initiatives. This can be a challenge with changing personalities on the Board, but I recommend that Mark communicate goals or changes he wants to undertake, and move forward with them, communicating to the Board his plan.

Employee Feedback (as needed)

Communications:

Average		4

Communications Comments

Mark is excellent at providing clear, concise updates to the full Board on on-going matters. In particular the end of the week summaries of events that took place during the past week, and issues that will be addressed in the upcoming week are appreciated. Mark frequently identifies issues that arise in Town to the Board via email, and in those emails presents solutions that he recommends be implemented. He welcomes input from others in implementing actions.

G.	Board relations: Is responsive and timely when dealing with appointed/elected board and cognizant of MGL's that apply to department/organization	4
Average		4.2

Collaboration/Interpersonal Skills Comments:

Mark is always a team player. In his role, he may not always give the answer that department heads want to hear, but often that is required in that position. As evidenced by the recent Covid-19 pandemic, Mark acted quickly and appropriately to ensure safe work places for town employees. I attended a meeting with Town House staff prior to the Town House being shut down, and Mark was authoritative, while showing concern for each employee's health/safety. Staff responded very well to Mark's leadership.

Average	4

Leadership Comments

Mark defines the purpose and long term vision for departments, and with assistance from his Finance Team and Assistant Town Administrator seeks improvements in department processes and function. Mark is effective in getting ideas accepted and has an ability to inspire, motivate, instill confidence and high morale; earns respect and trust of others. Leads by example with words and deeds. Demonstrates integrity and business behavior and expects this in others. Instills accountability for results.

Mark accepts responsibility and failures, quickly credits others on is team, and aligns priorities of work for an effective organization and delegates effectively. Tackles performance & discipline issues in a fair and timely manner. Resolves conflicts that arise in departments under his control. Understands the unique value of each person to enrich the effectiveness of the organization and its people (right people in right place at right time). Clearly communicates expectations.

Leadership (Managers Only)	

Manager Overall Comments: (required)

Mark has had a challenging year with varying expectations from the board. He is still trying to figure out how to strike a balance on the best approach to issues. I would like to see Mark be more proactive and forward thinking, and less transactional. In order to improve on that, he needs to evaluate whether he has the right team and structure underneath him. Mark does do some things well, but there are some areas that need improvement. I think he is very capable and with some changes he can perform above average. In evaluating Mark, I went by the scale in this evaluation form and cited examples of what he does well or needs to improve on. Mark works with a lot of different people in town and the more successful he is, the better off Southborough is.

Employee Overall Comments (required)

Performance Assessment Ratings

Please describe the employee's contributions and professional strengths and/or weaknesses in each of the performance categories below.

Please illustrate specific, detailed examples of goals, results, and job-related attributes and behaviors since last review (if applicable).

Please rate each category according to the definition of ratings.

Comments are required for all sections.

5	**Exceptional** - Outstanding performance, results far exceed the position requirements including all individual objectives areas.
4	**Above Expectations** - Performance surpasses that expected of experienced and qualified individuals in this position. Performance consistently meets and often exceeds standards. Individual shows initiative, motivation, and versatility. Provides leadership, is highly productive, innovative, and responsive.
3	**Meets Expectations** - Performance is at the level expected of experienced and qualified individuals in this position. Performance meets all standards. The employee is considered to be "fully competent."
2	**Does Not Meet Expectations** - Sometimes meets performance standards. Performance in a majority of areas is below the level expected of experienced and qualified individuals in this position.
1	**Unsatisfactory** - Performance fails to meet position requirements, immediate improvement plan must be prepared, or termination is possible. Review performance again within 90 days. *All performance evaluations must be accompanied by a copy of the prior year's evaluation [with the exception of the employee's probationary review].

Performance Assessment – Town Administrator – Southborough

Criteria & Performance Elements

Quality of Work / Job Knowledge:

		Rating
A.	Employee's understanding of rules, procedures, workflow, policies, and operations	3
B.	Demonstrates expertise in skill and knowledge within areas relevant to one's own function and/or work group	3
C.	Measures business decisions with customer/public satisfaction in mind	3
D.	Information shared publicly is accurate, thorough, and complete	4
E.	Acquires and maintains the skills and knowledge required for the position and area of expertise	3
F.	Work is performed with very few errors and mistakes	4
Average		3.33

Quality of Work / Job Knowledge Comments:

Mark has been open to making improvements to policies and processes that the board brings forward. He has been collaborative and provided valuable insight to guide the board in the right direction to be more transparent.

Mark sometimes makes decisions without completely understanding the ramifications and downstream impacts. The payout/accrual issues that arose as a result of COVID should have been thoroughly vetted and addressed timelier. There seemed to be a lack of understanding and transparency with the tracking of vacation and carryover.

The workflow related to legal notifications presented challenges which led to a delay in the board receiving information. I believe Mark could have handled the situation better initially. However, he and other departments have worked on improving the workflow to ensure it does not happen again.

Employee Feedback (as needed)

Productivity:

		Rating
A.	Accuracy, neatness, thoroughness, and completeness of work duties performed	4
B.	Work assignments are planned, organized, and analyzed for optimum results	3
C.	Implements appropriate cost-saving measures	3
D.	Takes action on assigned projects without being directed to do so and looks for opportunities to move projects along	2
E.	Employee's willingness to take on extra work when required by circumstances	4
F.	Employee's ability to meet deadlines in a timely manner	4
G.	Project goals and task deadlines are routinely met	4
H.	Accomplished previously established goals and objectives	3
Average		3.38

Productivity Comments:

Mark is easy to reach and is willing to work outside of regular business hours if necessary. He is accessible and responds quickly.

I am happy that Mark took feedback on consolidating job functions, it is a step in the right direction.

Mark is not aggressive on identifying opportunities for improvement. I would like to see him be more proactive than reactive with topics like shared resources (internal and external), grant opportunities, training, and the budget process.

Mark has made good progress towards identifying and monitoring his own goals for the year, but he does not have a tracking mechanism for pipeline projects for himself and his department heads.

Employee Feedback (as needed)

Communications:

		Rating
A.	Employee's ability to accept and understand criticism, and take appropriate action to correct and improve performance	2
B.	Team player; Maintains open communication with other employees in the organization and is conscientious, dependable and hard-working	3
C.	Appropriately communicates to constituents when needed, follows up promptly with peers/board when needed	3
D.	Employee's ability to communicate, both verbally and in writing	4
E.	Employee performs well based on use of active listening skills	2
F.	Actively solicits feedback from peers/others to determine needs and understand concerns	3
G.	Customer Service: Is able to find the right approach, depending on the situation with the colleague/official/peer and is articulate and diplomatic [when under pressure]	1
Average		2.57

Communications Comments

Mark does provide good weekly updates on items that he has worked on throughout the week. He is very good about getting back to board members the same day.

I often request multiple times to get information or at least a timeline. Examples: phone data info, yearly Rec Revolving Fund audit, DocuSign info, year end GL detail. It would be more prudent to be able to go directly to a department head rather than Mark being a gate keeper.

Mark does not always conduct himself in the best manner when responding to criticism. It would be more productive if Mark listened to what board members or other board/committee members are saying rather than go on the defensive. We are there to be the voice for the residents and do what is best for them. It is our job to evaluate the facts and give constructive feedback as needed.

It often feels like a power struggle between the Board of Selectmen and other boards and committees. We need to help Mark collaborate better and utilize others' expertise to best serve the taxpayers. We should be more open to ideas regardless of what entity they come from. Mark's recent work with BOH on vaccine preparedness is a step in the right direction and he should use that as an example to build on.

Employee Feedback (as needed)

Collaboration/Interpersonal Skills

		Rating
A.	Contributes to a positive working environment through behavior; demonstrates commitment to their work	3
B.	Makes effective decisions	3
C.	Employee's success in gaining cooperation from peers	3
D.	Facilitates sharing of methods and knowledge; demonstrates "mentoring" ideas/tasks	3
E.	Willingly places extra time and effort to meet deadlines and accomplish goals, assumes additional responsibilities as needed	4
F.	Exhibits strong interpersonal skills; presents willingness to offer counsel to others	3
G.	Board relations: Is responsive and timely when dealing with appointed/elected board and cognizant of MGL's that apply to department/organization	4
Average		3.29

Collaboration/Interpersonal Skills Comments:

Mark helped to collaborate with town departments on coming up with a strategy and plan for vaccines. He recognized that it was important to bring the right parties together so that Southborough would be ready to execute.

Mark does provide board members with insight and perspective when evaluating a situation. He is a good sounding board and does listen to ideas even if he is not on board. However, I have noticed that is not always the case with certain boards and committees.

Mark sometimes makes decisions without notifying the board. I think it is important for the board to be aware of anything that impacts operations.

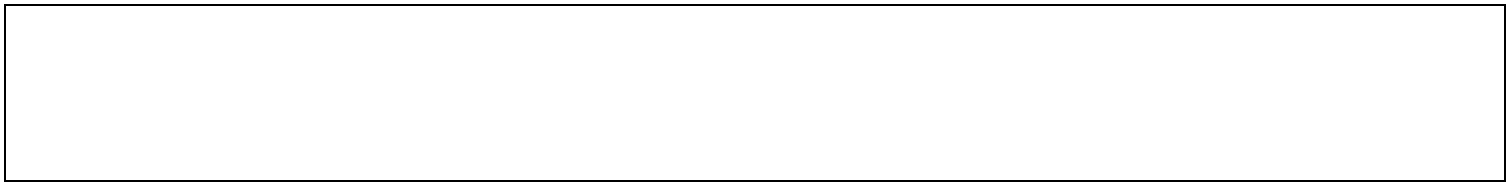
Employee Feedback (as needed)

Leadership [Managers Only]

		Rating
A.	Contributes to a positive working environment through behavior; demonstrates commitment to their work	N/A
B.	Makes effective decisions based on available information	3
C.	Employee's success in gaining cooperation and a high level of performance from employees supervised	4
D.	Employee's ability to motivate employees he/she supervises through their action and example	2
E.	Facilitates sharing of methods and knowledge; demonstrates "mentoring" ideas/tasks	3
F.	Actively seeks new opportunities to network and build relationships with outside agencies and communities; has improved job performance and workplace presence through professional development	4
G.	Coaches, motivates, and develops other staff members in department/organization; gleans succession planning methods and puts them into practice	3
H.	Willingly places extra time and effort to meet deadlines and accomplish goals, assumes additional responsibilities as needed	5
I.	Exhibits strong interpersonal skills; presents willingness to offer counsel to others	3
J.	Presentation and public speaking skills are articulate and tactful	3
K.	Board relations: Is responsive and timely when dealing with appointed/elected board and cognizant of MGL's that apply to department/organization	4
L.	Identify training/development opportunities for their employees, discuss with these individuals a plan for the year ahead and how these tasks will be measured for completion and effectiveness	3
Average		3.36

Leadership Comments

There is no upward feedback mechanism, so it is hard to measure part A. In the future, I would like to get input from others to include in Mark's evaluation.



There has been extreme improvement in the Admin Assistant and Executive Assistant positions to BOS. We need to create clarity on notification expectations (this is partially on the board) on whether Mark or his direct reports should be communicating to the board on emergent situations. E.g. Fires, water main breaks, police activity. Several times in the last year, I have found out about major incidences in town and had to reach out to Mark to get information.

We must find a way that Mark is an executor and not a doer. He spends too much time making sure things are getting done that it takes away from his ability to execute. We could have had the South Union discussion 3 months earlier than we did, if we had known we were taking a 20 year old perc test.

As requested, Mark has provided the board with a schedule on department head reviews and is taking feedback from board members. I would like to see more upward feedback opportunities as we continue to evaluate the best method to evaluate department heads. I would also like to see Mark give the board a sense for financial commitments over the course of contracts (department heads and unions).

Mark has a pulse on some departments but not on others. He should understand and collaborate better on needs for all town departments so that we can capitalize on our resources.

11 GRAYSTONE WAY
SOUTHBOROUGH, MA 01772

MARCH 10, 2021

Mr. Martin Healey (Chair, Board of Selectmen)
Mr. Jim Hegarty (Town Clerk)
VIA E-mail

Dear Marty and Jim:

I hereby resign from the Ad Hoc Capital Planning Committee effective today, March 10, 2021. As you both know, the current Advisory by-law prohibits Advisory members who serve on other committees from being able to count toward a meeting quorum and from being able to discuss the subject matter of the other committee including participating in any related votes.

Because there are currently three Advisory members on Capital Planning, Advisory would not be able to hold a meeting with Capital Planning which is not appropriate. Advisory must weigh in on the Capital Planning Committee FY 22 capital plan recommendations.

Let me know if you have any questions.

Sincerely,

Kathryn M. Cook

Kathryn M. Cook

Copies to: Jason Malinowski, Chair Capital Planning Committee (via e-mail)
Mark Purple, Town Administrator (via e-mail)

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, March 30, 2021, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey opened the meeting at 6:30 P.M. and read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Consent Agenda

a. Mr. Stivers asked to hold agenda item "a." Mr. Stivers stated there is a typo on line 46, line 175, line 217, line 236 and line 276. Chairman Healey made a motion to approve Open Session Minutes: March 16, 2021 as amended by Mr. Stivers. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

III. Public Forum – Downtown District Bylaw

Chairman Healey thanked all those who had part in implementing the draft downtown district bylaw language and moving the process forward. He stated Ms. Braccio will host the public forum. Ms. Braccio summarized the questions that have risen over the last few weeks regarding the timing of hearings, the document, the teams involved and the zoning map. She addressed each which included coordinating timing with the completion of the Main Street Project and following through with goals from the Master Plan. She added the Planning Board is required to hold public hearings and bring the bylaw to Town Meeting as this is a zoning amendment. Ms. Braccio stated there have been many stakeholders with input into this document including the EDC, Planning Board, SHOPC, Board of Selectmen and others. She introduced Attorney Costa who will be attending shortly to address more questions.

Mr. Stivers outlined his questions regarding the split lots on the current zoning map, the threshold for site plan review and the change that includes 80% lot coverage. Ms. Malinowski asked about the current percentage of affordable housing in Southborough and the minimum

number of units for the downtown district. Ms. Braccio shared her screen to show the draft downtown district bylaw language and noted that the Planning Board wanted 25% of units to be affordable. Chairman Healey shared his praise that there is a focus on affordable housing as it has been a goal for Southborough along with a more vibrant and business-friendly downtown.

Attorney Costa joined the Zoom meeting at 6:41 P.M. He introduced himself and his law firm, Meade, Talerman and Costa, LLC. He explained how his municipal law firm works and his experience working with zoning bylaws and the Town of Southborough. Mr. Stivers explained concerns from residents regarding split lots and asked if these concerns were a serious risk. Attorney Costa explained his conversations with Ms. Reynolds and Ms. Munsiff regarding changing the zoning in this area and why it is important to relinquish some discretionary authority in order to reach the goals desired by stakeholders and as outlined in the Master Plan. Attorney Costa explained his opinion on the lots identified as split zoning and stated that he felt that risk was low that any could be sold to create a larger development. He read Chapter 174 § 5 of the Town Code entitled "Establishment of Districts" which he felt would protect the Town from redevelopment on the split lots. He added that rezoning the remaining portion of those lots as residential would eliminate risk completely. Chairman Healey asked Attorney Costa if he felt adopting a new map for this district was a heavy lift or if there were other options to solve the split lot issue. Attorney Costa explained that it is not a heavy list to craft a new map for this district and added that if new language were added to address the lots, it could create a domino affect that could impact the rest of the 150 pages of the Town Code. He explained the ramifications of amending 174 § 5 of the Town Code and amending the zoning map. He stated that a zoning map is not a heavy lift legally but he is not aware of how it would fare politically.

Mr. Stivers expressed his interest in modifying the zoning map and Ms. Braccio identified the seven split lots and the CSX owned land. She stated she will be reaching out to the owners of those lots to get their opinion on how this should best be handled.

Resident Kevin Miller outlined his concerns on the current zoning map and strongly urged all parties to update the map to address the split lot issue. He listed more lots that he identified as split and residential properties that would be included in the downtown district according to the existing zoning map. He stated that he was told owners of a split lot could sell their business village zoned property commercially and keep the front residential. Mr. Miller felt the risk was higher for commercial purchasing of split lot land than presented. Attorney Costa was asked to opine by Chairman Healey. He stated that he appreciated the risked described by Mr. Miller but due to the environment in the district along with the size and configurations of the split lots, he did not see an incredible opportunity for a land grab. He spoke to Chapter 175 § 5 as properly addressing major risks for selling a portion of a split lot and reiterated that he does not have concern that there is a significant risk of a sale such as this. He added that if the property owners are in favor or changing the map or being removed from the district, it should be done.

Chairman Healey supported Ms. Braccio's decision to reach out to the landowners of the split lots and Ms. Braccio stated that the concerns were heard and she will be working with the land owners and the EDC to address them.

John Wood of the EDC stated that Ms. Hoecker, Principal Department Assistant to the Planning Board, had done extensive research on the zoning map and found that these lots were identified in mid-2000 and again in 2013 as a potential issue but no changes were made. He asked if anyone on the Board or public knew why. Mr. Stivers replied that he was on ZAC at the time and

he does not remember why these split lots were not addressed but added that the whole project lost momentum for a variety of reasons. Mr. Wood asked if the Planning Board has taken a position on this area of the zoning map. Chairman Healey replied that he did not think they had but the Board will be gathering as much information as possible, starting with speaking to the individual landowners. Kevin Miller stated that he watched the Planning Board meeting from two meetings ago and Mr. Morris clearly instructed the EDC to reexamine the map as there is a problem with it. He stated that at the subsequent EDC meeting the map was not addressed. Claire Reynolds stated that Mr. Morris had not given the EDC a directive to reexamine the map and any changes or revisions to the zoning map would not fall under the purview of the EDC.

Marnie Hoolahan spoke as a member of the Planning Board and stated she was at the meeting Mr. Miller is referring to. She stated Mr. Miller brought the issue of the zoning map to their attention and the Planning Board agreed that a solution must be provided. She stated the Planning Board has not taken a vote but speaking for herself, she is not comfortable supporting this bylaw until a solution to the zoning map is brought forward.

Resident David Parry stated he was formerly a city planner and he agreed with the points Mr. Miller has made. He spoke to a provision in the ordinance that there shall only be one principal permitted use on any one lot and asked that this be included in the downtown district. Mr. Stivers stated that he would like to see consistency in the trigger for Planning Board review and 2,000 square feet remain the measurement. Attorney Costa explained the thought behind establishing a higher threshold of 3,000 square feet which included incentivizing development to allow a relatively larger development to proceed in a manner where it would not need discretionary special permit review. He added that there does not need to be consistency in this area and he read an excerpt from an email provided by Ms. Barrett regarding this topic. Attorney Costa explained Ms. Barrett's thought to apply the threshold to the use versus the structure. Chairman Healey asked if Ms. Barrett was describing an appropriate path to mixed use buildings and if not followed as described the town could be limiting their ability to allow mixed use. Attorney Costa agreed with that statement. Julie Connelly of the EDC outlined the uses they were looking to attract that may require a 3,000 square foot threshold as outlined in 174-8 (12) (b) of the draft bylaw.

Mr. Stivers described his concerns on the 80% lot coverage and floor area ratio as included in this and prior draft language. He added that he felt it opened the door to substantial development. Ms. Braccio clarified that the 80% lot coverage was not discussed but was added by Ms. Barrett. There was discussion regarding floor area ratio and lot coverage and the implications of using these as thresholds for development. Attorney Costa stated that both propose challenges as the lots in the proposed downtown district are not similar in size and has smaller lots. He stated that Ms. Barrett is the expert in this area but suggested looking at minimum setbacks and height limits in conjunction with lot coverage. Mr. Shea left the meeting at 8:10 P.M.

Ray Hokinson (10 Main Street) stated his concern regarding the presented lot size measurement to dictate the height of a building. He stated that the potential for three- and four-story buildings would change the character of the downtown district. He added that he is concerned that allowing taller buildings would change the character of this area. Ms. Connelly clarified that historically there have been taller buildings on Main Street and she listed the Southborough Arms and the school among others. She added that part of the proposed bylaw includes design guidelines promulgated by the Planning Board. She added that the EDC is cognizant to maintain the village historic piece of town but they are also looking for ways to promote the goals of

bringing in small business and promoting diversity in housing. Mr. Parry questioned the forty-foot height restriction compared to the thirty-five feet in other districts and asked to delete paragraph "g." There was discussion on why the proposed forty-foot height restriction was included and what businesses might require a higher building. Ms. Braccio read a chat comment from Mr. Parry regarding his perception that there is a disparity on vision for the downtown district.

Mr. Hokinson stated he felt the EDC approach is simply zoning and he would like to see more of a focus on preservation and a push to keep the historic character. Ms. Connelly explained that the EDC is very focused on zoning at the moment because this was outlined as the next step to revitalizing downtown. She said that they have been working on the downtown initiative for three years and it began with a goal to attract small business and development but also preservation, walkability, beautification and creating greenspaces. Ms. Connelly added that the EDC engaged ULI in a study and they instructed them to update the antiquated zoning bylaw and addresses the lack of wastewater infrastructure. She described how each of those objectives were being done.

Mr. Miller stated he agreed with Mr. Hokinson's comments and felt that the approach has been focused on appeasing developers and that there is consistent dissonance between the way the project is being sold and the article itself. Ms. Braccio thanked him for his comments and stated that this is not the end of the conversation. She added the Board will be working with stakeholders and there will be more discussions to come. Mr. Hokinson added that he is not singling out the EDC with his concerns but hopes the Board is also open to addressing issues of historic and characteristic qualities in downtown. Ms. Braccio thanked the public for participating and Attorney Costa for his attendance and participation.

IV. On a motion made by Chairman Healey, seconded by Mr. Stivers and voted all in favor by roll call, Braccio, aye; Malinowski, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 8:38 P.M.

Upcoming Meetings		
April 6, 2021	*April 13, 2021*	*April 20, 2021*

Respectfully submitted,

Kathleen Barry, Recording Secretary

List of Documents referred to at the March 30, 2021 BOS Meeting:

- Regular Session Minutes, March 16, 2021
- Draft Downtown District Bylaw language, March 9, 2021 Revisions

DOWNTOWN DISTRICT (DD)

~~February 26~~March 9, 2021 Revisions

Part 1. Amend Article I, Miscellaneous Provisions, **§ 174-2** Definitions, by adding the following new terms and definitions in appropriate alphabetical order.

BED AND BREAKFAST

Bed and breakfast is an establishment on owner-occupied property offering transient lodging accommodations to the general public, with not more than four guest rooms and food service limited to breakfast for guests.

CO-WORK CENTER

A building or portion thereof used for flexible work spaces offering short-term, monthly, or longer lease periods for self-employed people or people working for different employers, and typically providing shared furnishings, equipment, and business support services.

ESTABLISHMENT

An institutional, business, commercial, or industrial activity that occupies all or a portion of a building; a place of business.

FAÇADE

The external faces of a building.

FRONTAGE OCCUPANCY

The percent of a lot's street frontage that is occupied by a building between the minimum and maximom front setback range.

MICROBREWERY

A microbrewery is a licensed establishment that produces and distributes beer, ale, or other malt beverages, and which may include accessory uses such as tours of the microbrewery, retail sales, and a taproom for on-site consumption. In addition to selling beer at retail on the premises, a microbrewery may act as wholesaler for beer of its own production for off-site consumption if it has a valid pub brewery license from the Commonwealth of Massachusetts.~~[1]~~

MIXED-USE DEVELOPMENT

~~[1] The use requires a special permit in this district. The concerns raised in the Planning Dept. comment traffic, etc., would be handled the same way for this use as for any other, and the use would be subject to the same special permit granting criteria that apply to all special permits. Similarly, the ZBL already has parking and loading requirements. They should be applied to this use as much as they are to any other use.~~

A development that includes ~~both multifamily units[2] and~~ any combination of permitted nonresidential uses and one or more dwelling units within a single structure. The ground floor facing the street shall be used only for permitted nonresidential uses, and the total gross floor area occupied by nonresidential uses shall be at least 10 percent of the gross floor area of the structure.~~[3]~~

Part 2. Amend Article II, Establishment of Districts, **§ 174-3 Districts enumerated,** by adding the following new district:

M. Downtown District, referred to as DD

Part 3. Amend Article III, Use Regulations, **§ 174-8.C.(2)** as follows (amendment shown in italics)

Not more than one principal permitted use shall be located on any lot, provided that a multiple occupancy building used for the same category of use, such as retail sales and services, light manufacturing or offices in a business district or Industrial Park District, *or a mixed-use development in the Downtown District*, shall be deemed to be in a single principal permitted use. . . .

Part 4. Amend **Article III, Use Regulations**, § 174-8, Schedule of Use Regulations, by adding the following new section:

§ 174-8.12 Downtown District

A. Permitted uses are as follows:

(1) All uses permitted in the residential districts (RA and RB).

(2) Mixed-use development,[4] provided that each use in the development is a permitted use under this Section 174-8.12(A) or Section 174-8.12(B).

(3) Professional or business office, or bank, but not including a medical or dental office.

(4) Custom manufacturing of custom goods sold primarily on the premises, such as a woodworking shop, shop for artisan or craftsperson, or bakery.

(5) Bed and breakfast.

(6) Child care center.

~~[2] We have added these words to address a Planning Board comment. However, note that in the ZBL's definitions, multifamily applies to a dwelling with 2 or more units. A mixed-use building is not a dwelling. Does the insertion of multifamily units here address the concern?~~

~~[3] If the Planning Dept. prefers to see a maximum on commercial space, what do they recommend?~~

~~[4] See revised definition of mixed-use development.~~

(7) Co-work center.

B. Permitted uses, up to a maximum of 3,000 square feet per establishment.

(1) Retail sales and services.[5]

(2) Ice cream shop, sandwich shop, candy shop, other specialty food service establishment serving walk-in customers (drive-through service is prohibited).

(3) Restaurant, with indoor seating and outdoor seating on an adjacent patio (drive-through service is prohibited).

(4) Personal services such as barber shop, beauty salon, tailor, or shoe repair.

C. Permitted uses by special permit from the Planning Board are as follows:

(1) Any use listed in Subsection B exceeding 3,000 sq. ft. per establishment.

(2) Mixed-use development that includes a use requiring a special permit under this Section 174-8.12[6]

(3) Microbrewery.

(4) Veterinarian, animal hospital.~~[7]~~, or animal clinic.

(5) Medical or dental office.

(6) Multifamily dwelling, up to twelve units.[8]

(7) Private garage or parking for more than three cars or more than one truck or other commercial vehicle.

(8) Indoor recreation, athletic or exercise facility.

D. Uses by special permit from the Zoning Board of Appeals are as follows:

(1) Accessory apartment.[9]

~~[5] "Retail sales and services" is a customary use term in zoning. If the Planning Department believes the term should be divided somehow or further described, please provide wording for review.~~

~~[6] The only referenece to RA and RB is under permitted uses in Section A above. Obviously, something that requires a special permit in RA but is allowed as of right in the DD district would not require a special permit in DD because it would need one if the site were zoned RA …~~

~~[7] Dog kennel was intentionally omitted.~~

~~[8] The comment about this item seems inconsistent with the town's existing zoning. There is no specific wording about kitchens, unit sizes, and so forth in the RA special permit provision for multifamily dwellings in a major development, or housing for seniors, or conversions to two-family dwellings. Why wojuld multifamily dwellings in DD be singled out and treated differently?~~

~~[9] If the town wants to permit ADUs as of right – which would be a good thing! – don't put that discussion solely on the back of the DD district. It should be discussed in termsof all districts and not just this one. Same comment applies to two-family~~

(2) Conversion of a one-family house in existence for two years or longer to a two-family dwelling, on a lot with a minimum of 15,000 square feet.

(3) A mobile home or travel trailer used as a dwelling or business quarters for more than 30 days in a year.

E. Prohibited uses. All uses which are not listed above, legally nonconforming or otherwise allowable by the provisions of the zoning regulations are prohibited.

F. Development standards are as follows:

(1) Minimum lot area: 5,000 square feet.~~10~~

(2) Minimum frontage: 60 feet.

(3) Minimum setbacks:

(a) Front: 10 feet.

(b) Rear: 35 feet.

(c) Side: 10 feet; 25 feet if adjacent to a residential district.

(d) Other street: 10 feet

(4) Maximum front setback: 20 feet unless waived by the Planning Board.

(5) Maximum lot coverage: 80 percent

~~(5)~~(6) Minimum landscaped green space: 20 percent. At least 50 percent of the landscaped open space shall be contiguous and located between the front building line and front lot line unless the Planning Board approves a different placement of the open space as part of Site Plan Review.

~~(6) Maximum floor area ratio: 0.35 as of right, or a maximum of 0.70~~~~11~~ ~~by special permit from the Planning Board.~~

(7) Minimum Façade Buildout (% Lot Width) unless waived by the Planning Board.

(a) With less than 50 feet of frontage: N/A

~~conversions. This district was written to be as consistent with possible with the rules that apply in your business village districts.~~

~~10 Obvioujsly, if someone wants to build on a 5,000 sq. ft. lot, they still have to meet all the other dimensional requirements of the district. Someone with only 5,000 sq. ft. may not develop some or many of the proposed uses; they would have the option to decide, or perhaps to assemble land.~~

~~11 The maximum FAR was increased to 0.70 in v. 5. Not sure where 0.50 came from.~~

(b) 50-80 feet of frontage: 60%

(c) Over 80-100 feet of frontage: 70%

(d) Over 100 feet ~~or more~~ of frontage: 75%

(8) Height regulations:

(a) Maximum building height: 40 feet and three stories, except by special permit from the Planning Board under Section H below

(b) Minimum ground floor height: 12 feet

(c) Maximum ground floor height: 18 feet

(9) Residential dwellings. Single-family or two-family dwellings in the Downtown District shall comply with RB District standards.

G. Special Permit for Height Increase. The Planning Board may grant a special permit to increase the maximum building height to 48 feet and four stories, provided that the minimum rear setback shall be increased at a 1-to-1 ratio, e.g., an additional one foot of setback for every one additional foot in building height.

H. Building Regulations

(1) The principal entrance(s) to the building shall be on the front façade, which shall face the street.

(2) The maximum distance between street-level entrances in a single building shall be 35 feet unless waived by the Planning Board.~~12~~

(3) The maximum depth of street-level commercial spaces shall be the lesser of 30 feet or 60 percent of the depth of the building unless waived by the Planning Board.

(4) The maximum front setback in Section F(4) may be increased for purposes of amenities such as landscaping, a plaza, square, courtyard, recessed entrance, sidewalk, multi-use path, raised terrace, façade offsets, or outdoor dining, but not for vehicle use.

(5) Affordable housing. In any multifamily or mixed-use building with four or more units, at least 12.5 percent of the units shall be affordable housing that is eligible for the Chapter 40B Subsidized Housing Inventory (SHI) in accordance with the Chapter 40B regulations and Guidelines of the Massachusetts Department of Housing and Community Development (DHCD). In consultation with the Southborough Housing Opportunity Partnership Committee (SHOPC), the Planning Board may adopt a guidance document interpreting the Chapter 40B Guidelines as they apply to

~~12 This is a maximum separation between front entrances. The entrances could be closer together. The purpose of the regulations in this section is to "shape" the size and configuration of business spaces to encourage small tenant businesses.~~

development under this section.[13]

I. The operation of any marijuana establishment as defined in MGL c. 94C, § 1, including without limitation a marijuana cultivator, marijuana testing facility, marijuana product manufacturer, marijuana retailer or any other type of licensed marijuana facility is prohibited in all zoning districts of the Town. This prohibition shall not apply to the sale, distribution or cultivation of marijuana for medical purposes, licensed under Chapter 369 of the Acts of 2012 and currently permitted in the Town of Southborough.

Part 5. Amend Article III, Use Regulations, by adding the following new section, **§ 174-10.2 Downtown District plan approval.**

In the Downtown District, major site plan approval shall be by special permit from the Planning Board for any use requiring a special permit. In such cases, the procedural requirements and decision criteria of § 174-9, § 174-10, and 174-10.1(A) through (C) shall apply. The Planning Board may adopt design guidelines and apply them to major site plan approval applications regardless of whether a special permit is required.[14]

Part 6. Amend Article III, Use Regulations, § 174-12 **Parking and loading regulations**, by inserting the new Section F below and relabeling the existing Section F. Egress to Section G.

F. Exceptions in the Downtown District. Off-street parking requirements for development in the Downtown District shall comply with Section E above except for the following uses:

(1) Dwellings: two spaces for each dwelling unit, plus one space for each 80 square feet of floor area devoted to a customary home occupation or a professional use.

(2) Bed and breakfast: one space for each guest room plus two spaces for the owners of the premises.

(3) Restaurants and other places serving food or beverages: one space for each four seats.[15]

(4) Mixed-use development: one space per dwelling unit and one space per 300 square feet of nonresidential floor area.[16]

(5) Professional or business office: one space per 300 square feet for ground floor offices and one space per 350 square feet for offices above the first floor.

[13] ~~Recommendation: keep SHOPC in here. It would be good for the Planning Board to have their expertise. Refer the legal question to Atty. Costa.~~

[14] ~~What additional or different language does the Planning Dept. want here? How are other uses subject to site plan review but not a special permit handled for purposes of the LID bylaw?~~

[15] ~~Best practices in parking requirements no longer include set-asides for employee parking.~~

[16] ~~This section sets a parking for the uses in mixed-use buildings. Why would 174-12.E(1) apply?~~

DOWNTOWN DISTRICT (DD)

March 9, 2021 Revisions

Part 1. Amend Article I, Miscellaneous Provisions, **§ 174-2** Definitions, by adding the following new terms and definitions in appropriate alphabetical order.

BED AND BREAKFAST

Bed and breakfast is an establishment on owner-occupied property offering transient lodging accommodations to the general public, with not more than four guest rooms and food service limited to breakfast for guests.

CO-WORK CENTER

A building or portion thereof used for flexible work spaces offering short-term, monthly, or longer lease periods for self-employed people or people working for different employers, and typically providing shared furnishings, equipment, and business support services.

ESTABLISHMENT

An institutional, business, commercial, or industrial activity that occupies all or a portion of a building; a place of business.

FAÇADE

The external faces of a building.

FRONTAGE OCCUPANCY

The percent of a lot's street frontage that is occupied by a building between the minimum and maximom front setback range.

MICROBREWERY

A microbrewery is a licensed establishment that produces and distributes beer, ale, or other malt beverages, and which may include accessory uses such as tours of the microbrewery, retail sales, and a taproom for on-site consumption. In addition to selling beer at retail on the premises, a microbrewery may act as wholesaler for beer of its own production for off-site consumption if it has a valid pub brewery license from the Commonwealth of Massachusetts.

MIXED-USE DEVELOPMENT

A development that includes any combination of permitted nonresidential uses and one or more dwelling units within a single structure. The ground floor facing the street shall be used only for permitted nonresidential uses, and the total gross floor area occupied by nonresidential uses shall be at least 10 percent of the gross floor area of the structure.

Part 2. Amend Article II, Establishment of Districts, **§ 174-3 Districts enumerated,** by adding the following new district:

M. Downtown District, referred to as DD

Part 3. Amend Article III, Use Regulations, **§ 174-8.C.(2)** as follows (amendment shown in italics)

Not more than one principal permitted use shall be located on any lot, provided that a multiple occupancy building used for the same category of use, such as retail sales and services, light manufacturing or offices in a business district or Industrial Park District, *or a mixed-use development in the Downtown District*, shall be deemed to be in a single principal permitted use. . . .

Part 4. Amend **Article III, Use Regulations**, § 174-8, Schedule of Use Regulations, by adding the following new section:

§ 174-8.12 Downtown District

A. Permitted uses are as follows:

(1) All uses permitted in the residential districts (RA and RB).

(2) Mixed-use development, provided that each use in the development is a permitted use under this Section 174-8.12(A) or Section 174-8.12(B).

(3) Professional or business office, or bank, but not including a medical or dental office.

(4) Custom manufacturing of custom goods sold primarily on the premises, such as a woodworking shop, shop for artisan or craftsperson, or bakery.

(5) Bed and breakfast.

(6) Child care center.

(7) Co-work center.

B. Permitted uses, up to a maximum of 3,000 square feet per establishment.

(1) Retail sales and services.

(2) Ice cream shop, sandwich shop, candy shop, other specialty food service establishment serving walk-in customers (drive-through service is prohibited).

(3) Restaurant, with indoor seating and outdoor seating on an adjacent patio (drive-through service is prohibited).

(4) Personal services such as barber shop, beauty salon, tailor, or shoe repair.

C. Permitted uses by special permit from the Planning Board are as follows:

(1) Any use listed in Subsection B exceeding 3,000 sq. ft. per establishment.

(2) Mixed-use development that includes a use requiring a special permit under this Section 174-8.12

(3) Microbrewery.

(4) Veterinarian, animal hospital, or animal clinic.

(5) Medical or dental office.

(6) Multifamily dwelling, up to twelve units.

(7) Private garage or parking for more than three cars or more than one truck or other commercial vehicle.

(8) Indoor recreation, athletic or exercise facility.

D. Uses by special permit from the Zoning Board of Appeals are as follows:

(1) Accessory apartment.

(2) Conversion of a one-family house in existence for two years or longer to a two-family dwelling, on a lot with a minimum of 15,000 square feet.

(3) A mobile home or travel trailer used as a dwelling or business quarters for more than 30 days in a year.

E. Prohibited uses. All uses which are not listed above, legally nonconforming or otherwise allowable by the provisions of the zoning regulations are prohibited.

F. Development standards are as follows:

(1) Minimum lot area: 5,000 square feet.

(2) Minimum frontage: 60 feet.

(3) Minimum setbacks:

(a) Front: 10 feet.

(b) Rear: 35 feet.

(c) Side: 10 feet; 25 feet if adjacent to a residential district.

(d) Other street: 10 feet

(4) Maximum front setback: 20 feet unless waived by the Planning Board.

(5) Maximum lot coverage: 80 percent

(6) Minimum landscaped green space: 20 percent. At least 50 percent of the landscaped open space shall be contiguous and located between the front building line and front lot line unless the Planning Board approves a different placement of the open space as part of Site Plan Review.

(7) Minimum Façade Buildout (% Lot Width) unless waived by the Planning Board.

(a) With less than 50 feet of frontage: N/A

(b) 50-80 feet of frontage: 60%

(c) Over 80-100 feet of frontage: 70%

(d) Over 100 feet of frontage: 75%

(8) Height regulations:

(a) Maximum building height: 40 feet and three stories, except by special permit from the Planning Board under Section H below

(b) Minimum ground floor height: 12 feet

(c) Maximum ground floor height: 18 feet

(9) Residential dwellings. Single-family or two-family dwellings in the Downtown District shall comply with RB District standards.

G. Special Permit for Height Increase. The Planning Board may grant a special permit to increase the maximum building height to 48 feet and four stories, provided that the minimum rear setback shall be increased at a 1-to-1 ratio, e.g., an additional one foot of setback for every one additional foot in building height.

H. Building Regulations

(1) The principal entrance(s) to the building shall be on the front façade, which shall face the street.

(2) The maximum distance between street-level entrances in a single building shall be 35 feet unless waived by the Planning Board.

(3) The maximum depth of street-level commercial spaces shall be the lesser of 30 feet or 60 percent of the depth of the building unless waived by the Planning Board.

(4) The maximum front setback in Section F(4) may be increased for purposes of amenities such as landscaping, a plaza, square, courtyard, recessed entrance, sidewalk, multi-use path, raised terrace, façade offsets, or outdoor dining, but not for vehicle use.

(5) Affordable housing. In any multifamily or mixed-use building with four or more units, at least 12.5 percent of the units shall be affordable housing that is eligible for the Chapter 40B Subsidized Housing Inventory (SHI) in accordance with the Chapter 40B regulations and Guidelines of the Massachusetts Department of Housing and Community Development (DHCD). In consultation with the Southborough Housing Opportunity Partnership Committee (SHOPC), the Planning Board may adopt a guidance document interpreting the Chapter 40B Guidelines as they apply to development under this section.

I. The operation of any marijuana establishment as defined in MGL c. 94C, § 1, including without limitation a marijuana cultivator, marijuana testing facility, marijuana product manufacturer, marijuana retailer or any other type of licensed marijuana facility is prohibited in all zoning districts of the Town. This prohibition shall not apply to the sale, distribution or cultivation of marijuana for medical purposes, licensed under Chapter 369 of the Acts of 2012 and currently permitted in the Town of Southborough.

Part 5. Amend Article III, Use Regulations, by adding the following new section, **§ 174-10.2 Downtown District plan approval.**

In the Downtown District, major site plan approval shall be by special permit from the Planning Board for any use requiring a special permit. In such cases, the procedural requirements and decision criteria of § 174-9, § 174-10, and 174-10.1(A) through (C) shall apply. The Planning Board may adopt design guidelines and apply them to major site plan approval applications regardless of whether a special permit is required.

Part 6. Amend Article III, Use Regulations, § 174-12 **Parking and loading regulations**, by inserting the new Section F below and relabeling the existing Section F. Egress to Section G.

F. Exceptions in the Downtown District. Off-street parking requirements for development in the Downtown District shall comply with Section E above except for the following uses:

(1) Dwellings: two spaces for each dwelling unit, plus one space for each 80 square feet of floor area devoted to a customary home occupation or a professional use.

(2) Bed and breakfast: one space for each guest room plus two spaces for the owners of the premises.

(3) Restaurants and other places serving food or beverages: one space for each four seats.

(4) Mixed-use development: one space per dwelling unit and one space per 300 square feet of nonresidential floor area.

(5) Professional or business office: one space per 300 square feet for ground floor offices and one space per 350 square feet for offices above the first floor.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, March 16, 2021, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey opened the meeting at 6:30 P.M. and read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

I. Public Comment

None

II. Scheduled Appointments

Volunteer Interviews

i. Rachael E. O'Day – Recreation Commission, term 6/30/23

Ms. O'Day described her professional background and her desire to be involved in the community. She explained she has a young daughter and is excited to be a part of creating the opportunity for children to socialize and participate in sports. Mr. Stivers asked if she has watched any Recreation Commission meetings and she stated she had not but reviewed recent meeting minutes and had a conversation with Ms. Hansen. Ms. Hansen stated the they had a great conversation and she is looking forward to adding more energy to the Commission. Chairman Healey made a motion to appoint Rachael E. O'Day to the Recreation Commission, term 6/30/23. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

ii. Ira Schild – Golf Committee, term 6/30/21

Mr. Schild gave a background of his time living in Southborough and patronizing the Southborough Golf Course. He explained his passion for the sport and his desire to volunteer as he nears retirement. Mr. Stivers outlined goals to improve the course.

DRAFT

Chairman Healey mad a motion to appoint Ira Schild to the Golf Committee, term 6/30/21. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

iii. David Nixon – Golf Committee, term 6/30/21

Mr. Nixon gave a background of his experience with golf course management at Framingham Country Club. The Board agreed Mr. Nixon's experience perfectly positions him to assist in the future success of the Southborough Golf Club. Chairman Healey made a motion to appoint David Nixon to the Golf Committee, term 6/30/21. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

iv. Jay Dietz – Golf Committee, term 6/30/21

Mr. Dietz gave a background of his experience managing golf tournaments and volunteering in Southborough youth sports. The Board agreed Mr. Dietz would be a good fit for this Committee. Chairman Healey made a motion to appoint Jay Dietz to the Golf Committee, term 6/30/21. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

<u>Brian Ballantine, Finance Director</u>

i. FY22 budget update

Mr. Ballantine stated that the estimated tax rate increase is now at 4.04%. The adjustments made since last update included a change to a Fire Department line item, the Algonquin debt has been finalized and the interface program for Youth and Family Services is now being funded through outside sources. The next step is for the Board to meet with the Advisory Committee and to provide any funding source questions regarding the budget. Ms. Braccio asked if there were any other adjustments that could bring the tax rate lower. Mr. Ballantine stated that other than minor items, the biggest item would be how capital items are funded. Mr. Stivers asked if there were any items from the State that could increase the tax rate. Mr. Ballantine replied local aide could increase the tax rate and he believes the State will be late with final numbers but does not expect a negative impact. Mr. Stivers asked if the newly passed stimulus package included any opportunity for budget relief. Mr. Ballantine stated that they will be meeting tomorrow to discuss this. Mr. Purple explained how funds could be dispersed and the intricacies included in qualifying for relief.

ii. Results of fee review

Chairman Healey asked if there were any items he would like to discuss outside of what is included in the budget. Mr. Ballantine stated that departmental fees are being reviewed on a regular basis internally and were presented to the Advisory Committee. He stated it was decided to follow up with the Fire and Building Departments for potential fee increases. Chairman Healey stated that most fees are set by statute or regulations and the Board has little control. Ms. Malinowski asked for a timeline for fee increase submittal from the Fire and Building Department. Mr. Ballantine replied that it would not take more than a few weeks. Mr. Stivers suggested a regular review session of all fees every two years. Mr. Ballantine agreed. Ms. Braccio asked Tim Davis, Recreation Manager if it was the appropriate time to increase the rent fees for the 9/11 Field. Mr. Davis stated that he has not been here a full year where seasons have been fully open due to the pandemic. He added that the fees are on the higher side and they are hoping for a successful spring season

DRAFT

which is slated to bring in $30,000 - $35,000 in fees. Chairman Healey asked that a Town of Southborough fee sheet be added to the website for public reference. Mr. Ballantine agreed.

Steve Achilles, Fire Chief – FY22 Capital – Fire tender (tanker)

Chief Achilles introduce Tom Durkin, the newly hired firefighter, to the Board. Mr. Durkin gave a brief overview of his experience with the Bolton Call Fire Department. The Board welcomed him to Southborough.

Chief Achilles gave an overview of the need for the fire tender and the grant applied to assist in the funding. Ms. Braccio asked about the number of quotes. Chief Achilles explained the process of receiving a quote and moving forward to entering into an agreement. He stated they have received strong estimates all around $400,000. Ms. Braccio stated the Capital Committee has reviewed this item and said she was in support of purchasing the fire tender. Mr. Ballantine explained that the first payment will not be made until 2023. Ms. Malinowski stated she supported the purchase of the tender. Mr. Shea agreed and asked about proper staffing for the vehicle. Chief Achilles explained his approach and how it will benefit response time and increase available water during active fires. Chief Achilles added they will be more prepared to assist mutual aid partners with the tender.

Karen Galligan, DPW Superintendent

i. Surplus designation DPW pickup truck

Chairman Healey asked the Board if there were any questions on this topic and topic three. The Board had no questions. Chairman Healey made a motion to approve the surplus designation of the DPW pickup truck and to award the grounds bid as recommended by Ms. Galligan. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

ii. Update on CSX/Main Street project

Ms. Galligan stated she received a quote of $44,000 from the CSX engineer to design sidewalks and a pedestrian crossing over the train tracks on Main Street. She stated the first pieces will be funded out of Chapter 90 funds designated from the Main Street project and Mr. Purple needs authorization to sign the engineering agreement for the Board. She outlined the next steps and timeline for the sidewalk and pedestrian crossing. Chairman Healey asked if the March 23rd meeting was an acceptable time to vote on the authorization of a document and Ms. Galligan replied that it was. There was discussion regarding cost and Ms. Galligan informed the Board that she has heard the high-end estimate is $580,000.

Chairman Healey asked about funds directed towards cities and towns from a federal level for annual road maintenance and if there should be a three to five-year plan for bonding. Ms. Braccio asked about shovel ready projects in order to receive the federal funding. Mr. Purple explained that the Board allocated Chapter 90 money to get a priority list of projects shovel ready for federal funding. He explained the priority list for the Complete Streets Grant and timing of projects with funding schedules. Ms. Braccio asked about the wastewater feasibility study and Ms. Reynolds explained the next steps. She added that the plans could change if the downtown zoning warrant article is not passed at Town Meeting. Ms. Reynolds explained the piping that could be done on Main Street by the Fay School

DRAFT

which could be part of the feasibility study. Mr. Shea explained the details of a sleeve pipe and gravity pipe and added that it would make sense to do this work while Main Street is being worked on.

iii. Award of Grounds bid

This item was voted in item "i." above.

iv. Water Rates recommendation

Ms. Galligan explained that the Town must pay MWRA for water use for the last calendar year. She explained how the rates are set based on usage in Boston and due to the pandemic, rates will be increasing. She stated that discussion with the Finance Team yielded a proposed water rate increase of 5% for fiscal year 2022. She added that because of the uncertainty of businesses and the economy, the analysis done concluded it would be advantageous to have money in retained earnings to pay for any shortfalls. Mr. Stivers explained in detail how Boston's water usage impacts the Town and surrounding towns. Ms. Galligan explained how rate tiers were created and what they mean. Ms. Braccio stated she was concerned that this and the proposed increases could cause sticker shock for residents. Ms. Malinowski asked how the Newton Street project could affect water rates and Ms. Galligan explained. Chairman Healey clarified that MWRA sets the water rates and not the Town. Mr. Stivers explained that the only way to decrease cost is to substantially cut back on water flow. Chairman Healey stated that since increases were due to the pandemic there could be relief from other avenues. Ms. Malinowski added that there are capital projects that could impact water rates and the Capital Planning Committee would like to know these impacts before the Selectmen vote on a water rate for 2022. There was discussion on timeframes for approving a water rate increase. There was discussion regarding the timing of the Newton Street project. Chairman Healey suggested the Capital Planning Committee review the information and report to the Board for a decision at the March 30th meeting. The Board decided to vote on the rates this evening and to assign the Capital Planning Committee to look into how the Newton Street project impacts these rates. Mr. Shea made a motion to set the fiscal year 2022 water rates with a 5% increase. Mr. Stivers seconded. Ms. Malinowski stated she agreed though it may change due to findings from the Capital Committee and a review of first quarter bills. Ms. Malinowski asked to amend the motion. Mr. Shea amended his motion to set the fiscal year 2022 water rate by 5% subject to further review after the first quarter. Mr. Stiver seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

v. Newton Street water project

This item was discussed in item "iv" above.

vi. Update on the cost of recycling

Ms. Galligan explained the cost of recycling and the volatile stage at which the costs are currently. Mr. Stivers added that because of the instability of the recycling world, it would be best to look at long-term recycling opportunities and controlling the stream of recyclables. He added there are companies that could manage the recyclable flows to help redirect collected recyclables to get more value from them. Ms. Braccio added that the Public Works Planning Board and DPW should start thinking about a potential sticker fee increase. Ms. Galligan stated that is usually done in April or May and they will look into it.

DRAFT

vii. Update and discussion re: Chapter 90 planning

Ms. Braccio explained the discussions being had by the Capital Planning Committee and asked the Board to work in conjunction with them on this topic. She added this was discussed under item ii."

viii. Update on Shared Streets project – Award of bid

Ms. Galligan recommended that the Board not award the contract and go back out to bid and award in April. She explained that separating the projects into multiple bids would likely yield better pricing and save the Town money. Mr. Purple explained that he spoke with Representative Dykema who felt confident that MASSDOT would allow an extension after sending in a letter of request. Ms. Galligan stated she would like to request Chapter 90 funds for the sidewalk maintenance and explained how in doing so they would receive more funds. She explained the timeline for funding and work to begin. Ms. Galligan explained the Chapter 90 funds allotted for Newton Street and downtown sidewalks. Mr. Shea made a motion to reject the bid for the Shared Streets project in the best interest of the Town. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

ix. Complete Streets priority list

Ms. Galligan asked the Board to accept the policy as it needs to be submitted to MASSDOT by April 1st. Chairman Healey asked if the Public Works Planning Board had reviewed the document and Mr. Stivers said they had and there is one project he would like to add. Ms. Braccio suggested mothers in Town be included in the group for feedback and stated only seventeen of the projects listed are on the southside of Town. Ms. Braccio spoke about the train station and connectivity, playgrounds and the recreation field at Liberty Estates all located on the southside. There was discussion about the addition of sidewalks in Town and the now disbanded Sidewalk Committee. Mr. Stivers proposed to add a pedestrian bring at Oak Hill Road and Central Street. Chairman Healey made a motion to approve the proposed Complete Street Priority list for submission to the State with the amendment proposed by Mr. Stivers. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

III. Reports

Chairman's Report

i. Cemetery/Old Burial Ground Issues: Veterans and Historical Commission Communications

Chairman Healey summarized the communications regarding the flags at the Old Burial Ground and communications between veterans and Michael Weishan, the Chairman of the Historical Commission. He summarized Mr. Weishan's previous similar conduct which resulted in a two-year hiatus from the Historical Commission. He added that the Board was assured by him at his reappointment months ago that the conduct will not be repeated. Chairman Healey summarized Mr. Weishan's conduct with members of the Building Department earlier in the week. He then explained the conversation he had with Mr. Weishan regarding the complaints regarding the flags that Mr. Weishan brought to the veterans. Chairman Healey stated that the jurisdiction over the Old Burial Ground lies with the Board and not Mr. Whynot and explained incomplete and misinformation distributed by Mr. Weishan. He stated that this is not an isolated issue as it occurred two years ago and

twice this week. He stated that he would like the Board to add an agenda item to a future meeting regarding the flag complaints at the Old Burial Ground which would include the opportunity for Southborough veterans to speak. He also asked that the Board discuss the status of the Historical Commission at a future meeting as well. Chairman Healey invited Dan Kolenda to speak.

Mr. Kolenda thanked the Board for bringing this issue forward. He stated that the manner in which the complaints regarding flags at the Old Burial Ground had been handled offended many members of the veteran community and explained the history of the Gadsden Flag. He stated the veterans are looking for respectful discussion about issues from Town officials. He stated that threats to go to a Board or the media is unacceptable. He asked that the flag complaints be included on a future agenda with input from the veteran community and hopes that the conduct of issuing threats and coerciveness be addressed by the Board.

Mr. Whynot explained that Mr. Weishan told him, "I hope we can come to an understanding so it doesn't have to go to the Board of Selectmen or media" and he felt this was egregious and ludicrous. He stated that the call with Mr. Weishan was not pleasant and he was taken aback. He asked that this topic be added to a future meeting to be handled appropriately. He stated that he did not feel the flags were in the wrong place and stated he would like to speak about the flags at a future meeting as well.

Mr. Weishan stated that the veterans are not a monolithic group and the Historical Society voted 7-1 to remove the flags. He stated that everyone was allowed to join this Zoom meeting and that if you polled the average person, they would agree the flags are not representative all the people of Southborough. He added that he would not speak to his conduct and stated he is disappointed in the Board and Marty Healey in particular. Mr. Weishan stated that he is ready to work with the Board and that any accusations that he was threatening are incorrect. Chairman Healey told Mr. Weishan he tends to misstate occurrences and stated these topics will be addressed at a later meeting where the veterans would be invited to participate.

Chairman Healey stated that Mr. Purple's evaluation will be on the agenda for March 23, 2021.

<u>Members' Reports</u>

ii. Update on Downtown District project and scheduling of public forum

Ms. Braccio asked that the Board commit to a public forum in order to begin to move forward with the document a document to include in the warrant. She explained to the Board updates made by Ms. Barrett and Attorney Costa. The Board agreed to hold a public forum on March 30 and Ms. Braccio will reach out to Ms. Barrett and Attorney Costa to invite them to attend.

iii. Update on BOS Office Hours

Ms. Malinowski stated there was one attendee and due to the frequency of upcoming meetings, she suggested Office Hours be held closer to Town Meeting to discuss the articles.

DRAFT

Ms. Malinowski stated that the Rent and Mortgage Program has restarted yesterday and is included on the website. She stated that the Stockwell Lane property is now on the market.

iv. Board of Health update

Mr. Stivers stated there are open issues relative to the Board of Health and their need of a full-time director and full-time administrative assistant. He stated that Advisory has not come to a decision about these positions and asked the Board prepare for a future discussion regarding this. Ms. Braccio asked about the status of regionalizing health services. Chairman Healey stated that there is a back and forth with the Board of Health and their budget for next year. He added that he would like them to attend the April 6th meeting for a discussion.

Town Administrator Report

i. COVID update

Mr. Purple stated there was a vaccination clinic conducted at Colonial Gardens on March 5th and another set of doses will be coming in the beginning of April for their second shot. He stated that a regional vaccination site has been approved by the state for the boroughs and other communities. He thanked Representative Dykema for her help to move this forward. He stated that the clinic should be ready in two weeks and will be located at the DoubleTree in Westborough. He stated that he is meeting with CERT volunteers, paramedics and others to coordinate staffing.

Mr. Purple told the Board that the Board of Health is moving forward to implement their proposal to increase their staffing hours in fiscal year 2022 from 57-120 hours. He stated that Advisory feels they can achieve a more collaborative approach to fill any gaps and explained the Shared Services Grant that is available. He added that he spoke with Ms. Woodford, Chair of the Board of Health, who stated that the track record for regionalization has not been a good one. He added that he received a phone call from the Northborough Town Administrator before the meeting informing him that Ms. Woodford told him they were not interested in moving forward with regionalization. Chairman Healey asked that the Board of Health attend the April 6th meeting to discuss regionalization. Ms. Braccio agreed and stated that the decision to regionalize or not should be based on what is best for the tax payers. Ms. Malinowski asked if the Board of Health met to vote on regionalization and Mr. Purple replied that he does not believe they did. She asked about a timeline for the grant application and Mr. Purple explained a letter of intent was due yesterday and could have already been submitted. Mr. Shea and Mr. Stivers both agreed that a discussion regarding regionalization should be had to come to the right solution for the Town.

IV. Consent Agenda

a. Approve Open Session Minutes: March 2, 2021

Ms. Malinowski asked to hold item "a." Ms. Malinowski asked that "draft RFP" be added to line 119. The Board agreed. Chairman Healey made a motion to approve Open Session Minutes: March 2, 2021 with the amendment stated by Ms. Malinowski. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Ms. Malinowski asked to hold item "b." Ms. Malinowski explained the funding in regards to the bid proposal. She stated there is potential that the budget could exceed a $15,000 overage without using contingency money and it could be more if contingency

DRAFT

funds are needed. She stated that she is not in favor of using the revolving fund to source the $15,000. She added that the project is subject to the Capital Policy previously approved by the Board. Chairman Healey asked if Ms. Malinowski's request is to not approve this tonight and to bring this item to the Capital Committee for consideration. Ms. Malinowski replied in the affirmative. Chairman Healey asked Mr. Davis if this would impact his timeline and Mr. Davis explained. Chairman Healey suggested that they proceed to review the contract and work in parallel during the Capital Committee review process. Ms. Braccio suggested reaching out to the Capital Committee to schedule a meeting so as not to hinder the progress of the project. Chairman Healey made a motion to award the Richardson Tennis Court Lighting project to Island Lighting and Power Systems contingent on approval by the Capital Planning Committee. Mr. Stivers seconded. Ms. Malinowski stated that this is an example of how the Board could resolve overages and future oversight of projects. She stated that as the Board reviews projects in the future, they need to remember this process and where there were failures and delays. Ms. Braccio suggested Mr. Davis reach out to the Capital Planning Committee to move this forward in an expedited manner. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Chairman Healey made a motion to approve the donation to Recreation Department. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

V. Other Matters Properly Before the Board

Chairman Healey pointed out that the scheduling of Board meetings has already been discussed and agreed upon. He stated that the discussion of committee vacancies will be pushed to a future meeting. Chairman Healey asked the Board to think about whether a bicycle committee should be a freestanding committee or whether it should be included in a pedestrian/transportation committee.

<u>Review of RFP for disposition of 21 Highland Street</u>

Ms. Malinowski thanked Ms. Esposito for her work on the RFP and explained the weighted point system. There was discussion regarding the categories, the point system and the potential bids received. Mr. Purple explained the proposed schedule included in the document and explained the timeline requirements. He told the Board this needs to be decided upon this evening. Ms. Braccio stated she supports the document and Chairman Healey added that conceptually, the system makes sense. Mr. Stivers stated he would make more changes to the document. Ms. Malinowski explained that the Adaptive Reuse of Historic Buildings bylaw adopted in 2017 is included in the document and added as this property is located in the Residence B district, there is more allowed by right. Mr. Purple asked if the appraisal should be included in the RFP and the Board agreed it should. Mr. Purple stated Town Counsel will review this document if it is approved tonight. Chairman Healey made a motion to approve the RFP for South Union School subject to Town Counsel's review and it will not need to come back to the Board for any non-substantive changes. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

<u>Review of RFP for Legal Services</u>

Chairman Healey stated the changes he made to the draft RFP were typo corrections and structure revisions and nothing substantive. Chairman Healey made a motion to approve

the RFP for legal services. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Scheduling of ATM warrant articles review & department budget reviews
This item was discussed under Members' Updates.

Update on One Stop Grant Expression of Interest submission for projects
Ms. Hale said that included in the packet are a memo and two correspondences regarding the One Stop Grant Program. She described the projects proposed by the EDC, DPW and SHOPC. Ms. Hale explained the process and the letter of intent deadline of April 1st. Chairman Healey stated he was impressed by the coordinated effort here and he is completely in favor. Ms. Braccio explained that there can be up to five letters of intent and there are two opportunities still available. Ms. Malinowski asked about the next steps and Ms. Hale explained. Chairman Healey volunteered to be the Board liaison for the One Stop Grant process.

Mr. Stivers stated there is a list of sixty projects on the Complete Streets Project and hoped there could be some that apply for the One Stop Grant. He stated that Route 9 development would help stimulate tax income and suggested there could be opportunities within housing and transit within the Stimulus Act. Chairman Healey stated he hopes to have draft letters of interest for the next meeting.

Discussion of committee vacancy update Golf Course, Recreation, Arts Council
This item was moved to a future meeting as stated by Chairman Healey.

New committees - Bicycle, Southborough 300th
This item was moved to a future meeting as stated by Chairman Healey.

VI. Public Comment
None

VII. On a motion made by Chairman Healey, seconded by Ms. Braccio and voted all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 11:04 P.M.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, April 6, 2021, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey opened the meeting at 6:30 P.M. and read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Public Comment

None

I. Scheduled Appointments

Volunteer Interview: Alexandra S. Mills, Scholarship Advisory Committee, term 6/30/22

Chairman Healey asked for Ms. Mills to give an overview of her background and interest in the Committee. Ms. Mills stated Isabelle Murphy approached her to join the Committee and felt it was a great opportunity to volunteer. She added that she is a teacher and parent to three children and she understands the importance of student scholarships. Ms. Braccio asked if this were her first time on a Board. Ms. Mills replied it was her first time on a town board but she was involved in Kindergroup and committees within the school system. Chairman Healey made a motion to appoint Alexandra S. Mills to the Scholarship Advisory Committee, term 6/30/22. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Review of FY22 Departmental Budgets

Chairman Healey stated that the Fire and Police Department budgets will be covered in the consent agenda and he gave accolades to Mr. Purple and Mr. Ballantine for their coordination with department heads. Ms. Malinowski praised Mr. Purple, Mr. Ballantine and the Fire and Police Chiefs for their work in the budget process. Ms. Braccio praised the department heads and Mr. Stivers praised the Advisory Committee for their work throughout the budget process.

i. Fire Department

There were no questions or comments from the Board regarding the Fire Department budget.

ii. Police Department

There were no questions or comments from the Board regarding the Police Department budget.

iii. Library

Ms. Malinowski asked for an outline on the short-term staffing projections. Mr. Donovan stated that staffing is consistent and he may add a teen librarian position into the SAP. He explained that he is not looking to add a seventh full-time staff member but will add the position through attrition. He plans to engage the Personnel Board in this matter next year.

iv. Information Technology

Mr. Purple informed the Board that the new IT Director will be starting on April 20th. Chairman Healey asked for a summary of staffing for IT and reasons the staffing levels in the FY22 budget are suitable. Mr. Purple stated that currently the budget includes an IT Director and an Assistant IT position at 19.5 hours. He added that a discussion needs to be had for a potential increase for that assistant position from part-time to full-time. He outlined options for increasing the budget and suggested that additional money be added to the contracted services line in the technology budget to give the manager the ability to contract out services. Mr. Purple suggested the IT Manager take some time to understand the role and give a recommendation for his staffing.

Mr. Shea agreed with Mr. Purple's approach and suggested this be reviewed a year after the IT Manager has taken his position. Mr. Stivers stated that the need for IT staff is abundantly clear and suggested adding funds to the budget to increase staffing for January 1st. Ms. Braccio stated that she would like to have the IT Manager review his needs after taking the position and added she is not ready to add another benefitted position. Ms. Malinowski agreed with Mr. Purple's suggestion. Chairman Healey stated the consensus is for the IT Manager to take his position and review his staffing needs for the future.

v. Building Department

There were no questions or comments from the Board regarding the Building Department budget.

vi. Board of Health

Chairman Healey stated that there will not be formal votes on department budgets this evening and gave a summary of previous discussions regarding the proposed Board of Health budget. He asked Mary Lou Woodford if the Board of Health budget request is a 100% increase from one year to another. Ms. Woodford gave reasonings for this increase which include three additional full-time positions. Mr. Stivers stated he supports the request and asked if any items could be funded through the CARES Act or stimulus package aid. Ms. Woodford explained how it could be funded and requested a revolving fund for inspectional fees. Ms. Braccio stated that other departments propose increases such as this through a staggered strategy plan. She outlined her concerns regarding the tax rate increase for FY22. Ms. Malinowski made a motion that the Board commit to holding a fall town meeting to allow for the Board of Health to bring forward their budgetary plan. Chairman Healey seconded for discussion. Ms. Malinowski explained that by holding a fall town meeting, the Board of Health will continue to operate with current staffing levels and any expenses above their budget would be covered by CARES Act funding. She added that with the shared services grant, the Board of Health will have time to understand their needs

on a long-term basis without removing any request at this time. Mr. Purple reminded the Board that budgetary items do not qualify for CARES reimbursement. He explained the impact of waiting until a fall town meeting. Mr. Shea stated that there are advantages to tax payers with this strategy but could also pose hiring challenges for the Board of Health. He said he was not comfortable voting this evening and asked to hear from the Board of Health and Advisory on this option. Ms. Braccio stated that this strategy gives flexibility and that CARES Act funding should be used to fund these positions. Chairman Healey made an amendment to the motion that the Board continue to explore and pursue a fall town meeting and if it is appropriate, to pursue as much CARES Act funding as possible. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Ms. Woodford asked for clarity on what is being proposed. Ms. Malinowski stated that the FY21 budget remain intact until a fall town meeting and any overages in the Board of Health budget be covered by the CARES Act. Ms. Woodford outlined her reasons to increase the Board of Health budget as soon as possible. Chairman Healey stated there would be no vote this evening and the Board will speak with Advisory next week.

vii. Public Works

Ms. Malinowski wanted to remind the Board not to lose sight of where the $100,000 should be allotted from and noted the increase in the price of recycling. Mr. Purple stated that when the Board consisted of three members, it was determined that $100,000 was included in the tax rate to fund the Transfer Station and the rest of the costs would be covered by sticker fees. Mr. Stivers stated that the Public Works Planning Board has consistently agreed that this amount is appropriate. Ms. Braccio asked Mr. Stivers if he were bringing information from the Public Works Planning Board regarding this topic. He agreed to look into this.

<u>Review of Annual Town Meeting warrant articles</u>

i. Article 5 – Amend the Personnel Salary Administration Plan

Ms. Rosenbloom stated that all revisions for the SAP were forwarded to the Selectmen's Office and thanked Ms. Esposito for her work implementing it into the warrant. She stated that a summary was supplied to the Board and the Personnel Board has not yet met to approve it. She stated that they plan to proceed with the language and thanked Ms. Hale, Mr. Purple and Mr. Ballantine for their contribution to the SAP. Ms. Braccio shared her thanks to the Personnel Board and the rest of the Board echoed her comments.

ii. Article 19 – CPC – Kallander Field Construction

Chairman Healey asked Mr. Mills from the CPC for clarification on the process to bring these articles forward. Mr. Mills explained. Mr. Davis from Recreation explained the construction needed to bring the Kallander Field online for use. Ms. Malinowski asked about the timing of bids and opening and Mr. Davis stated that there are some stormwater permits that need to be approved and they hope to open the field in spring of 2022.

iii. Article 20 – CPC – St. Mark's Church Bell Tower Renovation

Brad Blanchette and Mark Weiler, representatives of St. Mark's Church, were invited to give an overview of their town meeting proposal. Mr. Blanchette gave a history of the bell tower and the repairs needed to be done which total $750,000. They are asking the Town for $300,000 of CPC funds. He stated that $50,000 was awarded from the Massachusetts Historical Commission and parishioners raised approximately $352,000. Mr. Weiler stated he forwarded documents to the Board that outlined other congregations that have used CPA funds to repair historical monuments. He stated that they spoke to ten other towns who had successfully used CPA

funding for similar projects and none were threatened with litigation. Mr. Weiler outlined sixty active congregations that have been approved for $9.6 million in CPA funding in Massachusetts since the Kaplan case. Mr. Shea stated that CPC articles from last year were held until this year and that State funding has dropped. Mr. Stivers asked about potential amendments to the preservation restriction as outlined by Attorney Cipriano. Mr. Weiler stated that no one had come to them regarding amending the current restriction but they were open to doing so. Chairman Healey stated that seeing as part of this was already state funded the risk of litigation was low. Ms. Malinowski asked what would happen to the tower if this were not funded and Mr. Weiler stated that the current funds generated would go to restoration and a future restoration project would need to be done in the very near future.

iv. Article 21 – CPC – Town House Historical Preservation

Chairman Healey stated that because there is bonding in this article and he has yet to receive clearance from the Ethics Office, he will not be participating in this discussion. Mr. Mills outlined the maintenance that is needed to be done and explained that the it has been deferred in the past and rehabilitation is needed. He stated the project is $2,238,284 and as it is bonding and such an expensive project, it makes sense to do all of the work at once. Mr. Parent stated the engineering firm Spencer and Sullivan were hired to do a full site assessment. He gave a summary of what is needed to be done at the Town House and its historical significance. He stated that the structure has been neglected and all residents benefit from the use of this building. He added that he believes it needs to be preserved in a true historic fashion. Mr. Stivers agreed this is long overdue.

v. Article 22 – CPC – Flagg School Assessment

Mr. Mills gave an overview of the CPC request of $9,950 to repair the Flagg School Building that houses the Southborough Historical Museum. Ms. Deans-Rowe of the Historical Commission gave an overview of the results of the Spencer and Sullivan review. Ms. Braccio asked how old the building was and Ms. Dean-Rowe replied that it is 162 years old.

vi. Article 23 – CPC – Trail on DCR Land

Kathryn McKee of the Trails Committee presented an overview of the project that is included in the packet. She explained the work needed to be done to connect the last major piece of the Boroughs Trail Loop.

vii. Article 36 – Outdoor Illumination

Ms. Hoolahan, Ms. Hoecker from the Planning Board and Mr. Heilman were brought into the meeting. Ms. Hoolahan outlined the document presented this evening and the updates that will be coming to the language. She explained the difference between the bylaw language and the purpose of the rules and regulations. Chairman Healey stated he looked into how other towns approach their illumination bylaw. He asked what steps would need to be taken by a complainant in order to trigger enforcement. Ms. Hoolahan stated that the writing committee would need to address the process. Chairman Healey asked how the violation would get resolved, who has the authority to enforce it and how evidence is collected. Ms. Hoolahan stated the collection of evidence would be defined by the committee and that the enforcement lies with the Building Commissioner. Chairman Healey asked about a potential burden to the Building Department for enforcement. Ms. Hoolahan stated there is no additional burden as it has been opined by Town Counsel that the current bylaw applies to residences. Chairman Healey noted that the Building Commissioner does not agree. There were no other questions from the Board. Chairman Healey asked that the warrant article proponents forward the

illumination bylaws they have been using as references from other towns. Ms. Hoolahan agreed.

viii. Article 37 – Site Plan Review

Ms. Luttrell of the Planning Board stated that this warrant article will bring the bylaw in line with Town Code § 23. There was discussion regarding the ninety-day time period prior to a constructive approval. Chairman Healey stated that Town Counsel's opinion was that the constructive approval should be stricken from the language. He added that if that is taken out, there should be a provision that allows relief for the applicant. Ms. Luttrell explained that projects do not come before the Planning Board solely for site plan review. She stated that there is always another component such as a special permit or building permit. There was discussion on whether a time limit for a Planning Board decision should be included. Mr. Shea stated that the bylaw already stated that the Planning Board shall act within sixty days of receipt of an application. Ms. Luttrell described the challenges with the current language and Chairman Healey stated this language was unnecessarily unclear.

ix. Article 38 – Zoning – Downtown District

Ms. Braccio stated there was a meeting to discuss sending a letter to split lot owners which will be sent at the end of the week. She added that there will be an invitation to homeowners and the goal is to set two dates for opportunities to speak with Attorney Costa. She added she received three additional pieces of correspondence; one from Ms. Quinn of the Planning Board, one from Mr. Hokenson and another from Mr. Parry. She gave an overview of the larger five outstanding issues which include the floor area ratio number, the zoning map, the ability to build a four-story building and the language regarding mixed use on the bottom floor. She added that she hopes to meet with homeowners next week.

Ms. Quinn from the Planning Board asked to speak to the site plan warrant article. She read the legal opinion from Town Counsel regarding the article. She explained that extension requests occur often and have worked very well for the Planning Board and applicants. Ms. Quinn added that regarding the zoning article, any changes of the name of the district or to the map should be included as part of the warrant article.

x. Article 39 – Noise Bylaw

Mr. Purple stated that Mr. Lapine requested through email that any questions from the Board be provided to him in advance and he stated he could not make the meeting this evening. Mr. Purple stated that Mr. Lapine is scheduled to meet with Advisory tomorrow evening.

II. Reports

Chairman's Report

None

Members' Reports

Mr. Stivers stated that the Board of Health is making good progress on the regional vaccination clinic in Westborough.

Ms. Braccio gave her condolences to the Hubley family on the passing of Linda Hubley. She stated Ms. Hubley volunteered at the schools, as an election worker, as a photographer for the Fire Department and she received several awards including being one of the first women to

receive the Unsung Heroine Award. She gave her deepest condolences to the family on behalf of the Board.

Town Administrator Report

Mr. Purple thanked Ms. Hale for covering the office while he was out last week.

Mr. Purple stated that the target date for the regional vaccine clinic is April 15th.

Mr. Purple stated that the architect is coming to the Southborough Golf Course for a site visit on Saturday with the goal to have plans for the putting green completed in the next month. The hope is to have the project bid and ready to begin construction in August.

III. Consent Agenda

a. Ms. Malinowski asked to hold agenda item "a." Ms. Malinowski stated she will need to abstain from this vote. Chairman Healey made a motion to approve the Signing of the May 11, 2021 Annual Town Election Warrant. Mr. Shea seconded. The motion passed (4-0-1) by roll call vote, Braccio, aye; Shea, aye; Stivers, aye; Healey, aye; Malinowski, abstained.

b. Chairman Healey made a motion to approve the Town Clerk's fee increase recommendation for fuel storage tanks. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Chairman Healey made a motion to accept donations totaling $275.00 for Southborough Youth and Family Services. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

d. Chairman Healey made a motion to revise the charge for Capital Planning - School Research Subcommittee. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

e. Chairman Healey made a motion to appointment Kathy Cook to Capital Planning - School Research Subcommittee, term 6/30/21. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

f. Chairman Healey made a motion to approve the Arbor Day Proclamation 2021. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

IV. Public Comment

None

V. On a motion made by Chairman Healey seconded by Mr. Stivers and voted all in favor by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye; the meeting was adjourned at 9:29 P.M.

Upcoming Meetings

Kathleen Barry, Recording Secretary

List of Documents referred to at the April 6, 2021 BOS Meeting:

- Citizen Activity Form, Alexandra Mills
- FY22 Department Budgets
- Trails Committee, Community Preservation Funding Application, Boroughs Loop
- Warrant for Annual Town Election
- Letter from Jim Hegarty to Mark Purple re: Suggestion for increase in fuel permit fees - $2290 increase in revenue
- Youth and Family Services Donation approval request
- Letter from Jason Malinowski to Martin Healey re: Capital Planning - School Research Subcommittee
- Arbor Day Proclamation

PROCLAMATION

Whereas, In 1872, J. Sterling Morton proposed to the Nebraska Board of Agriculture that a special day be set aside for the planting of trees, and

Whereas, this holiday, called Arbor Day, was first observed with the planting of more than a million trees in Nebraska, and

Whereas, Arbor Day is now observed throughout the nation and the world, and

Whereas, trees can reduce the erosion of our precious topsoil by wind and water, cut heating and cooling costs, moderate the temperature, clean the air, produce life-giving oxygen, and provide habitat for wildlife, and

Whereas, trees are a renewable resource giving us paper, wood for our homes, fuel for our fires and countless other wood products, and

Whereas, trees in our city increase property values, enhance the economic vitality of business areas, and beautify our community, and

Whereas, trees, wherever they are planted, are a source of joy and spiritual renewal.

NOW, THEREFORE, WE, THE SOUTHBOROUGH BOARD OF SELECTMEN, DO HEREBY PROCLAIM APRIL 30, 2021 AS

Arbor Day

In the Town of Southborough, and urge all citizens to celebrate Arbor Day and to support efforts to protect our trees and woodlands, and

Further, We urge all citizens to plant trees to gladden the heart and promote the well-being of this and future generations.

Signed this _____ day of _____ in the year of our Lord Two Thousand and Nineteen.

From: Jason W. Malinowski
To: Martin Healey
Cc: Mark Purple; Lori Esposito
Subject: Capital Planning - School Research Subcommittee
Date: Wednesday, March 31, 2021 12:22:05 PM

Hi Marty,

For your agenda next week, can you please add the following request?

With Kathy Cook's resignation from Capital Planning, it left a vacant seat on the Capital Planning - School Research Subcommittee. At our meeting on 3/29/2021, the Committee approved requesting the following from the Board of Selectmen as the appointing authority:

- Update the charge to include 1 member of Capital Planning (currently filled by Jason Malinowski), 1 member from the School Committee (currently filled by Keturah Martin), and 1 member from Advisory
- Assuming the Board agrees with the change with the charge, appoint Kathy Cook to the Capital Planning - School Research Subcommittee

Please let me know if you have any questions.

Thanks,

Jason Malinowski
Chair, Capital Planning Committee

CAPITAL PLANNING COMMITTEE- SCHOOL RESEARCH SUBCOMMITTEE

The School Research Subcommittee shall be an ad-hoc committee of the Capital Planning Committee made up of three (3) members. ~~Two~~ One(1~~2~~) member~~s~~ will be from the Capital Planning Committee, one (1) member will be from the Advisory Committee, and one (1) member will be from the Southborough School Committee. Each committee will recommend members for the respective membership positions, subject to appointment by the Board of Selectmen.

School and Town administration members may participate in the meetings in an advisory manner, but do not count towards a quorum, nor will they have a vote.

CHARGE

The primary charge of the School Research Sub-Committee is as follows:

- Review Southborough Schools K-8 Housing Study Group Summary Report, dated February 13, 2013;
- Undertake any actions to update the previously completed summary report;
- Undertake any additional steps needed to provide a comprehensive view of current and future school enrollment/space in order to provide a recommendation on whether any schools can be consolidated;
- Provide formal read-out and recommendation to Southborough School Committee and Capital Planning Committee; and
- Upon votes from Southborough School Committee and Capital Planning Committee, make presentation to joint meeting of Board of Selectmen and Advisory Committee.

TERM

The Capital Planning Committee-School Research Subcommittee appointments will be through June 30, 2021.

DRAFT

From: Jim Hegarty
To: Mark Purple
Cc: Kathy Cook; Amy Berry; Lori Esposito
Subject: RE: Suggestion for increase in fuel permit fees - $2,290 increase in revenue
Date: Wednesday, February 24, 2021 11:41:22 AM

Hi,

Sorry for a typo. We currently charge a flat fee per applicant of $15, not the $10 per applicant in my earlier email.

Jim

Subject: Suggestion for increase in fuel permit fees - $2,290 increase in revenue

Good Morning Mark,

I'm writing to recommend an increase in the annual fee for fuel permits that would generate incremental annual revenue of $ 2,900.

At this time of year, we typically send out the paperwork for people to renew fuels permits. For many years, Southborough has charged a flat fee of $10 per applicant, regardless of how many fuel tanks they have. A survey of surrounding towns shows that the fees range from $25 to $50 per tank, versus a per applicant rate.

Currently Southborough has 11 property owners with that hold 50 fuel storage licenses. (The Town of Southborough also holds a license for 4 tanks.)

The 2020 revenue for Fuel Storage Permits was $210

If we increased, the fee to charge per storage unit the price would be as follows…

$15 per unit	$ 750 annually
$25 per unit	$1,250 annually
$40 per unit	$2,000 annually
$50 per unit	$2,500 annually

I recommend that the fee be changed to $50 per tank which would generate incremental income of $2,290.

Jim

Southborough Trails Committee

Peninsula Trail Construction: Helping to Close the Boroughs Loop/Aqueduct Trail Gap

Community Preservation Funding Application

October 13, 2020

(3rd revision February 16, 2021)

Name of Applicant: Southborough Trails Committee

Contact Person: Kathryn C. McKee

Name of Proposal: Peninsula Trail Construction: Helping to Close the Boroughs Loop/Aqueduct Trail Gap

CPA Funding Requested: $47,011

Total Cost of Project: $47,011

CPA Category:

☐ **Open Space** ☐ **Historic Preservation**

☒ **Recreation** ☐ **Community Housing**

Sponsoring Organizations and/or Affiliations:

Mailing Address: 18 Walnut Drive, Southborough, MA 01745

Daytime Phone Number: 508-479-0971

Email Address: kmckee@southboroughma.com

Please complete the project description of the following pages and include with your application

Project Description:

In describing the project, please include answers to the following questions. Applications may be returned as incomplete if all relevant requested information is not provided. Include supporting materials and exhibits as necessary.

The proposed Peninsula Trail is a 1.6-mile section of trail on a parcel of land near the Fayville Dam, north of Rt. 30, that overlaps an existing access road. See Appendix A for map. The property is owned by Massachusetts Department of Conservation and Recreation (DCR) and the Massachusetts Water Resources Authority (MWRA). The Trails Committee has been working with both entities to put a public access plan and 8(m) Permit (public access to Aqueduct Trails) in place to construct the trail for last several years.

This section of trail is part of a 33-mile regional Boroughs Loop Trail (BLT) that connects the trail networks of Marlborough, Northborough, Westborough and Southborough. The trail will also be part of MWRA's Aqueduct Trail system and will serve as a future connection to Framingham's Aqueduct Trail on the east side off Pine Hill Road. The BLT is adjacent to, and intersects with, the Bay Circuit Trail, a 230-mile regional trail extending through 37 communities. Constructing this section of trail will help to close an important trail gap in Southborough (largest remaining gap for the BLT) and fulfill the town's commitment to complete this initiative. Parking will be available for 2-4 cars at the Rt.30/Central street location.

This project consists of two components:

- Wayfinding/regulatory interpretive and historical signage
- Fencing to enclose the Hosmer Riser Shaft

Wayfinding/Regulatory, Interpretive and Historical Signage:

Signage will be added at the trail end points (Rt.30/Central Street and Stony Brook Road/Rt.30) to display permitted uses, restricted activities, maps, historical, and educational information. Additional interpretative signage and historical markers will be added at key locations along the trail to highlight the history of the land, the building of the dam, and the Sudbury Reservoir. Displaying this information will help to create more awareness around the importance of protecting and managing watersheds, reservoirs, wildlife habitat, including forest management practices. The budget will include funding for signage on the recently reconstructed Bay Circuit/Boroughs Loop Connector Trail located east of this proposed trail off Rt.30. Wayfinding and regulatory signage will be added as needed to keep trail users on the designated trail. Historical signage will be proposed for key locations to display information about the Sudbury Dam Historic District. The Historical Commission has agreed to work with the Committee to confirm all historical information included on the signage. The Committee has the support of the Recreation Commission as well.

Fence Enclosure for the Hosmer Riser Shaft:

The Trails Committee will contract with a vendor to install 8' chain-link fence around the Hosmer Riser Shaft to prevent public access. This project requires approximately 230 linear feet of chain-link fence with two gates (one pedestrian, one vehicle). MWRA provided specifications that will be used to guide the vendor in material selection and the Commonwealth's procurement requirements.

Opportunity to Expand the Project Scope:

If CPA funds are awarded, the Committee would like to leverage this money and use it as as matching funds for the 2022 DCR MassTrails grant to expand the project scope to include the following:

- Evaluate trail for accessibility compatibility (e.g., moving gate; accessible parking; slope issues)
- Installation of a crosswalk at Central and Rt. 30 and improve other trail crosswalks
- Add historical signs on other trails at key locations

However, if additional grant funds cannot be obtained through the MassTrails grant in 2022, the Committee will plan to execute the original project scope, outlined above, using the CPA funds awarded through this application.

Cost to Build a Comparable Trail:

If Southborough were to invest in building a comparable trail, based on cost estimates provided by a variety of sources[1], the cost range to build this trail (.6 mile paved; 1-mile dirt), including fencing and proposed signage, but excluding any equipment rental, would be roughly: $245,000 - $292,000.

[1] Appalachian Mountain Club provided a trail building estimate for earthen trails at a range of $16 to $25/mile depending on the project, excluding any equipment rentals that may be required. Southborough DPW provided a rough estimate for a .6 mile paved surface, approximately 10-12' wide, with 3" asphalt, of $115,000. Another source (Santa Rosa, CA) provided a $25/linear foot estimate to build a dirt/soft trail (see page 4). And, a third source, the Reading MA Ipswich River Greenway Feasibility Study, also estimated $25.00/linear foot to build a dirt trail.

1. **GOALS: What are the goals of the proposed project? Who will benefit and why? How will success be measured?**

   Goals:

   - **Expand recreational resources and opportunities** for residents and the broader community
   - **Help to close a critical gap** for two regional trails: Boroughs Loop and the Aqueduct Trail
   - **Educate trail visitors** by **sharing Southborough's history and culture** to encourage and strengthen community engagement
   - **Enhance awareness** about the importance of protecting/managing watersheds, wildlife habitats, and forest management best practices

   Who will benefit and Why:

   Southborough residents and the broader community are the intended beneficiaries.

   The importance of having adequate open space in communities is well known. Communities that offer open space can benefit economically by attracting more permanent residents as well as visitors. Trails also create healthy recreational opportunities for people of all ages.

   The Trails Committee has been charged with creating, monitoring, and maintaining trails in Southborough. Our efforts are focused on improving the community's awareness about local trail resources and developing new recreational resources as the opportunity arises. Since the Pandemic, Southborough's open space and trails have been getting more use than ever before. Expanding the town's recreational opportunities by adding another trail will help to reduce overuse of the existing resources. Adding interpretative signage to the trails not only makes the experience more interactive, but it also conveys important information about Southborough's history and promotes the importance of conservation.

   How will success be measured:

   "Build it and they will come". Success will be measured by how often the trail is used and from solicited and unsolicited feedback of trail visitors.

   The Committee has been increasing its community outreach and engagement through the active participation in local events (Heritage/Earth Day), use of social media, and via our website for years. These activities have helped us raise awareness about Southborough trails and strengthen our relationships with residents and community members. As we continue to monitor the trails and engage with visitors, our conversations will help keep us aware of their experiences.

2. **ELIGIBLIBLITY: Define how the project meets CPA requirements and fits the criteria as outlined in the Southborough CPA Plan located at www.southboroughcommunitypreservation.org**

   This project meets four of the six CPA criteria for recreation projects outlined in the Southborough Plan:

   - Support multiple recreation uses
   - Serve a significant number of residents

- Expand the range of recreational opportunities available to Southborough residents of all ages
- Jointly benefit the Open Space Preservation Commission, Conservation Commission and Recreation Commission initiatives

The project also meets the recreation goals to expand trail systems on conservation land and create partnerships and agreements with private landowners to promote passive recreation. Although this project is categorized as a recreation project, it also meets the Open Space goal (and criteria) listed in the plan to create trail linkages including new trails, walkways, and greenways. The project also overlaps with the Open Space criteria of providing opportunities for passive reaction and environmental education. The proposed trail is located next to the Sudbury Dam Historic District (Fayville Dam) which is listed in the U.S. National Register of Historic Places. The interpretive and historical signage will take Southborough trails to the next level. Trail visitors will learn about important historical information while enjoying the outdoors.

3. COMMUNITY NEED: Why is this project needed? Does it address needs identified in existing Town plans?

Walkability, trails, and access to open space have been identified as some of the highest priorities when Southborough residents were asked to provide feedback via public forums or surveys since before the 2008 Master Plan was completed.

The following common themes appear in all the responses:

- Increase the walkability of Southborough through trails and walking paths
- Enhance recreational opportunities for all ages
- Improve connectivity to regional trail networks and surrounding communities

These recurring themes are noted in the 2008 Master Plan, the 2019 and 2020 public forum and survey results (data that will be incorporated into the 2021 Master Plan), the 2017 EDC survey and 2018 technical assistance session, and the 2016 public forums and open space and recreation survey results that were incorporated into the 2019 Open Space and Recreation Plan Update.

The following rankings and comments have been extracted from the Master Plan Survey conducted in the spring of 2020:

Ranked Extremely Important:

- Strategically enhance connectivity within Southborough and with surrounding communities, (sidewalks. Trails, pedestrian crossings)
- Develop recreation facilities and activities to meet a broad range of ages and interests

Ranked Important:

- Enhance connectivity of open space with Southborough and with neighboring communities
- Natural resources use

Other Objectives List by Respondents:

- *"Connectivity between different areas of town, walking/biking options to get downtown…"*
- *"Connect trails to other loops and towns"*
- *"Some trails have become overcrowded. Lack of parking areas"*
- *"Leverage the town's historic assets and historic district"*
- *"Southborough is the gap in the regional trails loop – this is embarrassing"*
- *"Trails, walking and biking connectivity would be good for the environment, public health and sense of community"*

4. COMMUNITY SUPPORT: What is the nature and level of support and/or opposition for this project?

The Boroughs Loop Trail is a collaborative effort, that was kicked off in 2012, among the surrounding communities of Marlborough, Northborough, Westborough, Southborough, with additional stakeholders including Sudbury Valley Trustees, Southborough Open Land Foundation, and Westborough Community Land Trust.

Support for developing trails and expanding recreational opportunities has been favorably noted in every outreach exercise conducted in Southborough since 2008. For this specific project, an outreach initiative will take place for residents who may be directly impacted by the trail. The Committee has met with Southborough's Conservation Agent to discuss the abutter identification and notification process. Working in conjunction with DCR and MWRA, and the relevant Southborough departments, the Committee anticipates outreach will commence in 2021.

The Historical Commission and Recreation Commission have both voted to support this project. DCR and MWRA have also provided letters of support as referenced further below.

5. **BUDGET: What is the total budget for the project and how will CPA funds be spent? All items of expenditure must be clearly identified, and back-up documentation provided. Distinguish between hard and soft costs. (NOTE: CPA funds may NOT be used for maintenance.) Include a two to five-year budget, if appropriate.**

Task	2020 Quote	Total Cost
Fencing: Hosmer Riser Shaft (materials & Labor at standard prevailing wage)	$ 31,912.00	$ 31,912.00
Signage		
Trailhead Wayfinding/Regulatory Signage (End points)	$ 3,200.00	$ 3,200.00
Interpretive & Historical Signage Peninsula Trail (4 on trail)	$ 3,502.00	$ 3,502.00
Interpretive & Historical Signage Boroughs Loop/Aqueduct Connector Trail (2 on trail)	$ 1,158.00	$ 1,158.00
Design & Production + Color Sample	$ 1,960.00	
Shipping	$ 1,005.00	
Total Signage, Hardware, Materials, Installation Costs	**$ 10,825.00**	**$ 10,825.00**
Project Subtotal		**$ 42,737.00**
Project Contingency 10%		**$ 4,273.70**
Project Total		**$ 47,011.00**

See Appendix B for Fence Quote and B.1 Structure Image; See Appendix C for Signage quote, C.1 for budget breakdown and C.2 for sign Examples

6. **FUNDING: What funding sources are available, committed or under consideration? Include commitment letters, in kind donations and volunteer hours, and describe any other attempts to secure funding for this project.**

As noted in the project description on page 3 under "Opportunity to Expand the Project Scope", if CPA funds are awarded, the Committee would like to leverage this money as matching funds for the 2022 DCR MassTrails grant to expand the project scope. However, if funds are not secured through the 2022 DCR MassTrails grant program, the Committee will proceed with the original project scope using the funds provided through this application. The amount of the additional funding amount is not known at this time. We estimate roughly 395 volunteer hours to execute the original project over a six-month period.

7. TIMELINE: What is the schedule for project implementation, including a timeline for all critical elements? This should include the timeline for expenditures, receipt of other funds and/or other revenues, if any.

Project Timeline	Mar-21	21-Apr	May-21	Jun-21	Jul-21	Aug 2021 - Jan 2022	Feb-22	Mar-22	Apr-22	May-22	Jun-22	Jul-22	Aug-22	Sep-22	Oct-22	Nov-22	Dec-22	Jan-Dec 2023
Annual Town Meeting 2021; vote on application (Scheduled extended to account for possible COVID-19 impacts)																		
Pending DCR Sudbury Public Access Plan update, Memorandum of Agreement Renewal, and Execution of the MWRA 8(m) Permit																		
Submit DCR MassTrails Grant Application (Deadline February 1st)																		
Expected Grant Award Notifications (150 days after application deadline)																		
Grant Contracting Process																		
Commence Project: Fencing																		
Commence Design Phase for signs																		
Commence Implementation Phase for Signs																		
Sign Installation																		
Project Execution Phase may extend into 2023, pending vendor schedule, availability, weather, and/or any other unexpected delays																		

Click Appendix D for enlarged timeline

Should funding for this application be approved at the Annual Town Meeting in 2021, the Committee anticipates getting started with the project once the Public Access Plan approved.

8. IMPLEMENTATION: Who will be responsible for implementing the project? Who will the project manager be? What relevant experience does the proposed project manager have? Who else will be involved in project implementation and what arrangements have been made with them?

The Trails Committee will be responsible for the project implementation. Kathryn McKee, Chair, will serve as the project manager, with active support from the Committee members.

The Historical Commission will assist in fact-checking historical information used on all signage. We will also look to the Commission for any guidance on historical sign dimensions and placement. DCR and MWRA will approve all aspects of the project, from materials used, location of signage, and the project schedule.

The following highlights the relevant experience of the Project Manager:

- Led the reconstruction of the Bay Circuit/Boroughs Loop Trail Connector Trail in 2020
  - Organized BCT Volunteer work crew for technical trail buildout; worked alongside crew to learn additional trail building skills
  - Coordinated volunteer work parties and worked alongside volunteers to finish trail buildout
- Attended DCR Trails Conference and hands-on trail building/maintenance workshop (2017 & 2019)
- Attended International Trails Symposium and hands-on trail building workshop (2019)
- Attended Leominster Trail Stewards trail maintenance workshop (2020)
- Chair of the Trails Committee for 3 years; a member for 3.5 years
- Experience with a variety of trails in NH White Mountains; hiked 48 4000'ers
- Additional volunteer experience: currently serving as a member of the Stewardship and Master Plan Committees
- Business experience: Over 20 years in operations and administration overseeing, planning and monitoring daily business activities including financial, IT, HR operations and vendor

management. For the last 7 years, also served on the management team of a renewable energy consulting firm as Director of Operations.

9. **MAINTENANCE: If ongoing maintenance is required, who will be responsible and how will it be funded? Please include a detailed five-year budget.**
   The Committee will be responsible for maintaining the signage and fencing. The sign materials provided in the quote include a 10-year warranty. Any future maintenance requirements will be funded through grants or other available funding sources.

10. **FURTHER DOCUMENTATION: documentation that you have control over the site, such as a Purchase and Sale Agreement, option or deed. (Letters of support from relevant town entities)** The parcel of land is owned by DCR and MWRA. Letters of Support for this project from both agencies are included in Appendix G. A Public Access Plan is needed by DCR and an 8(m) Permit Public Access of the Aqueduct Trails is required from MWRA before the trail can be opened to the public. The Public Access Plan Update is listed in DCR's fiscal year 2021 workplan and is scheduled for completion by Q4 (June 2021), although this schedule is pending confirmation. (see: FY21 Division of Water Supply Protection Office of Watershed Management Work Plan, June 2020, PDF page 9, Task No. E9)

11. **FEASIBILITY REPORTS: any feasibility reports, renderings or other relevant studies and material.**
    A Boroughs Trail Feasibility Study was completed in January 2013 by the City of Marlborough's Economic Development Corp. with the help of Metropolitan Area Planning Council and Central Massachusetts Regional Planning Commission.

12. **ZONING COMPLIANCE: evidence that the project does not violate any zoning by-laws or any other laws or regulations, including environmental, and/or plans to obtain necessary approvals.**
    This proposed trail will overlap an existing access road. Only minor trail construction is required on the east side of the property, near Stony Brook Road. Other than the fencing and sign installation, which will include an approval process involving DCR and MWRA, no other construction is required. The Committee conducted a site visit with the Southborough Conservation Agent in 2019 and discussed the project details. We will reach out to obtain any necessary permits and/or documentation to demonstrate the project poses no environmental threat or other issues.

13. **OTHER INFORMATION: any additional information that might benefit the CPC in consideration of this project.**

    The following attachments are included:

    - Attachment A: Proposed Peninsula Trail Map
    - Attachment B, B.1: Fence Quote and Hosmer Riser Shaft Image
    - Attachment C, C.1, C.2: Sign Quote, Budget breakdown, and Examples
    - Attachment D: Project Timeline Enlarged
    - Attachment E: Letter of Support from Recreation Commission

- Attachment F: Letter of Support from Historical Commission
- Attachment G: Letter of Support from MWRA and DCR

Applicant requirements after CPC recommends project for Town meeting:

- *A representative of the project will be required to be present when all CPC recommendations are reviewed at a Board of Selectman and an Advisory Committee meetings (to assist with fielding any additional questions concerning the project)*
- *All Town Meeting approved projects must submit a project schedule and proposed payment timeline*
- *All Town Meeting approved projects are required to present progress reports at 6 month intervals along with a written progress report to the CPC.*
- *All projects approved at Town Meeting are required to include appropriate permanent signage and publicity indicating funding was provided by Southborough CPA. (wording should be reviewed with the CPC prior to completion of the project)*

Town of Southborough
Recreation Commission
21 Highland Street
Southborough, MA 01772

To: Kathryn Mckee, Trails Committee Chair
Cc: Tim Davis, Director of the Recreation Department
Subject: Recreation Commission support of Proposed Peninsula Trail

Ms. Mckee,

I am writing to express the Recreation Commissions support of the efforts led by the Trails Committee to further our trails in town. Thank you for taking the time to attend our Recreation Commission meeting on October 5, 2020 to share your plans in detail and answer questions. As a result, the Commission took a vote and voted unanimously to support this effort and your application to seek funding from the Community Preservation Committee (CPC).

Please let me know if there is anything else we can do to support these efforts.

Thank you,

Jen

11 October 2020

Dear Kathryn,

At a meeting on September 28, 2020, the Southborough Historical Commission voted 6-0 to support the proposed renovations/additions to the Peninsula Trail. Further, the SHC has indicated its willingness to aid with creating the historical markers as proposed by the Trials Committee.

We wish you the best of luck with this worthy endeavor.

RE: Peninsula Trail Project / Boroughs Loop Trail
Southborough, MA

Dear Ms. McKee:

The DCR Division of Water Supply Protection (DWSP) owns lands in the Wachusett and Sudbury Reservoir watersheds that are maintained for protection of the metropolitan water supply system. Portions of the Boroughs Loop Trail are located on our watershed protection properties in different communities. The Southborough Trails Committee has worked with the DWSP to construct, maintain and improve the Boroughs Loop Trail where it crosses DCR DWSP properties in the Sudbury watershed. The Southborough Trails Committee is currently proposing a project to extend the Boroughs Loop Trail with the Peninsula Trail Project, crossing DCR land near the Fayville Dam. DCR has been engaged in discussions regarding this project since 2017 and DCR is supportive of the proposed project to develop and formalize this portion of the trail.

Although the DCR DWSP lands' primary purpose is water supply protection, much of our lands are open for passive recreation. This is detailed in our watershed Public Access Plans. At present, the land for the proposed trail route is not identified as publicly accessible in the 2010 Sudbury public access plan. This access plan is due to be updated, and we anticipate that the updated plan will reflect changes to access to include public access along the new portion of trail.

If there are any questions, please feel free to contact me.

Sincerely,

Jamie Carr
Regional Director
Division of Water Supply Protection

October 9, 2020

Southborough Trails Committee
Recreation Department
17 Common Street
Southborough, MA 01772

Dear Southborough Trails Committee:

I write today on behalf of the Massachusetts Water Resources Authority (MWRA) in support of the Southborough Trails Committee's (STC) application for Community Preservation funding for the proposed ***Peninsula Trail Project: Closing the Gap of the Boroughs Loop and Aqueduct Trail Regional Trail Systems***. Through the installation of fencing, interpretive and historical signs, as well as some trail build out, the Peninsula Trail Project will allow hikers and walkers access to a unique perspective of MWRA's historic water system and the Department of Conservation and Recreation land designated to protect it.

In 2012, MWRA began its Aqueduct Trails Program to increase recreational access to portions of backup aqueducts in local communities. It has been a successful partnership resulting in the creation of more than 20 miles of trails across nine communities. From the beginning, MWRA and STC have collaborated to increase access to public lands by opening new trails and improving existing pathways. We are extremely proud to be part of this effort.

MWRA has placed a high priority on improving pedestrian access and passive recreation along the Sudbury Aqueduct. We feel that STC's application is deserving of Community Preservation funds that will further their efforts and provide critical connections with the Sudbury Aqueduct Trail and the Bay Circuit Trail in Southborough and Framingham. MWRA supports the Southborough Trail Committee's commitment to open space and trail development throughout the community.

Thank you for the opportunity to support this application.

Sincerely,

Frederick A. Laskey
Executive Director

COMMONWEALTH OF MASSACHUSETTS
WILLIAM FRANCIS GALVIN
SECRETARY OF THE COMMONWEALTH

WARRANT FOR ANNUAL TOWN ELECTION

Worcester, SS.
To the Constable of the Town of Southborough.

GREETINGS:
In the name of the Commonwealth, you are hereby required to notify and warn the inhabitants of all Precincts of the Town of Southborough who are qualified to vote in the elections, to meet in the gymnasium of the P. Brent Trottier Middle School, 49 Parkerville Road, Southborough, Massachusetts, on Tuesday, May 11, 2021, to cast their votes in the Annual Town Election for the candidates for the following offices:

Seats Available	ELECTED POSITION	Term
1	Board of Assessors	3 years
1	Board of Commissioners of Trust Funds	3 years
1	Board of Health	3 years
1	Board of Selectmen	3 years
2	Board of Trustees Southborough Library	3 years

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, April 13, 2021, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey opened the meeting at 6:30 P.M. and read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

I. Public Comment

Claire Reynolds, CCR Consulting, stated that the Planning Board asked the EDC at their April 2019 meeting to create a document regarding the Downtown District that the Planning Board could review. She added that the initial intent and request was to add mixed-buildings into the current bylaw. She explained that there are eight items the Planning Board considers outstanding and the implications of brining this bylaw to Town Meeting without full support of all involved. Chairman Healey stated he understood the impact on funding that could transpire if this bylaw is not supported and stated the Board will try to ensure that fact is punctuated in the future.

I. Scheduled Appointments

Joint Meeting with Advisory Committee

i. FY22 Budget

Kathy Cook, Chair of the Advisory Committee called their meeting to order at 6:36 P.M. Chairman Healey asked for Mr. Probst and Ms. Varner to join as participants.

Angela Varner, member of the Municipal Technology Committee, presented the IT budget that included the salary for the IT Director and IT Manager as full-time positions. The MTC has begun a department review to understand technical issues. They have funding to conduct this study which reviews the types of data departments handle, technical issues and the security they have in place. There is funding for software costs, contracted services and a small amount of funding for employee training. Funding for additional workstations has been moved from the IT budget and placed in the Capital budget. Mr. Probst reiterated that while they are looking at regional

staffing models the need to fund two full-time positions is necessary. Ms. Cook stated that the ClearGov software price was removed from the budget but requested adding $4,000 back into that line item. The Capital Committee and Mr. Ballantine agreed. Mr. Probst added that the new IT Director while not in place as yet, has been updated on the MTC's discussions. Ms. Malinowski reminded the Board that the town auditor recommended to stop hiring for new positions. She suggested that if a new position is added then a position needs to be identified as being cut.

Mr. Martel addressed the urgency of cyber security and sited an article outlining one out of six communities in Massachusetts that have had a ransomware demand. The average payment in the form of bitcoin is $400,000. He indicated that in addition to hospitals being vulnerable, town governments and schools are the primary targets. He feels the Town's two key risks are cyber security and HIPPA compliance.

Mr. Pfaff referenced State guidance on the CARES Act outlining uses for the funds that included accelerated telework capacity, infrastructure subscriptions for free meeting services and hardware laptops. Jason Malinowski addressed the consulting budget and how to determine what the correct amount is for that line item. He stated that the budget would allow for the new IT Director to get the needed expertise whether it would be for cyber expertise, desktop support or any other numerous capacities. He feels that instead of creating a permanent benefited position, a consulting budget would allow for access to temporary expertise for the IT Director to determine as necessary. The benefit is having access to multiple individuals of focused expertise. He clarified that the $40,000 in the Capital budget is not for workstations. It was voted for infrastructure to support recommendations for moving to the cloud. If that were to change, then the article would have to be changed. Mr. Pfaff stated that both permanent IT positions were necessary along with a consulting budget to bring in cyber security expertise. Mr. Stivers stated that the MTC has very qualified volunteers who have agreed to work with the town and are viable resources. The IT budget of $447,285 has not been voted on by the Advisory Committee. There was discussion and a suggestion to include $26,000 into the budget for laptops and to remove the $5,000 previously discussed for line item forty-one if it is identified as not being needed.

Ms. Cook presented the Board of Health budget as updated from their April 9, 2021 meeting. The Board of Health is seeking three full-time positions starting July 1, 2021 which include Health Director, Public Health Nurse, and an administrative assistant. They are also seeking a $10,000 scanner. All of these additions were presented as increasing inspectional services for food and septic systems. Ms. Cook walked the Board through the Board of Health's agreed spending for fiscal year 2021 and how they will be using the CARES Act funding to offset costs. She stated that Advisory has agreed to support the Public Health Director full-time position. Ms. Malinowski and Ms. Braccio agreed that delaying this decision until a fall town meeting would increase the possibility of finding a mutually agreeable plan as the Shared Services Grant already will be in effect. There was discussion between the Board and Advisory regarding delaying the decision, supporting the requests from the Board of Health and how to present this article at Town Meeting.

Ms. Cook stated that the Advisory Committee has not voted on the proposed addition of a meals tax or the Advisory bylaw change. She added that Advisory will take a position on the South Union School at Town Meeting, the noise bylaw was not supported and final votes on the CPC articles will be taken at a future meeting. Chairman Healey stated he was concerned about the enforcement aspect of the lighting bylaw. Ms. Cook added that Recreation will need to look at

how the lighting bylaw could impact their lighting projects for fields. Mr. Stivers asked for the proposed changes to the noise bylaw and a revised version was not provided. Chairman Healey outlined his concerns on the Site Plan Review article presented by the Planning Board regarding timeframe of approval.

Ms. Cook gave an overview of the Advisory bylaw and invited Mr. Butler to summarize the changes that would be implemented if this article were to pass. Those included officially adding a position of Vice Chair, decreasing the number of committee members from nine to seven, adding language to allow an Advisory member to sit on a committee that is charged with capital planning for the Town and changing the language so that all members of ad-hoc committees present at a meeting are included the quorum. These members must recuse themselves from the discussion. Ms. Cook added that the Advisory Committee is in full support of the proposed changes. The Board agreed to support this article.

The Board and Advisory supported the addition of a 0.75% meals tax at prior meetings. Ms. Cook gave an overview of how those votes were decided and when implementation would occur. Mr. Malinowski made a motion for Advisory to support the addition of a 0.75% meals tax to the 2021 Annual Town Meeting warrant article with the condition that the Board has the final authority of setting a start date to be no earlier than January 1, 2022. Ms. Budz seconded. The motion passed (6-1-0). Mr. Pfaff made a motion to adjourn the Advisory Committee meeting at 9:30 P.M. Ms. Budz seconded and the roll call vote passed (7-0-0) all in favor. The committee members left the meeting.

ii. ATM warrant articles

Chairman Healey asked the Board to send any articles they would like to discuss before voting on for the next meeting. Mr. Purple stated that the warrant needs to be voted on by next Tuesday. Mr. Shea stated he cannot make the next meeting but asked the Board to proceed to vote in his absence. Mr. Stivers stated that it is important to reach a consensus on both the Board of Health and IT budgets before Town Meeting. The Board agreed.

II. Reports

Chairman's Report

i. Scheduling of upcoming agenda items

Chairman Healey asked the Board to send any Selectmen goal items they would like to discuss at the May 4th meeting to Mr. Purple. The Board agreed.

Chairman Healey stated that Southborough Little League Baseball will be sending a letter to name a baseball field after Brian Shifrin. Ms. Braccio stated that they will be moving forward with the dedication on June 2, 2021 which is also Lou Gherig's Day. Chairman Healey stated this topic will be on the May 4th agenda.

Chairman Healey updated the Board that the Downtown Initiative zoning article will need a 50% vote to pass at Town Meeting. He added John Wood requested the Board be very deliberate on their positioning of this article.

Chairman Healey stated he had a series of meetings with St. Mark's and Fay School for targeted PILOT donations. He added that Fay contributions funded materials related to the COVID-19 pandemic. He stated that the approach to these conversations will be as partners as opposed to adversaries.

Chairman Healey said he has had discussions with representatives of the veterans regarding the flags at the Old Burial Ground and the letter from Mr. Kolenda and Mr. Whynot's were included in the packet. He added that he does not want this issue to impact Memorial Day celebrations. This topic will be added to the May 4th agenda.

Mr. Stivers stated that the flagpole at the Town House looks great. Chairman Healey agreed and gave Mr. Purple, Mr. Parent and Attorney Cipriano accolades for their work to ensure the flag was restored.

Members' Reports

None

Town Administrator Report

Mr. Purple stated that the regional vaccination clinic opens tomorrow and there are 1,500 doses of Moderna and sixty dedicated appointments for each community. He thanked Ms. Hale, Dr. Alker and members of the Board for assisting in filling the appointments. He stated there should be 1,500 more doses next week and thanked Kristin Black, Northborough Health Agent, for coordinating the clinic. Chairman Healey stated that with more people vaccinated, the Board should strive to meet in person and coordinate with the IT Department. He asked that this topic be added to the May 4th agenda. Mr. Purple agreed and stated the issue is bringing the public into the meetings safely.

Mr. Purple stated that Mr. Ballantine and he are working with Mr. Parent to open the Town House first floor on a limited capacity for the public to pay their taxes in person.

Ms. Braccio stated there are six volunteers from CERT/MRC each day at the vaccination clinic and thanked them for their service. Mr. Stivers asked if there are any State guidelines regarding meeting participation electronically. Chairman Healey stated he had not seen anything and Ms. Braccio stated she attended the MMA Board meeting today and they discussed hybrid and outdoor town meetings. She stated that she will send this question to the MMA.

III. Consent Agenda

a. Chairman Healey made a motion to approve the March 23, 2021 Open Session minutes. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

IV. Other Matters Properly Before the Board

Selectmen recommendations on ATM warrant articles

Mr. Ballantine recommended three DPW pieces and three fire pieces that would be eligible for leasing. He explained that interest rates are lower for leasing and it could save $230,000 - $240,000 in this budget to be spread over the term of the lease. He explained leasing versus bonding the fire tender and the impact a potential FEMA grant could have on both options. He stated that if the grant is not granted by Town Meeting, he would recommended bonding the fire tender. Mr. Ballantine explained an upcoming recommendation from the Capital Planning Committee regarding the use of life for equipment. He explained all are seven years except the ambulance which is to be recommended at five years. Mr. Purple asked the Board to decide whether to move forward with supporting a lease or bonding for the tender as Bond Counsel

would have to restructure the article if it is not supported. Chairman Healey stated that he was comfortable with leasing the tender. The Board agreed.

Ms. Braccio updated the Board that she will be sending letters out to lot owners next week and there are five outstanding issues the Planning Board is seeking resolution to in regards to the Downtown District. She asked the Board to consider delaying the Downtown Initiative to a fall town meeting. She outlined outstanding issues including an opinion from Attorney Costa regarding the zoning map. Ms. Braccio listed reasons to hold this until a fall town meeting which included having more time for public outreach, time to create a presentation, addressing outstanding issues and holding more public forums. She added that there is still grant money available and she has reached out to Ms. Connelly and Mr. Wood to ensure them this is not an attempt to hinder progress. Ms. Malinowski agreed to postponing this article to a fall town meeting as there will be more time at a fall town meeting for a full debate. Mr. Shea stated he is in support of a fall town meeting as well and praised the EDC for their work. Mr. Stivers agreed to postponing the article and felt that having time to do more could substantially increase its ability to pass. Ms. Braccio asked about withdrawing the article from the warrant. Mr. Purple stated that based on the sentiment of the Board, he can simply remove the article and begin to plan for a fall town meeting. Ms. Braccio added that she spoke with Ms. Connelly and Mr. Wood and they would like to hold a final joint meeting with the Board and Planning Board prior to fall town meeting.

Chairman Healey stated the warrant articles will be on the April 20th meeting agenda.

V. Public Comment

Kevin Miller stated that Ms. Braccio's comments regarding the Downtown District were encouraging. He added that he attended the meetings where the EDC and Planning Board spoke about the Board sending letters to split lot owners. He asked that the letters are also sent to abutters as he felt this could impact abutters as well as split lot owners. Mr. Miller asked that the letter be made public. Ms. Braccio thanked him for his comments and stated that she will be reaching out to him this week for a larger discussion.

VI. On a motion made by Mr. Shea, seconded by Mr. Stivers and voted by roll call all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 10:17 P.M.

Town Finance Terminology

The following terms are frequently used in the Advisory Committee Report and at Town Meeting. For your convenience, we provide the following definitions.

Surplus Revenue: (Often referred to as "Excess and Deficiency")
The fund represents the amount by which the Cash, Accounts Receivable and other floating assets exceed the liabilities and reserves.

Available Funds: (Often referred to as "Free Cash")
The amount of the Unreserved Fund Balance (Surplus Revenue) account over and above uncollected taxes of prior years constitutes "free cash" or "available funds".

Overlay:
The Overlay is the amount raised by the Assessors in excess of appropriations and other charges for the purpose of creating a fund to cover abatements and exemptions as granted.

Overlay Reserve:
This is the accumulated amount of the Overlay for various years not used or required to be held in the specific Overlay account for a given year, and may be used by vote of the town for extraordinary or unforeseen purposes or voted into the Reserve Fund.

Stabilization Fund:
An outside section of Chapter 138 of the Acts of 1991 (the FY92 State budget) modifies limitations on the Stabilization Fund appropriation process by enabling communities to appropriate from this fund for any non-capital, lawful purpose without Emergency Finance Board approval (section 333). Beginning in FY92, the Stabilization Fund will thus become a source of revenue for general operating expenses for communities.

The Stabilization Fund is a mechanism for setting aside money for capital projects. It equalizes the effect of capital expenditures over time, as capital appropriations can change considerably from year to year. The balance in the fund will build up during years when expenditures for capital items are low. During years with high capital expenditures, the community will transfer money from the fund to reduce the project's impact on the tax rate or the amount of borrowing required for the project.

A community may appropriate up to 10% of its tax levy each year, as long as the balance in the Stabilization Fund does not exceed 10% of the community's equalized valuation. Interest earned on any fund balance is retained as part of the fund.

Appropriations into a Stabilization Fund can be made at either an annual or special town or district meeting. Chapter 94 of the Acts of 1985 permits appropriations to be made from a Stabilization fund at a special town or district meeting, not just at the annual meeting. Regardless of the timing, appropriations from the Stabilization Fund require a two-thirds vote by the appropriating authority. Until the FY92 state budget, a community could only appropriate from the Stabilization Fund for a none-capital purpose with the approval of the Emergency Finance Board.

Reserve Fund:
This fund is established by the voters at the Annual Town Meeting only and may be composed of (a) an appropriation (not exceeding 5% of the tax levy of the preceding year), (b) money transferred from Overlay Reserve, or (c) both. Transfers from the Reserve fund may be made only by the Advisory Committee and are for "extraordinary or unforeseen expenditures" only.

Conservation Fund:
For land purchases and any other conservation use.

DRAFT

Introduction to the Rules of Town Meeting

Southborough's Town Meeting is an open town meeting in which all registered voters may participate. Town Meeting is a deliberative assembly, conducted via a defined process, charged with considering a maximum number of questions of varying complexity in a minimum amount of time and with full regard to the rights of the majority, strong minority, individuals, absentees and all of these together. In other words, we gather for the purpose of conducting the Town's business thoughtfully and efficiently.

AUTHORITY

The three elements of authority at Town Meeting are a quorum of one hundred (100) registered voters or more, the Clerk and the Moderator. Of these three, the quorum is the most important.

The Town Clerk is responsible for voter registration, certification of a quorum, setting up the hall and keeping the record of the proceedings. He may also officiate Town Meeting in the absence of a Moderator.

The Moderator presides at and regulates the proceedings, decides all questions of order, and makes declarations of all votes. No one may speak on an issue without being recognized by the Moderator. It is the Moderator's responsibility to approve the distribution of materials, and persons wishing to do so must seek his permission. The Moderator appoints Tellers and alternates for the purpose of counting votes of the meeting.

THE WARRANT

All matters to be considered at Town Meeting must be published in the Town Meeting Warrant, which is the responsibility of the Board of Selectmen. The primary and most important purpose of the Warrant is to notify voters in advance the nature of the business to be taken up at Town Meeting. By state law, Town by-law or custom, several business articles (such as budget appropriations) must be presented in the Town Warrant each year for consideration. Other items are added by warrant articles proposed by Town officials, committees, boards, or groups of ten or more registered voters. The Advisory Committee reviews the Warrant, making recommendations on all the items of business to be presented. In accordance with the Town by-laws, all articles in the Warrant are considered in the order in which they appear in the Warrant, unless the Town Meeting votes to change the order for reasons that reasonable people would entertain.

PARTICIPATION

Any voter wishing to participate in Town Meeting must go to one of the floor microphones and wait to be recognized by the Moderator. Upon recognition by the Moderator, first state your name and address, and then state your business.

Anyone whose name is not on the list of registered voters requires the approval of either the Moderator or a majority of the Meeting to sit in the voting area.

All remarks shall be limited to the subject then under discussion. It is improper to indulge in references to personalities, and all expressions of approval or disapproval, such as applause or booing, are out of order. The Moderator may request any person to keep silent. If after warning from the Moderator, a person refuses to be silent or persists in other disorderly behavior, the Moderator may order a person to withdraw and if he fails to withdraw, may order a police officer to remove such person from Town Meeting.

Individuals who have a personal or financial interest with respect to a matter may speak or vote thereon but should frankly disclose their interest. However, no Town Meeting voter should accept compensation for participating without disclosing that fact.

There is no fixed time limit to the debate of any question. However, out of consideration for the others in attendance and the need to give adequate time to all matters coming before Town Meeting, each individual who speaks should make an effort to be as brief as possible and avoid repeating facts, views or opinions already expressed by others.

DRAFT

Introduction to the Rules of Town Meeting (continued)

Anyone wishing to make a presentation with respect to any article must, prior to Town Meeting, obtain the Moderator's approval.

In order to give all a fair opportunity to speak, no one who has addressed any particular motion shall speak again, except to answer questions, until all others wishing to speak to the motion have done so.

HOW ARE MOTIONS CLASSIFIED?

Main Motions
Motions of this group are for the bringing of questions, or propositions, before Town Meeting for consideration. Only one main motion can be considered at a given time, and once introduced such a motion excludes all other main motions until it has been disposed.

Subsidiary Motions
Motions of this group have are for the modification or disposition of the main motion that is being considered. Their existence as motions depends entirely upon the principal motion to which they are subordinate. Since they relate to the question then under consideration, it is in order to propose them when a main motion is pending and to vote upon them before voting upon the main motion.

Privileged Motions
Motions of this group have no connection whatsoever with any main motion, but are motions of such importance that they are entitled to immediate consideration. These motions have the privilege of temporarily setting aside the main business then before Town Meeting.

Incidental Motions
Motions of this group have few characteristics in common, but for convenience have been grouped into one class. The name "incidental" applies because they arise only incidentally out of the business of Town Meeting.

RULES RELATIVE TO MOTIONS

A motion is the means of bringing a proposal or question for consideration by Town Meeting. When first put forward it is a motion; after it is seconded and acknowledged by the Moderator, it becomes the question or proposal. Except for complimentary resolutions (the presentation of which must be approved in advance by the Moderator), no main motion shall be entertained unless it's substance is contained within the scope of a Warrant article. Upon completion of debate, articles will be voted upon.

The Moderator shall determine whether a motion, or any discussion relative to a motion, is within the scope of the Warrant article under consideration. That is, the motion and the debate must be relevant to the article as written in the Warrant, since the purpose of the Warrant is to apprise voters of the actions to be taken at Town Meeting.

Articles only give notice to the voters and do not initiate action; motions do. Motions may be withdrawn; articles may not be withdrawn – articles must be acted upon by Town Meeting.

There are four types of amendments: striking out, inserting, striking out and inserting, and substitution. Motions to amend may be hostile as long as they are germane. An amendment to a motion is an amendment of the first rank; an amendment to an amendment is of the second rank; there can be no amendment beyond that of the second rank.

Some motions do not lead to a final determination by Town Meeting. A motion to commit or to refer sends the matter to an existing board or committee or one to be established. The motion to postpone indefinitely disposes of the question without bringing it to a direct vote. The motion to postpone indefinitely should not be confused with the motion to table which only temporarily delays a vote. As previously stated, articles may not be withdrawn; so when the Meeting does not wish to act on a particular article, the proper motion is to postpone consideration indefinitely.

DRAFT

Motions to reconsider shall be entertained when new information is available that is materially different than was presented (or could have been presented) at the time of the original vote on the article. Articles may be reconsidered only once. If a motion to reconsider is passed by the necessary 2/3 vote, it brings the original article back to the floor (which requires a new motion and additional debate); if the motion to reconsider is defeated, then the original article stands as previously voted and may not be reconsidered again. Actions to reconsider can be taken at the same session or any subsequent session of Town Meeting. A notice of reconsideration may be filed in advance with the Town Clerk stating that, at a specific point during the current Town Meeting, a voter will move for reconsideration on a particular article, and the Moderator will inform the hall of said action. Note that such a motion so noticed in advance must still be in order (i.e., must comply with all conditions required of any reconsideration motion).

All motions other than purely procedural motions must be in writing and signed by the sponsor.

CHART OF PRECEDENCE OF MOTIONS AND SUMMARY OF GOVERNING RULES

	May interrupt a speaker	Req. a sec.	Debatable	Vote Required	Motions that may apply
PRIVILEGED MOTIONS					
1. To dissolve	no	yes	no	majority	none
2. To adjourn	no	yes	limited	majority	amend
3. Point of no quorum	no	no	no	none	none
4. Recess	no	yes	limited	majority	amend
5. Question of privilege	yes	no	no	chair rules	none
SUBSIDIARY MOTIONS					
6. To lay on the table	no	yes	no	2/3	none
7. Previous question	no	yes	no	2/3	none
8. Limit or extend debate	no	yes	no	2/3	amend, reconsider
9. To postpone to time certain	no	yes	limited	majority	amend, reconsider
10. To commit or refer	no	yes	limited	majority	amend, reconsider
11. To amend	no	yes	yes	majority	amend, reconsider
12. To postpone indefinitely	no	yes	yes	majority	reconsider
MAIN MOTIONS					
Main Motions	no	yes	yes	majority*	all
To reconsider or rescind	no	yes	yes	2/3	table previous question postpone definitely
To take from the table	no	yes	no	majority	none
To advance an article	no	yes	yes	majority	amend, reconsider
INCIDENTAL MOTIONS					
Point of order	yes	no	no	chair rules	none
Division of a question	no	yes	no	majority	none
Separate consideration	no	yes	no	majority	none
To withdraw a motion	no	no	no	majority	reconsider
To suspend rules	no	yes	no	2/3	none
Orders of the day	yes	no	no	none	none

*The vote required to pass an affirmative main motion is a matter of substantive law, but is usually a majority.

INTERRUPTING A SPEAKER

No one may interrupt a speaker except for a point of order or a question of privilege.

POINT OF ORDER

A point of order if a question of the Moderator about whether the speaker is entitled to be speaking, or whether the current subject under discussion (or what the speaker is saying) is irrelevant, illegal or contrary to proper procedure. No other “point of order” is proper.

PREVIOUS QUESTION

To call or move the question is a request to stop discussion and to take an immediate vote. This requires a 2/3 vote.

VOTING

Voting is by hand vote and the Moderator declares the result of such votes. If seven or more voters immediately question the declared result, the Moderator shall determine the result by a standing count of votes by the Tellers. After the vote counted by the Tellers is presented to the Moderator and announced to the floor, any further motions for recount are out of order.

ADJOURNMENT AND DISSOLUTION

Sessions of Town Meeting normally adjourn at eleven o’clock in the evening but may adjourn at such earlier or later time as vote of the majority may determine. Town Meeting shall not dissolve until all articles in the warrant have been properly considered.

ANNUAL TOWN MEETING

Worcester, ss. April 20, 2021

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the Inhabitants of the Town of Southborough qualified to vote in town affairs, to meet at the baseball field adjacent to Neary School, 53 Parkerville Road, in said Southborough, on

Saturday, May 22, 2021

at ***10:00 a.m.***, then and there to take action on the following Articles:

ARTICLE 1: To hear reports of the various Town Officers and Committees and to take such action thereon as the Town may vote.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *To hear reports of Town Boards, Committees or Commissions.*

ARTICLE 2: To see if the Town will vote to accept any sum of money from St. Mark's School, Fay School, Harvard Medical School, L'Abri Fellowship, The New England Center for Children, and any other contributor and deposit same amount in Estimated Receipts Account, and determine what disposition shall be made of the same, if accepted, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *To allow the Board of Selectmen to accept donations from Tax Exempt organizations and determine the disposition of funds.*

ARTICLE 3: To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow from time to time in anticipation of revenue of the financial year beginning July 1, 2021 in accordance with the provisions of Massachusetts General Laws, Chapter 44, and to issue a note or notes as may be given for a period of less than one year in accordance with Massachusetts General Laws, Chapter 44, Section 17 as amended, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *This article allows the Town Treasurer to short-term borrow in anticipation of revenue.*

ARTICLE 4: To see if the Town will vote in accordance with the provisions of Massachusetts General Laws Chapter 30B, Section 12(b), to authorize the Board of Selectmen or the Superintendent of Schools to solicit and award contracts for terms exceeding three years, including any renewal, extension or option, provided in each instance the longer term is determined to be in the best interest of the Town by a vote of the Board of Selectmen or the School Committee, as appropriate, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Board Recommendation: Support

DRAFT

Summary: *This article allows the Selectmen and/or the School Committee to enter into contracts in excess of three years, if deemed in the best interest of the Town to do so. This has been an annual article, and the exemption has been limited to contracts of no more than seven years.*

ARTICLE 5: To see if the Town will vote to accept the Personnel Salary Administration Plan, as specified in Chapter 31 of the Code of the Town of Southborough, entitled: PERSONNEL.

, or do or act anything in relation thereto.

Proposed by: PERSONNEL BOARD
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *The Personnel By-Law governs policies and pay structures for non-union employees.*

ARTICLE 6: To see if the Town will vote to transfer a sum of money between and among various accounts for the fiscal year ending June 30, 2021, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: At Town Meeting
Summary: *This article is intended to address any unexpected or unusual funding needs for the current fiscal year via transfers between accounts.*

ARTICLE 7: To see if the Town will vote to raise a sum of money as may be necessary for the Town's use for Fiscal Year 2022, and make appropriations of the same, as detailed following, or do or act anything in relation thereto.

SEE BUDGETS ON THE FOLLOWING PAGES

Proposed by: BOARD OF SELECTMEN

Summary: *See budget report including Advisory Committee and Board of Selectmen's FY22 recommendations. If the Advisory Committee recommendation differs from that of the Board of Selectmen, it shall be noted in that departmental budget.*

ARTICLE 8: To see if the Town will vote to raise a sum of money as may be necessary for the Water Enterprise Fund's use for Fiscal Year 2022, and make appropriations of the same, as detailed following, or do or act anything in relation thereto.

BUDGET NAME	FY 2019	FY 2020	FY 2021	FY 2022	PERCENT
WATER - PUBLIC WORKS	**ACTUAL**	**ACTUAL**	**BUDGET**	**REQUEST**	**(+) or (-)**
51000-51990 Personal Services	339,522	352,225	355,405	368,506	
52000-58990 Other Charges & Expenses	1,229,247	1,307,495	1,341,950	1,855,950	
59100 Debt Principal Water	290,000	410,000	340,000	344,408	
59150 Debt Interest Water	107,604	135,978	142,490	111,526	
59510 Indirect Costs	90,000	131,239	160,847	204,695	
Capital Equipment - Lease					
Hook Lift Truck	-	-	-	9,169	
Pick-Up Diesel Truck F-350	-	-	-	10,697	
TOTAL WATER - PUBLIC WORKS	2,056,373	2,336,937	2,340,692	2,904,951	24.11%

DRAFT

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The Water budget is funded through an Enterprise Fund that is supported entirely through the water rates, which supports all aspects of the department's operation. The first year of funding for those capital items that are being leased for use by the Water Department, in whole or in part, are included in this budget; the detail for those capital items are listed in Article 11.*

ARTICLE 9: To see if the Town will vote to raise and appropriate or transfer from available funds, the sum of $250,000 into the Other Post-Employment Benefits Liability Trust Fund (OPEB Fund) as authorized by General Laws, Chapter 32B, Section 20, in order to offset the anticipated future cost of providing post-retirement health and life insurance benefits to current and future retired Town employees, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *This is an annual appropriation into the Town's OPEB Trust Fund that began back in 2014. The appropriation was previously done as part of the operating budget, but further guidance from the Dept. of Revenue has recommended that it be done in a separate article. The funding amount has been the same each year since 2015, and is not changing for FY22.*

ARTICLE 10: To see if the Town will vote to raise and appropriate, or transfer from available funds a sum of money for General Government capital items for the following purposes:

	Description	Request	Levy	Other Funds
A.	LIBRARY: Interior Renovations, Floor Coverings and Painting	$115,000	$115,000	
B.	TOWN HOUSE: Bathroom Renovation	$ 40,000	$ 40,000	
C.	DPW: Chipper	$ 30,000	$ 30,000	
D.	DPW: Equipment Trailer Replacement	$ 12,000	$ 12,000	
E.	DPW: Road Maintenance	$325,000	$325,000	
F.	FIRE: Thermal Imaging Cameras	$ 30,000	$ 30,000	
G.	FIRE: Fire Hose & Nozzle Replacement	$ 20,000	$ 20,000	
H.	FIRE: Turnout Gear Fund	$ 40,000	$ 40,000	
I.	INFORMATION TECHNOLOGY: Server and Storage	$ 40,000	$ 40,000	
J.	POLICE: Defibrillators	$ 18,200	$ 18,200	
K.	POLICE: Police Cruisers (2)	$101,000	$101,000	

, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary:
A. This item will provide the funds needed to replace various sections of floor coverings, repaint interior walls, and make upgrades to interior finish surfaces on the upper level of the Southborough Library;
B. This item will provide the funds needed for the purpose of renovating the men's restroom at the Southborough Town House. Elements of renovation work will include tile replacement, installation of new privacy components, and plumbing upgrades in the subject restroom, which has not had any major betterments for over 40 years;
C.
D.
E. These funds are for public roadway, sidewalks and walkway maintenance, repair and construction throughout town. These are expended in conjunction with Chapter 90 roadway improvement funding from the Commonwealth;

DRAFT

F.
G.
H.
I.
J. This item is for the replacement of ten (10) portable defibrillator units that are located in each of the marked patrol vehicles. The current units were purchased in 2008, and are well past their useful life expectancy of ten years.
K. This item is for the replacement of two front line cruisers nearing or over 100,000 miles (2016 Ford Taurus currently 92,088 miles, 2016 Ford Explorer currently 109,110 miles). They will be replaced with two (2) SUV Ford Explorer Police Cruisers, one gas model and one hybrid model. The hybrid model is eligible for Green Communities funds, which if awarded would defray the purchase price. The anticipated gas savings with the hybrid model is $3,179, according to the manufacturer.

ARTICLE 11: To see if the Town will vote to appropriate a sum of money to pay costs of acquiring all or a portion of the following equipment and to see if this appropriation shall be met by borrowing or otherwise, and/or authorize, under General Laws Chapter 30B, Chapter 44, Section 21C, upon the recommendation of the Board of Selectmen, the following lease purchase financing agreements for the acquisition of all or a portion of the following equipment that may be acquired through the issuance of debt under G.L. c. 44 or improvement of a capital asset the improvement of which may be financed by the issuance of debt under G.L. c. 44, the term of such agreement not to exceed the useful life of the equipment or improvement as determined by the Board of Selectmen, and to authorize the Town Administrator to enter into such agreements on behalf of the Town, and to approve appropriation for the first year payments of the agreements as stated below in the column "First Year Amount":

	Equipment	Authorized Department	Source of Appropriation	First Year Amount
A.	1 - Fire Tender 2,000 Gallon	Fire Department	FY22 Capital Budget - Ambulance Fund or Borrowing	$61,127
B.	1 - Horton Type Ambulance	Fire Department	FY22 Capital Budget - Ambulance Fund	$42,025
C.	1 - Swaploader Hook Lift Truck	Dept. of Public Works	FY22 Capital Budget - General Fund	$25,215
D.	1 - Pick Up Diesel F-350	Dept. of Public Works	FY22 Capital Budget - General Fund	$10,697
E.	1 - Fire Dept Chief Vehicle	Fire Department	FY22 Capital Budget - General Fund	$9,169

, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary:
A.
B.
C.

E.

ARTICLE 12: To see if the Town will vote to raise and appropriate the sum of $5,000 for the purpose of paying the Town's share of casualty and other losses incurred to Town property and equipment which are not covered by insurance policies, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support

DRAFT

Summary: *This article will provide funds to be used to pay the deductible for property damage which is not covered by insurance.*

ARTICLE 13: To see if the Town will vote to raise and appropriate, borrow and appropriate or transfer from available funds the sum of $100,000 for the ongoing maintenance of capital equipment and systems associated with town buildings and facilities. The Town Facilities Manager shall recommend appropriate projects to the Town Administrator. The Town Administrator shall approve all expenditures under this article. The Town Facilities Manager shall report all funded projects to the Advisory Committee as requested, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *This article will provide for the maintenance and repair of capital equipment and systems associated with the Town's buildings and facilities.*

ARTICLE 14: To see if the Town will vote pursuant to Massachusetts General Laws, Chapter 44 § 53E ½ to authorize the following spending limits for Fiscal Year 2022:

1. Immunization/emergency dispensing clinic; $12,000.
2. Inspectional services; $100,000.
3. 9-11 Field Maintenance; $100,000.
4. Wetland Protection; $30,000.
5. Hazardous materials; $75,000.
6. CPR classes; $6,500.
7. Community garden; $2,500.
8. Recreation programs; $400,000.
9. Tobacco Control Program; $4,000.
10. Golf Course maintenance; $30,000.

, or do or act anything in relation thereto.

Proposed by: BOARD OF HEALTH, BOARD OF SELECTMEN, RECREATION COMMISSION, AND CONSERVATION COMMISSION
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article approves the annual spending limits for revolving funds that are now authorized by Town by-law.*

ARTICLE 15: To see if the Town will vote to accept the report of the Community Preservation Committee for the FY 2022 Community Preservation Projected Receipts and act upon the recommendations of the Community Preservation Committee and to set aside for later expenditure, certain sums of money from the Community Preservation Fund established pursuant to Chapter 44B of the General Laws, as follows:

Estimated Surcharge Receipts (based on Town Treasurer's projections)……... $386,300
State Match (projected FY2022 State match)……..……. $ 75,275
FY2021 State Match Adjustment…… $ 49,976
Total Projected Revenue…….. $511,551

Set Aside- Open Space

$51,155 to be set aside, held in the Community Preservation Fund, and spent in FY2022 or later years for acquisition, creation or preservation of open space, and for the rehabilitation and/or restoration of open space acquired under the Community Preservation Act.

Set Aside – Historic Preservation

$51,155 to be set aside, held in the Community Preservation Fund, and spent in FY2022 or later years for the acquisition, preservation, rehabilitation and restoration of historic resources.

Set Aside – Community Housing

$51,155 to be set aside, held in the Community Preservation Fund, and spent in FY2022 or later years for the creation, preservation and support of community housing, and for the rehabilitation and/or restoration of community housing acquired under the Community Preservation Act.

Administrative Costs – Community Preservation Committee

$25,578 to defray the administrative and operating expenses of the Community Preservation Committee in FY2022 for the Community Preservation Fund

, or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *The budget and set asides are an annual requirement under the Community Preservation Act.*

ARTICLE 16: To see if the Town will vote to appropriate $82,938 to be applied towards the bond for the Perpetual Preservation Restriction on 84 Main Street also known as the Burnett House for the purpose of Historic Preservation from the CPA FY2022 estimated CPA annual revenue. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *This article is the Community Preservation Fund payment towards the FY2022 debt funding for the Preservation Restriction of 84 Main Street as approved at the 2016 Annual Town Meeting.*

ARTICLE 17: To see if the Town will vote to appropriate $13,033 towards FY21 Interest for the renovation and restoration of the Historic Southborough Library building from the Historic Reserve Fund; and to also vote to appropriate $71,705 to be applied towards the FY22 bond payment for the renovation and restoration of the Historic Southborough Library building for the purpose of Historic Preservation. $38,122 from the CPA Historic Preservation Reserve Fund and $33,583 from the FY21 CPA Fund Balance. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *This article is the Community Preservation Fund payment toward the debt funding for the renovation and restoration of the Historic Southborough Library as approved at the 2019 Annual Town Meeting.*

ARTICLE 18: To see if the Town will vote to appropriate $238,750 from the CPA Fund FY2021 Budgeted Reserve for the renovation and restoration of Kallander Field, located on Kallander Drive in Southborough (Parcel ID 56-0000-012-0) for recreation purposes as requested by the Recreation Department. This consists of $210,100 in project costs and an additional $28,650 in contingency funding. Contingency funds only available after approval of the CPC

for unexpected costs unforeseen at the time of application. Project to be completed in conformance with details as presented to the members of the CPC and to be documented in the application and signed Memorandum of Understanding. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *Under the direction of the Recreation Director Tim Davis and the Southborough Recreation Department, said funds will be used to restore and renovate Kallander Field, to address significant drainage issues that plague the field.*

ARTICLE 19: To see if the Town will vote to appropriate $300,000 for the restoration and preservation of the Historic St. Mark's Bell Tower located at 27 Main Street Southborough for Historic purposes. $23,061.76 from the CPA Historic Preservation Reserve Fund and $276,938.24 from FY21 CPA Fund Balance. Project to be completed in conformance with details as presented to the members of the CPC and to be documented in the application and signed Memorandum of Understanding. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *Under the direction of the St. Mark's Building Committee said funds will be used to restore and preserve the St. Marks Bell Tower in conformance with a Preservation Restriction held by the Massachusetts Historical Commission. The goal is to preserve St. Mark's Bell Tower for many future generations of Southborough residents to enjoy. Built in 1891 on land donated by Joseph Burnett, the tower has fallen into major disrepair over the years. Issues include water penetration, unevenly faced stones, cracked mortar joints, and stone slippage. Without restoration of the tower, the historic viewscape of our town will be forever changed. Satisfying the Community Preservation Act goal to preserve and maintain historic landmarks, this project would preserve the tower and keep its historical significance. St. Mark's Church is part of the Southborough Historical Commission project to add downtown Southborough to the State and National Register of Historic Places. The tower restoration project strictly falls under historic preservation and does not contain any religious depiction. This $300,000 request is for partial funding of total project costs of $565,000 with remainder raised by St. Mark's.*

ARTICLE 20: To see if the Town will vote, pursuant to Mass. General Laws in Chapter 44, as amended, Chapter 44B, or any other enabling authority, to appropriate and borrow a sum of money not to exceed the amount of two million, thirty thousand dollar ($2,030,000) for historic restoration of the Southborough Town House, including costs incidental or related thereto, for a period of twenty (20) years, excluding the term of any temporary loans issued and in anticipation therefor. Additionally to appropriate two hundred eight thousand, two hundred eighty-four dollars ($208,284) with one hundred ninety-two thousand, six hundred and nine dollars ($192,609) from the FY2022 estimated annual revenues and fifteen thousand, six hundred seventy-five dollars ($15,675) from the FY21 CPA Fund General Unreserved Fund for a total project cost of two million, two hundred thirty eight thousand, two hundred eighty four dollars ($2,238,284) for historic preservation purposes. This consists of $1,986,644 for historic preservation /restoration project costs and $251,640 contingency funding, for the Southborough Town House Exterior Preservation and Restoration Project, as requested by the Southborough Facilities Department for historic purposes. Any premium received upon the sale of any bonds or notes approved by this vote, less any such premium applied to the payment of the costs of issuance of such bonds or notes, may be applied to the payment of costs approved by this vote in accordance with M.G.L. c. 44 §20, thereby reducing the amount authorized to be borrowed to pay such costs by a like amount. And to further authorize the Board of Selectmen and/or a qualified Historical Organization to submit on behalf of the Town any and all applications deemed necessary for grants and/or reimbursements from the Commonwealth of Massachusetts or the United States and/or any other state or federal programs including those in aid of Historic Preservation and/or any others in any way connected with the scope of this article. Said gifts or grants to be deposited in the Historic Reserve Community Preservation Fund. And that the Board of Selectmen shall grant a perpetual Preservation Restriction on the historical façade and windows of the Town House Building 17 Common Street, Southborough, MA 01772 to be recorded in conformance with the requirements of Massachusetts General Laws and to enter into all agreements and execute any and all instruments as

may be necessary to effect said Perpetual Preservation Restriction. The cost of the Preservation Restriction to be paid from funds from this appropriation and the holder of the Preservation Restriction shall be approved by a majority vote of the Community Preservation Committee. The Town of Southborough shall retain ownership of this building in perpetuity except as authorized by a ballot vote of the citizens with a margin of 95% approval. Project to be completed in conformance with details as presented to the members of the CPC and to be documented in the application and signed Memorandum of Understanding. All of the work will comply with the building and Architectural Access Board codes as applicable, the historic district review requirements, and The Secretary of the Interior's Standards for the Treatment of Historic Properties. Said appropriation contingent upon the aforementioned perpetual preservation restriction on the historic exterior and windows being approved by the Massachusetts Historic Commission and filed at the Registry of Deeds prior to the commencement of any work on the building or the expenditure of any funds from this appropriation aside from costs directly related to filing the Preservation Restriction. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer, or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *Under the direction of John Parent, Southborough's Director of Facilities the Southborough Town House Exterior Preservation and Restoration Project is focused on restoring various original elements of the building structure, where deemed prudent. Projects at the Town House include window sash replacement*, exterior renovation work and roof replacement *Great care has also been taken to ensure that any replacement components will be designed in such a fashion as to authentically replicate the original components they would replace. The proposed project has been structured in a way that helps preserve the overall original appearance and integrity of the Town House, while also taking into consideration the functional needs of building occupants. The Preservation Restriction will ensure that Southborough benefits from the presence of this historic property gracing our Historic Town Center in perpetuity.*

***ARTICLE 21**:* To see if the Town will vote to appropriate $9,950 from the FY22 estimated CPA annual revenue for the Southborough History Museum Condition Assessment for historical purposes as requested by the Southborough Historical Society. Project to be completed in conformance with details as presented to the members of the CPC and to be documented in the application and signed Memorandum of Understanding. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *Under the Direction of the Historical Society and with review by Southborough Facilities Department Director John Parent, the Southborough Historical Society will hire a historical architect to conduct a Condition Assessment of the historic 1859 Flagg School. The assessment will include historic paint research on the building, draw up plans and budgets for the window restoration and other relevant exterior issues such as redesigning the unsafe front and rear stairs which is needed to preserve the building into the 21st century and beyond.*

***ARTICLE 22**:* To see if the Town will vote to appropriate $47,011 from the FY22 estimated CPA annual revenue for the 1.6 mile Peninsula Trail for recreation purposes as requested by the Southborough Trails Committee (STC) with $42,737 in project costs and an additional $4,274 in contingency funding. The STC shall apply for the Massachusetts DCR trails grant for matching funds. In the event the grant funds are not awarded, these CPA funds will be used to provide signage and install required fencing to enable use of the property. Contingency funds only available after approval of the CPC for unexpected costs unforeseen at the time of application. Project to be completed in conformance with details as presented to the members of the CPC and to be documented in the application and signed Memorandum of Understanding. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:

Summary: *Under the direction of the Southborough Trails Committee (STC), said funds will be used for improvements of a 1.6 mile trail segment to close a gap in the 33-mile regional Boroughs Loop Trail (BLT) that connects the trail networks of Marlborough, Northborough, Westborough and Southborough. The trail will also be part of MWRA's Aqueduct Trail system and will serve as a future connection to Framingham's Aqueduct Trail on the east side off Pine Hill Road. The BLT is adjacent to, and intersects with, the Bay Circuit Trail, a 230-mile regional trail extending through 37 communities. Constructing this section of trail will help to close an important trail gap in Southborough and fulfill the town's commitment to complete this initiative. Parking will be available for 2-4 cars at the Rt.30/Central street location. This project consists of two components: • Wayfinding/regulatory interpretive and historical signage • Fencing to enclose the Hosmer Riser. Additionally this funding allows the STC to apply for the Massachusetts DCR trails grant to improve Trail accessibility at Route 30 and Central Street.*

***ARTICLE 23**:* To see if the Town will vote to authorize the Board of Selectmen to dispose of a parcel of land with structures thereon deemed surplus property with no further public purpose, by deed of conveyance, grant or transfer after appraisals have been obtained and upon such terms and conditions as the Board of Selectmen deem appropriate. Said parcel of land being described as follows: 21 Highland Street, having been acquired by deed dated June 26, 1911 and recorded in the Worcester Registry of Deeds at Book 1974, Page 229; or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: At Town Meeting
Summary:

ARTICLE 24: To see if the Town will vote to amend the interest rate per annum from 4% to 2% and increase the income limit (gross receipts) from $20,000 to $45,000 under the provisions of Massachusetts General Laws, Chapter 59, §5 (41A) which regulates tax deferral for homeowners 65 years or older pursuant to the authority contained in Chapter 136 of the Acts of 2005 of the General Court thereby amending M.G.L. Ch. 59, §5 (41A), or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN, BOARD OF ASSESSORS & COUNCIL ON AGING
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *The senior property tax deferral program, known as Clause 41A, allows people 65 or over to defer their property taxes until their home is sold or conveyed. This article will change the interest rate charged on "deferred tax" liens from the current 4% to 2%. It also will increase the income limits of applicants from $20,000 to $45,000.*

ARTICLE 25: To see if the Town will vote to amend Section 9-24 "Qualification of elected and appointed officials" of the Town Code, by deleting the text in its entirety, and replacing with the following:

"All elected and appointed officials shall be qualified by the Town Clerk within 30 days of their election except where a different period is specified in the General Laws. If an appointed official is not qualified in this period, his/her appointment shall terminate, and the appointing authority shall be so notified by the Town Clerk."

; or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *Currently, elected and appointed officials have 15 days to be sworn in by the Town Clerk's office; this article will allow those officials additional time to be sworn in following their appointment or election. The current requirement of 15 days was found to be too limiting, as appointment dates often conflicted with the 4th of July holiday and summer vacations. The Board of Selectmen was having to reappoint certain positions multiple times due to the inability of individuals to be sworn in within the required timeframe.*

DRAFT

ARTICLE 26: To see if the Town will vote to amend the provisions of the Southborough Code, Chapters 41-2 9 entitled Notice of Town Meetings and § 41-26 Availability of Annual Report and Warrant by:

1) Deleting § 41-2 in its entirety and replacing it with:
A. Notice of every Town Meeting shall be given by posting attested copies of the warrant on the Town website, at the Town House, the Southborough Library, the Senior Center and the Transfer Station seven days at least before the time appointed for the Annual Town Meeting and fourteen days at least before the time appointed for a Special Town Meeting.

Creating a new section §41-2.1 entitled Location of Town Meeting

B. The warrant for an annual or special town meeting may specify that the meeting is to be held in a suitable auditorium or other facility in Southborough or in any town contiguous to Southborough. Town meeting may also vote to adjourn to such a facility if it deems appropriate.

2) Change the Title of Article III from Availability of Annual Report and Warrant to Availability of Annual Report.

3) Strike § 41-26 in its entirety and replace with:
§ 41-26 Availability of Annual Report.
At least fourteen (14) days prior to the Annual Town Meeting, the Selectmen shall place a notice on the town website and on Southborough Access Media advising that copies of the Annual Town Report are available to the public on the town website, at the Southborough Town House, at the Southborough Library and at the Southborough Senior Center.

; or do or act anything in relation thereto.

Proposed by: TOWN CLERK
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *This article would correct the conflicting language in Southborough Code sections 41-2 and 41-26. This article would also allow a Town Meeting to be held in any of the towns contiguous to Southborough. For example, a town meeting could be held at Algonquin Regional High School if the town were unable to hold the meeting in Southborough for any reason.*

ARTICLE 27: To see if the Town will accept the provisions of Chapter 41, Sec. 110A of the Massachusetts General Laws "Office hours on Saturday": "Any public office in any city or town may remain closed on any or all Saturdays as may be determined from time to time, in a city by the city council, subject to the provisions of the city charter, or, in a town, by vote of the town at a special or regular town meeting, and the provisions of section nine of chapter four shall apply in the case of such closing of any such office on any Saturday to the same extent as if such Saturday were a legal holiday."

;or do or act anything in relation thereto.

Proposed by: TOWN CLERK
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *Acceptance of this provision of the General Law would extend a voter registration deadline which occurs on a Saturday to the following Monday.*

ARTICLE 28: To see if the Town will vote to adopt MGL c.90, Section 17C to allow the Board of Selectmen to reduce the statutory speed limit from 30MPH to 25MPH on any or all town-owned roadways in thickly settled or business district areas, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support

DRAFT

Summary: *This article provides the Selectmen with the authority to reduce speed limits on certain town-owned streets in the interest of public safety.*

ARTICLE 29: To see if the Town will vote to adopt MGL c.90, Section 18B to allow the Board of Selectmen to establish regulatory 20MPH safety zones on public streets within the Town of Southborough, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *This article provides the Selectmen with the authority to establish safety zones on streets in the interest of public safety.*

ARTICLE 30*:* To see if the Town will vote to impose a .75% meals tax on the sales of restaurant meals by accepting Massachusetts General Laws, Chapter 64L, Section 2(a), or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *This article will require all local restaurants to charge an additional .75% in meals tax, which will come back to the Town as unallocated revenue through State Local Aid. Most other communities in our area have adopted this local option as well. The local meals tax has been identified as an additional revenue source to help alleviate increases to residential property taxes.*

ARTICLE 31: To see if the Town will vote to adopt as Chapter 9, Article IX Southborough Public Accessibility Committee, Sections 9.34 through 9.35 of the Town bylaws, the following:

Article IX Southborough Public Accessibility Committee

§9.34 Purpose

Numerous laws, statutes, policies and regulations require and/or encourage access to facilities, programs and services for all members of the public. These include, but are not limited to:

- The Americans with Disabilities Act of 1990 - 42 U.S.C. ch. 126 § 12101 et seq
- Regulations promulgated by the Massachusetts Architectural Access Board (521 CMR)
- The Voting Accessibility for the Elderly and Handicapped Act of 1984 - P.L. 98-435, 42 U.S.C. §§ 1973ee–1973ee-6
- The Individuals with Disabilities Education Act – 20 U.S.C. §§ 1400 et seq.
- The Rehabilitation Act of 1973 – USC 31-41c, 29 U.S.C. § 701 et seq
- The Architectural Barriers Act - 42 U.S.C. §§ 4151 et seq.
- Massachusetts Employment Law MGL ch 151B
- Massachusetts Public Accommodation Law - MGL ch 272
- Massachusetts Equal Rights Act - MGL Ch. 93 §§ 102
- Massachusetts Constitution Article CXIV (114)
- Massachusetts Service Animals Law – MGL Ch. 272 §§ 98A

Southborough supports a coordinated approach to monitoring and increasing public accessibility and ensuring compliance with local, state and federal requirements. In addition, it is desirable to encourage property owners to consider adopting optional policies that increase accessibility. As more fully described in the remainder of this Article IX, this article establishes a committee that will be responsible for developing and implementing this coordination. It will report on status and progress to the Board of Selectmen and the Town Meeting.

DRAFT

§9.34.A Establishment; Membership; Qualifications

There shall be a Southborough Public Accessibility Committee ("SPAC"), which shall consist of five voting members appointed by the Board of Selectmen, plus the non-voting, ex-officio members identified below. Any non-voting, ex-officio member shall not count toward the calculation of a quorum for the SPAC for voting purposes.

Each voting member shall be a registered voter in the Town and shall not be a Town officer (where a "Town officer" means a Town official who serves in an elected position) or a Town employee (where a "Town employee" is any person holding a non-elected, paid position in the Town other than a volunteer who is deemed a Special Municipal employee solely for the purposes of MGL Chapter 268A).

The Board of Selectmen shall designate a Public Accessibility Coordinator ("Coordinator"), in consultation with the SPAC. The Coordinator shall be responsible for accepting and recording concerns, coordinating reviews, and such other duties as may be assigned.

The Building Commissioner and Coordinator shall be ex-officio members of the SPAC.

§9.34.B Appointments; Terms

Voting members shall be appointed for two-year terms. The initial appointments shall be divided between one and two-year terms, so as to establish overlapping terms.

§9.34.C Organization

The voting SPAC members shall select annually, from among themselves by majority vote, a Chairman and a Secretary.

§9.34.D Funding

The SPAC shall have a budget, as may be approved through the Town's regular budget process, for consultants and other expenses. The SPAC shall submit its projected expenses annually as input to the Town's regular budget process. Any expenditures from the SPAC budget shall require a majority vote of the SPAC, and shall be subject to the Town's policies for such expenditures.

§9.35 Powers and Duties

The SPAC Powers and Duties include, but are not limited to, the following:

- To monitor and enhance the Town's compliance with all applicable laws, statutes, policies, and regulations that require (or encourage) access to facilities, programs and services for all members of the public.
- In coordination with Town officers, departments, and other government entities, to endeavor to ensure that all Town citizens have equal access to:
  - Town government offices and communications
  - Public and commercial buildings
  - Programs
  - Goods and services
  - Transportation
  - Telecommunications, including the internet
  - Recreational facilities and programs
- To review existing and proposed facilities, programs, and projects undertaken by the Town, and to notify the responsible official or entity of its comments. The SPAC may request that other Town officials, committees, departments, and/or entities provide input to these reviews.
- To undertake public outreach and advocacy for accessibility in the Town,
- To periodically, but no less than once per calendar year, report to the Board of Selectmen and the Town Meeting on its activities and findings.
- To provide a mechanism for the public and/or any Town employee to raise concerns about the accessibility of any Town facility, service or program.
- The SPAC (or its designee) shall maintain records of such concerns and their dispositions. To the extent permissible by law, the identities of persons raising such concerns shall be confidential, unless confidentiality is waived by such person.

, or act or do anything in relation thereto.

Proposed by: BOARD OF SELECTMEN

DRAFT

Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *This article replaces the current ad-hoc Accessibility Compliance Committee with a standing committee. The existing committee was established to address the issues raised by the 1990 Americans with Disabilities Act, and was thought to be needed for a short time. In the time since, regulations in this area have increased and public demand for accessibility has increased. Since the need has persisted for several decades, a standing committee that is not limited to the ADA is the more appropriate construct.*

ARTICLE 32: To see if the Town will vote to amend the provisions of the Southborough Code, Article III **Advisory Committee**, Chapter 9-8 entitled Establishment; membership; residence requirements as follows:

9-8 There shall be an Advisory Committee, which shall consist of nine voters of the Town. No member shall be appointed who is a Town officer, employee or member of another Town committee, appointed or elected; provided, however, that an Advisory Committee member may ~~belong~~be appointed to: a) one ad hoc committee that is appointed by an elected board or official, or b) one other committee appointed by the Moderator, or c) one committee chartered to consider capital appropriations under the following restrictions:

A. The Advisory member's ~~participation~~ appointment is approved in advance by majority vote of the Advisory Committee excluding the member desiring to participate in the above committees.

B. The Advisory member ~~may not vote or be counted for purposes of a quorum~~ must recuse themselves during Advisory meetings when matters subject to the ~~jurisdiction of~~consideration by the above other committees are ~~presented to~~ considered by the Advisory Committee.

, or act or do anything in relation thereto.

Proposed by: ADVISORY COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary:

ARTICLE 33: To see if the Town will vote to adopt as Chapter 9, Article IX Capital Improvement and Planning Commitee, Sections 9.30 through 9.33 of the Town bylaws, the following:

§ 9-30 Purpose.
As more fully described in the remainder of this Article IX, this article establishes a committee that will be responsible for creating and maintaining a rolling ten-year Capital Plan across all government entities and will ensure consistent interpretation and execution of that plan. The Committee will work in collaboration with the various government entities that propose capital expenditures. It will report on the plan to the Town Meeting and advise Town Meeting on proposed capital expenditures.

§ 9-30.1 Establishment; membership; qualifications.
A.
There shall be a Capital Improvement and Planning Committee ("CIPC"), which shall consist of seven voting members and the two nonvoting ex-officio members identified below.
B.
Each voting member shall be a resident of the Town.
C.
The voting members shall be appointed by the Board of Selectmen.
D.
One appointed member should be a member of the Board of Selectmen and one member should be a member of the Advisory Committee.
E.
At no time should any elected or appointed board have more than one representative that also is appointed to CIPC.
F.

DRAFT

The Town Administrator and Finance Director shall be appointed as ex-officio members and may be nonresident Town employees. The Town Administrator or Finance Director, after collaboration with the Board of Selectmen as appointing authority, may recommend that another member of the town's finance team (treasurer, assessor, or accounting departments) serve as ex-officio in their place.

§ 9-30.2 Appointments; terms; vacancies; removal.

A.

Voting members shall be appointed for three-year terms. The initial appointments shall be three members for three years, two members for two years, and two members for one year, so as to establish overlapping terms. For subsequent appointments, the appointing authority shall request that the CIPC review the qualifications of prospective appointees, but the final determination of who is selected shall rest with the appointing authority.

§ 9-30.3 Organization; meetings.

A.

The members shall select, from among themselves, a Chair, Vice Chair and a Clerk.

B.

The CIPC may appoint from its own membership subcommittees and delegate to them such of its powers as it deems expedient.

C.

All reports and recommendations of the CIPC made to the Town shall be voted by a majority of the voting members of the CIPC, but this shall not be construed to prevent recommendations by a minority nor to discourage full participation by the nonvoting members.

§ 9-30.4 Funding.

The CIPC shall have a budget or warrant article for consultants and other expenses. It shall submit its projected expenses to the Town's regular budget process. Any expenditures from its budget shall require a majority vote of the CIPC, and be subject to the Town's policies for such expenditures.

§ 9-31 Functions and definitions.

A.

Work with Town Finance Team to maintain town's 10-year capital plan. This will be achieved by regular meetings and discussions with Town Departments, Boards, and Committees that will put forward requests for Capital Funding as part of an Annual or Special Town Meeting. While this Committee will have no oversight of the annual operating budget, they need to be aware and receive regular updates of the operating budgets and other revolving or enterprise funds to ensure that capital needs are considered in an appropriate order and timing.

B.

The CIPC shall follow any capital or other financial policies adopted by the town and provide regular feedback for any potential improvements or enhancements to these policies.

§ 9-32 Project Oversight.

A.

In the absence of a formal building committee for a specific project, CIPC will serve as point of initial approval for all project expenses, change orders, and invoices. Projects falling under the oversight of the CIPC will specifically be decided as part of or immediately following any Town Meeting appropriation by a vote of the Board of Selectmen.

B.

If any elected board decides to have a separate Building Committee for any specific project, then at least one member but not more than two members of the CIPC shall be appointed.

§ 9-33 Reports

A.

Prior to any annual or special town meeting, CIPC shall provide a recommendation on any capital article to appear on the warrant. This recommendation should be communicated to both the Board of Selectmen and Advisory Committee.

, or act or do anything in relation thereto.

Proposed by: BOARD OF SELECTMEN

DRAFT

Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary:

ARTICLE 34: To see if the Town will vote to amend the Zoning Code of the Town of Southborough, Zoning Article I entitled "Miscellaneous Provisions" and Article V entitled "Nonconforming Uses and Structures" by amending thereto Section 174-9 entitled "Special Permit Requirements" and 174-19 entitled "Extensions" as hereinafter specified.

****Bold text are insertions. Strikethrough text are deletions.*

Article I: Miscellaneous provisions
§ 174-9 Special permit requirements.
[Amended 4-14-1986 ATM by Art. 46]

E. Nonconforming uses, lots and structures. Special permits may be issued for the extension**,** ~~or~~ alteration**, reconstruction or structural change** of legally nonconforming uses, structures and lots, including a change in the non-conforming use to another non-conforming use, provided that the Board of Appeals finds that such extension, alteration**, reconstruction** or **structural** change shall not be substantially more detrimental to the neighborhood, will not increase the extent of non-conformance in size or in impact and that the cost thereof shall not exceed 50% of the assessed value of the non-conforming structure at the time of application, and further provided that the estimate of the cost of any extension**,** ~~, or~~ alteration**, reconstruction or structural change** utilized by the Board of Appeals in evaluating the above specified 50% requirement of the assessed value shall not be less than a cost estimate of such extension**,** ~~, or~~ alteration**, reconstruction or structural change** based on a nationally recognized building cost estimate manual or system acceptable to the Zoning Board of Appeals. ~~No special permits under this subsection shall be granted for nonconforming signs subject to Chapter 93 or 93D of the General Laws.~~
[Amended 4-15-2008 ATM by Art. 38]

§ 174-19 **Extensions,** ~~or~~ alterations**, reconstruction or structural changes.**
[Amended 4-10-2000 ATM by Art. 55]

A. Nonconforming structures or uses shall not be extended**,** ~~or~~ altered**, reconstructed or structural changes made** except to make them conforming~~,~~ unless the Board of Appeals authorizes such extension**,** ~~or~~ alteration**, reconstruction or structural change** by special permit upon making findings as provided in § 174-9E.

B. ~~Single family and two family residential structures. In the following circumstances,~~ **Notwithstanding the provisions of Section A above, as provided in M.G.L. c.40A, § 6, if any proposed extension, alteration**, reconstruction**,** ~~extension~~ or structural change to a single or two-family residential **structure complies with one of the conditions set forth in subsections (1) through (5) below, such extension, alteration, reconstruction or structural change** ~~structure~~ shall not be considered an increase in the non-conforming nature of the structure and shall be permitted as of right.
[Amended 10-7-2013 STM by Art. 9]

(1) **Extension, a**~~A~~lteration**, reconstruction or structural change** to a structure which complies with all current setbacks, lot coverage and building height requirements but is located on a lot with insufficient area~~,~~ where the alteration will also comply with all of said current requirements**.**~~;~~

(2) **Extension, a**~~A~~lteration**, reconstruction or structural change** to a structure which complies with all current setbacks, lot coverage and building height requirements but is located on a lot with insufficient frontage~~,~~ where the alteration will also comply with all of said current requirements**.**~~;~~

(3) **Extension, a**~~A~~lteration**, reconstruction or structural change** to a structure which encroaches upon one or more required setbacks~~,~~ where the alteration will comply with all current setbacks, open lot coverage and building height requirements. The provisions of this ~~s~~**S**ubsection ~~B (3)~~ shall apply regardless of whether the lot complies with current area and frontage requirements.

DRAFT

(4) Extension, alteration, reconstruction or structural change to the rear, side or fascia of a structure which encroaches upon a required yard or setback area where the alteration will not encroach upon such area to a distance greater than the existing structure. The provisions of this subsection shall apply regardless of whether the lot complies with current area and frontage requirements.

(5) Extension, alteration, reconstruction or structural change to a non-conforming structure which will not increase the footprint of the existing structure providing that existing height restrictions shall not be exceeded.

In the event that the Building Commissioner determines that none of the exemptions set forth in subsections (1) through (5) apply, and the Building Commissioner determines that the non-conforming nature of such structure would be increased by the proposed extension, alteration, reconstruction or structural change, then the Board of Appeals may, by special permit, allow such extension, alteration, reconstruction or structural change where the proposed modification will not be substantially detrimental than the existing non-conforming structure to the neighborhood.

; or do or act anything in relation thereto.

Proposed by: ZONING BOARD OF APPEALS
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article proposes to amend the Special Permit Requirements and Exemptions by the addition of language for the purpose of clarity and the inclusion of exemptions to comply with current case law.*

***ARTICLE 35**:* To see if the Town will vote to amend the Zoning Code of the Town of Southborough Article III entitled "Use Regulations" by replacing thereto Section 174-12.1 thereof entitled "Outdoor illumination" as hereinafter specified.

****Bold text are insertions. Strikethrough text are deletions.*

§ 174-12.1
Outdoor illumination.
[Added 4-11-2005 ATM by Art. 40]

A. Purpose. This section recognizes the benefits of outdoor lighting and provides clear guidelines for its installation, so as to help maintain and complement Southborough's character. The intent of this section is to**:**

(1) encourage lighting that provides safety, utility and security, **productivity, enjoyment and commerce;**

(2) prevent glare on public roadways;

(3) protect the privacy of residents;

(4) promote energy-efficient outdoor lighting;

(5) limit the total allowable illumination of lots located in the Town of Southborough;~~ to reduce atmospheric light pollution.~~

(6) minimize adverse offsite impact such as light trespass, and obtrusive light;

(7) curtail light pollution and reduce skyglow to create a healthy night-time environment for residents of Southborough

The Planning Board is authorized to promulgate rules and regulations to carry forth the purpose and intent of these Bylaw provisions. Appropriately regulated, and properly installed, outdoor lighting will contribute to the safety and welfare of the residents of Southborough.

B. Applicability. Outdoor illumination by flood or spot luminaries rated at 900 lumens or more (which is approximately equal to one sixty-watt incandescent light bulb) or by any other luminaires rated at 1,800 lumens or more (which is approximately equal to one one-hundred-twenty-watt incandescent light bulb) shall be subject to the provisions of this section **including application to single and two-family residential lots**, with the following exceptions:

(1) emergency lighting;

(2) hazard warning;

(3) temporary decorative or holiday lighting ~~or public roadway illumination.~~

It shall also not apply to any luminaire intended solely to illuminate any freestanding sign, flag or the walls of any building, but such luminaire shall be shielded so that its direct light is confined to the surface of such sign, flag or building.

~~(1) The replacement of existing fixtures shall be subject to the provisions of this section; however, the replacement of existing nonconforming lamps or fixtures with the same or lower output nonconforming lamps or fixtures is exempted.~~

The replacement of fixtures or luminaires shall be subject to the provisions of this section and comply with guidance outlined in the Rules and Regulations for Outdoor Illumination maintained by the Planning Board. Non-conforming fixtures or luminaires requiring replacement for any reason (including but not limited to end of life, breakdown, vandalism) shall be replaced in compliance with this Bylaw.

~~(2)~~ The Planning Board, in performing review pursuant to § 174-10, Site plan approval, may determine that special circumstances of the site, context or design make an alternative lighting design at least equally effective in meeting the purposes of this section and, in such cases, may modify the requirements of this section.

C. Enforcement. The owner of any lot or property on which a luminaire subject to this Bylaw is located or proposed to be located shall have the burden of demonstrating that the existing or proposed luminaire complies with the standards established by this Bylaw.

(1) Violations of this Bylaw shall be subject to the provisions of the Town of Southborough Article VI entitled "Administration" Section 174-24 thereof entitled "Enforcement; procedures; violations and penalties."

D. Definitions. For the purposes of this section, the following terms shall be defined as indicated below. Although set forth here for convenience, the terms shall have the same effect as if in § 174-2 of this Bylaw.

BACKLIGHT – For an exterior luminaire is the 90-degree quarter-sphere located behind and below the light source. For luminaires with symmetric distribution, backlight will be the same as front light.

BUG RATING – A luminaire classification system that classifies backlight (B), uplight (U), and glare (G) per IES TM-15-11.

CORRELATED COLOR TEMPERATURE (CCT) – A specification of the color appearance of the light emitted by a lamp, relating its color to the color of light from a reference source when heated to a particular temperature, measured in degrees Kelvin (K).

FIXTURE – The assembly that houses a lamp or lamps, and which may include a housing, a mounting bracket or pole socket, a lamp holder, a ballast, a reflector or mirror, and/or a refractor, lens or diffuser lens.

FRONTLIGHT – For an exterior luminaire is the 90-degree quarter-sphere located in front and below the luminaire.

FULL CUTOFF – A luminaire designed with an opaque shield surrounding and extending below the lamp, such that no direct light is emitted above a horizontal plane.

FULLY SHIELDED LUMINAIRE — A luminaire constructed and installed in such a manner that all light emitted by the luminaire, either directly from the lamp or a diffusing element, or indirectly by reflection or refraction from any part of the luminaire, is projected below the horizontal plane through the luminaire's lowest light-emitting part.

GLARE – Light emitted from a luminaire with intensity great enough to produce annoyance, discomfort or a reduction in a viewer's ability to see, and in extreme cases causing momentary blindness.

DRAFT

HARDSCAPE – Permanent hardscape improvements to the site including parking lots, drives, entrances, curbs, ramps, stairs, steps, medians, walkways, and non-vegetated landscaping that is 100 feet or less in width. Materials may include but are not limited to concrete, asphalt, stone, and gravel.

INDIRECT LIGHT – Light scatter caused by direct light being redirected from a surface.

LAMP – The component of a luminaire that produces the actual light.

LED LAMP– (Light Emitting Diode) An electric lamp with a much longer lifespan than incandescent lighting and low energy consumption.

LIGHT TRESPASS – The shining of direct **or indirect** light produced by a luminaire beyond the boundaries of the lot on which it is located.

LUMEN – A measure of light energy generated by a light source. One footcandle is one lumen per square foot. For purposes of this bylaw, the lumen output shall be the initial lumen output of a lamp, as rated by the manufacturer.

LUMINAIRE – A complete lighting ~~system, including a lamp or lamps and a fixture.~~ **unit (fixture), consisting of a lamp, or lamps and ballast(s) (when applicable), together with the parts designed to distribute the light (reflector, lens, diffuser), to position and protect the lamps, and to connect the lamps to the power supply.**

LUMINAIRE LUMENS - For luminaires with relative photometry per Illuminating Engineering Society (IES), it is calculated as the sum of the initial lamp lumens for all lamps within an individual luminaire, multiplied by the luminaire efficiency. If the efficiency is not known for a residential luminaire, assume 70%. For luminaires with absolute photometry per IES LM-79, it is the total luminaire lumens. The lumen rating of a luminaire assumes the lamp or luminaire is new and has not depreciated in light output.

MOUNTING HEIGHT - The height of the photometric center of a luminaire in feet above grade level. Feet above grade level refers to the overall average grade of the area being illuminated.

UPLIGHT - For an exterior luminaire is all of the light escaping above the luminaire.

E. Lighting zones. The Lighting Zone shall determine the limitations for lighting as specified in this section.

LZ-0: No ambient lighting

Areas where the natural environment will be seriously and adversely affected by lighting. Impacts include disturbing the biological cycles of flora and fauna and/or detracting from human enjoyment and appreciation of the natural environment. Human activity is subordinate in importance to nature. The vision of human residents and users is adapted to the darkness, and they expect to see little or no lighting. When not needed, lighting should be extinguished.

Zoning Districts: Conservation and Research, Scientific & Professional

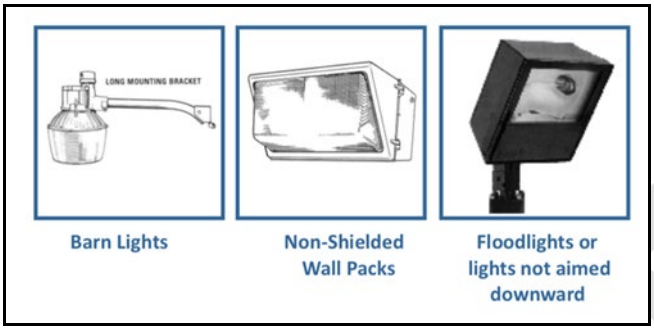
LZ-1: Low ambient lighting

Areas where lighting might adversely affect flora and fauna or disturb the character of the area. The vision of human residents and users is adapted to low light levels. Lighting may be used for safety and convenience but it is not necessarily uniform or continuous. After curfew, most lighting should be extinguished or reduced as activity levels decline.

Zoning Districts: Residence A and Residence B

LZ-2: Moderate ambient lighting

Areas of human activity where the vision of human residents and users is adapted to moderate light levels. Lighting may typically be used for safety and convenience, but it is not necessarily uniform or continuous. After curfew, lighting may be extinguished or reduced as activity levels decline.



Zoning Districts: Business Village

LZ-3: Moderately high ambient lighting

Areas of human activity where the vision of human residents and users is adapted to moderately high light levels. Lighting is generally desired for safety, security and/or convenience and it is often uniform and/or continuous. After curfew, lighting may be extinguished or reduced in most areas as activity levels decline.

Zoning Districts: Business Highway, Industrial and Industrial Park

Non-shielded wall-packs, barn lights, and floodlights not aimed downward are prohibited in all zones.

F. Total site lumen limit. The total installed initial luminaire lumens of all outdoor lighting shall not exceed the total site lumen limit. The total site lumen limit shall be determined using the hardscape area and table below. For sites with existing lighting, existing lighting shall be included in the calculation of total installed lumens. The total installed initial luminaire lumens are calculated as the sum of the initial luminaire lumens for all luminaires.

Table 1: Allowed Total Initial Lumens Per Site for Outdoor Lighting by Hardscape Method

LZ-0	LZ-1	LZ-2	LZ-3
• Conservation • Research, Scientific & Professional	• Residential A • Residential B	• Business Village	• Business Highway • Industrial • Industrial Park
0.5 lumens per SF of hardscape	1.25 lumens per SF of hardscape	2.5 lumens per SF of hardscape	5.0 lumens per SF of hardscape

G. Correlated Color Temperature (CCT). All proposed LEDs shall have a correlated color temperature (CCT) between 2200K and 3000K.

H. Exterior lighting plan. Applications subject to the provisions of § 174-10, Site plan approval, shall submit a lighting plan which shall include the following information, except to the extent waived by the Planning Board. All other lighting not subject to the provisions of said § 174-10 does not require a lighting plan but shall meet the standards as set forth in this **Bylaw** ~~section~~, unless as may otherwise be provided herein. **The installation of fixtures or luminaires shall be subject to the provisions of this bylaw and comply with guidance outlined in the Rules and Regulations for Outdoor Illumination maintained by the Planning Board. The** lighting plan shall include the following information **and comply with the regulations adopted pursuant to this Bylaw**:

(1) Location, orientation and type of outdoor luminaire, including the height of the luminaire, both existing and proposed;

(2) Type of lamp, such as metal halide, compact fluorescent, high pressure sodium**, LED;**

(3) Luminaire manufacturer's specification data, including lumen output and photometric data showing cutoff angles, as well as a description of all illuminating devices, fixtures, lamps, supports, reflectors, both existing and proposed; this may include, but is not limited to, catalog cuts and illustrations by manufacturers;

(4) Complete report of BUG rating data for all luminaires (if not already included in the manufacturer's specification data) calculated from photometric data (as per IES TM-15-11) showing compliance with the Planning Board Rules and Regulations for Outdoor Illumination;

(5) Photometric plan showing the intensity of illumination expressed in footcandles at ground level within the interior of the property and at the property boundaries **that also includes the Total Site Lumen Limit; Limits to Off Site Impact; Light Shielding for LED lighting; and the Correlated Color Temperature; according to adopted regulations;**

(6) Evidence that the plan complies with light trespass restrictions as set forth herein.

I. Waivers. An applicant may make a waiver request to the Planning Board for increased lighting levels within any given lighting zone and the Planning Board shall have such waiver authority hereunder.

J. Lighting control requirements. Automatic switch controls shall be provided that automatically extinguish all outdoor lighting when sufficient daylight is available using a control device or system such as a photoelectric switch, astronomic time switch or equivalent functions from a programmable lighting controller, building automation system or lighting energy management system, all with battery or similar backup power or device. The Exterior Lighting Plan shall establish curfew time(s) after which total outdoor lighting lumens shall be reduced by at least 30% or extinguished. Lighting reductions are not required for any of the following:

(1) Lighting for residential properties including multiple residential properties not having common areas; with the exception of landscape lighting

(2) When the outdoor lighting consists of only one luminaire.

(3) Code required lighting for steps, stairs, walkways, and building entrances.

(4) Lighting under canopies, in tunnels, parking garages, and similar conditions.

(5) When in the opinion of the Planning Board, lighting levels must be maintained.

(6) Motion activated lighting.

(7) Lighting regulated by special use in which times of operation are specifically identified.

(8) Businesses that operate on a 24-hour basis.

K. Community outdoor sports/recreational lighting requirements. These requirements are an exemption from the total site lumen limit based on hardscape metrics. Community outdoor sports or recreational facilities will be held to the IDA, IES criteria for outdoor sports lighting. On-field illuminance values will be determined by current IDA, IES set forth in the Rules and Regulations for Outdoor Illumination adopted to implement the intent and purpose of this bylaw. Standard regulations include:

(1) Color, luminaire correlated color temperature (CCT) may not exceed 5700 Kelvin;

(2) Other lighting, parking and concession area lighting will be considered a separate luminaire system and must meet the applicable lighting standards for the relevant lighting zones;

(3) Shut-off, curfew time shall be no later than 10:00PM (2200 hrs.); for good cause shown, the Planning Board may waive the compliance requirement of this subsection

L. Street lights. Light emitted by the fixture shall have a correlated color temperature no greater than 3000 Kelvin and/or comply with Massachusetts DPU Tariff standards if applicable. All other street light features are exempt from regulation under this bylaw.

DRAFT

M. Light shielding for parking lot illumination. All parking lot lighting shall have no light emitted above 90 degrees from the installed vertical axis.

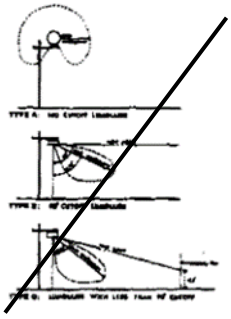
N. Flickering and flashing lights. No flickering or flashing lights shall be permitted. Processes, such as arc welding, which create light flashes shall be confined within buildings or shielded to prevent either direct glare or flashing.

O. Fixture mounting heights.

(1) ~~F.~~ Wall-mounted fixtures. In nonresidential districts, a luminaire attached to the exterior of a building or structure for area lighting shall be mounted no higher than 15 feet above grade and shall be shielded to control glare. ~~"Wal-pac" lighting fixtures are prohibited.~~

(2) ~~P.~~ Pole-mounted fixtures. Pole-mounted exterior lighting fixtures **shall not exceed the pole-mounted height limitation of 20 feet in all zones.** ~~types are defined and restricted as follows:~~

Existing non-conforming light heights may remain as mounted until modification is proposed, at which time the height must be brought into compliance.



~~(1) Type A: no light cutoff.~~

~~(2) Type B: luminaire shielded such that peak candlepower is at an angle of 75° or less from straight down, and essentially no light is emitted above the horizontal.~~

~~(3) Type C: luminaire shielded such that total cutoff is at less than 90° from straight down, and no light source is in direct view of an observer five feet above the ground at any point off the premises.~~

~~H. Pole-mounted fixtures height limitation. Illustrations of pole-mounted exterior lighting fixture types are shown in Chart I herein. Pole-mounted fixtures shall not exceed the applicable pole mounted height limitation set forth in Chart II in any district. The Type A pole-mounted exterior lighting fixture is prohibited in all nonresidential districts, unless equipped with shields.~~

~~CHART I. ILLUSTRATIONS~~

~~**HART II. POLE MOUNTING HEIGHT LIMITATIONS**~~

~~Fixture Type C~~	~~20~~	~~20~~

~~* Note: Feet above grade refers to the overall average grade of the area being illuminated.~~

P. Ceiling-mounted fixtures. In nonresidential districts, luminaires mounted on an exterior ceiling such as under a canopy shall be mounted with the refractor or lens flush with or recessed in the ceiling or fixture.

Q. Lighting levels. Any luminaire with a lamp or lamps rated at a total of 1**,**800 lumens or more (which is approximately equal to one one-hundred-twenty-watt incandescent light bulb) and all flood or spot luminaires rated at 900 lumens or more (which is approximately equal to one 60-watt incandescent light bulb) shall not emit any direct light above a horizontal plane through the lowest direct-light-emitting part of the luminaire. If any spot or flood luminaire rated 900 lumens or less is directed or focused such as to cause direct light from the luminaire to be cast toward residential buildings on adjacent or nearby land, or to create glare perceptible to persons operating motor vehicles on public ways, the luminaire shall be redirected or its light output controlled as necessary to eliminate such conditions. The Planning Board reserves the right to limit and regulate the amount of illumination on a project site between the hours of 10:00 p.m. and 6:00 a.m., while understanding the need for safety and security lighting.

R. Light trespass limitations. There shall be no light trespass by a luminaire beyond the property boundaries of the lot on which it is located, except as within a street right-of-way for which there shall be no limit.

; or do or act anything in relation thereto.

Proposed by: PLANNING BOARD
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The article proposes to replace the current language in Section 174-12.1 Outdoor illumination with new language to reduce blue lighting and increase public health based on recommendations from the American Medical Association and the International Dark-sky Association.*

***ARTICLE 36**:* To see if the Town will vote to amend the Zoning Code of the Town of Southborough, Article III entitled "Use Regulations" by amending thereto Section 174-10, entitled "Site Plan Approval" as hereinafter specified.

****Bold text are insertions. Strikethrough text are deletions.*

§ 174-10
Site plan approval.
[Amended 4-8-1985 ATM by Art. 39; 4-14-1986 ATM by Art. 48; 4-13-1987 ATM by Art. 43; 4-11-1988 STM by Art. 4; 4-26-1990 ATM by Art. 41]

A. The purpose of the site plan review procedure is to encourage a desirable and compatible character of development within the Town of Southborough and to assure safety, promote logic, imagination and innovation in the design process while complying with all zoning requirements. The requirements of this section shall be applicable to the following:

(1) Any nonresidential development that results in an increase in on-site parking.

(2) All modifications to existing development projects which fall within the applicability of the Town's regulations for parking and loading (§ 174-12) or landscaping (§ 174-13).

(3) Any change in use or reactivation of a facility that has not been in use for a period of two years.
[Added 4-8-1996 ATM by Art. 51]

(4) Multifamily housing for the elderly.
[Added 4-15-1997 ATM by Art. 56]

(5) Adaptive reuse of historic buildings.
[Added 4-25-2017 ATM by Art. 30]

B. Site plan review will be processed by one of the following means:

(1) Minor plan review. Any new development, or expansion in use other than a single-family or two-family residence which adds less than 2,000 square feet of floor area or which would require at least five but fewer than 20 parking spaces regardless of the number of parking spaces existing on the premises, or any change of use of a facility that totals less than 2,000 square feet shall be subject to minor plan review by the **Planning Board** ~~Site Plan Review Committee. The Site Plan Review Committee shall be chaired by the Town Planner and will consist of a Selectmen or its designee, Building Inspector, Highway Superintendent, Board of Health Agent, Superintendent of the Water Department, Police Chief and Fire Chief or their designee, who will meet at a regularly scheduled time and place to review plans.~~ The **Planning Board** ~~Committee~~ shall also seek the advice of the Conservation Commission in the review of all minor plan submissions.
[Amended 4-8-1996 ATM by Art. 51]

(a) ~~Minor plan review will require 10 copies of the site plan to be submitted to the office of the Planning Board, together with an application form and filing fee.~~ **A complete application form, filing fee and multiple copies of all submission documents shall be submitted to the office of the Planning Board according to instructions on the application form.** All plans will be prepared at a scale no greater than one inch equals 40 feet on standard twenty-four-by-thirty-six-inch sheets and shall show, as a minimum:

[1] All existing and proposed buildings, including setbacks.

[2] Existing and proposed parking.

[3] Driveway openings.

[4] All property and street lines.

[5] Existing and proposed landscaping.

[6] Existing and proposed signs.

[7] Surfacing, indicating treatment of all surfaces.

[8] Location of all wetlands.

[9] Method of sewage disposal.

[10] Water supply.

[11] Stormwater drainage.

[12] Such other information as the **Planning Board** ~~Site Plan Review Committee~~ may reasonably request.

~~(b) Any dispute arising from the minor plan review process or any plan not receiving unanimous approval from the Site Plan Review Committee shall be referred to the Planning Board for action. The Committee may also refer any site plan that, due to unusual circumstances or a unique situation, it feels should be approved by the Planning Board. All site plans sent to the Planning Board by the Site Plan Review Committee for action will be handled through the minor plan review process.~~

~~[Amended 4-8-1996 ATM by Art. 51]~~

(b) Minor site plan is not a public hearing.

DRAFT

(c) The **Planning Board** ~~Site Plan Review Committee~~ shall approve, **or** disapprove ~~or refer to the Planning Board~~ all submittals for minor **site** plan review within **the required** 30 days of a completed application to the office of the Planning Board**, but the required time may be extended by written agreement between the applicant and the Board, a copy of said agreement to be filed with the Town Clerk. The actions allowed by the minor site plan approval are authorized for a one-year period from the date of grant thereof. The applicant shall be granted a single one-year extension by applying to the Planning Board, in writing, prior to the date of expiration. If the actions permitted are not exercised or the approval not extended, they shall lapse, and a new application will be required.**

(d) Where applicable, all other criteria and conditions of this section will govern minor plan review.

(2) Major plan review. Any new development, or expansion in use other than a single-family or two-family residence which adds 2,000 square feet or more of floor area or which would require 20 or more parking spaces, regardless of the number of parking spaces existing on the premises, or any change of use of a facility that totals 2,000 square feet or more shall be subject to major plan review by the Planning Board. The major site plan submission shall consist of the following elements:
[Amended 4-8-1996 ATM by Art. 51]

(a) Ownership, zoning, use and the general location of structure and topography within 300 feet of the property lines of the site or adjacent land contiguously owned with the site.

(b) All **plans will be prepared at a scale no greater than one inch equals 40 feet on standard twenty-four-by-thirty-six-inch sheets and shall show, as a minimum, all** site features, existing or proposed, including but not limited to the following:

[1] Driveways, including widths.

[2] Parking facilities, including dimensions thereof.

[3] Loading facilities.

[4] Service areas.

[5] Street line, including widths.

[6] Roadways, including widths.

[7] Pedestrian walks, including widths and types of surface.

[8] Landscaping designation, specific plantings.

[9] Screening.

[10] Signs, including proposed sizes, mounting heights, types and drafted design.

[11] Lighting, including plan location and detail information, size, type and wattage.

[12] Surfacing, indicating treatment of all surfaces.

[13] Existing trees on the site which are a caliper of six inches or larger.

[14] Wetlands.

[15] Drainage, including detailed design data, pipe sizing, etc.

[16] Stone walls.

[17] Topography at two-foot contour intervals.

[18] Sewage disposal, including detailed design information.

[19] Water supply.

[20] Curbing.

[21] Such other information as the Planning Board may reasonably request.

(c) The construction of the work as detailed on the site plan shall not deviate from the work shown on the approved site plan. Accordingly, the site plan shall contain a sufficient level of detail to ensure the

DRAFT

constructability of the project. Supporting details and documentation shall be presented as part of the site plan submission.

(3) Incomplete applications for both the minor and major review shall not be accepted by the Planning Board. Following submission of a site plan to the Planning Board, the Board or its designee shall review the **application**/plan for completeness within three business days of the submission. Completeness shall be based on the requirements of **the** ~~this~~ **respective** subsection**s for minor or major review.** If the submission is determined incomplete by the Planning Board or its agent, notice will be **provided** ~~mailed~~ to the applicant ~~by certified mail~~ within three business days of the submission specifying the deficiencies.

C. The plan**s for minor or major site plan approval** shall be prepared by a professional engineer, land surveyor, architect or landscape architect registered to practice in the Commonwealth of Massachusetts**. A complete application form, filing fee and multiple copies of all submission documents shall be submitted to the office of the Planning Board according to instructions on the application form.** ~~and shall be submitted with 11 copies to the office of the Planning Board, together with an application form and a filing fee, if any.~~

D. Approval required.

(1) Site plan approval shall be granted **by a majority vote** upon determination by the Planning Board that the following are complied with. Any new building construction or other site alteration shall provide adequate access to each structure for fire and service equipment**; shall provide** ~~and~~ adequate provision for utilities and stormwater drainage consistent with the functional requirements of the Southborough Planning Board's Rules and Regulations for the Subdivision of Land**;** ~~and~~ shall be so designed that for the given location, ~~and~~ type and extent of land use, the design of building form, building location, egress points, grading and other elements of the development shall be so as to:

(a) Minimize the volume of cut and fill, the number of removed trees six inches in caliper and larger, the length of removed stone walls, the area of wetland vegetation displaced, the extent of stormwater flow increase from the site, soil erosion and the threat of air or water pollution.

(b) Maximize pedestrian and vehicular safety and convenience within the site and egressing from it.

(c) Minimize obstruction of scenic views from publicly accessible locations.

(d) Minimize visual intrusion by minimizing the visibility of parking, storage or other outdoor service areas viewed from public ways or premises residentially used or zoned; minimizing glare from headlights through plantings or other screening; minimizing lighting intrusion through use of such devices as cutoff luminaires confining direct rays to the site; fixture mounting height not higher than 20 feet except adjacent to Route 9; and avoiding unreasonable departure from the character of building**s** in the vicinity.

(2) The Planning Board shall adopt and from time to time amend reasonable regulations for the administration of these guidelines.

E. The Planning Board shall hold a public hearing on the application for **major** site plan approval, with a written notice of the time and place of said hearing being given the applicant and the Board of Selectmen. The applicant is responsible for sending this notice to the certified abutters by certified mail return receipt requested, at least 10 days before the scheduled hearing. The Planning Board shall not act on the application until it has received and given due consideration to the recommendations of the Board of Selectmen or until 10 days have elapsed after the public hearing without receipt of the Selectmen's comments.

F. The Planning Board shall act on a~~n~~ **complete** application for **major** site plan approval and shall notify, in writing, the applicant, the Board of Selectmen and the Building Inspector of its action within 60 days of the receipt of **a** ~~the~~ **complete** application**, but the required time may be extended by written agreement between the applicant and the Board, a copy of said agreement to be filed with the Town Clerk.** ~~Failure of the Planning Board to so act and to notify the applicant within said 60 days shall constitute approval of the site plan.~~ The actions allowed by the **major** site plan approval are authorized for a one-year period from the date of grant thereof. The applicant shall be

granted a single one-year extension by applying to the Planning Board, in writing, prior to the date of expiration. If the actions permitted are not exercised or the approval not extended, they shall lapse, and a new application notice and hearing will be required.

G. Any person aggrieved by the action of the Planning Board on ~~a~~ **either minor or major** site plan approval application may appeal said action to a Court of competent jurisdiction in accordance with M.G.L. c.40A, Section 17**, as amended.**
[Amended 5-22-2018 STM by Art. 3]

H. Minor departures from the site plan as approved**,** may be authorized by the Building **Commissioner** ~~Inspector~~ after approval of the **Planning Board** ~~Site Plan Review Committee~~ if required by engineering or other circumstances not foreseen at the time of plan approval. Any change increasing the size of any building or structure, changing the location of any building, parking or access road by more than 10 feet or reducing landscaping or screening may be made only through review by the Planning Board following the same procedures as for an original submittal. Any departure must be requested, in writing, with the basis for the change given. Any change authorized shall be recorded on the file copy of the site plan with the Building **Commissioner** ~~Inspector~~'s signature and the date.

I. The removal, fill or change of grade of earth materials, including soil, loam, sand or gravel, undertaken in order to construct or locate buildings, structures and such features accessory thereto as ways, driveways, areaways, walks or parking areas, and therefore exempt from regulations under Chapter 85 of this Code, is a part of construction and development process regulated by the Zoning Chapter. Except as necessary for the construction of detached one- or two-family dwellings and of features accessory thereto, the removal, fill or change of grade of earth materials for the purposes defined above shall be subject to approval under this section. Where the commencement of removal, fill or change of grade of earth materials precedes construction by three months or more, the submission and approval of the site plan may be undertaken in two stages, with the information for the first stage limited to property boundaries, existing and proposed topography at two-foot or lesser contour intervals, the character of the soil to be removed, added or relocated, the location and depth of any service and drainage conduits or pipes and the approximate location of any existing or proposed buildings, structures or physical features accessory thereto. Each stage shall be treated as a separate site plan for the purposes of this section, and the approval of Stage 1 of a site plan shall not be construed to assure the subsequent approval of Stage 2.

J. Compliance. The issuance of an occupancy permit will not be given prior to the satisfactory completion of all elements and conditions of the approved site plan. A temporary occupancy permit may be issued after the satisfactory completion of all items essential to public health and safety and sufficient bonding acceptable to the Planning Board is provided to the Town to cover all outstanding items.

; or do or act anything in relation thereto

Proposed by: PLANNING BOARD
Board of Selectmen Recommendation:
Advisory Committee Recommendation:

Summary: *This article proposes to amend the Site Plan Approval bylaw by bringing minor site plan approval under the purview of the Planning Board, as opposed to the Site Plan Review Committee and further clarify steps for minor and major site plan approval.*

ARTICLE 37: Amend Town Code – Zoning – Downtown District

, or act or do anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: At Town Meeting

Summary:

ARTICLE 38*:* To see if the Town of Southborough will vote to approve the Southborough Noise Bylaw proposal attached to this document, as amended, or do or act anything in relation thereto.

SOUTHBOROUGH NOISE BYLAW

1.1 **Declaration of Policy**
Whereas excessive sound can be a serious hazard to the public health and welfare and safety and the quality of life; and whereas a substantial body of science and technology exists by which excessive sound may be substantially abated; and whereas the citizens of Southborough have a right to and should be ensured an environment free from excessive sound that may jeopardize their health or welfare or safety or degrade the quality of life; now, therefore, it is the policy of the Town of Southborough (the "Town") to prevent excessive sound which may jeopardize the health and welfare or safety of its citizens and/or degrade the quality of life.

It shall be unlawful for any person to make, continue to make, permit or cause to be made or continued, any loud, excessive, unnecessary or unusually loud noise or any noise which either annoys, disturbs, injures or endangers the comfort, repose, health, peace or safety of reasonable persons of normal sensitivities. Furthermore, it shall be unlawful for any person who has custody and control of the premises to allow or permit another person to make, continue or permit to be made or continued any loud, excessive, unnecessary or unusually loud noise or any noise which either annoys, disturbs, injures or endangers the comfort, repose, health, peace or safety of reasonable persons of normal sensitivities within the limits of the Town of Southborough.

1.2 **Definitions**
Except as may be specified herein, acoustical terminology used throughout this Bylaw is that approved as American National Standard Acoustical Terminology [ANSI S1.1-1994] by the American National Standards Institute (ANSI). The following words, phrases and terms as used in this Bylaw shall have the meanings as indicated below:

A. BACKGROUND SOUND LEVEL shall mean the sound level associated with a given environment, being a composite of sounds from all sources excluding the alleged offensive noise, at the location and approximate time at which a comparison with the alleged offensive noise is to be made.

B. CONSTRUCTION shall mean those activities requiring a building permit, and shall also include any site preparation, cemetery burial and caretaking operations, seismic surveys grading, assembly, erection, substantial repair, alteration, or similar action, including demolition, for or of public or private rights-of-way, structures, utilities or similar property.

C. The abbreviation dBA shall mean the A-weighted sound pressure level expressed in decibels and referenced to 20 Micropascals. The abbreviation dBC shall mean the C-weighted sound pressure level expressed in decibels and referenced to 20 Micropascals.

D. EMERGENCY VEHICLE: shall mean any vehicle operated in an effort to protect, provide or restore public safety, including, but not limited to, ambulances, police vehicles and fire vehicles.

E. EMERGENCY WORK: shall mean any work performed in an effort to protect, provide or restore public safety, or work by private or public utilities when restoring utility service or any work performed for the purpose of preventing or alleviating the physical trauma or physical damage threatened or caused by an emergence – an occurrence or set of circumstances involving actual or imminent physical trauma or property damage.

F. ENFORCING PERSON: shall mean any police officer, building official or public health official of the Town or any other Town employee designated by the Town Manager for this purpose.

G. IMPACT DEVICE: shall mean a construction device in which or by which a hammer, meaning a moving mass of hard solid material, is mechanically by means of a working fluid or compressed air caused to repetitively impact upon and transmit kinetic energy to a tool. The tool may be included as a part of the device, as in the case of a

DRAFT

moil on a paving breaker or the drill steel of a jackhammer, or it may be a mass to which the impact device is temporarily connected as in the case of a pile and pile driver. Examples of impact devices are pile drivers, paving breakers, power impact hammers, impact wrenches, riveters and stud drivers.

H. INTRUDING NOISE: shall mean the total sound level created, caused, maintained by, or originating from an alleged offensive source at a specified location while the alleged offensive source is in operation.

I. PERSON: shall mean a person, firm, association, co-partnership, joint venture, corporation or any entity recognized by applicable law, public or private in nature.

J. SOUND LEVEL: shall mean the instantaneous A-weighted sound pressure level, in decibels, (dBA) as measured with a sound level meter set to the "A" weighting scale, slow response. On the decibel scale a sound level increase of 10 means the sound is 10 times more intense or powerful.

Decibel levels of some common activities are listed below:

Sound Level - dB	**Source**
50 - 65	normal conversation
60 - 65	laughter
70	hair dryer, vacuum
V Increasing risk of hearing loss V	
80	garbage disposal
85 - 90	lawnmower
100	garbage truck
120	walk behind leaf blower
130	jet takeoff/landing
145	fireworks

K. SOUND LEVEL METER: shall mean an instrument meeting American National Standard Institute's (ANSI) Standard S1.4-1983 for Type 1 or Type 2 sound level meters or an instrument and the associated recording and analyzing equipment, which will provide equivalent data.

1.3 **Designated Noise Zones**
The properties hereinafter described are hereby assigned to the following noise zones:

NOISE ZONE I: All properties utilized as residential uses in accordance with the Town of Southborough Zoning Bylaws and the grounds of any school, hospital or similar health care institution, house of worship or library while the same is in use, and any Cemetery or Open Space.

NOISE ZONE II: All other property used in accordance with the Town's Zoning Bylaw.

1.4 **Exterior Noise Standards**
It shall be unlawful for any person at any location within the area of the Town to create any loud noise, or to allow the creation of any noise, on property owned, leased, occupied or otherwise controlled by such person, which causes the sound level when measured on complainant's property to exceed the greater of:

A. The maximum allowable exterior sound level outlined in Table I; or
B. Five dB over the background sound level.

DRAFT

Table 1. Maximum Allowable Exterior Sound Level		
Noise Level	Daytime level 7:00 AM to 10:00 PM	Nighttime level 10:00 PM to 7:00 AM
I	60 dBA	50 dBA
II	70 dBA	65 dBA

If the intruding noise source is continuous and cannot reasonably be discontinued or stopped for a time period whereby the background sound level can be determined, the measured sound level obtained while the source is in operation shall be compared directly to the maximum allowable exterior sound level outlined in Table I.

1.5 **Construction Noise Standards**

A. Noise associated with construction is permitted between 7:00 AM and 6:00 PM on weekdays and 9:00 AM and 5:00 PM Saturdays provided the sound level from:

1. Non-impact devices do not exceed 70 dBA as measured over a time interval of 1 minute with the sound meter set to slow located on any other property, but at least 50 feet from the construction activity;

2. Impact devices does not exceed 90 dBA as measured with a sound level meter set to slow response located on any other property, but at least 30 feet from the construction activity.

B. Between the hours of 6:00 PM and 7:00 AM on weekdays and Saturday, noise associated with construction, shall be limited by the standards of Section 1.4.

C. Construction activities shall not be allowed on Sundays or legal holidays.

1.6 **Maintenance Noise Standards**

A. Noise associated with maintenance is permitted between 7:00 AM and 6:00 PM on weekdays, 8:00 AM and 6:00 PM on Saturdays and between the hours of 9:00 AM and 6:00 PM on Sunday, provided the sound level does not exceed 70 dBA as measured with a sound level meter set to slow response on any other property, but at least 50 feet from the maintenance;

B. Between the hours of 6:00 PM and 7:00 AM on weekdays, 6:00 PM and 8:00 AM on Saturday and between the hours of 6:00 PM and 9:00 AM on Sunday or a legal holiday, noise associated with maintenance, shall be limited by the standards of Section 1.4.

1.7 **Commercial Trash Collection and Deliveries or Pick-up**

A. The operation of commercial trash compactors or collection of trash, rubbish, refuse or debris, which generates noise in excess of the criteria given in Section 1.4 at any point of public or common pass-by between the hours of 7:00 PM and 7:00 AM is prohibited.

B. Deliveries or pick-ups for commercial or business purposes between 10:00 PM and 6:00 AM are prohibited unless the noise level of such deliveries or pick-ups in nearby residential areas does not exceed the noise criteria listed in Section 1.4.

1.8 **Motor Vehicles or Motorcycles**

Motor vehicles or motorcycles operated on public ways in the Town of Southborough or in any place where the public has the right of access as invitees or licensees may not exceed a maximum sound level of 85 dBA. It is also in violation of the Bylaw to operate a motor vehicle or motorcycle without a sound-limiting device connected to the exhaust system. This prohibits so-called "straight pipe" exhaust systems. This section shall not include screeching sounds emitted from emergency braking. Measurement for the purposes of this Section shall be at a distance of 36 inches from the noise source.

1.9 **Special Provisions**

Noise associated with the following activities shall be exempted from the provisions of this Bylaw:

A. Emergency work or emergency vehicles.

B. The operation of any vehicular alarm provided it terminates within 15 minutes of the initially recorded complaint.

C. Occasional outdoor gatherings, public dances, shows, and sporting and entertainment events provided said events are conducted pursuant to a permit or license issued by the appropriate jurisdiction relative to the staging of said events.

D. The intermittent or occasional use, during the daytime, of homeowners' light residential outdoor equipment

E. Snow removal performed by snow blowers, snow throwers or snow plows when appropriately outfitted with a muffler.

F. Any activity to the extent regulation thereof has been preempted by Town, State or Federal Law or by agreement between Town, State or the Federal Government.

1.10 **Prima Facie Violations**
Any measured noise exceeding the sound level standards as specified in Sections 1.4 through 1.10 may be deemed by the enforcing person to be prima facie evidence of a violation of the provisions of this Bylaw.

1.11 **Penalties for Violations**
A. Violations under Article 1, in the discretion of the enforcing person, may be enforced by non-criminal disposition as provided in MGL Chapter 40, Section 21D.

B. The penalty for a violation under this Bylaw shall be $100 for a first offense, $250 for a second offense, $500 for a third offense, and for each succeeding offense each day or part thereof shall constitute a separate offense.

Proposed by: PETER LAPINE, et al.
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Not support
Summary: *As the population of Southborough grows, it has transitioned from a rural community to one that is more suburban. People move to Southborough to enjoy its natural beauty and peaceful environment. With increased housing density, practices of earlier times increasingly encroach upon the tranquility of Town residents, resulting in conditions characterized as being out of balance. There is an ever-growing requirement to place limits on these practices – a rebalancing - so that everyone, business owners and homeowners alike, may prosper. This article, a Noise Bylaw, seeks to harmonize the needs of Town residents with those of local business owners.*

ARTICLE 39*:* To see if the Town of Southborough will vote to pass a bylaw to reduce plastic waste

Section 1 Purpose and Intent

The production and use of single-use plastics such as polystyrene food packing and thin-film plastic checkout bags have significant impacts on the environment, including, but not limited to, contributing to the potential death of aquatic and land animals through ingestion and entanglement; contributing to pollution of the natural environment; creating a burden to solid waste collection and recycling facilities; clogging drainage systems; and requiring the use of millions of barrels of crude oil nationally for their manufacture. Additionally, polystyrene contains known carcinogens, and readily leaches into certain foodstuffs. Measurable levels of polystyrene are now found almost 100% of human fat samples.

The purpose of this bylaw is to preserve the Town's water, wildlife and natural resources—as well as to enhance the health of its citizens—by banning within the Town of Southborough two of the largest contributors of non-recyclable plastics to the environment—single-use polystyrene retail food packaging and single-use plastic checkout bags—while promoting the adoption of more environmentally friendly alternatives.

Section 2 Definitions

DRAFT

"Polystyrene food packaging" – means any holder of food or beverage made from polystyrene, either in solid or foam (Styrofoam) form, such as cups, plates, or take-out containers, as well all other single-use plastic products made to facilitate the consumption of foods, such as straws, lids and utensils made from polystyrene or other non-compostable plastic materials.

"Checkout bag" – means a carryout bag provided by a store to a customer at the point of sale. Checkout bags shall not include bags, whether plastic or not, in which loose produce or products are placed by the consumer to deliver such items to the point of sale or checkout area of the store.

"Retail Store" – means any business facility that sells goods directly to the consumer whether for or not-for-profit, including, but not limited to, retail stores, restaurants, pharmacies, convenience and grocery stores, liquor stores, as well as seasonal and temporary businesses.

"Reusable checkout bag" – means a bag with handles that is specifically designed and manufactured for multiple reuse and is either polyester, polypropylene, cotton or other durable material, or durable plastic that is at least 4.0 mils in thickness.

"Thin-film single-use plastic bags" – are those bags typically with handles, constructed of high-density polyethylene (HDPE), low density polyethylene (LDPE), linear low density polyethylene (LLDPE), polyvinyl chloride (PVC), polyethylene terephthalate (PET), or polypropylene (other than woven and non -woven polypropylene fabric), if said film is less than 4.0 mils in thickness

"Recyclable paper bag" – means a paper bag that is 100 percent recyclable and contains at least 40% post–consumer recycled content, and displays the words "recyclable" and "made from 40% post-consumer recycled content" in a visible manner on the outside of the bag

Section 3 Use Regulations
(A) Polystyrene food packaging shall not be distributed, used, or sold by any retail store within the town of Southborough.

(B) Thin-film single-use plastic bags shall not be distributed, used, or sold for checkout or other purposes at any retail store within the Town of Southborough.

(C) If a retail store provides or sells checkout bags to customers, the bags must be one of the following (1) recyclable paper bags, or (2) reusable checkout bags. The retail store may charge for said bags.

(D) Thin-film plastic bags used to contain dry cleaning, newspapers, produce, meat, bulk foods, wet items and other similar merchandise, typically without handles, are still permissible.

(E) Violation of the By-Law to Reduce Plastic Waste: First offense – written warning; 2nd offense - $100 per offense; 3rd and subsequent offenses - $250 per offense.

Section 4 Effective Date

This bylaw shall take effect six (6) months following Town Meeting approval of the bylaw. Upon application of the owner or the owner's representative, the Board of Selectmen or their designee may exempt a retail store from the requirements of this section for a period of up to two (2) months upon a finding by the Board of Selectmen or their designee that (1) the requirements of this section would cause undue hardship; or (2) a retail store requires additional time in order to draw down an existing inventory of straws or checkout bags.

Section 5 Enforcement

Enforcement of this bylaw shall be the responsibility of the Board of Selectmen or their designee. The Board of Selectmen or their designee shall determine the monitoring process to be followed, which may be limited to responding to citizen reports, and incorporating the monitoring process into other town duties as appropriate. Any retail store distributing plastics in violation of this bylaw shall be subject to fines as described in Section 3 (E) above. Any such fines shall be paid to the Town of Southborough. No licenses shall be renewed for any establishment with outstanding violations under this section.

DRAFT

Section 6 Severability

If any provision of this bylaw is declared invalid or unenforceable the other provisions shall not be affected thereby.

; or to do or act anything in relation thereto.

Proposed by: MICHAEL WEISHAN, ET AL.
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This proposed bylaw would make a marked contribution to the heath of both the citizens of Southborough and the overall environment by banning single-use plastic bags, Polystyrene cups, straws, utensils etc. at all retail establishments in Southborough.*

ARTICLE 40: To see if the Town of Southborough will vote to strongly request that the Board of Selectmen direct DPW to conduct an analysis of Flagg Road for the purpose of instituting a commercial truck exclusion (similar to Latisquama Road), or do or act anything in relation thereto.

Proposed by: JONAS LINDEN, ET AL.
Board of Selectmen Recommendation:
Advisory Committee Recommendation:

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, March 23, 2021, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey opened the meeting at 6:30 P.M. and read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Public Comment

Timothe Litt (148 Woodland Road) asked the Board if the May 11th town election was appropriate after the law recently signed by the Governor allowing the Board to change the date. He explained that the Board members currently voting on warrant articles will change before Town Meeting. Chairman Healey stated he would like to speak to the Town Clerk before making any decisions.

Claire Reynolds reminded the public that One Stop Grant Program proposals are due April 1st and she explained the process for submittal.

Chairman Healey added that holding public comment at the beginning and end of meetings has been successful. The Board agreed.

III. Scheduled Appointments

a. IT Manager appointment: Jason Montijo

Chairman Healey thanked Ms. Hale and Mr. Probst for their efforts conducting the hiring process. Ms. Braccio echoed the sentiments and asked Mr. Montijo what his first sixty days would look like. Mr. Montijo replied that he would begin understanding the infrastructure and focus on immediate tasks that need to be completed. Ms. Malinowski asked what attracted him to Southborough and the public sector. Mr. Montijo replied that his goal was to become an IT manager. Mr. Shea asked about his experience and Mr. Montijo stated that he will bring security enhancement to Town infrastructure. Chairman Healey stated Mr. Montijo is recommended by

DRAFT

those who participated in the hiring process which included Chief Achilles, Matt Probst, Brian Ballantine, Mark Purple, Vanessa Hale and Tom LaFlamme. Ms. Hale stated the Personnel Board met and approved Mr. Montijo's starting salary and agreed with the appointment.

Chairman Healey made a motion to appoint Mr. Montijo to IT Manager for the Town of Southborough at the salary of $101,000 as budgeted. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Mary Lou Woodford, Chairman, Board of Health – FY22 Budget

Chairman Healey asked Ms. Woodford about the possibility of regionalization and perceived staffing needs at the Health Department. Ms. Woodford explained that COVID-19 has shined a light on their inadequacies and explained the current staffing needs. She explained the functions of the Board of Health outside of the pandemic. She explained the Shared Services Grant that the Health Department has applied for and how it will help identify whether regionalization will be a good fit for Southborough. Chairman Healey asked Ms. Woodford what the immediate staffing needs were for the Health Department. She explained the need for a full-time public health nurse, a full-time health director and a full-time administrative assistant. Ms. Malinowski asked about the vaccine clinic and if this staffing model would support regionalization. Ms. Woodford explained the staffing and backend process of the vaccination clinic and that the Shared Services Grant is not regionalization. She further explained the needs for a larger staffed Health Department and the current staffing hours. Mr. Shea asked if the increase in staffing was pandemic-driven. Ms. Woodford replied that the Board of Health was discussing their staffing needs and options prior to the pandemic. Mr. Stivers asked about the Shared Services Grant and Ms. Woodford explained that it is shared with four towns and how the funds would be disbursed. Mr. Stivers asked if the Board of Health were still considering regionalizing. Ms. Woodford replied that they were and stated the Board of Health was open to whatever is going to be best for the residents of Southborough. She added the Shared Services Grant will tell them if they can work with other towns and if the requirements and needs complement each other.

Ms. Braccio stated that she is not fully understanding the sudden need to increase the part-time positions to full-time and asked for more details to be presented at the April 6th meeting. She added that there has been phasing for staff additions over multiple years in other departments and said she appreciated that regionalization was still being considered. Chairman Healey asked for a concise form to describe why the core services listed are necessary for Southborough and the impact on taxes. Ms. Woodford agreed to provide this and added that the public needs to be better informed of the role the Health Department plays.

IV. Reports

Chairman's Report

i. Update on Barron v. Town of Southborough litigation

Chairman Healey stated that the court decision is included in the packet and the entire case has been rejected or dismissed at its earliest possible stage. He explained how claims such as these are decided and added that Mr. Davis did very well. He will be asking Mr. Davis to attend an upcoming meeting to discuss the right of appeal. He added that the court does support their public forum policy and explained that excerpt of the decision. Chairman Healey asked to review the policy at a future meeting and the Board agreed.

DRAFT

Chairman Healey stated that the Trustees at Chestnut Hill Farm may be seeking a grant for infrastructure funds from the Federal Government. He added that the Trustees are looking for support from the Board, Representative Dykema and Senator Eldridge. He stated that Representative Dykema has sent a supportive letter for the Trustees to pursue the grant and Mr. Purple will distribute that to the Board. The letter indicated that any construction or work at Chestnut Hill Farm will need to follow normal town processes and approvals.

Members' Reports

i. Boston Cane

Ms. Braccio explained the history of the Boston Cane beginning in 1901. She said she has inquired at the Senior Center as to who is the oldest resident and found that she is a 99-year-old female veteran. She said she will be working with Ms. Le Francois to speak with the family and to pick a date for a small ceremony.

Town Administrator Report

i. COVID-19 update

Mr. Purple stated that Ms. Woodford previously spoke to the vaccination clinic and Southborough has been approved to a regionalized vaccination clinic in Westborough. He added that they are hoping to receive the vaccine by the first week in April and are working with Chief Achilles and Dr. Alker to facilitate staffing.

Ms. Hale explained that the required information for the expression of interest to the One Stop Grant portal has been started and should be done in time for the April 1st deadline. She explained the next steps and that three total projects were submitted from SHOPC, DPW and EDC. Ms. Malinowski stated that she is available to assist if needed.

V. Consent Agenda

a. Ms. Malinowski informed the Board the draft minutes were not supplied for approval. Mr. Purple asked to table the approval of Open Session Minutes: March 16, 2021. The Board agreed.

b. Mr. Shea made a motion to approve FY22 Fire Permit Fee Schedule revisions. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Ms. Malinowski asked to hold agenda item "c." Mr. Purple explained the revolving funds used for inspectional services at both the Fire Department and Building Department. He stated that the Building Department will be increasing their fees starting in fiscal year 2021 and increases will be added to the general fund. Ms. Malinowski made a motion to approve FY22 Building Permit Fee Schedule Revisions. Chairman Healey seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

d. Approve Building Permit Fee Schedule revisions
This item was approved with consent agenda item "b."

e. Mr. Shea made a motion to approve Amendment #1 to the CSX preliminary engineering agreement for Main Street project. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

f. Ms. Braccio thanked Ms. Cook for taking on an additional committee after being on Advisory as well and thanked her for her work on the School Research Subcommittee. Ms. Braccio made a motion to accept the resignation of Kathy Cook from Capital Planning Committee.

Chairman Healey seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

g. Mr. Shea stated that the November 10th Executive Session minutes were approved on January 19, 2021. He stated that there was an administrative oversight. He asked that Ms. Braccio not be counted in the roll call vote as she was absent. He stated the vote to enter into Executive Session should be 4-0-0. Chairman Healey made a motion to release the Executive Session minutes: November 10, 2020 with the revision described by Mr. Shea. Mr. Shea made a motion to release Executive Session minutes: November 17, 2020 (redacted). Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Other Matters Properly Before the Board

a. Town Administrator evaluation

Chairman Healey stated the evaluations are included in the meeting packet and the Board conducted a fulsome discussion with Mr. Purple regarding his evaluation. He added that Mr. Purple has discussed the evaluations with Board members individually as well. Chairman Healey asked Mr. Purple if he had any additional remarks. Mr. Purple stated he appreciated members reaching out to him and they had substantive conversations about the evaluations. He added there is opportunity for growth and he appreciates the feedback. Chairman Healey explained the contract and some areas that may need clarity. Mr. Stivers outlined the three options moving forward which were to extend Mr. Purple's contract, not extend the contract or take no action and the contract is extended automatically for one year. Chairman Healey, Ms. Braccio, Ms. Malinowski and Mr. Shea agreed they were content accepting the written evaluation. Chairman Healey said he did not see that there is an inclination not to move forward with Mr. Purple's contract. Mr. Stivers stated he was not in support of renewing Mr. Purple's contract. Mr. Stivers suggested updating Mr. Purple's contract to clarify some areas. Chairman Healey stated the Board could do that and explained what was needed for the April 17th deadline.

b. Review of May 22, 2021 Town Meeting warrant articles

Chairman Healey outlined that the Board can decide to take a position on each warrant article, take a vote not to support a warrant article or the Board is not ready to take a position at this meeting. He told the Board he was going to review each warrant article individually. The Board reviewed and discussed each warrant article and decided to invite the Fire Department, Police Department, Library, IT Department, Building Department, Board of Health and Public Works to the next meeting to discuss their departmental budgets. The Board wanted representatives from the following warrant articles to speak at the next meeting:

- Article 5 – Amend the Personnel Salary Administration Plan
- Article 19 – CPC – Kallander Field Construction
- Article 20 – CPC – St. Mark's Church Bell Tower Renovation
- Article 21 – CPC – Town House Historical Preservation
- Article 22 – CPC – Flagg School Assessment
- Article 23 – CPC – Trail on DCR Land
- Article 36 – Outdoor Illumination
- Article 37 – Site Plan Review
- Article 38 – Zoning – Downtown District
- Article 39 – Noise Bylaw

The Board agreed to remove the placeholder for the warrant article regarding parcel 54-50. Mr. Weishan asked to remove the placeholder for article 42 regarding banning plastic straws. Mr. Purple informed the Board that a citizen's petition must be brought to Town Meeting and the sponsor would need to make a motion to indefinitely postpone the article. The Board agreed to remove the placeholder for the demo delay bylaw change as the Chair of the Historical Commission sent a letter saying they do not intend to make any changes this year. Mr. Purple agreed to speak with DPW Superintendent Galligan regarding Article 43 which asks the Board to direct the DPW to conduct an analysis of Flagg Road for a commercial truck exclusion. The Board agreed to support the Downtown District draft bylaw language for continued discussion at the Board public hearing next week.

Ms. Braccio acknowledge a chat comment from Marci Jones that read, "The Latisquama neighborhood looks forward to the expert opinion on the zoning, lots and map related to the Downtown Initiative. We will be prepared with our questions."

VII. Public Comment

Timothe Litt (148 Woodland Road) stated that he has heard members of the Community Preservation Committee state that in some cases, their vote to come to Town Meeting with an article does not mean the board members or Board will support the article. He added it is part of their obligation to bring articles to Town Meeting. Mr. Litt stated he was pleases the Board appointed Mr. Montijo as IT Director and stated he would have urged them to appoint him as an ex-officio member of the MTC at the same time. Mr. Litt stated that Ms. Woodford neglected to point out in her Health Department discussion that a lot of COVID-19 contact tracing is done through the CARES Act and is not done by the current staff.

VIII. On a motion made by Mr. Stivers, seconded by Mr. Shea and voted all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 9:36 P.M.

Upcoming Meetings			
March 30, 2021 (Public Forum)	*April 6, 2021*	*April 13, 2021*	*April 20, 2021*

Respectfully submitted,

Kathleen Barry, Recording Secretary

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, April 20, 2021, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Sam Stivers and Town Administrator Mark Purple
Absent: Brian Shea

I. Chairman Healey opened the meeting at 6:30 P.M. and read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

I. Public Comment

None

II. Reports

Chairman's Report

None

Members' Reports

i. South Union RFP selection process

Ms. Malinowski described the timeline and the RFP process and explained that proposals are due by May 5th. She proposed the Board assign someone to work with Ms. Esposito on the scale and review of the proposals. Ms. Braccio suggested the volunteer be a member of the Capital Planning Committee. The Board agreed. Ms. Malinowski asked to schedule a meeting to review the proposals. Chairman Healey suggested meeting on May 10th. The Board agreed to tentatively schedule a meeting on May 10th and Chairman Healey stated he will follow up with Mr. Shea.

Ms. Braccio updated the Board about how well the vaccine clinic was run. She was a volunteer and she praised the process and those involved ensuring there was no wait time.

Town Administrator Report

None

III. Consent Agenda

a. Ms. Malinowski asked to hold agenda item "a." Mr. Stivers asked to correct the typo on line 146. Ms. Malinowski asked to change "hearing" to "forum" on lines 45 and 146. Chairman Healey made a motion to approve Meeting Minutes: March 30, 2021 with the mentioned corrections. Mr. Stivers seconded. The motion passed all in favor (4-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Stivers, aye; Healey, aye.

b. Chairman Healey made a motion to reappoint Brian Stearns as Veterans' Agent, term 4/30/22. Ms. Malinowski seconded. The motion passed all in favor (4-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Stivers, aye; Healey, aye.

c. Chairman Healey made a motion to reappoint Jennifer Condon as Animal Control Officer, term 4/30/22. The motion passed all in favor (4-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Stivers, aye; Healey, aye.

d. Mr. Purple asked to table agenda item "d," to appoint Student Officer for Police Department, effective April 26, 2021. The Board agreed.

IV. Other Matters Properly Before the Board

Annual Town Meeting Warrant

i. Selectmen recommendations on ATM warrant articles

Mr. Purple stated that he sent the most updated warrant to the Board this afternoon and the website will be updated with the same information as soon as possible. He explained the spreadsheet supplied and the process to follow for assigning and voting on warrant articles. He added that article 38, the citizen's petition for a plastics ban, will stay on the warrant and Mr. Weishan will address it at Town Meeting. Chairman Healey made a motion that the Board of Selectmen vote to support articles 1, 3, 4, 5, 10, 11, 12, 13, 15, 16, 17, 18, 21, 22, 24, 25, 26, 27, 28, 29, 31 and 33. Ms. Braccio seconded. The motion passed all in favor (4-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Stivers, aye; Healey, aye.

The Board discussed article 2 and Chairman Healey updated the Board on his meeting with St. Mark's School and Fay School. He stated he felt confident there will be donations from these schools. Mr. Purple clarified that this article is to authorize the Board to accept any funds received and the disposition of those from PILOT payments. He added it is an annual article. Chairman Healey made a motion to support warrant article 2. Mr. Stivers seconded. The motion passed all in favor (4-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Stivers, aye; Healey, aye.

Mr. Purple suggested the Board vote on article 6 at Town Meeting. He stated that this article may get indefinitely postponed. The Board agreed.

The Board discussed article 7, the fiscal year 2022 budget. Mr. Purple stated that Advisory will be voting an addition of $1,000 to their budget. The Board of Health met and made changes to their budget and there is no official number from there. He added there were some proposals suggested by Ms. Cook that were not approved. Mr. Ballantine updated the Board that the Advisory Committee voted unanimously to not support the Board of Health budget due to a disagreement on an administrative position. Mr. Ballantine outlined an update on local aid and the aerial truck revenue which ended last year. He added that the $5,000 for server work was meant for a period of five years and $4,000 was removed from the IT budget. He stated everything is updated in the current warrant provided to them and the Board of Health budget

will be included once numbers are submitted. Ms. Malinowski asked how the IT budget was allocated and Mr. Ballantine explained. Ms. Malinowski stated she is in favor of keeping the overall budget at the current amount and work with the current IT Manager to address security issues without hiring another employee. Mr. Purple stated that the goal is to supply the IT Manager with resources for him to solve these issues and any requests could be readdressed at a fall town meeting. Mr. Stivers stated that members of the MTC have expertise in this area who could work with the IT Manager and there are funds for contracted services. Chairman Healey suggested conferring with the IT Manager for his opinion.

Chairman Healey suggested a potential motion to approve the budget. There was discussion of the Board of Health budget. Ms. Cook from Advisory was brought into the meeting. She stated the Advisory Committee just met and voted (5-0) not to support the Board of Health budget due to their inflexibility with their administrative position. Ms. Cook summarized her discussion with the Board of Health regarding their budget and the administrative position. Ms. Cook explained the increase in the Advisory Committee budget. Chairman Healey made a motion that the Board advance Article 7 to the warrant and support the budget as currently compiled with the exception of the IT line item and subline items and the submission of the Board of Health and the Board will determine whether or not to support those numbers on or before Town Meeting. Mr. Stivers seconded. Ms. Malinowski asked about the printing of the warrant if there is no decision for the IT and Board and Health budgets. Ms. Cook stated Advisory will be printed in the warrant as "not support" for the Board of Health budget. Chairman Healey stated that he cannot vote to support or not when there is no final number from the Board of Health. There was further discussion regarding the Board of Health budget. Chairman Healey made a motion to support the FY22 budget as currently constituted other than line items for IT and Board of Health. Ms. Malinowski seconded. The motion passed all in favor (4-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Stivers, aye; Healey aye. Chairman Healey made a motion that the Board of Selectmen vote to support the Board of Health budget at either $234,000 or 357,000 figure whichever is presented at Town Meeting by the Board of Health. Ms. Malinowski seconded. The motion failed (1-3-0) by roll call vote, Braccio, nay; Malinowski, nay; Stivers, aye; Healey, nay. Chairman Healey made a motion that the Board support line item 155 in the FY22 budget at the $473,000+ figure with the specific subline detail to determined between now and Town Meeting. Ms. Malinowski seconded. The motion passed all in favor (4-0-0) by roll call vote. Mr. Purple asked the Board if they agreed that the motion included the change Ms. Cook spoke to with the $1,000 change in the Advisory budget. The Board agreed the intent was to incorporate that change into the motion. Ms. Cook left the meeting.

Chairman Healey asked for discussion regarding the water enterprise budget. Ms. Malinowski stated she originally held this item but her questions have been answered. Chairman Healey made a motion for the Board to support warrant article 8. Ms. Malinowski seconded. The motion passed all in favor (4-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Stivers, aye; Healey aye.

Chairman Healey asked for discussion regarding article 9. He asked if the $250,000 is on the path previously laid out by the Board and Mr. Ballantine agreed. Chairman Healey made a motion that the Board support warrant article 9. Mr. Stivers seconded. The motion passed all in favor (4-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Stivers, aye; Healey aye.

Chairman Healey asked for discussion regarding article 14. He explained why this article was held. Mr. Stivers stated he would like to discuss this item for a fall town meeting. Ms.

Malinowski explained her concerns on the amount requested for this fund. Ms. Braccio asked if this number could be adjusted in the fall. Mr. Purple stated the Board could increase the number and he was unsure if the amount could be lowered. He said that the Board could vote to a lower amount this evening and ask to raise the amount at a later date. Mr. Ballantine explained the amount could be decreased or increased at town meeting. Chairman Healey made a motion that the Board support warrant article 14 as constituted. Mr. Stivers seconded. The motion passed all in favor (4-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Stivers, aye; Healey aye.

Chairman Healey asked for discussion regarding article 19. There was no discussion. Chairman Healey made a motion for the Board to support warrant article 19 in the amount of $300,000 for St. Mark's Church Tower. Ms. Malinowski seconded. Mr. Stivers stated there was a chat comment. Chairman Healey stated that he doesn't disagree with the comment that outlined the funding from the Town and the amount raised by St. Mark's Church parishioners. The motion was a split vote (2-2-0) by roll call vote, Braccio, nay; Malinowski, nay; Stivers, aye; Healey, aye. The Board agreed to revote at Town Meeting to include the fifth Board member and have it listed in the warrant as such.

Chairman Healey asked for discussion regarding article 20. The Board raised their concerns regarding the language of the article. Chairman Healey made a motion that the Board support warrant article 20, the CPA funding for Town House restoration in the amount of $200,030. Ms. Malinowski seconded. Ms. Malinowski stated she is in support of the project but not the ballot concept. Ms. Braccio would like to consult with counsel regarding the language. There was discussion regarding the legality of the language. Mr. Stivers stated that the current language would be appropriate if it is legal and he feels the language should make it difficult to sell the property in the future. Mr. Purple stated it was important for the Board to support the project and for the Board to work towards language that addresses their concern. He stated he will include the caveat into the warrant regarding language. Chairman Healey made a motion that the Board support warrant article 20, CPA funding for Town House restoration in the amount of $200,030 but reserve at Town Meeting pending review of the motion. Mr. Stivers seconded. The motion passed all in favor (4-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Stivers, aye; Healey aye.

Chairman Healey asked for discussion regarding article 23. The Board agreed to hold this for Town Meeting.

Chairman Healey asked for discussion regarding article 30. He summarized the previous agreement of the Board to implement the meals tax with a starting date of no earlier than January 1 with the specific date determined by the Board. With that understanding, Chairman Healey made a motion to support warrant article 30. Mr. Stivers seconded. The motion passed all in favor (4-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Stivers, aye; Healey aye.

Chairman Healey asked for discussion regarding article 32. Ms. Malinowski explained why she held this item. She asked if the updated language was submitted this afternoon and Mr. Purple confirmed the correct language was submitted today. Chairman Healey made a motion to support warrant article 32 with the updated language as supplied in the email sent to Mr. Purple at 2:32 P.M. today. Ms. Malinowski seconded. The motion passed all in favor (4-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Stivers, aye; Healey aye.

Chairman Healey asked for discussion regarding article 34. Ms. Braccio asked that the Zoning Board of Appeals be invited to a meeting to inform the Board on their changes. The Board agreed.

Chairman Healey asked for discussion regarding article 35. Mr. Purple noted a change on page 51 of the warrant under "C – Enforcement." He stated the first line ending on the third line has been removed. Ms. Hoolahan, Ms. Hoecker and Mr. Heilman were brought into the meeting. Chairman Healey outlined his concerns regarding this bylaw. There was discussion regarding applicability and the language of the bylaw. There was discussion about a sunset clause and how the bylaw will impact the lights at Choate Field. Ms. Hoolahan agreed to work with Ms. Hoecker and Mr. Heilman to review the lighting at Choate Field and whether a clause in the bylaw is appropriate. Chairman Healey asked that Building Department inspections and enforcement not be done during the evening as a safety and liability concern without law enforcement present. Ms. Braccio asked for other lighting bylaws from surrounding towns be supplied to understand their enforcement piece. Mr. Stivers stated that enforcement can be successful and he supports the bylaw. Chairman Healey suggested a change in the applicability language. Mr. Stivers made a motion to support the bylaw with the revision to applicability as proposed by Chairman Healey. Chairman Healey seconded. Ms. Braccio stated she is not comfortable voting in support of the bylaw this evening if there will be language changes and she is not in support of the sunset clause. Mr. Stivers stated a sunset clause was not added. Ms. Malinowski stated that the enforcement piece is not spelled out as they will be in the rules and regulations and asked if the Board, Planning Board and Building Department will collaborate to create that document. Chairman Healey stated that the rules and regulations will outline complaint requirements and some process requirements which will come from the Planning Board and Mr. Purple and the Board will work with the Building Commissioner for operational guidelines for carrying out the process. Ms. Hoolahan and Mr. Heilman agreed to these processes. Chairman Healey clarified that it is clear in the proposed bylaw that residential properties are covered by the bylaw and fall within the jurisdiction from a complaint standpoint of the Building Inspector. He added the language that put the burden of proof on the homeowner for establishing that they were not in violation of the bylaw was removed. Chairman Healey asked for clarification regarding the impact the bylaw may have on the Choate Field lights and the potential cost for compliance. The motion passed all in favor (4-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Stivers, aye; Healey aye.

Chairman Healey asked for discussion regarding article 36. Mr. Stivers explained why he is in support of this bylaw and extending the constructive approval process from 60 to 90 days with a complete application beginning the 90-day window instead of a partial application. Chairman Healey explained the proposed process and how it would impact the rights of the applicants. Ms. Hoecker explained that the Planning Board will be reviewing bylaws from surrounding towns regarding timing and constructive approvals. Mr. Stivers suggested to hold the vote until Town Meeting. The Board agreed.

Chairman Healey asked for discussion regarding article 37. Mr. Stivers stated he has concerns about the language based on how it impacts residents and landscapers. He felt simple modifications could be made to gain his support for the noise bylaw. Ms. Braccio stated that because it is a citizen's petition the vote must be based on what is written in the warrant. She agreed with Mr. Stivers that she is in support of a noise bylaw but not the language for this article as presented in the warrant. Mr. Purple stated that if the petitioner proposes an amendment at Town Meeting, the Moderator will ask for the opinion of both the Board and Advisory

Committee. Chairman Healey made a motion to support warrant article 37. Mr. Stivers seconded. The motion failed (0-4-0) by roll call vote, Braccio, nay; Malinowski, nay; Stivers, nay; Healey nay.

Chairman Healey asked for discussion regarding article 38. Mr. Purple suggested the Board vote at Town Meeting as the final revisions have not been made. The Board agreed.

Chairman Healey asked for discussion regarding article 39. Chairman Healey asked if the Board should take a position as the article is to strongly recommend action by the Board. Ms. Braccio asked for the petitioner to come before the Board. Chairman Healey suggested the Board take no position. Mr. Stivers asked that Ms. Galligan follow up with the petitioner. The Board agreed.

ii. ii. Sign Final 5-22-21 ATM warrant

Chairman Healey informed the Board that he is out of town but the warrant can be signed by a quorum if the full Board is not available. Mr. Purple agreed to coordinate with the rest of the Board members to sign the warrant.

V. Public Comment

None

VI. On a motion made by Chairman Healey, seconded by Ms. Malinowski and voted by roll call all in favor, Braccio, aye; Malinowski, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 8:42 P.M.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, March 30, 2021, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey opened the meeting at 6:30 P.M. and read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Consent Agenda

a. Mr. Stivers asked to hold agenda item "a." Mr. Stivers stated there is a typo on line 46, line 175, line 217, line 236 and line 276. Chairman Healey made a motion to approve Open Session Minutes: March 16, 2021 as amended by Mr. Stivers. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

III. Public Hearing – Downtown District Bylaw

Chairman Healey thanked all those who had part in implementing the draft downtown district bylaw language and moving the process forward. He stated Ms. Braccio will host the public hearing. Ms. Braccio summarized the questions that have risen over the last few weeks regarding the timing of hearings, the document, the teams involved and the zoning map. She addressed each which included coordinating timing with the completion of the Main Street Project and following through with goals from the Master Plan. She added the Planning Board is required to hold public hearings and bring the bylaw to Town Meeting as this is a zoning amendment. Ms. Braccio stated there have been many stakeholders with input into this document including the EDC, Planning Board, SHOPC, Board of Selectmen and others. She introduced Attorney Costa who will be attending shortly to address more questions.

Mr. Stivers outlined his questions regarding the split lots on the current zoning map, the threshold for site plan review and the change that includes 80% lot coverage. Ms. Malinowski asked about the current percentage of affordable housing in Southborough and the minimum

DRAFT

number of units for the downtown district. Ms. Braccio shared her screen to show the draft downtown district bylaw language and noted that the Planning Board wanted 25% of units to be affordable. Chairman Healey shared his praise that there is a focus on affordable housing as it has been a goal for Southborough along with a more vibrant and business-friendly downtown.

Attorney Costa joined the Zoom meeting at 6:41 P.M. He introduced himself and his law firm, Meade, Talerman and Costa, LLC. He explained how his municipal law firm works and his experience working with zoning bylaws and the Town of Southborough. Mr. Stivers explained concerns from residents regarding split lots and asked if these concerns were a serious risk. Attorney Costa explained his conversations with Ms. Reynolds and Ms. Munsiff regarding changing the zoning in this area and why it is important to relinquish some discretionary authority in order to reach the goals desired by stakeholders and as outlined in the Master Plan. Attorney Costa explained his opinion on the lots identified as split zoning and stated that he felt that risk was low that any could be sold to create a larger development. He read Chapter 174 § 5 of the Town Code entitled "Establishment of Districts" which he felt would protect the Town from redevelopment on the split lots. He added that rezoning the remaining portion of those lots as residential would eliminate risk completely. Chairman Healey asked Attorney Costa if he felt adopting a new map for this district was a heavy lift or if there were other options to solve the split lot issue. Attorney Costa explained that it is not a heavy list to craft a new map for this district and added that if new language were added to address the lots, it could create a domino affect that could impact the rest of the 150 pages of the Town Code. He explained the ramifications of amending 174 § 5 of the Town Code and amending the zoning map. He stated that a zoning map is not a heavy lift legally but he is not aware of how it would fare politically.

Mr. Stivers expressed his interest in modifying the zoning map and Ms. Braccio identified the seven split lots and the CSX owned land. She stated she will be reaching out to the owners of those lots to get their opinion on how this should best be handled.

Resident Kevin Miller outlined his concerns on the current zoning map and strongly urged all parties to update the map to address the split lot issue. He listed more lots that he identified as split and residential properties that would be included in the downtown district according to the existing zoning map. He stated that he was told owners of a split lot could sell their business village zoned property commercially and keep the front residential. Mr. Miller felt the risk was higher for commercial purchasing of split lot land than presented. Attorney Costa was asked to opine by Chairman Healey. He stated that he appreciated the risked described by Mr. Miller but due to the environment in the district along with the size and configurations of the split lots, he did not see an incredible opportunity for a land grab. He spoke to Chapter 175 § 5 as properly addressing major risks for selling a portion of a split lot and reiterated that he does not have concern that there is a significant risk of a sale such as this. He added that if the property owners are in favor or changing the map or being removed from the district, it should be done.

Chairman Healey supported Ms. Braccio's decision to reach out to the landowners of the split lots and Ms. Braccio stated that the concerns were heard and she will be working with the land owners and the EDC to address them.

John Wood of the EDC stated that Ms. Hoecker, Principal Department Assistant to the Planning Board, had done extensive research on the zoning map and found that these lots were identified in mid-2000 and again in 2013 as a potential issue but no changes were made. He asked if

anyone on the Board or public knew why. Mr. Stivers replied that he was on the Zoning Advisory Committee at the time and he does not remember why these split lots were not addressed but added that the whole project lost momentum for a variety of reasons. Mr. Wood asked if the Planning Board has taken a position on this area of the zoning map. Chairman Healey replied that he did not think they had but the Board will be gathering as much information as possible, starting with speaking to the individual landowners. Kevin Miller stated that he watched the Planning Board meeting from two meetings ago and Mr. Morris clearly instructed the EDC to reexamine the map as there is a problem with it. He stated that at the subsequent EDC meeting the map was not addressed. Claire Reynolds stated that Mr. Morris had not given the EDC a directive to reexamine the map and any changes or revisions to the zoning map would not fall under the purview of the EDC.

Marnie Hoolahan spoke as a member of the Planning Board and stated she was at the meeting Mr. Miller is referring to. She stated Mr. Miller brought the issue of the zoning map to their attention and the Planning Board agreed that a solution must be provided. She stated the Planning Board has not taken a vote but speaking for herself, she is not comfortable supporting this bylaw until a solution to the zoning map is brought forward.

Resident David Parry stated he was formerly a city planner and he agreed with the points Mr. Miller has made. He spoke to a provision in the ordinance that there shall only be one principal permitted use on any one lot and asked that this be included in the downtown district. Mr. Stivers stated that he would like to see consistency in the trigger for Planning Board review and 2,000 square feet remain the measurement. Attorney Costa explained the thought behind establishing a higher threshold of 3,000 square feet which included incentivizing development to allow a relatively larger development to proceed in a manner where it would not need discretionary special permit review. He added that there does not need to be consistency in this area and he read an excerpt from an email provided by Ms. Barrett regarding this topic. Attorney Costa explained Ms. Barrett's thought to apply the threshold to the use versus the structure. Chairman Healey asked if Ms. Barrett was describing an appropriate path to mixed use buildings and if not followed as described the town could be limiting their ability to allow mixed use. Attorney Costa agreed with that statement. Julie Connelly of the EDC outlined the uses they were looking to attract that may require a 3,000 square foot threshold as outlined in 174-8 (12) (b) of the draft bylaw.

Mr. Stivers described his concerns on the 80% lot coverage and floor area ratio as included in this and prior draft language. He added that he felt it opened the door to substantial development. Ms. Braccio clarified that the 80% lot coverage was not discussed but was added by Ms. Barrett. There was discussion regarding floor area ratio and lot coverage and the implications of using these as thresholds for development. Attorney Costa stated that both propose challenges as the lots in the proposed downtown district are not similar in size and has smaller lots. He stated that Ms. Barrett is the expert in this area but suggested looking at minimum setbacks and height limits in conjunction with lot coverage.

Ray Hokinson (10 Main Street) stated his concern regarding the presented lot size measurement to dictate the height of a building. He stated that the potential for three- and four-story buildings would change the character of the downtown district. He added that he is concerned that allowing taller buildings would change the character of this area. Ms. Connelly clarified that historically there have been taller buildings on Main Street and she listed the Southborough Arms

and the school among others. She added that part of the proposed bylaw includes design guidelines promulgated by the Planning Board. She added that the EDC is cognizant to maintain the village historic piece of town but they are also looking for ways to promote the goals of brining in small business and promoting diversity in housing. Mr. Parry questioned the forty-foot height restriction compared to the thirty-five feet in other districts and asked to delete paragraph "g." There was discussion on why the proposed forty-foot height restriction was included and what businesses might require a higher building. Ms. Braccio read a chat comment from Mr. Parry regarding his perception that there is a disparity on vision for the downtown district.

Mr. Hokinson stated he felt the EDC approach is simply zoning and he would like to see more of a focus on preservation and a push to keep the historic character. Ms. Connelly explained that the EDC is very focused on zoning at the moment because this was outlined as the next step to revitalizing downtown. She said that they have been working on the downtown initiative for three years and it began with a goal to attract small business and development but also preservation, walkability, beautification and creating greenspaces. Ms. Connelly added that the EDC engaged ULI in a study and they instructed them to update the antiquated zoning bylaw and addresses the lack of wastewater infrastructure. She described how each of those objectives were being done.

Mr. Miller stated he agreed with Mr. Hokinson's comments and felt that the approach has been focused on appeasing developers and that there is consistent dissonance between the way the project is being sold and the article itself. Ms. Braccio thanked him for his comments and stated that this is not the end of the conversation. She added the Board will be working with stakeholders and there will be more discussions to come. Mr. Hokinson added that he is not singling out the EDC with his concerns but hopes the Board is also open to addressing issues of historic and characteristic qualities in downtown. Ms. Braccio thanked the public for participating and Attorney Costa for his attendance and participation.

IV. On a motion made by Chairman Healey, seconded by Mr. Stivers and voted all in favor by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 8:38 P.M.

Town Finance Terminology

The following terms are frequently used in the Advisory Committee Report and at Town Meeting. For your convenience, we provide the following definitions.

Surplus Revenue: (Often referred to as "Excess and Deficiency")
The fund represents the amount by which the Cash, Accounts Receivable and other floating assets exceed the liabilities and reserves.

Available Funds: (Often referred to as "Free Cash")
The amount of the Unreserved Fund Balance (Surplus Revenue) account over and above uncollected taxes of prior years constitutes "free cash" or "available funds".

Overlay:
The Overlay is the amount raised by the Assessors in excess of appropriations and other charges for the purpose of creating a fund to cover abatements and exemptions as granted.

Overlay Reserve:
This is the accumulated amount of the Overlay for various years not used or required to be held in the specific Overlay account for a given year, and may be used by vote of the town for extraordinary or unforeseen purposes or voted into the Reserve Fund.

Stabilization Fund:
An outside section of Chapter 138 of the Acts of 1991 (the FY92 State budget) modifies limitations on the Stabilization Fund appropriation process by enabling communities to appropriate from this fund for any non-capital, lawful purpose without Emergency Finance Board approval (section 333). Beginning in FY92, the Stabilization Fund will thus become a source of revenue for general operating expenses for communities.

The Stabilization Fund is a mechanism for setting aside money for capital projects. It equalizes the effect of capital expenditures over time, as capital appropriations can change considerably from year to year. The balance in the fund will build up during years when expenditures for capital items are low. During years with high capital expenditures, the community will transfer money from the fund to reduce the project's impact on the tax rate or the amount of borrowing required for the project.

A community may appropriate up to 10% of its tax levy each year, as long as the balance in the Stabilization Fund does not exceed 10% of the community's equalized valuation. Interest earned on any fund balance is retained as part of the fund.

Appropriations into a Stabilization Fund can be made at either an annual or special town or district meeting. Chapter 94 of the Acts of 1985 permits appropriations to be made from a Stabilization fund at a special town or district meeting, not just at the annual meeting. Regardless of the timing, appropriations from the Stabilization Fund require a two-thirds vote by the appropriating authority. Until the FY92 state budget, a community could only appropriate from the Stabilization Fund for a none-capital purpose with the approval of the Emergency Finance Board.

Reserve Fund:
This fund is established by the voters at the Annual Town Meeting only and may be composed of (a) an appropriation (not exceeding 5% of the tax levy of the preceding year), (b) money transferred from Overlay Reserve, or (c) both. Transfers from the Reserve fund may be made only by the Advisory Committee and are for "extraordinary or unforeseen expenditures" only.

Conservation Fund:
For land purchases and any other conservation use.

Introduction to the Rules of Town Meeting

Southborough's Town Meeting is an open town meeting in which all registered voters may participate. Town Meeting is a deliberative assembly, conducted via a defined process, charged with considering a maximum number of questions of varying complexity in a minimum amount of time and with full regard to the rights of the majority, strong minority, individuals, absentees and all of these together. In other words, we gather for the purpose of conducting the Town's business thoughtfully and efficiently.

AUTHORITY

The three elements of authority at Town Meeting are a quorum of one hundred (100) registered voters or more, the Clerk and the Moderator. Of these three, the quorum is the most important.

The Town Clerk is responsible for voter registration, certification of a quorum, setting up the hall and keeping the record of the proceedings. He may also officiate Town Meeting in the absence of a Moderator.

The Moderator presides at and regulates the proceedings, decides all questions of order, and makes declarations of all votes. No one may speak on an issue without being recognized by the Moderator. It is the Moderator's responsibility to approve the distribution of materials, and persons wishing to do so must seek his permission. The Moderator appoints Tellers and alternates for the purpose of counting votes of the meeting.

THE WARRANT

All matters to be considered at Town Meeting must be published in the Town Meeting Warrant, which is the responsibility of the Board of Selectmen. The primary and most important purpose of the Warrant is to notify voters in advance the nature of the business to be taken up at Town Meeting. By state law, Town by-law or custom, several business articles (such as budget appropriations) must be presented in the Town Warrant each year for consideration. Other items are added by warrant articles proposed by Town officials, committees, boards, or groups of ten or more registered voters. The Advisory Committee reviews the Warrant, making recommendations on all the items of business to be presented. In accordance with the Town by-laws, all articles in the Warrant are considered in the order in which they appear in the Warrant, unless the Town Meeting votes to change the order for reasons that reasonable people would entertain.

PARTICIPATION

Any voter wishing to participate in Town Meeting must go to one of the floor microphones and wait to be recognized by the Moderator. Upon recognition by the Moderator, first state your name and address, and then state your business.

Anyone whose name is not on the list of registered voters requires the approval of either the Moderator or a majority of the Meeting to sit in the voting area.

All remarks shall be limited to the subject then under discussion. It is improper to indulge in references to personalities, and all expressions of approval or disapproval, such as applause or booing, are out of order. The Moderator may request any person to keep silent. If after warning from the Moderator, a person refuses to be silent or persists in other disorderly behavior, the Moderator may order a person to withdraw and if he fails to withdraw, may order a police officer to remove such person from Town Meeting.

Individuals who have a personal or financial interest with respect to a matter may speak or vote thereon but should frankly disclose their interest. However, no Town Meeting voter should accept compensation for participating without disclosing that fact.

There is no fixed time limit to the debate of any question. However, out of consideration for the others in attendance and the need to give adequate time to all matters coming before Town Meeting, each individual who speaks should make an effort to be as brief as possible and avoid repeating facts, views or opinions already expressed by others.

Introduction to the Rules of Town Meeting (continued)

Anyone wishing to make a presentation with respect to any article must, prior to Town Meeting, obtain the Moderator's approval.

In order to give all a fair opportunity to speak, no one who has addressed any particular motion shall speak again, except to answer questions, until all others wishing to speak to the motion have done so.

HOW ARE MOTIONS CLASSIFIED?

Main Motions
Motions of this group are for the bringing of questions, or propositions, before Town Meeting for consideration. Only one main motion can be considered at a given time, and once introduced such a motion excludes all other main motions until it has been disposed.

Subsidiary Motions
Motions of this group have are for the modification or disposition of the main motion that is being considered. Their existence as motions depends entirely upon the principal motion to which they are subordinate. Since they relate to the question then under consideration, it is in order to propose them when a main motion is pending and to vote upon them before voting upon the main motion.

Privileged Motions
Motions of this group have no connection whatsoever with any main motion, but are motions of such importance that they are entitled to immediate consideration. These motions have the privilege of temporarily setting aside the main business then before Town Meeting.

Incidental Motions
Motions of this group have few characteristics in common, but for convenience have been grouped into one class. The name "incidental" applies because they arise only incidentally out of the business of Town Meeting.

RULES RELATIVE TO MOTIONS

A motion is the means of bringing a proposal or question for consideration by Town Meeting. When first put forward it is a motion; after it is seconded and acknowledged by the Moderator, it becomes the question or proposal. Except for complimentary resolutions (the presentation of which must be approved in advance by the Moderator), no main motion shall be entertained unless it's substance is contained within the scope of a Warrant article. Upon completion of debate, articles will be voted upon.

The Moderator shall determine whether a motion, or any discussion relative to a motion, is within the scope of the Warrant article under consideration. That is, the motion and the debate must be relevant to the article as written in the Warrant, since the purpose of the Warrant is to apprise voters of the actions to be taken at Town Meeting.

Articles only give notice to the voters and do not initiate action; motions do. Motions may be withdrawn; articles may not be withdrawn – articles must be acted upon by Town Meeting.

There are four types of amendments: striking out, inserting, striking out and inserting, and substitution. Motions to amend may be hostile as long as they are germane. An amendment to a motion is an amendment of the first rank; an amendment to an amendment is of the second rank; there can be no amendment beyond that of the second rank.

Some motions do not lead to a final determination by Town Meeting. A motion to commit or to refer sends the matter to an existing board or committee or one to be established. The motion to postpone indefinitely disposes of the question without bringing it to a direct vote. The motion to postpone indefinitely should not be confused with the motion to table which only temporarily delays a vote. As previously stated, articles may not be withdrawn; so when the Meeting does not wish to act on a particular article, the proper motion is to postpone consideration indefinitely.

Motions to reconsider shall be entertained when new information is available that is materially different than was presented (or could have been presented) at the time of the original vote on the article. Articles may be reconsidered only once. If a motion to reconsider is passed by the necessary 2/3 vote, it brings the original article back to the floor (which requires a new motion and additional debate); if the motion to reconsider is defeated, then the original article stands as previously voted and may not be reconsidered again. Actions to reconsider can be taken at the same session or any subsequent session of Town Meeting. A notice of reconsideration may be filed in advance with the Town Clerk stating that, at a specific point during the current Town Meeting, a voter will move for reconsideration on a particular article, and the Moderator will inform the hall of said action. Note that such a motion so noticed in advance must still be in order (i.e., must comply with all conditions required of any reconsideration motion).

All motions other than purely procedural motions must be in writing and signed by the sponsor.

CHART OF PRECEDENCE OF MOTIONS AND SUMMARY OF GOVERNING RULES

	May interrupt a speaker	Req. a sec.	Debatable	Vote Required	Motions that may apply
PRIVILEGED MOTIONS					
1. To dissolve	no	yes	no	majority	none
2. To adjourn	no	yes	limited	majority	amend
3. Point of no quorum	no	no	no	none	none
4. Recess	no	yes	limited	majority	amend
5. Question of privilege	yes	no	no	chair rules	none
SUBSIDIARY MOTIONS					
6. To lay on the table	no	yes	no	2/3	none
7. Previous question	no	yes	no	2/3	none
8. Limit or extend debate	no	yes	no	2/3	amend, reconsider
9. To postpone to time certain	no	yes	limited	majority	amend, reconsider
10. To commit or refer	no	yes	limited	majority	amend, reconsider
11. To amend	no	yes	yes	majority	amend, reconsider
12. To postpone indefinitely	no	yes	yes	majority	reconsider
MAIN MOTIONS					
Main Motions	no	yes	yes	majority*	all
To reconsider or rescind	no	yes	yes	2/3	table previous question postpone definitely
To take from the table	no	yes	no	majority	none
To advance an article	no	yes	yes	majority	amend, reconsider
INCIDENTAL MOTIONS					
Point of order	yes	no	no	chair rules	none
Division of a question	no	yes	no	majority	none
Separate consideration	no	yes	no	majority	none
To withdraw a motion	no	no	no	majority	reconsider
To suspend rules	no	yes	no	2/3	none
Orders of the day	yes	no	no	none	none

*The vote required to pass an affirmative main motion is a matter of substantive law, but is usually a majority.

INTERRUPTING A SPEAKER

No one may interrupt a speaker except for a point of order or a question of privilege.

POINT OF ORDER

A point of order if a question of the Moderator about whether the speaker is entitled to be speaking, or whether the current subject under discussion (or what the speaker is saying) is irrelevant, illegal or contrary to proper procedure. No other "point of order" is proper.

PREVIOUS QUESTION

To call or move the question is a request to stop discussion and to take an immediate vote. This requires a 2/3 vote.

VOTING

Voting is by hand vote and the Moderator declares the result of such votes. If seven or more voters immediately question the declared result, the Moderator shall determine the result by a standing count of votes by the Tellers. After the vote counted by the Tellers is presented to the Moderator and announced to the floor, any further motions for recount are out of order.

ADJOURNMENT AND DISSOLUTION

Sessions of Town Meeting normally adjourn at eleven o'clock in the evening but may adjourn at such earlier or later time as vote of the majority may determine. Town Meeting shall not dissolve until all articles in the warrant have been properly considered.

ANNUAL TOWN MEETING

Worcester, ss. April 20, 2021

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the Inhabitants of the Town of Southborough qualified to vote in town affairs, to meet at the baseball field adjacent to Neary School, 53 Parkerville Road, in said Southborough, on

Saturday, May 22, 2021

at ***10:00 a.m.***, then and there to take action on the following Articles:

ARTICLE 1: To hear reports of the various Town Officers and Committees and to take such action thereon as the Town may vote.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *To hear reports of Town Boards, Committees or Commissions.*

ARTICLE 2: To see if the Town will vote to accept any sum of money from St. Mark's School, Fay School, Harvard Medical School, L'Abri Fellowship, The New England Center for Children, and any other contributor and deposit same amount in Estimated Receipts Account, and determine what disposition shall be made of the same, if accepted, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *To allow the Board of Selectmen to accept donations from Tax Exempt organizations and determine the disposition of funds.*

ARTICLE 3: To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow from time to time in anticipation of revenue of the financial year beginning July 1, 2021 in accordance with the provisions of Massachusetts General Laws, Chapter 44, and to issue a note or notes as may be given for a period of less than one year in accordance with Massachusetts General Laws, Chapter 44, Section 17 as amended, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *This article allows the Town Treasurer to short-term borrow in anticipation of revenue.*

ARTICLE 4: To see if the Town will vote in accordance with the provisions of Massachusetts General Laws Chapter 30B, Section 12(b), to authorize the Board of Selectmen or the Superintendent of Schools to solicit and award contracts for terms exceeding three years, including any renewal, extension or option, provided in each instance the longer term is determined to be in the best interest of the Town by a vote of the Board of Selectmen or the School Committee, as appropriate, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Board Recommendation: Support
Summary: *This article allows the Selectmen and/or the School Committee to enter into contracts in excess of*

three years, if deemed in the best interest of the Town to do so. This has been an annual article, and the exemption has been limited to contracts of no more than seven years.

ARTICLE 5: To see if the Town will vote to accept the Personnel Salary Administration Plan, as specified in Chapter 31 of the Code of the Town of Southborough, entitled: PERSONNEL.

PERSONNEL BYLAW
ENTITLED "THE SALARY ADMINISTRATION PLAN"
[revised at May 22, 2021 Annual Town Meeting]

This bylaw establishes a Salary Administration Plan for the Town of Southborough that (i) groups position classifications in Town services, (ii) establishes salary schedules and employee benefits and (iii) establishes and authorizes the Personnel Board to administer the bylaw and to represent the interest of both the taxpayers and the Town employees.

This Salary Administration Plan applies to the positions of all officers and employees in the service of the Town, whether full-time, part-time, temporary, seasonal, special or any other, except those positions filled by popular election, under the direction and control of the School Committee, performed pursuant to a contract approved by the Town or encompassed in any officially recognized labor union and/or association. The positions covered by this Salary Administration Plan are hereby classified by titles in the groups listed in Schedule A through G ("Classification Schedule") as set forth in Section 20 of this bylaw.

The classification of positions subject to the Massachusetts Welfare Compensation Plan (as amended) and the scheduled rates therefor, as well as the applicable provisions of the Massachusetts General Laws relating to the application of rates set forth in the aforementioned Welfare Compensation Plan are hereby incorporated by reference.

SECTION 1. DEFINITIONS

As used in this bylaw, the following words and phrases shall have the following meanings:

"Administrative Authority" means the elected or appointed official or board having jurisdiction over a function or activity.

"Base Pay" means the compensation paid by the Town of Southborough for the purposes of determining retirement credits and contributions for Town employees.

The Town shall contribute funds as required for each eligible employee in accordance with the procedures and formula established by the Worcester Regional Retirement System and the bylaws of the Town of Southborough. Contributions shall include (i) wages earned during the first eight hours worked in any one day (no contributions shall be made for hours worked in excess of 40 per week,**)** (ii) any lump sum bonus that is guaranteed by the Salary Administration Plan or the Bylaws of the Town, (e.g., longevity pay); (iii) vacation pay, except when paid in lieu of taking vacation; (iv) sick pay; and (v) holiday pay.

"Class" means a group of positions in the Town service sufficiently similar with respect to duties and responsibilities such that for each position the same (i) descriptive title may be used, (ii) qualifications shall be required, (iii) tests of fitness may be used to choose qualified employees and (iv) scale of compensation can be equitably applied.

"Classification Schedule" means any of Schedules A, B, C, D, E, F and G of Section 20 hereof.

"Compensation Grade" means a range of salary/wage rates as may appear in the Classification Schedules.

"Continuous Full-Time Service" means employment requiring a predetermined minimum work period that is uninterrupted except for authorized leaves (e.g., vacation, sick, etc.).

"Continuous Employment" means full-time or part-time employment that is uninterrupted except for authorized leaves (e.g., vacation, sick, etc.).

"Department" means a functional unit of Town government.

"Department Head" means the person appointed and responsible to carry out the duties of a Department.

"Exempt employee" means an employee who is not entitled to overtime pay under the Fair Labor Standards Act (FLSA).

"Full-Time Employment" means employment for not less than 20 hours per week for fifty-two weeks per annum, excepting authorized holidays and leave periods.

"Group" means a group of classes as may appear in the Classification Schedules.

"Maximum Rate" means the highest compensation rate to which an Employee is entitled.

"Minimum Rate" means the lowest rate in a Range, and is normally the hiring rate of a new employee.

"Non-exempt employee" means an employee who is entitled to overtime pay under the Fair Labor Standards Act (FLSA).

"On-Call Compensation" refers to additional money paid to an employee who is required to work when the need requires; oftentimes in an evening or weekend capacity.

"Part-Time Employment" means employment less than 20 hours per week.

"Position" means an office or post of employment in the Town service with duties and responsibilities calling for the Full-Time or Part-Time Employment of one person in the performance and exercise thereof (or of more than one person sharing the same position).

"Position Class" means the same as "Class" (note that a class may include only one position, in which event it is defined as a "single position class").

"Probationary Employee" means a first-time Town employee within his/her first six months of employment.

"Promotion" means a change from one position to another position in a higher class and/or compensation grade.

"Range" means the difference between minimum and maximum rates of an assigned grade.

"Rate" means the measure of compensation for personal services on an hourly, weekly, monthly, annual or other basis.

"Salary Administration Plan" means the Personnel Bylaw Entitled "The Salary Administration Plan."

"Single Rate" means a rate for a specific position class that is not in a designated range

.

"Start Date" means the first day of employment with the Town.

SECTION 2. POSITION TITLES

No person shall be appointed, employed or paid in any position under any title other than those of the Classification Schedule for which the duties are actually performed. The position title in the Classification Schedule shall be the official title for all purposes, including payrolls, budgeting and official reports.

SECTION 3. NEW OR CHANGED POSITIONS

No new position shall be established, nor the duties of an existing position so changed that a new level or work demand exists, unless upon presentation of substantiating data satisfactory to the Personnel Board, the Board shall rate such new or changed position, and allocate it to its appropriate classification grade and establish the rate therefor.

SECTION 4. RECLASSIFICATION OF EMPLOYEES

No position may be reclassified to another grade, whether higher or lower, unless the Personnel Board shall have determined such reclassification is consistent with this Salary Administration Plan.

SECTION 5. JOB DESCRIPTIONS

The Personnel Board shall maintain such criteria as it deems appropriate for the positions and classes in the schedules. Each department or public body (board, committee, commission) with SAP employees shall maintain current job descriptions for such employees. All such job descriptions and any revisions thereto must be submitted to the Personnel Board for approval following review and approval by the Board of Selectmen or appropriate public body. The criteria for any class shall not be deemed to limit the duties or responsibilities of any position as set forth in the job description, nor to affect in any way the power of any administrative authority to appoint, to assign duties to, or to direct and control the work of any employee under the jurisdiction of such authority.

SECTION 6. COMPENSATION

a. The bi-weekly pay period shall begin at 12:00 a.m. Thursday and shall end at 11:59 p.m. on the following second Wednesday.

b. Non-exempt employees subject to this Salary Administration Plan shall be paid for one and one-half hours worked for any hour worked in the excess of forty in their weekly pay period, provided such extra hours were authorized by the Department Head.

c. The salary schedules set forth in Schedules A, B, C, D, E, F and G of Section 20 hereof reflect the maximum and minimum salaries for each grade.

d. The annual salary set forth in Schedule A represents a 40 hour work week and in the event an employee works less than 40 hours per week but more than 20 hours per week, the indicated annual salary is pro-rated reflective of the posted salary schedule in Schedule A.

e. Amounts paid to employees in reimbursement for expenses incurred in the performance of their duties (e.g., mileage, meals, dues, etc.) shall be paid in addition to their compensation. Reimbursement shall be based upon the actual documented expenditure made by the employee, or at rates established by the Internal Revenue Service, supported by that agency's requirements for documentation.

f. On-Call Compensation: Employees shall be eligible to earn a weekly stipend not to exceed $200.00 per week for on-call service if the department head has required them to work outside of their normal schedule. This need is likely to occur on an evening or weekend basis as the need requires. There is no provision to accrue compensation time in lieu of payment.

SECTION 7. SALARY ADJUSTMENT & COMPENSATION POLICIES

a. Every employee that is in Continuous Full-Time or Part-Time service of the Town, as computed from the date of their latest employment, shall be eligible annually for consideration of a salary increase, one year from the date of his/her latest increase. Except as may be authorized by the Personnel Board in exceptional circumstances, such increase is not to exceed one increase in any single twelve-month period until the maximum of the grade is obtained, and such increase shall be subject to the recommendation of the Department Head, with the approval of the Board of Selectmen or their designated appointee in the case of departments within the jurisdiction of the Board of Selectmen, or the appropriate Commissioners or Trustees in the case of departments outside the jurisdiction of the Board of Selectmen.

Retroactive salary increases voted by the Personnel Board shall not be compensated beyond July 1 of that fiscal year, regardless of the funding mechanism.

An evaluation of the employee's performance, in a format approved by the Personnel Board, must accompany a request for an increase in the case of all employees in Full-Time Graded Positions under Schedule A. Evaluations of employees in Part-Time Hourly Graded Positions under Schedule C and Seasonal Personnel under Schedule F may require performance evaluations under Personnel Policy enacted hereunder. Upon receiving such documentation, the Personnel Board shall have final review and approval of all adjustments.

An employee may appear before the Personnel Board prior to its action on any request for an increase. Any employee denied such an increase may appeal, in writing, to the Personnel Board, which shall confer with the employee, the Department Head and the Board of Selectmen or their designated appointee, or the appropriate Commissioners or Trustees, and shall decide the matter.

b. Regular Part-Time employees shall be eligible for consideration for salary increases within their grade one year from the date of their last increase, absent exceptional circumstances as may be authorized by the Personnel Board.

c. Special and other Part-Time personnel for whose positions there is a single rate established in Schedule D shall not be eligible for adjustment.

d. Probationary Employees:

1. During the probationary period, benefit eligible employee(s) will earn vacation, sick and personal time in accordance with Section 11(b-d) hereof.

2. During the probationary period, paid leave accruals shall be based on the Start Date.

SECTION 8. TRANSFERS AND PROMOTIONS

a. An employee who is promoted to a job with a higher range or rate of pay shall enter it at the rate recommended by the Department Head with the approval of the Personnel Board, provided the maximum for the job is not exceeded. This is contingent upon the Department Head's recommendation that qualifications and performance warrant it.

b. An employee transferred to a job with a lower range or rate of pay shall enter it at the rate paid for the previous position or at the maximum rate for the job, whichever is the lower, provided the Personnel Board approves. The employee shall have a right to appeal this decision, in writing, to the Personnel Board, which shall confer with the employee, the Department Head and the Board of Selectmen or their designated appointee, or the appropriate Commissioners or Trustees, and shall decide the matter.

SECTION 9. NEW PERSONNEL HIRING; DEPARTURES

a. Pre-employment physical examinations will be required of newly-hired employees consistent with the Town's policies.

b. Probationary period: For new hires, the first six months of employment shall be a probationary period. The probationary period does not apply to Town employees who change positions within the Town. The probationary period is a time during which an employee will be evaluated to ensure that the employee has the requisite knowledge, skills, and abilities to perform the position (with or without reasonable accommodations). Completing the probationary period does not change the employee's relationship with the Town, which will remain one in which either the employee or the Town may terminate the relationship at will.

c. A new employee's hiring rate shall be the minimum of the rate range of the job, unless otherwise authorized by the Personnel Board or Personnel Director. The Personnel Board is cognizant of the need to make timely decisions during the recruitment process, therefore, the Personnel Director is empowered to set starting salaries for new employees with comparable experience at a rate not exceeding the mid-point of the pay scale set forth in Schedules A and C of the Salary Administration Plan.

d. The Personnel Director or his/her delegatee shall notify the Personnel Board in writing of the hiring of all personnel and their hiring rates. The Personnel Director or his/her delegatee shall also notify the Personnel Board in writing of the departure of any employee.

SECTION 10. DEPARTMENT BUDGETS

Each Department Head shall include in the annual departmental budget a pay adjustment section to provide funds for anticipated pay adjustments, with expenditures to be made only in accordance with this Salary Administration Plan and with the approval of the Personnel Board. Degree bonus [Sec 11i(1)] funds shall also be budgeted in the departmental budget.

SECTION 11. EMPLOYEE BENEFITS

Employee benefits are a cost to the Town and a form of "indirect pay" to employees. The benefits listed below are not intended to supersede what State or Federal law may otherwise require. The benefits set forth in this section are applicable to Full-Time employees only, except where noted.

All forms of paid leave set forth in this section are based on a 40 hour work week; in the event an employee works less than 40 hours per week but more than 20 hours per week, the indicated benefit shall be pro-rated reflective of the approved hours per week for that position.

a. Holidays with Pay

Full-Time employees shall receive one day's pay at their regular rate for the following:

New Year's Day	Labor Day
Martin Luther King Day	Columbus Day
Presidents' Day	Veteran's Day
Patriot's Day	Thanksgiving Day
Memorial Day	Day after Thanksgiving Day
Independence Day	Christmas Day
	Day before or after Christmas Day (as set by the Town annually)

To be eligible for holiday pay, an employee must work (or be duly excused from working) their regular scheduled days preceding and following the holiday. Employees who do not work 20 hours or more per week on a regular basis shall not be compensated for holidays.

Employees whose regular day off falls on a holiday may have one day off with pay within the ensuing thirty days in lieu of holiday pay, with the specific choice of day subject to Department Head approval**.** Furthermore, the day granted in lieu of holiday pay shall not cross fiscal years.

All administrative policies and practices relative to holidays with pay shall be prepared and established under the direction of the Personnel Board.

b. Vacations with Pay

(1) Full-Time employees who have been in the continuous employ of the Town shall earn paid vacation in accordance with the following schedule:

Years of Employment	Hours Earned Per Month	Vacation Earned Per Year (Pro-rata)
0 - 5	6.666	Two weeks
5+ - 10	10.0	Three weeks
10+ - 15	13.333	Four weeks
15+ - or more	16.666	Five weeks

Employees hired prior to July 1, 2005, shall be eligible to earn twenty hours per month after serving twenty years of full-time employment with the Town.

(2) At the recommendation of the hiring authority and upon the approval of the Personnel Board, new employees entering into a position with the Town of Southborough from a similar position will be allowed to enter into the vacation schedule using their years of service from their prior employment, up to a maximum of three weeks' vacation [pro-rated] for the first year of employment with the Town. Employees commencing employment with three weeks per year will be required to complete five years of service before ascending to the next band in the vacation schedule chart.

(3) Vacation shall be granted by Department Heads at their discretion subject to the regular work needs of the Department. An employee shall be permitted to carry over to the following year one year's worth of earned vacation. The employee must have the Department Head's approval to take any portion of a

prior year's unused vacation in addition to the days earned in the current fiscal year.

(4) If in the opinion of the Department Head there are unusual work-related circumstances that warrant it, a department head may seek approval from the Town Administrator or his/her delegatee to allow the employee to continue to work and receive vacation pay in lieu of taking vacation. Approval granted in this section may not exceed ten days per fiscal year.

(5) In the event of termination of employment other than for cause, the employee shall be paid, or be entitled to time off with pay, for any accumulated vacation time. Personal and sick leave shall not be compensated at termination.

(6) Vacation administrative policies and practices shall be prepared and established under the direction of the Personnel Board.

c. Sick Leave

(1) Full-Time employees shall be entitled to accrue 10 sick hours per month, equaling 120 hours annually (15 sick days); employees working less than 40 hours in a weekly pay period will accrue ratably based on hours worked per week. Pay for each day of sick leave shall be at the regular rate. Absences on account of sickness in excess of that authorized shall be charged to vacation or other available paid leave. Sick leave shall be payable only in cases of genuine illness, non-work connected accident, or work connected accidents not covered by Massachusetts General Laws Chapter 152 (Workers' Compensation).

(2) Unused sick leave may be accumulated without limitation for employees hired before July 1, 2007. Employees of the Town of Southborough hired on or after July 1, 2007 may only accrue 120 sick days at any one time. At retirement [or death] only, the Town will pay the employee twenty percent (20%) of the employee's then-accumulated sick leave.

(3) Employees who because of genuine illness or a non-work connected accident are absent for a period of more than three days shall be required to present a doctor's certificate to their Department Head before returning to work stating the reason, the period of time the employee was absent and whether there are any physical restrictions or required outpatient services the employee must adhere to in the workplace.

(4) Annually, an employee may use up to seven of the allowed fifteen days of sick leave for the care of a sick family member.

(5) Sick leave administrative policies and practices shall be prepared and established under the direction of the Personnel Board.

d. Personal Days

Full-Time employees shall be entitled to three personal days per year, to be granted annually on the anniversary of the employee's Start Date. New employees shall be granted three personal days which shall be pro-rated based on hours worked per pay period. Requests for personal days shall be approved by the Department Head. Personal days shall not accumulate from year to year.

e. Military Leave

(1) Reserve Duty: An employee in full-time employment in the military reserve shall be paid the difference between compensation received while on reserve duty and regular compensation rates paid the employee by the Town. Such payment by the Town shall be limited to a period not to exceed two weeks in any twelve-month period.

(2) Active Duty: Pursuant to Article 8 of the April 11, 2005 Annual Town Meeting, an employee in the federal military reserve or a state National Guard who is called to active service shall be entitled to their regular base salary and shall not lose any seniority or paid leave benefits while on military leave; *provided*, however, that such base pay shall be reduced by any amount received from the United States as pay or allowance for military service performed.

f. Jury Duty

Any employee who is called to jury duty shall be paid the difference between their normal compensation and the amount (excluding any travel allowance) received from the court, upon presentation of evidence of the amount paid by the court.

g. Miscellaneous Paid Time Off

Working time lost from regularly scheduled work days for reasons listed below shall be without loss of pay, provided such lost time is authorized by the Department Head. Sections (1) – (3) are applicable to Full-Time employees only; Section (4) is applicable to both Full-Time and Part-Time employees.

(1) Bereavement leave – In the event of the death of a spouse, father, mother, child, father-in-law, mother-in-law, brother, sister, grandparent, or of any other person then residing with the employee, such employee shall be entitled to receive three days' leave for the purpose of the funeral and services of the deceased. If out-of-state travel is required, the Department Head may authorize up to two additional days of travel time.

(2) Medical examination or inoculation required by the Town.

(3) Blood donation authorized by the Department Head.

(4) Attendance at professional and/or educational programs authorized by the Department Head.

h. Court Time Pay

If the Town requires that an employee appear in Court as a witness or in any other capacity arising from the performance of the employee's duty, or on behalf of the Commonwealth or the Town in any civil or criminal case pending in any Court or other official governmental board or agency, such appearance and related travel time shall constitute work time for purposes of calculating weekly hours worked. If such appearance or related travel time causes a non-exempt employee to exceed forty hours of work in any given work week, the employee shall be eligible for overtime pay in accordance with Section 6(b). This section does not apply to exempt employees.

i. Employee Educational Support/Professional Development

(1) Degree Bonus: All Part-Time and Full-Time employees who, while an employee of the Town, earns a degree in a field applicable to their position from an accredited college or university, shall receive a one-time bonus subject to appropriation, according to the following schedule:

Associates Degree... $ 800.00
Bachelors Degree.. $1,200.00
Masters Degree..... $1,500.00

A copy of the completed transcript, diploma or other appropriate evidence of the completed degree must be presented to the Department Head and the Personnel Board, and shall be submitted as documentation for accounts payable.

(2) Tuition reimbursement: the Town may offer tuition reimbursement to eligible Full-Time and Part-Time employees as prescribed by Personnel Board policy enacted under this Bylaw.

j. Group Medical Insurance

Starting July 1, 2009, the Town will contribute fifty percent (50%) of the cost of a medical indemnity plan or seventy-five percent [75%] of the cost of a Health Maintenance Organization plan for Full-Time employees only.

SECTION 12. UNPAID LEAVES OF ABSENCE

a. A leave of absence without compensation may be granted by the Personnel Board.

b. Leaves of absence of over three months' duration (except Military Leave) shall be deemed a break in employment, and on return to work the employee shall have the status of a new employee unless an extension of leave beyond three months was authorized by the Personnel Board.

SECTION 13. PART-TIME EMPLOYEES WORKING FULL-TIME HOURS TEMPORARILY

a. A Part-Time employee may work 20 hours or more per week for a period of no longer than one month if requested by their Department Head due to exigent circumstances, or for longer if approved by the Personnel Board. In such cases, the employee will remain a Part-Time employee with no change in status.

b. Department Heads may submit requests for additional compensation for Part-Time employees temporarily working Full-Time hours, subject to available funding. The Personnel Board shall entertain such requests at the first available opportunity.

SECTION 14. APPOINTMENT OF "ACTING" DEPARTMENT HEADS

a. In the absence or retirement of a Department Head for three consecutive weeks, the Board of Selectmen or appropriate board or commission may appoint an "Acting" Department Head to serve for a period ofnot more than three months. Such three-month period may be extended for up to three additional three-month periods, upon the approval of the Board of Selectmen or other appropriate board or commission for each such extension. In no case shall an appointment of an "Acting" Department Head exceed one year.

b. Duly appointed "Acting" employees shall be compensated at an additional 10% per week, payable retroactively only upon the conclusion of three consecutive weeks of service by the "Acting" employee. Such employees shall still be eligible for overtime pay when fulfilling regular duties from the previous job beyond normal working hours.

SECTION 15. PERSONNEL BOARD

a. There shall be a Personnel Board to administer the Salary Administration Plan. Said Board is to be appointed by the Town Moderator. The Board shall consist of five voters other than employees of the Town or those regularly serving the Town in any elective capacity. They shall serve without compensation. For purposes of this section, Election Workers and Wardens shall not be considered "employees of the Town."

b. Other than as may be needed to fill unexpected vacancies, appointments shall be for three years. The Moderator shall fill any vacancies. The Personnel Board may employ assistance and incur expenses as it deems necessary, subject to appropriation of funds therefor.

SECTION 16. DUTIES OF THE PERSONNEL BOARD

a. The Personnel Board shall administer the Salary Administration Plan and shall establish such policies, procedures and regulations as it deems necessary for the administration of the Plan.

b. The Town Administrator serves as the Town's Personnel Director under the Town Administrator Bylaw [Ch. 27, Art. IX]. As such, the Personnel Director is invested with personnel authority and responsibilities as set forth therein. From time to time, and as may be necessary, the Personnel Board will consult and/or act in concert with the Personnel Director or his/her delegatee on matters of joint responsibility and concern.

c. The Board shall meet annually in July and organize by the choice of a Chair and Clerk. The Board shall meet at least monthly, except when there is no business before the Board. A majority of the Board shall constitute a quorum for the transaction of business. The votes of the majority of all the members of the Board shall be necessary on any matter upon which it is authorized to or required to pass under the Salary Administration Plan.

d. The Personnel Board shall maintain records of all employees subject to this Plan as it deems desirable, including personnel evaluations. Such records are to be kept by the Personnel Director or his/her delegatee, under the direction of the Personnel Board. Department Heads shall furnish such information as requested by the

Board.

e. The Personnel Board shall from time to time, but no less often than every federal Election Year, review the Classification Schedule, Salary Schedules, and administration policies of the Salary Administration Plan. It shall keep informed as to pay rates and policies outside the Town, and shall recommend to the Town any action that the Board deems desirable in that regard. The Personnel Board may tentatively add a new class to the Classification Schedule or reallocate an existing class to a different compensation grade, either higher or lower, subject to the subsequent ratification of its action by formal amendment of the Salary Administration Plan at the next Annual Town Meeting.

f. Not later than six (6) months prior to Annual Town Meeting, the Personnel Board may vote an annual adjustment (but shall reserve the right to vote no adjustment) to the Classification Schedule and establish the effective rate for employees of each grade for the next fiscal year, subject to the subsequent ratification of its action by formal amendment of the Salary Administration Plan at the next Annual Town Meeting. The Personnel Board shall base any annual adjustments upon available relevant information. Approval of the rate for any given employee is not guaranteed and is driven by the annual performance evaluation.

g. Matters of concern by SAP employees that are communicated in writing to the Chair of the Personnel Board will be scheduled on an agenda at the next available meeting providing all necessary and requested information has been submitted in time to be part of the meeting packet. In addition, notice in writing shall be forwarded to the concerned employee and respective Department Head within seven days of the Board's decision. Notwithstanding the foregoing, if the Personnel Board shall so request and the concerned employee and Department Head shall agree, a reasonable extension of these time periods may be granted.

h. Upon recommendation of a Department Head, supported by evidence in writing of special reasons and exceptional circumstances satisfactory to the Personnel Board, the Board may authorize variances in the Salary Administration Plan as it may deem necessary for the proper functioning of the services of the Town, and to effectuate the basic intent of the Plan.

SECTION 17. EMPLOYEES AND THE PERSONNEL BOARD

a. All employees covered by this Salary Administration Plan shall have the right to request an appointment to confer with the Personnel Board on any matter of interest or concern to them that is covered by the Salary Administration Plan. The employee shall notify the Department Head in writing in advance of the desire to discuss the matter with the Board. One of the duties of the Board shall be to foster mutual understanding and good will with the personnel of the Town.

b. To facilitate this, if any employee should feel aggrieved by the operation of any provision of the Plan, the employee shall first discuss the matter with the Department Head, in a mutual effort to clear up any problems or misunderstanding.

c. If two weeks after such a conference a satisfactory understanding and solution of the problem has not been reached, then either the Department Head or the employee may take the matter to the Personnel Board, and the Board shall hear the parties not later than at its next regular meeting. There shall be no discrimination or prejudice by a Department Head against any employee who may take a matter to the Board.

SECTION 18. AMENDMENT OF THE PLAN

The Salary Administration Plan may be amended in the same manner that Town Bylaws may be amended. However, no amendment to the Plan shall be made until it has been presented by a signed petition to, and acted upon by, the Personnel Board. Upon receipt of such a written petition, the Board, after giving the petitioner(s), the Department Head(s) and the affected employee(s) at least two weeks' written notice, shall hold a hearing to consider the proposed amendment. If the Personnel Board approves of any proposed amendment, it shall bring it before the next available Special or Annual Town Meeting for its consideration. If the Personnel Board disapproves any proposed amendment or shall fail to act thereof within fifteen days after the hearing (which failure shall be deemed disapproval), the petitioner(s) may the present the petition to the next available Town Meeting for its consideration. The Board of its own motion, after a similar hearing and/or conference with parties interested, may propose an amendment to the Plan.

SECTION 19. SEVERABILITY PROVISION

In the event that any provision of this bylaw, or application thereof, shall be held to be invalid by the proper authorities, this shall not be construed to affect the validity of any other provision, or application thereof, of this bylaw.

SECTION 20: CLASSIFICATION SCHEDULE

SCHEDULE A: FULL-TIME SALARY GRADED POSITIONS

POSITION TITLE	PAY GRADE
DEPARTMENT HEADS & MANAGEMENT STAFF

1	$11.44	$23,802	$14.56	$30,288
2	$12.48	$25,964	$17.69	$36,795
3	$18.73	$38,957	$26.02	$54,111
4	$22.89	$47,604	$32.25	$67,083
5	$29.13	$60,597	$43.69	$90,885

**This represents the annualized rate if a Part-Time employee worked a 40 hour week; however, under this Bylaw, Part-Time employees work 20 hours or less per week.*

Municipalities are subject to the federal minimum wage law, not the state law.

SCHEDULE G: SPECIAL ADMINISTRATIVE AND SUPERVISORY POSITIONS

Police Lieutenant:

In addition to all the benefits provided employees under the SAP, he/she would be eligible for some additional benefits as provided members of Mass COP Local 167, the police union collective bargaining agreement.

As a result, a separate policy is adopted by the Southborough Board of Selectmen and enforced by the Southborough Police Department subject to change in conjunction with future collective bargaining agreements.

*Increases in salary for long term employees will be considered case by case by Personnel Board.

SCHEDULE H: LONGEVITY SCHEDULE: Full-Time Employees of Town of Southborough – Compensated annually on the anniversary of the employee's Start Date

After 5 years $400
After 10 years $600
After 15 years $700
After 20 years $850
After 25 years $1,000
After 30 years $1,200
After 40 years $1,500

, or do or act anything in relation thereto.

Proposed by: PERSONNEL BOARD
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *The Personnel By-Law governs policies and pay structures for non-union employees.*

DRAFT

ARTICLE 6: To see if the Town will vote to transfer a sum of money between and among various accounts for the fiscal year ending June 30, 2021, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: At Town Meeting
Summary: *This article is intended to address any unexpected or unusual funding needs for the current fiscal year via transfers between accounts.*

ARTICLE 7: To see if the Town will vote to raise a sum of money as may be necessary for the Town's use for Fiscal Year 2022, and make appropriations of the same, as detailed following, or do or act anything in relation thereto.

TOTAL WATER - PUBLIC WORKS	2,056,373	2,336,937	2,340,692	2,904,951	24.11%

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The Water budget is funded through an Enterprise Fund that is supported entirely through the water rates, which supports all aspects of the department's operation. The first year of funding for those capital items that are being leased for use by the Water Department, in whole or in part, are included in this budget.*

Hook Lift Truck - This item will replace a 2002 version. This truck is critical to a variety of operations throughout the year. It was scheduled to be replaced in the last fiscal year in the event of a Fall Town Meeting. The truck that it is replacing is currently sitting idle and is no longer on the road and was not used during the last winter plow season. This portion represents the amount to come out of the water fund.

Pick-Up Diesel Truck F-350 - This item will replace a 2011 version of the same make/model. This truck is used by DPW water staff on a daily basis to carry out their duties.

ARTICLE 9: To see if the Town will vote to raise and appropriate or transfer from available funds, the sum of $250,000 into the Other Post-Employment Benefits Liability Trust Fund (OPEB Fund) as authorized by General Laws, Chapter 32B, Section 20, in order to offset the anticipated future cost of providing post-retirement health and life insurance benefits to current and future retired Town employees, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *This is an annual appropriation into the Town's OPEB Trust Fund that began back in 2014. The appropriation was previously done as part of the operating budget, but further guidance from the Dept. of Revenue has recommended that it be done in a separate article. The funding amount has been the same each year since 2015, and is not changing for FY22.*

ARTICLE 10: To see if the Town will vote to raise and appropriate, or transfer from available funds a sum of money for General Government capital items for the following purposes:

DRAFT

	Description	Request	Levy	Other Funds
A.	LIBRARY: Interior Renovations, Floor Coverings and Painting	$115,000	$115,000	
B.	TOWN HOUSE: Bathroom Renovation	$ 40,000	$ 40,000

H.	FIRE: Turnout Gear Fund	$ 40,000	$ 40,000	
I.	INFORMATION TECHNOLOGY: Server and Storage	$ 40,000	$ 40,000	
J.	POLICE: Defibrillators	$ 18,200	$ 18,200	
K.	POLICE: Police Cruisers (2)	$101,000	$101,000	

, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary:
A. This item will provide the funds needed to replace various sections of floor coverings installed in the late 1980's, repaint interior walls, and make upgrades to interior finish surfaces on the upper level of the Southborough Library;
B. This item will provide the funds needed for the purpose of renovating the men's and/or women's restroom at the Southborough Town House. Elements of renovation work will include tile replacement, installation of new privacy components, and plumbing upgrades in the subject restroom, which has not had any major betterments for over 40 years;
C. This item will replace a chipper that is beyond its useful life. The chipper is used in both emergency and non-emergency situations by DPW crews;
D. This item will replace an equipment trailer purchased in 2006. The current trailer no longer meets the standards needed to carry the weight of the equipment towed around on the trailer;
E. These funds are for public roadway, sidewalks and walkway maintenance, repair and construction throughout town. These are expended in conjunction with Chapter 90 roadway improvement funding from the Commonwealth;
F. This item will replace two (2) thermal imaging cameras carried on the fire department pumpers. These cameras are the end of their life expectancy and are critical to firefighting operations to protect life and property;
G. This item will replace miscellaneous fire hose and nozzles carried on the department's fire apparatus that is beyond its life expectancy or has failed during regular maintenance checks. This is part of an ongoing maintenance of the equipment. On average, this is replacing items that are 15 – 20 years old.
H. These funds will be used to fund an initial contribution for new and replacement fire turnout gear. These funds are anticipated to cover approximately ten full sets of turnout gear that will reach the end of their useful life in the next fiscal year. Funds expended from this item will be approved by the Capital Planning Committee based on recommendations from the Fire Chief;
I. These funds will cover any onsite or cloud infrastructure needs for municipal IT as part of a formal plan developed by the IT Manager and Municipal Technology Committee;
J. This item is for the replacement of ten (10) portable defibrillator units that are located in each of the marked patrol vehicles. The current units were purchased in 2008, and are well past their useful life expectancy of ten years;
K. This item is for the replacement of two front line cruisers nearing or over 100,000 miles (2016 Ford Taurus currently 92,088 miles, 2016 Ford Explorer currently 109,110 miles). They will be replaced with a 2021 Ford Police Interceptor Utility AWD Hybrid, and a 2021 Dodge Charger AWD gas engine. The hybrid model is eligible for Green Communities funds, which if awarded would defray the purchase price by $5,000. The anticipated gas savings with the hybrid model is $3,179, according to the manufacturer.

DRAFT

ARTICLE 11: To see if the Town will vote to appropriate a sum of money to pay costs of acquiring all or a portion of the following equipment and to see if this appropriation shall be met by borrowing or otherwise, and/or authorize, under General Laws Chapter 30B, Chapter 44, Section 21C, upon the recommendation of the Board of Selectmen, the following lease purchase financing agreements for the acquisition of all or a portion of the following equipment that may be acquired through the issuance of debt under G.L. c. 44 or improvement of a capital asset the improvement of which may be financed by the issuance of debt under G.L. c. 44, the term of such agreement not to exceed the useful life of the equipment or improvement as determined by the Board of Selectmen, and to authorize the Town Administrator to enter into such agreements on behalf of the Town, and to approve appropriation for the first year payments of the agreements as stated below in the column "First Year Amount":

	Equipment	Authorized Department	Source of Appropriation	First Year Amount
A.	1 - Fire Tender 2,000 Gallon	Fire Department	FY22 Capital Budget - Ambulance Fund or Borrowing	$61,127
B.	1 - Horton Type Ambulance	Fire Department	FY22 Capital Budget - Ambulance Fund	$42,025
C.	1 - Swaploader Hook Lift Truck	Dept. of Public Works	FY22 Capital Budget - General Fund	$25,215
D.	1 - Pick Up Diesel F-350	Dept. of Public Works	FY22 Capital Budget - General Fund	$10,697
E.	1 - Fire Dept Chief Vehicle	Fire Department	FY22 Capital Budget - General Fund	$9,169

, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary:
A. This item will add a Fire Tender that is capable of carrying 2,000 gallons of water to a fire scene. This is a newly proposed vehicle for the Department that will be used both in areas of town without hydrants, but also supplement operations in areas with hydrants. The Department is also seeking a grant for the acquisition of this asset. The request originated after a full operational review of the Fire Department by the Chief.
B. This item will replace a 2014 Ambulance that is used in rotation with a 2nd ambulance. This ambulance responds to approximately 500 emergencies a year. Due to the long lead time to manufacture these vehicles, this ambulance is being requested now to avoid costly repairs on the 2014 Ambulance.
C. This item will replace a 2002 version. This truck is critical to a variety of operations throughout the year. It was scheduled to be replaced in the last fiscal year in the event of a Fall Town Meeting. The truck that it is replacing is currently sitting idle and is no longer on the road and was not used during the last winter plow season. This portion represents the amount to come out of the general fund.
D. This item will replace a 2008 version of the same make/model. This truck is used by DPW staff on a daily basis to carry out their duties.
E. This item will replacement of a Fire Department SUV to be utilized by the Fire Chief. The current vehicle is a 2013 Ford Explorer which will be retained to replace the Facilities Director's vehicle (2003 Ford Crown Victoria). The Fire Department SUV is used for department business, emergency response, and as a mobile incident command post. This item will purchase and appropriately equip a Chevrolet Tahoe 4-wheel drive SUV or equivalent.

ARTICLE 12: To see if the Town will vote to raise and appropriate the sum of $5,000 for the purpose of paying the Town's share of casualty and other losses incurred to Town property and equipment which are not covered by insurance policies, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:

DRAFT

Advisory Committee Recommendation: Support
Summary: *This article will provide funds to be used to pay the deductible for property damage which is not covered by insurance.*

ARTICLE 13: To see if the Town will vote to raise and appropriate, borrow and appropriate or transfer from available funds the sum of $100,000 for the ongoing maintenance of capital equipment and systems associated with town buildings and facilities. The Town Facilities Manager shall recommend appropriate projects to the Town Administrator. The Town Administrator shall approve all expenditures under this article. The Town Facilities Manager shall report all funded projects to the Advisory Committee as requested, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *This article will provide for the maintenance and repair of capital equipment and systems associated with the Town's buildings and facilities.*

ARTICLE 14: To see if the Town will vote pursuant to Massachusetts General Laws, Chapter 44 § 53E ½ to authorize the following spending limits for Fiscal Year 2022:

1. Immunization/emergency dispensing clinic; $12,000.
2. Inspectional services; $100,000.
3. 9-11 Field Maintenance; $100,000.
4. Wetland Protection; $30,000.
5. Hazardous materials; $75,000.
6. CPR classes; $6,500.
7. Community garden; $2,500.
8. Recreation programs; $400,000.
9. Tobacco Control Program; $4,000.
10. Golf Course maintenance; $30,000.

, or do or act anything in relation thereto.

Proposed by: BOARD OF HEALTH, BOARD OF SELECTMEN, RECREATION COMMISSION, AND CONSERVATION COMMISSION
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article approves the annual spending limits for revolving funds that are now authorized by Town by-law.*

ARTICLE 15: To see if the Town will vote to accept the report of the Community Preservation Committee for the FY 2022 Community Preservation Projected Receipts and act upon the recommendations of the Community Preservation Committee and to set aside for later expenditure, certain sums of money from the Community Preservation Fund established pursuant to Chapter 44B of the General Laws, as follows:

Estimated Surcharge Receipts (based on Town Treasurer's projections)…….. $386,300
State Match (projected FY2022 State match)……..…….. $ 75,275
FY2021 State Match Adjustment……. $ 49,976
Total Projected Revenue…….. $511,551

Set Aside- Open Space

$51,155 to be set aside, held in the Community Preservation Fund, and spent in FY2022 or later years for acquisition, creation or preservation of open space, and for the rehabilitation and/or restoration of open space acquired under the Community Preservation Act.

Set Aside – Historic Preservation

$51,155 to be set aside, held in the Community Preservation Fund, and spent in FY2022 or later years for the acquisition, preservation, rehabilitation and restoration of historic resources.

Set Aside – Community Housing

$51,155 to be set aside, held in the Community Preservation Fund, and spent in FY2022 or later years for the creation, preservation and support of community housing, and for the rehabilitation and/or restoration of community housing acquired under the Community Preservation Act.

Administrative Costs – Community Preservation Committee

$25,578 to defray the administrative and operating expenses of the Community Preservation Committee in FY2022 for the Community Preservation Fund

, or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *The budget and set asides are an annual requirement under the Community Preservation Act.*

ARTICLE 16: To see if the Town will vote to appropriate $82,938 to be applied towards the bond for the Perpetual Preservation Restriction on 84 Main Street also known as the Burnett House for the purpose of Historic Preservation from the CPA FY2022 estimated CPA annual revenue. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *This article is the Community Preservation Fund payment towards the FY2022 debt funding for the Preservation Restriction of 84 Main Street as approved at the 2016 Annual Town Meeting.*

ARTICLE 17: To see if the Town will vote to appropriate $13,033 towards FY21 Interest for the renovation and restoration of the Historic Southborough Library building from the Historic Reserve Fund; and to also vote to appropriate $71,705 to be applied towards the FY22 bond payment for the renovation and restoration of the Historic Southborough Library building for the purpose of Historic Preservation. $38,122 from the CPA Historic Preservation Reserve Fund and $33,583 from the FY21 CPA Fund Balance. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *This article is the Community Preservation Fund payment toward the debt funding for the renovation and restoration of the Historic Southborough Library as approved at the 2019 Annual Town Meeting.*

DRAFT

ARTICLE 18: To see if the Town will vote to appropriate $238,750 from the CPA Fund FY2021 Budgeted Reserve for the renovation and restoration of Kallander Field, located on Kallander Drive in Southborough (Parcel ID 56-0000-012-0) for recreation purposes as requested by the Recreation Department. This consists of $210,100 in project costs and an additional $28,650 in contingency funding. Contingency funds only available after approval of the CPC for unexpected costs unforeseen at the time of application. Project to be completed in conformance with details as presented to the members of the CPC and to be documented in the application and signed Memorandum of Understanding. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *Under the direction of the Recreation Director Tim Davis and the Southborough Recreation Department, said funds will be used to restore and renovate Kallander Field, to address significant drainage issues that plague the field.*

ARTICLE 19: To see if the Town will vote to appropriate $300,000 for the restoration and preservation of the Historic St. Mark's Bell Tower located at 27 Main Street Southborough for Historic purposes. $23,061.76 from the CPA Historic Preservation Reserve Fund and $276,938.24 from FY21 CPA Fund Balance. Project to be completed in conformance with details as presented to the members of the CPC and to be documented in the application and signed Memorandum of Understanding. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *Under the direction of the St. Mark's Building Committee said funds will be used to restore and preserve the St. Marks Bell Tower in conformance with a Preservation Restriction held by the Massachusetts Historical Commission. The goal is to preserve St. Mark's Bell Tower for many future generations of Southborough residents to enjoy. Built in 1891 on land donated by Joseph Burnett, the tower has fallen into major disrepair over the years. Issues include water penetration, unevenly faced stones, cracked mortar joints, and stone slippage. Without restoration of the tower, the historic viewscape of our town will be forever changed. Satisfying the Community Preservation Act goal to preserve and maintain historic landmarks, this project would preserve the tower and keep its historical significance. St. Mark's Church is part of the Southborough Historical Commission project to add downtown Southborough to the State and National Register of Historic Places. The tower restoration project strictly falls under historic preservation and does not contain any religious depiction. This $300,000 request is for partial funding of total project costs of $565,000 with remainder raised by St. Mark's.*

ARTICLE 20: To see if the Town will vote, pursuant to Mass. General Laws in Chapter 44, as amended, Chapter 44B, or any other enabling authority, to appropriate and borrow a sum of money not to exceed the amount of two million, thirty thousand dollars ($2,030,000) for historic restoration of the Southborough Town House, including costs incidental or related thereto, for a period of twenty (20) years, excluding the term of any temporary loans issued and in anticipation therefor, and allow the Treasurer to apply the net premium and any accrued interest to the costs of the project and reduce the amount authorized to be borrowed for the project by like amount.

Additionally to appropriate two hundred eight thousand, two hundred eighty-four dollars ($208,284) with one hundred ninety-two thousand, six hundred and nine dollars ($192,609) from the FY22 estimated CPA annual revenues and fifteen thousand, six hundred seventy-five dollars ($15,675) from the 2021 CPA Fund Balance for a total project cost of two million, two hundred thirty eight thousand, two hundred eighty four dollars ($2,238,284) for historic preservation purposes.

DRAFT

This consists of $1,986,644 for historic preservation /restoration project costs and $251,640 contingency funding, for the Southborough Town House Exterior Preservation and Restoration Project, as requested by the Southborough Facilities Department for historic purposes. Any premium received upon the sale of any bonds or notes approved by this vote, less any such premium applied to the payment of the costs of issuance of such bonds or notes, may be applied to the payment of costs approved by this vote in accordance with M.G.L. c. 44 §20, thereby reducing the amount authorized to be borrowed to pay such costs by a like amount.

And to further authorize the Board of Selectmen and/or a qualified Historical Organization with the Board of Selectmen's express approval to submit on behalf of the Town any and all applications deemed necessary for grants and/or reimbursements from The Commonwealth of Massachusetts or the United States and/or any other state or federal programs including those in aid of Historic Preservation and/or any others in any way connected with the scope of this article. Said gifts or grants to be deposited in the Historic Reserve Community Preservation Fund.

The Board of Selectmen is hereby directed to grant a Perpetual Preservation Restriction on the historical exterior and windows of the Town House Building, 17 Common Street, Southborough, MA 01772 to be recorded in conformance with the requirements of Massachusetts General Laws and to enter into all agreements and execute any and all instruments as may be necessary to effect said Perpetual Preservation Restriction. The cost of the Perpetual Preservation Restriction to be paid from funds from this appropriation and the holder of the Perpetual Preservation Restriction shall be approved by a majority vote of the Community Preservation Committee.

The Town of Southborough shall retain ownership of this building in perpetuity except as authorized by a vote of the citizens at a town election with a margin of 90% approval of the total ballots cast.

Project to be completed in conformance with details as presented to the members of the CPC and to be documented in the application and signed Memorandum of Understanding.

All of the work will comply with the Building and Architectural Access Board codes as applicable, the historic district review requirements, and The Secretary of the Interior's Standards for the Treatment of Historic Properties.

The Town shall prepare a draft Perpetual Preservation Restriction and submit the Perpetual Preservation Restriction to the MA Historical Commission no later than 180 days after the commencement of construction activities.

Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer, or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *Under the direction of John Parent, Southborough's Director of Facilities the Southborough Town House Exterior Preservation and Restoration Project is focused on restoring various original elements of the building structure, where deemed prudent. Projects at the Town House include window sash replacement*, exterior renovation work and roof replacement *Great care has also been taken to ensure that any replacement components will be designed in such a fashion as to authentically replicate the original components they would replace. The proposed project has been structured in a way that helps preserve the overall original appearance and integrity of the Town House, while also taking into consideration the functional needs of building occupants. The Preservation Restriction will ensure that Southborough benefits from the presence of this historic property gracing our Historic Town Center in perpetuity.*

***ARTICLE 21**:* To see if the Town will vote to appropriate $9,950 from the FY22 estimated CPA annual revenue for the Southborough History Museum Condition Assessment for historical purposes as requested by the Southborough Historical Society. Project to be completed in conformance with details as presented to the members of the CPC and to be documented in the application and signed Memorandum of Understanding. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *Under the Direction of the Historical Society and with review by Southborough Facilities Department Director John Parent, the Southborough Historical Society will hire a historical architect to conduct a Condition Assessment of the historic 1859 Flagg School. The assessment will include historic paint research on the building, draw up plans and budgets for the window restoration and other relevant exterior issues such as redesigning the unsafe front and rear stairs which is needed to preserve the building into the 21st century and beyond.*

***ARTICLE 22**:* To see if the Town will vote to appropriate $47,011 from the FY22 estimated CPA annual revenue for the 1.6 mile Peninsula Trail for recreation purposes as requested by the Southborough Trails Committee (STC) with $42,737 in project costs and an additional $4,274 in contingency funding. The STC shall apply for the Massachusetts Department of Conservation and Recreation trails grant for matching funds. In the event the grant funds are not awarded, these CPA funds will be used to provide signage and install required fencing to enable use of the property. Contingency funds only available after approval of the CPC for unexpected costs unforeseen at the time of application. Project to be completed in conformance with details as presented to the members of the CPC and to be documented in the application and signed Memorandum of Understanding. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *Under the direction of the Southborough Trails Committee (STC), said funds will be used for improvements of a 1.6 mile trail segment to close a gap in the 33-mile regional Boroughs Loop Trail (BLT) that connects the trail networks of Marlborough, Northborough, Westborough and Southborough. The trail will also be part of MWRA's Aqueduct Trail system and will serve as a future connection to Framingham's Aqueduct Trail on the east side off Pine Hill Road. The BLT is adjacent to, and intersects with, the Bay Circuit Trail, a 230-mile regional trail extending through 37 communities. Constructing this section of trail will help to close an important trail gap in Southborough and fulfill the town's commitment to complete this initiative. Parking will be available for 2-4 cars at the Rt.30/Central street location. This project consists of two components: • Wayfinding/regulatory interpretive and historical signage • Fencing to enclose the Hosmer Riser. Additionally this funding allows the STC to apply for the Massachusetts DCR trails grant to improve Trail accessibility at Route 30 and Central Street.*

***ARTICLE 23**:* To see if the Town will vote to authorize the Board of Selectmen to dispose of a parcel of land with structures thereon deemed surplus property with no further public purpose, by deed of conveyance, grant or transfer after appraisals have been obtained and upon such terms and conditions as the Board of Selectmen deem appropriate. Said parcel of land being described as follows: 21 Highland Street, having been acquired by deed dated June 26, 1911 and recorded in the Worcester Registry of Deeds at Book 1974, Page 229; or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: At Town Meeting
Summary: *The former South Union School at 21 Highland Street currently houses the Recreation and Youth & Family Services departments. The building will require some significant maintenance in the coming years, including boiler and roof replacement, and exterior maintenance work which are estimated to cost in excess of $400,000. In consultation with the Capital Planning Committee, the Board of Selectmen have issued a Request for Proposals (RFP) for the disposition of the building and the property (excluding playground equipment), to determine its best value. The results of that bid process will be available in early-May, and will form the basis of the motion to be made in relation to this article.*

DRAFT

ARTICLE 24: To see if the Town will vote to amend the interest rate per annum from 4% to 2% and increase the income limit (gross receipts) from $20,000 to $45,000 under the provisions of Massachusetts General Laws, Chapter 59, §5 (41A) which regulates tax deferral for homeowners 65 years or older pursuant to the authority contained in Chapter 136 of the Acts of 2005 of the General Court thereby amending M.G.L. Ch. 59, §5 (41A), or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN, BOARD OF ASSESSORS & COUNCIL ON AGING
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *The senior property tax deferral program, known as Clause 41A, allows people 65 or over to defer their property taxes until their home is sold or conveyed. This article will change the interest rate charged on "deferred tax" liens from the current 4% to 2%. It also will increase the income limits of applicants from $20,000 to $45,000.*

ARTICLE 25: To see if the Town will vote to amend Section 9-24 "Qualification of elected and appointed officials" of the Town Code, by deleting the text in its entirety, and replacing with the following:

"All elected and appointed officials shall be qualified by the Town Clerk within 30 days of their election except where a different period is specified in the General Laws. If an appointed official is not qualified in this period, his/her appointment shall terminate, and the appointing authority shall be so notified by the Town Clerk."

; or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *Currently, elected and appointed officials have 15 days to be sworn in by the Town Clerk's office; this article will allow those officials additional time to be sworn in following their appointment or election. The current requirement of 15 days was found to be too limiting, as appointment dates often conflicted with the 4th of July holiday and summer vacations. The Board of Selectmen was having to reappoint certain positions multiple times due to the inability of individuals to be sworn in within the required timeframe.*

ARTICLE 26: To see if the Town will vote to amend the provisions of the Southborough Code, Chapters 41-2 9 entitled Notice of Town Meetings and § 41-26 Availability of Annual Report and Warrant by:

1) Deleting § 41-2 in its entirety and replacing it with:
A. Notice of every Town Meeting shall be given by posting attested copies of the warrant on the Town website, at the Town House, the Southborough Library, the Senior Center and the Transfer Station seven days at least before the time appointed for the Annual Town Meeting and fourteen days at least before the time appointed for a Special Town Meeting.

Creating a new section §41-2.1 entitled Location of Town Meeting
B. The warrant for an annual or special town meeting may specify that the meeting is to be held in a suitable auditorium or other facility in Southborough or in any town contiguous to Southborough. Town meeting may also vote to adjourn to such a facility if it deems appropriate.

2) Change the Title of Article III from Availability of Annual Report and Warrant to Availability of Annual Report.

3) Strike § 41-26 in its entirety and replace with:
§ 41-26 Availability of Annual Report.
At least fourteen (14) days prior to the Annual Town Meeting, the Selectmen shall place a notice on the town website and on Southborough Access Media advising that copies of the Annual Town Report are available to the public on the town website, at the Southborough Town House, at the Southborough Library and at the Southborough Senior Center.

DRAFT

; or do or act anything in relation thereto.

Proposed by: TOWN CLERK
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *This article would correct the conflicting language in Southborough Code sections 41-2 and 41-26. This article would also allow a Town Meeting to be held in any of the towns contiguous to Southborough. For example, a town meeting could be held at Algonquin Regional High School if the town were unable to hold the meeting in Southborough for any reason.*

ARTICLE 27*:* To see if the Town will accept the provisions of Chapter 41, Sec. 110A of the Massachusetts General Laws "Office hours on Saturday": "Any public office in any city or town may remain closed on any or all Saturdays as may be determined from time to time, in a city by the city council, subject to the provisions of the city charter, or, in a town, by vote of the town at a special or regular town meeting, and the provisions of section nine of chapter four shall apply in the case of such closing of any such office on any Saturday to the same extent as if such Saturday were a legal holiday."

;or do or act anything in relation thereto.

Proposed by: TOWN CLERK
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *Acceptance of this provision of the General Law would extend a voter registration deadline which occurs on a Saturday to the following Monday.*

ARTICLE 28*:* To see if the Town will vote to adopt the provisions of MGL c.90, Section 17C to allow the Board of Selectmen to reduce the statutory speed limit from 30MPH to 25MPH on any or all town-owned roadways in thickly settled or business district areas, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *This article provides the Selectmen with the authority to reduce speed limits on certain town-owned streets in the interest of public safety.*

ARTICLE 29: To see if the Town will vote to adopt the provisions of MGL c.90, Section 18B to allow the Board of Selectmen to establish regulatory 20MPH safety zones on public streets within the Town of Southborough in the interest of public safety, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *This article provides the Selectmen with the authority to establish safety zones on streets in the interest of public safety.*

ARTICLE 30*:* To see if the Town will vote to impose a .75% meals tax on the sales of restaurant meals by accepting Massachusetts General Laws, Chapter 64L, Section 2(a), or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support

Summary: *This article will require all local restaurants to charge an additional .75% in meals tax, which will come back to the Town as unallocated revenue through State Local Aid. Most other communities in our area have adopted this local option as well. The local meals tax has been identified as an additional revenue source to help alleviate increases to residential property taxes.*

ARTICLE 31: To see if the Town will vote to adopt in Chapter 9 of the General Bylaws, Article X to be entitled **"**Southborough Public Accessibility Committee", Sections 9.34 through 9.35 of the Town bylaws, the following:

Article IX Southborough Public Accessibility Committee

§9.34 Purpose

Numerous laws, statutes, policies and regulations require and/or encourage access to facilities, programs and services for all members of the public. These include, but are not limited to:

- The Americans with Disabilities Act of 1990 - 42 U.S.C. ch. 126 § 12101 et seq
- Regulations promulgated by the Massachusetts Architectural Access Board (521 CMR)
- The Voting Accessibility for the Elderly and Handicapped Act of 1984 - P.L. 98-435, 42 U.S.C. §§ 1973ee–1973ee-6
- The Individuals with Disabilities Education Act – 20 U.S.C. §§ 1400 et seq.
- The Rehabilitation Act of 1973 – USC 31-41c, 29 U.S.C. § 701 et seq
- The Architectural Barriers Act - 42 U.S.C. §§ 4151 et seq.
- Massachusetts Employment Law MGL ch 151B
- Massachusetts Public Accommodation Law - MGL ch 272
- Massachusetts Equal Rights Act - MGL Ch. 93 §§ 102
- Massachusetts Constitution Article CXIV (114)
- Massachusetts Service Animals Law – MGL Ch. 272 §§ 98A

Southborough supports a coordinated approach to monitoring and increasing public accessibility and ensuring compliance with local, state and federal requirements. In addition, it is desirable to encourage property owners to consider adopting optional policies that increase accessibility. As more fully described in the remainder of this Article IX, this article establishes a committee that will be responsible for developing and implementing this coordination. It will report on status and progress to the Board of Selectmen and the Town Meeting.

§9.34.A Establishment; Membership; Qualifications

There shall be a Southborough Public Accessibility Committee ("SPAC"), which shall consist of five voting members appointed by the Board of Selectmen, plus the non-voting, ex-officio members identified below. Any non-voting, ex-officio member shall not count toward the calculation of a quorum for the SPAC for voting purposes.

Each voting member shall be a registered voter in the Town and shall not be a Town officer (where a "Town officer" means a Town official who serves in an elected position) or a Town employee (where a "Town employee" is any person holding a non-elected, paid position in the Town other than a volunteer who is deemed a Special Municipal employee solely for the purposes of MGL Chapter 268A).

The Board of Selectmen shall designate a Public Accessibility Coordinator ("Coordinator"), in consultation with the SPAC. The Coordinator shall be responsible for accepting and recording concerns, coordinating reviews, and such other duties as may be assigned.

The Building Commissioner and Coordinator shall be ex-officio members of the SPAC.

§9.34.B Appointments; Terms

Voting members shall be appointed for two-year terms. The initial appointments shall be divided between one and two-year terms, so as to establish overlapping terms.

§9.34.C Organization
The voting SPAC members shall select annually, from among themselves by majority vote, a Chairman and a Secretary.

§9.34.D Funding
The SPAC shall have a budget, as may be approved through the Town's regular budget process, for consultants and other expenses. The SPAC shall submit its projected expenses annually as input to the Town's regular budget process. Any expenditures from the SPAC budget shall require a majority vote of the SPAC, and shall be subject to the Town's policies for such expenditures.

§9.35 Powers and Duties
The SPAC Powers and Duties include, but are not limited to, the following:

- To monitor and enhance the Town's compliance with all applicable laws, statutes, policies, and regulations that require (or encourage) access to facilities, programs and services for all members of the public.
- In coordination with Town officers, departments, and other government entities, to endeavor to ensure that all Town citizens have equal access to:
  - Town government offices and communications
  - Public and commercial buildings
  - Programs
  - Goods and services
  - Transportation
  - Telecommunications, including the internet
  - Recreational facilities and programs
- To review existing and proposed facilities, programs, and projects undertaken by the Town, and to notify the responsible official or entity of its comments. The SPAC may request that other Town officials, committees, departments, and/or entities provide input to these reviews.
- To undertake public outreach and advocacy for accessibility in the Town,
- To periodically, but no less than once per calendar year, report to the Board of Selectmen and the Town Meeting on its activities and findings.
- To provide a mechanism for the public and/or any Town employee to raise concerns about the accessibility of any Town facility, service or program.
- The SPAC (or its designee) shall maintain records of such concerns and their dispositions. To the extent permissible by law, the identities of persons raising such concerns shall be confidential, unless confidentiality is waived by such person.

, or act or do anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *This article replaces the current ad-hoc Accessibility Compliance Committee with a standing committee. The existing committee was established to address the issues raised by the 1990 Americans with Disabilities Act, and was thought to be needed for a short time. In the time since, regulations in this area have increased and public demand for accessibility has increased. Since the need has persisted for several decades, a standing committee that is not limited to the ADA is the more appropriate construct.*

ARTICLE 32: To see if the Town will vote to amend the provisions of the Southborough Code, Section 9.8 and 9.12 thereof, as follows:

§ 9-8 Establishment; membership; residence requirements. [Amended 4-12-1999 STM by Art. 1; 10-21-2002 STM by Art. 7; 4-15-2008 ATM by Art. 34]
There shall be an Advisory Committee, which shall consist of nine voters of the Town. No member shall be appointed who is a Town officer, employee or member of another Town committee, appointed or elected; provided, however,

that an Advisory Committee member may ~~belong~~be appointed to: a) one ad hoc committee that is appointed by an elected board or official, or b) one other committee appointed by the Moderator, or c) one committee chartered to consider capital appropriations under the following restrictions:

A. The Advisory member's ~~participation~~ appointment is approved in advance by majority vote of the Advisory Committee excluding the member desiring to participate in the above committees.

B. The Advisory member ~~may not vote or be counted for purposes of a quorum~~ must recuse themselves during Advisory meetings when matters subject to the ~~jurisdiction of~~consideration by the above other committees are ~~presented to~~ considered by the Advisory Committee.

§ 9-12. Appointment of Chairman and Secretary.
Said Committee shall choose from its membership a Chairman, a Vice-Chairman and a Secretary.

, or act or do anything in relation thereto.

Proposed by: ADVISORY COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation: Support
Summary: *The proposed article makes the following changes to the current Advisory by-law:*

§ 9-8 - Proposed article (1) reduces the number of members on the Advisory committee from nine to seven; (2) allows Advisory committee members to sit on a standing committee whose purpose is to consider capital appropriations and (3) allows all Advisory committee members to count toward a meeting quorum even when other committee matters are being considered and Advisory members also sit on that other committee. Advisory members who sit on the other committees must recuse themselves from any discussion or votes taken regarding the other committees' subject matters.

§ 9-12 –Proposed article adds the office of Vice-Chairman.

ARTICLE 33: To see if the Town will vote to adopt in Chapter 9 of the General Bylaws, a new Article IX to be entitled "Capital Improvement and Planning Committee", Sections 9-30 through 9-33 the following:

§ 9-30 Purpose.
As more fully described in the remainder of this Article IX, this article establishes a committee that will be responsible for creating and maintaining a rolling ten-year Capital Plan across all government entities and will ensure consistent interpretation and execution of that plan. The Committee will work in collaboration with the various government entities that propose capital expenditures. It will report on the plan to the Town Meeting and advise Town Meeting on proposed capital expenditures.

§ 9-30.1 Establishment; membership; qualifications.
A.
There shall be a Capital Improvement and Planning Committee ("CIPC"), which shall consist of seven voting members and the two nonvoting ex-officio members identified below.
B.
Each voting member shall be a resident of the Town.
C.
The voting members shall be appointed by the Board of Selectmen.
D.
One appointed member should be a member of the Board of Selectmen and one member should be a member of the Advisory Committee.
E.
At no time should any elected or appointed board, committee or commission have more than one representative that also is appointed to CIPC.
F.

DRAFT

The Town Administrator and Finance Director shall be appointed as ex-officio members and may be nonresident Town employees. The Town Administrator or Finance Director, after collaboration with the Board of Selectmen as appointing authority, may recommend that another member of the town's finance team (treasurer, assessor, or accounting departments) serve as ex-officio in their place.

§ 9-30.2 Appointments; terms; vacancies; removal.

A.

Voting members shall be appointed for three-year terms. The initial appointments shall be three members for three years, two members for two years, and two members for one year, so as to establish overlapping terms. For subsequent appointments, the appointing authority shall request that the CIPC review the qualifications of prospective appointees, but the final determination of who is selected shall rest with the appointing authority.

§ 9-30.3 Organization; meetings.

A.

The members shall select, from among themselves, a Chairperson, Vice Chairperson and a Clerk.

B.

The CIPC may appoint from its own membership subcommittees and delegate to them such of its powers as it deems expedient.

C.

All reports and recommendations of the CIPC made to the Town shall be voted by a majority of the voting members of the CIPC, but this shall not be construed to prevent recommendations by a minority nor to discourage full participation by the nonvoting members.

§ 9-30.4 Funding.
